WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Davis Slough-Bandon Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immedi-

ately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Davis Slough-Bandon Section of the Oregon Coast Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said relocated Oregon Coast Highway and all of the contiguous real property of the owners as specified. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the owners, their heirs and assigns, for service of their remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Davis Slough-Bandon Section of the Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding

EXHIBIT "L-23" (Cont.)

possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 29th day of May, 1959, as Condemnation Resolution No. 1196.

---

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1196, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31702

EXHIBIT "L-24"

Minutes of May 28 and 29, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, doration or by exercise of the power of eminent domain real property, or any right or interest therein, including any easement or rights of access, deemed necessary for construction of shops, equipment sheds, office buildings, maintenance sites, patrolmen accommodations, snow fences, quarry sites, gravel pits, storage sites, stock pile sites, weighing stations and broadcasting stations; and

WHEREAS, in the judgment of the State Highway Commission the following described easement is necessary for the purpose of gaining access to the State's Radio Station on Bennett Butte.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that it is necessary to acquire a permanent easement for an access road across the following described real property for the purpose of operating and maintaining the Bennett Butte Radio Station. The State Highway Commission is not seeking to acquire fee simple title to the said real property, nor to prevent the owners, their heirs and assigns, from the full use and domain thereover; provided, however, that such use shall not be permitted to interfere with the purpose for which this easement is required. The property necessary for said easement is described as follows, to wit:

File No. R-30163
Owners: Everett W. Isenhart and Hattie I. Isenhart

A parcel of land lying in the Southwest quarter (SW¼) of Section 20, Township 30 South, Range 13 West, Willamette Meridian, Curry County, Oregon; the said parcel being that portion of said Southwest quarter (SW¼) included in a strip of land 16 feet in width, 8 feet on each side of the center line of the Bennett Butte Access Road, which center line is described as follows:

Beginning at Engineer's center line Station 25+63.04, said Station being 158.48 feet North and 2122.91 feet East of the West quarter corner of said Section 20; thence on a 301.56 foot radius curve right (the long chord of which bears South 49° 11' 15" East) 175.57 feet; thence South 32° 30' 30" East, 3.26 feet; thence on a 93.93 foot radius curve right (the long chord of which bears South 9° 36' 15" East) 75.10 feet; thence South 13° 18' West, 25.27 feet; thence

EXHIBIT "L-24"(Cont.)

on a 124.56 foot radius curve left (the long chord of which bears South 1° 57' 15" West) 49.33 feet; thence South 9° 23' 30" East, 62.10 feet; thence on a 204.63 foot radius curve right (the long chord of which bears South 4° 22' West) 98.27 feet; thence South 18° 07' 30" West, 2.73 feet; thence on a 636.62 foot radius curve left (the long chord of which bears South 9° 46' 45" West) 185.46 feet; thence South 1° 26' West, 15.40 feet; thence on a 954.93 foot radius curve right (the long chord of which bears South 9° 51' 30" West) 280.83 feet; thence South 18° 17' West, 144.51 feet; thence on a 179.05 foot radius curve left (the long chord of which bears South 4° 08' 30" West) 88.39 feet; thence South 10° 00' East, 1.75 feet; thence on an 818.51 foot radius curve right (the long chord of which bears South 2° 41' 30" East) 208.81 feet; thence South 4° 37' West, 3.03 feet; thence on an 86.81 foot radius curve left (the long chord of which bears South 51° 29' 45" East) 170.04 feet; thence North 72° 23' 30" East, 18.52 feet; thence on a 266.49 foot radius curve right (the long chord of which bears North 83° 16' 15" East) 101.20 feet; thence South 85° 51' East, 2.01 feet; thence on a 124.56 foot radius curve left (the long chord of which bears North 71° 50' 30" East) 96.99 feet; thence North 49° 32' East, 216.57 feet to P. I. Station 45+88.18, said center line crosses the North and East lines of said Southwest quarter (SW¼) approximately at Stations 27+04 and 45+55, respectively.

The bearings used herein are based upon the Oregon Coordinate System, South Zone.

The parcel of land to which this description applies contains 0.68 acre.

2. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of the above described interest in real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

3. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "L-24" (Cont.)

4. That this resolution be entered in full in the minutes and records of the Commission this 29th day of May, 1959, as Condemnation Resolution No. 1197.

EXHIBIT "L-25"

Minutes of May 28 and 29, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Wasco-Hay Canyon Section of the Wasco-Heppner Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

EXHIBIT "L-25" (Cont.)

WHEREAS, portions of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement or maintenance of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated Wasco-Heppner Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Wasco-Hay Canyon Section of the said Wasco-Heppner Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein;

EXHIBIT "L-25" (Cont.)

that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 29th day of May , 1959, as Condemnation Resolution No. 1198 .

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1198, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31708

EXHIBIT "L-26"

Minutes of May 28 and 29, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract

of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted. it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 29th day of May 1959, as Condemnation Resolution No. 1199.

---

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1199, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-27"

Minutes of May 28 and 29, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "L-27" (Cont.)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 29th day of May, 1959, as Condemnation Resolution No. 1200.

31714

EXHIBIT "L-28"

Minutes of May 28 and 29, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Tunnel-Namorf Section of the Central Oregon Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately

needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled, as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Tunnel-Namorf Section of the Central Oregon Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the bests interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and relocated Central Oregon Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the widening part, relocation in part, construction, improvement and maintenance of the said Tunnel-Namorf Section of the Central Oregon Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real

property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 29th day of May , 1959, as Condemnation Resolution No. 1201 .

---

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1201, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

Salem, Oregon
July 2, 1959

The Oregon State Highway Commission met in regular session at 10:00 a.m. in Room 418, State Highway Building, Salem. Present were:

M. K. McIver, Chairman
Kenneth N. Fridley Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
Geo. E. Rohde, Assistant Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

Mr. McIver complimented Mr. W. C. Williams for his very fine job as President of WASHO at the annual WASHO meeting held in June at Billings, Montana.

The Commission approved the minutes for the meeting held on May 28 and 29, 1959.

The Parks Superintendent reported on the following park matters:

Agreement with Idaho Power Company to furnish power in establishing state parks at Farewell Bend in Baker County, Owyhee Lake in Malheur County, and Unity Reservoir in Baker County: The Parks Superintendent stated that the agreement will remain in effect for ten years and the minimum annual charge for each area will be $210.00, $150.00, and $150.00, respectively. He mentioned that after 36 months the agreement provides for an adjustment should the power furnished to the State be different than estimated. Upon his favorable recommendation, the Commission approved the agreement.

Agreement with California Oregon Power Company to extend the power line for the overnight camping area into Laurelhurst State Park on the Rogue River in Jackson County: The Parks Superintendent explained that the cost to the State would be $33.50 per month for a period of five years including power used. He recommended approval of the agreement. The Commission approved his recommendation.

Agreement with Pacific Power and Light Company to extend the power line to the East Devil's Lake State Park area in Lincoln County: The Parks Superintendent stated that the extension is needed for day-use facilities at the park. The minimum annual cost to the State would be $200.00, over a five-year period, which would include the power consumed. Following his favorable recommendation, the Commission approved the agreement.

Amendment No. 3 to the general agreement with the Central Lincoln Peoples' Utility District to extend a power line into the new overnight camping area serving the Jessie M. Honeyman State Park in Lane County: The Parks Superintendent pointed out that the camp area is completed and is now ready for use. The Utility District will construct the line with no expense to the State. The Commission accepted his recommendation that the agreement be amended to provide electrical power at a minimum annual charge of $117.60.

Proposed purchase at a cost of $9,500.00 of the B. B. Bennett property at Latourell Falls on the old Columbia River Highway, adjoining Talbot State Park, in Multnomah County: The Parks Superintendent stated that the Columbia Gorge Commission has urged purchase of this property. The price of $9,500 is $1,000 higher than the appraised value, but much less than the owner's original asking price of $55,000. He recommended that it be purchased for the sum of $9,500. The Commission approved the purchase.

Report on a study of a proposed state park south of the highway at the junction of the Deschutes and the Columbia Rivers: The Parks Superintendent stated that the area involved is owned by the Columbia-Deschutes Power Company. If they construct a dam, it is the Power Company's plan at peak periods to discharge water through the generators at high rates, possibly four or five times the amount of normal average river flow in the Deschutes. Any public-use facility would have to be high enough in elevation to allow for the enlarged stream flow. The matters of greater clearance under the bridge and a boat basin are being discussed with the Public Roads Administration. Due to the uncertain price if condemnation is involved and other points mentioned, the Parks Superintendent suggested that no action be taken at this time and that the matter be referred to the Park Advisory Committee for study and recommendation. The Commission accepted the report and approved his suggestion.

Request of A. W. Johnson, through his attorney, Ernest J. Burrows, Portland, to exchange parcels of land with the State at Hug Point in Clatsop County: The Parks Superintendent reported that Mr. Johnson has an option on some land 1.4 miles north of the State Park property, known as the Foster property, 2.5 acres of which he has offered to give to the State for park purposes in exchange for a parcel of State land adjoining his property. Parking space, he continued, could be provided for approximately 86 cars by clearing the timber near the south entrance. There is ample water and some day-use facilities could be provided. The Parks Superintendent mentioned another area less than one mile south, which might be suitable for parking purposes. Parking could be provided for about the same number of cars as on the Foster property; however, the cost would be greater. The State-owned area at Hug Point is about 80 feet wide and 600 feet long, which is smaller than the other two areas mentioned but by extending the parking area beachward, approximately 140 cars could be accommodated; however, there is no room for other kind of day-use

developments. It was his opinion that the State should retain the Hug Point area but suggested that the problem be referred to the Parks Advisory Committee for study. The Commission accepted his report and suggestion.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway right of way or for other purposes. After giving careful consideration to the individual options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto marked Exhibit "A", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Right of Way Engineer also presented and the Commission approved the following option: Gail property, File No. 29009, located on the Grants Pass-Rock Point Section of the Pacific Highway in Jackson County, consisting of 15.5 acres of land with houses, buildings, two water systems, etc., at a total price of $39,415, plus estimated taxes for 1959-1960 in the amount of $395.

In connection with options presented, the Right of Way Engineer pointed out that on pages 32, 41, 48, and 50, options had been secured for which authority to secure right of way had not been previously granted by the Commission. The Commission granted authority to acquire the following parcels:

(a) File No. 27020, Miller, Anthony J. and Elizabeth E.; Crater Lake Highway, Trail Creek Bridge Section. $1,117.50.

(b) File No. 30191, Abrahamson, C. E. and Fannie C.; Old Oregon Trail Highway, Division V, Maintenance and Headquarters Section. $250.

(c) File No. 28831, Ford, James L. and Shirley June; Pacific Highway, Grants Pass-Rock Point Section. $962.03.

(d) File No. 27252, Coleman Well Drilling; Pacific Highway, Grants Pass-Rock Point Section. $1,003.52.

The Property Manager's monthly report was presented by the Right of Way Engineer showing miscellaneous sales in the amount of $36,092.06 made since the last Commission meeting. He also presented a rental report for the period from May 19, 1959 to June 23, 1959, showing rental receipts in the amount of $7,120.40. The Commission accepted the reports.

Authority was requested by the Right of Way Engineer to offer at public sale a number of parcels of state highway property. These parcels, he stated, are all excess property no longer required for highway purposes and minimum values have been determined by appraisal. The Commission authorized public sale of the properties and thereupon adopted the attached resolutions relative thereto, marked Exhibits "B-1" through "B-7", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(a) 1,275 square feet of the former Johnston property, File No. 14878, on the 39th Avenue-102nd Avenue Section of the Columbia River Highway in Multnomah County, for a minimum consideration of $150, with no access to the Banfield Expressway.

(b) 10.5 acres of the former Post property, File No. 15193, on the North Corvallis Section of the Pacific Highway West in Benton County, for a minimum consideration of $1,600, with no access to the Pacific Highway. See Exhibit "B-1".

(c) 0.7 acre of the former Early property, File No. 9860, on the Dee-Parkdale Section of the Hood River Highway in Hood River County, for a minimum consideration of $125.

(d) 20.05 acres of the former Keil property, File No. 3221-A, on the Butteville Road-Hubbard Section of the Wilsonville-Hubbard Highway in Marion County, for a minimum consideration of $7,100. See Exhibit "B-2".

(e) 1.06 acres of the former Carmichael property, File No. 21542-L-2172, on the Euchre Creek-Greggs Creek Section of the Oregon Coast Highway in Curry County. Payment of $5,000 to be spread over eight years. Chairman McIver inquired if earlier payment could be secured. Withdrawn for further study.

(f) 0.35 acre (15,246 square feet), File No. 15003, on the North Eugene Section of the Pacific Highway in Lane County, for a minimum consideration of $5,000. See Exhibit "B-3".

(g) 1.7 acres, File No. 18284, on the Salem By-pass Section of the Pacific Highway in Marion County, for a minimum consideration of $750, with no access to the Pacific Highway.

(h) 0.36 acre, File No. 8863, on the Eugene Section of the Pacific Highway in Lane County, for a minimum consideration of $17,500, consisting of a down payment of $5,000 and the balance payable in monthly installments for a period of ten years, plus interest at the rate of six per cent. See Exhibit "B-4".

(i) 4.06 acres (borrow pit), File No. MS-38, located in Junction City in Lane County, for a minimum sum of $800.

(j) 0.35 acre, File No. 8862, on the Seneca Section of the Pacific Highway in Lane County, for a minimum consideration of $8,000. Two 30-foot unrestricted access points will be given to West Seventh Street in Eugene. See Exhibit "B-5".

(k) 7,920 square feet of the former Wilson property, File No. 2970, on the 17th Street-Union Avenue Section of the Pacific Highway East in Multnomah County, for a minimum consideration of $5,000. See Exhibit "B-6".

(l) 14.95 acres of the former Young property, File No. 3645, on the Tigard Junction Section of the Pacific Highway in Washington County, for a minimum consideration of $25,000, with no access to the Pacific Highway. See Exhibit "B-7".

The Right of Way Engineer recalled that the Commission at the May 28-29, 1959 meeting had authorized sale of 6.6 acres of the former Ziniker property, File No. 16054, on the Goshen-Creswell Section of the Pacific Highway in Lane County. This particular strip is 2,300 feet long and averages 100 feet in width, and is situated between the west side of the freeway and the old highway. The Goettling Sign Company of Eugene was the successful bidder on this property, in the amount of $1,000. He explained that sign use would be in conflict with federal legislation regarding the approval of advertising sign rights. The Right of Way Engineer recommended rejection of the sale and readvertisement, with a restricting clause against the use of advertising signs. The Commission approved the recommendation and instructed that a clause restricting advertising signs be inserted in future deeds on any sales of property adjoining the Interstate Highway System.

Direct sale of several parcels of property were presented by the Right of Way Engineer who explained that all of the parcels were excess property, no longer required for highway purposes. The properties have been carefully appraised and the selling prices represent current values. The Commission approved sale of the following:

(a) 1,500 square feet of land, File No. 4780, on the Coos Bay-Southport Section of the Oregon Coast Highway, Coos County, to John C. and Easter A. Noblitt, for the sum of $200, without access to the highway.

(b) 0.22 acre of the former Rawls property, File No. 4838, on the West Portland-Willamette River Section of the Pacific Highway, Multnomah County, to C. B. and Coraleone Rose, for the sum of $350, without access to the highway.

(c) 0.01 acre of the former Keeney property, File No. 24063, on the Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway,

Coos County, to George M. Keeney, for the sum of $10, without access to the highway.

(d) 90,000 square feet of land, File No. Q-203, at Pilot Butte Park on the Central Oregon Highway, Deschutes County, and an easement of 8,450 square feet across Pilot Butte Park, to the City of Bend, for the sum of $1.00.

(e) 0.173 acre of the former Williams property, File No. 4573, on the Bear Creek-Talent Section of the Pacific Highway, Jackson County, to George Yockel and Lois Yockel, for the sum of $100.

(f) 0.12 acre of land, File No. 171, on the Hood River Loops Section of the Columbia River Highway, Hood River County, to Hood River County, for the sum of $1.00. The County has use of this property for additional right of way and off-highway parking for the public.

Changes in location of existing points of access were presented by the Right of Way Engineer. He explained that in each instance no additional access is being granted, simply a change in location for convenience of the property owners and safety of the traveling public. Upon his favorable recommendation, the Commission approved the following indentures of access:

(a) Myers property, File No. 12554, on the Detroit-Niagara Section of the North Santiam Highway, Marion County.

(b) Wilcox & Erickson property, File No. 17400, on the Big Creek Section of the Columbia River Highway, Clatsop County.

(c) Wallace-Burdon property, File No. 26215, on the Valley Junction-Sheridan Section of the Salmon River Highway, Polk County.

(d) Duckworth property, File No. 26125, on the North Grants Pass Interchange-Savage Street Section of the Pacific Highway, Josephine County.

Verrell property, File No. 19347, on the Garden Valley Road Interchange of the Pacific Highway, Douglas County: The Commission authorized the Right of Way Engineer to prepare and have executed an instrument which would provide sufficient access control on the Verrell property to meet Interstate highway requirements, leaving to the owners full access rights on the most westerly 216 feet of the property along Garden Valley Road frontage.

The Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were also submitted to the Commission. He requested the Commission to declare by resolution the necessity of said properties for the special uses to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement to proceed to acquire such properties by condemnation. After carefully considering the properties, the Commission granted authority to condemn the properties if negotiations are not successful and thereupon adopted the attached resolutions relative thereto, marked Exhibits "H-1" through "H-17", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's "Recommendations for Condemnation" dated July 2 and 3, 1959 in the Secretary's office under the heading "Right of Way Resolutions, Condemnations, and Report of Offers".)

A written report was submitted by the Chief Counsel on condemnation cases which have been tried in court since the last Commission meeting. The Commission accepted the report which is summarized as follows:

REPORT OF CONDEMNATION CASES TRIED

May 28, 1959 to June 29, 1959

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-3252 Phelps, et al.	Baker	Old Oregon Trail	Baker-Pleasant Valley	$ 1,750	$ 1,750	$ 1,750 Judgment

R-23516 Rackerby, Shell Oil Co., et al.	Lane	Eugene-Springfield	Ferry St. - Mohawk Br.	58,000	59,000
R-27759 R-27909 DesBouillons, et al.	Multnomah	Pacific	Harbor Dr. - Barbur Blvd.	12,000	15,500

(For additional details see the Chief Counsel's letter dated June 30, 1959, entitled "Report of Cases Settled" in the General Files of the Highway Commission in Salem.)

An oral report was made by the Chief Counsel concerning other condemnation cases which have been settled out of court since the last Commission meeting and on which there has not yet been time to prepare a formal written report. The cases that he discussed are summarized as follows:

(Summary on the following page)

(Report of Condemnation Cases Settled presented orally.)

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-22899 Kolias, et ux.	Multnomah	Pacific	Harbor Dr. Barbur Blvd.	$ 900	$ 1,550
R-28389 Booth, et ux.	Benton	Corvallis-Newport	Corvallis City Section	2,850	2,850
R-28206 O'Neil, Payton Bag Co.	Multnomah	Pacific	East Bank Freeway	193,030	209,398.30
R-29098 Ellis, et al	Multnomah	Sunset	Washington County Line Highlands Interchange	12,500	12,500
R-27319 Dill, et ux.	Jackson	Pacific	Grants Pass-Rock Point	28,488	28,488 (If approved by BPR)
R-28579 Calhoun	Malheur	Old Oregon Trail	Ontario-Snake River		1,500

An oral report was made by the Chief Counsel concerning cases which are pending in court. This report was made for informational purposes and no action was taken.

In compliance with a resolution adopted by the Commission December 20, 1951, the Chief Counsel presented a list of offers made to property owners prior to the institution of condemnation proceedings. The Commission confirmed the offers as follows:

Washington County Line-Highlands Interchange Section of the Sunset Highway

R-29098 - Henry D. Ellis, et ux. Parcel No. 1: 2.21 acres for right of way purposes; and Parcel No. 2: 0.3 acre for slope easement. Offer of $12,500 approved by Mr. McIver June 12, 1959.

R-29100 - Dorothy Helmcke Westfall, et al. 26,200 square feet for right of way purposes. Offer of $20,450 approved by Mr. McIver June 8, 1959.

Washington County Line-Highlands Interchange Section of the Sunset Highway (Cont.)

R-29104 - Royal W. Cooke, et al. 5,396 square feet for right of way. Offer of $4,500 approved by Mr. McIver June 8, 1959.

R-29108 - Theodore B. Jensen, et ux. 10,811 square feet for right of way. Offer of $4,000 approved by Mr. McIver June 8, 1959.

R-29109 - Herbert N. Johnson, et ux. 10,598 square feet for right of way purposes. Offer of $23,500 approved by Mr. McIver June 8, 1959.

R-29110 - Sylvan Brick Co., et al. 4,800 square feet for right of way purposes. Offer of $18,500 approved by Mr. McIver June 12, 1959.

Corvallis City Section of the Corvallis-Newport Highway

R-28389 - William G. Booth, et ux. 500 square feet for right of way purposes. Offer of $2,850 approved by Mr. McIver June 12, 1959.

Hilda Street-Beaver Creek Road (Oregon City) Section of the Cascade Highway

R-29685 - Lois Van Auken, et ux. 2,770 square feet for right of way purposes. Offer of $3,510 approved by Mr. McIver June 15, 1959.

R-29686 - Viola Smith, et vir. 3,180 square feet for right of way purposes. Offer of $600 approved by Mr. McIver June 12, 1959.

R-29691 - Frank W. Milliken et al. 2,626 square feet for right of way purposes. Offer of $8,850 approved by Mr. McIver June 16, 1959.

R-29693 - U. S. Harkson, et ux. Parcel No. 1: 16,110 square feet for right of way purposes; and Parcel No. 2: 8,050 square feet for slope easement. Offer of $975 approved by Mr. McIver June 18, 1959.

R-30219 - Tri-City Bowl, Inc. Parcel No. 1: 4,890 square feet for right of way purposes; and Parcel No. 2: 550 square feet for slope easement. Offer of $500 approved by Mr. McIver June 17, 1959.

Grants Pass-Rock Point Section of the Pacific Highway

R-27298 - Joseph D Morgan, et ux. Parcel No. 1: 0.74 acre for right of way purposes; and Parcel No. 2: 0.13 acre for excess taking. Offer of $2,130 approved by Mr. McIver June 22, 1959.

R-27307 - Yvonne Sutton, et ux. 0.46 acre for right of way purposes. Offer of $370 approved by Mr. McIver June 16, 1959.

R-27319 - Hayward W. Dill, et ux. 10.0 acres for right of way purposes. Offer of $28,488 approved by Mr. McIver June 16, 1959.

R-27321 - Harry L. White, et ux. 41.25 acres for right of way purposes. Offer of $49,115 approved by Mr. McIver June 23, 1959.

Hilgard-La Grande Section of the Old Oregon Trail Highway

R-27076 - Frank Bennett, et al. Acquisition of access rights. Offer of $1,500 approved by Mr. Fridley May 29, 1959.

East Bank Freeway Section of the Pacific Highway

R-28207 - United Grocers, Inc., et al. 53,500 square feet for right of way purposes. Offer of $36,000 approved by Mr. McIver June 4, 1959.

R-28224 - Roy K. Terry, et ux. 2,375 square feet for right of way purposes. Offer of $32,000 approved by Mr. McIver June 17, 1959.

R-28260 - Lloyd B. Franklin, et al. 7,500 square feet for right of way purposes. Offer of $28,000 approved by Mr. McIver June 16, 1959.

R-28330 - Saul Friedman, et al. 5,000 square feet for right of way purposes. Offer of $17,750 approved by Mr. McIver June 29, 1959.

R-28343 - Zelpha Van Horn, et al. 6,333 square feet for right of way purposes. Offer of $48,615 approved by Mr. McIver June 19, 1959.

R-28477 - Frank L. Buck, et al. 5,000 square feet for right of way purposes. Offer of $18,050 approved by Mr. McIver June 17, 1959.

R-28542 - Dorothy K. Richardson, et al. 5,500 square feet for right of way purposes. Offer of $70,525 approved by Mr. McIver May 28, 1959.

Cascade Locks By-Pass Section of the Columbia River Highway

R-27437 - Frank L. Clark, et al. Parcel No. 1: 7.92 acres for right of way purposes; and Parcel No. 2: 1.79 acres for stockpile site. Offer of $3,960 approved by Mr. McIver June 22, 1959.

R-27452 - A. W. Meyer, et ux. 50,000 square feet for right of way purposes. Offer of $1,415 approved by Mr. McIver June 22, 1959.

R-27477 - Ethel Nelson Lovell, et al. Parcel No. 1: 17,500 square feet for right of way purposes; Parcel No. 2: 8,650 square feet for right of way purposes; Parcel No. 3: 3,800 square feet for right of way purposes; and Parcel No. 4: 19,790 square feet for right of way purposes. Offer of $6,450 approved by Mr. McIver June 15, 1959.

Elkton-Kellogg Section of the Elkton-Sutherlin Highway

R-29457 - Stuart Keith Kesterson, et ux. 36.9 acres for right of way purposes. Offer of $7,000 approved by Mr. McIver June 26, 1959.

R-29458 - International Paper Company. 0.65 acre for right of way purposes. Offer of $140 approved by Mr. McIver June 26, 1959.

Elkton-Kellogg Section of the Elkton-Sutherlin Highway (Cont.)

R-29460 - Charles M. Minter, et al. 1.72 acres for right of way purposes. Offer of $5,900 approved by Mr. McIver June 22, 1959.

Lake Road-Oregon City Section of the Cascade Secondary Highway

R-28686 - Daniel F. Bonn, et al. 0.9 acre for right of way purposes. Offer of $6,850 approved by Mr. McIver June 22, 1959.

R-29306 - Harold E. Bernier, et ux. Parcel No. 1: 9,642 square feet for right of way purposes; and Parcel No. 2: 4-foot walk and 8-foot roadway. Offer of $2,000 approved by Mr. McIver June 22, 1959.

Cascade Locks-Viento Section of the Columbia River Highway

R-19973 - Walter W. Kendrick, et al. Parcel No. 1: 0.6 acre for right of way purposes; Parcel No. 2: 2.35 acres for right of way purposes; Parcel No. 3: 3.74 acres for right of way purposes; and Parcel No. 4: 1.06 acres for right of way purposes. Offer of $1,175 approved by Mr. McIver June 4, 1959.

R-28710 - Port of Cascade Locks. Parcel No. 1: 2.15 acres for right of way purposes; Parcel No. 2: 2.07 acres for right of way purposes; and Parcel No. 3: 0.18 acre for right of way purposes. Offer of $925 approved by Mr. McIver June 3, 1959.

Albany-Judkins Point Section of the Pacific Highway

R-29416 - F. T. Glaser, et al. Parcel No. 1: 34.36 acres for right of way purposes; Parcel No. 2: 1.72 acres for right of way purposes; and Parcel No. 3: 1.68 acres for right of way purposes. Offer of $14,300 approved by Mr. McIver May 19, 1959.

R-29417 - F. T. Glaser, et al. Parcel No. 1: 36.27 acres for right of way purposes; Parcel No. 2: 0.83 acre for right of way purposes; Parcel No. 3: 0.8 acre for right of way purposes; Parcel No. 4: 3.81 acres for right of way purposes; and Parcel No. 5: 1.55 acres for right of way purposes. Offer of $15,050 approved by Mr. McIver June 2, 1959.

R-27330 (L-3045) - F. T. Glaser, et al. 14.22 acres for right of way purposes. Offer of $5,500 approved by Mr. McIver June 2, 1959. Offer of $35,785 was previously authorized by Mr. McIver May 14, 1958. This revision is due to a reduction of acreage.

Wasco-Hay Canyon Section of the Wasco-Heppner Highway

R-26971 - Eunice L. Henkle, et al. Parcel No. 1: 17.5 acres for right of way purposes; Parcel No. 2: 0.37 acre for temporary easement; and Parcel No. 3: 2,000 square feet for temporary easement. Offer of $2,645 approved by Mr. Fridley June 12, 1959.

Wasco-Hay Canyon Section of the Wasco-Heppner Highway (Cont.)

R-29001 - Fred Hennagin, et al. Parcel No. 1: 5.8 acres for right of way purposes; and Parcel No. 2: 0.95 acre for right of way purposes. Offer of $3,505 approved by Mr. Fridley June 15, 1959.

R-30138 - John Q. Robinson, et ux. 12.8 acres for a material source. Offer of $128 approved by Mr. Fridley June 8, 1959.

Hamilton-Long Creek Section of the Kimberly-Long Creek Highway

R-15774 - The Woodmen of the World Cemetery Association of Hamilton, Oregon, et al. 0.67 acre for right of way purposes. Offer of $1.00 approved by Mr. Fridley June 29, 1959.

Willamette River-42nd Avenue Section of the T.H. Banfield Expressway

R-29424 - Sam Rapheal, et ux. 772 square feet for a temporary easement for detour. Offer of $1,170 approved by Mr. McIver June 16, 1959.

A written report was presented by the Chief Counsel concerning matters which have come before the Public Utility Commissioner in which the State Highway Commission has been a party. The report is summarized as follows:

PUX 150: Fixing train speeds within the limits of incorporated cities of less than 100,000 population on the Tillamook Branch of Southern Pacific Company. The order issued involved crossings in the cities of Wheeler, Rockaway, Garibaldi, Bay City and Tillamook.

PUX 271: Weyerhaeuser Timber Company private road grade crossing on the Green Springs Highway, 9 miles east of Pinehurst, in Klamath County. The order was issued requiring at least 50 feet sight distance on each side of the crossing from points 500 feet distant on the highway.

PUX 272: Weyerhaeuser Timber Company private road grade crossing on the Green Springs Highway, 13 miles east of Pinehurst, in Klamath County. A supplemental order was issued requiring at least 50 feet sight distance on each side of the crossing from points 500 feet distant on the highway.

PUX 273: Weyerhaeuser Timber Company private road grade crossing on the Green Springs Highway, 12 miles west of Keno. A supplemental order was issued requiring that sight distance along the private road should be at least 50 feet on each side of the crossing from points 500 feet distant on the highway.

PUX 276: Weyerhaeuser Timber Company private road crossing on the Green Springs Highway, near Pinehurst, in Klamath County. A supplemental order was issued requiring that sight distance along the private road should be at least 50 feet on each side of the crossing from points 500 feet distant on the highway.

PUX 296: New Meacham Overcrossings on the Old Oregon Trail in Union County. The order issued provides that the existing overcrossing structure near Meacham is not to be removed and that the Railroad Companies are to install guard rails on the new structures for which they are to be reimbursed.

PUX 305: Umatilla Mission Secondary Highway grade crossing, Umatilla County. This matter arose upon the application of the State Highway Commission for the improvement and signalizing of a grade crossing across the tracks of the Oregon-Washington Railroad and Navigation Company, and the order appears to be in compliance with the application.

PUX 307: Spanish Hollow Creek grade crossing across the tracks and right of way of Oregon-Washington Railroad and Navigation Company on the Wasco-Heppner Secondary Highway, Sherman County. The order was issued in accordance with the application of the State Highway Commission.

PUX 315: Gilchrist Timber Company grade crossing near Lapine on the Fremont Highway. The order was issued in accordance with testimony produced on behalf of the Highway Commission and is to be effective only 30 days after date of issuance.

PUX 320: Elk Street grade crossing, north of Medford, across the tracks and right of way of Southern Pacific Railroad in Jackson County. This crossing is not on any road under the jurisdiction of the State Highway Commission and no objection was made to the issuance of the order.

PUX 323: Corvallis overcrossing project across the right of way and tracks of the Southern Pacific Company on the Corvallis-Newport Highway in Benton County. The order was issued in accordance with the application of the State Highway Commission.

Annual pay increases for members of the Highway Commission's legal staff were recommended by the Chief Counsel and approved by the Commission, as follows:

Consideration was given to an encroachment easement to Alma F. and J. B. Bedingfield, allowing them to develop a water source in the easterly part of the highway right of way between Engineer's Stations 132+00 and 133+00 on the Gold Beach-Cape Sebastian Section of the Oregon Coast Highway. The Chief Counsel explained that the option for the original settlement had been approved on the basis of granting the Bedingfields a water source on state park property adjacent to their remaining land. However, the water source originally contemplated proved unsatisfactory, and a new source was located easterly from the traveled portion of the highway and appears feasible for development. The Highway Engineer, he continued, has advised that the proposed encroachment

would not be detrimental to construction. Upon his favorable recommendation, the Commission approved the easement.

The Chief Counsel reported that Mr. W. J. Schamoni, through his attorney, Herbert C. Hardy of Portland, proposed to bequeath to the Highway Department the residue of his estate for construction of a public campground or campgrounds on a fishing lake or fishing stream. He explained that a draft of the will had been forwarded to him by Mr. Schamoni's attorney for checking. The will, he continued, requires that the campground or campgrounds shall bear in their designation the words "William J. Schamoni Campground". The Commission accepted the proposed gift from Mr. Schamoni, amounting to approximately $350,000, and instructed the Chief Counsel to thank him with an appropriate letter.

The Engineer reported that he had made awards of contracts referred to him by the Commission to award when certain conditions had been taken care of. These conditions have been resolved and he requested that the Commission confirm his award of the following contracts:

(1) Deschutes County Road Oiling Project on nine county roads, near Terrebonne, Redmond, Bend and Tumalo in Deschutes County. Bids received May 26, 1959. Contract awarded May 29, 1959 to Horton Construction, Portland, low bidder.

(2) Gilliam County Roads Oiling Project on three county roads in the vicinity of Blalock and Condon, Gilliam County. Bids received May 26, 1959. Contract awarded May 29, 1959 to Russell Olson Construction Company, Inc., Pendleton, low bidder.

(3) Grading and paving on the Boones Ferry Road-Oswego Section of the Boones Ferry Road-Oswego Road, Clackamas County. Bids received May 26, 1959. Contract awarded June 2, 1959 to M. J. Brassfield Company, George E. Blaisdell & Son Construction Company, and Shirley G. Stone Company, Salem, low bidder.

(4) Grading and paving on East Unit, Weston-Weston Mountain Section of Weston-Elgin Highway, Umatilla County. Bids received May 5, 1959. Contract awarded June 3, 1959 to C. R. O'Neil, Creswell, low bidder.

(5) Stone base and paving on 10th Street in Junction City, Lane County. Bids received May 26, 1959. Contract awarded June 3, 1959 to Morse Brothers, Lebanon, low bidder.

(6) Grading and paving on North Unit, Weston-Milton-Freewater Section of Oregon-Washington Highway, Umatilla County. Bids

received May 5, 1959. Contract awarded June 4, 1959 to C. R. O'Neil, Creswell, low bidder.

(7) Grading the McKenzie River-Willamette River Section of the relocated Pacific Highway, Lane County. Bids received May 5, 1959. Contract awarded June 5, 1959 to R. A. Heintz Construction Company, Portland, low bidder.

(8) Construction of two reinforced concrete bridges to carry Pittsburg-Scappoose County Road over North Scappoose Creek, Columbia County. Bids received May 26, 1959. Contract awarded June 5, 1959 to C. J. Montag and Sons, Portland, low bidder.

(9) Grading and stone base on Netarts-Yager Creek Section of Netarts-Sand Lake County Road, Tillamook County. Bids received May 26, 1959. Contract awarded June 15, 1959 to Rex C. Ayers Construction Company, Portland, low bidder.

(10) Grading and paving on Salem-Browning Avenue Section of Liberty Road, Marion County. Bids received May 26, 1959. Contract awarded June 16, 1959 to M. J. Brassfield Company, Salem, low bidder.

(11) Grading and paving on Hilda Street-Beaver Creek Road (Oregon City) Section of Cascade Highway, Clackamas County. Bids received May 26, 1959. Contract awarded June 23, 1959 to Charles T. Parker Construction Company, Portland, low bidder.

(12) Multiplate arches and pipe crossings (Q Street Interchange) on McKenzie River-Willamette River Section of Pacific Highway, Lane County. Bids received May 26, 1959. Contract awarded June 24, 1959 to R. A. Heintz Construction Company, Portland, low bidder.

(13) Grading and paving Western and Allen Avenues in Beaverton, Washington County. Bids received May 26, 1959. Contract awarded June 24, 1959 to Porter W. Yett, Portland, low bidder.

(14) Structure, grading and paving on Washington County Line-Highlands Interchange Section of Sunset Highway, Multnomah County. Bids received May 26, 1959. Contract awarded June 24, 1959 to Peter Kiewit Sons' Company, Vancouver, Washington, low bidder.

(15) Construction of two structures, grading and oiling on Wasco-Hay Canyon Section of Wasco-Heppner Highway, Sherman County. Bids received May 26, 1959. Contract awarded June 25, 1959 to Clarence Braden Construction Company, Walla Walla, Washington, low bidder.

(16) Grading and paving the Corvallis Section of the relocated Corvallis-Newport Highway, Benton County. Bids received May 26, 1959. Contract awarded June 25, 1959 to Miller and Hutchins Contractors, Inc., Roseburg, low bidder.

The Commission confirmed the award of the contracts.

Establishment of temporary construction speed zones was reported by the Engineer. These speed zones, he explained, were installed under authority previously granted by the Commission for the safety of the traveling public in areas where highway construction is underway. The Commission confirmed the following construction speed zones:

(1) 35 MPH on the Weston-Elgin Highway No. 330, between M. P. 2.68 and M. P. 6.47, effective 1:30 p.m., May 26, 1959.

(2) 35 MPH on the Booth Ranch Truck Scale Site on the Pacific Highway south of Roseburg, from M.P. 206.9 to M. P. 208.0, effective 8:00 a.m., June 8, 1959.

(3) 35 MPH on the Davis Slough Section of the Oregon Coast Highway, between M. P. 244.04 and M.P. 244.99, effective 4:45 p.m., June 11, 1959.

(4) 35 MPH on the Highlands Interchange Section of the Sunset Highway from M.P. 70.9 to M.P. 72.9, effective 10:10 a.m., June 12, 1959.

The Engineer reported that a reduced load limit previously placed on the Weston-Elgin Highway No. 330 March 6, 1959, had been removed at 8:00 a.m., June 8, 1959, as the condition of the highway at that time was such that normal loads could be hauled. The Commission approved removal of the reduced load limit.

Reclassification from Group III to Group I of the southerly 0.9 mile section of the Havana-Helix Secondary Highway was recommended by the Engineer. He explained that a test run conducted over this section with a 60-foot truck-trailer combination had demonstrated that the equipment could operate without encroaching upon the opposing traffic lane. The Commission accepted the recommendation.

Items of unfinished business appearing on the Secretary's Summary dated May 29, 1959 were considered, as follows:

(1) Proposal of Lake County Court that the State take over the Winnemucca-to-the-Sea Route, from Adel to the Nevada State Line, provided the County will assume jurisdiction over the Warner Secondary Highway between Adel and Plush: The Engineer pointed out that the State has no funds for additional work until a future program is prepared. Chairman McIver inquired if the estimate of $1,500,000 is still an adequate estimate of the cost to the State for the portion proposed

by the County. The Engineer replied affirmatively, provided that the County performs all construction southerly and easterly from Blizzard Gap. Commissioner Jackson commented that it was his opinion that a statement should be given to the Lake County Court as to what the Commission can and cannot do so that they can make plans accordingly. The Commission instructed the Engineer to prepare a letter to that effect for consideration in the afternoon. (After lunch the Engineer presented, and the Commission approved, a letter outlining seven things the County is asked to do, in exchange for which the Commission, in preparation of the next five-year program which would probably be in the early fall of 1960, will give earnest consideration to aiding the furtherance of the Winnemucca to Lakeview cut-off, it being understood that such aid must be limited as to scope and probably would require several years for completion.) (See letter of July 6, 1959, addressed to Lake County Court, signed by W. C. Williams, in the General Files in the Salem office.) This item is to be removed from the list of unfinished business.

(2) Proposed acquisition of Sea Lion Caves on the Oregon Coast Highway: The Parks Superintendent stated that appraisals are being made, but that his report is not yet ready. Chairman McIver suggested that in negotiating for the purchase of this property consideration be given to acquiring it on the basis of paying for the facility out of income to avoid a large, lump-sum expenditure of highway funds. He recalled that the 1959 Legislature had requested the Highway Commission to investigate the feasibility of acquiring the Caves in public ownership. Commissioner Jackson remarked that Sea Lion Caves are a natural asset, not created by any person, and it was his opinion that they should be owned by the State. After some further discussion the Commission authorized the Parks Superintendent to negotiate for purchase on a contract basis, payable from income, present the matter to the State Parks Advisory Committee, and bring back a report. The Commission ordered the item deleted from the list of unfinished business.

(3) Proposed park at the mouth of the Deschutes River on the Columbia River Highway: No report was made on this matter and the item was ordered to remain on the list of unfinished business.

(4) Proposal of Polk County Court that the State take over as a secondary highway the Dallas-Polk Station Road and that the County take over the Dolph Corner-Dallas Secondary Highway: The Engineer stated that the existing State Secondary is not a good road and he suggested that the Polk County Court be advised that due to lack of funds no action can be taken this year, but that careful consideration will be given to their proposal when the next construction program is formulated. The Commission accepted his suggestion and ordered the item deleted from the list of unfinished business.

(5) Request of Crook County Judge Harry C. Fowler for revised alignment of the Crooked River Highway because of the dam construction on the Crooked River near Bear Creek Junction, and transfer of funds from the Paulina Secondary Highway: The Engineer stated

that a letter had been received from the Prineville, Crook County, Chamber of Commerce stating that they are not in favor of transferring funds from the Paulina Highway. The proposed route, as presented by Judge Fowler, has been re-examined and he stated that it would cost about $1,500,000 to construct. No funds are available outside of the $215,000 allocated by the Bureau of Reclamation for revision of the highway as originally agreed upon by the County, the State, and the Bureau. It was his opinion that the highway should be reconstructed as per the agreement, and that funds should not be transferred from the Paulina Highway. The Commission instructed the Engineer to so advise the Crook County Court and ordered the item deleted from the list of unfinished business.

The Engineer reported that three surveys previously authorized by the Commission have been completed. He exhibited maps of the sections on which the highway relocation surveys have been completed and explained details concerning each. He also pointed out that the proposed relocations have been made with a view of providing the most adequate highway facility commensurate with the cost. He presented the following surveys:

(1) Oregon-Washington Highway-Old Oregon Trail Section of the Umatilla Mission Highway, Umatilla County.

(2) Cedar Creek-Chitwood Creek Section of the Siletz Highway in Lincoln County.

(3) Camp Adair-Lewisburg Section of the Pacific Highway West in Benton County.

The Commission approved the surveys as presented and thereupon adopted the attached resolutions relative thereto marked Exhibits "G-1" through "G- 2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

Consideration was given to a request made by the Tri-City Business Men's Association for traffic improvements in the vicinity of Tri-City. The Engineer reported that an investigation had disclosed the need for a flashing beacon at the intersection of the old alignment of the Pacific Highway and the Myrtle Creek Highway at what was formerly known as Riddle Junction. The Commission accepted his recommendation that a flashing beacon be installed at an estimated cost of $1,000.

Attention was given to a request from the Seaside Chamber of Commerce for improvements to the lighting systems in the Arch Cape Tunnel on the Oregon Coast Highway in Clatsop County, and the Sunset Tunnel on the Sunset Highway in Washington County. The Engineer pointed out that the accident rating of both of these tunnels is good. The

light in the Arch Cape Tunnel, while slightly below the recommended standard, is not dangerously deficient and the cost to increase the lighting would be high. Sunset Tunnel is one of the best lighted tunnels in the State and it was his feeling that improvement is not needed. Upon his adverse recommendation, the Commission denied the request.

To stabilize the cut slope on the Highland Interchange project on Canyon Road, Multnomah County, the Engineer stated that it will be necessary to remove some unstable material and backfill with a rock blanket. Also, some minor drainage work will be necessary. The proposed work, estimated to cost $130,000, takes care of the highway problems only and does not attempt to provide a remedy for the zoo slide area. He recommended that the work be performed by contract, with bids to be received July 21, 1959. The Commission accepted his recommendation.

The meeting was recessed at 12 noon and reconvened at 1:30 p.m. in the same room with the same persons present and participating.

The Commission discussed with the Engineer bids received on June 16 and July 1. Award of contracts is to be made at 3 p.m.

Chairman McIver inquired if the increasing amount of piggyback haul of truck units by railroads is decreasing the amount of revenue from truck taxes as reported in some news items. The Engineer stated that income from trucks on the weight-mile tax for the first five months of this year is 15 percent higher than it was at the same time a year ago. He pointed out that there is an advantage in shipping some products in truck units by rail (previously shipped in box cars) in that the products can be loaded into the unit, rolled onto the flat car at the source, rolled off at destination, and delivered with only one handling of the contents. He also pointed out that income from the weight-mile tax has doubled in the last eight years.

The Engineer presented maps and descriptions of two sections of county roads in Clackamas County and one section in Union County which the Counties desire to add to the Federal-Aid Secondary County road system. These units have been investigated and meet requirements for the system. Upon his favorable recommendation, the Commission approved addition of the following units to the County FAS system:

Clackamas County, FAS 133, 3.3 miles, from the Pacific Highway East in Milwaukie easterly to Cascade Secondary Highway.

Clackamas County, FAS 134, 6.4 miles, from the Cascade Secondary Highway easterly via Sunnyside to FAS 129 at Damascus.

Union County, FAS 883, 4.0 miles, from FAS 481 easterly to a junction south of Imbler with the Wallowa Lake Highway.

The Engineer also presented maps and project statements for projects involving highway construction on County roads in Polk and Union Counties. The Commission accepted his recommendation that the projects be approved as follows:

County	FAS Hwy. No.	Section and Description	Programmed Amount	FAS Fund
Polk	560	Luckiamute River Bridge. Structure only.	$ 52,000	1961
Union	883	Woodell Lane Section, 4 miles. G.S. & O.	$ 139,000	1961
		Total	$ 191,000	

SUMMARY BY FISCAL YEARS:	1960	1961	Total
*Available Funds	$4,754,000	$3,750,000	$8,504,000
Previously Approved	4,597,000**	934,000**	5,531,000
	$ 157,000	$2,816,000**	$2,973,000
Proposed Projects 6/22/59	--	191,000	191,000
	$ 157,000	$2,625,000	$2,782,000

*From "Status, 1960 & 1961 County FAS Funds" tabulation dated 11/5/58 less $141,000 (1960 funds) which Harney County has made available for expenditure on the Frenchglen State Highway.

**Grant County project approved for $120,000 of fiscal year 1960 funds on 3/5/59 shifted to a fiscal year 1961 fund project at request of county.

The Commission considered the following request for an extension of time within which to complete a state highway contract:

> Moyer Gravel Company, Contract 5213, for Rock Production on the Prospect-Park Boundary Section of the Crater Lake Highway in Jackson and Klamath Counties, requested an increase from 80 to 90 work days within which to complete this contract without assessment of liquidated damages.

The Commission denied the request.

FOOTNOTE: Action taken by the State Highway Commission upon the extension of time listed above was based upon the recommendation of the Engineer and his report, which considered but did not necessarily adopt, either or any of the reasons given by the contractor in his request for the extension of time. (For details, see the original of the contractor's

request and the Engineer's recommendation on file in Contract 5213 in the Secretary's office in Salem.)

The Engineer reported that contract numbers 4943, 5043, 5069, 5119, 5176, 5182, 5199, 5211, 5213, 5239, 5252, 5257, 5260, 5273, 5284, 5325, 5342, 5350, 5364, 5378, 5379, 5386, 5395, 5396, 5407, 5415, 5416, 5417, 5426, 5427, 5429, 5430, 5446, 5451, 5454, 5456 for highway construction have been completed in accordance with the requirements of the contracts or modifications thereof and that said contracts are now ready for acceptance by the Commission. After due consideration, the Commission accepted said contracts by adopting the attached resolution relative thereto, marked Exhibit "C", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Out-of-state travel expenses were requested by the Engineer and approved by the Commission for the following personnel. He explained that these trips are helpful in keeping highway personnel abreast of current developments in highway matters.

(1) Burton Dunn, Land Analyst, to Sacramento, California, July 13 to 17, 1959, to study land economic methods, at an estimated cost of $80.

(2) Forrest Cooper, Deputy State Highway Engineer, to attend regional meeting of AASHO Committee on Design September 23 and 24, 1959 in Denver, Colorado, at an estimated cost of $250.

(3) F. B. Crandall, Traffic Engineer; J. Al Head, Assistant Traffic Engineer; and Dennis L. Peterson, Engineer Economist, to attend a meeting of Institute of Traffic Engineers in Seattle, Washington July 29 through July 31, 1959, at an estimated cost of $80 per person.

The Engineer reported that numerous complaints had been received about a dangerous traffic situation at the Windmaster Corner on the Hood River Secondary Highway a short distance south of the City of Hood River. This matter was investigated and it was found that channelizing of traffic would reduce the accident potential. He recommended, and the Commission approved, construction of traffic channelization at an estimated cost of $1,600.

The Engineer reported that in response to requests from a number of people traffic engineering investigations had been made to determine the feasibility of reduced speed zones in various areas. He explained that in making these investigations the roadside culture, type of highway, prevailing speeds, accident rate, and other factors are given careful consideration. Based on these findings, he recommended that reduced speed zones be established at the following locations:

(speed zones listed on next page)

(1) 45 mile-per-hour speed zone on the Junction City-Eugene Highway from 0.16 mile south of Spring Creek Drive to Ferndale Drive, north of Eugene. (See Exhibit "E-1".)

(2) 35 mile-per-hour speed zone on the Woodburn-Estacada Secondary Highway north of Colton, between a point 0.11 mile west of the Canyon Creek Bridge and the Canyon Creek Bridge. (See Exhibit "E-2".)

(3) 50 mile-per-hour speed zone on the Mt. Hood Highway, through the communities of Wildwood, Wemme, and Welches, from a point 0.17 mile west of Hood Avenue and a point 0.16 mile east of Welches Road, except that from 0.10 mile west of Welches Road to a point 350 feet east of Welches Road the indicated speed shall be 20 miles per hour during hours of school crossings. (See Exhibit "E-3".)

(4) 45 mile-per-hour speed zone on The Dalles-California Highway, north of Redmond, from a point 0.27 mile north of Wilcox Road to a point 250 feet south of Wilcox Road. (See Exhibit "E-4".)

(5) 45 mile-per-hour speed zone on the Umatilla-Stanfield Highway, between a point 0.28 mile north of the Hermiston Irrigation Ditch and Elm Street, the north city limits of Hermiston.

35 mile-per-hour speed zone between East Fourth Street, south city limits of Hermiston, and a point 300 feet northwest of the Maxwell Canal. (See Exhibit "E-5".)

This action was taken to correlate reduced speed zones established by the State Speed Control Board within the City of Hermiston.

(6) 70 mile-per-hour speed zone on the Banfield Expressway Section of the Columbia River Highway, from M.P. 7.25 near 102nd Street to M.P. 14.27 near Sundial.

70 mile-per-hour speed zone on the Columbia River Highway from M.P. 14.27 near Sundial to the westerly end of the Rooster Rock Park Interchange at M.P. 22.57, and reduced speed zones on exit ramps of the Banfield Expressway as follows:

Sundial-Troutdale Interchange:
Eastbound off ramp - 40 MPH
Westbound off ramp - 35 MPH

Jordan Interchange:
Eastbound off ramp - 25 MPH
Westbound off ramp - 25 MPH

Tunnel Rock View Point:
Westbound off ramp - 30 MPH

Rooster Rock Park Interchange
Eastbound off ramp - 35 MPH
Westbound off ramp - 35 MPH

(See Exhibit "E-6".)

July 2, 1959

A potentially serious shoulder parking condition along the Swift Highway in north Portland was mentioned by the Engineer. He explained that a parking lot on the south side of the Centennial area in Portland is served by the Swift Highway and if shoulder parking is allowed it will definitely create a traffic hazard. The Commission accepted his recommendation that parking be prohibited along both sides of the Swift Highway beginning at M. P. 2.37 on the south side and M. P. 2.43 on the north side and continuing easterly on both sides of the highway to M. P. 2.92X on the Swift-Union connection, and thereupon adopted the attached resolution relative thereto, marked Exhibit "F-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission also considered a hazardous condition caused by trucks parking on the southerly shoulders of the Pacific Highway West, near the State Highway Department and State Police offices, northeast of McMinnville. The Engineer stated that the condition had been mentioned by the local Resident Engineer in that trucks parked in this section restrict the view of drivers attempting to enter the highway from the driveway. He recommended that shoulder parking be prohibited on the southerly side of the Pacific Highway West, between M. P. 36.12 and M. P. 36.15. The Commission approved the recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "F-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Consideration was given to a request from Mr. Crosby Naylor, Gresham, for the establishment of parking regulations on the Crown Point Highway in the community of Springdale. The Engineer stated that an investigation disclosed that head-in parking in front of business establishments in this area causes a traffic hazard in that motorists cannot see properly when they are backing out of the parking stalls. He also mentioned that owners of the businesses where these conditions prevail plan to develop off-street parking facilities. To alleviate the existing condition, he recommended that parallel parking be required on the south side of the Crown Point Highway, between M.P 6.03 and M. P. 6.06, in the community of Springdale. The Commission accepted the recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "F-3", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission considered a supplemental agreement covering abandonment of certain sections of the old Salmon River Highway on the Valley Junction-Wallace Bridge Section. The Engineer pointed out that under the terms of the agreement, Polk County is to maintain a section of the old highway and accept title to another small section. Following his favorable recommendation, the Commission approved the agreement.

A request from the United States Forest Service to place a sign on the southerly side of the right of way of the Santiam Highway at a

junction with the county road to Camp Sherman at M. P. 90.93 was considered. The Engineer explained that the proposed sign is a standard, rustic sign indicating the Metolius River Recreation Area. The location of the sign and its context have been approved, and he recommended that a permit be granted for the sign installation. The Commission approved the recommendation.

The Engineer reported that requests had been received from the Clatsop County Centennial Committee of Astoria and the Illinois Valley of Josephine County Centennial Corporation to install Centennial information signs on state highway rights of way. The location of the signs and the sign messages, he stated, have been approved, and he recommended that permits be granted for their installation, with a provision that they be removed by January 15, 1960. The Commission approved installation of signs at the following locations:

Redwood Highway at M. P. 29.28, for the Illinois Valley sign.

Sunset Highway at M. P. 31.28; Oregon Coast Highway at M. P. 36.98; Columbia River Highway at M. P. 70.78; these being welcome signs requested by the Clatsop County Centennial Committee.

Historical markers for "Hunt's Mill" at M. P. 76.34 on the Lower Columbia River Highway, for the "Seaside House" at M. P. 22.06 on the Oregon Coast Highway, and the "Old Military Road" at M. P. 20.50 on the Sunset Highway were requested by the Clatsop County Centennial Committee and approved by the Commission.

Attention was given to a letter written May 7 from the Clackamas County Court requesting that the State consider transferring to the County for park purposes a tract of land along the Clackamas River and on the Clackamas Highway, a few miles east of Carver. The Engineer recalled that seventeen acres had been purchased in 1956, at a cost of $6,500, to provide a waste disposal area for a slide. Recent investigation indicates that the State will need approximately five acres of the tract for highway purposes, leaving approximately twelve acres that may be disposed of. He recommended that the twelve-acre section be offered to the County at cost, $4,584, with the stipulation that it be used for public purposes only. The Commission accepted his recommendation.

The Engineer stated that a request had been received from the Oregon State Employees Association that payroll deductions be allowed under an Association contract for Blue Cross Medical and Hospital coverage, available to Association members. He explained briefly that in March, 1955, the Commission had authorized payroll deductions for medical and hospital coverage available to Association members through Oregon Physicians' Service. However, the Employees Association has advised that their agreement with Oregon Physicians' Service has been cancelled, effective August 1, 1959. He offered no objection to making the requested payroll deductions, but pointed out

that fifteen deductions are now allowed on the payroll and if additional deductions are authorized, it will be necessary to add expensive equipment to take care of them. Chairman McIver expressed concern over the number of requests that have been received for payroll deductions, and it was his opinion that some sort of rule or policy should be established which would be fair to State employees and provide a means of reducing the State's bookkeeping procedure. After some further discussion the Commission approved the Employees Association's request for the Blue Cross payroll deduction and instructed the Auditor to investigate carefully the over-all matter of payroll deductions and submit a report.

Consideration was given to a supplementary agreement with the United States Forest Service covering their use of a state-owned stockpile site at East Beaver Creek on the Oregon Coast Highway in Tillamook County. The additional provisions, the Engineer stated, are not harmful to the State and he recommended that the supplement be approved. His recommendation was accepted.

The Commission approved the Secretary's report on papers signed in behalf of the Commission during the period May 25 through June 26, 1959.

The next Commission meeting date was set for August 13 and 14, 1959, with the possibility of a one-day meeting on August 13, in the State Highway Building in Salem. A tentative date of September 24 and 25, 1959, was considered for the following meeting.

The Engineer presented for the Commission's consideration certain changes in permit forms to conform with changes in Oregon laws. He explained briefly that authority of the Permit Division to issue transportation permits is covered by six separate resolutions and three amending resolutions, plus a separate resolution adopted September 11, 1958. It was the Engineer's recommendation that changes necessary be incorporated in two separate resolutions, one of which would authorize the operation of certain types of vehicle combinations over certain highways without permit and would replace the resolution adopted September 11, 1958. The second resolution would embody all the authorization previously granted to the Permit Division in resolutions and amendments, authorizing issuance of permits for over-length and over-width equipment, and over-weight loads. The Commission approved his recommendation by adopting the attached resolutions relative thereto, marked Exhibits "D-1" and "D-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein. The Engineer also commented that under the revised resolutions, hauling regulations in Oregon are now basically the same as those in Washington and California.

Under the provisions of an agreement with Josephine County, dated April 14, 1955, the Engineer stated, a section of the Redwood Highway on each side of the Applegate River had been turned over to

the County with the provision that the County was to remove the old bridge across the river. The County has now inquired if the State would like to take the bridge back; if not, they wish to sell it for junk. As the bridge cannot be used on the State highway system, and as it would cost more to tear it down than could be secured for the materials, he recommended that the County be advised that the State does not want it and that they can dispose of it. The Commission accepted his recommendation.

The Engineer recalled that at the July 31-August 1, 1958 meeting the Commission had approved a recommendation to the Public Utility Commissioner to place a section of the Coos River Secondary Highway, between M. P. 14.16 and M. P. 19.15, on the list of highways over which the hauling of logs, poles, or piling is prohibited. However, a new tract of timber has been opened up with a haul road entering the highway at Marlowe Creek, M. P. 14.80. The width and alignment of the section between M. P. 14.15 and M. P. 14.80 are adequate to handle log traffic and he recommended that the prohibition be removed between these points, leaving the section between M. P. 14.80 and M. P. 19.15 on the restricted list. The recommendation was approved by the Commission.

The Commission considered an agreement with the University of Oregon concerning archeological materials at the site of the Indian Village at Celilo on the Columbia River Highway. The Bureau of Public Roads, the Engineer stated, has advised that federal participation is available for this work on a 90% Federal-10% State basis. The agreement provides that the University of Oregon perform the necessary work and that it pay the State's 10% of the total estimated cost of $1,200. Upon his favorable recommendation, the Commission approved the agreement.

The Engineer requested authority to apply to the US corps of Engineers for a permit for the Marquam Bridge over the Willamette River in Portland which will connect the East Bank Freeway with the Baldock Freeway. The Commission granted the Engineer's request for authority to make the application as prescribed by law.

The Engineer stated that during the past few months there had been considerable discussion with officials of the City of Springfield and the Southern Pacific Railroad concerning a signal at a crossing of the railroad with the McKenzie Highway. He mentioned that the McKenzie Highway is routed over a one-way couplet through the City of Springfield and a warning signal is installed at the tracks on the old route, but no signal has been installed on the new leg of the couplet. The Railroad Company and the City of Springfield, he stated, have each agreed to pay one-third of the cost of the signal, and he recommended that the Highway Department pay the other third. The Commission approved the project as presented.

The Engineer displayed a map showing the proposed location of the four-lane section of US 30 at Biggs Junction, at the intersection

of US 97 and US 30, which is also the southerly end of the proposed Biggs bridge across the Columbia River. The Washington Toll Bridge Authority, he continued, wants to know if the State Highway Department will construct the approach at the south end of the Biggs Bridge. Due to the restricted distance between the bridge and the railroad, and because of the interchange caused by the intersection of US 30 and US 97, it will be necessary that the State Highway Department perform the construction which he estimated would cost $227,000, including the necessary structures to accommodate the railroad. At the present time, it has not been resolved with the Bureau of Public Roads as to how much of this cost can be secured from Interstate funds and how much from other Federal-Aid funds. He recommended that he be authorized to advise the Washington Toll Bridge Authority that the Oregon Highway Department will perform this construction so that the Toll Bridge Authority can sell bonds for construction of the Biggs Bridge. The Commission approved the recommendation.

Problems to be presented by delegations on the following day were discussed, but no action was taken pending appearance of the delegations.

Commissioner Fridley stated that he had received an inquiry as to when the bridge across the Columbia at Lady Island in Multnomah County would be constructed. The Engineer stated that the Lady Island bridge is proposed as a toll facility and nothing definite has been determined as to construction date. There will be a new toll-free bridge constructed as a part of the Interstate system at approximately 33rd Avenue as a part of the Laurelhurst Freeway.

For purposes of information, the Engineer stated that at the present time the Highway Commission has contracts underway in the value of approximately $83,000,000 on road work and an additional $20,000,000 on structures, approximately 50 per cent of this amount having been performed. Chairman McIver inquired of the Engineer concerning late developments in Congress pertaining to the status of funds for interstate highways. The Engineer replied that a recent attempt in Congress to raise the Federal gas tax by one and one-half cent had been defeated, but a compromise measure is being worked on to provide something less than the one and one-half cent increase. The over-all picture at the present time he indicated as being rather gloomy.

At 3:00 p.m. Chairman McIver announced award of contracts for bids received June 16 and July 1 as follows:

BIDS RECEIVED IN SALEM ON JUNE 16, 1959

"Structures, grading and paving on Shingle House Slough-Davis Slough Section on Oregon Coast Highway south of Coos Bay, Coos County. The Commission awarded the contract to the low bidder, Tom Lillebo Construction Company, Reedsport, at $134,437.

(Bids Received in Salem on June 16, 1959, cont.)

"Grading and paving in Brookings (Pacific Avenue) Curry County. The Commission awarded the contract to the low bidder, Pelican Bay Construction Services, Inc., Smith River, California, at $32,000.

"Grading and paving on the Smith Bridge-Kellogg Bridge Section of the Elkton-Sutherlin Highway, southerly of Elkton, Douglas County. The Commission elects to accept the low bid of A. L. Harding, Inc., Stayton, in the sum of $422,501, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Paving slopes at ends of embankments at five existing structures on the Myrtle Creek-Ashland Section of the Pacific Highway in Douglas, Josephine and Jackson Counties. The Commission awarded the contract to the low bidder, D. Duane Amens, McMinnville, at $6,654.

"Grants Pass Office Building Grounds Landscaping Project, northeast of Grants Pass, Josephine County. The Commission rejected all bids as being too high.

"Grading and surfacing on the Forest Boundary-Lake County Line Section of the Sand Creek-Silver Lake County Road, southwesterly of the town of Silver Lake, Klamath County. The Commission awarded the contract to the low bidder, Babler Bros., Inc., Portland, at $139,119.

"Cottage Grove (S. River Road) Paving Project, Lane County. The Commission awarded the contract to the low bidder, Pass Creek Paving Co., Cottage Grove, at $13,359.

"Little Fall Creek Bridge, Lane County. Low bid was submitted by Hamilton & Thoms, Inc., Eugene, in the amount of $44,290. However, as this is a County project, all bids were referred to Lane County for award.

"Silk Creek Bridge in Cottage Grove, Lane County. Low bid was submitted by Inter City Sand & Gravel Co., Eugene, in the amount of $31,313. However, as this is a city project, all bids were referred to the City of Cottage Grove for award.

"Lancaster-Holland Culver-Beaver Structures on Lancaster Drive-Sublimity Gun Club Section of North Santiam Highway, southeast of Salem, Marion County. The Commission awarded the contract to the low bidder, Workman Construction Co. and George W. Irwin Construction Co., Canby, at $291,510.

"Structure, grading and paving of Undercrossing of S. W. Brier Place on Harbor Drive-Washington County Line Section, Pacific Highway (R. H. Baldock Freeway) in Portland, Multnomah County. The Commission awarded the contract to the low bidder, Kuckenberg Construction Co., Inc., Portland, at $128,372.

(Bids Received in Salem on June 16, 1959, cont.)

"Grading and paving on Academy Street-Coast Jct. (Dallas) Section of the Dallas-Rickreall Highway in Dallas, Polk County. The Commission elects to accept the low bid of Central Paving Company, Independence, in the sum of $51,751.30, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Grading and stone base on the Buena Vista-Luckiamute River Section of the Independence-Albany County Road, south and west of Buena Vista, Polk County. The Commission elects to accept the low bid of D. F. McKenzie, Salem, in the sum of $56,411, and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Polk County is received and the sum of $12,800 is deposited by the County.

"Grading and stone base on the Bethel Section of the Byerly Corner-West Salem County Road, Polk County. The Commission elects to accept the low bid of Stanton W. Payne, Eugene, in the sum of $88,333 and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Polk County is received and the sum of $19,375 is deposited by the County.

"Oiling on the Grass Valley-Rutledge Section of the Grass Valley - Rutledge County Road, Sherman County. The Commission awarded the contract to the low bidder, Babler Bros., Inc., Portland, at $57,191.50.

"Widening existing structures to 4-lane width on the Rowena-Chenoweth Creek Section, northwesterly of The Dalles, on the Columbia River Highway, Wasco County. The Commission awarded the contract to the low bidder, Marshall Construction Co., Hermiston, at $81,220.

BIDS RECEIVED IN SALEM ON JULY 1, 1959

"Umpqua Lighthouse State Park Overnight Camping Area, Douglas County. The Commission awarded the contract to the low bidder, Austin Construction, Junction City at $32,413.01.

"Stone base and paving on the North Umpqua Junction-Diamond Lake Section of the Cascade Lakes Road, north and east of Prospect, Douglas County. The Commission awarded the contract to the low bidder, F. H. McEwen, Eugene, at $255,590.

"Grading, surfacing and oiling on the West Fork, Silvies River-Wrights Point Section of the Frenchglen Highway, southeasterly of Burns, Harney County. The Commission elects to accept the low bid of Babler Bros., Inc., Portland, in the sum of $153,981, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

(Bids Received in Salem on July 1, 1959, cont.)

"Stone base and oiling in Burns (N. Birch Avenue and Riverside Drive), Harney County. Low bid was submitted by C. E. Leseberg, Nyssa, in the amount $22,300. However, as this bidder will not accept award of this project unless also awarded the West Fork, Silvies River-Wrights Point Grading and Oiling Project (which was awarded to low bidder, Babler Bros., Inc., Portland) the Commission elects to accept the second low bid of Babler Bros., Inc., Portland, in the sum of $22,800 and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of the City of Burns is received and the sum of $6,600 is deposited by the City.

"Steer Creek and Spout Creek Culverts on the Siletz-Logsdon-Nashville and Burt Woods-Harlan Roads, east of Siletz and east of Harlan, Lincoln County. The Commission elects to accept the low bid of James F. Turner, Corvallis, in the sum of $20,970 and the State Highway Engineer is directed to award the contract to the said bidder as soon as approval of Lincoln County is received and the sum of $3,940 is deposited by the County.

"Six Undercrossing Structures on the Twin Buttes-McKenzie River Section, Pacific Highway, Linn and Lane Counties. The Commission awarded the contract to the low bidder, Inter City Sand and Gravel Co., Eugene, under Alternate "B" at $307,021.

"Construction of Interstate Bridge Toll Facilities at south end of bridge over Columbia River between Portland Oregon and Vancouver, Washington, Multnomah County. The Commission awarded the contract to the low bidder, General Construction Company, Seattle, Washington, at $142,600.

"Sign installation on Sundial-Rooster Rock Section, Columbia River Highway, Multnomah County. The Commission awarded the contract to the low bidder, Electrical Products Corporation of Oregon, Portland, at $32,353.41.

"Structure, grading and paving on the Walker Road-Beaverton Section on the Cedar Hills Boulevard, north of Beaverton, Washington County. The Commission elects to accept the low bid of Porter W. Yett, Portland, in the sum of $169,680.30 and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Washington County is received and the sum of $40,700 is deposited by the County.

"Grading, oiling and bridge construction on the South Yamhill River (Ballston) Bridge Section of Bellevue-Ballston County Road, southeast of Sheridan, Yamhill County. The Commission elects to accept the low bid of M. J. Brassfield Co., Salem, in the sum of $176,327 and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Yamhill County is received and the sum of $39,700 is deposited by the County.

The State Parks Superintendent advised the Commission that the State Parks Advisory Committee plans to meet in northeast Oregon on July 23, 24, and 25, concerning parks matters in counties in that area.

The Commission discussed with the Engineer and the Right of Way Engineer the status of projects on which bids are to be received July 21.

The Commission signed agreements, deeds, and other papers.

The meeting was adjourned at 3:20 p.m., to be reconvened at 10:00 a.m. on the following day.

Salem, Oregon
July 3, 1959

The meeting of the Oregon State Highway Commission reconvened at 10:00 a.m. in Room 418, State Highway Building. The following persons were present:

M. K McIver, Chairman
Kenneth N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
Geo. E Rohde, Assistant Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

Mr. Wayne Giesy, Monroe, Benton County Highway Committee, and Mr. Bill Catlin, Corvallis, Manager of the Chamber of Commerce, appeared before the Commission regarding a reduced grade over the Alsea Mountain. Mr. Giesy presented a brochure containing letters and information in favor of an improved grade over the Alsea Mountain. At the present time, he stated, the Alsea Highway pass is 1,332 feet high, and they desire it cut down to 1,000 feet. Both the Corvallis-Newport Highway and the Triangle Lake Highway passes, he continued, have a lower elevation than the Alsea pass. Traffic has increased 25.9% during the month of April, he pointed out, and will continue to grow because of the many wood products in the area and because the Alsea Valley is not served by a railroad. He cited the use made of this highway by the several lumber companies in the area and gave as his under-

standing that there will be an annual cut of about 126,000,000 board feet of timber. Mr. Catlin commented that they have been trying since 1922 to get the Alsea Grade reduced. The benefit ratio, he pointed out, has been proved satisfactory, and he told of the large amount of timber being hauled over the mountain into the Willamette Valley. He also told of the new plywood operations starting in the area, the considerable amount of commercial truck hauling and the many passenger cars that use the Alsea Highway in going to the Coast. He concluded his presentation by requesting that a final survey be made. Mr. Giesy advised that the number one priority set up for improvement in Benton County is this Alsea Mountain grade cut, and it has the support of all of the official bodies in the area. Chairman McIver complimented the delegation for their fine presentation and stated that the Commission is well aware of the needs of the Alsea Highway. The Commission, he continued, will give consideration to their request when the new construction program is made up this fall. The Engineer advised that only a reconnaissance survey of the area has been made, but he believed the final survey could be made next year. The Commission authorized the Engineer to make this survey.

Representatives of the Hood River Chamber of Commerce appeared before the Commission regarding reconstruction of ORE 35 from Parkdale to Hood River. The following members of Highway 35 Committee, Hood River, appeared: Percy Bucklin, Chairman, Dick Scearce, Don Emery, Geo. Kreig, Arch Lester, Earl Moore, Walter Wells, and Geo. Bartch, also Manager of Hood River Chamber of Commerce. Mr. Bucklin acted as spokesman and introduced the members of the delegation. He presented a written brief on the need for reconstruction of the Mt. Hood Highway. He stated that there are seven large cold storage and fruit packing plants, two major lumber mills and a box factory located on this section of highway, and in recent years much of their shipping has been by truck, thereby increasing traffic on the highway. Many of the larger trucks, he continued, have to detour because they cannot go under the two railroad underpasses and have difficulty in traveling over the sharp curves without crossing the highway center line. No major improvement has been undertaken on Highway 35 since 1923, and the group is requesting improvement to modern standards of the highway from US 30 to Parkdale. Mr. Scearce spoke in behalf of the Apple Growers Association of Hood River and read a statement containing statistics regarding the tonnage of fruit hauled over Highway 35 from farms to packing houses, warehouses, cold storage plants and to retail markets. He also pointed out that many of the younger fruit trees are maturing which will increase the traffic load. He called attention to several hazards on the Mt. Hood Highway and advised that at the present time Highway 35 is closed above Odell to trucks that haul fresh fruits interstate. Mr. Emery, who spoke on behalf of the lumber and wood products industry, stated that this industry is the second largest in the Hood River area with much of it being concentrated along Highway 35 in the Odell vicinity. At the present time Highway 35 is used principally by the lumber industry for the hauling of logs, with several

thousand loads of logs moving over it each year, but there is now a potential market for wood chips at the Camas Paper Mill. For competitive purposes larger trucks are required on the longer hauls, so if the highway is to handle the hauling of wood products properly and safely it must be straightened, the grade improved and restricted railroad overpasses eliminated. Mr. Kreig read a letter from the Hood River County Court pointing out the many traffic hazards encountered by school buses which travel Highway 35. Mr. Bartch thanked the Commission for the opportunity of appearing, and stated that it is necessary to have a modern highway for Hood River County to derive full economic benefits. He urged the Commission to give consideration to (1) the narrow approaches to the Hood River Bridge; (2) the restricted clearance of Whiskey Creek Railroad Overpass and the blind curve there; (3) the restrictive clearance at Fike's Corner Railroad Overpass and the blind curve; (4) the dangerous intersection where Odell Road meets Highway 35; and (5) the need for realignment of Highway 35 from Odell to the new highway construction in the Mt. Hood Forest area. The County, he added, plans to reconstruct the Fike Bridge, so it was his thought that the realignment could be worked in very nicely to the advantage of both the County and the State. Chairman McIver called upon the Engineer to outline the status of improvements on this highway. The Engineer advised that $600,000 has been set up in the five-year program for the improvement requested, and it is contemplated that this project will be programmed early this fall.

A delegation representing the Oregon City Chamber of Commerce and other Clackamas County Chambers of Commerce appeared before the Commission regarding the widening of the Pacific Highway East from New Era to Salem. The following composed the group: Irwin S. Adams, Clackamas County Associated Chambers of Commerce, and Ted Loder, North Clackamas County Chamber of Commerce, both from Milwaukie; W. N. Wymore, Boring, Upper Clackamas River Chamber of Commerce; Howard C. Belton, Canby, Chamber of Commerce, Winton J. Hunt, Chamber of Commerce, Homer Wadsworth, President of Chamber of Commerce and Manager of the Bank of Oregon, and Don Haley, Director of the Chamber of Commerce, all from Woodburn; and Merle Brown, 99E Highway Association, Peter Schnell, Lynn Latourette, President of the Chamber of Commerce, and A. Lewis, 99E Highway Association and Chamber of Commerce, all from Oregon City. Also present was G. M Fox representing the North Clackamas Chamber of Commerce. Mr. Adams acted as spokesman and introduced the members of the delegation. Mr. Brown stated that the 99E Highway Association has as its major aim the improvement of US 99E so that it will be comparable to US 99 (Baldock Freeway) and allow the people along US 99E to get their share of tourist business. Mr. Hunt, who represented the Woodburn Chamber of Commerce, stated that Woodburn uses both the Baldock Freeway (US 99) and US 99E since the City lies equidistant between the two highways. Traffic, he continued, has increased on US 99E to about the same as it was before the Baldock Freeway was built and traffic speed has been reduced to 35 or 40 miles per hour because of the volume. In the interest of the valley and because of the fact that the population is increasing materially in this area,

it is their belief that US 99E should be widened to four lanes. Mr. Latourette, representing the Oregon City group, stated that the four-lane highway now ends in New Era although the heavier populated area is at Canby, Aurora and Woodburn. He spoke of the large number of trucks that operate over this highway, particularly from the Clackamas area, and of the industrial expansion in Milwaukie which will increase the truck load on US 99E. There is no good connection from the Baldock Freeway to Oregon City and Milwaukie, he added, so many of the trucks find it faster to travel US 99E. With the new extension of 82nd Avenue into the Oregon City area, he commented, an added traffic problem will be created. He concluded his presentation by requesting that serious consideration be given to four-lane construction of this highway. Mr. Wymore emphasized the recreational angle, pointing out that the Clackamas County Court has doubled its park budget and the Portland General Electric Company has provided several park areas behind their dams. In thus encouraging tourists, he felt US 99E should be widened to better enable tourists to get into the Clackamas area. Mr. Loder, representing the North Clackamas County Chamber of Commerce, stated that in their opinion widening of US 99E is the number one project in this area. He called attention to the large number of industries which have been established during the past few years, including five in the last year and about twenty in the planning stage. He also mentioned the large wholesale food distribution center which is developing east of Milwaukie. It is the opinion of their group that Clackamas County has not secured its fair share of highway funds, and he urged that 99E be widened to Salem. Mr. Belton called attention to the increase in traffic on this road and that widening should be relatively inexpensive because of the flat country. He also urged widening at an early date. Mr. Fox mentioned briefly the large number of homes being constructed in the area served by US 99E, and he too urged that the Highway be widened. Mr. Adams, representing the Chambers of Commerce in Clackamas County, stated that this group has given first priority to widening of US 99E. He also mentioned the large residential district in Multnomah and Clackamas Counties east of the Willamette River. Chairman McIver stated that the Commission appreciates the problems presented by the delegation but is hampered by lack of funds. However, he stated that careful consideration will be given to the project when funds are available.

A group of people from Prineville and Paulina came before the Commission concerning improvement of the Paulina Secondary Highway and to protest transfer of funds away from that highway. The group consisted of the following persons: LaSalle Coles, Manager of the Irrigation District, Prineville; Melvin Weberg, Crook County Commissioner, Prineville; Charles Congleton and Harry Severance, farmers, Prineville; Alvie Teater, farmer, Paulina; and Wayne Lithgow, Conroy's Chevrolet Co., . Prineville. Mr. Coles, who acted as spokesman, requested the Commission to continue its program of improving the Paulina Secondary Highway so that timber may be harvested at its easterly end, and he also requested the Commission to not transfer money from the Paulina Highway to construction of a new

highway in the vicinity of the Crooked River Dam site, south of Prineville. County Commissioner Weberg was of the opinion that the transfer of funds requested by Crook County Judge Harry C. Fowler at the May Commission meeting is not favored by a large number of people in Crook County. He called attention to the need for extending the Paulina Secondary Highway eastward in order to tap timber which it is not economical to cut until the highway is built. Mr. Teater mentioned the fact that 35 students are hauled daily to school over the Paulina Highway, while only nine families would be served by the proposed road through Roberts. It was his opinion that a bridge is not needed over the lake back of the Crooked River Dam, and that the section of road to be reconstructed by the Bureau of Reclamation will be adequate. It was also his opinion that people in Prineville would benefit more by the improvement of the Paulina Secondary Highway than by construction of the new road through Roberts. Mr. Congleton stated that he had lived in Paulina for 55 years and hoped in his lifetime to see a surfaced road to Prineville. Mr. Coles again urged early completion of the Paulina Secondary Highway. Chairman McIver informed the group that the Commission would give very careful consideration to their requests.

Mr. Ernest J. Burrows, attorney from Portland, and Mr. and Mrs. A. W. Johnson from Eugene appeared before the Commission concerning an exchange of property owned by the Johnsons for property in Hug Point State Park. Mr. Burrows stated that he represented the Johnsons as their attorney. The piece of land they wish to secure is a strip south of Hug Point near Cannon Beach which had been deeded at one time to Clatsop County for an access road to the beach. The County closed the road and the upper portion of it is used for parking. It was his understanding that the County Court subsequently had deeded the area to the Highway Commission with the reservation for the county road. Inasmuch as the Johnsons own land on both sides of this strip, it would be advantageous to them if title could be secured to it in their name. In exchange for this strip he proposed to deed to the State a parcel of land approximately one and one-fourth miles north with beach frontage of about 400 feet. This piece of land is at low elevation, is tree-covered, and has water. Mr. Johnson asked the Commission to give the proposed exchange serious consideration as he felt that the State would gain in the exchange. He also stated that if the proposal is accepted, he would like to retain water rights on the land that he now owns. Chairman McIver informed the delegation that the matter would be carefully studied and that the Parks Superintendent would advise them of the result.

A group headed by Morrow County Judge Oscar E. Peterson came before the Commission concerning improvement of highways in the Heppner area. The following people were also present: Kenneth Keeling, Heppner Pine Mills, Heppner; Gene Pierce, Manager, Bank of Eastern Oregon, Heppner; Garland Swanson, farmer, Ione; Dick Wilkinson, farmer, Heppner. Judge Peterson, who acted as spokesman, stated the group is particularly interested in construction of a cutoff section from highway Route 74 northwesterly to Arlington, and completion

of a road along Willow Creek southerly and easterly from Heppner to Ukiah. Mr. Keeling outlined on a map the proposed route from Heppner to Ukiah and commented that a considerable portion has already been constructed to reasonable standards. Mr. Swanson urged construction of the cutoff section from Morgan to Arlington to facilitate the hauling of wheat from the interior to Arlington. It was his opinion that in the near future Arlington will serve as a major port for the loading of grain on the Columbia River. Rebuilding of the old highway, he felt, would be more costly than construction of the new route and also, construction of a better road would attract tourists who do not ordinarily come into this country. Mr. Pierce pointed out that the Heppner country is handicapped in transportation facilities in that there is no bus route, no railroad, and no large planes land in the area. It was his opinion that the existing road along Willow Creek north of Heppner is not adequate for the type of traffic which uses it. Mr. Wilkinson mentioned that the John Day Dam will flood considerable land, thereby removing it from the tax rolls and construction of a modern highway would help compensate for this loss. Judge Peterson concluded the delegation's presentation by stating that they are not seeking an expensive road, but one which will serve their needs. Chairman McIver told them that the Commission would give their request careful and serious consideration.

The Engineer stated that in the equipment budget for this year there is an item for the purchase of three new road rollers for maintenance patching crews, at a cost of approximately $6,300 each. It has now been determined that the Surplus Properties Division of the United States Government has comparable rollers available for the sum of $2,200 each. The Commission granted his request to send the Equipment Supervisor to the Ogden, Utah, Depot to examine the rollers, and to have them set aside for ultimate purchase if they are satisfactory.

A proposed settlement with a Mr. Knox (File L-3170) for property in Lane County was brought up by the Chief Counsel. He explained briefly that a settlement had been arranged in the sum of $22,500. A request has now been received that Mr. Knox also wants interest in the amount of $600. Under these conditions, he stated, he could not recommend settlement. The Engineer stated that he is to attend a meeting the next Monday with the Lane County Board of County Commissioners concerning rezoning of this property, which might materially affect the settlement. The Commission deferred action on the Knox settlement.

Chairman McIver stated that he had received a letter from a Portland civic group, known as "Downtown Portland Incorporated", requesting a meeting with the Commission concerning the routes of highways through West Portland prior to the holding of hearings on the

freeway routes. Other groups, including the Portland Chamber of Commerce, have also evidenced a desire to hold similar meetings. It was the Chairman's opinion that neither the Commission nor its employees should become involved in any debate concerning the relative merits or demerits of the proposed locations. Groups who are interested in the freeway routes should be given the facts that are available without comment for or against. He felt that no good would be derived from meetings which involved debate of the merits of the various highway routes, or meetings which turned into a question and answer period. The Enginer pointed out that it has long been an established policy for the Highway Department to deal only with legally constituted authorities, which in the City of Portland would be its City Council or persons or groups appointed by the City Council. This matter was discussed further among the members of the Commission, and the Commission agreed that persons or groups who desire information on the Westside Freeway routes in downtown Portland prior to the regular public hearings on these routes should be directed to Mr. Fred Fowler, the Coordinator between the City of Portland and the State Highway Commission, or to Mr. Lloyd P. Shaw, Metropolitan Engineer in the Portland area.

Chairman McIver stated that representatives of the Multnomah Club had indicated to him that they wish to remodel Multnomah Stadium and inquired as to what plans the State has for construction of the so-called Stadium Route through West Portland. He pointed out that cost of acquiring right of way is rising rapidly in this area, and he mentioned an ice rink and a Jewish church which may be involved. The Engineer replied that construction of the Stadium Freeway is contemplated in the latter part of the 13-year Interstate program, probably six or seven years in the future. It was his opinion that it would be about two years before right of way can be acquired.

The date of a public hearing on the proposed Columbia-Clay, or Foothills, Freeway Route was also mentioned by Chairman McIver. It was his thought that the hearing date should be postponed until such time as sufficient survey information is available in order to consider the entire route rather than a portion of it. The Engineer stated that although a cut-off point could probably be set at about 14th Street, postponing the hearing to consider the whole route appeared to be an excellent idea. He mentioned that the Portland Urban Renewal Authority has been anxious to determine the properties which will be involved in this route, and may protest the delay. It was his opinion that it would require about a year to secure the necessary information for a hearing on the entire route. The Commission instructed the Engineer to contact the Portland Urban Renewal Authorities concerning delay in selecting the route, and submit a report to the Commission at the next meeting.

There being no further business to consider, Chairman McIver declared the meeting adjourned at 12:25 p.m.

EXHIBITS "A" through "H-17"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

July 2 and 3, 1959

EXHIBIT "A"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in the right of way resolution, dated July 2 and 3, 1959, pages 1 through 69, as presented by the Right of Way Engineer and approved by the Highway Commission on July 2, 1959, and by this reference said right of way resolution of July 2 and 3, 1959 is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the Chief Counsel for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

EXHIBIT "B-1"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the North Corvallis Section of the Pacific West Highway described as follows:

> A parcel of land lying in the H. C. Lewis DLC #47, Township 11 South, Range 5 West, W.M., Benton County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 136, Page 470 of Benton County Records of Deeds; the said parcel being that portion of said property lying Easterly of the Southern Pacific Railroad Right of Way and containing 10.5 acres, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,600.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right-of-way of the Pacific West Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 102 be entered in the minutes and records of the Commission as of the 2nd day of July, 1959.

EXHIBIT "B-2"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Butteville-Road - Hubbard Section of the Wilsonville-Hubbard Highway described as follows:

A parcel of land lying in the NE¼ of Section 2, Township 4 South, Range 1 West, W.M., Marion County, Oregon, the said parcel being described as follows:

Beginning at the Northeast corner of said Section 2, thence West along the North line of said Section 2, a distance of 616 feet; thence S 7° 08' W, 1330.4 feet; thence East 780 feet to the East line of said Section 2; thence North along said East line 1320 feet to the point of beginning.

Except that portion lying within the existing County Roads.

The parcel of land to which this description applies contains 20.05 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $7,100.00 and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq., subject to a highth elevation easement.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 103 be entered in the minutes and records of the Commission as of the 2nd day of July, 1959.

31761

EXHIBIT "B-3"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the North Eugene Section of the Pacific Highway described as follows:

A parcel of land lying in the Prior F. Blair D. L. C. No. 39 also in Sections 26 and 35, Township 17 South, Range 4 West, W. M., Lane County, Oregon, the said parcel being described as follows:

Beginning at the intersection of the West line of said D. L. C. No. 39 with the Northwesterly line of a 60 foot road connection between McKinley Street and the Southbound lanes of the existing Pacific Highway, said intersection being 1069 feet North of the Southwest corner of said D. L. C. No. 39; thence North 58° 38' 30' East along said Northwesterly line 120 feet, more or less, to a line which is parallel to and 30 feet Southwesterly of the center line of a frontage road; thence Northwesterly parallel to and 30 feet Southwesterly of said frontage road centerline 265 feet, more or less, to the West line of said D. L. C. No. 39, thence South along said West line 300 feet, more or less, to the place of beginning, containing 0.35 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $5,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 104 be entered in the minutes and records of the Commission as of the 2nd day of July, 1959.

EXHIBIT "B-4"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in West 7th St. - West 11th St. Section of the Pacific Highway described as follows:

A parcel of land lying in the Prior F. Blair D. L. C. No. 39, also lying in Section 36, Township 17 South, Range 4 West, W. M., Lane County, Oregon, and being a portion of that tract of land described in that certain deed to State of Oregon, by and through its State Highway Commission, recorded in Book 215, page 323 of Lane County Records of Deeds; the said parcel being described as follows:

Beginning at the Northeast corner of said property, said corner being 2020 feet South 89° 19' East, and 323.1 feet North 0° 13' 30" East of the Southwest corner of the Prior F. Blair D. L. C. No. 39, said corner being 150 feet northerly of (when measured at right angles to) the center line of the 7th Avenue Connection to the Pacific Highway; thence North 89° 50' 30" West, parallel to said center line 158 feet to a line which is parallel to and 30 feet easterly of the center line of Garfield Street; thence southerly parallel to and 30 feet easterly of the center line of Garfield Street, 100 feet to a line which is parallel to and 50 feet North of the center line of said 7th Avenue Connection; thence South 89° 50' 30" East, parallel to said 7th Avenue Connection center line 158 feet to the East line of said property; thence North 0° 13' 30" East along the East line of said property 100 feet to the place of beginning.

The parcel of land to which this description applies contains 0.36 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $17,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq.

EXHIBIT "B-4" (Cont.)

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 105 be entered in the minutes and records of the Commission as of the 2nd day of July, 1959.

EXHIBIT "B-5"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Seneca Section of the Pacific Highway described as follows:

A parcel of land lying in the Prior F. Blair DLC #39, also lying in Section 36, Township 17 S, Range 4 W, W.M., Lane County, Oregon, and being a portion of that property described in that Final Judgment dated June 18, 1941 and filed in the Circuit Court of the State of Oregon for the County of Lane wherein the State of Oregon by and through its State Highway Commission was Plaintiff and Herbert Cooper Thompson et al were the defendants and bearing Case No. 27834, the said parcel being described as follows:

Beginning on the Southerly right of way line of the 7th Avenue Connection to the Pacific Highway at a point which is opposite and 50 feet Southerly of Station 668+76.71 on the center line of said 7th Avenue Connection, said Station being 160.96 feet North and 1166.88 feet East of the Southwest corner of said Blair DLC #39; thence Westerly parallel to and 50 feet Southerly of the center line of said 7th Avenue Connection 200 feet to the true place of beginning; thence continuing Westerly along said parallel line 100 feet; thence South parallel to the East line of said property 190 feet, more or less, to the North line of that certain 60 foot strip of land described in that certain relinquishment of title from the State of Oregon by and through its State Highway Commission dated August 17, 1956; thence Easterly along the Northerly line of said 60 foot strip of land 90 feet, more or less, to the Southwest corner of that certain tract conveyed by the State Highway Commission to the Carter Oil Company by that deed dated May 28, 1957; thence North along the West line of said Carter Oil Company tract 145 feet, more or less, to the true place of beginning.

The parcel of land to which this description applies contains 0.35 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $8,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

EXHIBIT "B-5"(Cont.)

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway, except there is granted the right of access from the said property to said highway right of way of a width not to exceed 30 feet at two points on 7th Street to be determined prior to the conveyance of the property, said access points to be unrestricted as to use.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 106 be entered in the minutes and records of the Commission as of the 2nd day of July, 1959.

EXHIBIT "B-6"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the 17th Street - Union Avenue Section of the Pacific Highway East, described as follows:

A Parcel of land lying in Lots 4, 5 and 6 of Block 5, a Subdivision of Lot 2, Riverside Homestead, and Addition to the City of Portland situated in Section 11, Township 1 South, Range 1 East, W.M., Multnomah County, Oregon, the said parcel being described as follows:

Beginning at the Southeast corner of said Lot 4; thence Westerly along the Southerly line of said Lot 4 a distance of 25 feet, more or less, to a line which is parallel to and 40 feet Easterly of the center line of the Pacific Highway East; thence Northerly along said parallel line 140 feet, more or less, to a point which is 20 feet Southerly of (when measured along said parallel line) the North line of said Lot 6; thence Northeasterly 23 feet, more or less, to the North line of said Lot 6; thence East along said North line 62 feet to the Northeast corner of said Lot 6; thence Southerly along the Easterly lines of said Lots 6, 5 and 4 a distance of 150 feet to the point of beginning, containing 7,920 square feet, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $5,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 107 be entered in the minutes and records of the Commission as of the 2nd day of July, 1959.

EXHIBIT "B-7"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Tigard Junction Section of the Pacific Highway, described as follows:

A parcel of land lying in the E½NE¼SE¼ of Section 36, Township 1 South, Range 1 West, W.M., Washington County, Oregon, the said parcel being that portion of said E½NE¼SE¼ lying Westerly of a line which is parallel to and 150 feet Westerly of the center line of the former West Portland-Hubbard Highway, and lying Northerly of a line which is parallel to and 50 feet Northerly of the center line of the relocated S. W. Haines Road.

The center line of the West Portland-Hubbard Highway herein referred to is described as follows:

Beginning at Engineer's center line Station 25+00, said Station being 57.86 feet North and 306.61 feet East of the East quarter corner of said Section 36; thence on a 3183.1 foot radius curve left (the long chord of which bears S 16° 41' 17" W) 1492.66 feet to Station 39+92.66.

The center line of the relocated S. W. Haines Road herein referred to is described as follows:

Beginning at Engineer's center line Station 7+77.72 (which Station equals Station 39+10.25 on said West Portland-Hubbard Highway center line); thence N 85° 16' 05" W, 211.33 feet; thence on a 159.15 foot radius curve left (the long chord of which bears S 47° 52' 50" W) 260.29 feet to Station 12+49.34.

The parcel of land to which this description applies contains 14.95 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $25,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise

EXHIBIT "B-7" (Cont)

the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of such property shall provide that there is reserved to the State, and waived and relinquished by the purchaser, all rights of ingress and egress, to, from and between said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 108 be entered in the minutes and records of the Commission as of the 2nd day of July, 1959.

EXHIBIT "C"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 4943 with Roy L. Houck & Sons and Roy L. Houck Sons' Corp., for grading the North Jefferson Jct.-SPRR Overcrossing Section on the Pacific Highway in Marion County, completed September 9, 1958.

"Contract No. 5043 with Johnston and Bryant for work on the Spring Garden Road Undercrossing on the Pacific Highway in Multnomah County, completed June 20, 1959.

"Contract No. 5069 with Central Paving Company for paving the Jumpoff Joe Creek-Louse Creek Section on the Pacific Highway in Josephine County, completed March 27, 1959.

"Contract No. 5119 with Warren Northwest, Inc., for paving the Myrtle Creek-Fords Bridge Section on the Pacific Highway in Douglas County, completed May 15, 1959.

"Contract No. 5176 with Porter W. Yett, Oreg., Ltd., for stone base and oiling on the Agency Plains Section on FAS Routes 687, 546, 688 in Jefferson County, completed June 5, 1959.

"Contract No. 5182 with Babler Bros., Inc., for oiling and structure on the Gilliam County Line-McNab Section on the Olex-McNab Road in Morrow County, completed June 8, 1959.

"Contract No. 5199 with C. J. Montag and Sons for work on NE Holladay Street Connection of the Banfield Expressway in Multnomah County, completed June 11, 1959.

"Contract No. 5211 with C. C. Meisel for grading-oiling on the Middle Unit, Hamilton-Long Creek Section on the Kimberly-Long Creek Highway in Grant County, completed June 23, 1959.

"Contract No. 5213 with Moyer Gravel Co., for furnishing crushed materials in stockpiles on the Crater Lake Highway in Jackson-Klamath Counties, completed June 16, 1959.

"Contract No. 5239 with Durbin Bros. for grading, paving and structure of the Trail Creek Bridge Section on the Crater Lake Highway in Jackson County, completed April 25, 1959.

EXHIBIT "C" (Cont)

"Contract No. 5252 with Warren Northwest, Inc., for paving on the Oak Ranch Creek Section on the Pittsburg-Apiary Road in Columbia County, completed June 9, 1959.

"Contract No. 5257 with Porter W. Yett, Oregon., Ltd., for stone base and oiling on the Juniper Lane-Fir Lane Section on Adams Drive in Jefferson County, completed June 5, 1959.

"Contract No. 5260 with Newport Construction Co., for oiling on the Willamette Jct.-Diamond Lake Jct. Section of The Dalles-California Highway in Klamath County, completed June 9, 1959.

"Contract No. 5273 with Warren Northwest, Inc., for grading-paving on the Oregon Centennial Grounds Access Roads in Multnomah County, completed May 29, 1959.

"Contract No. 5284 with Earl L. McNutt Co., for grading on the South Fork, John Day River Section of the Paulina-Logdell Highway in Grant County, completed April 30, 1959.

"Contract No. 5325 with Sig Andersson for work on the Crook Creek and Edson Creek Bridges on the Pistol River Highway in Curry County, completed June 25, 1959.

"Contract No. 5342 with Kimsey Construction Company for work on the Sunset Bay State Park Facilities in Coos County, completed June 10, 1959.

"Contract No. 5350 with Dorman Construction Company for oiling the North Unit, Bomber Range Road Section on the Bomber Range Road in Morrow County, completed May 29, 1959.

"Contract No. 5364 with Erick Enquist for work on the Dry Creek Bridge on the Long Hollow County Road in Wasco County, completed May 28, 1959.

"Contract No. 5378 with Tom Lillebo Construction Co., for work on the Reedsport Maintenance Building on the Oregon Coast Highway in Douglas County, completed May 25, 1959.

"Contract No. 5379 with Tom Lillebo Construction Co., for work on the Calapooya Creek and Stearns Lane structures on the Pacific Highway in Douglas County, completed July 1, 1959.

"Contract No. 5386 with Stevenson Construction Company for furnishing crushed materials in stockpiles on the Alsea Section on the Alsea and Alsea-Deadwood Highways in Benton County, completed May 20, 1959.

"Contract No. 5395 with Peter Kiewit Sons' Company for work on the SPRR and Pelican City Road Overcrossing of The Dalles-California Highway in Klamath County, completed May 25, 1959.

EXHIBIT "C" (Cont)

"Contract No. 5396 with Peter Kiewit Sons' Co., for furnishing crushed materials in stockpiles on the Burnt Hill Creek-Brookings Section of the Oregon Coast Highway in Curry County, completed June 3, 1959.

"Contract No. 5407 with Cascade Electric Company for traffic signal installation on the SW Laurelwood Intersection on the Beaverton-Hillsdale Highway in Washington County, completed June 17, 1959.

"Contract No. 5415 with Babler Bros., Inc., for furnishing crushed materials in stockpiles on the Kimberly-Round Creek Section on the Kimberly-Long Creek Highway in Grant County, completed May 15, 1959.

"Contract No. 5416 with J. F. Konen Construction Co., for furnishing crushed materials in stockpiles on the Buchanan-Juntura Section of the Central Oregon Highway in Malheur County, completed May 15, 1959.

"Contract No. 5417 with J. C. Compton Co., for oiling on the Madras (4th & Pine Sts.) City Street Section in Jefferson County, completed June 18, 1959.

"Contract No. 5426 with W. D. Miller Construction Co., for furnishing crushed materials in stockpiles on the Hayden Mt.-Keno Section of the Green Springs Highway in Klamath County, completed June 23, 1959.

"Contract No. 5427 with Dolan Construction Co., for furnishing crushed materials in stockpiles on the Lenz Road-Williamson River Section of The Dalles-California Highway in Klamath County, completed June 12, 1959.

"Contract No. 5429 with Russell Olson Construction Co., Inc., for grading-paving on the Vale (Morton St.) City Street Section in Malheur County, completed June 16, 1959.

"Contract No. 5430 with E. H. Itschner Co., for grading-paving on the Elgin (Division St.) City Street Section in Union County, completed June 17, 1959.

"Contract No. 5446 with Roy L. Houck & Sons and Roy L. Houck Sons' Corporation for paving on the Albany-Orleans Jct. and Greens Bridge-Kelly Road Sections of the Albany-Oakville and Greens Bridge-Scio County Roads in Linn County, completed June 17, 1959.

"Contract No. 5451 with Cartwright Construction Co., for paving on the 10th St.-Main St. (Baker) Section on Campbell Avenue in Baker County, completed June 16, 1959.

"Contract No. 5454 with Arthur Simonsen & Co., for grading and bituminous macadam surfacing on the Prairie City (Bridge St. & Upriver Road) City Street Section in Grant County, completed June 22, 1959.

EXHIBIT "C" (Cont)

"Contract No. 5456 with C. C. Meisel for furnishing crushed materials in stockpiles on the Triangle Lake-Cheshire Section of the Siuslaw Highway in Lane County, completed May 22, 1959.

THEREFORE BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 82 shall be entered in the minutes and records of the Commission as of the 2nd day of July, 1959.

EXHIBIT "D-1"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, Chapter 483 of Oregon Revised Statutes, sets forth maximum limits with respect to the size and weight of vehicles or combinations of vehicles, and the number of vehicles that may be coupled together in a combination of vehicles; and

WHEREAS, under the provisions of said law the State Highway Commission is authorized to issue permits for the operation, upon state highways, of vehicles and combinations of vehicles having a size, weight and number in combination in excess of said maximum limits; and

WHEREAS, under the provisions of ORS Section 483.525, when in the judgment of the State Highway Commission any state highway, or section thereof, is capable of carrying any combination of vehicles having a combination of vehicles gross weight in excess of that authorized in subsection (3) of ORS 483.506, or an overall length in excess of that authorized in subsection (4) of ORS 483.504, the Commission is authorized to so declare by resolution and to fix the maximum gross weight and length and types and classes of combinations of vehicles which may be operated thereon. Said law further provides that after such resolution is filed with the Secretary of State no permit shall be required for the operation upon such highway, or section thereof, of any combination of vehicles not exceeding the maximum gross weight and length fixed for combinations of vehicles of that type and class; and

WHEREAS, the State Highway Engineer has made investigations and studies and has compiled information and statistics relative to the strength, stability, design and alignment of all state highways;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That based upon the studies, investigations, information and statistics made and compiled by the State Highway Engineer, it is the judgment of this Commission that certain highways, or sections thereof, as set forth hereinafter, are capable of carrying combinations of vehicles having a combination of vehicles gross weight in excess of that authorized in subsection (3) of ORS 483.506, or an overall length in excess of that authorized in paragraph I subsection (4) of ORS 483.504 or a number of vehicles in the combination in excess of that authorized in subsection (1) of ORS 483.508.

2. That except when engaged in the transportation of logs, poles or pilings, any combination of vehicles having an overall length not in excess of 50 feet and a combination of vehicles gross weight not in excess of 68,000 pounds may be operated without a permit upon all those highways or sections of highways listed on the attached list of "Group II Highways",

EXHIBIT "D-1" (Cont)

which for identification is marked "Attachment A", the attached list of "Group I Highways", which for identification is marked "Attachment B", and the attached list of "Special Group I Highways", which for identification is marked "Attachment C"; provided, however, that the above maximum length provision shall not be applicable as to the types of vehicle combinations and the highways named in subsection (4) (c) of ORS 483. 504.

3. That except when engaged in the transportation of logs, poles or piling, any combination of vehicles consisting of a truck and full trailer, or of a truck-tractor and semitrailer drawing one trailer, or of a truck-tractor and semitrailer drawing one additional semitrailer mounted on a dolly equipped with a fifth wheel, having an overall length not in excess of 60 feet and a combination of vehicles gross weight not in excess of 76,000 pounds, may be operated without a permit upon all those highways or sections of highways listed on the attached list of "Group I Highways", which for identification is marked "Attachment B."

4. That except when engaged in the transportation of logs, poles or piling, any combination of vehicles consisting of a truck-tractor and semitrailer having an overall length not in excess of 55 feet and a combination of vehicles gross weight not in excess of 74,000 pounds may be operated without a permit upon all those highways or sections of highways listed on the attached list of "Special Group I Highways", which for identification is marked "Attachment C."

5. That nothing contained in this resolution shall be deemed to authorize the operation of vehicles having any gross weight in excess of the applicable gross weights set forth in the tables of weights in subsection (3) and (4) of ORS 483. 524, nor any gross wheel, axle or tandem axle weight in excess of that set forth in subsection (3) of ORS 583. 506. Nothing contained in this resolution shall be deemed to authorize the operation of any combination of vehicles which is not properly licensed, or does not carry proper Oregon P. U. C. plates and certificates or, except as otherwise expressly provided herein, which does not comply in all respect with the Oregon Motor Vehicle Laws and the Oregon Motor Transportation Code.

6. That the State Highway Engineer shall prepare, or have prepared, prints of a map to be issued to any person requesting the same, showing in contrasting colors the Group II Highways, the Group I Highways, and the Special Group I Highways referred to in paragraphs 2, 3 and 4 of this resolution. Upon completion, prints thereof shall be attached to the original and all copies of this resolution.

7. That the provisions of this resolution are subject to any order heretofore or hereafter made by this Commission pursuant to ORS 483. 532, and the posting of any highway, section of highway, or highway structure to reduce limits of weights or dimensions shall be to that extent a modification of the weights or dimensions authorized by this resolution. This resolution may be changed, amended or rescinded at any time by resolution adopted by this Commission.

EXHIBIT "D-1" (Cont)

8. That this resolution revokes and supersedes a previous resolution of September, 1958, dealing with this subject.

9. That this Miscellaneous Resolution No. 208-d be entered in the minutes of this Commission as of the 2nd day of July, 1959, that the original of this resolution be filed in the records of the Secretary of the Commission, and that a duly certified copy thereof be filed with the Secretary of State, the Public Utility Commissioner, and the Superintendent of State Police.

issued pursuant to resolution adopted by State
Highway Commission on July 2-3, 1959

31797

under authority of ORS 483.525

THE FOLLOWING EXCERPTS FROM THE STATUTES ARE APPLICABLE TO COMBINATIONS OF VEHICLES OPERATING OVER STATE HIGHWAY ROUTE NO. 86 FROM BAKER TO HOMESTEAD, OREGON AND OVER STATE HIGHWAY NO. 242 (POWERS SECONDARY HIGHWAY, COOS COUNTY).

O.R.S. 483.504. RESTRICTION ON WIDTH, HEIGHT AND LENGTH OF VEHICLES.

• • •

(4) No vehicle operated singly or as a unit in a combination of vehicles shall exceed a length of 35 feet, inclusive of front and rear bumpers, and no combination of vehicles, including any load thereon, shall exceed a total length of 50 feet, except that:

• • •

(c) When operating on State Highway Route Number 86 and State Highway Number 242, a combination of vehicles consisting of a truck tractor and semitrailer drawing one trailer, or a truck tractor and semitrailer drawing one additional semitrailer mounted on a dolly equipped with a fifth wheel or a motor truck and a trailer other than a house trailer may exceed a total length of 50 feet but shall not exceed a total length of 60 feet.

[Notwithstanding the provisions of the resolution adopted by the Highway Commission pursuant to O.R.S. 483.525, a maximum gross weight of 76,000 pounds for such combinations is permitted on the Group III section (uncolored) of Oregon 86 and on the Group II section of State Highway Number 242 shown in green.]

NOTE: Material in brackets [ ] is added for the information of the industry and to clarify route descriptions.

SUGGESTED TRUCK WEIGHING PROCEDURE AT OREGON STATE HIGHWAY SCALES

For the convenience of the industry as well as the scale operator it is suggested that weights be obtained in the following sequence:

(1) Weight of steering axle
(2) Entire weight of truck or tractor
(3) Entire weight of trailer (last vehicle or unit)
(4) Last axle(s) if a full trailer

Double Header combinations (trains) are to be weighed in the following sequence:

(1) Steering axle
(2) Tractor unit
(3) Drive axle(s) and last axle(s) of semitrailer
(4) Full trailer (last unit)
(5) Last axle(s) of full trailer

To aid the truck operators in spotting the axles on a scale platform, the green signal light present at most scale installations will be used as follows:

(1) After weighing the steering axle the driver should proceed upon appearance of a continuous green light and should again stop when the light is turned off. This procedure would continue at each position of weighing.

(2) When the weighing is completed two flashes of the light would signify to the driver that he could proceed if desired.

If the above procedures are followed, the time element in weighing would be reduced and the driver's concentration on the proper placement of the equipment on the scale platform would be greatly relieved.

7-59

EXHIBIT "D-2"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, ORS 483.502 through ORS 483.508 set forth maximum limits with respect to the size and weight of vehicles or combinations of vehicles which may be operated over state highways, and the number of vehicles which may be coupled together in a combination of vehicles, hereafter referred to as "basic statutory limits"; and

WHEREAS, under the provisions of ORS 483.525, the State Highway Commission is authorized to declare and fix by resolution maximum gross weights and lengths in excess of the aforesaid basic statutory limits, but not in excess of the limits provided in ORS 483.524; and

WHEREAS, pursuant to such authority, it is the policy of the Commission to adopt from time to time a resolution listing highways previously classified as Group II, Group I or Special Group I highways and authorizing operation thereover, without permit, of certain types and classes of combinations of vehicles; and

WHEREAS, under the provisions of ORS 483.520 to ORS 483.524 and ORS 483.528 the State Highway Commission is also authorized to issue permits for the operation, over state highways, of vehicles and combinations of vehicles having a size, gross weight and number in combination in excess of the aforesaid basic statutory limits; and

WHEREAS, the Oregon Legislature, under the provisions of ORS 366.185(1), has authorized the State Highway Commission to delegate to the State Highway Engineer authority to issue the types of permits referred to herein;

NOW, THEREFORE, be it and it hereby is resolved and ordered by this Commission, all of the members being present and voting affirmatively, as follows:

SECTION A. SCOPE & EFFECT

Except for any resolution adopted pursuant to ORS 483.525, this resolution shall cancel and supersede all prior resolutions relating to any of the provisions contained herein, specifically:

Special Matters Resolution No. 40 dated 7-16-51
Miscellaneous Resolution No. 111 dated 5-11-54
Miscellaneous Resolution No. 127 dated 12-7-54
Miscellaneous Resolution No. 95a dated 11-8-56
Miscellaneous Resolution No. 111a dated 11-8-56
Special Matters Resolution No. 40a dated 2-28-57
Miscellaneous Resolution No. 99a dated 2-28-57
Miscellaneous Resolution No. 111b dated 2-28-57
Special Matters Resolution No. 40b dated 6-27-57

EXHIBIT "D-2" (Cont)

SECTION B. CLASSIFICATION OF HIGHWAYS

(1) Definitions:

Group I Highways:

Authorized to accommodate truck-trailer or train combinations, having a maximum overall length of 60 feet and a maximum gross weight of 76,000 pounds.

Special Group I Highways:

Authorized to accommodate truck-tractor and 35-foot semi combinations, having a maximum overall length of 55 feet and a maximum gross weight of 74,000 pounds.

Group II Highways:

Authorized to accommodate any combination of vehicles, having a maximum overall length of 50 feet and a maximum gross weight of 68,000 pounds.

Group III Highways:

Authorized to accommodate any combination of vehicles, having a maximum overall length of 50 feet and a maximum gross weight of 60,000 pounds.

(2) When the State Highway Engineer, upon careful and proper investigation, finds that any Group III highway, or section thereof, is adequate to accommodate combinations of vehicles, having a gross weight in excess of the basic statutory limit, then said Engineer is hereby authorized and directed to reclassify said highway, or section thereof, as a Group II highway, and thereafter to report such action to the Commission for approval and entry in the Commission's records.

(3) When the State Highway Engineer, upon careful and proper investigation (including the observation of test runs as required by ORS 483.524), finds that any Group III or any Group II highway, or section thereof, is adequate and of such character and design as to safely accommodate the movement of combinations of vehicles, having a gross weight or length in excess of the basic statutory limits, then said Engineer is hereby authorized and directed to reclassify said highway or section of highway as a Group I highway, and thereafter to report such action to the Commission for approval and entry in the Commission's records.

EXHIBIT "D-2" (Cont)

SECTION C. CONTINUOUS OPERATION PERMIT - OVERWEIGHT & OVERLENGTH VEHICLES

(1) The issuance of permits pursuant to the provisions of ORS 483.520, ORS 483.522 and ORS 483.524 is hereby authorized on the forms attached hereto, marked Exhibits "A" and "B", and by this reference made a part hereof. Said forms are hereby approved and adopted as to form and as to all provisions and regulations contained therein.

(a) Exhibit "A"--Transportation Permit for Continuous Operation of Overlength or Overweight Vehicles--Group I or II highways--Permit Form E-271. This permit authorizes movement over such highways as may be specified therein of combinations of vehicles, including any load thereon, having a description and length as specified therein, but in no event to exceed 65 feet, and having a gross weight of any wheel, axle or tandem axles not in excess of that authorized by subsections (1) and (3), ORS 483.506, and having a gross weight of a group of axles not in excess of that authorized in subsection (3), ORS 483.524, or a combination of vehicles, having a gross weight in excess of that authorized in subsection (4), ORS 483.524, or the sum of the permissible axle and tandem axle weights, whichever is less. The principal purpose of this permit shall be to authorize movement of overlength and overweight combinations of vehicles over highways reclassified or approved subsequent to the adoption by the Highway Commission of a resolution pursuant to ORS 483.525, or to authorize the use of other types of vehicle combinations not specifically provided for in such resolution.

(b) Permits issued on the form identified as Exhibit "A" may be issued by and for the State Highway Commission within the meaning, purpose and intent of ORS 483.520 and 483.524 and of this resolution and order; and shall be valid when bearing the facsimile signature of the State Hignway Engineer and signed by either the State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits, or the Transportation Permit Supervisor.

(1) Any permit issued on the form marked Exhibit "A" and signed as provided above shall be in full force and effect until the date of expiration specified therein, which said date shall not extend beyond one year from the date of issuance of the permit.

(c) Permits upon the form marked Exhibit "A" may also be issued from field offices, provided that the issuance of such permit has first been approved by either the State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits, or the Transportation Permit Supervisor.

EXHIBIT "D-2" (Cont)

(1) Provided further, that any permit issued on the form marked Exhibit "A", when issued by field offices as provided above, shall be valid for a period not to exceed 30 days.

(2) Under the direction of the State Highway Engineer, and subject to the conditions set forth in this resolution, the Resident Engineer, or, in his absence, the Officeman in the Resident Engineer's Office at Brookings, Gold Beach, Newport and Medford, Oregon; the Permit Clerk at the office of the Public Utility Commissioner at Ontario, Oregon; and the Maintenance Superintendents of the following districts and, in their absence, District Maintenance Officemen in the districts, are hereby authorized to sign and issue permits on the forms marked Exhibit "A":

2-A Astoria	4-B Redmond
2-C Corvallis	4-C Klamath Falls
2-D Tillamook	4-D Bend
3-A Eugene	5-A John Day
3-B Coquille	5-B Pendleton
3-C Grants Pass	5-C Baker
4-A The Dalles	5-D Burns

(3) Under the direction of the State Highway Engineer, and subject to the conditions set forth in this resolution, Division Engineers, Acting Division Engineers and, in their absence, Assistant Division Engineers and, in their absence, Division Office Engineers, in the following divisions, are hereby authorized to sign and issue permits on the forms marked Exhibit "A":

Division 3, Roseburg, Oregon
Division 4, Bend, Oregon
Division 5, La Grande, Oregon

(4) In addition to the persons above authorized to sign and issue permits, the State Highway Engineer is authorized to designate field office personnel, recommended to him by the Director of Permits, as qualified to sign and issue permits pursuant to the provisions of ORS 483.520 and ORS 483.524 and of this resolution.

(5) The Director of Permits shall furnish to the Superintendent of the State Police and the Public Utility Commissioner a current list of all State Highway Department officials and employees who are authorized to sign and issue permits pursuant to this section of this resolution.

(6) Exhibit "B"--Transportation Permit for Excess Length and/or Weight--Logs, Poles, Piling or Structural Timbers--Form E-322. This permit authorizes the movement over such highways as may be specified therein of vehicles or combinations of vehicles, engaged in the transportation of logs, poles, piling or structural timbers having an overall length, including the load thereon, as specified therein and having a gross weight of any wheel,

EXHIBIT "D-2" (Cont)

axle, tandem axles or group of axles not in excess of that authorized by subsections (1), (2) and (3), ORS 483.506, and having a gross weight of a combination of vehicles not in excess of that specified in the permit or that authorized by subsections (4) and (5), ORS 483.524, whichever is less.

(7) Permits issued on the form identified as Exhibit "B" may be issued by and for the State Highway Commission within the meaning, purpose and intent of ORS 483.520 and 483.524 and of this resolution and order; and shall be valid when bearing the facsimile signature of the State Highway Engineer and signed by either the State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits, or the Transportation Permit Supervisor.

(a) Any permit issued on the form marked Exhibit "B" and signed as provided above shall be in full force and effect until the date of expiration specified therein, which said date shall not extend beyond one year from the date of issuance of the permit.

EXHIBIT "D-2" (Cont)

SECTION D. CONTINUOUS OPERATION PERMIT - OVERHEIGHT VEHICLES

(1) Subject to such actions as the Commission may hereafter deem to be in the public interest, the issuance of permits for the operation over state highways of vehicles or combinations of vehicles, including any load thereon, having a height in excess of twelve and one-half feet, but not in excess of thirteen and one-half feet, pursuant to the provisions of subsection (4), ORS 483.520, is hereby authorized in the form marked Exhibit "C"--Transportation Permit for Continuous Operation of Overheight Vehicles--Form E-347, which is attached hereto and by this reference made a part hereof. Said form is hereby approved and adopted by this Commission.

(2) The State Highway Engineer is directed to determine the state highways upon which there is located any tunnel or overhead structure having a vertical clearance of less than fourteen feet above any point on the roadway surface, if the effective roadway width is less than twenty feet, or within ten feet from the centerline of the highway, if the effective roadway width is more than twenty feet. A list of such highways, or sections thereof, shall be attached to or incorporated into each permit issued pursuant to this section of this resolution. No such permit shall be issued or valid for the operation of any vehicle or combination of vehicles having a height in excess of twelve and one-half feet over any highway or section of highway set forth on said list.

(3) No permit shall be issued pursuant to this section of this resolution for the operation of any vehicle or combination of vehicles engaged in transporting lumber or logs, except that permits may be issued for the operation of a vehicle or combination of vehicles engaged in the transportation of loads consisting of one log only.

(4) Permits issued on the form identified as Exhibit "C" may be issued by and for the State Highway Commission within the meaning, purpose and intent of ORS 483.520 and of this resolution and order; and shall be valid when bearing the facsimile signature of the State Highway Engineer and signed by either the State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits, or the Transportation Permit Supervisor.

(a) Any permit issued on the form marked Exhibit "C" and signed as provided above shall be in full force and effect until the date of expiration specified on the permit, which said date shall not extend beyond one year from the date of issuance of the permit.

(5) Permits upon the form marked Exhibit "C" may also be issued from field offices, provided that the issuance of such permit has first been approved by either the State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits, or the Transportation Permit Supervisor.

EXHIBIT "D-2" (Cont)

(a) Provided further, that any permit issued on the form marked Exhibit "C", when issued by field offices as provided above, shall be valid for a period not to exceed 30 days.

(6) Under the direction of the State Highway Engineer, and subject to the conditions set forth in this resolution, the Resident Engineer, or, in his absence, the Officeman in the Resident Engineer's Office at Brookings, Gold Beach, Newport and Medford, Oregon; the Permit Clerk at the office of the Public Utility Commissioner at Ontario, Oregon; and the Maintenance Superintendents of the following districts, and, in their absence, District Maintenance Officemen in the districts, are hereby authorized to sign and issue permits on the forms marked Exhibit "C".

2-A Astoria	4-B Redmond
2-C Corvallis	4-C Klamath Falls
2-D Tillamook	4-D Bend
3-A Eugene	5-A John Day
3-B Coquille	5-B Pendleton
3-C Grants Pass	5-C Baker
4-A The Dalles	5-D Burns

(7) Under the direction of the State Highway Engineer, and subject to the conditions set forth in this resolution, Division Engineers, Acting Division Engineers and, in their absence, Assistant Division Engineers and, in their absence, Division Office Engineers, in the following divisions, are hereby authorized to sign and issue permits on the forms marked Exhibit "C":

Division 3, Roseburg, Oregon
Division 4, Bend, Oregon
Division 5, LaGrande, Oregon

(8) In addition to the persons above authorized to sign and issue permits, the State Highway Engineer is authorized to designate field office personnel, recommended to him by the Director of Permits, as qualified to sign and issue permits pursuant to the provisions of ORS 483.520 and of this resolution.

(9) The Director of Permits shall furnish to the Superintendent of the State Police and the Public Utility Commissioner a current list of all State Highway Department officials and employees who are authorized to sign and issue permits pursuant to this section of this resolution.

EXHIBIT "D-2" (Cont)

SECTION E. CONTINUOUS OPERATION PERMIT - OVER WIDTH LOADS

(1) Subject to such action as the Commission may hereafter deem to be in the public interest, the issuance of permits pursuant to the provisions of subsection (2) ORS 483.520, is hereby authorized on the form attached hereto, marked Exhibit "D"--Transportation Permit for Continuous Operation of Overwidth Loads-Forest Products--Form E-327, and by this reference made a part hereof, which said form of permit is hereby approved and adopted by this Commission as to all provisions and regulations contained herein.

(2) That permits on said permit form marked Exhibit "D" may be issued within the meaning, purpose and intent of subsection (2), ORS 483.520 and of this resolution and order; and shall be valid when bearing the facsimile signature of the State Highway Engineer and signed by either the State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits or the Transportation Permit Supervisor.

(3) Any permit issued upon said permit form marked Exhibit "D" shall be in force and effect for a period of not more than one year from the date of its issuance, or shall expire upon the expiration date of the insurance required in paragraph (4) below, whichever occurs first.

(4) No permit shall be issued under the authority of subsection (2), ORS 483.520, and of this section of this resolution unless and until the permittee shall have furnished evidence satisfactory to the Director of Permits that he has procured and has in full force and effect, covering the proposed operation of the vehicle or vehicles pursuant to the permit issued, a policy or policies of public liability and property damage insurance on the same forms and in the same manner as provided in paragraph (8), Section F of this resolution, except that the required limits of liability shall be not less than $10,000/20,000 bodily injury and $10,000 property damage.

EXHIBIT "D-2" (Cont)

SECTION F. SINGLE TRIP PERMITS

(1) No permit shall be issued under the provisions of ORS 483.528 unless and until there is delivered to a proper person authorized to issue permits a written application for permit in the form marked Exhibit "E"--Application for Special Permit--Form E-283, attached hereto and by this reference made a part hereof.

(2) Any permit issued pursuant to the provisions of ORS 483.528 shall be in the form attached hereto, marked Exhibit "F"--Transportation Permit for Single Trip Oversize or Overweight Load--Form E-250, and by this reference made a part hereof, and which is hereby approved and adopted as to all provisions and regulations contained therein. Said permit may include such special provisions as are, in the opinion of the person issuing it pursuant to the authority herein contained, necessary and required to protect the motoring public and to effect the movement without damage to highways and highway facilities.

(3) Except for permits issued pursuant to subsection (6), ORS 483.528, only one permit shall be issued to any permittee for the purpose of facilitating any one movement of a particular vehicle, combination of vehicles, article, property or thing, whether such movement will be in excess of any or all statutory limitations as to width, height, length or gross weight, or in excess of the limitations of any permit issued pursuant to the provisions of ORS 483.520 or any resolution adopted pursuant to ORS 483.525.

(4) (a) When any of the personnel designated in paragraph (14) of this section find that the proposed movement is to be made over a highway classified as either a Group I or Group II highway, as defined in paragraph (1) of Section B of this resolution, and as set forth in any resolution adopted by the Commission pursuant to the provisions of ORS 483.525, he is authorized to issue a permit for such movement, subject to the limitations hereinafter stated, provided that the gross weights are not in excess of the following, to-wit:

Maximum gross weight of any vehicle or combination of vehicles, 84,000 pounds.

Maximum gross weight of any axle, 600 pounds per inch of the total tire width of the wheels of the axle or 19,000 pounds, whichever is less.

Maximum gross weight of any tandem axles, 38,000 pounds.

Maximum gross weight in pounds of any group of axles spaced 18 feet or less apart shall be determined by the formula $W = 1000 \times (L + 40)$, wherein "L" represents the distance in feet between the first and last axles.

EXHIBIT "D-2" (Cont)

Maximum gross weight in pounds of any group of axles spaced more than 18 feet apart shall be determined by the formula W = 1100 X (L + 40).

(b) Subject to the provisions of paragraph (11) of this section, when any of the personnel designated in paragraph (14) of this section find that the proposed movement is to be made over a highway classified as either a Group I or Group II highway, as defined in paragraph (1) of Section B of this resolution and as set forth in any resolution adopted pursuant to the provisions of ORS 483.525, he is authorized to issue a permit for such movement, subject to the limitations hereinafter stated, provided that the gross weights are not in excess of the following, to-wit:

Maximum gross weight of any vehicle or combination of vehicles, 96,000 pounds.

Maximum gross weight of any axle, 600 pounds per inch of the total tire width of the wheels of the axle or 21,500 pounds, whichever is less.

Maximum gross weight of any tandem axles, 43,000 pounds.

Maximum gross weight in pounds of any group of axles spaced 18 feet or less apart shall be determined by the formula W = 1000 X (L +40), wherein "L" represents the distance in feet between the first and last axles.

Maximum gross weight in pounds of any group of axles spaced more than 18 feet apart is determined by the formula W = 1200 X (L +40).

(c) Permits may be issued for the movement of unladen vehicles or construction equipment having a maximum gross weight of any single axle exceeding 21,500 pounds when such single axle is equipped with low-pressure type tires in accordance with the following minimum tire sizes and maximum weights:

No.	Minimum Tire Width Cross Section Diameter	Maximum Axle Weight
2 4	18 inch, or 14 inch	24,000 pounds
2	21 inch	26,000 pounds
2	24 inch	34,000 pounds
2 4	27 inch, or 18 inch	36,000 pounds

EXHIBIT "D-2" (Cont)

(5) The granting of any such permit shall be conditioned upon a finding by the State Highway Engineer that the specific sections of highways, bridges or other structures are of a structural condition and design which will permit the proposed movement. In the event that the State Highway Engineer finds that a specific section of highway, bridge or other structure has developed a weakness or for some other reason will not safely accommodate the aforesaid gross weights or dimensions, he is hereby directed to reduce the maximum gross weights or dimensions provided in any permit, accordingly.

(6) On all highways other than Group II and Group I highways, as defined in paragraph (1) of Section B of this resolution and as set forth in any resolution adopted pursuant to the provisions of ORS 483.525, the maximum gross weights to be provided in any permit shall, subject to the maximum gross weights provided in paragraph (4) (a), (b) or (c) of this section of this resolution, be based upon the recommendation of the State Highway Engineer. When the State Highway Engineer finds that any gross weight involved in any proposed movement does not exceed the limitations set forth in paragraph (4) (a), (b) or (c) and that the movement can be made with safety upon highways other than Group I and Group II highways, then either the State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits, or the Transportation Permit Supervisor, and only those officials, may authorize the issuance of a permit for such movement.

(7) Permits may be issued for the movement of unusual indivisible loads, having a gross weight in excess of the limitations contained in paragraphs (4) (a), (b) or (c) of this section of this resolution over any state highway, provided that investigation of the type of hauling equipment, capacity of the highway, bridges and structures indicates that the movement can be made with complete safety. Additional indemnity insurance or bond may be required as provided in paragraphs (8) and (9) of this section. The State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits, or the Transportation Permit Supervisor, and only those officials, may authorize the issuance of a permit for such movement.

(8) Insurance--No permit shall be issued unless and until the applicant shall have furnished evidence satisfactory to the Director of Permits that he has procured and has in full force and effect, covering the proposed movement, a policy or policies of public liability and property damage insurance issued by an insurance company duly qualified and licensed to do business in the State of Oregon in amounts not less than those hereinafter set forth:

(a) If the applicant is a contract (for hire) hauler; a private hauler (hauling for himself), other than a rancher or a farmer; or an operator of log or lumber carriers, or moving vans, the public liability insurance shall be not

EXHIBIT "D-2" (Cont)

less than $50,000/100,000 and the property damage insurance shall be not less than $25,000.

(b) If the applicant is a rancher or farmer transporting his own equipment, the public liability insurance shall be not less than $10,000/20,000 and the property damage insurance shall be not less than $10,000.

(c) If the applicant is operating a motor vehicle towing a trailer coach having a width not in excess of 8 feet, the public liability insurance shall be not less than $50,000/100,000 and the property damage insurance shall be not less than $10,000.

(d) If the applicant is operating a motor vehicle towing a trailer coach having a width in excess of 8 feet but not in excess of 10 feet, the public liability insurance shall be not less than $100,000/300,000 and the property damage insurance shall be not less than $50,000.

(e) The evidence of insurance shall be submitted on the form attached hereto, marked Exhibit "G"--Bodily Injury Liability and Property Damage Liability Certificate of Insurance for Oversize-Overweight Vehicle Permits--Form E-352, and by this reference made a part hereof, and which is hereby adopted by the Commission as standard for this purpose. An endorsement shall be executed and attached to the policy in the form attached hereto, marked Exhibit "H"--Endorsement for Oversize--Overweight Permits--Form E-351, and by this reference made a part hereof, and which is hereby adopted by the Commission as standard for this purpose.

(9) Indemnity Insurance or Bond--When, in the opinion of either the State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits, or the Transportation Permit Supervisor, and only those officials, the proposed movement is of such a highly unusual or extraordinarily hazardous nature that added financial protection for the State or the public is necessary, the permittee shall be required to furnish either indemnity insurance or an indemnity bond, as provided in ORS 483.528, or, in lieu of such bond, a certified check or cash in the amount of the indemnity insurance or penal sum of the bond, as follows:

(a) Contract haulers; private haulers, other than ranchers or farmers; log and lumber carriers, and moving vans--$10,000.

(b) Ranchers or farmers--$1,000.

EXHIBIT "D-2" (Cont)

If the movement warrants, however, the above-mentioned officials may require an amount of indemnity insurance or penal sum of an indemnity bond in excess of these limits and commensurate with the degree of damage which may result from said movement. If an indemnity bond is required, it shall be executed in the form attached hereto marked Exhibit "I"--Special Transportation Permit Bond, and by this reference made a part hereof and hereby adopted as standard for this purpose.

(10) The maximum gross weight and dimensions which may be authorized by field office personnel designated in paragraph (14) of this section are as follows:

(a) Weight: Maximum weights shall be subject to the limitations set forth in paragraph (4) (a) in this section of this resolution.

(b) Overheight: No permit shall be issued in excess of the clearance limits allowable for all structures as shown on "Vertical Clearance Map" of the State Highway System; provided, however, that no permit shall be issued for a height in excess of six (6) inches less than the maximum vertical clearance available on the route over which the movement is to be made.

(c) Overwidth: No permit shall be issued allowing a width in excess of eleven (11) feet six (6) inches.

(d) Overlength: No permit shall be issued allowing a movement having an overall length of more than sixty (60) feet on Group I highways, or more than fifty-five (55) feet on Group II highways.

(11) The field office personnel designated in paragraph (14) of this section are hereby authorized to issue permits, but only after having received prior approval from the State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits, or the Transportation Permit Supervisor, for the movement of a vehicle, combination of vehicles, article, property or thing, having dimensions in excess of those set forth in paragraph (10) above and for movements extending beyond the boundaries of their respective district or division.

(12) If at any time, or under any conditions, either the State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits, the Transportation Permit Supervisor, any Division Engineer, any Acting Division Engineer, any Assistant Division Engineer, any District Maintenance Superintendent or any Staff Engineer of the Highway Department shall be of the opinion that any movement being made pursuant to any permit issued under authority of this section of this resolution is unduly hazardous to the motoring public; is not being

made according to the terms and conditions of the permit governing the movement or cannot be made with safety to highway facilities and structures, they are each hereby directed and authorized to stop such movement forthwith and take necessary, proper and reasonable action to correct the conditions and minimize or eliminate the hazard to the motoring public and to state highway facilities and structures.

(13) The persons designated in paragraph (14) (a) of this section shall, in determining whether or not a particular permit should be issued and in determining any special provisions to be included in such permit, take into consideration the manner in which the permittee has conducted movements under prior permits and the nature and extent of any violations of provisions contained in permits issued to the permittee in the past.

(14) Persons authorized to issue single trip permits:

(a) Permits issued on the form identified as Exhibit "F" may be issued by and for the State Highway Commission, within the meaning, purpose and intent of ORS 483.528 and of this resolution and order; and shall be valid when bearing the facsimile signature of the State Highway Engineer and signed by either the State Highway Engineer, any Assistant State Highway Engineer, the Director of Permits, the Assistant Director of Permits, or the Transportation Permit Supervisor.

(b) Permits issued upon the form marked Exhibit "F" may be issued from field offices, but only in accordance with the provisions of paragraphs (10) and (11) of this section and resolution.

(c) Under the direction of the State Highway Engineer, and subject to the conditions set forth in this resolution, the Resident Engineer, or, in his absence, the Officeman in the Resident Engineer's Office at Brookings, Gold Beach, Newport and Medford, Oregon; the Permit Clerk at the office of the Public Utility Commissioner at Ontario, Oregon; and the Maintenance Superintendents of the following districts, and in their absence, District Maintenance Officemen in the districts, are hereby authorized to sign and issue permits on the form marked Exhibit "F":

2-A Astoria
2-C Corvallis
2-D Tillamook
3-A Eugene
3-B Coquille
3-C Grants Pass
4-A The Dalles
4-B Redmond
4-C Klamath Falls
4-D Bend
5-A John Day
5-B Pendleton
5-C Baker
5-D Burns

EXHIBIT "D-2" (Cont)

(d) Under the direction of the State Highway Engineer, and subject to the conditions set forth in this resolution, Division Engineers, Acting Division Engineers, and in their absence, Assistant Division Engineers, and in their absence, Division Office Engineers, in the following divisions are hereby authorized to sign and issue permits on the form marked Exhibit "F":

Division 3, Roseburg, Oregon
Division 4, Bend, Oregon
Division 5, LaGrande, Oregon

(e) In addition to the persons above authorized to sign and issue permits, the State Highway Engineer is authorized to designate field office personnel, recommended to him by the Director of Permits, as qualified to sign and issue permits pursuant to the provisions of ORS 483.528 and of this resolution.

(f) The Director of Permits shall furnish to the Superintendent of the State Police and the Public Utility Commissioner a current list of all State Highway Department officials and employees who are authorized to sign and issue permits pursuant to this section of this resolution.

EXHIBIT "D-2" (Cont)

SECTION G. PERMITS REVOCABLE

Any permit issued pursuant to any of the provisions of this resolution may be revoked by the Commission for non-compliance with the terms and conditions thereof or when it is deemed necessary in the furtherance of the public interest.

SECTION I

This resolution shall be entered in the minutes and records of the Commission as Loads and Hauling Resolution No. 25, dated this 2nd day of July, 1959, and a duplicate original of this resolution filed in the office of the Secretary of State, the Superintendent of the State Police, and the Public Utility Commissioner.

TABLES OF PERMISSIBLE WEIGHTS

9. a. The gross weight of any group of axles of any vehicle or combination of vehicles, where the distance between the first and last axles of any group of axles is 18 feet or less, shall not exceed that set forth in the following table:

Distance Between First and Last Axles of Group (feet)	Maximum Gross Weight of Group (pounds)	Distance Between First and Last Axles of Group (feet)	Maximum Gross Weight of Group (pounds)
less than 6	32,000	12	36,400
6	32,200	13	37,100
7	32,900	14	43,200
8	33,600	15	44,000
9	34,300	16	44,800
10	35,000	17	45,600
11	35,700	18	46,400

b. The gross weight of any vehicle or combination of vehicles, where the distance between the first and last axles of the vehicle or combination of vehicles is more than 18 feet, shall not exceed that set forth in the following table:

Distance Between First and Last Axles of Vehicles or Comb. of Vehicles (feet)	Maximum Gross Weight of Vehicle or Combination of Vehicles (pounds)	Distance Between First and Last Axles of Vehicles or Comb of Vehicles (feet)	Maximum Gross Weight of Vehicle or Combination of Vehicles (pounds)
18	46,400	37	65,450
19	47,200	38	66,300
20	48,000	39	67,150
21	48,800	40	68,000
22	49,600	41	68,000
23	50,400	42	68,000
24	51,200	43	68,000
25	55,250	44	68,000
26	56,100	45	68,000
27	56,950	46	68,800
28	57,800	47	69,600
29	58,650	48	70,400
30	59,500	49	71,200
31	60,350	50	72,000
32	61,200	51	72,800
33	62,050	52	73,600
34	62,900	53	74,400
35	63,750	54	75,200
36	64,600	55 or over	76,000

The maximum gross weights in the above tables are for axle spacings measured to the nearest foot. If the axle spacing as actually measured is exactly one-half foot, the gross weight allowed is that given in the table for the next higher spacing.

TRANSPORTATION PERMIT
FOR EXCESS LENGTH OR WEIGHT
S, POLES, PILING OR STRUCTURAL TIMBERS

THIS COPY FOR

P. U. C. OFFICE ☐

☐

☐

☐

Subject to each and all of the following terms and conditions, including those on the reverse side hereof, and pursuant to the provisions of 83.524, and not otherwise, the above named permittee is hereby authorized to transport ..... on the vehicle(s) bination(s) of vehicles herein described, having an overall length, including any load thereon, not in excess of ..... feet, and an wheelbase, measured from the first axle to the last axle of the combination of vehicles, not in excess of ..... feet, over the ng state highways.

DESCRIPTION OF HAULING EQUIPMENT

ake of Equipment	Motor Number	PUC Number	Type

Posted Load Limits

7. The posting of any highway or structure to reduced limits of weights or dimensions shall be to that extent a modification of the weights or dimensions allowed under this permit.

Permissible Weights

8. Pursuant to subsections (1) and (2) of ORS 483.506 the gross axle or tandem axle weight of any axle or tandem axle of a vehicle shall not exceed 550 pounds per inch of the total tire width of the wheels of the axle or tandem axles.

No vehicle or combination of vehicles engaged in transporting logs, poles or piling shall have a gross weight in excess of (a) 9,500 pounds on any wheel, (b) 19,000 pounds on any axle, (c) 34,000 pounds on any tandem axles, (d) 37,000 pounds on any group of axles consisting of the rear single axle of a truck-tractor and the single axle of a pole trailer or semitrailer or consisting of the rear single axle of a motor truck and the front axle of a trailer; (e) 50,000 pounds on any group of axles consisting of the rear single axle of a truck-tractor and the tandem axles of a pole trailer or semitrailer, or consisting of the rear tandem axles of a truck-tractor and the single axle of a pole trailer or semitrailer or consisting of the rear tandem axles of a motor truck and the front axle of a trailer; (f) 66,000 pounds on any group of axles consisting of the rear tandem axles of a truck-tractor and the tandem axles of a pole trailer or semitrailer.

9. The gross weight of combinations of vehicles transporting structural timbers shall not exceed the limitations of ORS 483.506, subsection (1) and subsection (3) or the weights set forth in the tables below.

The gross weight of combinations of vehicles transporting logs, poles or piling shall not exceed the limitations of ORS 483.506, subsection (1) and subsection (2) or the weights set forth in the tables below.

The gross weight of any group of axles of any vehicle or combination of vehicles, where the distance between the first and last axles of any group of axles is 18 feet or less, shall not exceed that set forth in the following table:

Distance Between First and Last Axles of Group (feet)	Maximum Gross Weight of Group (pounds)	Distance Between First and Last Axles of Group (feet)	Maximum Gross Weight of Group (pounds)
less than 6	32,000	12	36,400
6	32,200	13	37,100
7	32,900	14	43,200
8	33,600	15	44,000
9	34,300	16	44,800
10	35,000	17	45,600
11	35,700	18	46,400

The gross weight of any vehicle or combination of vehicles, where the distance between the first and last axle of the vehicle or combination of vehicles is more than 18 feet, shall not exceed that set forth in the following table:

Distance Between First and Last Axles of Vehicles or Comb. of Vehicles (feet)	Maximum Gross Weight of Vehicle or Combination of Vehicles (pounds)	Distance Between First and Last Axles of Vehicles or Comb. of Vehicles (feet)	Maximum Gross Weight of Vehicle or Combination of Vehicles (pounds)
18	46,400	37	65,450
19	47,200	38	66,300
20	48,000	39	67,150
21	48,800	40	68,000
22	49,600	41	68,000
23	50,400	42	68,000
24	51,200	43	68,000
25	55,250	44	68,000
26	56,100	45	68,000
27	56,950	46	68,800
28	57,800	47	69,600
29	58,650	48	70,400
30	59,500	49	71,200
31	60,350	50	72,000
32	61,200	51	72,800
33	62,050	52	73,600
34	62,900	53	74,400
35	63,750	54	75,200
36	64,600	55 or over	76,000

* Gross weight allowed pursuant to subsection (5) ORS 483.524 below.

* Subsection (5), ORS 483.524—The maximum gross weight of any combination of vehicles consisting of a truck-tractor with a tandem rear axle and a pole trailer with a tandem axle and having an overall wheelbase length, measured from the first axle to the last axle of the combination of vehicles, of more than 40 feet, when used in the transportation of logs, poles or piling, may be equal to but shall not exceed the maximum gross weight set forth in the table of weights above for a combination of vehicles having an overall wheelbase three feet greater in length.

The maximum gross weights in the above tables are for axle spacings measured to the nearest foot. If the axle spacing as actually measured is exactly one-half foot, the gross weight allowed is that given in the table for the next higher spacing.

TRANSPORTATION PERMIT (TEMPORARY) FOR CONTINUOUS OPERATION OF OVERHEIGHT VEHICLES

THIS COPY FOR	
P.U.C OFFICE	
STATE POLICE	
WEIGHMASTER	

Under authority of ORS 483.520, the above-named permittee is hereby authorized to operate truck or truck-tractor identified herein, or a combination of vehicles employing the truck or truck-tor identified herein, having an over-all height, including load thereon, in excess of 12 feet 6 inches not in excess of 13 feet 6 inches, over all State highways except those highways or sections of highways cated on the reverse hereof.

DESCRIPTION OF HAULING EQUIPMENT

E OF TRUCK OR TRACTOR — MOTOR NO. — FIRM NO.

1. This permit is issued for and authorizes the operation of van type vehicles and equipment engaged in transportation of general commodities

EXCEPT LUMBER OR LOGS

2. The posting of any highway or structure to reduced limits of height shall be to that extent a modation of the height allowed under this permit. The provisions of this permit do not relieve the owner or driver of vehicle or combination of vehicles from the exercise of due care in determining that sufficient vertical clearance rovided upon the highways and streets where the vehicle or combination of vehicles is being operated.

3. The owner and driver or chauffeur of any vehicle or combination of vehicles described above using the ways or bridges of this State in violation of any of the provisions of this permit shall be jointly and severally le to the State for all damage done to a highway or bridge as a result of the violation.

4. This permit is authority only for the operation of vehicles or combinations of vehicles having a ht in excess of 12 feet 6 inches but not in excess of 13 feet 6 inches, and any vehicle or combination of vehicles rated under authority of this permit must comply with the requirements of ORS 483.504, ORS 483.506, ORS 483.508, 483.520, ORS 483.522, ORS 483.524, ORS 483.525 and ORS 483.530, or permits issued pursuant thereto, with respect ize, weight, description, type of construction, etc. All equipment operating under authority of this permit shall roperly licensed, shall carry proper Oregon P.U.C. authorization, and except as modified by this or any other valid nsportation permit, shall conform with the Oregon Motor Vehicle Laws and the Oregon Motor Transportation Code.

5. This permit must be carried at all times in the cab of the truck or truck-tractor, as the case may and shall be available for inspection by any police officer or representative of the State Highway Department or Public Utilities Commissioner.

6. This permit is of a temporary nature only and will expire on ----------, provided t at any time prior thereto this permit may be cancelled by the State Highway Commission for violation of any of the ns and conditions of this permit, or when, in the judgement of the Highway Commission, public interest requires cellation of this permit.

Subject to each and all of the following terms and conditions, including those on the reverse side hereof and pursuant to the provisions of ORS 483.388, and not otherwise, the permittee is hereby authorized to move the commodity or vehicle or combination of vehicles and load of the description, overall size and weight hereinafter stated over state highways named [illegible] from

Highway route:

COMMODITY:

OVERALL WIDTH:

OVERALL HEIGHT:

OVERALL LENGTH:

GROSS WEIGHT:

DESCRIPTION OF HAULING EQUIPMENT: TYPE

MAKE [illegible] PUC No. LICENSE No. TRUCK No.

PERMITTEE SHALL PROVIDE WARNING TO OTHER HIGHWAY USERS BY FLAGMAN-ESCORT(S) AS CHECKED BELOW:

☐ One flagman-escort ☐ Two flagmen-escorts

☐ No flagman escort except as required in paragraph 5 or 7 or by additional special provisions.

Where one flagman-escort is specified the escort vehicle shall precede the movement, except on 4-lane divided highways where the escort vehicle shall follow the movement. Where two flagmen-escorts are specified one escort vehicle shall precede and the second shall follow the movement.

It shall be the duty of the flagman-escort to warn approaching or overtaking traffic, as the case may be, of the hazard occasioned by the movement by the use of approved signaling devices or flags and signs. Escort vehicles shall, on rural highways, maintain a distance ahead or behind the movement of not less than 500 feet nor more than 600 feet. In cities or congested areas where traffic is controlled by signals this distance shall be reduced to not more than 300 feet.

AN ESCORT VEHICLE MAY BE A MOTORCYCLE, AUTOMOBILE, PICK-UP OR UNLADEN TRUCK OF NOT MORE THAN 1½ TON CAPACITY (MANUFACTURERS RATING), EXCEPT THAT A MOTORCYCLE SHALL NOT BE USED AS A REAR ESCORT VEHICLE. UNDER NO CIRCUMSTANCES SHALL A COMBINATION OF VEHICLES [illegible] VEHICLE

Escort vehicles except for motorcycles, shall display, appropriately to the front or rear, standard OSHD signs No. W-1405/6 or substantially similar signs bearing the words ☐ "WIDE LOAD" or ☐ "LONG LOAD" only during the course of the movement, and such signs shall be removed at all other times. Motorcycles shall be equipped with flashing amber light, red flags on each side and operated by a uniformed rider.

1. All wheels must be equipped with tires of sufficient size that the gross axle and tandem axle weights of any axle or tandem axles of a vehicle does not exceed 600 pounds per inch of tire width.

2. The gross weight of a vehicle or combination of vehicles where the distance between the first and last axles of the vehicle or combination of vehicles is more than 18 feet shall not exceed that determined by the formula W = ____ × (L + 40), wherein W equals the gross weight in pounds and L equals the distance in feet between the first and last axles of such group of axles.

The gross weight of any group of axles spaced 18 feet or less apart of any vehicle or combination of vehicles operated under this permit shall not exceed that determined by the formula W = ____ × (L + 40).

In no case shall the gross weight of the vehicle and load or combination of vehicles and load exceed ____ pounds, nor shall the gross weight of any individual axle exceed ____ pounds, nor shall the gross weight of any tandem axles exceed ____ pounds.

The posting of any highway or structure to reduced limits of weight or dimensions shall be to that extent a modification of the weights or dimensions allowed under this permit.

3. This permit is intended only to authorize movement of a commodity or vehicle or combination of vehicles and load of excess ____ and in all other respects the equipment and load covered by this permit shall conform to the Oregon Motor Vehicle Laws and the Oregon Motor Transportation Code as the same may be modified by the provisions of this permit. This permit must be carried at all times in the cab of the truck or truck-tractor, as the case may be, and shall be available for inspection by any police officer [illegible] of the State Highway Department or the Public Utility Commissioner.

THIS PERMIT IS OF A TEMPORARY NATURE ONLY AND WILL EXPIRE ON ____

OREGON STATE HIGHWAY COMMISSION

By W. C. WILLIAMS, State Highway Engineer

Countersigned by ____

Title ____

Continuing permits not valid while operating under this permit.

EXHIBIT F

SEE REVERSE SIDE FOR ADDITIONAL OREGON STATE HIGHWAY COMMISSION PROVISIONS

Road and Weather

4. This movement is not permitted when road surfaces are hazardous due to ice, snow or frost or when visibility is restricted to less than 500 feet by fog, smoke or other atmospheric conditions if the width is in excess of 8 feet, height is in excess of 13 feet 6 inches, individual vehicle unit length is in excess of 40 feet or if the overall length is in excess of 60 feet in the case of semi-trailer combinations or 65 feet in the case of truck-trailer or "doubles" combinations.

Opposite Highway Center-line and Centerline

5. The movement authorized hereby shall at all times keep to the extreme righthand side of the traveled roadway. On two-lane highways when the roadway width is such that any portion of the movement extends over, beyond or to the left of the center-line of the traveled roadway, except when overtaking or passing other vehicles or an obstruction on the highway, the permittee shall furnish a flagman-escort to precede the load and warn approaching traffic, whether or not such flagman-escort is required on the face of this permit.

Speed

6. The driver in control of this movement shall, at all times, operate at a reasonable speed, giving due consideration to existing conditions.

Clearance Impaired Clearance

7. Full responsibility for the determination of adequate clearance, both vertical and horizontal, hereby is imposed upon the permittee and the driver of the equipment for any movement involving a load of excessive width or height being transported across any highway bridge or under any overhead structure. When the vertical or horizontal clearance is impaired to the extent that full two-way traffic cannot be maintained, the permittee shall provide a flagman whose duty shall be to prevent approaching vehicles from entering the structure while it is impaired by the movement covered by this permit.

Traffic Hours and Days

8. Unless otherwise endorsed hereon movements having a height, length of load or length of a vehicle or combination of vehicles in excess of the limits provided in ORS 483.504, of any permit issued pursuant to the provisions of ORS 483.500 to ORS 483.534 or of any resolution adopted pursuant to ORS 483.525, or overall widths in excess of 8 feet are strictly prohibited during Saturday afternoons, Sundays, holidays or during the hours of darkness. The particular holidays to which this reservation applies are New Years Day, Memorial Day, Independence Day, Labor Day, Veterans Day, Thanksgiving Day and Christmas Day; and whenever any of said holidays fall on a Sunday, then the following Monday shall be deemed the holiday.

Road Highway Damage

9. Permittee shall be held responsible and liable for any and all injury or damage to, or destruction of any highway or any highway structure occasioned by the movement over said highways, and hereby agrees to reimburse the State Highway Department for the cost or expense of repairing or restoring any highway or highway structure so injured, damaged, or destroyed; such reimbursement to be made by the permittee within ten days after being billed for the same by the State Highway Department. When requested to do so, permittee shall furnish the State either a certified check or a surety bond, in an amount to be specified by the Department, to guarantee the payment of claim for damages which may occur resulting from movements of an unusually large or heavy nature.

Insurance

10. Permittee shall also be held responsible and liable for any and all injury to persons or damage to property resulting from the movement over and upon said highways, and shall indemnify and hold harmless the State of Oregon, the State Highway Commission, its members, officers, employees and agents, jointly and severally, from liability in the event that such injury or damage shall occur. In this connection permittee shall furnish to the State Highway Department evidence of satisfactory public liability and property damage insurance, in amounts as may be required by the Commission, and evidence of satisfactory indemnity insurance or a satisfactory indemnity bond, indemnifying the State of Oregon and its State Highway Commission, its members, officers, employees, and agents, jointly and severally against liability in the event of any injury or accident occurring by reason of said permittee's operations on a state highway. This permit shall automatically terminate, and be of no force and effect, in the event that any insurance or bond filed under this provision is allowed to lapse.

County Roads and City Streets

11. This permit does not authorize operations over county roads or city streets. To operate over a county road a permit must be obtained from the county court having jurisdiction over the road; likewise, to operate over a city street other than a state highway route, a permit must be obtained from the proper city authority.

License and P.U.C. Permit

12. Except for exemptions provided by law the equipment described on the reverse hereof shall be properly licensed in the State of Oregon and shall carry proper Oregon P.U.C. certificate and plate or pass.

4-Lane Divided Highway

13. For purposes of this permit a "4-lane divided highway" is one in which the opposing lanes are physically separated by means of a median strip, such median being either raised or depressed and defined by means of a curb, guard rail or other separation and shall not be construed to include lane delineation by means of a painted center stripe or "jiggle bars."

Convoy Movement

14. Unless otherwise endorsed hereon the convoy movement of two or more overwidth and/or overlength vehicles and/or combinations of vehicles operating under authority of this permit is strictly prohibited.

Rear-view Mirrors

15. Vehicles or combinations of vehicles towing or transporting overwidth vehicles, machines or loads under authority of this permit shall be equipped with rear-view mirrors as required by law. Outside rear-view mirrors may exceed the width authorized herein by not more than 5 inches on either side. The mirrors shall be so mounted that the distance from the ground to the mirrors or mounting brackets (whichever is lower) is not less than 5 feet and shall be so constructed that they may be folded back, retracted or detached when not actually engaged in an overwidth movement and, except when so engaged, nothing herein authorizes any width in excess of that allowed by ORS 483.504 (1), (b).

Accumulated Traffic

16. Whenever other traffic accumulates to rear, the driver or operator in control of the movement authorized herein shall, at frequent intervals and at suitable locations, pull off the traveled portion sufficiently to allow such traffic to safely pass.

EXHIBIT G

ENDORSEMENT FOR OVERSIZE-OVERWEIGHT VEHICLE PERMITS

This endorsement is attached to the policy described below to assure compliance by the insured with appropriate provisions of ORS 483.302 through ORS 483.336, and the pertinent rules, regulations, and permit provisions of the State Highway Commission of Oregon incident to the issuance of a permit granting the insured permission to operate vehicles and transport loads which would otherwise be unlawful.

The Company hereby amends the policy described below accordingly and in accordance with all applicable Oregon Statutes, but this amendment shall apply only while the insured is operating the vehicles described below within the State of Oregon and incident to the said permit but nothing contained in the policy or any endorsements thereto shall be construed as a modification of any provisions of the permit issued, for which this endorsement is a condition precedent, such as time restrictions, terms, provisions, conditions, stipulations, rules, regulations or requirements of this permit, nor shall the provisions of the policy or of any endorsement thereon by the named insured, shall relieve the company from liability nor from the payment of any final judgment resulting therefrom.

The primary named insured agrees to reimburse the company for any payment by the company on account of any accident, claim or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy, except for the agreement contained in this endorsement.

The State of Oregon, State Highway Commission and members thereof, its officers, agents and employees are included as named insureds in the below-numbered policy, except as to claims against the private property of any of them for their persons or damage to any of its or their property.

Cancellation of this endorsement or of the policy to which it is attached may be effected by the insured giving notice thereto or by the company or the named insured giving not less than 30 days' notice in writing to the Highway Commission of Oregon at its office in Salem, Oregon, and notice to commence to run from the date such notice is received at the office of said Commission.

The limit of liability of the company for the operation of each vehicle or each motive power unit and each trailer, listed below, or other towed vehicle, whether said other towed vehicle is described below or not, are:

Bodily Injury Liability	Each person	$
. . . . .	Each accident	$
Property Damage Liability	Each accident	$

Limits provided herein are the minimum limits required by the Oregon Financial Responsibility Law and may not be considered a reduction in limits as originally provided in this policy.

Description of vehicles under Permit:

(Must include complete description of each unit and units used in combination)

Year Model	Make	Motor Number / Serial Number

(Signed additional list may be attached if insufficient space herein.)

If policy covers all operated vehicles and individual description is waived—so indicate here.

OREGON STATE HIGHWAY COMMISSION

SPECIAL TRANSPORTATION PERMIT BOND

KNOW ALL MEN BY THESE PRESENTS: That We, _____

_____, as principal, and _____

_____,

as surety, are jointly and severally held and bound unto the State of Oregon in the sum of for the payment of which we jointly and severally bind ourselves, our heirs, executors, administrators, successors and assigns firmly by these presents.

THE CONDITION OF THIS BOND IS SUCH:

THAT, WHEREAS, the said principal herein is making and will from time to time hereafter make applications to the Oregon State Highway Commission under the provisions of ORS 483.528, and as said section may hereafter be amended, for permission to transport over, upon or across a State Highway, the following described property, to wit; oversize and/or overweight loads or equipment, and

WHEREAS, said applications from time to time are granted by the Oregon State Highway Commission and licenses or permits are issued, subject to and upon certain conditions, stipulations, rules, regulations and provisions specifically set forth in said licenses or permits and specific reference is now made to each and all of said terms, provisions, specifications, rules, regulations and requirements set out, declared or provided in either or any said licenses or permits now or hereafter issued.

NOW, THEREFORE, if the principal herein shall faithfully and truly observe each of the terms, provisions, conditions, stipulations, rules, regulations and requirements of each of said licenses or permits; shall indemnify and save harmless the State of Oregon, the State Highway Commission, its officers, agents or employees from any direct or indirect damage or injury which may be suffered by them or any of them, or from claims against them or any of them by reason of any injury to persons or property during the operation of said principal under either or any of said licenses or permits; and shall indemnify and make whole the State for any injury or damage to said highway or any part thereof, resulting from the operations of said principal, and shall in all respects faithfully keep and observe all of said requirements, conditions, provisions, rules, regulations or stipulations, then this obligation is to be void, otherwise to remain in full force and effect.

Unless definite expiration date is specified hereon, this bond shall continue in force until 30 days' written notice is given to the Oregon State Highway Commission at Salem, Oregon, whereupon this bond may be cancelled and the surety shall be relieved of all liability and obligation upon any permit or license issued after the expiration of the 30-day period and not otherwise.

EXHIBIT "E-1"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Junction City-Eugene

Highway number 223 Route number -

Location of Termini		Established Speed
M. P.	to M. P.	M. P. H.
8.40 (0.16 mile south of Spring Creek Drive)	9.35 (Ferndale Drive, north of Eugene)	45

EXHIBIT "E-1" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 300 be entered in the minutes and records of the Commission as of the 2nd day of July, 19 59, and that certified copies of this resolution be forwarded to the Secretary of State and to the Superintendent of the Department of State Police.

EXHIBIT "F-1"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the Swift Secondary Highway, No. 120, in Multnomah County, is a State Highway under the control and jurisdiction of the Oregon State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on shoulders of said highway during the Centennial activities at the Pacific International Livestock Exposition grounds in Portland; and

WHEREAS, the parking of vehicles on said shoulders at said location creates a hazard to the traveling public by restricting the traveled portion of the highway; and

WHEREAS, off-street parking has been provided at the south side of the Centennial area which will accommodate approximately 10,000 vehicles; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of vehicles be prohibited on said highway at said location;

NOW, THEREFORE BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon the recommendations by members of its staff, that parking of vehicles on both sides of the Swift Highway, beginning at M.P. 2.37 (Highway Engineer's Station 126+50) on the south side, and M.P. 2.43 (Highway Engineer's Station 129+00) on the north side, and continuing easterly on both sides of the highway to M.P. 2.92X on the Swift-Union connection, creates a hazard to the traveling public.

2. That in the opinion of this Commission the shoulders of said highway are not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on both sides of the said Swift Highway at said location should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect "No Parking at Any Time" signs at said termini and at such points as, in his judgment, are necessary to accomplish the

EXHIBIT "F-1" (Cont.)

purpose of this resolution and the action of the Commission as herein declared.

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police for his information.

6. That this "No Parking" Resolution No. 196 be entered in the minutes and records of the State Highway Commission as of the 2nd day of July, 1959.

EXHIBIT "F-2"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the Pacific Highway West, No. 1W, is a State Highway under the control and jurisdiction of the Oregon State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on the southerly shoulders of said highway in the vicinity of the State Highway Department and the State Police offices, northeast of McMinnville; and

WHEREAS, the parking of vehicles on said shoulders at said location creates a hazard to the traveling public by restricting sight distance for drivers attempting to enter the highway; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of all vehicles be prohibited on said highway at said location.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon the recommendations by members of its staff, that the parking of vehicles on the southerly side of the Pacific Highway West, between M. P. 36.12 (Highway Engineer's Station 37+80) and M. P. 36.15 (Highway Engineer's Station 39+35), creates a hazard to the traveling public.

2. That in the opinion of this Commission the shoulders of said highway are not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on the southerly side of the Pacific Highway West at said location be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgment, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police for his information.

6. That this "No Parking" Resolution No. 197 be entered in the minutes and records of the State Highway Commission as of the 2nd day of July, 1959.

EXHIBIT "F-3"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the Crown Point Secondary Highway, No. 125, is a State Highway under the control and jurisdiction of the Oregon State Highway Commission; and

WHEREAS, it appears that on said highway in the community of Springdale, Multnomah County, "head-in" parking is practiced; and

WHEREAS, in the opinion of this Commission, the right of way of said highway at said location is not of sufficient width to permit the "head-in" parking of vehicles and at the same time provide the degree of safety and convenience which, in the opinion of this Commission, should be provided the traveling public; and

WHEREAS, "head-in" parking of vehicles in said community creates a hazard not only to through traffic on the highway but to the owners and occupants of said parked vehicles; and

WHEREAS, in the opinion of this Commission, public safety requires that "head-in" parking of vehicles be prohibited and parallel parking only be allowed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. The Commission does hereby find and declare, based upon investigation, reports, and recommendations made by and under the supervision of the State Highway Engineer, that "head-in" parking of vehicles in the community of Springdale on the south side of the section of the Crown Point Highway between M. P. 6.03 (Highway Engineer's Station 87+40) and M. P. 6.06 (Highway Engineer's Station 88+90) be prohibited and that parallel parking only on the south side of the highway be substituted therefor.

2. That the State Highway Engineer be and he hereby is instructed to erect "PARALLEL PARKING ONLY" signs at said termini and at such points between said termini as in his judgment are necessary to accomplish the purposes of this resolution and the action of the Highway Commission as herein declared.

3. That a certified copy of this resolution be mailed to the Superintendent of the Department of State Police for his information.

4. That this resolution be entered in the minutes and records of the State Highway Commission as of the 2nd day of July, 1959, as "PARALLEL PARKING" Resolution No. 8.

EXHIBIT "G-1"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make complete and final surveys of the routes and locations of the following sections of state highways:

1. Oregon-Washington Highway-Old Oregon Trail Section of the Umatilla Mission Highway in Umatilla County,

2. Cedar Creek-Chitwood Creek Section of the Siletz Highway in Lincoln County,

and in connection therewith to prepare maps showing the routes and locations of said sections and to file said maps, reports, and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1a. That the survey of the Oregon-Washington Highway-Old Oregon Trail Highway Section of the Umatilla Mission Highway, beginning at Highway Engineer's Station 0+75, at the junction of the Oregon-Washington Highway, and extending in a southerly direction to Highway Engineer's Station 251+03.8, at the junction of the Old Oregon Trail Highway, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1261, and the date of May, 1959 (Right of Way Maps Nos. 8B-13-9, dated February, 1959, and 8B-14-20, dated May, 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1b. That the survey of the Cedar Creek-Chitwood Creek Section of the Siletz Highway, beginning at Highway Engineer's Station 445+00, approximately three-fourths mile west of Cedar Creek, and extending in an easterly direction to Highway Engineer's Station 600+00, near Chitwood Creek, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1307, and the date of June, 1959 (Right of Way Map File No. 8B-14-22, dated May, 1959), field notes and other engineer-

EXHIBIT "G-1" (Cont)

ing data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said surveys constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highways along and over these surveys. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary rights of way pursuant to the normal and approved method for construction of non-access controlled highways.

4. That this resolution be entered in the minutes and records of the Commission as of the 2nd day of July, 1959, as Survey Resolution No. 198.

---

*FOOTNOTE:

The maps mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 198, under the heading "Resolutions Adopting Surveys" and said maps by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "G-2"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the Camp Adair-Lewisburg Section of the Pacific Highway West in Benton County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the Camp Adair-Lewisburg Section of the Pacific Highway West, beginning at Highway Engineer's Station 0+00, south of and near the main entrance to Camp Adair, and extending in a southerly direction to Highway Engineer's Station 194+00, approximately one mile north of Lewisburg, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1309, and the date of June, 1959, (Right of Way Map No. 8B-14-13, dated May, 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary right of way pursuant to the normal and approved method for construction of a limited access controlled highway.

EXHIBIT "G-2" (Cont)

4. That heretofore this Commission by resolution dated November 3, 1948, designated the said Pacific Highway West as a "Throughway" within the meaning and purpose of ORS 374.005 through ORS 374.095, commonly known as the "Throughway Law", and, for the reasons stated therein, it is hereby directed that the construction of the above-mentioned section of highway shall be accomplished pursuant to and within the meaning and scope of said law and said resolution.

5. That this resolution be entered in the minutes and records of the Commission as of the 2nd day of July, 1959, as Survey Resolution No. 199.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 199, under the heading "Resolutions Adopting Surveys" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-1"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract

of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "H-1" (Cont)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1167.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1167, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31853

EXHIBIT "H-2"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Elkton-Kellogg Section of the Elkton-Sutherlin Highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Elkton-Kellogg Section of the Elkton-Sutherlin Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

EXHIBIT "H-2" (Cont)

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Elkton-Kellogg Section of the Elkton-Sutherlin Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated Elkton-Sutherlin Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Elkton-Kellogg Section of the Elkton-Sutherlin Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "H-2" (Cont)

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1168.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1168, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-3"

Minutes of July 2 and 3, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public, and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and purposes to widen, improve and maintain the Hilda Street-Beaver Creek Road (Oregon City) Section of the Cascade Highway; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improving and maintaining of the said Hilda Street-Beaver Creek Road (Oregon City) Section of the Cascade Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

EXHIBIT "H-3" (Cont)

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Cascade Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improving and maintaining of the said Hilda Street-Beaver Creek Road (Oregon City) Section of the Cascade Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compativle with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1169.

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1169, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-4"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "H-4" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "H-4" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1170.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1170, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-5"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Lake Road-Oregon City Section of the Cascade Secondary Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the Cascade Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property or particular interests therein, needed and required, and

EXHIBIT "H-5" (Cont)

the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Cascade Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as noted. *

3. That the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the said Cascade Secondary Highway and the highway facilities for which each of said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to aquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1171.

EXHIBIT "H-5" (Cont)

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1171, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-6"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right of interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Wilderville-Grants Pass Section of the Redwood Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately

needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Redwood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.

3. That the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels

EXHIBIT "H-6" (Cont)

of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1172.

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1172, under the heading "Real Property Condemnation Resolutions", and said description, map and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-7"

Minutes of July 2 and 3, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Sandy-Forest Boundary Section of the Mt. Hood Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and

the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Sandy-Forest Boundary Section of the Mt. Hood Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Mt. Hood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the Sandy-Forest Boundary Section of the Mt. Hood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels

EXHIBIT "H-7" (Cont)

of real property, or interest therein; and that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1173.

EXHIBIT "H-8"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the Highway Commission necessary for highway purposes, including maintenance sites and headquarters sites; and

WHEREAS, under the provisions of ORS 366.340 the State Highway Commission is specifically authorized to acquire real property for the purpose of establishing maintenance sites and headquarters sites;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required for the construction and establishment of a maintenance site and headquarters site the real property described in Exhibit "A", which Exhibit is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the establishment and construction of the maintenance site and headquarters site for which the said real property is deemed to be necessary is required and is being taken in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein; that upon the filing of such proceeding possession of said parcel of real property may be taken immediately.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1174.

EXHIBIT "H-9"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Ontario-Snake River Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the

interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Ontario-Snake River Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the relocation, construction, improvement and maintenance of the said Ontario-Snake River Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons of interest of said parcels of real property as to the compensation to be paid for the taking,

EXHIBIT "H-9" (Cont)

and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1175.

---

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1175, under the heading "Real Property Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-10"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Cascade Locks By-Pass Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "H-10" (Cont)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

EXHIBIT "H-10" (Cont)

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement, or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1176.

---

* FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1176, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-11"

Minutes of July 2 and 3, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the State Highway Commission necessary for the preservation of scenic places and other objects of attraction or scenic value adjacent to, along, or in close proximity to state highways, or which may be conveniently reached from or by a public highway, and the Highway Commission is also authorized and empowered to acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds, resorts, forest or timbered areas, or other places of attraction and scenic value which, in the judgment of the Commission, are necessary for the convenience of the public and which will contribute to the general welfare and pleasure of the motoring public or road users; and

WHEREAS, the Cape Arago State Park has been established by and is under the jurisdiction and control of the State Highway Commission; and

WHEREAS, the State Highway Commission plans and proposes to enlarge, develop and maintain the Cape Arago State Park for public park and recreational purposes, for the convenience of the public, the general welfare and pleasure of the motoring public using the highways of the State of Oregon, and for such purposes in connection therewith the real property hereinafter described is necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for public park and recreational purposes for use in the enlargement, development and maintenance of the Cape Arago State Park fee simple title to certain parcels of real property. The said parcels of real property needed and required, and the specific use to be made thereof are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the real property hereinafter described, and the park and recreational purposes for which it is being acquired, is necessary for the convenience of the public and will contribute to the general welfare and pleasure of the motoring public or road user.

EXHIBIT "H-11" (Cont)

3. That the park and recreational facilities for which the real property hereinafter described is required and is being taken have been planned, designed, located, and will be constructed, developed and maintained in a manner which, in the opinion of the Commission, will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein; that upon the filing of such proceeding possession of said parcel of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1177.

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1177, under the heading "Real Property Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-12"

Minutes of July 2 and 3, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Wasco-Hay Canyon Section of the Wasco-Heppner Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

EXHIBIT "H-12" (Cont)

WHEREAS, portions of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement or maintenance of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated Wasco-Heppner Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Wasco-Hay Canyon Section of the said Wasco-Heppner Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "H-12" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1178.

EXHIBIT "H-13"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the West Fork Silvies River-Wrights Point Section of the Frenchglen Highway; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said West Fork Silvies River-Wrights Point Section of the Frenchglen Highway, certain interests in or fee simple title to certain parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "H-13" (Cont)

2. That is is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Frenchglen Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said West Fork Silvies River-Wrights Point Section of the said Frenchglen Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Commission Resolution No. 1179.

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1179, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-14"

Minutes of July 2 and 3, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Middleton-Rex Hill Section of the Pacific Highway West; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the

EXHIBIT "H-14" (Cont.)

State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Middleton-Rex Hill Section of the Pacific Highway West, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway West and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Middleton-Rex Hill Section of the Pacific Highway West and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to

final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of July, 1959, as Condemnation Resolution No. 1180.

FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1180, under the heading "Real Property Condemnation Resolutions" and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-15"

Minutes of July 2 and 3, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Hamilton Street-Klavin Road Section of the Pacific Highway West; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "H-15" (Cont.)

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Hamilton Street-Slavin Road Section of the Pacific Highway West, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Pacific Highway West and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Hamilton Street-Slavin Road Section of the Pacific Highway West and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "H-16"

Minutes of July 2 and 3, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Goble-St. Helens Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "H-16" (Cont.)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Goble-St. Helens Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Goble-St. Helens Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property or interest therein is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "H-17"

Minutes of July 2 and 3, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract

of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "H-17" (Cont.)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of July, 1959, as Condemnation Resolution No. 1203.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1203, under the heading "Real Property Condemnation Resolutions", and said description map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

Salem, Oregon
August 13, 1959

The Oregon State Highway Commission met in regular session at 9:00 a.m. in Room 418, State Highway Building, Salem. Present were:

M. K. McIver, Chairman
Kenneth N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
Geo. E. Rohde, Assistant Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

The Chief Counsel reported that the State has been negotiating for the purchase of property to replace a garbage dump for the City of Cascade Locks. Pending negotiations for the acquisition of this property, the City has held up the signing of an agreement relative to the closing of city streets in Cascade Locks. Property acceptable to the City has now been found which can be acquired for $3,500. This matter has been discussed with the Engineering Department and, considering all facts, the Chief Counsel recommended purchase of the property for $3,500. The Commission accepted his recommendation.

Commissioner Fridley inquired if signs at the east entrance to the City of Cascade Locks which read, "Crosswalk. Stop if Occupied" and "Slow Down and See" are standard signs. The Engineer stated that the State does not have jurisdiction of signs within an incorporated city.

The Commission approved the minutes for the meeting held on July 2 and 3, 1959.

The Parks Superintendent reported on the following park matters:

Request of the Bureau of Land Management for a road easement in Silver Falls State Park in Marion County: The Parks Superintendent explained that the proposed crossing at the south and west edge of the park will not harm the park and is to be used for harvesting of timber on the Bureau's land. Upon the favorable recommendation of the Parks Superintendent, the Commission approved the request for the road easement.

Request of the State Fish Commission to use 20 acres of State Highway property, immediately west of Benson State Park in Multnomah County, for a salmon-rearing pond: The Parks Superintendent stated that this area is low and covered with water most of the year, and is located between the highway and the railroad. It is proposed to raise the pond level to an elevation of 28 feet, which is considerably lower than the highway. The Fish Commission agrees to preserve all growth above the elevation of the pool and to plant a band of natural growth 10 to 15 feet wide to protect the fill on the highway side. They also agree to raise the road to the park to a height of 10 feet above the normal pool level and to pay any damages that may occur to the road or highway property. He reported that the Road Department has thoroughly examined this project and has agreed to all terms. This agreement covers a minimum of ten years, after which the State Highway may revoke it if the area or land is needed by the Road or Parks Department. He recommended approval of the agreement. The Commission accepted his recommendation.

Extension of an agreement with the City of Oceanlake to treat the sewage water from Devil's Lake overnight camping area in Lincoln County: The Parks Superintendent explained that the State has no other way of taking care of this sewage without considerable expense. He recommended that the agreement be renewed for a one-year period (for the year 1959) at the same price of 26 cents per 1,000 gallons. The Commission accepted his recommendation.

Amendment No. 4 to the General Agreement with the Central Lincoln Peoples' Utility District of Newport to extend the power line farther into the Ona Beach State Park in Lincoln County: The Commission accepted the recommendation of the Parks Superintendent that the agreement be amended to provide electrical power at a minimum additional annual charge of $12.00.

Change in the closing hour at Rooster Rock State Park on the Columbia River Highway in Multnomah County: The Parks Superintendent stated that there had been complaints that the present closing time of 10:00 p.m. is too early to allow the patrons time for swimming and relaxation in the evening. He mentioned that the park employees' hours could be shifted so that the closing hour could be changed to 12:00 midnight with no increase in cost. He recommended that the park close at 12:00 midnight on an experimental basis only during the month of August, 1959. The Commission approved the recommendation of the revised closing hour at this park and thereupon adopted the attached resolution relative thereto, marked Exhibit "K", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Appointment of a Recreation Director as part of the State Parks Department: The Parks Superintendent explained that the last Legislature provided for this position to work with county courts, towns and communities pertaining to recreation planning, programming and development, and his duties would be in an advisory capacity only. He

stated that several applicants had been interviewed for the position. After considering all candidates, he recommended Mr. Clayton E. Anderson of Springfield, Oregon, for this position at a salary of $600 per month, starting November 1, 1959. Mr. Anderson has been directing the Willamalane Park and Recreation District of Springfield since 1952 and has done an outstanding job, and he has been recommended also by the Parks Advisory Committee. The Commission approved the employment of Mr. Clayton E. Anderson.

Offer of Tillamook County Court to donate three lots to the State in the Nehalem Bay Park area in Tillamook County: The Parks Superintendent stated that these lots are in the Sunset Beach platted section and are on the County's foreclosure list. Upon his recommendation, the Commission accepted these lots from Tillamook County for park purposes.

Request of A. W. Johnson to exchange a parcel of land for park purposes at Hug Point for an area 1.4 miles north, in Clatsop County: The Parks Superintendent explained that further study revealed that the area Mr. Johnson proposes to exchange is in a slide area and would be undesirable for car parking or construction of buildings. As previously instructed, this matter was referred to the Parks Advisory Committee, and they recommended against the exchange. The Commission accepted the Parks Superintendent's recommendation that the request for exchange of land be denied.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway right of way or for other purposes. After giving careful consideration to the individual options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto, marked Exhibit "A", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

In connection with the options presented, the Right of Way Engineer pointed out that on Page 49 an option had been secured for which authority to secure right of way had not been previously granted by the Commission. The Commission granted authority to acquire the following parcel:

(a) File No. 24079, Volpp, Paul; Utecht, Chris, et al, Sunset Highway-North Plains Wilson River Cutoff Section. Release of borrow and crop damages. $100.00

Mention was also made of the slow-down in acquiring rights of way, particularly on the East Bank Section of the Pacific Highway in Portland. Commissioner Jackson stated that people who own property required for

right of way should be advised of the State's lack of funds due to inaction of the national Congress. No change in policy was made, as it appeared at that time that Congress would take action within a few weeks. The Engineer also mentioned that an increasing number of complaints are being received from property owners along the "Minnesota" freeway section who want to sell their properties now.

Commissioner Fridley inquired as to the status of the Powell case on the Hay Canyon-Wasco Section of Highway 206. The Right of Way Engineer reported that an agreement is being worked out and that the State should have an option within the next few days. Considering property damage and the public safety aspect, it appears that a cattle pass is warranted on the property.

The Property Manager's monthly report was presented by the Right of Way Engineer, showing miscellaneous sales in the amount of $110,235.27 made since the last Commission meeting. This report, he stated, is the largest sales report made to date. He also presented a rental report for the period from June 24, 1959 to August 1, 1959, showing rental receipts in the amount of $11,868.27. The Commission accepted the reports.

The Right of Way Engineer reported on the A. B. Rosenfeld and Wilbur F. Preble properties on the Highland Section of the Sunset Highway in Multnomah County. He stated that the former owners, who are now tenants, will soon be vacating these properties. After considerable discussion, the Right of Way Engineer was instructed to offer both properties immediately for public sale, with the understanding that the State is not to be held liable in any way for further slide movement affecting the properties. In the event that an acceptable bid or bids are received, the Right of Way Engineer was further instructed to secure telephonic approval from the Commissioners before completing the transactions.

Authority was requested by the Right of Way Engineer to offer at public sale a number of parcels of state highway property. These parcels, he stated, are all excess property no longer required for highway purposes and minimum values have been determined by appraisal. The Commission authorized public sale of the following properties and thereupon adopted the attached resolutions relative thereto, marked Exhibits "B-1" through "B-6", which resolutions by this reference are made a part hereof with like effect as though extended in full herein:

(a) 11,761 square feet of the former Gattucio property, File No. 22882, on the Beaverton-Forest Grove Section of the Tualatin Valley Highway in Washington County, for a minimum consideration of $2,000, with two points of access, 25 feet in width, to the Tualatin Valley Highway, unrestricted as to use. See Exhibit "B-1".

(b) 0.94 acre, File No. 4839, on the West Portland Junction-Willamette River Section of the Pacific Highway in Washington County, for a minimum consideration of $1,150, with no access to the Pacific Highway. See Exhibit "B-2".

(c) 8,093 square feet of the former Simons property, File No. 18147, on the Salem By-pass Section of the Pacific Highway in Marion County, for a minimum consideration of $9,500. See Exhibit "B-3".

(d) 7,500 square feet of the former Scott property, File No. 17254, on the Salem By-pass Section of the Pacific Highway in Marion County, for a minimum consideration of $4,600. See Exhibit "B-4".

(e) 7,300 square feet of the former Blensley property, File No. 17253, on the Salem By-pass Section of the Pacific Highway in Marion County, for a minimum consideration of $5,900. See Exhibit "B-5".

(f) 25,460 square feet of the former McGreal property, File No. 25014, on the Harbor Drive-Barbur Boulevard Section of the Pacific Highway in Multnomah County, for a minimum consideration of $20,000. See Exhibit "B-6".

Direct sale of several parcels of property was presented by the Right of Way Engineer who explained that all of the parcels were excess property, no longer required for highway purposes, and could not feasibly be offered for public sale. The properties have been carefully appraised and the selling prices represent current values. The Commission approved sale of the following:

(a) 6,700 square feet of land, File No. 8866A, on the Seventh Avenue Connection of the Pacific Highway in Lane County, to Patrick C. Collins, for the sum of $100.50, with one point of access, 25 feet in width, to West Seventh Avenue, unrestricted as to use. The deed by which this property was acquired provides that if it is not needed for highway purposes, it be sold back to the original owner for the price paid.

(b) 0.52 acre, File No. 7746, stock pile site in Gold Beach, Curry County, to the Port of Gold Beach for the sum of $350. Site includes haul road easement. The State must remove materials from the site prior to January 1, 1961.

(c) 8,819 square feet of land, File No. 5952, on the Brownsville Section of the Halsey-Sweet Home Highway in Linn County, to Linn County School District No. 552C (Brownsville Elementary School), for the sum of $25. As part of the transaction, the School District has agreed to fence the property with a Cyclone Fence. The deed will contain a public-use clause.

(d) In an exchange of land parcels the State is to acquire 650 square feet of land and deed 1,500 square feet of land, File No. 18885, on the Sutherlin Interchange of the Elkton-Sutherlin and Pacific Highways in Douglas County, to Douglas W. Parazoo and others, without access to the Elkton-Sutherlin and Pacific Highways. The State will receive $200 compensation.

(e) 2.4 acres of land, File No. 9735, on the Klamath Falls (South Sixth Street) Section of the Klamath Falls-Lakeview Highway in Klamath County, to the City of Klamath Falls, for the sum of $3,600, to be used by the City for an equipment shop location. See Exhibit "C".

Consideration was given to an easement from the Bureau of Reclamation to the State permitting construction, operation and maintenance of the Klamath Falls West Side By-pass Section of The Dalles-California Highway in Klamath County, over the "A" Canal of the Klamath Irrigation District. The easement has been cleared with the Engineering Department and the Chief Counsel. Upon the favorable recommendation of the Right of Way Engineer the Commission approved the easement.

The Right of Way Engineer recalled that the Commission at its meeting of June 27-28, 1957 had approved the sale at public auction of 0.84 acre of land on the Forest Boundary Section of the Oregon Coast Highway in Coos County, for the sum of $350. This sale was made to Mr. and Mrs. Howard Lentz, Sr., File No. 18663. He explained that it was later discovered that the description covering the parcel was in error and actually described another parcel of land. The corrected description embraces an area of 0.28 acre. He recommended that the sum paid by the Lentzes be reduced in proportion to the reduction of the area and that they be refunded $200. The Commission approved the recommendation and executed a corrected deed to cover the true description of the property.

Changes in location of existing points of access were presented by the Right of way Engineer. He explained that in each instance no additional access is being granted, except on item (e) below, simply changes in location for the convenience of the property owners and safety of the traveling public. Upon his favorable recommendation, the Commission approved the following indentures of access:

(a) Chamberlain property, File No. 26030, on the Black Bridge-Richland Section of the Baker-Homestead Highway in Baker County.

(b) Parrett property, File No. 26327 (L-3008), on the Newberg-Gearin Corner Section of the Hillsboro-Silverton Highway in Yamhill County.

(c) Clinton property, File No. 24744 (L-3142) on the North Fork Coquille River-Myrtle Point Section of the Coos Bay-Roseburg Highway in Coos County.

(d) Hotchkiss Company property, File No. 21604, on the Sage Hen Hill-Burns Section of the Central Oregon Highway in Harney County.

(e) Hamar property, File No. 17522, on the West Portland-Willamette River Section of the Pacific Highway in Clackamas County. (Width of access increased from 30 feet to 40 feet.)

(f) King Construction Co., Inc. property, File No. 16049, on the Canyon Road Section of the Tualatin Valley Highway in Washington County.

(g) DeRoest property, File No. 17575, on the Salisbury-Baker Section of the Baker-Unity Highway in Baker County.

Consideration was given to a grant of access covering the Dehner property, File No. 23377, on the Roosevelt Drive (Seaside) Section of the Oregon Coast Highway in Clatsop County. The Right of Way Engineer explained that in the acquisition of this new section, through failure of the State and the owner, access to the Dehner property was not reserved. Under the law, the property owner has no right of access unless the State grants it. Other nearby properties were granted access and as the State has made no payment for loss of access in this case, he recommended and the Commission approved the grant of access.

The Commission gave consideration to a Quitclaim Deed to property now owned by Mr. and Mrs. Roger Smith, File No. 3041, on the Agate Beach Section of the Oregon Coast Highway in Lincoln County. The Right of Way Engineer pointed out that this deed is to correct an error in the description of property that was conveyed from the State of Oregon to the U. S. Government so that title can be cleared and title insurance issued to the present owner. Upon his favorable recommendation, the Commission approved the Quitclaim Deed.

Consideration was given to a grant of access to the Marolf property, File No. 28815, on the Tillamook-Pleasant Valley Section of the Oregon Coast Highway in Tillamook County. The Right of Way Engineer explained that as the result of State construction on this section in 1950, a slough was formed cutting off access to a tract of land of about four and one-half acres. The owners have now threatened the State with a lawsuit. He stated that it was his belief the State is responsible for the severance of the property. Nearby properties were granted access and he recommended that it be granted in this instance. The Commission approved the grant of access and instructed the Right of Way Engineer to attempt to complete a settlement of the attendant damage claim.

The Right of Way Engineer recalled that at the May 4, 1959 meeting the Commission had authorized the sale of excess property in the Leven's Addition in the City of Baker (File No. 3729) on the

Old Oregon Trail Highway in Baker County. This property was sold with the provision that the State would provide the owner with insured clear title. Since June 2, 1958 there has been outstanding against this property a street paving assessment in the amount of $812.50, plus interest at six percent. This assessment has not been paid pending determination by the Legal Section of the State's obligation. It has now been determined that the assessment against the State is just and that this lien should be satisfied. Based on the favorable recommendation of the Right of Way Engineer, the Commission approved payment of the lien.

The Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were also submitted. He requested the Commission to declare by resolution the necessity of said properties for the special uses to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement to proceed to acquire such properties by condemnation. After carefully considering the properties, the Commission granted authority to condemn the properties if negotiations are not successful and thereupon adopted the attached resolutions relative thereto, marked Exhibits "D-1" through "D-12", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's "Recommendations for Condemnation" dated August 13, 1959, in the Secretary's Office under the heading "Right of Way Resolutions, Condemnations, and Report of Offers".)

A written report was submitted by the Chief Counsel concerning condemnation cases which have been tried in court since the last Commission meeting. The Commission accepted his report which is summarized as follows:

REPORT OF CONDEMNATION CASES TRIED

July 3, 1959 to August 13, 1959

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-3285 Abernathy Grange, et al	Clackamas	Cascade Secondary	Lake Road-Oregon City	$ 7,880	$17,650 (answer)	$13,140
L-3358 Herrick	Clackamas	Cascade Secondary	Lake Road-Oregon City	27,100	35,000 (answer)	36,500

Report of Condemnation Cases Tried (Cont.)

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-2667 Weaver, et ux.	Douglas	Pacific	Myrtle Creek-Canyonville	$ 4,006	$ 9,500	$ 3,100
L-3225 Starzinger, et al.	Jackson	Pacific	Grants Pass-Rock Point	4,000	6,500	6,250
L-2817 Spooner, et al.	Klamath	The Dalles-California	Klamath Falls-West Side By-pass	8,250	29,000 (answer)	10,000
L-2503 Turner, et al.	Klamath	The Dalles-California	Klamath Falls-West Side By-pass	760	1,000	1,000 (Judgment)
L-3042 Kalisky, et al.	Lane	Pacific	Judkins Point-Goshen	1,386	2,750	1,300
L-3259 Henderson, et al.	Multnomah	Pacific	East Bank Freeway	8,000	12,000 (answer)	9,000

L-2705	State of Oregon	Edward S. Duhon	Multnomah	Damage to Viaduct	$386.96	$140.00

(For additional details see the Chief Counsel's letters to the Commission dated August 7 and August 12, 1959 entitled "Report of Cases Settled" in the General Files of the Highway Commission in Salem.)

The Chief Counsel commented briefly concerning several cases on which trial in court is pending. His report was for informational purposes only and no action was taken by the Commission.

In compliance with a resolution adopted by the Commission on December 20, 1951, the Chief Counsel presented a list of offers made to property owners prior to the institution of condemnation proceedings. The Commission confirmed the following offers:

East Bank Freeway Section of the Pacific Highway

R-28307 - Fred Graap, et al. 2,750 square feet for right of way. Offer of $14,700 approved by Mr. McIver July 21, 1959.

R-28279 - Ellen Lundberg, et al. 5,000 square feet for right of way purposes. Offer of $8,000 approved by Mr. McIver July 21, 1959.

R-28249 - Arthur M. Schoenfeldt, et al. 5,000 square feet for right of way purposes. Offer of $38,000 approved by Mr. McIver July 16, 1959.

R-28344 - Richard Henry Feves, et al. 6,818 square feet for right of way purposes. Offer of $154,500 approved by Mr. McIver July 21, 1959.

East Bank Freeway Section of the Pacific Highway (Cont.)

R-28500 - Lloyd Corporation, Ltd., et al. Parcel No. 1: 0.45 acre for right of way purposes; Parcel No. 2: 19,000 square feet for right of way purposes; Parcel No. 3: 38,000 square feet for right of way purposes; Parcel No. 4: 33,333 square feet for right of way purposes; and Parcel No. 5: 37,050 square feet for right of way purposes. Offer of $456,125 was approved by Mr. McIver July 28, 1959.

R-28340 & R-28297 - Haydn M. Close, et ux. Parcel No. 1: 10,000 square feet for right of way purposes; and Parcel No. 2: 4,750 square feet for right of way purposes. Offer of $29,000 approved by Mr. McIver July 28, 1959.

Cascade Locks By-pass Section of the Columbia River Highway

R-27487 - City of Cascade Locks. Parcel No. 1: 4,980.3 square feet for right of way purposes; Parcel No. 2: 1.5 acres for right of way purposes; and Parcel No. 3: 10,000 square feet for right of way purposes. Offer of $1,375 approved by Mr. McIver July 3, 1959.

R-27451 - Columbia River Bridge Company, Inc., et al. 0.64 acre for slope easement. Offer of $345 approved by Mr. McIver August 11, 1959.

R-27450 - Alta M. Laber, et al. Parcel No. 1: 4.7 acres for right of way purposes; Parcel No. 2: 4.1 acres for right of way purposes; Parcel No. 3: 3.53 acres for right of way purposes; and Parcel No. 4: 0.14 acre for excess taking. Offer of $7,200 approved by Mr. McIver August 7, 1959.

Pleasant Valley-Oxman Section of the Old Oregon Trail Highway

R-29175 - Frances M. Troy, et al. 6.3 acres for right of way purposes. Offer of $410 approved by Mr. Fridley July 10, 1959.

R-28965 - Margaret Becker, et al. Parcel No. 1: 21.0 acres for right of way purposes; Parcel No. 2: 3.2 acres for right of way purposes; Parcel No. 3: 8.7 acres for right of way purposes; Parcel No. 4: 900 square feet for channel easement; Parcel No. 5: 0.11 acre for channel easement; and Parcel No. 6: 1.4 acres for channel easement. Offer of $21,975 approved by Mr. Fridley July 10, 1959.

Lake Road-Oregon City Section of the Cascade Secondary Highway

R-28745 - James S. Walters, et al. 0.19 acre for right of way purposes. Offer of $6,330 approved by Mr. McIver July 20, 1959.

R-28772 - Marie Parrish, et al. 0.14 acre for right of way purposes. Offer of $5,110 approved by Mr. McIver July 16, 1959.

Academy Street-Coast Junction Section of the Dallas-Rickreall Highway

R-29713 - Ervin A. Plett, et al. Parcel No. 1: 0.035 acre for right of way purposes; and Parcel No. 2: 0.025 acre for slope easement. Offer of $1,045 approved by Mr. McIver July 10, 1959.

Davis Slough-Bandon Section of the Oregon Coast Highway

R-26098 - E. R. Stillwell, et al. Parcel No. 1: 19.2 acres for right of way purposes; and Parcel No. 2: 4.4 acres for excess taking. Offer of $1,200 approved by Mr. McIver July 16, 1959.

Grants Pass-Rock Point Section of the Pacific Highway

R-29467 - Alfred William Kelm, et al. 0.207 acre for right of way purposes. Offer of $2,391 approved by Mr. McIver July 3, 1959. On March 10, 1959, Mr. McIver authorized an amount of $1,570. This increase in amount of offer is due to an additional taking of real property.

Hamilton Street-Slavin Road Section of the Pacific Highway West

R-23477 - William C. Ralston, et ux. 18,150 square feet for right of way purposes. Offer of $1,000 approved by Mr. McIver July 3, 1959.

Middleton-Rex Hill Section of the Pacific Highway West

R-27629 - Amelia S. Fields, et al. Parcel No. 1: 0.1 acre for right of way purposes; and Parcel No. 2: 0.1 acre for slope easement. Offer of $350 approved by Mr. McIver July 7, 1959.

West Fork Silvies River-Wrights Point Section of the Frenchglen Highway

R-30147 - J. F. McBride, et ux. 0.01 acre for right of way purposes. Offer of $25 approved by Mr. Fridley July 20, 1959.

Orders which have been issued by the Public Utilities Commissioner concerning matters in which the State Highway Commission has been a party were reported by the Chief Counsel. The Commission accepted the report. (For details see the Chief Counsel's letter dated August 10, 1959, in the General Files of the Highway Commission in Salem.)

Salary increases for the Legal staff were presented by the Chief Counsel. He explained that salary increases approved at the July 2-3, 1959 meeting represented annual increases, and subsequent to that time the Attorney General and the Civil Service Commission had worked out a new salary plan for Assistant Attorneys General, which plan had been approved by the Governor and Emergency Board. He recommended that this pay plan be approved, as follows:

(see next page)

Leonard I. Lindas, from $950 to $990
George Rohde, from $880 to $915
Charles Peterson, from $845 to $880
Frank McKinney, from $810 to $845
John Patterson, from $745 to $775
John McLean, from $745 to $775
Leslie Hampton, from $715 to $745
James B. Kuhn, from $715 to $745
William Mansfield, from $655 to $685
Leo Nuttman, from $600 to $625
Glen Sorensen, from $625 to $655
Anthony Viducich, from $525 to $550
Richard Bemis, from $550 to $575
Mitchell Crew, from $525 to $550
Ted A. Barbera, from $500 to $525

The Commission approved the salary plan.

A form of "Release and Subrogation" was presented by the Chief Counsel to relieve Saint Paul Fire and Marine Insurance Company from further obligation in connection with the performance bond furnished by them to Jack Robinson on State Highway Contract No. 4648. He recalled that the contract had been taken over and completed by the surety, and in order to do so it was necessary to readvertise the project and receive new bids. The additional cost to the State amounted to $66,113.73, which amount has been paid to the State by the surety. Upon his favorable recommendation, the Commission approved the agreement form.

A proposal for settlement of actions against the State Highway Commission for flood damage on the Little Creek-Lebanon Section of the South Santiam Highway was presented by the Chief Counsel. He explained that the seven separate settlements would probably be tried before juries, and inasmuch as the attorney representing the seven claimants has offered to settle all of their claims for the sum of $2,500, it was his opinion that it would not be financially feasible to try the cases in court as the cost of trials would probably exceed the proffered settlement. He recommended that the settlements be accepted upon conveyance of an overflow easement on the following cases:

(1) Walter M. Knutson, et ux. vs. State of Oregon, L-2847
(2) Doris Robinson vs. State of Oregon, L-2912
(3) Archie Wilson, et ux. vs. State of Oregon, L-2913
(4) Ray Travnicek, et ux. vs. State of Oregon, L-2914
(5) Ellis A. Wilson, et ux. vs. State of Oregon, L-2915
(6) J. C. Travnicek, et ux. vs. State of Oregon, L-2916
(7) Leonard Ross, et ux. vs. State of Oregon, L-2917

The Commission approved the recommended settlements.

A proposed agreement with the Portland Development Commission was presented by the Chief Counsel. He explained that the purpose of the agreement is to effect a plan in which the State will be able to reimburse the Portland Development Commission for properties purchased for urban development work that will later be required as right of way for the freeway system in Portland. He pointed out that the agreement does not obligate the State to pay any monies until the Bureau of Public Roads has agreed to pay its proportionate share thereof. Upon his favorable recommendation and that of the Highway Engineer, the Commission approved the agreement.

Consideration was given to a claim submitted by Fred Smith, Cecelia Smith and Clytus Smith in the amount of $205 for damages to a crop and rent for pasture (in Lot 3, Sec. 23, Township 36 S, R 5 W, on the Pacific Highway in Josephine County) because of failure of the State to construct a fence and install irrigation pipe as stipulated in the option under which the property was acquired. The Chief Counsel stated that the claim has been carefully investigated, is just, and should be paid. Upon his favorable recommendation the Commission approved payment of $205 on the condition that the claimants provide a complete release for all damages.

A petition was presented by the Chief Counsel in which the City of Portland requested that the Commission consent to vacation of a portion of N. E. 58th Avenue from the north line of N. E. Glisan Street to the south line of the Union Pacific Railroad right of way in the City of Portland and adjacent to the East Portland office building (Howard-Cooper Building). The vacated property will revert to the State and will be used for parking purposes as well as access to the State's property. Upon his favorable recommendation the Commission approved the vacation.

Authority was requested by the Chief Counsel to acquire thirteen shares of stock in the Deschutes Reclamation and Irrigation Company at a cost of $20 per share to cover an increased supply of water needed in expansion of the Bend Maintenance Headquarters. He also commented that the Highway Department now owns twelve shares of stock to cover present water needs. The Commission approved acquisition of the stock.

The Chief Counsel also commented that United States Senators Richard Neuberger and Wayne Morse and Congressmen Edith Green and Walter Norblad had started proceedings to designate as a federal waterway the section of the Columbia River between Astoria and Megler. He commented that if such action is successful, dredging of the waterway to sufficient depth to accommodate the ferry will be a federal obligation.

The Engineer reported that he had made awards of contracts referred to him by the Commission to award when certain conditions had been taken care of. These conditions have been resolved, he stated, and the Commission confirmed his award of the following contracts:

(1) Grading and oiling and construction of a 704' reinforced concrete bridge on South Yamhill River (Ballston) Bridge Section of Bellevue-Ballston County Road, Yamhill County. Bids received July 1, 1959. Contract awarded July 6, 1959, to M. J. Brassfield Company, Salem, low bidder.

(2) Grading and stone base on Buena Vista-Luckiamute River Section of Independence-Albany County Road, Polk County. Bids received June 16, 1959. Contract awarded July 8, 1959, to D. F. McKenzie, Salem, low bidder.

(3) Grading and stone base on Bethel Section of Byerly Corner-West Salem County Road, Polk Count Bids received June 16, 1959. Contract awarded July 8, 1959, to Stanton W. Payne, Eugene, low bidder.

(4) Construction of Steer Creek and Spout Creek Culverts on Siletz Logsdon-Nashville and Burt Woods-Harlan Roads, Lincoln County. Bids received July 1, 1959. Contract awarded July 8, 1959, to James F. Turner, Corvallis, low bidder.

(5) Burns (North Birch Avenue and Riverside Drive) Stone Base and Oiling Project, Harney County. Bids received July 1, 1959. Contract awarded July 8, 1959, to Babler Bros., Inc., Portland, low bidder.

(6) Grading and paving Smith Bridge-Kellogg Bridge Section of Elkton-Sutherlin Highway, Douglas County. Bids received June 16, 1959. Contract awarded July 14, 1959, to A. L. Harding, Inc., Stayton, low bidder.

(7) Grading and paving on Academy St.-Coast Junction Section of Dallas-Rickreall Highway, Polk County. Bids received June 16, 1959. Contract awarded July 14, 1959, to Central Paving Company, Independence, low bidder.

(8) Grading, surfacing and oiling the West Fork, Silvies River-Wrights Point Section of Frenchglen Highway, Harney County. Bids received July 1, 1959. Contract awarded July 23, 1959, to Babler Bros., Inc., Portland, low bidder.

(9) Structure, grading and paving Walker Road-Beaverton Section of Cedar Hills Boulevard, north of Beaverton, Washington County. Bids received July 1, 1959. Contract awarded July 24, 1959 to Porter W. Yett, Portland, low bidder.

The Commission discussed with the Engineer possible alternate routes for relocation of the Oregon Coast Highway between Astoria and Gearhart. Action was deferred in the matter of holding a hearing until after the Commission has viewed the routes on their inspection trip August 14 through 17.

The matter of holding a hearing in the City of Burns concerning the rerouting of US Route 20 through the City was also discussed. The Engineer recalled that an opportunity for a hearing had been offered the City about four years ago, but the matter had been dropped due to inability of the local authorities to agree on any particular location. He also commented that funds which had been allocated for the relocation had been transferred from the City, with the consent of City authorities, to improvement of US 20 east of Burns, so at the present time there are no funds available for improvement within the City. After some further discussion, the Commission indicated that they did not wish to take any initiative in the matter of holding a hearing, but that such action should be taken by the local authorities when an agreement has been reached concerning the proposed relocation.

The Engineer reported that under authority previously granted to him, he had established temporary construction speed zones on several state highway contracts in order to protect the traveling public. The Commission confirmed establishment of the following construction speed zones:

(1) 35 mile-per-hour speed zone on the Middleton-Yamhill County Line Section of the Pacific Highway West, between M. P. 16.00 and M. P. 16.20, effective 3:00 p.m., July 24, 1959.

(2) 35 mile-per-hour speed zone on the easterly portion of the Pioneer Mountain Section of the Corvallis-Newport Highway, between M. P. 13.99 and M.P. 14.49, effective 3:00 p.m., July 1, 1959.

(3) 25 mile-per-hour speed zone on the Rowena-Chenoweth Section of the Columbia River Highway, between M.P. 76.5 and M.P. 77.5, effective 1:00 p.m., July 7, 1959.

(4) 35 mile-per-hour speed zone on the Rough and Ready Creek Bridge Section of the Redwood Highway, between M. P. 34.00 and M.P. 34.40, effective 2:00 p.m., August 5, 1959.

(5) 35 mile-per-hour speed zone near Emigrant Springs Park on the Old Oregon Trail Highway, between M.P. 232.65 and M.P. 234.83, effective 3:00 p.m., August 6, 1959.

(6) 35 mile-per-hour speed zone in the community of Rowena on the Mosier-The Dalles Highway, between M.P. 9.38 and M. P. 10.41, effective 10:00 a.m., August 5, 1959.

Attention was given to a request made by Mr. William P. Wampler, a logging contractor, for permission to haul logs over the easterly eleven and one-half mile section of the East Diamond Lake Highway. The Engineer commented that hauling of logs has been prohibited over this highway because the highway was constructed to a light recreational road standard. However, departure from this policy was made in June of this year when a permit was issued to haul approximately five million board feet of blowdown and bug-infested timber. He also pointed out that other trucks hauling lumber, cement, and other products are not restricted from hauling over this road. He recommended that a limited temporary permit be granted to Mr. Wampler to haul legal loads, without excess weight tolerance, to October 15, 1959. The Commission accepted his recommendation.

The Commission considered items of unfinished business appearing on the Secretary's summary dated July 3, 1959, as follows:

(1) Proposed park at the mouth of the Deschutes River on the Columbia River Highway: The Parks Superintendent stated that more information is needed concerning plans on rebuilding of the highway to interstate standards which information may not be available for several months. The Commission ordered the item deleted from the list of unfinished business, to be considered as new business when the matter is again brought up.

(2) Request of A. W. Johnson to exchange parcels of land for park purposes near Hug Point: The Commission ordered this item removed from the list of unfinished business as the matter had been considered in the Parks Superintendent's report earlier in the day.

(3) Establishment of a policy concerning allowable payroll deductions: The Auditor stated that in his judgment all reasonable types of payroll deductions are now authorized, and he recommended that the Commission adopt a policy in which no additional payroll deductions would be approved unless required to do so by the State Legislature. He also commented that if additional payroll deductions are approved it will mean that additional equipment must be purchased at substantial cost. The Commission accepted his recommendation.

(4) Location of proposed Foothills Route or Clay-Market Route through the City of Portland and holding of a hearing: The Engineer recalled that at the meeting of July 2 and 3 the Commission had instructed that he study the feasibility of surveying the entire route before calling for a public hearing, and that he also check with the Portland Development Commission and Portland city authorities as to how such action would affect their plans. Portland city officials, he stated, were contacted and they approved deferring the hearing until after January 1, 1960. The Development Commission authorities were also contacted and it was their opinion that their plans would not be injured if a definite agreement could be arrived at. Such an agreement, he added, was presented earlier by the Chief Counsel and approved by the Commission. The Commission ordered the item deleted from the list of unfinished business.

Consideration was given to a request from the City of Ontario for protection of school children at the intersection of S. W. Fourth Avenue (ORE 201) and S. W. Fourth Street. The Engineer stated that an investigation had been made and it was found that the installation of standard traffic signals or a school crossing signal is not warranted; however, there is sufficient warrant for the installation of an overhead "School Crossing" sign with a two-way flashing amber beacon. The City, he continued, has indicated that it will maintain the sign and provide electrical energy for its operation. He recommended that the sign be installed at an estimated cost of $1,000 to be covered by an appropriate agreement. The Commission approved the installation.

The Commission also considered a request from William J. Weller, Traffic Engineer for the City of Portland, for a traffic study at N. E. Grand Avenue and Hoyt Street as to the need for the installation of a pedestrian-actuated traffic signal. A traffic engineering investigation was conducted, the Engineer stated, and it was found that the uncontrolled heavy pedestrian movement seriously blocks vehicles moving north on Grand Avenue. He recommended that the signal be installed at an estimated cost of $1,900, provided that the City of Portland will pay one-half of the cost of installation and assume all maintenance and power consumption costs. The Commission approved his recommendation with the understanding that an appropriate agreement will be prepared.

Attention was given to a request from Donald P. Allen, Director of Public Works Department, City of Eugene, for state participation in the installation of traffic signals at four intersections on state highways in the City of Eugene. A traffic engineering investigation was conducted, the Engineer reported, and the facts disclosed by the investigation indicated that traffic signals are warranted at the following intersections: (1) at Eleventh Avenue (Richardson-Eugene Highway) and Garfield Street; (2) at Seventh Avenue and Pearl Street; (3) at Seventh Avenue and Pierce Street; and (4) at Sixth Avenue and Pierce Street. The total cost of the signal installations he estimated at $17,500 and recommended that the project be approved, provided the City will agree to pay one-half the cost of the initial installation and provide for all future maintenance and power consumption. The Commission accepted his recommendation and instructed that an appropriate agreement be prepared.

Also considered was a request from the City of Pilot Rock for the installation of traffic signals at three intersections on the Pendleton-John Day Highway in the City of Pilot Rock. The Engineer stated that this request had been investigated by the Traffic Engineering Division, and it was found that the pedestrian crossing of US Highway 395 at the old grade school is adequately marked for school crossings and no further treatment is deemed necessary. At the intersection of Main and Birch Streets it was found that the majority of the accidents have involved only vehicles on the side street, and the installation of a traffic signal is not warranted according to accepted standards.

At the intersection of N. E. Alder and N. E. Cherry Streets it was found that the installation of a flashing beacon is warranted, and he recommended that a flashing beacon be installed at an estimated cost of $750 provided the City will maintain the signal and furnish the power for its operation. The Commission approved the installation to be covered by an appropriate agreement if the City agrees to the installation.

An increase in the authorization for Contract No. 5025 for grading and paving of the Highlands Interchange Section of the Sunset Highway, west of Portland, in Multnomah County, was requested by the Engineer. He explained that it appears that the project authorization will be exceeded by $68,022.56 because of heavy slides and extensive subsurface exploration. The Commission approved the increase as requested.

Brief consideration was given to an agreement with the Portland Development Commission in which the State agrees to reimburse the Development Commission for properties acquired by the Development Commission which later will be required as right of way for the freeway system in Portland. This matter was discussed earlier in the day and the agreement approved.

The Commission confirmed telephonic approval given July 22, 1959 to a resolution pertaining to allocations to cities of motor vehicle revenues accrued during the first half of the year 1959. The Commission at this time formally adopted the attached resolution relative thereto, marked Exhibit "E", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Payment of annual dues to the Highway Research Correlation Service in the amount of $3,434.00 for the fiscal year July 1, 1959 to June 30, 1960 was discussed. The Engineer explained that the information furnished to the State by the Research Service eliminates duplication of research by the State, and is valuable to Legal Division personnel as well as to the Engineers. Upon his favorable recommendation, the Commission approved payment of the dues.

The Commission confirmed previous telephonic approval for the allocation of $110,000 of State funds for a revision in alignment of the Oregon Coast Highway north of the town of Gardiner to correct a slide condition. The Engineer pointed out that the Bureau of Public Roads had refused to cooperate on the basis that the slide is a maintenance operation.

The Commission considered addition of mileage to the State Federal-aid Secondary System in Douglas County and to the Federal-aid Secondary County Road System in Malheur County. Upon the Engineer's favorable recommendation, the Commission approved the following additions to the Federal-aid Secondary Systems:

(see next page)

Douglas County, FAS 234 Extension, 2.4 miles, (Tiller-Trail State Highway). To extend existing FAS 234 northerly along a newly constructed section of road to a junction with FAI Route 1 north of Canyonville.

Douglas County, FAS 254, 5.7 miles, (Myrtle Creek State Highway). This section follows the route of the Myrtle Creek State Highway, former route of the Pacific Highway, from a junction with FAI Route 1 west of Myrtle Creek southerly to FAI 1 at Riddle Road.

Malheur County, FAS 537, 14.8 miles, (Beulah-Juntura County Road). This route extends from the Agency Valley Irrigation Reservoir at Beulah southerly to FAP Route 31 (Central Oregon Highway) at Juntura.

Concerning the extension to the Tiller-Trail Highway north of Canyonville, the Commission approved designating this 2.4-mile section as an extension to the Tiller-Trail State Secondary Highway by adopting the attached resolution relative thereto, marked Exhibit "L", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer presented maps and tabulations showing projects requested on the County Federal-aid Secondary System in Crook and Marion Counties. These projects, he added, have been requested by the County Courts, and upon his favorable recommendation the Commission approved the following projects:

County	FAS Hwy. No.	Section and Description	Programmed Amount	FAS Fund
Crook	831	West Unit, Ochoco Ranger Station Road Section, 3.5 Miles, G.S. & O.	$ 161,000	1961
Marion	159	Salem-Keizer Section, 1.7 miles, Grade and Pave.	$ 220,000	1961
		TOTAL...	$ 381,000	

SUMMARY BY FISCAL YEARS:	1960	1961	Total
*Available Funds	$4,754,000	$3,750,000	$8,504,000
Previously Approved	4,597,000**	1,125,000	5,722,000
	$ 157,000	$2,625,000	$2,782,000
Proposed Projects 7/30/59	--	381,000	381,000
Unprogrammed Balance	$ 157,000	$2,244,000	$2,401,000

*From "Status, 1960 & 1961 County FAS Funds" tabulation dated 11/5/58 less $141,000 (1960 funds) which Harney County has made available for

expenditure on the Frenchglen State Highway.

**Grant County project approved for $120,000 of fiscal year 1960 funds on 3/5/59 shifted to a fiscal year 1961 fund project at request of county.

Consideration was given to a request from the Corps of Engineers, Walla Walla District, to extend to December 31, 1959 an agreement covering the reimbursement of engineering services in connection with the relocation of Interstate Highway 80N between Rufus and Arlington. The Engineer explained that under the terms of the agreement, the Corps of Engineers reimburses the State for making engineering studies and locations. The agreement expired June 30, 1959 but the work has not yet been completed, and he recommended that the agreement be extended as requested. The Commission approved the Extension.

The Engineer reported that Teeples & Thatcher, low bidder on Contract No. 5486, for lining the Cape Creek Tunnel on the Oregon Coast Highway, had decided not to accept the award of the contract as they had discovered an error in their bid. They have submitted a check in the amount of $5,025, he continued, representing 5 percent of their bid of $100,500, which is the amount of the bond furnished with the bid. He recommended that the check be accepted, that they be released from the contract, and that the project be readvertised. The Commission approved his recommendations.

Purchase of a lot adjacent to the Roseburg Headquarters was recommended by the Engineer. He explained that the Division Headquarters occupy an entire block with the exception of this one lot at the northeast corner. Several attempts over the past years have been made to purchase the property, and the owner has now agreed to sell it for $16,000. Immediate occupancy has been requested by the Department of Motor Vehicles, and he recommended that it be acquired at the appraised value of $16,000. The Commission approved the purchase of the Lois Hill house and lot.

The matter of entering into a cooperative agreement with Multnomah County concerning drainage at N. E. 60th Street and Columbia Boulevard in Portland was brought up by the Engineer. The responsibility of the State in this area, he stated, is caused by construction of the N. E. Portland Secondary Highway which intercepted the natural drainage through the area and concentrated it at N. E. 60th Street and Columbia Boulevard. However, Multnomah County is also involved in the matter and has expressed a willingness to enter into an agreement with the State in which the cost of the project would be shared equally by the State and the County. Multnomah County, he continued, has made a survey and an estimate of the cost, amounting to $19,322.16. He recommended that the State enter into a cooperative project with Multnomah County with the understanding that the State's share of the cost shall not exceed $10,000. It was also understood that the County would agree to take care of the annual pumping charges as assessed by

Multnomah Drainage District No. 1. Upon his favorable recommendation, the Commission approved the cooperative project, details of which are to be covered by an appropriate agreement.

Payment of a sewer assessment against State Highway property at the Milwaukie Division Headquarters, south of Portland, was discussed. The Engineer recalled that in March, 1959, the Commission had approved payment of a sewer assessment against a portion of the Division Headquarters property in the amount of $1,782.00. The assessment against the remainder of the property amounts to $3,720.60, and he recommended that it be paid as the work which has been done provides the Division Headquarters with modern sewerage facilities. The Commission approved the payment.

The Engineer stated that the City of Lyons in Linn County has requested improvement of a section of the Mehama-Mill City Secondary Highway within the City of Lyons. The City has proposed a cooperative project on a six-block section and has agreed to pay a lump sum of $2,000 toward the cost of the project which the Engineer estimated would cost a total of $4,900. As the project will be of considerable benefit to the State Secondary Highway, he recommended that the project be approved. The Commission approved the project, details of which are to be covered by a written agreement.

The Commission considered the following requests for extensions of time within which to complete state highway contracts:

(1) Eugene Gardens, Contract No. 5380, for construction of overnight camp extension facilities in Honeyman State Park, Lane County, requested an extension of fifteen workdays without payment of liquidated damages. The Commission denied the request but allowed three workdays extension of time without assessment of liquidated damages.

(2) Steeck Electric Company, Contract No. 5443, for construction of traffic signals in Ashland, Jackson County, requested an extension from 80 days to 110 days within which to complete the contract without assessment of liquidated damages. The Commission approved an extension of time in the amount of 25 workdays without the assessment of liquidated damages.

FOOTNOTE: Action taken by the State Highway Commission upon the extensions of time listed above was based upon the recommendations of the Engineer and his reports which considered, but did not necessarily adopt, either or any of the reasons given by the contractors in their requests for extensions of time. (For details see the original of the contractors' requests and the Engineer's recommendations on file in the contracts mentioned in the Secretary's Office in Salem.)

The Engineer reported that contract numbers 4843, 5052, 5070, 5087, 5100, 5168, 5216, 5222, 5248, 5262, 5276, 5281, 5287, 5288, 5290, 5312, 5314, 5315, 5326, 5362, 5376, 5383, 5392, 5399, 5405, 5406, 5419, 5421, 5437, 5438, 5441, 5453, 5455, 5457, 5474, 5479, 5488 and 5491 for highway construction have been completed in accordance with the requirements of the contracts or modifications thereof, and that said contracts are now ready for acceptance by the Commission. After due consideration, the Commission accepted the contracts by adopting the attached resolution relative thereto, marked Exhibit "F", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission gave attention to a letter written by Harold F. Phillippe, Assistant Secretary of State, requesting that the rental rate paid to the Secretary of State for services in the State Highway Building, Salem, be increased from seven cents to eight cents per square foot. The letter pointed out that rising costs have made the increase necessary. The Engineer stated that it would mean an increase in monthly rental charges from $6,591.37 to $7,535.28. Upon his favorable recommendation, the Commission approved the increase effective August 1, 1959.

The Commission considered and upon the favorable recommendation of the Engineer approved a cooperative agreement with the U. S. Bureau of Public Roads covering terms and conditions in the cooperative study, design, construction and maintenance of forest highway routes in Oregon. He pointed out that this is a master agreement which can be modified to fit any individual project if required.

In connection with this agreement, the Commission discussed with the Engineer the ten-year forest highway construction program required by the United States Congress. The Engineer commented that even though a ten-year program has been set up, approval of the individual projects must still be made jointly with the Bureau of Public Roads and the U. S. Forest Service, and he read from his letter of August 12, addressed to the Oregon State Highway Commission pertaining to this matter. Chairman McIver, after discussing the matter with Commissioners Fridley and Jackson, instructed that the Engineer's letter of August 12 or that part of it which points out that the program is merely a recommendation to the Congress and shall not be binding on the Highway Commission's future allocation of funds, be made a part of the book containing the ten-year forest program.

The matter of adopting reduced speed zones on highways adjoining the city limits of Pendleton, Ashland and Hermiston was presented by the Engineer. The State Speed Control Board, he stated, recently placed in effect reduced speed zones within these cities and correlating action is necessary by the State Highway Commission outside of the city limits because of the density of the roadside culture.

Upon his favorable recommendation, the Commission approved the following reduced speed zones, and adopted resolutions pertaining thereto, marked Exhibits "I-1" through "I-3", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(1) Pendleton-John Day Highway: 40 miles per hour between M. P. 1.87 and M. P. 2.06; 40 miles per hour between M. P. 2.26 and M. P. 2.34; 40 miles per hour between M. P. 2.53 and M. P. 2.66, except that the indicated speed shall be 20 miles per hour during the hours of school crossings from M.P. 2.53 to M.P. 2.56. See Exhibit "I-1".

(2) Green Springs Highway: 40 miles per hour between the east city limits of Ashland, M. P. 0.68, and a point 0.20 mile east of Tolman Creek Road, M. P. 1.23. See Exhibit "I-2".

(3) Hermiston Highway: 40 miles per hour between the south city limits of Hermiston at M. P. 8.96 and a point 0.14 mile south of the south city limits of Hermiston at M.P. 9.10. See Exhibit "I-3".

Consideration was given to a petition from residents of Roseburg requesting a reduced speed zone on the Coos Bay-Roseburg Highway east of Winston. This request was investigated by the Traffic Engineering Division, the Engineer stated, and it was found that a reduced speed zone is warranted. He therefore recommended that a 50 mile-per-hour speed zone be established on the Coos Bay-Roseburg Highway between the north city limits of Winston at M.P. 73.78 and a point 300 feet east of the Grant Smith Road at M. P. 76.38. The Commission approved the recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "I-4", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

In response to a letter written by Mr. Harry W. Weinstein of Portland concerning reduction of speed on the Tualatin Valley Highway in the West Slope-Beaverton vicinity, the Engineer stated that this matter was carefully investigated and he recommended that an existing 45 mile-per-hour speed zone between M. P. 1.67 and M. P. 2.84, which lies between two 35 mile-per-hour speed zones, be rescinded, and a speed zone of 35 miles per hour be established from M. P. 1.25 to M. P. 3.18. The Commission approved the recommendation, and thereupon adopted the attached resolution relative thereto, marked Exhibit "I-5", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

A request was considered from the Department of State Police concerning the possible establishment of a reduced speed zone on the Siuslaw Highway in the community of Tide. This matter, the Engineer reported, was investigated and as a result of the facts disclosed, he

recommended that a 45 mile-per-hour speed zone be established on the Siuslaw Highway between a point 500 feet west of Cleveland Creek, M. P. 20.07, and a point 0.28 mile east of Cleveland Creek, M. P. 20.45. The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "I-6", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer reported that completion of the Roosevelt Boulevard Section of the Oregon Coast Highway within the City of Seaside had changed the physical conditions in the southerly portion of the section between the southerly limits of Gearhart and the northerly limits of Seaside. He recommended that speed zone Resolution No. 270, dated February 27, 1958, be revised to read as follows:

> 45 miles per hour between the south city limits of Gearhart, M. P. 19.11, and the north city limits of Seaside, M. P. 19.73.

The Commission approved the revision by adopting the attached resolution relative thereto, marked Exhibit "I-7", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer reported that as a result of construction of a large bowling alley on the Dallas-Rickreall Highway immediately east of Dallas, cars have been parking on highway shoulders in this vicinity, thereby creating a traffic hazard. To protect the traveling public, he recommended that shoulder parking be prohibited on both sides of the Dallas-Rickreall Highway between a point 400 feet west of the Dallas Bowl (Engineer's Station 607+00) and a point 300 feet east of the Dallas Bowl (Engineer's Station 598+50). The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "J-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

In conjunction with the problem of shoulder parking on the Dallas - Rickreall Highway immediately east of Dallas, the Engineer stated that in investigating the conditions at that location it had been determined that a 50 mile-per-hour speed zone should be established. He pointed out that in Speed Zone Resolution No. 214A, a 50 mile-per-hour speed zone had been established terminating at M. P. 2.95. He recommended that this 50 mile-per-hour speed zone be extended from M.P. 2.95 to M. P. 3.11, to include the Dallas Bowl. The Commission approved the recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "J-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Traffic hazards on the Salem-Dayton Highway near Maud Williamson State Park because of shoulder parking along the highway was

brought up by the Engineer. This matter, he stated, had been mentioned by a member of the Department of State Police. An investigation disclosed that sufficient off-the-highway parking space is available, and as cars which park on the highway shoulders constitute a hazard to the traveling public, he recommended that shoulder parking be prohibited on both sides of the Salem-Dayton Highway from the junction with the Bellevue-Hopewell Highway at M. P. 9.29 to the Wheatland Road at M. P. 9.55. The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "J-3", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Attention was also given to traffic hazards caused by parked vehicles along the westerly shoulder of the Oregon Coast Highway north of Beaver Creek and south of Newport. This condition, the Engineer stated, had been mentioned by the local Maintenance Superintendent. An investigation disclosed that although a new parking lot has been provided at Ona Beach, a short distance to the south, drivers still park their vehicles on the shoulder of the highway. For the safety of the traveling public, he recommended that shoulder parking be prohibited along the westerly side of the Oregon Coast Highway between M. P. 148.62 and M. P. 148.81. The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "J-4", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The matter of installing "EMERGENCY PARKING ONLY" signs on the Battle Creek-North Albany Interchange Section of the Pacific Highway was brought up by the Engineer. He pointed out that although there is a question as to whether these signs are of value on freeway sections, they have, however, been posted on the Barbur Boulevard-Hayesville Section of the Pacific Highway in order to study their effectiveness. A corollary study has been made on the Battle Creek-North Albany Interchange Section without the use of these signs. It is desired to continue these studies on this section with the signs in place. He therefore recommended that the Commission establish "EMERGENCY PARKING ONLY" on the north and southbound lanes of the Battle Creek-North Albany Section of the Pacific Highway from M. P. 56.44 to M. P. 73.45. The Commission approved his recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "J-5", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

A request was considered from the Oregon Baptist Convention for permission to install three Centennial signs on the right of way of the Sunset Highway near the Cornelius Pass intersection. These signs the Engineer explained, are to indicate the location of the West Union Baptist Church which was founded in 1844. The location of the signs and the sign messages have been approved, and he recommended that the installation be allowed under permit, with the understanding that the signs are to be removed at the end of the Centennial celebration. The Commission accepted his recommendation.

Consideration was also given to a request from the Enterprise Chamber of Commerce for permission to erect a sign on the southerly side of the Wallowa Lake Highway near Enterprise, at M. P. 64.11. This sign, the Engineer stated, is a rustic type advertising Wallowa County, and the location and sign message have been approved. Upon his favorable recommendation, the Commission approved installation of the sign, to be covered by a formal permit.

A request from the Douglas County Centennial Committee for permission to install four temporary signs on the Pacific Highway near Roseburg was considered. These signs, the Engineer stated, are directional signs indicating that tourist information can be obtained in Roseburg. The location of the signs and their message have been approved, and he recommended that permission be granted for installation with the understanding that they are to be removed by September 20, 1959. The Commission approved the installation of the signs, which are to be covered by a formal permit.

The Commission gave attention to a request from the Sherman County Historical Society to place signs at four different locations on the Sherman Highway in Sherman County, and on the Sherars Bridge Highway at M. P. 25.54. These signs, the Engineer stated, are of an historical nature to mark the site of The Dalles Military Road of 1869. The locations of the signs and their messages have been approved, and he recommended that a permit be granted for their installation. The Commission accepted his recommendation.

The commission also considered a request from the Newberg Chamber of Commerce to erect a rustic log sign on the westerly side of the Pacific Highway West at M. P. 22.27 near Newberg. This sign, which calls attention to the City of Newberg, has been approved as to location and message, and the Engineer recommended that a permit be granted for its installation. The Commission approved the installation.

The Commission considered and, upon the favorable recommendation of the Highway Engineer, approved a lease with the Oregon State Board of Forestry to permit the Highway Department to use a tract of land for the operation of a radio station on Bennett Butte in Coos County. The Engineer explained that the Commission at a previous meeting had approved purchase of the radio building at this site from the West Coast Telephone Company. The proposed lease is to legalize use of the land on which the radio building is located and covers a period of fifty years for consideration of One Dollar.

Out-of-state travel expenses were recommended by the Engineer for a number of highway personnel. The proposed trips, he stated, are helpful in keeping highway personnel abreast of current developments in highway work. The Commission authorized out-of-state travel for the following:

(see next page)

(1) Robert Blensly, Planning Survey Engineer, to attend conference in Washington, D. C., September 17 and 18, 1959, at an estimated cost of $350.

(2) Carl W. Jordan, Director, Travel Information Division, to attend convention of Pacific Northwest Travel Association, Coeur d'Alene, Idaho, September 9 through 13, 1959, at an estimated cost of $124.

(3) W. F. Lieske, Radio Engineer, to attend conference of National Association of State and Police Radio, in Denver, Colorado, August 2 through 5, 1959, at an estimated cost of $240. This is to confirm previous telephonic approval.

(4) P. M. Stephenson, Assistant State Highway Engineer, to attend Highway Management Conference at Aspen Meadows, Colorado, September 5 to 12, 1959, at an estimated cost of $284.

(5) R. B. Sipprell, Director of Permits, to attend Joint Meeting of Council of State Governments, Kansas City, Missouri, September 2 and 3, 1959, at an estimated cost of $250.

(6) W. C. Williams, State Highway Engineer, to attend Special Meeting of Road Test Advisory Committee in LaSalle, Illinois, September 1, 1959, at an estimated cost of $287.

(7) Confirm trip by W. C. Williams, State Highway Engineer, to Chicago, Illinois, for a meeting of Chief Highway Administrators, August 1, 1959, at a cost of $280.

(8) C. H. Armstrong, State Parks Superintendent, to attend National Conference on State Parks at Asilomar Beach, California, September 20-25, 1959, at an estimated cost of $235.

(9) G. W. Harra, Materials Engineer, to attend meeting of Committee on Materials of AASHO, in Washington, D. C., September 24-25, 1959, at an estimated cost of $370.

(10) F. B. Crandall, Traffic Engineer, and J. Al Head, Assistant Traffic Engineer, to attend national meeting of Institute of Traffic Engineers in New York City, September 14-18, 1959, at an estimated cost of $450 each.

(11) Dean Swift, Division 4 Engineer, to attend meeting of US 97 Association in Ellensburg, Washington, September 11 and 12, 1959, at an estimated cost of $75.

The Commission considered an agreement, submitted at the request of the US Bureau of Public Roads, that the State furnish an inspector from the Portland area to inspect painting of the bridge over Wind River in Washington which the Bureau is constructing. The Engineer commented that the man who ordinarily would have done the inspecting for the Bureau was injured. The agreement provides that the Bureau of Public Roads will reimburse the State for all costs incurred by the State. Upon his favorable recommendation the Commission approved the agreement.

The Commission also considered a request from the Pacific Telephone and Telegraph Company to install a public telephone booth on the westerly side of the Columbia River Highway at Warren, Columbia County. Installation of such telephones, the Engineer stated, is beneficial to the traveling public and he recommended that a permit be granted to the telephone company for the installation. The Commission accepted his recommendation.

Consideration was given to a request from the League of Oregon Cities for modification of the "Oregon Manual on Uniform Traffic Control Devices" which would allow the use of 12" by 18" signs concerning parking prohibition and regulatory signs. The Engineer explained that the Manual now prescribes a sign 18" by 24", and some difficulty is being experienced by cities in mounting and installing this size sign. It was his opinion that the change is reasonable, and he recommended that it be made to apply to parking prohibition and parking restriction signs, specifically signs R-400 through R-414 and R-450 through R-454. The Commission approved the revision as recommended.

The Engineer presented a resolution covering abandonment of a portion of the old right of way of the Long Creek-South Forest Boundary Section, Pendleton-John Day Highway, Grant County. When the right of way was purchased for this section several years ago, he stated, it was agreed with the property owner that a portion of the old right of way would be abandoned to him as a part of the consideration for the new right of way. This resolution is to comply with that agreement. The Commission thereupon adopted the attached resolution, marked Exhibit "G", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

A request from the Columbia River Log Scaling and Grading Bureau, Portland, for permission to construct a truck scaling station and to use the approaches to the State Highway Department truck scales along the southerly side of the Salmon River Highway near Fort Hill in Polk County was considered. The Engineer explained that in permitting the Scaling Bureau to install its scaling station adjacent to the approaches of the State truck scales only one set of approaches to and from the highway would be required, thereby reducing the hazard to the traveling public. Plans for the scaling station have been approved and he recommended that a permit be granted for the installation. The Commission accepted his recommendation.

The Commission approved the Secretary's report listing papers which he has signed on behalf of the Commission during the period June 29 through August 6, 1959.

The next regular Highway Commission meeting was set for September 24 and 25, 1959, in the conference room of the State Highway Building in Salem. A tentative date of November 5 and 6, 1959, was considered for the following meeting.

A cooperative fencing agreement with Mr. Oscar C. Butzien was presented by the Engineer for the installation of fencing along the southerly side of the Central Oregon Highway between Engineer's Stations 3066+80 and 3128+00 in Deschutes County. He explained that this is the same type of fencing agreement, which has been approved in several instances in the past, in which the land owner furnishes the wire and constructs the fence and the State stakes the right of way and furnishes the steel posts. Following his favorable recommendation, the Commission approved the agreement.

A resolution was presented by the Engineer concerning rerouting of the Richardson-Eugene Highway, No. 220, in the City of Eugene. For the best interests of the traveling public he recommended elimination from the state highway system of that part of West Eleventh Avenue from Garfield Street to Polk Street , and that part of Polk Street from West Eleventh Avenue to Sixth Avenue, and that the new route of the Richardson-Eugene Secondary Highway be designated as follows:

> Beginning at the intersection of the westerly city limits of the City of Eugene and West Eleventh Avenue; thence easterly along West Eleventh Avenue to Garfield Street; thence northerly along Garfield Street to the one-way westbound route of the Pacific Highway West at the intersection of Garfield Street and Sixth Avenue.

The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "H-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission also considered a resolution presented by the Engineer concerning rerouting of the Oregon Coast Highway in Seaside. The Engineer explained that the rerouting is a result of the completion of the Roosevelt Drive Section, which is now open to traffic. An agreement entered into with the City of Seaside on May 27, 1958 provided, among other things, that the City upon completion of Roosevelt Drive as a part of the Oregon Coast Highway, would assume jurisdiction of the old route of the highway through Seaside from 24th Street to Avenue "N". He recommended that the revised routing be formally approved as outlined in the terms of the agreement with the City of Seaside. The Commission approved his recommendation by adopting

the attached resolution relative thereto, marked Exhibit "H-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The meeting was recessed at 11:15 a.m. and reconvened at 1:00 p.m. in the same room with the same persons present.

Attention was given to a letter written by Francis Landrum of Klamath Falls stating that the Lake County Court would like to have the Highway Commission accept as a part of the Oregon State Highway system the graded portion of the Adel-Denio Highway lying inside the boundary of Harney County, being a section about two miles in length. Commissioner Jackson commented that at the July 2-3, 1959 Commission meeting the Commission had directed the Engineer to send a letter to the Lake County Court outlining the Commission's position as to what they could and could not do in development of this portion of the Winnemucca-Lakeview cut-off. The matter was discussed briefly and the Commission stated that it would adhere to the terms and conditions as outlined in the Engineer's letter of July 6, 1959, to the Lake County Court.

The Engineer brought to the attention of the Commission a letter written by Mr. Arthur Kirkham, Portland, criticizing the substandard condition of the Oregon Coast Highway between Neskowin and Oretown. The Commission instructed that Mr. Kirkham be advised that there are no plans in existence at this time for improvement of this section of highway because of lack of funds.

The Commission also considered a letter from Mr. Charles E. Snell, President of the Oregon State Motor Association, suggesting that the Eastbank Freeway Section of the Pacific Highway in Portland be named in honor of Fred T. Fowler, who has been prominent in highway matters in Portland for a number of years. The Engineer pointed out that Federal regulations on interstate highways preclude the naming of any section for any individual, and also preclude the use of any other name or designation. The Commission instructed that Mr. Snell be advised of these regulations.

The Engineer brought up the matter of a recent fatal accident at the intersection of US 20 and US 97 a short distance north of Bend. Although this intersection is of fairly modern construction, he pointed out that several accidents have occurred due principally to excessive speed. To protect the traveling public he recommended that the Commission establish a 40 mile-per-hour speed zone on The Dalles-California Highway from M. P. 134.83 to M. P. 136.47. The Commission approved the recommendation by adopting the attached resolution relative thereto, marked Exhibit "I-8", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer stated that although the national Congress has not taken action on Federal Interstate funds there are several projects, including county and city jobs, which should be advertised for contracting so that the work may be done during good weather. He also mentioned a few Federal-aid projects which should be placed under contract in order to use adjoining projects which have been constructed or are under construction. The Commission granted the Engineer authority to call bids for those projects which are deemed critical, such bids to be received in the early part of September.

Attention was given to a letter from the Clackamas County Court concerning proposed acquisition by the County of approximately twelve acres for park purposes along the Clackamas Highway, a few miles east of Carver. The County in their letter requested that the Commission transfer the land to them without charge as the County does not have funds to purchase it. The Engineer pointed out that during the last ten years the County has transferred to the State only one very small parcel of land without charge. In six other transactions, covering about seven acres of land, the State paid to the County in excess of $5,000. Commissioner McIver stated that it has been the policy of the Commission for many years to sell property at cost to other public agencies. The Commission made no change in this policy.

The Parks Superintendent stated that he had received a telegram stating that a federal hearing will be held pertaining to the creation of a national park in the Sand Dune area along the Oregon Coast in Lane and Douglas Counties. Commissioner Jackson commented that the proposed federal park appears to be a meritorious project which would be of benefit to the state, and it was his thought that the Commission should take affirmative action. The Parks Superintendent remarked that the Parks Advisory Committee favors the general idea, but is not familiar with details. Commissioner Fridley stated that in his opinion the attitude of the Parks Advisory Committee should be more definitely ascertained, particularly concerning details of development. After some further discussion the Commission authorized the Parks Superintendent and the Chief Counsel to prepare a statement stating that the Sand Dune Park project fits in with State park plans, and that the Highway Commission favors establishment of it, if the Federal Government will develop it properly, including park facilities comparable with those installed in State parks.

The Parks Superintendent stated that Jackson County had made a request for additional right of way through Laurelhurst State Park in Jackson County in order to relocate a bridge on a county road. The transfer of right of way to them, he stated, will not injure the park and he recommended that the necessary right of way be transferred to the County without charge in exchange for the existing County right of way and on condition that a connection is provided to the State's new overnight camping facilities. The Commission approved his recommendation.

Chairman McIver inquired as to what progress is being made in acquiring land along the Rogue River east of Grants Pass for park purposes. The Parks Superintendent stated that in his opinion the necessary land can be acquired from the Harry White property which would provide more than a mile of park frontage on the Rogue River.

The Chief Counsel presented a proposed settlement of a condemnation case involving property owned by Haydn M. Close, R-28297 and R-28340, on the Russell Street-Curry Street Section of the Pacific Highway in Multnomah County. The State had offered $29,000 for this property and the owners have now proposed a settlement for $30,000 which he recommended be accepted. The Commission approved the settlement.

The Engineer brought up the matter of transferring to the State Board of Higher Education a tract of land on the east side of Klamath Falls which may be used by Oregon Technical Institute for a site to construct a new school. He recommended that the 38-acre tract be sold to the Board of Higher Education if they wish to purchase it, for the same price that the State paid for it, or $7,600. In the brief discussion which followed on this matter it was pointed out that this offer is in line with the Commission's established policy and that the land at the present time is probably worth much more than that amount. The Commission authorized the sale as recommended.

The Commission signed agreements, deeds, and other papers.

There being no further business to conduct, the meeting was declared adjourned at 1:30 p.m.

Chairman

State Highway Engineer

Commissioner

Commissioner

EXHIBITS "A" through "L"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

August 13, 1959

EXHIBIT "A"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in the right of way resolution, dated August 13, 1959, pages 1 through 52, as presented by the Right of Way Engineer and approved by the Highway Commission on August 13, 1959, and by this reference said right of way resolution of August 13, 1959 is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the Chief Counsel for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

EXHIBIT "B-1"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Beaverton-Forest Grove Section of the Tualatin Valley Highway described as follows:

A parcel of land lying in Lots 11 and 12, Block 4 of Ladd and Reed Acres, situated in Section 11, Township 1 S, Range 2W, W. M., Washington County, Oregon, and being a portion of that property described in that certain deed to State of Oregon by and through its State Highway Commission, recorded in Book 370, Page 113 of Washington County Records of Deeds; the said parcel being described as follows:

Beginning at the Southwest corner of said Lot 12; thence North along the West line of said Lot 12, a distance of 100 feet to the true point of beginning, said true point of beginning being the Northwest corner of said State of Oregon property; thence Easterly along the Northerly line of said State of Oregon property, 200 feet to the Northeast corner thereof; thence South along the East line of said State of Oregon property 60 feet, more or less, to a line which is parallel to and 28 feet Northerly of the center line of the West bound traffic lane of the Tualatin Valley Highway; thence N 81° 37' W, parallel to said center line 200 feet to the West line of said Lot 12; thence North along said West line 60 feet, more or less, to the true point of beginning.

The center line of said West bound traffic lane is described as follows:

Beginning at Engineer's center line Station 219+22.71, said Station being 1166.2 feet South and 2533.5 feet West of the Northeast corner of the Nathan Robertson DLC #45, Twp. 1 S, R 2 W, W. M.; thence N 81° 37' W, 1277.29 feet to Engineer's center line Station 232+00.

The parcel of land to which this description applies contains 11,761 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

EXHIBIT "B-1" (Cont)

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of such property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Tualatin Valley Highway, except there will be two points of access from the said property to the Tualatin Valley Highway of a width not to exceed 25 feet at a point to be determined prior to the conveyance of the property, said access points to be unrestricted as to use.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 109 be entered in the minutes and records of the Commission as of the 13th day of August, 1959.

EXHIBIT "B-2"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the West Portland Junction-Willamette River Section of the Pacific Highway described as follows:

A parcel of land lying in Lot 37, Tualatin Valley Homes, situated in Section 13 and in Section 24, Township 2 S, Range 1 W, W. M., Washington County, Oregon, the said parcel being that portion of said Lot 37 lying Westerly of a line which is parallel to and 100 feet Westerly of the center line of the Pacific Highway, which center line is described as follows:

Beginning at Engineer's center line Station 210+00, said Station being 1261.98 feet, N 77° 12' 48" E, of the North quarter corner of said Section 24; thence S 15° 49' 15" W, 1000 feet to center line Station 220+00.

The parcel of land to which this description applies contains 0.94 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,150.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway and shall also provide that said property shall never be used for placing, maintenance or display of any advertising sign within view of the Pacific Highway, except such use to which the property conveyed is devoted.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 110 be entered in the minutes and records of the Commission as of the 13th day of August, 1959.

EXHIBIT "B-3"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Salem By-Pass Section of the Pacific Highway described as follows:

A parcel of land lying in Lots 7, 8, 9 and 10, Block 2, Thompson Addition, a Subdivision of Lot 3, Marion Gardens in Section 30, Township 7 S, Range 2 W, W.M., Marion County, Oregon, the said parcel being described as follows:

Beginning on the West line of said Lot 10, at a point which is 90 feet Northerly from the Southwest corner of said Lot 10; thence Easterly parallel with the South line of said Lot 10 and Lot 9, a distance of 87.86 feet to the Northwest corner of that tract of land described in that deed to the State of Oregon by and through its State Highway Commission, recorded in Book 435, Page 728, of Marion County Deed Records; thence N 2° 37' E, 90.09 feet to the Southwest corner of that tract of land described in that deed to the State of Oregon by and through its State Highway Commission, recorded in Book 436, Page 277, Marion County Deed Records; thence Westerly parallel with the South line of said Lots 9 and 10, a distance of 91.98 feet to the West line of said Lot 7; thence Southerly along the West line of said Lots 7 and 10, a distance of 90 feet to the place of beginning.

The parcel of land to which this description applies contains 8093 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $ 9,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 111 be entered in the minutes and records of the Commission as of the 13th day of August, 1959.

EXHIBIT "B-4"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Salem By-Pass Section of the Pacific Highway described as follows:

A parcel of land lying in Lot 12, Block 2, Thompson Addition situated in Section 25, Township 7 S, Range 3 W, W. M., Marion County, Oregon, and being a portion of that tract of land described in that certain deed to State of Oregon by and through its State Highway Commission recorded in Book 431, Page 321 of Marion County Records of Deeds; the said parcel being that portion of said Lot 12 lying Easterly of a line that is parallel to and 100 feet Easterly of the center line of the Pacific Highway, which center line is described as follows:

Beginning at Engineer's center line Station 225+00, said Station being 13 feet North and 88 feet West of the Northwest corner of Lot 5, said Block 2; thence South 300 feet to Station 228+00.

The parcel of land to which this description applies contains 7500 square feet, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $4,600.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 112 be entered in the minutes and records of the Commission as of the 13th day of August, 1959.

EXHIBIT "B-5"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Salem By-Pass Section of the Pacific Highway described as follows:

A parcel of land lying in Lot 5, Block 2, Thompson Addition, situated in Section 25, Township 7 S, Range 3 W, W. M., Marion County, Oregon, and being a portion of that tract of land described in that certain deed to State of Oregon by and through its State Highway Commission recorded in Book 429, Page 781 of Marion County Records of Deeds; the said parcel being that portion of said Lot 5 lying Easterly of a line that is parallel to and 100 feet Easterly of the center line of the Pacific Highway, which center line is described as follows:

Beginning at Engineer's center line Station 225+00, said Station being 13 feet North and 88 feet West of the Northwest corner of said Lot 5; thence South 300 feet to Station 228+00.

The parcel of land to which this description applies contains 7300 square feet, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $5,900.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 113 be entered in the minutes and records of the Commission as of the 13th day of August, 1959.

EXHIBIT "B-6"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcels of land in the Harbor Drive-Barbur Boulevard Section of the Pacific Highway described as follows:

PARCEL 1. A parcel of land lying in Lots 18, 19 and 20, Block 9, Alder Springs, situated in the SW $\frac{1}{4}$ of Section 21, Township 1 S, Range 1 E, W. M., Multnomah County, Oregon, the said parcel being described as follows:

Beginning at the Southeast corner of said Lot 20; thence North along the East lines of Lots 20, 19 and 18, a distance of 120 feet; thence Southwesterly in a straight line to the North line of said Lot 19, at a point which is 60 feet West of the Northeast corner of said Lot 19; thence West along the North line of said Lot 19, 40 feet to the Northwest corner thereof; thence South along the West lines of Lots 19 and 20, a distance of 92 feet; thence Southeasterly in a straight line to the South line of said Lot 20, at a point which is 65 feet West of the Southeast corner of said Lot 20; thence East along the South line of said Lot 20, a distance of 65 feet to the point of beginning.

The parcel of land to which this description applies contains 10,460 square feet.

PARCEL 2. A parcel of land lying in Lots 1, 2, 3, and 4, Block 9, Alder Springs, situated in the SW $\frac{1}{4}$ of Section 21, Township 1 S, Range 1 E, W.M., Multnomah County, Oregon, the said parcel being described as follows:

Beginning at the Southwest corner of said Lot 1; thence North along the West lines of Lots 1, 2, 3 and 4, a distance of 200 feet to the Northwest corner of said Lot 4; thence East along the North line of said Lot 4, a distance of 100 feet to the Northeast corner thereof; thence South along the East line of said Lots 4 and 3, a distance of 100 feet to the Southeast corner of said Lot 3; thence Southwesterly in a straight line to the point of beginning.

The parcel of land to which this description applies contains 15,000 square feet.

WHEREAS, after consideration, the Commission find and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent

EXHIBIT "B-6" (Cont.)

and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $20,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 114 be entered in the minutes and records of the Commission as of the 13th day of August, 1959.

EXHIBIT "C"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the State of Oregon by and through its State Highway Commission, is the owner of the parcel of land in the Klamath Falls (South Sixth Street) Section of the Klamath Falls-Lakeview Highway described as follows:

A parcel of land lying in the City of Klamath Falls, also lying in Section 33, Township 38 S, Range 9 E, W.M., Klamath County, Oregon, and being a portion of that property described in that certain deed to State of Oregon by and through its State Highway Commission, recorded in Book 238, Page 25 of Klamath County Records of Deeds; the said parcel being described as follows:

Beginning at a point formed by the intersection of the Westerly line of the right of way of the California Northeastern Railway Company and the Southwesterly line of Sixth Street which said street is also known and designated as the County Road from Klamath Falls to Merrill, and which said street or road now now forms the Southwesterly terminal of Spring Street; thence S 0° 19' E, along the Westerly line of the said right of way a distance of 314.5 feet to the true point of beginning, said point being 12.5 feet distant from and at right angles to the center line of a spur track of the California Northeastern Railway; thence S 0° 19' E, along Westerly line of said right of way a distance of 244.5 feet to a point; thence N 55° 22' W, a distance of 571.06 feet to a point; thence N 34° 38' E, a distance of 130 feet, more or less, to the most Southerly corner of that property conveyed to the State of Oregon by and through its State Highway Commission by deed recorded in Book 281, Page 268, of Klamath County Deed Records; thence N 81° 00' E, 150 feet, more or less, to a point on the Northeasterly line of that certain last described tract in that deed to M. S. West, recorded in Book 216, Page 419, Klamath County Deed Records, said point being 12.5 feet Southwesterly of (when measured at right angles to) the center line of said spur track of the California Northeastern Railway; thence Southeasterly parallel to and 12.5 feet distant from the centerline of said spur track, a distance of 324 feet, more or less, to point of beginning.

Except that portion lying within the right of way of the California Northeastern Railway.

The parcel of land to which this description applies contains 2.4 acres.

EXHIBIT "C" (Cont.)

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $3,600.00, and the City of Klamath Falls is desirous of acquiring said property.

NOW, THEREFORE, BE IT RESOLVED that the above described real property be sold to the City of Klamath Falls by a direct sale for the appraised value of $3,600.00.

NOW, THEREFORE, BE IT RESOLVED that this Property Sale Resolution No. 115 be entered in the minutes and records of the Commission as of the 13th day of August, 1959.

31944

EXHIBIT "D-1"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract

EXHIBIT "D-1" (Cont.)

of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "D-1" (Cont.)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 13th day of August, 1959, as Condemnation Resolution No. 1183.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1183, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D-2"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public, and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Hilda Street-Beaver Creek Road (Oregon City) Section of the Cascade Highway; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improving and maintaining of the said Hilda Street-Beaver Creek Road (Oregon City) Section of the Cascade Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

EXHIBIT "D-2" (Cont.)

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Cascade Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improving and maintaining of the said Hilda Street-Beaver Creek Road (Oregon City) Section of the Cascade Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 13th day of August, 1959, as Condemnation Resolution No. 1184.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1184, under the heading "Real Property Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D-3"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Lake Road-Oregon City Section of the Cascade Secondary Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the Cascade Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and

EXHIBIT "D-3" (Cont.)

the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Cascade Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as noted. *

3. That the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the said Cascade Secondary Highway and the highway facilities for which each of said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to aquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 13th day of August, 1959, as Condemnation Resolution No. 1185.

---

*FOOTNOTE:

The names of the property owners and the detailed description

EXHIBIT "D-3" (Cont.)

of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1185, under the heading "Real Property Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31952

EXHIBIT "D-4"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials, approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Sunset Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not

EXHIBIT "D-4" (Cont.)

immediately needed for the highway proper; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Sunset Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and improved Sunset Highway, including the Highlands Traffic Interchange, and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the widening, improvement and maintenance of the said Sunset Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence

EXHIBIT "D-4" (Cont.)

and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 13th day of August, 1959, as Condemnation Resolution No. 1186.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1186, under the heading "Real Property Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D-5"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Wilderville-Grants Pass Section of the Redwood Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately

needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Redwood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels

EXHIBIT "D-5" (Cont.)

of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 13th day of August, 1959, as Condemnation Resolution No. 1187.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1187, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

31958

EXHIBIT "D-6"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Lancaster Drive-Sublimity Gun Club Section of the North Santiam Secondary Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which

EXHIBIT "D-6" (Cont.)

is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Lancaster Drive-Sublimity Gun Club Section of the North Santiam Secondary Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said relocated North Santiam Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Lancaster Drive-Sublimity Gun Club Section of the North Santiam Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to at-

EXHIBIT "D-6" (Cont.)

tempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 13th day of August, 1959, as Condemnation Resolution No. 1188.

EXHIBIT "D-7"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve, and maintain the the Dodson-Cascade Locks Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the widening, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even

EXHIBIT "D-7" (Cont.)

though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified; and

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the Dodson-Cascade Locks Section of the Columbia River Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the widening, improvement and maintenance of the said Dodson-Cascade Locks Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "D-7" (Cont.)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

31964

EXHIBIT "D-8"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Wasco-Hay Canyon Section of the Wasco-Heppner Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

EXHIBIT "D-8" (Cont.)

WHEREAS, portions of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement or maintenance of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated Wasco-Heppner Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Wasco-Hay Canyon Section of the said Wasco-Heppner Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "D-8" (Cont.)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 13th day of August, 1959, as Condemnation Resolution No. 1190.

---

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1190, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D-9"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Florence-Mapleton Section of the Siuslaw Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Florence-Mapleton Section of the Siuslaw Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part

EXHIBIT "D-9" (Cont.)

hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and relocated Siuslaw Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Florence-Mapleton Section of the said Siuslaw Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 13th day of August, 1959, as Condemnation Resolution No. 1191.

EXHIBIT "D-10"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Albany-Judkins Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the

interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A" no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

EXHIBIT "D-10" (Cont.)

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 13th day of August, 1959, as Condemnation Resolution No. 1192.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1192, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D-11"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain Academy Street-Coast Junction Section of the Dallas-Rickreall Highway; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improving and maintaining of the said Academy Street-Coast Junction Section of the Dallas-Rickreall Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

EXHIBIT "D-11" (Cont.)

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and improved Dallas-Rickreall Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improving and maintaining of the said Academy Street-Coast Junction Section of the said Dallas-Rickreall Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 13th day of August, 1959, as Condemnation Resolution No. 1193.

---

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1193, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D-12"

Minutes of August 13, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Cascade Locks By-Pass Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "D-12" (Cont.)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement, or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 13th day of August, 1959, as Condemnation Resolution No. 1194.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1194, under the heading "Real Property Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "E"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, ORS 366.800 provides that:

"There shall be and hereby are appropriated out of the highway fund annually such sums of money as will equal 10 per cent of all moneys credited to the highway fund by the State Treasurer between January 1 and December 31 of each year and which have accrued from funds transferred to the highway fund by the State Treasurer under ORS 319.410, 481.540, 767.635 and from fines and penalties collected for violations of the motor vehicle and transportation laws. The appropriation shall be distributed among the several cities as provided in ORS 366.785 to 366.820."

AND, WHEREAS, ORS 366.805 provides:

"The appropriation specified in ORS 366.800 shall be allocated to the cities as follows:

(1) The sum of $250,000 shall be withdrawn from the appropriation each year and set up in a separate account to be administered by the commission.

(2) Such account shall be spent each year by the commission upon streets not a part of the state highway system within cities which are receiving excessive wear through sudden increases in population in the area of heavy and unusual industrial traffic.

(3) The commission shall determine the distribution of the expenditures after considering applications made to it therefor from the cities.

(4) The balance remaining in the appropriation after the withdrawal of the $250,000 shall be distributed to all the cities.

(5) Each city shall receive such share of the balance as its population bears to the total population of the cities."

AND, WHEREAS, ORS 366.810 provides that:

"Funds accrued and payable to cities under ORS 366.785 to 366.820 shall be remitted semiannually by the Secretary of State to the financial officer of each city. The funds appropriated shall be apportioned on a semiannual basis immediately following June 30 and December 31 of each year by the commission, which shall certify the apportionment to the Secretary of State. Upon receipt of such certificate the Secretary of State shall issue his warrants therefor payable to the cities in the amounts set out."

EXHIBIT "E" (Cont)

WHEREAS, the funds or moneys which have been by the State Treasurer credited to the state highway fund during the period January 1 to June 30, inclusive, of the year 1959, and which have accrued from the sources named herein, produced the following amounts:

Funds resulting under the provisions of ORS 481.540 (motor vehicle registration and operators' license fees) total	$ 6,479,185.56
Funds resulting under the provisions of ORS 319.410 (gasoline tax) total	15,629,727.82
Funds resulting under the provisions of ORS 767.635 (motor carrier fees) total	6,356,086.06
Funds resulting from fines and penalties collected for violations of the motor vehicle and transportation laws total	240,085.54
	$28,705,084.98

AND, WHEREAS, the statutory ten per cent of said total produces for allocation and distribution by the Highway Commission to the benefited cities and towns a total of $2,870,508.50, from which sum there is to be deducted one-half of the sum of $250,000, or $125,000, thus leaving for allocation and distribution for the period January 1 to June 30, 1959, the sum of $2,745,508.50, and

WHEREAS, by applying the factors of allocation or distribution provided for in ORS 366.800 to 366.810, the State Highway Commission has determined upon an apportionment of said balance among the cities of the state as shown in the tabulation given below:

NOW, THEREFORE, be it and it hereby is resolved and ordered by this Commission as follows:

1. The Commission does hereby find, declare and order that the funds made available for allocation and distribution to the several cities of the State of Oregon pursuant to law, are hereby allocated and appropriated to the cities and/or towns named below in the amounts set opposite the names of the respective cities:

EXHIBIT "F"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 4843 with Morrison Knudsen Company, Inc., for grading on the Davis Slough-Beaver Lookout Section of the Oregon Coast Highway in Coos County, completed July 30, 1959.

"Contract No. 5052 with Birkemeier Construction Co., for 26th Avenue Structures on the Harbor Drive-Washington County Line Section of Pacific Highway in Multnomah County, completed July 25, 1959.

"Contract No. 5070 with Fred J. Stubbert, for Honeyman State Park Facilities on the Oregon Coast Highway in Lane County, completed July 18, 1959.

"Contract No. 5087 with Arthur Simonsen & Co., for grading-oiling the Wingville Section of Wingville Lane Road in Baker County, completed July 25, 1959.

"Contract No. 5100 with Robert M. Hebener & Elmer T. Jenkins, for the Burns-Princeton Rock Production Project on the Burns-Crane and Crane-Scotts Butte Highways in Harney County, completed May 4, 1959.

"Contract No. 5168 with Morse Bros., for grading-paving the Newberg-Gearin Corner of the Hillsboro-Silverton Secondary Highway in Yamhill-Marion Counties, completed July 14, 1959.

"Contract No. 5216 with T. C. Wildish, for paving and storm sewer on the Santa Clara-Eugene Section of the Junction City-Eugene Secondary Highway in Lane County, completed August 5, 1959.

"Contract No. 5222 with George E. Berry, for deck replacement on the McFee Bridge on the Hillsboro-Silverton Secondary Highway in Washington County, completed June 29, 1959.

"Contract No. 5248 with Keystone Construction Co., Inc., for grading-oiling the West Unit, Post-Camp Creek Section of the Paulina Secondary Highway in Crook County, completed June 25, 1959.

"Contract No. 5262 with S & D Construction Company, for undercrossing construction on the South Santiam Interchange on the Pacific Highway in Linn County, completed July 10, 1959.

"Contract No. 5276 with C. E. Leseberg, for grading-oiling the Burns Jct.-West Fork Silvies River Section of the Frenchglen Secondary Highway in Harney County, completed July 15, 1959.

EXHIBIT "F" (Cont)

"Contract No. 5281 with O. C. Yocom Co., for grading-oiling the West Unit, McMinnville Airport-Dayton Jct. Section of Three Mile Lane Secondary Highway in Yamhill County, completed July 18, 1959.

"Contract No. 5287 with C. E. Leseberg, for grading-oiling the Vale Unit, Vale-Grand Avenue and West Unit, Foothills Drive of Lytle Blvd., and Foothills Drive in Malheur County, completed June 20, 1959.

"Contract No. 5288 with D. F. McKenzie, grading-stone base on the Bethel-Zena Section of the Byerly Corner-West Salem Road in Polk County, completed August 5, 1959.

"Contract No. 5290 with Sig Andersson, for the Gravelford Bridge construction on the North Fork Coquille River Section of the Myrtle Point-Fairview County Road (FAS 252) in Coos County, completed June 26, 1959.

"Contract No. 5312 with E. P. Baltz & Son, for roadside improvement on the Interstate Bridge-Oregon Slough Section of Pacific Highway in Multnomah County, completed June 15, 1959.

"Contract No. 5314 with Babler Brothers, Inc., for the Umatilla River Bridge construction on the Thornhollow Section of the Adams-Cayuse County Road (FAS 472) in Umatilla County, completed June 25, 1959.

"Contract No. 5315 with E. H. Itschner Co., for stone base-oiling the Forest Boundary-Hilgard Section of the Ukiah-Hilgard Secondary Highway in Union County, completed July 9, 1959.

"Contract No. 5326 with Ausland Construction Co., for Grave Creek Bridge construction at Leland, County Road #5 (FAS 850) in Josephine County, completed June 26, 1959.

"Contract No. 5362 with Robert C. Wilson, for the Devils Lake Park Extension on the Oregon Coast Highway in Lincoln County, completed May 26, 1959.

"Contract No. 5376 with Bechtel Brothers, for bridge-grading the Powder River Bridge on the Richland-South Road (FAS 511) in Baker County, completed July 22, 1959.

"Contract No. 5383 with Monson & Sivers Company, for construction of the Salem Sign Department Building, Marion County, completed July 16, 1959.

"Contract No. 5392 with Rogers Construction, Inc., for grading the Rowena-Chenoweth Creek Section of the Columbia River Highway in Wasco County, completed June 23, 1959.

"Contract No. 5399 with Inter City Sand & Gravel Co., Inc., for the Bear Creek Bridge widening on the Comstock-Anlauf Section of Pacific Highway in Douglas County, completed July 10, 1959.

EXHIBIT "F" (Cont)

"Contract No. 5405 with E. H. Itschner Co., for the Elgin Rock Production Project on the Weston-Elgin and Wallowa Lake Highways in Union County, completed August 5, 1959.

"Contract No. 5406 with R. L. Coats, for the Eight Mile Creek Bridge construction on The Dalles-Eight Mile Creek Section of The Dalles-California Highway in Wasco County, completed August 7, 1959.

"Contract No. 5419 with L. A. Decker Company, for the Quartz Mt.-Lakeview Rock Production Project on the Klamath Falls-Lakeview Highway in Lake County, completed July 21, 1959.

"Contract No. 5421 with Yaquina Head Quarries, for the Toledo Rock Production Project on four state highways in Lincoln County, completed July 1, 1959.

"Contract No. 5437 with E. H. Itschner Co., for oiling-rock production on the Webb Slough-Long Creek Section of the Pendleton-John Day Highway in Grant-Umatilla Counties, completed August 3, 1959.

"Contract No. 5438 with Rogue River Paving Co., for paving on the Cobleigh Road-Butte Falls Section of the Butte Falls Road in Jackson County, completed July 1, 1959.

"Contract No. 5441 with Hughes & Dodd Co., & Tru-Mix Equipment Co., for the Ashland-California State Line Rock Production Project on Pacific Highway in Jackson County, completed July 31, 1959.

"Contract No. 5453 with John A. & Dale J. Clarambeau, for metal median barrier on Fords Bridge Section on Pacific Highway in Douglas County, completed May 27, 1959.

"Contract No. 5455 with Wint Roberts and Troy Roberts, for sand shed construction in the Hood River Maintenance Yard on the Columbia River Highway in Hood River County, completed July 15, 1959.

"Contract No. 5457 with Merlin R. Stam, for addition to latrine in Fogarty Creek State Park on the Oregon Coast Highway in Lincoln County, completed June 30, 1959.

"Contract No. 5474 with Hillstrom Shipbuilding Company, for fender piling repairs on the McCullough Bridge in Coos Bay, on Oregon Coast Highway, Coos County, completed July 2, 1959.

"Contract No. 5479 with Babler Bros., Inc., for grading-oiling the East Unit. Foothills Drive Section of the Foothills Drive Road in Malheur County, completed July 16, 1959.

"Contract No. 5488 with Tri-State Painting Co., for maintenance painting the west approaches of the Steel Bridge in Portland, Multnomah County, completed July 17, 1959.

EXHIBIT "F" (Cont)

"Contract No. 5491 with Russell Olson Const. Co., Inc., for oiling three County Roads, FAS Routes #714-#724-#725 in Gilliam County, completed July 24, 1959.

THEREFORE BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 83 shall be entered in the minutes and records of the Commission as of the 13th day of August, 1959.

EXHIBIT "G"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

(a) If needed for the service of persons living thereon, or communities served thereby, be maintained by the Commission at the State's expense or by the County, or by the State and County, on such terms and conditions as may be agreed upon;

(b) If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, State has relocated and constructed a section of the Pendleton-John Day Highway, State Primary Highway No. 28, in Grant County known as Long Creek-South Forest Boundary Section, Forest Highway Project No. 34C-1, the northerly terminus of which is at relocated Highway Engineer's Centerline Station 129+94.66 and the southerly terminus of which is at relocated Highway Engineer's Centerline Station 6+17.61; and

WHEREAS, due to the relocation of the afo-esaid section, a portion of the right of way of the original Pendleton-John Day Highway, State Primary Highway No. 28, is no longer needed for right of way purposes and may be eliminated as part of said original highway. Said section to be eliminated is hereinafter designated as Unit "A" as shown colored in brown on the map attached hereto marked Exhibit "A" and by this reference made a part hereof. *

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That, by reason of the relocation of the Pendleton-John Day Highway, State Primary Highway No. 28, in Grant County, the hereinafter described section of the original Pendleton-John Day Highway is no longer needed by the State of Oregon and is no longer needed by the State of Oregon for highway or other public use or for the service of persons living thereon or communities served thereby. The said section to be eliminated is identified as Unit "A" as shown in brown on said Exhibit "A" and is described as follows:

Unit "A": All the land situated within the right of way boundary lines of the Pendleton-John Day Highway as formerly routed,

EXHIBIT "G" (Cont)

beginning at the southerly right of way line opposite relocated Highway Engineer's Centerline Survey Station 96+45 of said highway as relocated in the southeast quarter of the southeast quarter ($SE\frac{1}{4}$-$SE\frac{1}{4}$), Section 12, Township 12 South, Range 30 East, W. M.; thence southeasterly along said former highway to the range line between Township 12 South, Range 30 East, W. M., and Township 12 South, Range 31 East, W. M.

2. That Unit "A" is hereby duly eliminated as a part of the Pendleton-John Day Highway, State Primary Highway No. 28, and the state highway system; and all right, title, and interest which State has in said Unit "A" hereby pass to and vest in the abutting property owners.

3. That this resolution be entered in full in the minutes and records of this Highway Commission as Abandonment and Retention Resolution No. 362 this 13th day of August, 1959, and the Secretary is ordered to mail certified copies hereof to the Grant County Court.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 362, under the heading "Abandonment and Retention Resolutions" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-1"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the Richardson-Eugene Highway, State Secondary Highway No. 220, is routed over and along certain city streets in the City of Eugene as follows:

> Beginning at the intersection of the westerly city limits of the City of Eugene and West 11th Avenue; thence easterly along West 11th Avenue to Polk Street; thence northerly along Polk Street to a junction with the one-way westbound route of the Pacific Highway West at the intersection of Polk Street and 6th Avenue; and

WHEREAS, pursuant to ORS 373.010, the Highway Commission deems it necessary and in the best interests of the traveling public that the route of the Richardson-Eugene Highway be altered in the City of Eugene; and

WHEREAS, the alteration of said route will permit the elimination of certain city streets from the state highway system; and

WHEREAS, it is the purpose of the Highway Commission to take official action and to impress upon its records the rerouting of said Richardson-Eugene Highway and the elimination of certain streets in the City of Eugene from the state highway system.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the Highway Commission that:

1. A section of the Richardson-Eugene Highway, State Secondary Highway No. 220, within the City of Eugene is no longer needed by the State of Oregon as a part of the said Richardson-Eugene Highway and the state highway system, which section is hereinafter referred to as Unit "A", and is colored in red on the map attached hereto, marked Exhibit "A" and by this reference made a part hereof. Unit "A" is described as follows: *

> That part of West 11th Avenue from Garfield Street to Polk Street and that part of Polk Street from West 11th Avenue to 6th Avenue.

2. Pursuant to ORS 373.010, and in furtherance of the best interests of the State of Oregon, the aforesaid Unit "A" is hereby eliminated as a part of the Richardson-Eugene Highway, State Secondary Highway No. 220, and the state highway system, and is returned to the City of Eugene for its jurisdiction, control and maintenance.

3. Pursuant to ORS 373.010, the new route of the Richardson-Eugene Highway, State Secondary Highway No. 220, is hereby selected and designated as follows:

EXHIBIT "H-1" (Cont)

Beginning at the intersection of the westerly city limits of the City of Eugene and West 11th Avenue; thence easterly along West 11th Avenue to Garfield Street; thence northerly along Garfield Street to the one-way westbound route of the Pacific Highway West at the intersection of Garfield Street and 6th Avenue as shown colored in yellow on the attached Exhibit "A". *

4. This resolution be entered in the minutes and records of the Highway Commission this 13th day of August, 1959, as Secondary Highway Resolution No. 51, and the Secretary is directed to mail a certified copy hereof to the City of Eugene and the Secretary of State.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 51, under the heading "Secondary Highway Resolution" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-2"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, on June 5, 1935, the Oregon State Highway Commission selected and designated the route of the Oregon Coast Highway, State Primary Highway No. 9, over and along certain city streets in the City of Seaside as follows:

> Beginning at the intersection of the north city limits of Seaside with 24th Street; thence westerly along 24th Street to the intersection of 24th Street and Holladay Street (formerly known as 7th Street); thence southerly along Holladay Street to the south city limits of Seaside, and

WHEREAS, a relocated section of the Oregon Coast Highway, State Primary Highway No. 9, known as the Roosevelt Drive (Seaside) Section in the City of Seaside has been completed and opened to public travel; and

WHEREAS, the completion of the said relocated section of the Oregon Coast Highway will permit the elimination of portions of certain city streets from the state highway system; and

WHEREAS, the State Highway Commission and the City of Seaside entered into an agreement on the 27th day of May, 1958, which, among other things, provided that the City, upon completion of the aforesaid Roosevelt Drive (Seaside Section) of the Oregon Coast Highway, would assume jurisdiction, control, and maintenance of that portion of the former route, hereinafter referred to as Unit "A", shown colored in red on the map attached hereto, marked Exhibit "A" and by this reference made a part hereof. Unit "A" is described as follows: *

> Beginning at the intersection of Holladay Street (formerly known as 7th Street) and Avenue N; thence northerly along Holladay Street to an intersection with 24th Street; thence easterly along 24th Street to an intersection with Roosevelt Drive; and

WHEREAS, it is the purpose of the Highway Commission to take official action and to impress upon its records the rerouting of the Oregon Coast Highway and the elimination of portions of certain city streets from the state highway system in the City of Seaside.

NOW, THEREFORE, BE IT AND IT IS HEREBY RESOLVED by the Highway Commission that:

1. Pursuant to ORS 373.010, the aforesaid Unit "A" is hereby eliminated as a part of the Oregon Coast Highway, State Primary Highway No. 9, and the state highway system and is returned to the City of Seaside for its jurisdiction, control and maintenance.

EXHIBIT "H-2" (Cont)

2. Pursuant to ORS 373.010, the new route of the Oregon Coast Highway, State Primary Highway No. 9, in the City of Seaside is hereby selected and designated as follows:

Beginning at the intersection of the northerly city limits of Seaside and Roosevelt Drive; thence southerly along Roosevelt Drive and its extension to an intersection with Holladay Street; thence southerly along Holladay Street to the south city limits of Seaside as shown in green on the attached Exhibit "A". *

3. This resolution be entered in the minutes and records of the Highway Commission this 13th day of August, 1959, as Primary Highway Resolution No. 28, and Secretary is directed to mail a duly certified copy hereof to the City of Seaside and the Secretary of State.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 28 under the heading "Primary Highway Resolution", and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "I-1"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Pendleton-John Day

Highway number 28 Route number US 395

Location of Termini		Established Speed
M.P. 1.87 (400 feet north of S. W. Hailey Avenue)	to M.P. 2.06 (city limits of Pendleton)	40 M.P.H.
M.P. 2.26 (S.W. 30th Street, city limits of Pendleton)	to M.P. 2.34 (100 feet south of S.W. Ladow Avenue, city limits of Pendleton)	40 M.P.H.
M.P. 2.53 (150 feet south of S.W. Olson Avenue, west city limits of Pendleton)	to M.P. 2.66 (500 feet south of Lower McKay Creek Road)	40 M.P.H. 1/

1/ except that from M.P. 2.53 (west city limits of Pendleton) to M.P. 2.56 (Lower McKay Creek Road) the indicated speed shall be 20 M.P.H. during hours of school crossings.

EXHIBIT "I-1" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 306 be entered in the minutes and records of the Commission as of the 13th day of August, 1959, and that certified copies of this resolution be forwarded to the Secretary of State and to the Superintendent of the Department of State Police.

EXHIBIT "I-2"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Green Springs

Highway number 21 Route number ORE 66

Location of Termini		Established Speed
M.P. 0.68 (east city limits of Ashland)	to M.P. 1.23 (0.20 mile east of Tolman Creek Road)	40 M.P.H.

EXHIBIT "I-2" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 307 be entered in the minutes and records of the Commission as of the 13th day of August, 1959, and that certified copies of this resolution be forwarded to the Secretary of State and to the Superintendent of the Department of State Police.

EXHIBIT "I-3"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the Dallas-Rickreall Secondary Highway, No. 189, in Polk County, is a State Highway under the control and jurisdiction of the Oregon State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on shoulders of said highway at a bowling alley east of Dallas; and

WHEREAS, the parking of vehicles on said shoulders at said location creates a hazard to the traveling public by restricting the traveled portion of the highway; and

WHEREAS, a parking lot has been provided by the bowling alley; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of vehicles be prohibited on said highway at said location;

NOW, THEREFORE BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon the recommendations by members of its staff, that parking of vehicles on both sides of the Dallas-Rickreall Highway, between a point 400 feet west of the Dallas Bowl (Highway Engineer's Station 607+00) and a point 300 feet east of the Dallas Bowl (Highway Engineer's Station 598+50) creates a hazard to the traveling public.

2. That in the opinion of this Commission the shoulders of said highway are not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on both sides of the said Dallas-Rickreall Highway at said location should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgment, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police for his information.

6. That this "No Parking" Resolution No. 198 be entered in the minutes and records of the State Highway Commission as of the 13th day of August, 1959

EXHIBIT "J-2"

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 214-b be entered in the minutes and records of the Commission as of the 13th day of August, 19 59, and that certified copies of this resolution be forwarded to the Secretary of State and to the Superintendent of the Department of State Police.

EXHIBIT "J-3"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the Salem-Dayton Secondary Highway, No. 150, in Yamhill County, is a State Highway under the control and jurisdiction of the Oregon State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on shoulders of said highway in the vicinity of the Maud Williamson State Park; and

WHEREAS, the parking of vehicles on said shoulders at said location creates a hazard to the traveling public by restricting the traveled portion of the highway; and

WHEREAS, sufficient off-the-highway parking has been provided within the Maud Williamson State Park; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of vehicles be prohibited on said highway at said location;

NOW, THEREFORE BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon the recommendations by members of its staff, that parking of vehicles on both sides of the Salem-Dayton Highway between M. P. 9.29 (Highway Engineer's Station 468+50) and M. P. 9.55 (Highway Engineer's Station 462+50) creates a hazard to the traveling public.

2. That in the opinion of this Commission the shoulders of said highway are not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on both sides of the Salem-Dayton Highway at said location should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgment, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police for his information.

6. That this "No Parking" Resolution No. 199 be entered in the minutes and records of the State Highway Commission as of the 13th day of August, 1959.

EXHIBIT "J-4"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the Oregon Coast Primary Highway, No. 9, in Lincoln County, is a State Highway under the control and jurisdiction of the Oregon State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on the westerly shculder of said highway north of Beaver Creek; and

WHEREAS, the parking of vehicles on said shoulder at said location creates a hazard to the traveling public by restricting the traveled portion of the highway; and

WHEREAS, a parking area has been provided at Ona Beach, a short distance to the south; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of vehicles be prohibited on said highway at said location;

NOW, THEREFORE BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon the recommendations by members of its staff, that parking of vehicles on the westerly side of the Oregon Coast Highway between M. P. 148.62 (Highway Engineer's Station 998) and M. P. 148.81 (Highway Engineer's Station 1008) creates a hazard to the traveling public.

2. That in the opinion of this Commission the shoulders of said highway are not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on the westerly side of the said Oregon Coast Highway at said location should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgment, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police for his information.

6. That this "No Parking" Resolution No. 200 be entered in the minutes and records of the State Highway Commission as of the 13th day of August, 1959.

EXHIBIT "J-5"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the Pacific Highway, No. 1, has been designed as a freeway which will adequately accommodate a maximum volume of traffic with minimum hazards resulting from intersections and cross-movement and friction of traffic; and

WHEREAS, traffic hazards are materially increased by obstructions, friction and cross-movement created by vehicles parking or accelerating or decelerating for the purpose of parking upon the right of way of the Pacific Highway; and

WHEREAS, the State Highway Commission is authorized, under ORS 483.346, to regulate, control or prohibit the parking of motor vehicles upon the right of way of any state highway outside the corporate limits of incorporated cities and towns;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED AND ORDERED by this Commission as follows:

1. That it is in the best interests of the motoring public, and in conformity with the design and use of the Pacific Highway as a freeway, that parking on the right of way of the Pacific Highway be regulated and controlled as set forth hereinafter.

2. That the parking or stopping of vehicles upon the right of way of the Pacific Highway, from Battle Creek, M.P. 56.44, to North Albany Interchange, M.P. 73.45, is hereby prohibited for both northbound and southbound traffic, except in the following instances:

(a) Vehicles operated by duly authorized law enforcement officers, including weighmasters, and vehicles which have stopped or parked pursuant to the directions of a duly authorized law enforcement officer.

(b) Vehicles of a fire department or fire patrol, police vehicles, emergency vehicles of municipal departments or public service corporations and ambulances while being used for emergency purposes.

(c) Wreckers, tow cars and other vehicles while actually engaged in rendering aid or assistance to disabled vehicles or in case of emergency.

(d) Vehicles of the Oregon State Highway Department engaged in maintenance, repair, inspection or other work upon the highway.

(e) Vehicles which have been disabled in such manner and to such extent that it is impossible for such vehicles to avoid stopping or parking.

EXHIBIT "J-5" (Cont)

(f) At roadside rest areas established by the State Highway Department.

(g) Immediately adjacent to tourist facility map signs erected by the State Highway Department for the purpose of informing motorists as to their location in relation to cities and communities.

(h) At locations where stopping or parking is specifically required or authorized by official traffic signs or signals.

3. That the State Highway Engineer be, and hereby is, instructed and directed to place and maintain appropriate "Emergency Parking Only" signs or markings at such places as may be necessary to fully inform the motoring public of the regulations, restrictions and prohibitions established by this resolution.

4. That this resolution be entered in the minutes and records of the Commission as of the 13th day of August, 1959, as "No Parking" Resolution No. 150-a and that duly certified copies thereof be forwarded to the Secretary of State and the Superintendent of State Police.

EXHIBIT "K"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, Rooster Rock State Park is a state park under the jurisdiction and control of the State Highway Commission; and

WHEREAS, pursuant to ORS 366.350, the State Highway Commission is authorized to make regulations and provisions for the use and administration of state parks; and

WHEREAS, the aforementioned Rooster Rock State Park is not provided with overnight camping facilities; and

WHEREAS, on numerous occasions persons have used said state park for overnight camping contrary to the purpose for which said park was planned and established and that the use of said state park for overnight camping purposes creates conditions which are undesirable and not in the best interests of the public; and

WHEREAS, it has been determined that a closing hour of 12:00 P.M. during the month of August is desirable and in the best interest of the public.

NOW, THEREFORE, based upon the power and authority vested in this Commission by the State of Oregon, it is hereby resolved by this Commission that all persons and individuals occupying Rooster Rock State Park shall do so between the hours of 8:00 A.M. and 12:00 P.M. during the month of August, 1959.

IT IS FURTHER ORDERED that except as herein specifically modified the Resolution No. 15 adopted by the Commission on July 31, 1958, shall remain in full force and effect.

IT IS FURTHER ORDERED that appropriate signs prohibiting the violation of the above order be posted within the main entrances of Rooster Rock State Park and that said order shall become and remain effective upon the posting of such signs.

IT IS FURTHER ORDERED that the prohibitions contained in this resolution shall be and are regulations adopted under authority of ORS 366.350 and violations of the same shall be punishable as provided in ORS 366.990.

IT IS FURTHER ORDERED that a duly certified copy of this resolution be filed with the Secretary of State.

IT IS FURTHER ORDERED that this resolution be entered as State Parks Resolution No. 15-a, in the minutes and records of the Oregon State Highway Commission this 13th day of August, 1959.

August 13, 1959

EXHIBIT "L"

Minutes of August 13, 1959

RESOLUTION

WHEREAS, the Oregon State Highway Commission has relocated and realigned the Pacific Highway, State Primary Highway No. 1, between Fords Bridge and Canyonville in Douglas County; and

WHEREAS, due to the relocation and realignment of said highway a portion of the old route is without designation or classification as a part of the Oregon State Highway System; and

WHEREAS, pursuant to ORS 366.220, the Highway Commission may designate, classify and reclassify the highways comprising the state highway system as primary highways or secondary highways, consisting of newly established highways, reclassified primary highways and county roads; and

WHEREAS, it is the judgment of the Highway Commission that the Tiller-Trail Highway, State Secondary Highway No. 230, should be extended to include that portion of the old route of the Pacific Highway which is without designation or classification by reason of the relocation and realignment of said Pacific Highway and that said portion of the former route of the Pacific Highway be classified as a secondary highway; and

WHEREAS, by reason of said classification and redesignation, it is necessary to revise the description of the Tiller-Trail Highway, State Secondary Highway No. 230.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the Commission as follows:

1. That the Tiller-Trail Highway, State Secondary Highway No. 230, be and it hereby is extended to include that portion of the old route of the Pacific Highway, State Primary Highway No. 1, shown colored in red on Exhibit "A" attached hereto and by this reference made a part hereof, and that the newly altered route and termini of the said Tiller-Trail Highway is described as follows: *

Beginning at a junction with the Pacific Highway, State Primary Highway No. 1, at M.P. 217.10 of said Pacific Highway near Fords Bridge thence southeasterly via Canyonville and Tiller to a junction with the Crater Lake Highway, State Primary Highway No. 22, at M.P. 22.42 of said Crater Lake Highway at Trail, a distance of 52.8 miles.

2. That this resolution be entered in full in the minutes and records of this Commission as Secondary Highway Designation Resolution No. 52 this 13th day of August, 1959.

EXHIBIT "L" (Cont)

FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 52 under the heading "Secondary Highway Designation" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

Salem, Oregon
September 24, 1959

The Oregon State Highway Commission met in regular session at 9 a.m. in Room 418, State Highway Building, Salem. Present were:

M. K. McIver, Chairman
Kenneth N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
Tom Edwards, Construction Engineer
L. I. Lindas, Chief Counsel
Walter T. Wright, Right of Way Engineer
L. V. Koons, Assistant State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

Forrest Cooper, Deputy State Highway Engineer; C. H. Armstrong, State Parks Superintendent; and George E. Rohde, Assistant Chief Counsel, were excused.

The Commission approved the minutes of the meeting held on August 13, 1959.

The Assistant State Parks Superintendent reported on the following park matters:

Request of Oregon State College Extension Service to use for demonstration purposes a 10-acre tract of timber land a short distance north of Emigrant Springs State Park: The Assistant Parks Superintendent stated that they wish to use the area in connection with 4-H and other projects concerning growing of timber. Thinning of trees is to be performed by state park crews and the trees will be marked by Extension Service personnel. This project, he added, is similar to one conducted at Silver Falls State Park, which appears to have been quite successful and a great many students studied the progress of the work. As there are no plans for development of park purposes in the area to be used by the project, he recommended that the Extension Service be granted authority to use the area under terms of a permit, with the understanding that if the use is undesirable the permit may be cancelled. The Commission accepted his recommendation.

Proposed vacation of a platted street near the southerly edge of the Delake Overnight Camping Area: City officials have suggested vacation of a portion of this street, the Assistant Parks Superintendent stated. The street is platted 50 feet wide, and nothing has been done in the way of development and there probably will be no demand for use of the street. He also pointed out that if the street were to be

put through as platted, it would cut off any entrance that the State might wish to make to the lake. Upon his favorable recommendation, the Commission approved a "Consent to Vacation" form.

Request for increase of $45,000 in the State Parks budget to be used for acquisition of land in 1959: The Assistant State Parks Superintendent mentioned that during the year receipts from sale of timber in state parks have amounted to approximately $45,000, of which about $40,000 came from sale of burned timber in Humbug Mountain State Park. Acquisition of land for park purposes and for land in the Columbia Gorge, he stated, will considerably exceed the amount originally budgeted, and he recommended that the budget for acquisition of property be increased by $45,000. The Commission approved the recommendation.

Report of recreational possibilities in the area proposed as the Oregon Sand Dunes National Seashore between Florence and Reedsport: The Assistant Parks Superintendent presented a written report from the State Parks Superintendent which, he stated had been given to the Governor and to the Natural Resources Committee. Upon Chairman McIver's request, he read the last paragraph in the report, as follows:

> "In view of the greater public benefits that would accrue from a recreational standpoint by the eventual complete utilization of the natural recreational resources of the Florence-Reedsport coastal region, the Oregon State Highway Commission and its Parks and Recreation Division would be in favor of any program or programs which would accomplish this objective."

The Commission accepted the report without comment. (For further details, see the complete 6-page report, dated 9/10/59, entitled "Statement For the Senate Interior and Insular Affairs Committee Hearing on the Proposed Oregon Dunes National Seashore Area" in the General Files in Salem.)

In connection with this matter, Commissioner Jackson inquired if the recommendation of the Parks Advisory Committee favoring the establishment of a national park would be used at the hearings. The Assistant Parks Superintendent stated that the Parks Advisory Committee's recommendation is made to the Highway Commission only and will not be used at the hearings. Chairman McIver commented that the Parks Advisory Committee had asked the Highway Commission not to object to their stand, and he suggested that the Commission carefully study the Committee's report and consider the matter at a later date if it is deemed necessary.

Progress report on acquisition of Harry and Frances White properties along the Rogue River in Jackson County: The Assistant Parks Superintendent stated that negotiations have been undertaken with the Whites and it was his opinion that satisfactory arrangements

might be made. He pointed out that the matter of providing access to the park has been difficult. However, it is now proposed that an off-and-on ramp be constructed midway in the property to be used by south bound traffic, and north bound traffic would drive to Rogue River, about one and three-fourths miles, and return to enter the park. It appears that this access solution may be acceptable to the U. S. Bureau of Public Roads. Negotiations will be continued for acquiring the property. The Commission accepted the report.

The Assistant State Parks Superintendent submitted a report from the Parks Advisory Committee summarizing the matters discussed by the Committee at its meeting in Portland on September 11, 1959. He pointed out that the first section of the report had reference to the meeting which the Committee held with representatives of the Federal, State and County Agencies who are interested in park affairs in order to achieve a better understanding of each agency's obligation in the recreational field, and the second portion of the report covered matters acted on by the Parks Advisory Committee. The Commission accepted the report.

Commissioner Fridley inquired as to when the Parks Advisory Committee plans to make a report on the proposed park at the mouth of the Deschutes River. The Assistant Parks Superintendent replied that a meeting of the Parks Advisory Committee is scheduled to be held in The Dalles on November 5, at which time they will consider the advantages of such a project and hear representatives from Wasco, Sherman, Hood River and Gilliam Counties who will explain their recreational problems and programs. Commissioner Fridley commented that representatives of the U. S. Army Engineers should also be present.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway right of way or for other purposes. After giving careful consideration to the individual options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto, marked Exhibit "A", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

In discussing the options presented, the Right of Way Engineer commented that after October 1 it is planned to make purchases from willing sellers at appraised prices and actual hardship cases on the Minnesota Section of the Pacific Interstate Highway in north Portland. If funds are available as anticipated, he estimated that it would take about eighteen months to acquire all the necessary right of way for this section.

The Property Manager's report covering sales of miscellaneous properties and changes in rental status was submitted by the Right of Way Engineer. He stated that miscellaneous sales since the last Commission meeting amounted to $31,543.65, and that rental receipts for the month of August totaled $5,062.85. The Commission accepted the report.

The Right of Way Engineer presented for the Commission's consideration proposed public sales of a number of highway properties which are no longer required for highway purposes. These properties, he continued, have been carefully appraised and the recommended minimum prices represent fair values for them. He described briefly the following properties:

(a) 5,750 square feet of the former Euster property, File No. 24678, on the Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway, Multnomah County, with one point of access 30 feet in width unrestricted as to use, for a minimum consideration of $1,200. See Exhibit "B-1".

(b) 15,800 square feet of land, File No. 8863, without access restrictions, on the Seventh Avenue Connection to the Pacific Highway in Eugene, Lane County, for a minimum consideration of $15,000. See Exhibit "B-2".

(c) 2,896 square feet of land from the former Ash property, File No. 1096, on the Newport Section of the Oregon Coast Highway, Lincoln County, without access control, for a minimum consideration of $2,500. See Exhibit "B-3".

(d) 11 acres of land from the former Early property, File No. 24155, on the Valley Junction-Sheridan Section of the Salmon River Highway, Yamhill County, with one point of access subject to a frontage road clause and restricted to residential or farm use, for a minimum consideration of $2,000. See Exhibit "B-4".

(e) 12,200 square feet of land from the former Fletcher property, File No. 7392, on the Nyssa Section of the Old Oregon Trail Highway, Malheur County, with access only to First Street in Nyssa, for a minimum consideration of $2,000. See Exhibit "B-5".

(f) 1.56 acres of land from the former Moore property, File No. 25517, on the Gold Beach-Cape Sebastian Section of the Oregon Coast Highway, Curry County, with one point of access subject to a frontage road clause and unrestricted as to use, for a minimum consideration of $2,500. See Exhibit "B-6".

(g) 5.6 acres of land from the former Trenholm property, File No. 23863, on the Bradley Park-Columbia County Line Section of the Columbia River Highway, Clatsop County, for a minimum consideration of $280, without access to the relocated Columbia River Highway.

(h) 1 acre of land from the former Carter property, File No. 21030, on the Myrtle Creek-Umpqua Bend Section of the Pacific Highway, Douglas County, with no access to the Pacific Highway and subject to an advertising sign clause, for a minimum consideration of $500.

(i) 0.4 acre and 0.12 acre consisting of a stockpile site and a haul road, respectively, from the former Stockdale property, File No. 6485, located near M.P. 154.8 on the Flat Creek-John Day Section of the John Day Highway in Grant County, for a minimum consideration of $100, with one point of access 20 feet in width restricted to residential or farm use.

(j) 3.5 acres of land from the former Dibble property, File No. 18285; Rhodes property, File No. 18286; Trindle property, File No. 18287; Kimble property, File No. 18288; and Trent property, File No. 18289, on the Salem By-pass Section of the Pacific Highway in Marion County, for a minimum consideration of $1,750, without access to the Pacific Highway and subject to an advertising sign clause. See Exhibit "B-7".

(k) 0.25 acre of the former Roscoe and Tunison properties, File Nos. 25104 and 25106, on the North Jefferson Junction-Albany Section of the Pacific Highway in Linn County, for a minimum consideration of $1,500, without access other than on Dunlap Street and subject to an advertising sign clause. See Exhibit "B-8".

4.29 acres of the former Weight property, File No. 12757, on the Pleasant Hill-Lost Creek Section of the Willamette Highway in Lane County, for a minimum consideration of $500.

The Commission authorized the public sale of the properties as presented by the Right of Way Engineer and thereupon adopted the attached resolutions relative thereto, marked Exhibits "B-1" through "B-8", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

Confirmation was requested for telephonic approval of a grant of easement which will permit the City of Medford to construct a trunk line sewer across the Medford Maintenance Station site adjoining the Pacific Highway. The Commission confirmed the easement.

Attention was given to a proposed grant of access to Bonneville Power Administration to permit servicing of a Bonneville transmission line crossing the right of way of The Dalles-Eight Mile Creek Section of The Dalles-California Highway in Wasco County. Granting of the access, the Right of Way Engineer stated, will not be harmful to the State's interests. Upon his favorable recommendation, the Commission approved the grant of access.

The matter of returning a slope easement to the owner, McIrvin, on the Grand Avenue-Union Avenue Section of the Pacific Highway East in Multnomah County, was discussed. The Right of Way Engineer explained that as a part of the option agreement the State was to return the slope easement when the property owner had completed the grading of his remaining property. The grading has been accomplished and the slope easement is no longer necessary. Upon his favorable recommendation, the Commission approved a "Release of Easement" form.

Changes in points of access were considered by the Commission, as follows:

(a) Ogle property, File No. 27579, on the Burton Canyon Section of the John Day Highway, Wheeler County, for a change in point of access.

David and Bernice Ogle, File No. 27579, on the Burton Canyon Section of the John Day Highway, Wheeler County, for one new point of access 25 feet in width on the easterly side of the highway at Highway Engineer's Station 1151+70, for timber and agricultural purposes only.

(b) Prow property, File No. 27843, on the Redwood Interchange Section of the Redwood Highway in Josephine County, for a change in point of access.

The Right of Way Engineer explained that the changes in points of access were made for the safety of the traveling public and to accommodate the property owners, and did not provide any additional access. The new point of access granted to the Ogles, he stated, is one to which they are entitled and which had been overlooked in the right of way transaction. The Commission approved the changes and one new point of access.

Consideration was given to direct sale of two parcels of property, as follows:

(a) 1,030 square feet consisting of a parcel of land approximately 10 feet in width and 110 feet in length, from the former Shaw property, File No. 6383, on the Pacific Highway East in the City of Albany. The Right of way Engineer explained that this strip had not been included as a part of the public sale authorized by the Commission at the May 28-29, 1959 meeting, and the City of Albany had previously

requested that the parcel be retained for street widening of 15th Street and Queen Street. The Commission approved the sale to the City of Albany for the sum of One Dollar, with the provision that the deed contain a clause that the property is to be used for public right of way.

(b) Attention was also given to the proposed sale of 0.09 acre, File No. 29381, on the Ferry Street-Mohawk Road Section of the Eugene-Springfield Highway in Lane County, to the Housing Authority and Urban Renewal Agency of Lane County. This property, the Right of Way Engineer commented, is located about one-half mile east of the Ferry Street Bridge and is no longer needed for highway purposes. Upon his favorable recommendation, the Commission approved the sale for the sum of One Dollar, with the proviso that the deed contain a public use clause and an advertising clause, and that no access be granted to the new highway.

The Right of Way Engineer presented a quitclaim deed conveying to Mr. and Mrs. Thomas E. Neer 568 square feet of land, File No. 24235, adjoining the Western Addition on the Corvallis-Newport Highway, Benton County. He explained that an error had been made in the description in the original deed and a strip of land one foot wide and 568 feet long had been inadvertently transferred to the State. The quitclaim deed transfers back to the Neers this strip of land, and as no compensation was paid for the land none is being asked for its return. Upon his favorable recommendation, the Commission approved the quitclaim deed.

The Commission considered two bargain and sale deeds presented by the Right of Way Engineer covering an exchange of properties on the Newport-Toledo Section of the Corvallis-Newport Highway in Lincoln County. The Right of Way Engineer explained that the vacation of certain streets in the plat of Alexandria east of Newport has resulted in reversion to Georgia Pacific Plywood Company and to Nola K. and Cy Turner small triangles of property within the normal right of way line and a similar reversion to the State of small triangles outside the normal right of way line. The purpose of the deeds, he continued, is to exchange properties to straighten out the right of way line. Upon his favorable recommendation, the Commission approved the exchange of properties.

Consideration was given to a quitclaim deed conveying to the United States of America certain portions of the old right of way of the Columbia River Highway near The Dalles Dam in Wasco and Sherman Counties. It was pointed out by the Right of Way Engineer that in relocating the Columbia River Highway and the Union Pacific Railroad the highway had been placed on new right of way in certain areas and the railroad had been placed on the old highway right of way. It is intended to transfer to the Army Engineers title to those areas of the

old right of way now occupied by Union Pacific Railroad. The Commission approved the transfer.

A "Modification of Access" to the Lutheran Church-Missouri Synod on the Noble Slough-Foster Section of the Santiam Highway in Linn County was presented by the Right of Way Engineer. He explained that the original access provision provided for width of 25 feet at Engineer Station 1560+75 for residential, farm and log hauling purposes only. The Northwest District of the Lutheran Church-Missouri Synod has requested an increase in width to 40 feet and that use for church purposes be added. The additional width and use, the Right of Way Engineer stated, will not harm the State and will provide no hazard to the traveling public and he recommended that it be granted. The Commission approved the modification of access.

The Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were also submitted. He requested the Commission to declare by resolution the necessity of said properties for the special uses to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement to proceed to acquire such properties by condemnation. After carefully considering the properties, the Commission granted authority to condemn the properties if negotiations are not successful and thereupon adopted the attached resolutions relative thereto, marked Exhibits "C-1" through "C-13", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's "Recommendations for Condemnation" dated September 24 and 25, 1959, in the Secretary's Office under the heading "Right of Way Resolutions, Condemnations, and Report of Offers".)

A written report was submitted by the Chief Counsel showing condemnation cases which have been tried in court since the last Commission meeting. He mentioned briefly highlights concerning some of these cases. The Commission accepted the report which is summarized as follows:

(See next page for summary)

REPORT OF CONDEMNATION CASES TRIED

August 13, 1959 to September 24, 1959

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-3261 Krueger, et al.	Benton	Corvallis-Newport	Corvallis City Section	$ 14,500	$ 26,500	$ 20,500
L-3030 Timeus	Curry	Oregon Coast	Myers Cr.-Brookings	3,350	None	3,350 (Judgment)
L-3197 Union Oil Co. of Calif.	Josephine	Redwood, Pacific and Williams Secondary	Redwood Interchange	13,200	28,500	19,176
L-3054 Forkner, et al.	Linn	Pacific	Albany-Judkins Point	12,350	949,770	13,500
L-3053 Morgan, et ux.	Linn	Pacific	Albany-Judkins Point	6,000	12,000	7,000 (Judgment)
L-3145 Dejmal, et al.	Malheur	Old Oregon Trail	Ontario-Snake River	800	1,750	1,200
L-3072 Stringer, et al.	Malheur	Old Oregon Trail	Ontario-Snake River	2,804	17,000	6,230
L-3056 Toedter, et al.	Malheur	Old Oregon Trail	Ontario-Snake River	875	7,000 (Answer)	2,690

(For further details see the Chief Counsel's letter of September 18, 1959 on "Report of Condemnation Cases Tried - August 13, 1959 to September 24, 1959" in the General Files.)

An oral report was submitted by the Chief Counsel concerning a rehearing and petition for clarification before the Supreme Court in the case of the State vs. Arnold, L-1734A. He recalled that the property owner had contended that the value of the land required for highway purposes on the Chemult-Diamond Lake Section of The Dalles-California Highway, Klamath

County, should be determined by its value to the State, and a verdict sustaining this position had been rendered by a lower court. The Supreme Court, however, reversed the decision, stating in effect that under no circumstances can the needs of the State for a particular parcel of property be considered in determining the market value of the property.

An annual report of condemnation cases tried in court for the period July 1, 1958 through June 30, 1959 was presented by the Chief Counsel. He pointed out briefly that 124 cases had been tried, and the total offers for the period were 22.45% less than the total verdicts, and the total verdicts were 39.77% less than the total demands. The Commission accepted the report.

(For additional details see the Chief Counsel's letter of September 4, 1959, addressed to the Commission, to which is attached a tabulation entitled "Annual Report of Condemnation Cases Tried - July 1, 1958 through June 30, 1959" in the General Files in Salem.)

The Chief Counsel presented a written report on condemnation cases which have been settled out of court since the last Highway Commission meeting. The Commission accepted the report which is summarized as follows:

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-28489 Howard, et al.	Grant	John Day-Burns	Canyon City-Seneca	$ 330	$ 330 plus interest
R-22569 Oul, et ux.	Marion	North Santiam Secondary	Lancaster Drive-Sublimity Gun Club	850	1,100
R-28330 Friedman, et al.	Multnomah	Pacific	East Bank Freeway	17,750	17,750
R-28307 Graap, et al.	Multnomah	Pacific	East Bank Freeway	14,700	14,700
R-28279 Lundberg, et al.	Multnomah	Pacific	East Bank Freeway	8,000	8,500

Report of Condemnation Cases Settled (Cont.)

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-29713 George, et al.	Polk	Dallas-Rickreall	Academy Street-Coast Junction	$ 1,045	$ 1,045
R-27605 Board, et vir.	Wash-ington	Pacific West	Middleton-Rex Hill	340	340
R-27451 Columbia River Bridge Co., Inc.	Hood River	Columbia	Cascade Locks By-Pass	345	345
R-27307 Sutton, et vir.	Jackson	Pacific	Grants Pass-Rock Point	370	370
R-26887 R-29283 Dussault, et ux.	Jefferson	The Dalles-California	Willowdale-Madras	3,120	3,120
R-27487 City of Cascade Locks	Hood River	Columbia	Cascade Locks By-Pass	1,375	3,500
R-28297 R-28340 Close	Multno-mah	Pacific	East Bank Freeway	29,000	30,000
R-29244 Overholser, et al.	Benton	Corvallis-Newport	Corvallis City	425	875
R-28361 R-28362 Koerner, et ux.	Grant	John Day-Burns	Canyon City-Seneca	3,360 Original offer 4,400 Revised offer	4,900
R-29001 Hennagin, et al.	Sherman	Wasco-Heppner	Wasco-Hay Canyon	3,505	3,140

Report of Condemnation Cases Settled (Cont.)

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-29539 Sampson, et al.	Umatilla	Weston-Elgin	Weston-Weston Mountain	$ 25	$ 25
R-27452 Meyer, et ux.	Hood River	Columbia River	Cascade Locks By-Pass	1,415	1,600
R-29135 Hilton, et al.	Multnomah	Pacific	East Bank Freeway	3,500	4,200

(For additional details see the Chief Counsel's letters to the Commission dated September 18 and September 23, 1959 entitled "Report of Cases Settled" in the General Files of the Highway Commission in Salem.)

A brief, oral report was made by the Chief Counsel concerning cases on which trial in court is pending. He mentioned that between 250 and 300 cases are pending. His report was for informational purposes only and no action was taken by the Commission.

The matter of paying attorneys' fees in condemnation cases tried in court was brought up. The Chief Counsel commented briefly that to his knowledge Oregon and Florida are the only states which allow attorneys' fees in addition to the amounts awarded to property owners, which results in more litigation in Oregon than almost any other state in the country. He also brought out that the Bureau of Public Roads does not consider such attorneys' fees as part of the legitimate cost of highway construction and therefore does not cooperate in their payment. The Commission authorized the Chief Counsel to take such action as may be appropriate to get the law in Oregon changed to eliminate the payment of attorneys' fees in condemnation cases, and to present the matter before the 1961 State Legislature.

In accord with a resolution adopted by the Commission December 20, 1951, the Chief Counsel presented a list of offers made to property owners prior to the institution of condemnation proceedings. The Commission confirmed the following offers:

(see next page)

East Bank Freeway Section of the Pacific Highway

R-28209 - Motor Freight Terminals, Inc., et al. 41,500 square feet for right of way purposes. Offer of $60,000.00 approved by Mr. McIver September 22, 1959.

R-28231 - Charles B. Maxey, et ux. 3,000 square feet for right of way purposes. Offer of $12,500.00 approved by Mr. McIver September 22, 1959.

R-28252 - Marianne Lynch Ralston, et al. 12,000 square feet for right of way purposes. Offer of $23,825.00 was approved by Mr. McIver August 17, 1959.

R-29123 - Pacific Builders Supply Company, et al. 42,400 square feet for right of way purposes. Offer of $49,000.00 approved by Mr. McIver September 22, 1959.

Lake Road-Oregon City Section of the Cascade Secondary Highway

R-28765 - Doris Willboard, et vir. 150 square feet for right of way purposes. Offer of $1,000.00 approved by Mr. McIver September 21, 1959.

Willamette River-42nd Avenue Section of the T. H. Banfield Expressway

R-29425 - Helen R. Miller, et al. Parcel No. 1: 250 square feet for right of way purposes; and Parcel No. 2: 784 square feet for temporary easement. Offer of $1,790.00 approved by Mr. McIver September 21, 1959.

Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-Burns Highway

R-30218 - Basal A. Turner, et al. 3.02 acres for right of way purposes. Offer of $12,825.00 approved by Mr. Fridley September 2, 1959.

Highlands Interchange Section of the Sunset Highway

R-30158 - C. William Kempthorn, et ux. 3,690 square feet for right of way purposes. Offer of $500.00 approved by Mr. McIver August 18, 1959.

Goble-St. Helens Section of the Columbia River Highway

R-29595 - Arnold L. Leppin, et al. 15.0 acres for slope purposes (fee title). Offer of $2,800.00 approved by Mr. McIver August 24, 1959.

Albany-Judkins Point Section of the Pacific Highway

R-25312 & R-30003 - C. A. Huntington, et ux. Parcel No. 1: 5.71 acres for right of way purposes; Parcel No. 2: 1.78 acres for right of way purposes; Parcel No. 3: 1.06 acres for right of way purposes; Parcel No. 4: 8.38 acres for right of way purposes; and Parcel No. 5: 2.44 acres for excess taking. Offer of $18,000.00 approved by Mr. McIver August 20, 1959.

Bennett Butte

R-30163 - Everett W. Isenhart, et ux. 0.68 acre for permanent easement. Offer of $100.00 approved by Mr. McIver August 13, 1959.

Orders which have been issued by the Public Utilities Commissioner concerning matters in which the State Highway Commission has been made a party were presented in a written report by the Chief Counsel. The Commission accepted the report which included:

PUX 309: Order No. 36772 concerning the Haines Grade Crossing on Haines-Anthony Highway in Baker County.

PUX 327: Order No. 36812 concerning the Cedar Street Crossing of tracks over Oregon Electric Railroad Company in Beaverton.

PUX 330: Order No. 36794 concerning First Street Grade Crossing across the tracks and right of way of Southern Pacific Company in Toledo in Lincoln County.

PUX 332: Order No. 36817 concerning the Mallard Lane Grade Crossing near Klamath Falls in Klamath County.

(For additional details see the Chief Counsel's letter to the Highway Commission dated September 22, 1959 entitled "PUC Matters" in the general files of the Highway Commission in Salem.)

A brief, oral report was submitted by the Chief Counsel concerning a claim made by A. M. Cronin III for damage as a result of a slide in the vicinity of the Highlands Interchange on the Sunset Highway. Proper action, he stated, is being taken to defend the State's interest, and responsibility or liability for the damage has been denied. The Commission accepted the report.

The Commission considered a proposed revision in an agreement with the Portland Development Commission pertaining to the Southwest Portland Urban Renewal Project. The Development Commission, the Chief Counsel stated, has urged that the agreement be revised to provide that the State purchase property within one year after selection and that the selection be made by June 30, 1960. After

some discussion, the Commission agreed to purchase the property within one year after the selection has been made and approval of the Bureau of Public Roads has been secured; however, they felt that it would not be in the best interests of the State to be required to make a selection by June 30, 1960. The Chief Counsel was instructed to make such change in the agreement and resubmit it.

The Chief Counsel reported that a petition had been filed in the County Court of Sherman County for an order vacating that portion of "D" Street lying east of Fourth Street, and that portion of Fifth Street lying north of the northerly boundary of US Highway 30, in the town of Rufus. The Engineering Division, he continued, has stated that a portion of the streets for which vacation is sought will be needed in the construction of the Old Oregon Trail Interstate Highway. Objections to the proposed vacation insofar as these streets are concerned have been filed and such action as is necessary will be taken to protect the interests of the State. The Commission accepted the report.

An oral report was presented by the Chief Counsel on the institution of actions at law for damages in the following cases:

(1) Dewey M. Kleng, et al., vs. Walter J. Durbin, et al., Circuit Court, Union County.

(2) Ralph O. Trow, et ux., vs. Walter J. Durbin, et al., Circuit Court, Union County.

(3) Charles J. Ossenkop, et ux., vs. Walter J. Durbin, et al., Circuit Court, Union County.

(4) Raeco Sales Co., et al., vs. Multnomah County and City of Portland, Circuit Court, Multnomah County.

Proper legal action will be taken to protect the interests of the State. The Commission accepted the report.

Consideration was given to a request from Mr. and Mrs. Gustave H. Wagner and Mr. and Mrs. Harold A. Wagner for release of a temporary easement providing for construction of a railroad spur across their property. The Chief Counsel explained that the spur which was installed in connection with the construction of the Portland International Airport-Northeast Alberta Street Section of the Cascade Highway, is no longer required. The rails and ties belong to the Commission, and it was his understanding that arrangements have been made for their sale. (See entry ahead concerning sale of rails and ties.) He requested that the Commission approve release of the easement upon condition that it be not delivered to the Wagners until payment for the salvage material has been made. The Commission accepted the recommendation.

Chairman McIver read a letter received from Mr. J. Arnold Cobley, Chief Right of Way Agent for the Washington Department of

Highways, complimenting the Chief Counsel for the splendid paper he recently presented at the Fourth Annual Educational Seminar, sponsored by the Right of Way Division and the American Right of Way Association.

The Engineer reported that under authority previously granted to him, he had established temporary construction speed zones on several State Highway contracts in order to protect the traveling public. The Commission confirmed establishment of the following construction speed zones:

(1) 35 miles per hour for northbound traffic on Barbur Boulevard between M. P. 2.32 and M. P. 3.58, effective 8:10 a.m. on August 26, 1959.

(2) 20 miles per hour on North Fork Coquille River-Myrtle Point Section of Coos Bay-Roseburg Highway between M. P. 19.38 and M. P. 19.76, effective 4:00 p.m., September 8, 1959.

(3) 35 miles per hour on Redwood Highway between M.P.31.80 and M. P. 32.20, effective 3:00 p.m., September 8, 1959.

The Engineer reported that the City of Astoria has requested that a public hearing be held concerning the relocation of the Oregon Coast Highway between Astoria and Gearhart in Clatsop County. He stated that arrangements have been made to hold the hearing in the City Hall at Astoria on October 29, 1959, at 1:30 p.m. The Commission confirmed the date as suggested by the Engineer and indicated that one or more of them would attend.

The Commission discussed the annual AASHO meeting which is to be held in Boston, Massachusetts, on October 12-16, 1959.

The Commission considered a request from the Coos County Court for an exchange of roads whereby the County would take over 4.5 to 5 miles of the Coos River Secondary Highway above Allegany in exchange for a section of county road of the same approximate length from the Chrome Plant on the existing route of US 101 to the Beaver Hill Junction on the new route from Coos Bay to Bandon. The Engineer stated that reconnaissance surveys have been made indicating that the cost of improving the Coos River Secondary Route would be $455,000 and the cost of the Chrome Plant-Beaver Lookout Connection would be approximately $1,250,000. He pointed out that this connection goes across the very low Coquille River Valley which floods every year, so that to build a usable highway would require much embankment. The benefit quotient, he continued, on the Chrome Plant-Lookout section is a minus quantity (-0.42), and there would

be no saving in distance by the construction of the section; in fact, the distance between Coquille and Bandon is 1.5 miles longer via the Chrome Plant. The traffic volume on the Coos River Secondary Highway at a point two miles above Allegany is only 440 vehicles per day and 100 vehicles per day at the end of the state secondary, which is 19.15 miles above Coos Bay. Upon the recommendation of the Engineer, the Commission denied the Court's request as the exchange would not be financially feasible at this time.

The Commission considered reports from Shuler, Sayre, Winfree & Rankin, bond attorneys in Portland; the Engineer; and the Chief Counsel concerning the $24,000,000 in bonds authorized by the 1959 Oregon Legislature for the Astoria Bridge and the $4,000,000 bond issue intended for use on Highway 42. The Engineer reported that the bond attorneys' ruling was that the $24,000,000 bond issue could not be sold because the Oregon Legislature required that the State of Washington guarantee to pay half of the deficit cost. The State of Washington does not have this authority.

The Engineer stated that the ruling on the $4,000,000 bonds intended for use on Highway 42 was that those bonds could be sold in whole or in part at such time as federal match funds are available. He pointed out that no additional federal funds are available and suggested that $400,000 in bonds be sold next year, to be matched by approximately $600,000 federal funds which would have to come out of existing federal allocations. Commissioner Fridley inquired if sufficient state funds are available to match available federal funds. The Engineer replied affirmatively. Chairman McIver stated that as he understood the matter, there are no additional federal monies available and if the bonds are sold only the funds realized from the sale could be used, which would not fulfill requirements of the law. The Engineer mentioned a previous commitment of $400,000 in the southwest Oregon area which had not been used and which might be applied on Highway 42. Commissioner Jackson remarked that it appears the only advantage in selling the bonds would be the money derived from their sale as there are no additional federal funds available. It was also pointed out that the legislation authorizing issuance of bonds in the amount of $4,000,000 does not specify that the money be used on Highway 42 and would most likely have been held unconstitutional if it had. However, a letter signed by Senator Boyd Overhulse was directed to the Highway Commission in Salem stating that it was the intent of the act that the money be used on Highway 42. One alternative to the suggestion he made previously, the Engineer stated, would be to take $6,000,000 in one year from Primary Federal funds and use it to match the $4,000,000 authorized for bonds. This, however, would practically halt construction on other primary highways in the state. The Commission deferred action to allow for further study.

On the following day the Commission prepared the following statement which was released to the press:

"The State Highway Commission is faced with the task of administering the legislation passed by the last legislature, which legislation

authorized a $4,000,000 bond issue intended for use on Highway 42.

"The legislation provides that $4,000,000 of state bonds can be sold when the State has federal matching funds to go with it. In trying to put this legislation into action, the Commission is faced with selling the bonds and having the federal matching funds available now. This poses the prob'em of where to avail ourselves of the federal funds for this purpose. The State of Oregon receives approximately $6,800,000 annually of federal primary highway funds. These federal funds the State has previously allocated on an equitable basis to the five geographic divisions of the State for the next year, and future programs have been discussed as to the priority basis for the State. Most of the people in the various Divisions understand the formula the Highway Commission uses in making these allocations. Priorities have been discussed with them as to the needs in the various Divisions. Therefore, it can be readily seen that if $6,000,000 were taken from the state-wide allocation and used to match the $4,000,000 bond issue, the entire state would be virtually stripped of primary highway funds for one year. Our other alternative would be to use all of the federal primary funds allocated annually to Division 3; namely, $1,500,000. This would take the entire allocation of funds to Division 3 for the period of four years. Commission members M. K. McIver, K. N. Fridley, and Glenn L. Jackson feel that such a plan is inimical to the best interests of the State of Oregon and believe such was not the intent of the Legislature. However, should additional federal funds be made available, of which the Highway Commission has no knowledge of any plans thereof, then the $4,000,000 bond issue or any portion thereof could be utilized to match the additional funds.

"The language of the bonding authority act specified that the Commission "may issue and sell state highway bonds of the State of Oregon to provide funds to match funds made available to the state by the Federal Government to defray the costs of location, relocation, improvement, construction and reconstruction of state highways and bridges." Therefore, the Commission cannot legally utilize any portion of the $4,000,000 bond issue except to match federal funds. It, therefore, appears that the bonding authority act as passed is not workable and has placed the Highway Commission in the position of being unable to administer this legislative bonding act."

An increase in project authorization in the amount of $37,098.21 was requested by the Engineer on Contract No. 5200. The principal cause of the overrun on this contract, which is on the Shogren-Rowena Section of the Columbia River Highway in Wasco County, he stated, was in the moving of Union Pacific Railroad facilities originally estimated to cost $6,500 but which actually cost $33,500. Minor overruns also occurred in general excavation and crushed base material. The Commission approved the increase in authorization as requested.

The Commission considered a request made by Mr. Robert O. Malsey, Superintendent of the City of Beaverton, for improvement of traffic conditions at the intersection of the Beaverton-Hillsdale Highway and Lombard Street in the City of Beaverton. This request, the Engineer stated, was carefully investigated and in view of the adverse accident experience caused by restricted sight distance, he recommended that a fully actuated traffic signal be installed at an estimated cost of $9,000, with the understanding that the cost of installation is to be borne equally by the City and the State and that the City will agree to maintain and operate the signal. The Commission approved the installation.

The Engineer requested authority for a roadside improvement project at the Murray Road Interchange on the Sunset Highway. He pointed out that the interchange is bordered by a school building, a shopping center and a residential area, and that the interchange should be developed in keeping with its surroundings and to minimize maintenance costs. The Commission approved the project at an estimated cost of $7,500, the work to be performed by contract.

Consideration was given to a proposed cooperative project with the City of Oregon City to restore a damaged storm sewer at the Water Street viaduct on Highway 99E adjacent to the Clackamas County courthouse. The Engineer explained that during construction of the bridge in 1940 a section of the sewer was replaced on a slightly different alignment. Recently it was noticed that the slope at the end of the bridge was saturated and beginning to settle. Investigation by the City disclosed that a portion of the pipe installed by the State had collapsed, causing the remaining pipe to become plugged and to pull apart. Oregon City has asked for aid from the State Highway Department to restore the storm sewer. Considering the probability that the section of pipe laid by the State may have been improperly backfilled, he recommended that the State cooperate with Oregon City by paying a lump sum in the amount of $2,000 on the project, which is estimated to cost a total amount of $5,000, with the understanding that Oregon City perform the replacement work and furnish a release from future liability. The Commission approved the recommendation.

The Commission considered a request made by the Mayor of the City of Newport that the State pay a portion of the cost of paving several city streets in Newport which cross the Oregon Coast Highway. The Engineer explained that the City had an extensive paving program underway and did not realize that no provision had been made for paving these cross streets from the street line to the edge of the highway pavement. In response to a telephone call from the Mayor, the Mayor was advised that the matter would be presented to the Highway Commission on the tentative basis that the State and the City share the cost equally. Upon the Engineer's favorable recommendation, the Commission approved this arrangement and authorized the payment of one-half of a bill for $796.65 submitted by the City.

The Commission confirmed oral approval of a cooperative project with the City of Portland for widening of Powell Boulevard (Mt. Hood Highway) between 26th and 28th Streets. The City or the School District is to perform all curb and sidewalk work, estimated to cost $2,500, and the State is to grade, rock, and pave the widened portion, which the Engineer estimated will cost approximately $3,500.

Authority was requested by the Engineer to reimburse the City of Portland for changes that the City made in a 30-inch water main line where S. W. Lane Street crosses the Baldock Freeway in Portland, caused by construction of the Harbor Drive-Lowell Street Section of Baldock Freeway. In 1955 preliminary plans were developed for this section, the Engineer stated, and the plans were furnished to the City of Portland. Work was in progress in the area by the City and they asked permission to make the change at that time on the basis that it would be cheaper then than later. The bill in the amount of $12,645 was received recently from the City. The project agreement was not signed until August, 1957. However, the work performed in 1955 was fully utilized by subsequent construction and would have cost more if made in 1959. The Bureau of Public Roads, he continued, has indicated that it will not reimburse the State as the work was done prior to programing the project. Upon his favorable recommendation the Commission approved reimbursing the City in the amount of $12,645.

The Engineer reported that a survey for construction of the Ferry Street Southbound Off-ramp Section of the Pacific Highway West in Lane County had been completed. He presented a map showing the proposed route and stated that purchase of right of way would be made as soon as federal funds are available, provided, of course, that the Commission approved. The survey of the proposed route, he stated, has been given careful engineering study and upon his favorable recommendation the Commission approved the survey by adopting the attached resolution relative thereto, marked Exhibit "I", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission considered an offer made by Mixermobile Manufacturers, Inc., Portland, to purchase the State's interest in the ties, rails, and fastenings on a 740-foot section of spur track built to serve them during construction of the Airport-Alberta Street Section of 82nd Avenue and the Cascade Highway. The Engineer commented that approximately 180 feet of the 740-foot section is on Union Pacific Railroad right of way, the balance being on property controlled by Mixermobile Manufacturers, Inc. A bill from the Union Pacific Railroad Company had determined the salvage value of this material at $3,896.44, and the Mixermobile Manufacturers, Inc. has indicated a willingness to pay this amount for the State's interest in the spur track. This offer, he continued, is to the best interests of the State as the State will gain more by selling rather than by removing the spur track and returning salvageable material to the Union Pacific Railroad Company as set up in the contract. The Commission accepted his recommendation that the materials be sold to Mixermobile Manufacturers, Inc. for $3,896.44.

Two bargain and sale deeds were presented by the Engineer covering sale of the remainder of the Patterson Bar in the Eugene-Springfield area. One of these deeds, he stated, is for 7.65 acres to Lane County for right of way purposes at a price of $6,989.78. The other deed conveying 88.49 acres is to the University of Oregon for public purposes at a price of $85,160. He recalled that these transactions are in line with previous discussions of the matter with the Commission and with Lane County and University of Oregon officials, in which it was agreed that the property would be sold to them at cost. The Commission approved the deeds.

The Commission considered the following requests for extensions of time within which to complete state highway contracts:

(1) T. C. Wildish Co., Contract No. 5216, for construction of storm sewers and paving on the Santa Clara-Eugene Section of the Junction City-Eugene Highway in Lane County, requested an extension from 85 workdays to 98 workdays within which to complete the contract without payment of liquidated damages. The Commission approved the extension of time as requested.

(2) F. L. Somers, Contract No. 5475, for rock production on the Ashland Section of the Green Springs and Pacific Highways in Jackson County, requested an extension of time from 30 workdays to 60 workdays within which to complete the contract without payment of liquidated damages. The Commission approved an extension of time of 25 workdays without assessment of liquidated damages.

(3) S & D Construction Company, Contract No. 5289, for structures on the North Albany Interchange Section of the Pacific Highway in Linn County, requested an extension of time from 180 workdays to 210 workdays within which to complete the contract without payment of liquidated damages. The Commission approved an extension of time in the amount of 26 workdays (completion of contract) without assessment of liquidated damages.

(4) Twin City Construction Co. & Clarence Braden, Contract No. 5347, for structures, grading and paving on the Gwynn Undercrossing-Jonesboro and Tunnel-Namorf Section of the Central Oregon Highway in Malheur County, requested an extension of time from 130 workdays to 162 workdays within which to complete the contract without payment of liquidated damages. The Commission approved the extension of time as requested.

(5) Rogers Construction Company, Contract No. 5053, for slide correction work on the Gonle-Tide Section of the Columbia River Highway in Columbia County, requested an extension of time from 160 workdays to 205 workdays within

which to complete the contract without payment of liquidated damages. The Commission approved an extension of time from 160 workdays to 196 workdays without assessment of liquidated damages.

(6) Stanton W. Payne, Contract No. 5522, for grading and stone base on the Bethel Section of the Byerly Corner-West Salem Road in Polk County, requested an extension of time from 50 workdays to 80 workdays within which to complete the contract without payment of liquidated damages. The Commission denied the request.

(7) Kuckenberg Construction Co., Inc., Contract No. 5110, for grading on the Lowell St.-21st Avenue Unit of the Harbor Drive-Washington County Line Section of the Pacific Highway in Multnomah County, requested an extension of time from 130 workdays to 180 workdays within which to complete the contract without payment of liquidated damages. The Commission approved the request with the stipulation that such approval is not an admission to extra claims by the contractor for interference or delay which he might experience due to overlapping operations of other contractors.

FOOTNOTE: Action taken by the State Highway Commission upon the extensions of time listed above was based upon the recommendations of the Engineer and his reports which considered, but did not necessarily adopt, either or any of the reasons given by the contractors in their requests for extensions of time. (For details see the original of the contractors' requests and the Engineer's recommendations on file in the contracts mentioned in the Secretary's Office in Salem.)

The Engineer reported that contract numbers 4960, 5045, 5050, 5094, 5103, 5107, 5201, 5204, 5208, 5209, 5229, 5250, 5253, 5258, 5279, 5289, 5290, 5291, 5292, 5298, 5306, 5324, 5327, 5328, 5337, 5341 5344, 5353, 5366, 5370, 5373, 5380, 5381, 5432, 5435, 5436, 5442, 5447, 5449, 5452 5460, 5463, 5465, 5469, 5472, 5473, 5475, 5482, 5484, 5494, 5499, and 5507 for highway construction have been completed in accordance with the requirements of the contracts or modifications thereof and that said contracts are now ready for acceptance by the Commission. After due consideration the Commission accepted the contracts by adopting the attached resolution relative thereto, marked Exhibit "D", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Consideration was given to a proposed 1960 budget for the Travel Information Division as prepared by the Travel Advisory Committee and the Travel Information Director. The Engineer pointed out that the budget is $50,000 less than last year's budget and includes an item of $10,000 for capitol guide service, which function is now under the jurisdiction of the Travel Information Division. Action was deferred until

the following day to allow the Commission time to study the budget. (On the following day the Commission adopted the budget in the total amount of $350,000.)

The Commission considered and upon the favorable recommendation of the Engineer approved, and later in the day signed, an "Authorization and Designation of Officials of the State Highway Department of Oregon to Sign Reimbursement Vouchers in Behalf of the Highway Commission". The Engineer explained that the document provided that the State Highway Engineer, Mr. W. C. Williams; the Deputy State Highway Engineer, Mr. Forrest Cooper; and the Assistant Office Engineer, Mr. J. W. Nash, be empowered to sign reimbursement vouchers for federal funds submitted to the Bureau of Public Roads.

The meeting was recessed at 12 noon and reconvened at 1:30 p.m. in the same room with the same persons present and participating.

The Commission considered the matter of constructing a parking area for cars in the vicinity of Government Camp on the Mt. Hood Highway for the convenience of skiers. The Engineer explained that several years ago, as an accommodation to the public, a parking area had been constructed immediately east of Government Camp; however, construction of the new highway section destroyed this parking area. The Visitors Service Committee of the Portland Chamber of Commerce has requested that a new parking site be provided. A survey has been made, he continued, indicating that a parking area consisting of 0.6 acre near the east edge of Government Camp and across the highway from the area destroyed can be developed at a cost of approximately $5,000. This area, he stated, is as large an area as can be developed at a reasonable cost, and he recommended that it be constructed. The Commission accepted his recommendation.

The Engineer reported that Fred Meyer, Inc. is constructing a supermarket on a tract of land between the Scholls Ferry Highway and the Beaverton-Hillsdale Highway and that Mr. Meyer has contacted him regarding suitable access to the Scholls Ferry Highway. A plan has been worked out, he stated, in which Mr. Meyer is to deed the necessary right of way to the State for widening the Scholls Ferry Highway and for the acceleration and deceleration lanes at the access point. Also Mr. Meyer has agreed to do all the necessary grading and surfacing work if the State will perform the pavement widening and other work in the painting of islands and refuges. The cost of the project is estimated at $26,000 and Mr. Meyer has agreed to pay $18,000, leaving $8,000 for the State's portion. As the supermarket will undoubtedly generate a heavy flow of traffic on a substandard section of highway, he recommended that the project be approved as presented. The Commission accepted his recommendation.

Three resolutions were presented by the Engineer to establish reduced speed zones to conform with speed zones recently placed within cities by the State Speed Control Board. The authority of the State Speed Control Board extends only within the city limits and to carry the speed zoning to a logical conclusion beyond the city limits, he recommended that the following speed zone resolutions be adopted:

(1) 40 miles per hour on the John Day Highway north of the City of Vale, from a point 300 feet north of the city limits of Vale to the north city limits of Vale. See Exhibit "G-1".

(2) 35 miles per hour on the Oregon Coast Highway between the east city limits of Brookings and a point 450 feet north of Hoffeldt Lane.

45 miles per hour between a point 450 feet north of Hoffeldt Lane and a point 250 feet south of Pedrioli Road. See Exhibit "G-2".

(3) 25 miles per hour on the Baker-Homestead Highway from a point 400 feet west of the west city limits of Richland to the west city limits of Richland.

40 miles per hour from the east city limits of Richland to a point 0.31 mile east of the east city limits of Richland, except that between M. P. 42.30 and M. P. 42.50 the indicated speed shall be 20 miles per hour during the hours of school crossings. See Exhibit "G-3".

The Commission approved the reduced speed zones by adopting the attached resolutions relative thereto, marked Exhibits "G-1" through "G-3", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

The Engineer recalled that on May 28, 1959 a 55 mile-per-hour speed zone was established on the two-lane section comprising the Salem By-pass and a 70 mile-per-hour speed zone had been placed on the four-lane section south to a point near Albany. He recalled that prior to this time a 70 mile-per-hour speed limit had been placed on the four-lane section of the Pacific Highway north of Salem. The widening of the Salem By-pass to a four-lane, divided facility will be completed in the near future, and he recommended that a 70 mile-per-hour speed zone be placed on the Salem By-pass Section when construction has been completed. The Commission accepted the recommendation by adopting the attached resolution relative thereto, marked Exhibit "G-4", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission gave attention to a letter written by Kenneth E. Shetterly of Dallas, calling attention to a hazardous traffic condition and requesting a reduction in speed on the Willamina-Salem Highway at Derry Station, east of Rickreall. The Engineer stated

that an investigation had been made by the Traffic Engineer and, in view of the prevailing speeds and the build-up in roadside culture at Derry, he recommended that a 50 mile-per-hour speed zone be established on the Willamina-Salem Highway between a point 200 feet west of the Southern Pacific Company railroad crossing and a point 0.26 mile west of Morrow Road in the community of Derry. The Commission approved the reduced speed zone by adopting the attached resolution relative thereto, marked Exhibit "G-5", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission confirmed previous oral authority, given August 17, for attendance at the AASHO meeting in Boston, Massachusetts, October 12 to 16, 1959 for W. C. Williams, Forrest Cooper, G. S. Paxson, and L. I. Lindas, in addition to the three members of the Highway Commission at an estimated cost of $475 each, with the exception of Mr. Paxson's trip which is estimated to cost $525 because of an extra stop at Urbana, Illinois to attend an AASHO Panel on Testing of Road Bridges.

The Commission also approved out-of-state travel expenses for the following:

George LeTourneux, Director of the Data Processing Section, to attend a seminar of Highway Engineers Exchange Program for electronic computers at IBM headquarters at San Jose, California, October 19 through 23, 1959, at an estimated cost of $160.

Gene Huntley, Director of Personnel and Public Relations, to attend International Conference on Public Personnel Administration in San Francisco, California, October 4 to 8, 1959 at an estimated cost of $190.

Attention was given to a request from the Northern Pacific Railroad Company to erect a historical sign on the right of way of the Pacific Highway at the east end of the Steel Bridge in Portland. The Engineer commented that the sign, which has the approval of the Oregon Historical Society, calls attention to the fact that the first transcontinental train arrived in Portland on September 11, 1883, carrying ex-President U. S. Grant and other governmental officials. The sign is not detrimental to the appearance of the right of way and he recommended that the installation be approved under terms of a formal permit. The Commission approved the recommendation.

A request from Mrs. Peter Lelack of Brooks was considered for correction of traffic hazards at the intersection of the Pacific Highway East and the Brooks-Hopmere Road in the community of Brooks. This matter, the Engineer stated, was investigated by the Traffic Engineering Division and it was found that vehicles which park on the westerly highway shoulder north of the intersection severely restrict sight distance for traffic attempting to enter the Pacific Highway East from

the west. It was his recommendation that shoulder parking be prohibited on the westerly side of the Pacific Highway East from the south property line of Pine Street, M. P. 41.18, to the northerly property line of the Brooks-Hopmere Road at M.P. 41.21. The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "H-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer called to the Commission's attention an action taken July 2, 1959, prohibiting parking on both sides of the Swift Secondary Highway in Multnomah County from M. P. 2.37 on the south side and M. P. 2.43 on the north side and continuing easterly on both sides of the highway to M. P. 2.92X. The parking restriction had been imposed to eliminate congestion during Centennial activities; however, the Centennial Exposition has now closed, and as there is no longer need for the parking restriction, he recommended that the action of July 2, 1959 be rescinded. The Commission accepted the recommendation by adopting the attached resolution relative thereto, marked Exhibit "H-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Three reconstructed sections of state highways have been completed, the Engineer reported, and have been opened for public travel. On each of these sections, he continued, agreements have been entered into previously with the various county courts providing that when the new sections of highway are completed the old sections be abandoned to the respective counties. To formally complete these arrangements he recommended that the Commission approve the following resolutions abandoning the old highway sections:

(1) Jumpoff Joe Creek-Louse Creek Section of the Pacific Highway in Josephine County. See Exhibit "E-1".

(2) West Unit, McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway in Yamhill County. See Exhibit "E-2".

(3) South Unit, Lyle Gap-Madras Section of The Dalles-California Highway in Jefferson County. See Exhibit "E-3".

The Commission approved the abandonments as presented by the Engineer by adopting the attached resolutions relative thereto, marked Exhibits "E-1" through "E-3", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

The Commission approved the Secretary's report on papers signed by the Secretary and the Assistant Secretary in behalf of the Commission during the period August 7 through September 17, 1959.

The Commission approved the dates of November 5 and 6 for the next regular Commission meeting, and set a tentative date of

December 17 and 18 for the following meeting. The Commission also approved October 13 and November 3 as the next dates for opening of bids on highway construction projects.

Attention was given to a request from the Oregon State Fish Commission to install four signs on the Columbia River Highway, one sign on the North Santiam Highway, and one sign on the McKenzie Highway to indicate locations of fish hatcheries. The Engineer stated that these proposed signs are of the rustic type and are quite attractive. Upon his favorable recommendation the Commission approved the installation of the signs under the terms of a formal permit.

A resolution was brought to the Commission's attention by the Engineer concerning an exchange of highways whereby Lane County would assume jurisdiction over the portion of the Alsea-Deadwood Secondary Highway from Paris south, and the State would assume maintenance of the Mapleton-Richardson County Road (Route "F") from Richardson to Mapleton as an extension of the Richardson-Eugene Secondary Highway. He recalled that in October, 1958 the Commission had approved an agreement whereby this transfer would be made after certain items of construction, transfer of right of way, and other matters had been completed by Lane County. A field inspection, he continued, has determined that with exception of a few minor details the road is now properly completed and he recommended that the transfer be made effective September 24, 1959. The Commission approved the transfer by adopting the attached resolution relative thereto, marked Exhibit "F", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

An abandonment agreement with Union County concerning certain portions of the Rhinehart Section of the Wallowa Lake Highway in Union County was presented by the Engineer. He explained briefly that under the terms of the agreement the County agrees to accept the old section of highway when the new section is completed and opened to public travel. The Commission approved the agreement.

The Engineer reported that in connection with construction work on the westerly end of the Little Nestucca Highway Mr. Clem J. Hurliman had requested that the State place a culvert-type cattle pass under the road for his benefit. Investigation determined that the necessity for the cattle pass was extremely doubtful. The owner, however, has now requested permission to place a 78-inch culvert at his own cost under the new construction and prior to the placement of the surface. The Engineer recommended that placing of the culvert be allowed under terms of a formal permit. The Commission accepted his recommendation.

The Commission considered a revision in the "Oregon Manual on Uniform Traffic Control Devices" covering correction of a computational error in Table IV, Page 290, and also discussed a revision in the color of traffic lane markings on Page 264 of Part 2, Section "A" of the Manual to conform to standards adopted by the American

Association of State Highway Officials. The Engineer stated that inasmuch as the Manual itself had been approved by the Commission, changes in it must also be approved by them. He recommended that the Commission approve the correction of the computational error on Page 290 but that action be deferred in the change-over from yellow to white traffic-line paint to allow the cities and counties time to use up their supply of yellow paint and make other adjustments, and that action be taken on this matter by the Commission sometime within the next year. The Commission approved his recommendations. The Commission also instructed the Engineer to advise the cities and counties of the proposed change-over in center line striping colors.

Attention was given to a complaint made by the City of Baker concerning difficulties with three fixed-time traffic signal controllers on US 30 in the City of Baker. The Engineer stated that investigation disclosed that repairing the controllers would not be economically feasible and the existing controllers should be replaced with new ones which are estimated to cost $1,500. The City has indicated its willingness to pay one-half the cost of replacement, and he recommended that the controllers be replaced. The Commission approved the recommendation.

The Engineer stated that the Bureau of Public Roads had requested Commission concurrence in certain modifications in the existing forest highway program. He explained briefly the projects which were being withdrawn and those which are being added, and recommended that the Commission sign the letter incorporating the changes. The Commission approved, and later signed, the following letter:

" September 17, 1959

"Federal Highway Administrator
Chief, Forest Service
Washington 25, D.C.

Dear Sirs:

In accordance with the Rules and Regulations for Administering Forest Highways, the forest highway program change outlined herein is recommended by the Regional Forester, Region 6, the Oregon State Highway Commission, and the Regional Engineer of the Bureau of Public Roads.

(letter continued on next page)

"Unprogramed balance available for programing (lapsing) $498,000

Project and Account No.	Route Name and Type of Work	Length (Miles)	Forest Highway Funds
WITHDRAW THE FOLLOWING PROJECTS:

Total substituted projects			2,050,000
Unprogramed balance (lapsing)			273,000 "

Also concerning forest highways, the Engineer reported that a request had been received from the Bureau of Public Roads for recommendations concerning a formula for apportionment of forest highway funds for the fiscal year 1962 and subsequent years. He recalled that data had been submitted to the National Congress concerning Oregon forest highways, and Congress is now trying to determine how to make allocations to the various states. It appears, he continued, that the choice may be between the present formula and one in which the needs of the state would be determined, based on the proportion of each state's needs to the total needs. He requested, and the Commission granted, authority to study the matter and make a recommendation in favor of the formula which would be to the best interests of the State of Oregon. The Commission also instructed that he call the Commission by telephone prior to actual submission of the recommendation.

Consideration was given to similar requests from the Portland and Astoria Chambers of Commerce asking the Commission to recommend to the American Association of State Highway Officials that US Highway 12 be routed from Miles City, Montana, via Helena, Missoula, Lewiston, Boardman, The Dalles, Portland, and on to Astoria. The Engineer explained that no action can be taken at this time as the AASHO regulations definitely provide that no road can be added to the federal system until the route has been completely paved and otherwise improved to acceptable standards. He pointed out that there is a segment between Missoula, Montana, and Lewiston, Idaho, which probably will not be completed for several years so the AASHO Numbering Committee would not consider the route designation at this time. The Commission instructed that the persons making the request be advised that the matter will be kept under close study, and at the appropriate time recommendations deemed best for the State of Oregon will be made promptly.

The Commission also considered a request from the Oregon Electric Railway Historical Society to secure approximately 600 lineal feet of 25-pound railroad rail stored at the State Highway Maintenance site at Glenwood on the Wilson River Highway. The Engineer commented that the rail is not usable for State Highway purposes and he recommended that the amount requested be donated to them to be used to mount old streetcars in a museum. The Commission accepted the recommendation.

The Engineer brought to the Commission's attention the fact that plans and specifications for the replacement of two storeroom buildings at the Salem shops are now complete. The building designed to replace the two older structures is a modern-type warehouse with concrete walls and roof, and the warehouse portion is of fireproof construction in that it has no windows and is equipped with a sprinkler system. The estimated cost of the building, he stated, is $331,000 which includes removal of old structures, and he requested that authority be granted to advertise for bids to be received November 3. The Commission approved the project, the cost of which is included in the 1959 budget.

Bids received on September 10, 1959 were presented to the Commission by the Engineer and at 2:30 p.m. the Commission announced the award of contracts as follows:

BIDS RECEIVED IN SALEM ON SEPTEMBER 10, 1959

"Gardiner Mountain Slide Correction Project on the Oregon Coast Highway, Douglas County. The Commission awarded the contract to the low bidder, Dwain R. Angell and Millard Angell, Portland, at $64,677.80.

"Kane Creek Bridge on Old Stage Road, Jackson County. Low bid was submitted by Harley E. Lowe, Ashland, in the amount of $9,601.50. However, as this is a County project, all bids were referred to Jackson County for award.

"Long Branch Creek Bridge on Rogue River Drive, Jackson County. Low bid was submitted by Walder and Kenworthy, Portland, in the amount of $20,781. However, as this is a County project, all bids were referred to Jackson County for award.

"Florence (Rhododendron Drive) Stone Base and Oiling Project, Lane County. The Commission awarded the contract to the low bidder, Berry Creek Construction Company, Florence, at $16,293.98.

"Traffic Signal Installation on Airport Road-Alberta Street Section of the Cascade Highway, Multnomah County. The Commission awarded the contract to the low bidder, W. R. Grasle Co., Portland, at $13,825.

"Interstate Bridge Toll Signs and Lighting, Pacific Highway, Multnomah County. The Commission awarded the contract to the low bidder, Olson Electric Company, Vancouver, Washington, at $125,003.68.

"Partial viaducts on the Washington County Line-Highlands Interchange Section of the Sunset Highway, Multnomah County. The Commission awarded the contract to the low bidder, Hannan Brothers Company, Portland, at $381,705.53.

"Stebco-Dodson Section of Columbia River Highway Power Line Relocation, Multnomah County. The Commission awarded the contract to the low bidder, Olson Electric Company, Vancouver, Washington, under Alternate "A", at $44,858.

"Sale of Interstate Bridge Structural Steel, Multnomah County. No bids were received.

"Hat Rock State Park Combination Shelter and Latrine on Columbia River Highway, Umatilla County. The Commission awarded the contract to the low bidder K. L. Clark, Hermiston, at $7,652.

"Grande Ronde River Bridge on the Old Oregon Trail Highway, Union County. The Commission awarded the contract to the low bidder, S & D Construction Company, Portland, at $422,095.

"Construct Latrine at Wallowa Lake State Park, Wallowa County. The Commission rejected all bids as being too high.

The Commission discussed with the Engineer matters to be presented by delegations which will appear on the following day. No action was taken on these matters pending appearance of the delegations.

Chairman McIver inquired of the Assistant State Parks Superintendent concerning the status of a parcel of property located north of Wedderburn on the Oregon Coast Highway for which negotiations had been undertaken some time ago with the Lloyd Corporation for park use. The Assistant Parks Superintendent stated that the Lloyd Corporation was apparently agreeable to donating the land to the State, but before the transaction was completed the property was sold with other land to the U. S. Plywood Corporation. The new owners have not indicated that they are willing to donate the land, which consists of 300 acres or more. The Commission instructed that another contact be made with U. S. Plywood Corporation to determine their attitude.

The Chief Counsel submitted an oral report concerning a proposed settlement with Garrett Wendel Hopper and Bessie M. Hopper, File No. R-12109, for property on the Glendale Junction-Wolf Creek Section of the Pacific Highway in Josephine County. Settlement in this case, he stated, has been pending for 13 years; however, the State, with the owners' permission has been in possession of the land. The owners have now agreed to settle for $455.50. The property is valued at $200 for the land and $200 for a well, and he recommended that the settlement be accepted as the difference in price would not warrant trying the case in court. The Commission approved the settlement.

The Commission considered the matter of remunerating the Pacific Power and Light Company for the use of their passenger plane in carrying the members of the Commission and six members of its staff on an aerial inspection trip of approximately 1,200 miles over Oregon highways on August 9, 1959. Also on the plane were ex-Governor Elmo Smith; Mr. B. M. French, Regional Engineer, Bureau of Public Roads; and a representative of the Oregon Journal newspaper. The Commission approved payment in the amount of $500.

The Commission signed agreements and other papers, and the meeting was declared adjourned at 2:45 p.m., to be reconvened on the following day at 10:00 a.m.

Salem, Oregon
September 25, 1959

The meeting of the Oregon State Highway Commission reconvened at 10:00 a.m. in Room 418, State Highway Building. The following persons were present:

M. K. McIver, Chairman
Kenneth N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
Tom Edwards, Construction Engineer
L. I. Lindas, Chief Counsel
Walter T. Wright, Right of Way Engineer
L. V. Koons, Assistant State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

The Clackamas County Associated Chambers of Commerce appeared before the Commission concerning the widening of US 99E from New Era to Salem. Mr. Irwin Adams, Milwaukie, President of the Chamber, acted as spokesman for the group and introduced the following members of his organization; Merle Brown, 99E Highway Association; John Rosenberry, Chamber of Commerce; John Keeley, County Engineer of Clackamas County; Stan Ely, Clackamas County Commissioner; and B. E. Weiler, Chamber of Commerce, all from Oregon City; Ernest Rynning, Estacada, and Willard Wymore, Boring, Upper Clackamas River Chamber of Commerce; R. W. Mersereau, Martin Lewis, Harvey Hildebrand, Manager, Peter Paul Wiley, Assistant Manager, Senator Richard E. Groener, Senator Monroe Sweetland, and Peyton Barnett, all from Milwaukie and representing the North Clackamas County Chamber of Commerce; R. W. McCarter, John Rasmussen, Howard Belton, from the Canby Chamber of Commerce; Orvil L. Rose, Gladstone, North Clackamas Chamber of Commerce; Walter Kanne, Arthur Meger, J. E. Strandberg, all from Portland, representing the North Clackamas Chamber of Commerce; Al Greenwalt, Wemme, Hoodland Association; and Lee Stidd, Jr., Ray Thompson, L. Eugene Crampton, all from Oswego and the North Clackamas County Chamber of Commerce. Mr. Belton renewed their plea for consideration of the widening of US 99E between Hayesville and New Era. Most of the right of way, he pointed out, already has been acquired for the four-laning of this highway. He called attention to the bottlenecks encountered while driving this road, particularly the one south of Canby at Aurora Hill and the bridge at Aurora. This is a fast growing area, he stated, with the traffic almost as heavy as when the Baldock Freeway was completed and opened. Mr. Brown, who represented the Highway 99E Association, stated that their Association is requesting this improvement from both a safety standpoint and because of the need to expedite and keep traffic moving through the area which will be of benefit to everyone concerned. He told of the considerable increase in commercial traffic originating

in the Oregon City and Milwaukie areas. Mr. Ely stated that Clackamas County is solidly behind this widening project and urged that favorable consideration be given to it at this time. Senator Sweetland mentioned the large industrial plants which have moved into the northern part of Clackamas County and which have drastically affected the highway conditions particularly the installations by Safeway, the Northwest Grocers, Hudson House, the Wilhelm Company, the Holden Company and others. The Baldock Freeway, he continued, does not share in this traffic load since it is practically inaccessible to this area. The rapid population growth in the area is another factor which has increased traffic and he concluded by urging the early widening of US 99E so the area can have some relief from this problem. Senator Groener spoke for the improvement from the law enforcement angle, stating that because of the numerous curves as well as the heavy traffic, it is difficult to effectively enforce the law. The people of the North Clackamas area, he continued, would like to see a time schedule for the early widening of this highway. Mr. Stidd pointed out that if Highway 99E is widened it might tend to relieve the traffic problem and cut down existing hazards through Oswego since much of the through traffic comes south from Portland to Oswego. He spoke of the economic effect the highway improvement will have on the communities bisected by US 99E, pointing out that if these communities suffer an economic setback, a greater tax burden will be thrown on the Oswego area. Mr. Adams read aloud a letter from Rudie Wilhelm, Jr. stating that the industrial growth of the area (including his new warehouse in Milwaukie) will more than justify the four-laning of Highway 99E and requesting that this project be placed high on the priority list. Mr. Adams quoted the population figures on both sides of the Willamette River, pointing out that 29.8% of the population is on the west side while 70.2% of the population is on the east side. The Portland Chamber of Commerce, he continued, has given its whole-hearted support to this improvement. He concluded his presentation by asking Chairman McIver to issue a statement regarding their request. In response, Chairman McIver told the group that the Commission appreciates their problem and when the next program is formulated the Commission will give their project another good hard look.

Mr. Ray Morrison, Street Commission, Willamina Chamber of Commerce, and Allen Louden, Willamina Chamber of Commerce, appeared before the Commission regarding hazardous conditions existing on the Willamina-Sheridan Highway (the old Salmon River Highway) near Willamina. Mr. Morrison stated that he represented the City of Willamina and many of the industrial plants located in the vicinity. They are quite concerned about the hazardous conditions that still exist on the Willamina-Sheridan Highway even though through traffic uses the new Salmon River Highway which by-passes Willamina. He pointed out that Willamina had originally requested a direct access to the new Salmon River Highway but abandoned the request because of the excessive cost of the access; however, they want corrective measures to remove a double curve on the old highway between Willamina and Wallace Bridge. From a recent survey which he had conducted, he enumerated the many industries in the area that use the

highway for transporting their products. He also called attention to the narrow, hazardous bridge in Willamina. Mr. Louden commented that the new Salmon River By-pass recently opened for traffic from north of Sheridan to Valley Junction has relieved traffic conditions over the old highway; however, the old highway still carries heavy local traffic and is unsafe for travel. In view of the fact that Willamina has been denied a direct access to the new by-pass, he expressed the opinion that the old highway should be improved in order to make it as safe as possible for local traffic. Chairman McIver thanked the group for bringing this matter to the Commission's attention.

Representatives from the Newberg Chamber of Commerce appeared before the Commission to request completion of US Highway 99W from Rex Hill to Newberg. Mr. Milo Ross, President of the Newberg Chamber of Commerce, was spokesman and introduced the following members of his group: Representative George Layman; Chester Windsor, Chairman of Roads and Highway Committee; M. E. Dunston, K. W. Johnson, Sam R. Scott, Bruce M. Cullison, R. W. Curtis, Robert D. Blodgett, and Jack Bellinger, all from the Chamber of Commerce; and V. G. Anderson, Spaulding Paper and Pulp Company. Mr. Ross expressed appreciation for the progress that is being made on US 99W toward the eventual completion of a four-lane facility to Newberg. He introduced Mr. Layman who requested that early priority be given to the completion of a four-lane highway from Rex Hill to Newberg. At the present time, he pointed out, there is a four-lane facility from Portland to Rex Hill, with a two and one-half mile stretch of narrow two-lane road from Rex Hill to Newberg, and then the four-lane facility continues on west of Newberg. This two-lane road, he added, is a bottleneck for both through and local traffic and creates quite a problem because of the heavy traffic. He expressed the feeling that early consideration should be given to the four-laning of this two and one-half mile section of US 99W because public interest and community service justify it, as well as the fact that the other improvements in the area have increased the traffic and consequently made this section inadequate. Chairman McIver thanked the delegation for their presentation.

Mr. R. J. Bettendorf, Manager of the Port of Astoria, and Mr. Charles DeFoe, Manager of the Astoria Chamber of Commerce, both from Astoria, appeared before the Commission regarding the proposed bridge across the Columbia River between Astoria and Megler. Mr. Bettendorf advised that from the formal legal opinion secured, the legislation passed by the 1959 Oregon Legislature will not fit the statutory requirements of the State of Washington for construction of the Astoria Interstate Bridge, and will require different legislation. The State of Oregon, he added, should take the lead in this matter. He requested that the legal staffs of the Washington and Oregon Highway Departments combine their efforts to draw up suitable legislation, for submission to the next legislative assembly, which will be constitutional and allow construction of the bridge. The people of the State of Oregon, he pointed out, believe the bridge should be

built since the Astoria Bridge bill in the 1959 Legislature was overwhelmingly passed by both houses. The Oregon Highway Department, he added, should conduct another traffic study covering the proposed Astoria Bridge. He concluded his presentation by emphasizing the need for an early start on this matter so that the material will be available to the 1961 Legislature. Mr. DeFoe expressed the opinion that it is the Commission's obligation to instruct its staff to begin negotiations or discussions with the State of Washington in order to determine what legislation is needed during the 1961 session for Washington and Oregon.

Mr. DeFoe also brought up the matter of a letter that the Astoria Chamber of Commerce has filed with the Commission asking the Commission, through the American Association of State Highway Officials Numbering Committee, to request an extension of US Highway 12 from Lewiston, Idaho, through Boardman, Oregon, via Highway 30 and thence on to Astoria. A transcontinental highway, he added, would be in the best interests of the State of Oregon and the Northwest. Chairman McIver thanked the delegation for their presentation.

Mr. E. R. Fatland, Condon Commercial Club, headed a delegation from Grant, Wheeler and Gilliam Counties, regarding improvements on the John Day Highway between Condon and Fossil; the bridge over the John Day River; access roads into the fossil bed park near Dayville; and donation of land for a park area at Devils Butte. Also present were O. H. Dickens, Grant County Judge, John Day; O. L. Matthews, Wheeler County Judge, Fossil; and Van Rietman, Gilliam County Commissioner, Condon. Mr. Fatland introduced the members of the delegation and gave to the Commission a brochure prepared by Gilliam, Wheeler and Grant Counties outlining the natural beauties and the activities carried on in those counties. Judge Dickens told the Commission that about 7,000 acres of land may be added to the John Day Fossil Beds State Park if the owner is allowed a grazing permit each spring when there is grass in the area. Their interest in the John Day Highway, he pointed out, is primarily an economic one. Grant County is a comparatively large county with no good water grade access roads to the market area in Portland. He commented that only 3% of the land in Grant County is taxable, the remainder being State and Federal land, which naturally cuts down the revenues available for county use. He spoke of the difficulty and high cost of shipping products in and out of their area because of poor highways. Judge Matthews told of the large number of people who inquire about state parks and overnight camping in their area. The north end of Wheeler County, he stated, is almost isolated, being served only by the John Day Highway, and they would like to see some improvements made between Spray and Kimberly and between Fossil and Mayville. Mr. Van Rietman told of the increase in traffic on the John Day Highway due primarily to the improvement of the Wasco-Heppner Highway (CRE 206) and because that highway is being used as an access route from the John Day country to US 30. Most of the wheat, he advised, is now truck-hauled over Highway 19 rather than shipped by rail,

which creates a problem since the road is crooked and narrow--the worst section being between Condon and Fossil. The section between Arlington and Condon is also in need of improvement. In response to Commissioner Fridley's query if the Condon-Fossil Section of Highway 19 should be the next project considered for improvement, Mr. Van Rietman answered in the affirmative. Commissioner Fridley stated that when funds are available, their requests will be given consideration. In summarizing their requests, Mr. Fatland advised that the delegation would like (1) access roads into the John Day Fossil Beds Park; (2) a survey started on ORE 19 between Dayville and Kimberly; (3) construction started on the John Day Highway between Spray and Kimberly; and (4) a survey for the improvement of the Condon-Fossil Section of ORE 19. He expressed their gratitude for the work under contract on the Hay Canyon-Wasco Section of the Wasco-Heppner Highway, and requested better maintenance on it this winter because the paving will not be completed until next year. He told of their interest in getting the John Day River Bridge on the Wasco-Heppner Highway under contract, and was informed by the Engineer that the bridge will be contracted as soon as federal funds are available, probably shortly after January 1, 1960. It is their understanding, he continued, that additional land will be required for the placement of a marker on ORE 206 at the turnout at Devils Butte to point out the five mountains that are visible at this location -- Mt. Hood, Mt. Adams, Mt. Jefferson, Mt. St. Helens, and Mt. Rainier. Mr. Shelt Burres has offered to donate to the Commission whatever land is needed. Chairman McIver thanked the group for bringing these matters to the Commission's attention.

The Commission considered the budget for the Travel Advisory Committee which had been submitted to them on the previous day. Chairman McIver inquired why such a large percentage of the advertising money is spent in California and Washington and whether there should be more advertising conducted in the areas further from Oregon that have large populations. Mr. Carl Jordan, Director of the Travel Information Division, replied that it was the thinking of the Travel Advisory Committee that to accomplish a very large national advertising job would not be possible with the funds provided in this budget, so they have concentrated their efforts on the large markets closer to Oregon. Commissioner Jackson expressed the opinion that advertising in "Holiday Magazine" and "National Geographic" restricts coverage and provides a high-priced medium. He also commented that the big population area for development is on the East Coast and California has been working this area while Oregon has done relatively little. In discussing this matter, Mr. Jordan pointed out that the Travel Advisory Committee has carefully looked into the national advertising market but has decided it would be better to do a more concentrated job on the West Coast. The Commission, upon Commissioner Jackson's motion, unanimously adopted the budget as presented. (For details of the budget as approved, see copy of budget filed in the General Files, Salem)

There being no further business to consider, Chairman McIver declared the meeting adjourned at 11:45 a.m.

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

September 24 and 25, 1959

EXHIBIT "A"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in the right of way resolution, dated September 24, 1959, pages 1 through 37, as presented by the Right of Way Engineer and approved by the Highway Commission on September 24, 1959 and by this reference said right of way resolution of September 24, 1959 is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the Chief Counsel for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

EXHIBIT "B-1"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway described as follows:

A parcel of land lying in Lot 3, Block 10, Glen Cullen situated in Section 17, Township 1 South, Range 1 East, W.M., Multnomah County, Oregon, and being Parcel No. 2 of that certain deed to State of Oregon by and through its State Highway Commission, recorded in Book 1782, page 429 of Multnomah County Records of Deeds; the said parcel being described as follows:

Beginning at the NE corner of said Lot 3; thence southerly along the easterly line of said Lot 3 a distance of 115 feet, more or less, to a line which is parallel to and 50 feet northerly of the center line of the relocated Beaverton-Hillsdale Highway; thence northwesterly along said parallel line 53 feet, more or less, to the westerly line of said Lot 3; thence northerly along said westerly 115 feet, more or less, to the NW corner of said Lot 3; thence easterly along the northerly line of said Lot 3, a distance of 52.6 feet to the place of beginning.

Said center line referred to above is described in said State of Oregon deed.

The parcel of land to which this description applies contains 5,750 square feet, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,200.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from

EXHIBIT "B-1" (Cont.)

and between the said real property and the right of way of the Beaverton-Hillsdale Highway, except there will be one point of access from said property to the Beaverton-Hillsdale Highway of a width not to exceed 25 feet at a point to be determined prior to the conveyance of the property, said access point to be unrestricted as to use.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 227 be entered in the minutes and records of the Commission as of the 24th day of September, 1959.

EXHIBIT "B-1"

and between the said real property and the right of way of the Beaverton-Hillsdale Highway, except there will be one point of access from said property to the Beaverton-Hillsdale Highway of a width not to exceed 25 feet at a point to be determined prior to the conveyance of the property, said access point to be unrestricted as to use.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 227 be entered in the minutes and records of the Commission as of the 24th day of September, 1959.

EXHIBIT "B-2"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the 7th Avenue Connection of the Pacific Highway described as follows:

A parcel of land lying in the Prior F. Blair DLC #39, also lying in Section 36, Township 17 S, Range 4 W, W.M. Lane County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 215, Page 323 of Lane County Records of Deeds; the said parcel being described as follows:

Beginning at the Southeast corner of said property, said corner being 2020 feet S 89° 19' E, and 23.1 feet N 0° 13' 30" E, from the Southwest corner of said Prior F. Blair DLC #39; thence N 89° 50' 30" W, 158 feet, more or less, to a line which is parallel to and 30 feet East of the West line of said property; thence N 0° 13' 30" E, 100 feet to a line which is parallel to and 50 feet South of the center line of the 7th Avenue Connection of the Pacific Highway; thence S 89° 50' 30" E, 158 feet, more or less, to the East line of said property; thence S 0° 13' 30" W, along said East line 100 feet to the point of beginning.

The parcel of land to which this description applies contains 15,800 square feet, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $15,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 228 be entered in the minutes and records of the Commission as of the 24th day of September, 1959.

EXHIBIT "B-3"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Newport Section of the Oregon Coast Hwy. described as follows:

A parcel of land lying in Lots 7 and 8, of Block 80, Case and Bayley's 3rd Addition to the City of Newport, situated in Section 8, Township 11 South, Range 11 West, W. M., Lincoln County, Oregon, the said parcel being described as follows:

Beginning at the Northwest corner of said Lot 7, Block 80; thence South 63° 56' East, along the North line of said Block 80, a distance of 4.9 feet; thence parallel to and 50 feet Westerly from the center line of the Oregon Coast Highway on a 1687.1 foot radius curve left (the long Chord of which bears South 0° 54' East) 110.9 feet to a point on the South line of said Lot 8; thence North 63° 56' West, along said South line of Lot 8, a distance of 54.9 feet to the Southwest corner of said Lot 8; thence North 26° 04' East, along the West line of said Block 80, a distance of 100 feet to the point of beginning.

The parcel of land to which this description applies contains 2,896 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers, and the reasonable market value thereof found and estimated to be the sum of $2,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 229 be entered in the minutes and records of the Commission as of the 24th day of September, 1959.

September 24, 1959

EXHIBIT "B-4"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcels of land in the Valley Junction-Sheridan Section of the Salmon River Highway described as follows:

A parcel of land lying in the W½ of Section 36, Township 5S., Range 6 W., W.M., Yamhill County, Oregon, and being a portion of that property described in those deeds to State of Oregon by and through its State Highway Commission, recorded in Book 181, Page 523, and in Book 179, Page 641 of Yamhill County Records of Deeds; the said parcel being that portion of said property lying Northwesterly of a line which is parallel to and 160 feet Northwesterly of the center line of the Salmon River Highway as said highway has been relocated, which center line is described as follows:

Beginning at Engineer's center line Station 545+00, said Station being 102 feet South and 5 feet West of the SW corner of Lot 2, East Sheridan Subdivisions; thence N 71° 55' 24" E, 637.49 feet; thence on a spiral curve to the right (the long chord of which bears N 72° 07' 54" E) 250 feet to Station 553+87.49, said center line crossing the Southwesterly and Northeasterly lines of said property approximately at Stations 546+32 and 558+00 respectively.

Bearing used herein are based upon the Oregon Coordinate System, North Zone.

The parcel of land to which this description applies contains 11.0 acres, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of such property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and

EXHIBIT "B-4" (Cont.)

between said real property and the right of way of the Salmon River Highway, except there will be one point of access from the said property to the Salmon River Highway of a width not to exceed 25 feet at a point to be determined prior to the conveyance of the property, said access point to be for residential or farm use only and subject to frontage road.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 230 be entered in the minutes and records of the Commission as of the 24th day of September, 1959.

EXHIBIT "B-5"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in the Nyssa Section, Old Oregon Trail Highway, described as follows:

A parcel of land lying in Blocks 1 and 2 as shown on J. L. Lee's plat and now shown and lying in Block 7, of the Town of Nyssa, Malheur County, Oregon, and being a portion of that tract of land described in those certain deeds to the State of Oregon, by and through its State Highway Commission, recorded in Book 77, Page 137; Book 55, Page 118; Book 51, Page 568; and Book 76, Page 602, of Malheur County Records of Deeds; the said parcel being described as follows:

Beginning at the N. E. corner of Main and First Streets in the Town of Nyssa; thence North along the East line of First Street 88 feet; thence South 89° 50' East parallel to the North line of Main Street 142 feet, more or less, to the Easterly line of said State property; thence South 6° 00' West along said Easterly line 88.47 feet to the North line of Main Street; thence North 89° 50' West along said North line 135.47 feet to the point of beginning.

The parcel of land to which this description applies contains 12,200 square feet, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 231 be entered in the minutes and records of the Commission as of the 24th day of September, 1959.

EXHIBIT "B-6"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Gold Beach-Cape Sebastian Section of the Oregon Coast Highway described as follows:

A parcel of land lying in Lots 6, 7 and 9 of Ocean View, Township 37 S., Range 15 W, W.M., Curry County, Oregon and being a portion of that property described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 49, Page 701 of Curry County Records of Deeds; the said parcel being that portion of said Lots 6, 7 and 9 lying Easterly of the following described line:

Beginning at the North line of said Lot 9, at a point 75 feet Easterly of (when measured at right angles to) the center line of the relocated Oregon Coast Highway, said point also being approximately 35 feet East of the Northwest corner of said Lot 9; thence running Southerly in a straight line 545 feet, more or less, to the most Southerly corner of said Lot 6.

The center line herein referred to being described in said State of Oregon deed.

The parcel of land to which this description applies contains 1.56 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchasers, all rights of ingress and egress to, from and between the said real property and the right of way of the Oregon Coast Highway, except for one point of access, 25 feet in width, unrestricted as to use for service of the said land, but said access shall, however, be subject to any future frontage road constructed by the State either within the present or future acquired right of way.

EXHIBIT "B-6" (Cont.)

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 232 be entered in the minutes and records of the Commission as of the 24th day of September, 1959.

EXHIBIT "B-7"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Salem By-Pass Section of the Pacific Highway East described as follows:

A parcel of land lying in the $N\frac{1}{2}NW\frac{1}{4}$ of Section 24, Township 8 South, Range 3 West, W.M., Marion County, Oregon, the said parcel being described as follows:

Beginning at an iron pipe at the Northwest corner of that tract conveyed to the State of Oregon, by and through its State Highway Commission, by deed recorded in Book 437, Page 547, Marion County Deed Records; said corner being 503.58 feet South 0° 15' West and 755.17 feet South 89° 10' East of the Northwest corner of said Section 24; thence South 0° 09' West 690 feet, more or less, to a line which is parallel to and 110 feet Northwesterly from the center line of the Salem By-Pass Unit of the Pacific Highway East; thence Northeasterly along said parallel line 687 feet, more or less, to a point opposite Engineer's center line Station 494+50 on said Highway center line; thence Northerly 115 feet, more or less, to the North line of said State of Oregon tract at a point which is opposite and 160 feet Northwesterly from (when measured at right angles to) said Highway center line; thence North 89° 10' West along said North line 390 feet, more or less, to the point of beginning. Said Highway center line being described in that deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 437, Page 769, Marion County Deed Records.

The parcel of land to which this description applies contains 3.5 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,750.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said property shall

EXHIBIT "B-7" (Cont.)

provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway East, except that there shall be reserved for the service of the said property a right of access to the existing frontage road on the Northerly side of said Pacific Highway East. Said frontage road to be connected to said Pacific Highway East, or to other public ways, at such presently constructed intersections or at such future intersections as may be designated by the State Highway Commission. The conveyance of said real property shall further provide that said property shall never be used for placing, maintenance or display of any advertising sign within view of the Pacific Highway East, except such use to which the property conveyed is devoted.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 233 be entered in the minutes and records of the Commission as of the 24th day of September, 1959.

EXHIBIT "B-8"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in the North Jefferson Jct. - Albany Section of the Pacific Highway, described as follows:

A parcel of land lying in the Robert Houston DLC, also in the N. ½ of Section 4, Township 11 South, Range 3 West, W. M., Linn County, Oregon, and being a portion of that property described in those certain deeds to the State of Oregon, by and through its State Highway Commission, recorded in Book 251, Page 280 and in Book 252, Page 385 of Linn County Records of Deeds; the said parcel being that portion of said property lying Easterly of the following described line:

Beginning at a point which is opposite and 440 feet Easterly of Station L^3 1045+00 on the center line of the relocated Pacific Highway; thence Southeasterly in a straight line to a point which is opposite and 535 feet Easterly of Station L^3 1047+00 on said center line; thence Southeasterly in a straight line to a point which is opposite and 920 feet Easterly of Station L^3 1055+25 on said center line.

The center line herein referred to is described as follows:

Beginning at Engineer's center line Station L^3 1029+02.76, said Station being 2680.69 feet North and 533.36 feet East of the Northeast corner of the Anderson Cox DLC #49, Township 11 South, Range 3 West, W.M.; thence South 9° 17' West, 1271.41 feet; thence on a spiral curve left (the long chord of which bears South 9° 04' 30" West) 250 feet; thence on an 11,459.16 foot radius curve left (the long chord of which bears South 4° 48' 40" West) 1538.89 feet to Station L^3 1059+63.06.

Bearings used herein are based upon the Oregon Co-ordinate System, North Zone.

The parcel of land to which this description applies contains 0.25 acre, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,500.00, and the Commission is desirous

EXHIBIT "B-8" (Cont.)

of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway, including all rights of access to frontage roads on the westerly side of said Pacific Highway. The conveyance of said real property shall further provide that said property shall never be used for placing, maintenance or display of any advertising sign within view of the Pacific Highway, except such use to which the property conveyed is devoted.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 234 be entered in the minutes and records of the Commission as of the 24th day of September, 1959.

EXHIBIT "C-1"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Albany-Judkins Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the

interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A" no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

EXHIBIT "C-1" (Cont.)

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 24th day of September, 1959, as Condemnation Resolution No. 1204.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1204, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

32079

EXHIBIT "C-2"

Minutes of September 24 and 25, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stockpile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will mor adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and main tain the Judkins Point-Goshen Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purpose declared and provided under the said Chapter 374, Oregon Revised Statute commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, re location, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its di cretion, acquire an entire lot, block or tract of land, part of which i necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

EXHIBIT "C-2" (Cont.)

not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the Judkins Point-Goshen Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A" no rights of access of any nature between the right of way of the said widened and relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Judkins Point-Goshen Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking,

EXHIBIT "C-2" (Cont.)

and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 24th day of September, 1959, as Condemnation Resolution No. 1205.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1205, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-3"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract

of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "C-3" (Cont.)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 24th day of September 1959, as Condemnation Resolution No. 1206.*

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1206, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

Minutes of September 24 and 25, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate in part, widen in part, construct, improve and maintain the Hilgard-La Grande Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated in part, widened in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land,

part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating in part, widening in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation in part, widening in part, construction, improvement and maintenance of the said Hilgard-La Grande Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated and widened Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation in part, widening in part, construction, improvement and maintenance of the said Hilgard-La Grande Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "C-4" (Cont.)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 24th day of September, 1959 as Condemnation Resolution No. 1207.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1207, under the heading "Condemnation Resolutions", and said description. map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-5"

Minutes of September 24 and 25, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

EXHIBIT "C-5" (Cont.)

WHEREAS, portions of the Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the Oregon-Washington Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated Oregon-Washington Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the relocation, construction, improvement and maintenance of the said Blue Mountain Station-Milton-Freewater Unit, Weston-Milton-Freewater Section of the said Oregon-Washington Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be

EXHIBIT "C-5"(Cont.)

reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 24th day of September, 1959 as Condemnation Resolution No. 1208.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1208, under the heading "Condemnation Resolutions" and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

32091

EXHIBIT "C-6"

Minutes of September 24 and 25, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the Highway Commission necessary for highway purposes, including maintenance sites; and

WHEREAS, under the provisions of ORS 366.340 the State Highway Commission is specifically authorized to acquire real property for the purpose of establishing maintenance sites;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required for the construction and establishment of a maintenance site the real property described in Exhibit "A", which Exhibit is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the establishment and construction of the maintenance site for which the said real property is deemed to be necessary is required and is being taken in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement, or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 24th day of September , 1959, as Condemnation Resolution No. 1209 .

EXHIBIT "C-7"

Minutes of September 24 and 25, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Cascade Locks By-Pass Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-7" (Cont.)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Cascade Locks By-Pass Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

EXHIBIT "C-7" (Cont.)

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement, or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 24th day of September, 1959, as Condemnation Resolution No. 1210.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1210, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-8"

Minutes of September 24 and 25, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage. drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Wasco-Hay Canyon Section of the Wasco-Heppner Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

EXHIBIT "C-8" (cont.)

WHEREAS, portions of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement or maintenance of the Wasco-Hay Canyon Section of the Wasco-Heppner Highway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated Wasco-Heppner Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Wasco-Hay Canyon Section of the said Wasco-Heppner Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein;

EXHIBIT "C-8" (Cont)

that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 24th day of September , 1959, as Condemnation Resolution No. 1211.

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1211, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

32099

EXHIBIT "C-9"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-9" (Cont.)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-9" (Cont.)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 24th day of September, 1959, as Condemnation Resolution No. 1212.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1212, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Baker-Pleasant Valley Section of the Old Oregon Trail Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A" no right of access of any nature between the right of way of the said relocated Old Oregon Trail Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Baker-Pleasant Valley Section of the Old Oregon Trail Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to

EXHIBIT "C-10" (Cont.)

final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 24th day of September, 1959, as Condemnation Resolution No. 1213.

---

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1213, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-11"

Minutes of September 24 and 25, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light, and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Washington County Line-Highlands Interchange Section of the Sunset Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provision and within the meaning and for the accomplishment of the purposes declare and provided under the said Chapter 374, Oregon Revised Statutes, commonl known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the

EXHIBIT "C-11" (Cont.)

owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and the maintenance of the said Washington County Line-Highlands Interchange Section of the Sunset Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Sunset Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Washington County Line-Highlands Interchange Section of the Sunset Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

EXHIBIT "C-11" (Cont.)

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein, that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 24th day of September, 1959 as Condemnation Resolution No. 1214.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1214, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-12"

Minutes of September 24 and 25, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-Burns Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in

EXHIBIT C-12" (Cont.)

part, relocation in part, construction, improvement and maintenance of the said Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the John Day-Burns Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and relocated John Day-Burns Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Canyon City-Sheep Gulch Unit, Canyon City-Seneca Section of the said John Day-Burns Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4 That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5 That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "C-13"

Minutes of September 24 and 25, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Juntura-Horseshoe Bend Section of the Central Oregon Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are

EXHIBIT "C-13" (Cont.)

best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Juntura-Horseshoe Bend Section of the Central Oregon Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and relocated Central Oregon Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Juntura-Horseshoe Bend Section of the Central Oregon Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking,

EXHIBIT "D"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 4960 with Donald M. Drake Co., for construction of Santiam River Bridge on the North Jefferson Junction-SPRR Overcrossing Section of the Pacific Highway in Marion and Linn Counties, completed July 21, 1959.

"Contract No. 5045 with Rogers Construction Co., for paving on the Meacham-Glover Section of the Old Oregon Trail in Umatilla-Union Counties, completed August 22, 1959.

"Contract No. 5050 with A. L. Harding, Inc., for grading on the Valley Junction-Wallace Bridge Unit of Valley Junction-Sheridan Section of the Salmon River Highway in Polk County, completed June 26, 1959.

"Contract No. 5094 with Peter Kiewit Sons' Co., for grading on the Cape Ferrelo-Brookings Section of the Oregon Coast Highway in Curry County, completed July 31, 1959.

"Contract No. 5103 with The Central Heating Co., Oreg. Ltd., for oiling and rock production on the Rosa Creek-Adel Section of the Warner Secondary Highway in Lake County, completed August 27, 1959.

"Contract No. 5107 with Pacific Concrete Co. & Otis P. Jordan, Jr., for construction of the Sandy River Bridge on the Sundial-Rooster Rock Section of the Columbia River Highway in Multnomah County, completed August 19, 1959.

"Contract No. 5201 with R. H. Jones, for bridge construction, grading and oiling on the Tualatin River Overflow Section of County Road FAS 631 in Washington County, completed August 25, 1959.

"Contract No. 5204 with Peter Kiewit Sons' Co., for grading on the Burnt Hill-Hooskanaden Creek Section of the Oregon Coast Highway in Curry County, completed August 21, 1959.

"Contract No. 5208 with Roy L. Houck & Sons and Roy L. Houck Sons' Corporation, for grading on the Lebanon Road-Saddle Butte Section of the Pacific Highway in Linn County, completed August 19, 1959.

"Contract No. 5209 with Babler Bros., Inc., for structure, grading and stone base on the Nehalem River Bridge Section of the Nehalem Secondary Highway in Columbia County, completed August 21, 1959.

EXHIBIT "D" (Cont)

"Contract No. 5229 with Newport Construction Co., for structures, grading and oiling on the Muleshoe Creek-Burton Canyon Section of the John Day Highway in Wheeler County, completed August 3, 1959.

"Contract No. 5250 with Babler Bros., Inc., for grading, oiling and structure on the Emigrant Reservoir Section of the Green Springs Highway in Jackson County, completed July 23, 1959.

"Contract No. 5253 with Sig Andersson for the Fahy Avenue Undercrossing on the Bullards Bridge-Bandon Section of the Oregon Coast Highway in Coos County, completed August 24, 1959.

"Contract No. 5258 with Peter Kiewit Sons' Company for construction of the Rogue River Bridge at Grants Pass on the Redwood Junction Section of Pacific Highway in Josephine County, completed August 10, 1959.

"Contract No. 5279 with Fred H. Slate Co., Oreg. Ltd., and E. C. Hall Co., for grading on the Multnomah Falls-Dodson Section of the Columbia River Highway in Multnomah County, completed July 10, 1959.

"Contract No. 5289 with S & D Construction Co., for construction of five North Albany Interchange structures on the SPRR Overcrossing-Santiam Junction Section of the Pacific Highway in Linn County, completed September 14, 1959.

"Contract No. 5290 with Sig Andersson for construction of the Gravelford Bridge over the North Fork Coquille River on the Myrtle Point-Fairview County Road (FAS 252) in Coos County, completed June 26, 195

"Contract No. 5291 with Workman & Wilson for construction of Logsden Bridge over Siletz River on the Logsden-Siletz County Road in Lincoln County, completed August 18, 1959.

"Contract No. 5292 with R. H. Jones for Gales Creek Bridge construction on Watts-Dilly County Road (FAS 837) in Washington County, completed August 14, 1959.

"Contract No. 5298 with Roy L. Houck & Sons and Roy L. Houck Sons' Corp., for grading on the Ontario-Idaho Line Section of the Old Oregon Trail in Malheur County, completed June 10, 1959.

"Contract No. 5306 with Thornton-Bell for structure, grading and pavin on the O'Shea Creek Section of the Tiller-Trail Secondary Highway in Douglas County, completed August 18, 1959.

"Contract No. 5324 with Oregon Asphaltic Paving Company, for grading and paving on the Tigard-Bonita Road Section of the Beaverton-Tualatin Secondary Highway in Washington County, completed August 10, 1959.

EXHIBIT "D" (Cont)

"Contract No. 5327 with Workman and Wilson for the Saspal Slough Bridge construction on County Road FAS 757 in Clatsop County, completed June 21, 1959.

"Contract No. 5328 with Bechtel Bros., for construction of culverts on the Prairie Creek Section of the Zumwalt Road in Wallowa County, completed July 6, 1959.

"Contract No. 5337 with Robert Angell for grading and oiling on the North Bend Airforce Station Access Road Section of the Lungren Road in Coos County, completed August 12, 1959.

"Contract No. 5341 with Palmberg Paving Co., Inc., for bridge construction and grading on the Bear Creek Bridge Section of the Bear Creek Road in Clatsop County, completed August 11, 1959.

"Contract No. 5344 with F. H. McEwen for the Santiam Junction-Suttle Lake Rock Production Project on the Santiam Highway in Jefferson and Linn Counties, completed September 1, 1959.

"Contract No. 5353 with J. C. Compton Company for paving on the Big Eddy-Rufus Section of the Columbia River Highway in Wasco-Sherman Counties, completed July 21, 1959.

"Contract No. 5366 with Workman & Wilson for Rock Creek and Mill Creek Bridges on County Roads FAS 150 and 584 in Lincoln County, completed August 18, 1959.

"Contract No. 5370 with Inter City Sand & Gravel Co., for grading and paving on the East Unit of Garden Valley Road in Douglas County, completed August 17, 1959.

"Contract No. 5373 with Bechtel Brothers for the Eagle Creek Bridge construction on Richland-South Road (FAS 511) in Baker County, completed August 10, 1959.

"Contract No. 5380 with Eugene Gardens for the Honeyman State Park extension on the Oregon Coast Highway in Lane County, completed July 20, 1959.

"Contract No. 5381 with Eugene Gardens for the Beverly Beach State Park extension on the Oregon Coast Highway in Lincoln County, completed July 22, 1959.

"Contract No. 5432 with Fred H. Slate Co., Oreg., Ltd., & E. C. Hall Co., for structure, grading and oiling on the South Unit of Lyle Gap-Madras Section of The Dalles-California Highway in Jefferson County, completed July 10, 1959.

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

A. If needed for the service of persons living thereon or communities served thereby, be maintained by the Commission at the State's expense, or by the County, or by the State and County, on such terms and conditions as may be agreed upon;

B. If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, State has relocated and constructed a section of the Pacific Highway, State Primary Highway No. 1, in Josephine County know as the Jumpoff Joe Creek-Louse Creek Section, the northerly terminus of which is at relocated Highway Engineer's Centerline Station 732+00 on the relocated highway and the southerly terminus of which is at relocated Hig way Engineer's Centerline Station 1061+50 on the relocated highway as shown colored in green on the map attached hereto marked Exhibit "A" an by this reference made a part hereof; and *

WHEREAS, due to the relocation of the aforesaid section, a portio of the former right of way is no longer needed for right of way or other public purposes and may be eliminated as a section of the original Pacific Highway, State Primary Highway No. 1, which section to be eliminated is hereinafter designated as Unit "A" as shown colored in red on the attached Exhibit "A"; and *

WHEREAS, Josephine County and the State Highway Commission entered into an agreement on the 28th day of March, 1957, relating to the elimination and disposition to be made of the said section of the said original Pacific Highway which is subject to elimination and hereinafter referred to as Unit "A"; and

WHEREAS, said agreement provides that State, by resolution, up the completion of the said relocated section of the said Pacific Highway, shall formally eliminate said Unit "A" as part of the Pacific Highway, St Primary Highway No. 1, and the state highway system and that all right, title, and interest which State has in Unit "A" shall pass to and vest in th County and County shall accept all right, title, and interest which State h in said Unit "A" and shall maintain said Unit "A" as part of the county ro

EXHIBIT "E-1" (Cont)

system so long as needed for the service of persons living thereon or communities served thereby;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That, by reason of the relocation of the Pacific Highway, State Primary Highway No. 1, in Josephine County, a section of the former right of way of the Pacific Highway, State Primary Highway No. 1, is no longer needed by the State of Oregon and is no longer required for part of the said new right of way of the said relocated Pacific Highway which said section is identified as Unit "A" as shown on said Exhibit "A" and described as follows: *

Unit "A"

All the land situated within the right of way boundary line of the Pacific Highway as formerly routed, beginning at the westerly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station L 781+00 of said highway as relocated in the southwest quarter of the southeast quarter ($SW\frac{1}{4}SE\frac{1}{4}$), Section 35, Township 34 South, Range 6 West, W. M.; thence southerly via said former highway to the northerly right of way boundary line opposite relocated Highway Engineer's Centerline Survey Station "C" 14+23.52 of a service road in the west half of the southwest quarter ($W\frac{1}{2}SW\frac{1}{4}$), Section 25, and the east half of the southeast quarter ($E\frac{1}{2}SE\frac{1}{4}$), Section 26, Township 35 South, Range 6 West, W. M.

2. That pursuant to the said agreement entered into with Josephine County on the 28th day of March 1957, Unit "A", as heretofore described and as shown colored in red on the attached Exhibit "A", is hereby duly eliminated as part of the Pacific Highway, State Primary Highway No. 1, and all right, title, and interest which State has in said Unit "A" hereby passes to and vests in said Josephine County. *

3. That this resolution be entered in full in the minutes and records of the Highway Commission as Abandonment and Retention Resolution No. 330 this 24th day of September, 1959, and the Secretary is ordered to mail a duplicate original hereof to the Josephine County Court.

EXHIBIT "E-2"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

A. If needed for the service of persons living thereon or communities served thereby, be maintained by the Commission at the State's expense, or by the County, or by the State and County, on such terms and conditions as may be agreed upon;

B. If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, State has relocated and constructed a section of the Three Mile Lane Highway, State Secondary Highway No. 152, known as the West Unit, McMinnville Airport-Dayton Junction Section in Yamhill County, the westerly terminus of which is at relocated Highway Engineer's Centerline Station 149+36.48 on the relocated highway and the easterly terminus of which is at relocated Highway Engineer's Centerline Station 235+00 on the relocated highway; and

WHEREAS, due to the relocation of the aforesaid unit of said section, a portion of the former right of way is no longer needed for right of way purposes and may be eliminated as a section of the original Three Mile Lane Highway, State Secondary Highway No. 152, which section to be eliminated is hereinafter designated as Unit "A" as shown colored in red on the map attached hereto marked Exhibit "A" and by this reference made a part hereof; and *

WHEREAS, Yamhill County and the State Highway Commission entered into an agreement on the 4th day of November, 1955, relating to the elimination and disposition to be made of the said section of the said original Three Mile Lane Highway which is subject to elimination and hereinafter referred to as Unit "A"; and

WHEREAS, said agreement provides that State, by resolution upon the completion of the said relocated section of the said Three Mile Lane Highway, shall formally eliminate said Unit "A" as part of the Three Mile Lane Highway, State Secondary Highway No. 152, and the state highway system and that all right, title, and interest which State has in Unit "A" shall pass to and vest in the County and County shall accept all right, title, and interest which State has in said Unit "A" and shall maintain said Unit "A"

EXHIBIT "E-2" (Cont)

as part of the county road system so long as needed for the service of persons living thereon or communities served thereby;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That, by reason of the relocation of the Three Mile Lane Highway, State Secondary Highway No. 152, in Yamhill County, a section of the former right of way of the Three Mile Lane Highway is no longer needed by the State of Oregon and is no longer required for part of the new right of way of the said relocated Three Mile Lane Highway which said section is identified as Unit "A" as shown on Exhibit "A" and described as follows: *

Unit "A"

All the land situated within the right of way boundaries of Three Mile Lane Highway as formerly routed, beginning at the southerly right of way line opposite relocated Highway Engineer's Centerline Station 167+50 of said highway as relocated in the Northeast Quarter of the Northwest Quarter ($NE\frac{1}{4}NW\frac{1}{4}$), Section 25, Township 4 South, Range 4 West, W. M.; thence via said highway as formerly routed to a junction with the existing Amity-Dayton Highway, State Secondary Highway No. 155.

2. That pursuant to the said agreement entered into with Yamhill County on the 4th day of November, 1955, Unit "A", as heretofore described and as shown colored in red on Exhibit "A", is hereby duly eliminated as part of the Three Mile Lane Highway, State Secondary Highway No. 152, and all right, title and interest which State has in said Unit "A" hereby passes to and vests in said Yamhill County. *

3. That this resolution be entered in full in the minutes and records of the Highway Commission as Abandonment and Retention Resolution No. 308 this 24th day of September, 1959, and the Secretary is ordered to mail a duplicate original hereof to the Yamhill County Court.

EXHIBIT "E-3"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

A. If needed for the service of persons living thereon or communities served thereby, be maintained by the Commission at the State's expense, or by the County, or by the State and County, on such terms and conditions as may be agreed upon;

B. If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, State has relocated and constructed a section of the The Dalles-California Highway, State Primary Highway No. 4, in Jefferson County, known as the South Unit, Lyle Gap-Madras Section, the northerly terminus of which is at relocated Highway Engineer's Centerline Station 1184+62.90 on the relocated highway and the southerly terminus of which is at relocated Highway Engineer's Centerline Station 1+79 on the relocated highway as shown colored in green on the map attached hereto marked Exhibit "A" and by this reference made a part hereof; and *

WHEREAS, due to the relocation of the aforesaid section, a portion of the former right of way is no longer needed for right of way or other public purposes and may be eliminated as a section of the original The Dalles-California Highway, State Primary Highway No. 4, which section to be eliminated is hereinafter designated as Units "A" and "B" as shown colored in red on the attached Exhibit "A"; and*

WHEREAS, Jefferson County and the State Highway Commission entered into an agreement on the 13th day of April, 1959, relating to the elimination and disposition to be made of the said section of the said original The Dalles-California Highway which is subject to elimination and hereinafter referred to as Units "A" and "B"; and

WHEREAS, said agreement provides that State, by resolution, upon the completion of the said relocated section of the said The Dalles-California Highway, shall formally eliminate said Units "A" and "B" as part of the The Dalles-California Highway, State Primary Highway No. 4, and the state highway system and that all right, title, and interest which State has in Units "A" and "B" shall pass to and vest in the County and County shall accept all right, title, and interest which State has in said Units "A" and "B" and shall maintain said Units "A" and "B" as part of the county road system so

EXHIBIT "E-3 " (Cont)

long as needed for the service of persons living thereon or communities served thereby;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That, by reason of the relocation of the The Dalles-California Highway, State Primary Highway No. 4, in Jefferson County, a section of the former right of way of the The Dalles-California Highway is no longer needed by the State of Oregon and is no longer required for part of the said new right of way of the said relocated The Dalles-California Highway which said section is identified as Units "A" and "B" as shown on said Exhibit "A" and described as follows: *

Unit "A"

All the land situated within the right of way boundaries of The Dalles-California Highway as formerly routed, beginning at the westerly right of way line opposite relocated Highway Engineer's Centerline Station 1271+00 of said highway as relocated in the southwest quarter of the southeast quarter ($SW\frac{1}{4}SE\frac{1}{4}$), Section 36, Township 10 South, Range 13 East, W. M.; thence northeasterly via said highway as formerly routed to the northwesterly right of way line opposite relocated Highway Engineer's Centerline Station 1221+05 of said highway as relocated in the southeast quarter of the northwest quarter ($SE\frac{1}{4}NW\frac{1}{4}$), Section 31, Township 10 South, Range 14 East, W. M.

Unit "B"

All the land situated within the right of way boundaries of the The Dalles-California Highway as formerly routed beginning at the southeasterly right of way line opposite relocated Highway Engineer's Centerline Station 1220+00 of said highway as relocated in the southeast quarter of the northwest quarter ($SE\frac{1}{4}NW\frac{1}{4}$), Section 31, Township 10 South, Range 14 East, W. M.; thence northeasterly via said former highway to the easterly right of way line opposite relocated Highway Engineer's Centerline Station 1189+00 of said relocated highway in the northeast quarter of the northeast quarter ($NE\frac{1}{4}NE\frac{1}{4}$), Section 31, Township 10 South, Range 14 East, W. M.

2. That pursuant to the said agreement entered into with Jefferson County on the 13th day of April, 1959, Units "A" and "B", as heretofore described and as shown colored in red on marked Exhibit "A", are hereby duly eliminated as part of the The Dalles-California Highway, State Primary Highway No. 4, and all right, title, and interest which State has in said Units "A" and "B" hereby passes to and vests in said Jefferson County. *

3. That this resolution be entered in full in the minutes and records of the Highway Commission as Abandonment and Retention Resolution No. 358 this 24th day of September, 1959, and the Secretary is ordered to mail a duplicate original hereof to the Jefferson County Court.

EXHIBIT "F"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the south section of the Alsea-Deadwood Highway, State Secondary Highway No. 201, as shown colored in red on the attached sketch map, marked Exhibit "A" and by this reference made a part hereof, is a state secondary highway under the jurisdiction and control of the State Highway Commission; and *

WHEREAS, Mapleton-Richardson (Route F) Road, as shown colored in yellow on said attached Exhibit "A", is a county road under the jurisdiction and control of Lane County; and

WHEREAS, under authority of ORS 366.290, the Commission may select, locate, establish, designate, improve and maintain out of the highway fund a system of secondary state highways and for that purpose may, by mutual agreement with the county courts of the several counties, select market roads or other county roads as part of the state secondary highway system and the Commission by appropriate order entered in its records, may designate and adopt said roads as state secondary highways; and thereafter, all construction, improvement, maintenance and repair of said roads shall be under the jurisdiction of the Commission; and

WHEREAS, ORS 366.290 further provides that with the written consent of the county court of the county in which the particular secondary highway or part thereof is located, the Commission may, when in its opinion the interests of the State will be best served, eliminate from the system of secondary highways any road or highway or part thereof and thereafter, the road or highway or part thereof eliminated shall become a county road or highway, and the construction, repair, maintenance or improvement and jurisdiction over said road or highway shall be exclusively under the county court of the county in which said highway or road is located; and

WHEREAS, the State and Lane County entered into an agreement on the 8th day of October, 1958, which provides that State, by resolution, shall select and designate the Mapleton-Richardson (Route F) County Road as an extension of the Richardson-Eugene Highway, State Secondary Highway No. 220; and that State by resolution shall eliminate the south section of the Alsea-Deadwood Highway, State Secondary Highway No. 201, from the State Highway System, and that all right, title, and interest which State has in said south section of the Alsea-Deadwood Highway shall pass to and vest in Lane County.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the route of the Richardson-Eugene Highway, State Secondary Highway No. 220, is hereby extended along the Mapleton-Richardson (Route F) County Road as shown colored in yellow on the attached Exhibit

EXHIBIT "F" (Cont)

"A". The altered route and termini of said Richardson-Eugene Highway is described as follows: *

> Beginning at a junction with the Siuslaw Highway, State Primary Highway No. 34, at M. P. 14.49 of said Siuslaw Highway at Mapleton; thence easterly via Richardson, Noti, and Veneto to a junction with the one-way westbound route of the Pacific Highway West, State Primary Highway No. 1W, at M. P. 122.19 of said Pacific Highway West at the intersection of Garfield Street and 6th Avenue in the City of Eugene, a distance of 45.14 miles.

2. That the south section of the Alsea-Deadwood Highway, State Secondary Highway No. 201, as shown colored in red on the attached Exhibit "A" is no longer needed by the State of Oregon and is no longer required as part of the state highway system, which said section is described as follows: *

> Beginning at a junction with the Siuslaw Highway, State Primary Highway No. 34, at M. P. 27.77 of said Siuslaw Highway near Deadwood, thence northerly to the northerly end of the south section of the Alsea-Deadwood Highway, State Secondary Highway No. 201, at M. P. 19.96 of said Alsea-Deadwood Highway near the community of Paris, a distance of 19.96 miles.

3. That the said south section of the Alsea-Deadwood Highway, as shown in red on said Exhibit "A", is hereby duly eliminated from the Alsea-Deadwood Highway and the state highway system and all right, title and interest which State has in the said south section of the Alsea-Deadwood Highway hereby pass to and vest in said Lane County. *

4. That this resolution be entered in full in the minutes and records of this Commission as Secondary Highway Designation Resolution No. 53 this 24th day of September, 1959, and the Secretary is ordered to mail a duplicate original hereof to the Board of County Commissioners of Lane County.

---

EXHIBIT "G-1"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: John Day (Malheur County)

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Willamina-Salem (Polk County)

Highway number 30 Route number ORE 22

Location of Termini			Established Speed
M. P. 16.91 (200 feet west of Southern Pacific Company's railroad crossing)	to	M. P. 17.50 (0.26 mile west of Morrow Road in community of Derry)	50 M. P. H.

EXHIBIT "G-5" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 312 be entered in the minutes and records of the Commission as of the 24th day of September, 19 59, and that certified copies of this resolution be forwarded to the Secretary of State and to the Superintendent of the Department of State Police.

EXHIBIT "H-1"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the Pacific Highway East, Primary Highway No. 1E, in Marion County, is a State Highway under the control and jurisdiction of the Oregon State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on the westerly shoulder of said highway near its intersection with the Brooks-Hopmere Road, in the community of Brooks approximately six miles north of Salem; and

WHEREAS, the parking of vehicles on said shoulder at said location creates a hazard to the traveling public by restricting sight distance for vehicles intending to enter said highway from the west at this location; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of vehicles be prohibited on said highway at said location;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon recommendations by members of its staff, that parking of vehicles on the westerly side of the Pacific Highway East, No. 1E, between M. P. 41.18 (Highway Engineer's Station 346+35) and M. P. 41.21 (Highway Engineer's Station 345+14) creates a hazard to the traveling public.

2. That in the opinion of this Commission the westerly shoulder of said highway is not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on the westerly side of the said Pacific Highway East at said location should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgment, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

5. That this "No Parking Resolution No. 201 be entered in the minutes and records of the State Highway Commission as of the 24th day of September, 1959, and that a certified copy of this resolution be sent to the Superintendent of the Department of State Police for his information.

EXHIBIT "H-2"

Minutes of September 24 and 25, 1959

RESOLUTION

WHEREAS, the Swift Secondary Highway, No. 120, in Multnomah County is a State Highway under the jurisdiction of the State Highway Commission; and

WHEREAS, on the 2nd day of July, 1959, the Commission adopted a resolution prohibiting parking on the shoulders of said highway during the Centennial activities at the Pacific International Livestock Exposition Grounds in Portland; and

WHEREAS, the Centennial Exposition has now closed and further investigation has disclosed that the parking restriction is no longer necessary for public safety and convenience;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon recommendations by members of its staff, that "No Parking" Resolution No. 196, prohibiting parking of vehicles on both sides of the Swift Highway, No. 120, beginning at M.P. 2.37 (Highway Engineer's Station 126+50) on the south side, and M.P. 2.43 (Highway Engineer's Station 129+00) on the north side, and continuing easterly on both sides of the highway to M.P. 2.92X on the Swift-Union connection, approved by the Commission at its meeting July 2, 1959 is hereby rescinded.

2. That the State Highway Engineer be and he hereby is instructed to remove "NO PARKING" signs at said location and take such other action as in his judgment is necessary to accomplish the purposes of this resolution and the action of the Commission as herein declared.

3. That this "No Parking" Resolution No. 196-a be entered in the minutes and records of the State Highway Commission as of the 24th day of September, 1959, and that a certified copy of this resolution be sent to the Superintendent of the Department of State Police for his information.

EXHIBIT "I"

Minutes of September 24 and 25, 1959

R E S O L U T I O N

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and relocation of the Ferry Street Southbound Off-ramp Section of the Pacific Highway West in the City of Eugene in Lane County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively as follows:

1. That the survey of the Ferry Street Southbound Off-ramp Section of the Pacific Highway West beginning at Highway Engineer's Station 2+68.40, at Broadway and Ferry Streets in Eugene, and extending in a northerly direction to Highway Engineer's Station 13+19.18, at the Southern Pacific Company railroad, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-1322 and the date of August, 1959, (Right of Way Map No. 6B-22-3, dated December, 1946), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary right of way pursuant to the normal and approved method for construction of a complete access controlled highway.

EXHIBIT "I" (Cont.)

4. That heretofore this Commission by resolution dated November 3, 1948, designated the said Pacific Highway West as a "Throughway" within the meaning and purpose of ORS 374.005 through ORS 374.095, commonly known as the "Throughway Law", and, for the reasons stated therein, it is hereby directed that the construction of the above-mentioned section of highway shall be accomplished pursuant to and within the meaning and scope of said law and said resolution.

5. That this resolution be entered in the minutes and records of the Commission as of the 24th day of September, 1959, as Survey Resolution No. 200.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 200, under the heading "Resolutions Adopting Surveys", and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

TABLE OF CONTENTS

Page		Date 1959	Subject
1	/32142/	Nov. 5	COMMISSION MEETING CONVENED at 10:00 a.m.
			COMMISSION MEETING MINUTES APPROVED for September 24-25, 1959.
			STATE PARKS DIVISION. State Parks Supt. introduced Mr. Clayton Anderson, newly appointed Recreation Director.
			PARKS SUPT. reported on following matters:
			Curry County. Wedderburn north. US Plywood Corp. property. Report on negotiations for acquisition.
			Lane County. Oregon Coast Hwy. Sea Lion Caves. Report on negotiations for acquisition.
2	32143		Lane-Douglas Counties. National Seashore Recreation Area. Status report on proposed area accepted.
			Susan Creek State Park. Douglas County. Negotiations for 30 acres of O & C land authorized.
			Thomas Condon-John Day Fossil Beds State Park. Grant County. Negotiations authorized for acquisition of Foree property.
			Budget - 1960. Discussion and acceptance as presented.
3	32144		Operation of some parks by county or city discussed.
			Deschutes River Basin. Request of Natural Resources Committee for recreational study not feasible.
			Legislative Natural Resources Committee. Report to Committee re operations of State Parks Division accepted.
4	32145		Deschutes River. Round Butte Hydro-electric Project. Report on hearings held accepted.
			Overnight camping areas year-round use in certain parks. Suggestion by Hwy. Interim Committee discussed.
			REAL PROPERTY. Acquisition approved. EX. "A".
			MULTNOMAH COUNTY. Pacific Hwy. Minnesota Freeway. Portland. R/W offices established and operating.
5	32146		MISCELLANEOUS SALES AND RENTAL REPORT accepted.
			SALE OF EXCESS PROPERTY authorized. EXS. "B-1" - "B-8".
6	32147		DIRECT SALE OF EXCESS PROPERTY authorized.
7	32148		ACCESS CHANGES on four properties approved.
8	32149		MODIFICATION OF ACCESS approved for following two properties:
			Polk County. Pacific Hwy. West. Gentle-Yard property.
			Union County. Oregon Trail. Bennett property.
			GRANT OF ACCESS granted for following properties:
			Washington County. Pacific Hwy. West. Near (Woods) property.
			Lincoln County. Oregon Coast Hwy. Chilton property.
9	32150		Douglas-Coos Counties. Oregon Coast Hwy. Reedsport-Lakeside Jct. Section. BPA facilities. Ingress-egress rights.
			LANE COUNTY. Mapleton area. Fosback & US Plywood Corp. properties. Exchange of quitclaim deeds to correct error in description.
			CONDEMNATION OF REAL PROPERTY approved. EXS. "C-1" - "C-15".
			CONDEMNATION CASES TRIED. Counsel's report accepted.
13	32154		CONDEMNATION CASES SETTLED. Counsel's report accepted.

Page		Date 1959	Subject
14	32155	Nov. 5	CONDEMNATION CASES. Offers for property confirmed.
15	32156		PUC MATTERS RE HIGHWAY COMMISSION. Counsel's report accepted.
16	32157		LEGAL DEPARTMENT: Ross Cruickshank claim for tractor tire damage settled. William A. Mansfield, Attorney, resignation accepted. Lester Humphreys, Attorney, resignation accepted. Robert Anderson as replacement for Mr. Humphreys approved.
17	32158		Counsel authorized to hire replacement for Mr. Mansfield. MAI COURSE #1. University of Oregon. Assignment of 7 r/w agents and 3 attorneys to attend course authorized. Marion County. North Santiam Hwy. Lancaster Drive-Aumsville Section. Appraisal by Hwy. staff appraisers. State of Oregon vs Elliott T. Mutch condemnation case dismissed. EX. "G". Marion County. Pacific Hwy. MP 57.40. Claim against Earl F. Thompson for fence damage. Settlement accepted. Mr. Lindas and Mr. Wright excused from Commission meeting to attend Hwy. Interim Committee Meeting in Portland. Purchase of property. Preliminary draft of letter to be presented to landowner before negotiator appears discussed.
18	32159		Traffic Court Rules Committee. Counsel's report accepted. MULTNOMAH COUNTY. Portland. NE Holladay St. Off-Ramp property. Ordinance passed by City to be signed by Secretary of Commission. DAMAGE CASES AGAINST STATE. Counsel authorized to institute legal action.

Floyd Query, Secretary

The Commission approved the minutes for the meeting held on September 24 and 25, 1959.

The State Parks Superintendent introduced Mr. Clayton Anderson, newly appointed Recreation Director in the State Parks Division. Mr. Anderson, he remarked has been acting as Director of Parks for the City of Springfield and assumed his duties with the State Parks Division on November 2, 1959. Mr. Anderson stated briefly that in the last three days five requests had been received from various communities for services pertaining to recreational facilities.

The State Parks Superintendent reported on the following park matters:

Report on acquisition of land north of Wedderburn in Curry County from the U. S. Plywood Corporation: Conversations with officials of the U. S. Plywood Corporation, the Parks Superintendent stated, indicate that acquisition of the land may be possible, but transfer to the State without charge has not been indicated. It was his opinion that if the land cannot be obtained as a gift there is a good possibility that it may be acquired in exchange for a parcel of equal value of timber land now owned by the State at Cape Sebastian. He pointed out that the Wedderburn land would be far more valuable to the State than the Cape Sebastian property, and he recommended that the Commission authorize such an exchange if it is feasible. His recommendation was approved by the Commission.

Report on negotiations for acquisition of Sea Lion Caves on the Oregon Coast Highway: The Parks Superintendent reported that contact has been made with the owners at which time various methods of acquisition were discussed. It appears that the consideration to be granted

for continuing the lease may be a difficult point to settle. The Commission instructed that negotiations be continued.

Report on status of proposed National Seashore Recreation Area in Lane and Douglas Counties: A written report was presented by the Parks Superintendent outlining advantages, disadvantages, and changes proposed since the bill was originally introduced in Congress. One of the proposed changes would increase the area from 35,000 to 40,000 acres but would eliminate Sea Lion Caves and many of the homes east of Honeyman Park from the proposed park area. Another proposed change would take in the 2,747 acres of the Umpqua Lighthouse State Park. He surmised that the Commission might be asked soon to express its opinion concerning the inclusion of the Umpqua Lighthouse Park. It was his opinion that it would be necessary to secure the consent of several donors of the park property, because the deeds by which the property was donated for park purposes contained reversionary clauses. He also pointed out that the State has spent $4,397 in acquiring land and $22,768.80 in development of park facilities.. The Commission accepted the report.

Request for authority to negotiate for lease of areas in Susan Creek State Park on the Umpqua River east of Roseburg: The Parks Superintendent explained that a part of the area occupied by the park is O & C land being leased from the Bureau of Land Management under a special Use Permit which will soon expire. A section, consisting of approximately 30 acres, has been under Permit to Douglas County and is being relinquished by the County. He recommended that the special Use Permit for the O & C land be renewed and that a lease be entered into for the 30-acre tract which is to be released by Douglas County. The Commission approved his recommendation.

Report on acquisition of property from the Foree Ranch as a part of the Thomas Condon-John Day Fossil Beds State Park in Grant County: At the September Commission meeting, the Parks Superintendent recalled, a member of a delegation had indicated that Mr. Walt Foree might donate a portion of his land for park purposes provided he could retain grazing rights. Mr. Foree has grazing rights on a considerable amount of federal land, and it was his opinion that if he sold a sizeable amount of his property it would affect him adversely in his use of certain grazing rights on federal land. With this thought in mind, it was the Parks Superintendent's belief that the acquisition of one twenty-acre tract and one thirty-acre tract, plus right of way and car parking area for each, would fulfill the park needs for a time. The two tracts, he pointed out, are those which are most highly exposed and are also the least suitable for grazing purposes. The Commission approved the modification in land to be acquired as suggested by the Parks Superintendent and authorized negotiations for acquisition.

Parks Division Budget for 1960: The Parks Superintendent explained the budget briefly, pointing out that the total amount is the same as that approved in 1959. An increase, amounting to $60,000, has been

included for purchase of property; however, the amount requested for construction of park facilities and roads is reduced by $130,000. The cost of administration and supervision, he stated, has been increased considerably because of the addition of personnel required by the Legislature in its provision for a recreational director. He also mentioned briefly a few other features contained in the budget.

Commissioner Jackson inquired as to whether thought had been given to the possibility that some state parks by virtue of their locations might better be operated under county or city supervision. The Parks Superintendent replied that some thought had been given to this idea but no conclusion had yet been reached. Chairman McIver suggested that in considering return of parks to local authorities, and before a recommendation is submitted to the Commission, consultation should be had with the local authorities as well as with the State Parks Advisory Committee. The Parks Superintendent called attention to the relatively low percentage expended in Oregon for parks supervision as compared with the States of Washington and California. Supervision of parks in Oregon amounts to 9.7 percent of the total park expenditures, whereas California expends 23 percent and the State of Washington 49.4 percent; however, he mentioned that differences in bookkeeping procedure possibly accounts for the high percentage in California and Washington so that they are not exactly comparable to Oregon. After some further discussion, the Commission approved the Parks budget as presented. Chairman McIver complimented the Parks Superintendent on the form in which the budget was presented.

Request of Natural Resources Committee, Executive Secretary, for recreational study of Deschutes River Basin: The Parks Superintendent stated that it will cost approximately $91,000 to make a recreational study and survey of somewhat less than half of the basin area, the other portion being under control of the Indian Service, Forest Service, and Bureau of Land Management. No funds have been set up in the parks budget to cover the cost of this study. The Chief Counsel pointed out that the Highway Commission does not have authority to conduct a study for some other governmental organization. Commissioner Jackson inquired as to whether the study is justified as being of benefit to the State Parks Division. The Parks Superintendent replied that in his opinion it is not. . The Commission instructed that the Committee on Natural Resources be advised of the Commission's position because of legal complications.

Report to the Legislative Natural Resources Committee regarding State Parks: A written report was presented by the Parks Superintendent entitled "Oregon State Parks and Recreation Division", dated August 6, 1959, which report had been presented to the Natural Resources Committee. The report outlined the operations of the existing State Parks Division. It was his opinion that it would not be in the interest of economy or the general public to change the present plan of operation. He pointed out that under the present setup many engineering services are available to the Parks Division at nominal cost which would be much more expensive if these services were provided independently; also, in the operation of state parks the use of special

equipment from other state highway divisions is available at very reasonable cost. He advised that some other states which operate their parks under legislative appropriations sometimes find it difficult to maintain a high standard of service due to the uncertainty of funds. He remarked that the Parks Advisory Committee is in sympathy with the attitude as presented. The Commission accepted his report.

Report on hearings held concerning the Round Butte Hydroelectric Project on the Deschutes River: The Parks Superintendent recalled that the only statement made by the State Parks Division at the hearing held by the Hydroelectric Commission in May had been to the effect that the existing state park area and facilities at Cove Palisades State Park should be re-established in the reservoir area at the expense of the applicant, Portland General Electric Company. At a subsequent hearing by the Water Resources Board in Portland in October, the same statement and testimony had been submitted. Notice has since been received that a Federal Power Commission hearing will be held in Portland on November 30, 1959 to consider the application for a lease under the Federal Power Act. It will be necessary that testimony be submitted at this hearing and preparation is being made in conjunction with the Legal Division. The Commission accepted the report.

The Parks Superintendent stated that the Highway Interim Committee had suggested that overnight camping areas in certain state parks be kept open for year-round use. He called attention to the probability that because of the small number of overnight visitors, the cost of operating and maintaining the overnight camping facilities during the winter season would show a very high cost per visitor. He pointed out that attendance data had been kept for the month of October, 1958 in five state park overnight camping areas. Because of greatly decreased use during late October, he estimated that the cost of operating overnight camping areas during the winter months would be between $2.88 and $4.71 per camper night. In view of these costs, it was his opinion that the Commission might be criticized if overnight camping areas were kept open during the winter months, especially since the State receives a return of only 30 cents per camper night.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway right of way or for other purposes. After giving careful consideration to the individual options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto, marked Exhibit "A", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Chairman McIver inquired as to whether right of way offices had

been established in the Minnesota freeway area of the Pacific Highway in Portland, as previously discussed. The Right of Way Engineer replied that the offices have been established and are operating satisfactorily. They are being kept open to 7 p.m. and it is planned to keep them open on Saturdays.

The Property Manager's report covering miscellaneous sales since the last Commission meeting and a supplemental rental report for the period from September 15 to October 22, 1959 were presented by the Right of Way Engineer. He pointed out that $22,751.43 had been received from miscellaneous sales, and that total rental receipts for the month of September amount to $7,164.19. The Commission accepted the reports.

Authority was requested by the Right of Way Engineer to offer at public sale a number of parcels of highway property which are no longer required for highway purposes. Sale of these parcels, he continued, has been approved by the Highway Engineer and the minimum prices have been established by careful appraisal. Access provisions have been allowed or denied according to the policy established in the area in which the property is located. Upon his favorable recommendation, the Commission authorized public sale of the following properties and thereupon adopted the attached resolutions relative thereto, marked Exhibits "B-1" through "B-8", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(a) 0.4 acre of the former McKenzie property, File No. 28216, on the Rowena-Chenoweth Creek Section of the Columbia River Highway in Wasco County, without access to the new Columbia River Highway and subject to a sign restriction clause, for a minimum consideration of $2,000. See Exhibit "B-1".

(b) 0.78 acre of the former Fennimore property, File No. 8515, on the Silverton-Pine Tree Corner Section of the Cascade Highway in Marion County, without access control, for a minimum consideration of $150.

(c) 1,039 square feet of land from the former Gray-House property, File No. 27798, on the Roosevelt Drive Section of the Oregon Coast Highway in Clatsop County, without access to the Oregon Coast Highway, for a minimum consideration of $200.

(d) 0.04 acre of land from the former Hattan property, File No. 27801, on the Roosevelt Drive Section of the Oregon Coast Highway in Clatsop County, with one point of access to the Oregon Coast Highway unrestricted as to use, for a minimum consideration of $300.

(e) 3.05 acres of land from the former Cole property, File No. 21232, on the Goshen-Divide Section of the Pacific Highway in Lane County, without direct highway access and subject to a sign restriction clause, for a minimum consideration of $2,500. See Exhibit "B-2".

(f) 0.17 acre of land from the former Seliger property, File No. 22691, on the S. E. Flavel Street-Southern Pacific Overcrossing Section of the Cascade Highway in Clackamas County, with two points of access unrestricted as to use, for a minimum consideration of $1,200. See Exhibit "B-3".

(g) 2.0 acres of land from the former Bedwell property, File No. 18176, on the Rowena-Chenoweth Creek Section of the Columbia River Highway in Wasco County, without access to the new highway and subject to a sign clause, for a minimum consideration of $1,000. See Exhibit "B-4".

(h) 19.76 acres of land from the former Thomas property, File No. 18301, on the Salem By-pass Section of the Pacific Highway in Marion County, without access to the highway and subject to a sign clause, for a minimum consideration of $3,000. See Exhibit "B-5".

(i) 3.8 acres of land from former Board of Control property, File No. 22217, on the Salem-Stout Creek Section of the North Santiam Highway in Marion County, without access to the new highway and subject to an easement for a detour road for a period of two years, for a minimum consideration of $3,000. See Exhibit "B-6".

(j) 0.14 acre of land from the former Anderson property, File No. 3125, on the Olalla Creek-Toledo Section of the Corvallis-Newport Highway in Lincoln County, without access to the relocated Corvallis-Newport Highway, for a minimum consideration of $1,000. See Exhibit "B-7".

(k) 5,000 square feet of land from the former Starr property, File No. 24681, on the Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway in Multnomah County, with one point of access to the relocated Beaverton-Hillsdale Highway unrestricted as to use, for a minimum consideration of $1,200. See Exhibit "B-8".

Direct sale of several parcels of highway property was recommended by the Right of Way Engineer. He explained that the parcels are no longer required for highway purposes and their sale has been approved by the Highway Engineer. The proposed selling prices represent appraised values on each of the following properties:

(a) 0.05 acre of land from the former Lehigh, Inc.-Avery property, File No. 25478, on the North Jefferson Junction-Albany Section of the Pacific Highway East in Linn County, with access to Twelfth Avenue only and subject to the usual advertising sign restrictions, to William A. Stickney for a consideration of $175.

(b) 0.4 acre from the former Atlantic Western Company property, File No. 11687, on the Otter Rock-Agate Beach Section of the Oregon Coast Highway in Lincoln County, to the Beverly Beach Water District for the sum of $125, without access control and with a clause restricting the land to public use.

(c) 4.29 acres of land from the former Weight property, File No. 12757, on the Pleasant Hill-Lost Creek Section of the Willamette Highway in Lane County, to Lane County for the sum of $500, for use as a stockpile site. This sale, he explained, is to supercede authority for a public sale granted by the Commission at its meeting September 24. The deed will not carry a public use clause.

(d) A 100-foot by 300-foot parcel of land, File No. Q-203, on the Pilot Butte Section of the Central Oregon Highway in Deschutes County, to the City of Bend for the sum of $150, and subject to a public use clause. Concerning this property, the Right of Way Engineer recalled that the City previously had secured an adjoining parcel which was not of sufficient size to meet their needs.

NOA A 30-foot by 400-foot strip of land, File No. 8885, on the Prairie City-Dixie Summit Section of the John Day Highway in Grant County to Mr. and Mrs. Ernest Ricco for the sum of $100, with access limited to two points now existing.

The Commission authorized sale of the parcels of land as presented.

Changes in points of access to adjoining highways were presented by the Right of Way Engineer. He explained that each of the proposed changes had been investigated in the field and had been approved by the Deputy Highway Engineer, and are for the safety of the traveling public and the convenience of the respective property owners. Following his favorable recommendation, the Commission approved the following "Indentures of Access":

(a) Klein property, File Nos. 26328 and 26329, on the Newberg-Gearin Corner Section of the Hillsboro-Silverton Highway, Yamhill County.

(b) Boniols property, File No. 6776, on the Oakland-Shady Section of the Pacific Highway in Douglas County.

(c) Oregon Pulp and Paper Company property, File No. 28371, on the Neskowin-Salmon River Section of the Oregon Coast Highway in Tillamook County.

(d) Webster-Campbell property, File Nos. 14787 and 14956, on the Davis Slough-Delmar Section of the Oregon Coast Highway in Coos County.

A "Modification of Width of Access" form was presented by the Right of Way Engineer concerning the Gentle-Ward property, File No. 19305, on the Rickreall-Monmouth Section of the Pacific Highway West in Polk County. Under the terms of a deed dated October 3, 1953, the property owners were granted an access 25 feet in width. The owners have now requested a width of 50 feet, which width he recommended because of new highway construction and as no hazard will be presented to the traveling public. The Commission approved the revised access for residential and farm products use only.

The Right of Way Engineer also presented, and the Commission approved, a "Modification of Access" to the Bird A. Bennett property, File No. 17087, on the south side of the La Grande-Ladd Canyon Section of the relocated Oregon Trail Highway in Union County, opposite Highway Engineer's Station 15+00. The modification provides for a change from a width of 25 feet restricted as to use to a width of 40 feet unrestricted as to use, provided that the State is paid the sum of $230. The Right of Way Engineer commented that the sum of $230 represents the amount that the State paid for restricted use of the access. No harm will accrue to the State or the traveling public by the granting of an unrestricted access which is in line with the practice on access in this area, but if unrestricted access is allowed, the State should be reimbursed for the amount paid.

"Grant of Access" to two properties were presented by the Right of Way Engineer, as follows:

(a) To the Wear (Woods) property, File No. 19739, on the Tigard-Newberg Section of the Pacific Highway West in Washington County, for an additional right of access on the easterly side of the Pacific Highway West opposite Highway Engineer's Station 462+00 of a width not to exceed 25 feet, for residential and farm products use only.

(b) Chilton property, File No. 4388, on the Siletz Bay-Newport Section of the Oregon Coast Highway in Lincoln County, to Central Lincoln Peoples' Utility District, a point of access to the relocated Oregon Coast Highway opposite Highway Engineer's Station 968+35 for a width of 50 feet for construction, operation and maintenance of an electric sub-station.

The Commission also approved, after the favorable recommendation of the Right of Way Engineer, grants of access to Bonneville Power Administration for rights of ingress and egress at eight locations for servicing their facilities on the Reedsport-Lakeside Junction Section of the Oregon Coast Highway in Douglas and Coos Counties. These rights of access, the Right of Way Engineer explained, are granted at locations heretofore reserved by abutting owners,and are subject to the requirement that Bonneville Power Administration procure consent from the owners prior to use.

The Right of Way Engineer reported that a property survey near Mapleton in Lane County had brought to light an error in the deed descriptions whereby the State had acquired a one-acre stockpile site. To correct the error he proposed an exchange of quitclaim deeds with Ingeborg Fosback and the United States Plywood Corporation whereby these two owners would deed to the State the correctly described property, and the State would deed back to them the erroneously described property so that clear title may be obtained to the area presently occupied and used by the State Highway Department. The Commission approved the exchange.

The Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were also submitted. He requested the Commission to declare by resolution the necessity of said properties for the special uses to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement to proceed to acquire such properties by condemnation. After carefully considering the properties, the Commission granted authority to condemn the properties if negotiations are not successful and thereupon adopted the attached resolutions relative thereto, marked Exhibits "C-1" through "C-15", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's "Recommendations for Condemnation" dated November 5 and 6, 1959, in the Secretary's Office under the heading "Right of Way Resolutions, Condemnations, and Report of Offers".)

A written report was submitted by the Chief Counsel showing condemnation cases which have been tried in court since the last Commission meeting. He mentioned briefly highlights concerning some of these cases. The Commission accepted the report which is summarized as follows:

(See next page for summary)

REPORT OF CONDEMNATION CASES TRIED

September 25, 1959 to November 4, 1959

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-3168 Skinner, et al.	Curry	Oregon Coast	Gold Beach-Cape Sebastian	$ 3,100	$ 8,000	$ 3,500
L-3391 Clark, et al.	Hood River	Columbia River	Cascade Locks-By-Pass	3,960	11,500	3,960
L-3246 Calhoun, et al.	Josephine	Pacific	Grants Pass-Rock Point	13,540	17,000	21,500
L-3240 Wachholz, et al.	Josephine	Redwood	Wilderville-Grants Pass	7,660	9,100	7,660
L-2999 Crews, et vir.	Lane	Pacific	Albany-Judkins Pt.	7,500	20,000	10,700
L-2592 Goyne, et al.	Lincoln	Oregon Coast	Neskowin-Salmon River	2,860	12,390 (answer)	3,100
L-2737 Salway, et ux.	Lincoln	Oregon Coast	Beverly Beach State Park	665	2,300	800
L-3006 Coyne	Malheur	Central Oregon	Tunnel-Namorf	5,006	13,652.95	10,350
L-3119 McKinney, et al.	Malheur	Old Oregon Trail	Ontario-Snake River	4,300	12,000	5,500
L-3088 Cherry City Milling Co.	Marion	North Santiam	Lancaster Drive-Sublimity Gun Club	3,845	10,000	3,845
L-3091 Peterson, et ux.	Marion	North Santiam	Lancaster Drive-Sublimity Gun Club	5,045	7,995	6,250

Report of Condemnation Cases Tried (Cont.)

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-3064 Spada	Multnomah	Cascade Secondary	Portland International Airport-N.E. Alberta St.	$ 6,000	$ 12,500	$ 10,000
L-3020 Smith, et al.	Washington	Tualatin Valley	Forest Grove-Hillsboro	970	2,500 (Answer)	1,600
L-3143 Mutch, et al.	Malheur	Old Oregon Trail	Ontario-Snake River	3,865	64,000 + Atty. fees (Answer)	Voluntary Non-Suit (This matter has been dismissed on the basis of the fact that need for the property no longer exists. Resolution to this effect is being submitted for adoption at this meeting.)
L-3220 Frazier, et al.	Josephine	Pacific	Grants Pass-Rock Point	(This is a supplemental report to the June 11, 1959 report of trial)		
L-2653 Brown, et al.	Douglas	Pacific	Myrtle Creek-Canyonville	3,950	9,500 (Answer)	1,750
L-3221 Yordon, et ux.	Josephine	Pacific	Grants Pass-Rock Point	4,700	9,000 (Answer)	6,000
L-3078 Kromwall	Marion	Santiam	Lancaster Drive-Sublimity Gun Club	9,800	13,000	9,800
L-3049 Bitar, et al.	Multnomah	Cascade	Alberta St.	47,000	100,000	50,000
L-3293 Suwol, et al.	Multnomah	Pacific	East Bank Freeway	5,200	8,500	8,000

REPORT OF TRIAL OF OTHER CASES

Case:	L-2868
Plaintiff:	S. P. Matheny, et al.
Defendant:	State of Oregon
County:	Clackamas
Cause of Action:	Damage to farm land due to interference with drainage caused by highway construction.
Demands of Plaintiff:	$39,000
Verdict:	After plaintiff landowner put on his case State interposed a demurrer that facts did not constitute cause of action. State upheld and case dismissed on judgment of involuntary non-suit. The case can be re-instituted by plaintiff but only on a new complaint.

Case:	L-2893
Plaintiff:	Marion Alderman, dba Alderman Trucking Company
Defendant:	State Highway Commissioners, et al.
County:	Marion
Cause of Action:	Damage to log truck out of accident involving operators of two highway dump trucks and flagmen.
Demands of Plaintiff:	$4,000
Verdict:	Demurrer on behalf of State Highway Commissioners and the State Highway Commission upheld and case dismissed as to said parties defendant. Employee's insurance company has settled case otherwise.

Case:	L-3307
Plaintiff:	J. Earl Shaffer and Northwestern Mutual Insurance Company, a corporation.
Defendant:	Arthur Douglas Tiller and the State of Oregon, by and through its State Highway Commission.
County:	Multnomah
Cause of Action:	Damages arising out of an accident between plaintiff's automobile and a truck owned by the Department and operated by defendant Tiller.
Demands of Plaintiff:	$2,247
Verdict:	Demurrer interposed on behalf of State Highway Commission, which demurrer was sustained and order entered that complaint does not constitute cause of action against defendant, State of Oregon.

(For further details see the Chief Counsel's letters of October 28, 1959, and November 4, 1959, on Report of Condemnation and Other Cases Tried - September 25, 1959 to November 4, 1959, in the General Files.)

The Chief Counsel presented a written report on condemnation cases which have been settled out of court since the last Highway Commission meeting. The Commission accepted the report which is summarized as follows:

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-28713 Meinikheim	Hood River	Columbia	Cascade Locks-Viento	$ 800	$ 1,000
R-27128 Child, et al.	Josephine	Pacific	Grants Pass-Rock Point	9,100	10,500
R-25362 Wyle, et al.	Lane	Pacific	Albany-Judkins Pt.	26,550	26,737
R-28477 Buck, et al.	Multnomah	Pacific	East Bank Freeway	18,050	18,050
R-29150 B & M Farms, Inc.	Umatilla	Oregon-Washington	Milton Freewater-Weston	29,000	35,000
R-29147 Shannon, et al.	Umatilla	Oregon-Washington	Milton Freewater-Weston	14,800	19,000
R-28996 Peugh, et al.	Sherman	Wasco-Heppner	Wasco-Hay Canyon	1,060	1,250
R-28187 Duncan, et ux.	Douglas	Elkton-Sutherlin	Elkton-Kellogg	1,000	1,750
R-28805 Moore, et al.	Douglas	Elkton-Sutherlin	Elkton-Kellogg	3,000	3,750
R-28231 Maxey, et ux.	Multnomah	Pacific	East Bank Freeway	12,500	13,200

Report of Condemnation Cases Settled (Cont.)

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-28746 McChesney, et al.	Clackamas	Cascade	Lake Road-Oregon City	$ 6,000	$ 6,300
R-28059 Brown, et ux.	Baker	Old Oregon Trail	Baker-Pleasant Valley	300	500
R-29131 Johnson	Multnomah	Pacific	East Bank Freeway	5,750	6,250

(For additional details see the Chief Counsel's letters to the Commission dated October 28 and November 4, 1959, entitled "Report of Cases Settled" in the General Files of the Highway Commission in Salem.)

In accord with a resolution adopted by the Commission December 20, 1951, the Chief Counsel presented a list of offers made to property owners prior to the institution of condemnation proceedings. The Commission confirmed the following offers:

East Bank Freeway Section of the Pacific Highway

R-28227 - George Powe, et al. 1,363.5 square feet for right of way purposes. Offer of $4,000.00 approved by Mr. McIver October 20, 1959.

R-28342 - T & S Realty Co., et al. 15,575 square feet for right of way purposes. Offer of $102,250.00 approved by Mr. McIver October 5, 1959.

R-29369 - The United States National Bank of Portland, et al. 3,273 square feet for right of way purposes. Offer of $10,000.00 approved by Mr. McIver November 2, 1959.

R-30224 - Noel Webster, et al. 3,955 square feet for right of way purposes. Offer of $51,900.00 approved by Mr. McIver October 7, 1959.

R-28232 - David Nance, et al. 1,700 square feet for right of way purposes. Offer of $6,200.00 approved by Mr. McIver October 5, 1959. Offer of $5,350.00 was previously authorized by Mr. McIver September 29, 1959. This revision is due to purchase of fixtures.

Washington County Line-Highlands Interchange Section of the Sunset Highway

R-30423 - Chas. E. Jensen, et ux. 2,575 square feet for right of way purposes. Offer of $25.00 approved by Mr. McIver October 20, 1959.

Lake Road - Oregon City Section of the Cascade Secondary Highway

R-28763 - W. C. Burghardt, et ux. 0.09 acre for right of way purposes. Offer of $9,200.00 approved by Mr. McIver October 1, 1959.

R-28692 - Ray Forman, et ux. 1.48 acres for right of way purposes. Offer of $12,800.00 approved by Mr. McIver October 1, 1959.

Wilderville-Grants Pass Section of the Redwood Highway

R-28510 - Nathaniel Daron, et al. Parcel No. 1: 0.06 acre for right of way purposes; Parcel No. 2: 0.18 acre for right of way purposes. Offer of $4,150.00 approved by Mr. McIver September 29, 1959.

Seven Oaks-Neil Creek Section of the Pacific Highway

R-28415 - John Bohnert, et al. Parcel No. 1: 5.55 acres for right of way purposes; and Parcel No. 2: 2,000 square feet for drainage ditch easement. Offer of $20,760.00 approved by Mr. McIver October 1, 1959. Offer of $16,425.00 was previously authorized by Mr. McIver April 28, 1959. This revision is due to purchase of fixtures.

Cascade Locks By-Pass Section of the Columbia River Highway

R-27485 - Max H. Neff, et al. 5,500 square feet for right of way purposes. Offer of $6,730.00 approved by Mr. McIver October 12, 1959.

Dodson-Cascade Locks Section of the Columbia River Highway

R-29538 - Joseph F. Dolezal, et ux. 0.07 acre for right of way purposes. Offer of $1,635.00 approved by Mr. McIver October 22, 1959.

Florence-Mapleton Section of the Siuslaw Highway

R-17438 - Jean M. Shelley, et al. 0.8 acre for right of way purposes. Offer of $594.00 approved by Mr. McIver October 21, 1959.

Orders which have been issued by the Public Utilities Commissioner concerning matters in which the State Highway Commission has been made a party were presented in a written report by the Chief Counsel. The Commission accepted the report which included:

PUX 295: Order No. 36887 concerning the Ensina Overcrossing of tracks over Oregon-Washington Railroad and Navigation Co., Union Pacific Railroad Co., on the Old Oregon Trail Highway in Baker County.

PUX 312: Order No. 36842 concerning Queen Avenue Grade Crossing of tracks over Southern Pacific Company in the City of Albany in Linn County.

PUX 324: Order No. 36889 concerning the relocation of the Southern Pacific Company tracks on 6th and 7th Streets in the City of Grants Pass in Josephine County.

PUX 329: Order No. 36852 concerning the Horseshoe Bend Overcrossing of the tracks over Oregon-Washington Railroad and Navigation Co., Union Pacific Railroad Co. on the Central Oregon Highway in Malheur County.

(For additional details see the Chief Counsel's letter to the Highway Commission dated November 2, 1959, entitled "PUC Matters" in the General Files of the Highway Commission in Salem.)

Consideration was given to a claim submitted by Ross Cruickshank, Dayton, in the amount of $40 for damage to his tractor tire which was punctured by a construction survey stake. The Chief Counsel stated that the claim has been investigated, is just, and should be paid. Upon his favorable recommendation, the Commission approved the payment of $40.

The resignation of William A. Mansfield, Attorney with the Legal Division, effective November 12, 1959, was reported by the Chief Counsel. He explained that Mr. Mansfield has accepted a position with the Bureau of Public Roads in Washington, D. C. The Commission accepted the resignation.

The Chief Counsel reported that Lester Humphreys, Attorney with the Legal Division, resigned effective October 21, 1959. He stated that as a result of injuries sustained in a fall from a horse, Mr. Humphreys thought it best that he resign his position because it would be quite difficult for him to travel to and from work between Portland and Salem. The Commission accepted the resignation.

Authority was requested by the Chief Counsel to employ Robert Anderson as a replacement for Mr. Humphreys, effective November 2, 1959, at a salary of $715 per month. He explained that Mr. Anderson has been in the Attorney General's office for almost five years and prior to that time was a deputy district attorney for several years. Mr. Anderson is an experienced attorney, well qualified for the position, and his appointment has been approved by the Attorney General. The Commission approved the appointment.

The Chief Counsel reported that applicants are still being interviewed for the replacement for Mr. Mansfield. He requested authority to employ a replacement at a salary commensurate with his ability and experience. The Commission granted the Chief Counsel authority to hire an employee to replace Mr. Mansfield.

The Commission considered the assignment of seven right of way agents and three attorneys to attend a two-weeks MAI Course #1 at the University of Oregon, at a cost of $100 each in addition to their wages and expenses. The Commission authorized the Chief Counsel and the Right of Way Engineer to select seven right of way agents and three attorneys to attend this course. The Chief Counsel explained that the Commission had previously authorized the Legal and Right of Way Division to select a section of highway to be reconstructed and appraise it entirely with Highway staff appraisers. He mentioned that this was done on the North Santiam Highway between Lancaster Drive and Aumsville in Marion County, and it was very successful. He felt that the State should train its own personnel and look to the future in using Highway appraisers as much as possible. The State, however, would have to hire fee appraisers on many difficult and industrial properties.

The Commission approved a recommendation made by the Chief Counsel to adopt a resolution rescinding a previous declaration of necessity in the State of Oregon vs. Elliott T. Mutch, et al. (L-3143, R-26721), on the basis that the property is not needed for public use. The Commission confirmed the Chief Counsel's action in dismissing the condemnation case and thereupon adopted the attached resolution relative thereto, marked Exhibit "G", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Consideration was given to the acceptance of $41.61 from Earl Frank Thompson, et al. (Claim No. CAO-59-168) as a result of damages to a highway fence near M.P. 57.40 on the Pacific Highway. The Chief Counsel stated that if the State is to prosecute this case it might be difficult to win. He recommended that this amount be accepted, which is 50 percent of the damages. The Commission accepted the recommendation.

The Chief Counsel asked permission for Mr. Walter Wright and himself to be excused from the Commission meeting tomorrow to attend the Highway Interim Committee Meeting in Portland. He stated that this Committee had requested his attendance, and it is believed that the Committee wishes to discuss methods of acquiring properties. The Commission excused them.

The Chief Counsel presented to the Commission for consideration a preliminary draft of a letter to be presented to the landowner before the negotiator appears. It was his thought that this explanatory letter would improve relations between the property owner and the State

and at the same time give the property owner advance warning that an agent would be calling on him in the near future. He stated that this matter would be presented in final form for the Commission's consideration at a later date.

The Chief Counsel reported on the Traffic Court Rules Committee, which, he explained, was formed for the purpose of recommending to the Supreme Court of the State of Oregon certain rules and regulations concerning traffic, traffic control, bails, etc. At a recent meeting Judge Whitman, Eugene, was elected Chairman; Vern Hill, Department of Motor Vehicles, Vice Chairman; and himself, Secretary. At the present time the Committee is circularizing the law enforcement agencies of the State, district attorneys, and city attorneys relative to these matters. It was his opinion that this Committee will recommend to the Supreme Court and the Legislature the adoption of a definite speed limit in addition to the Basic Rule. The next meeting of the Committee is scheduled for November 20, after which a report will be made. The Commission accepted his report.

Under terms of an agreement previously entered into with the City of Portland and the Union Pacific Railroad Company concerning property adjacent to the off-ramp at N. E. Holladay Street, Portland, the Chief Counsel stated that an ordinance had been passed by the City of Portland at the State's request. This ordinance requires acceptance by the Highway Commission and signature by a member of the Highway Department. The Commission approved its acceptance and authorized the Secretary to sign it.

Authority was requested by the Chief Counsel to institute such legal action as may be required to recover damages sustained by Highway Commission property, as follows:

(1) W. T. Davis, Defendant: Timber Trespass, Date - 3-59, Loeb State Park, Curry County.
Double Damages - $578.00

(2) Thrifty Finance Company, Defendant: Damage to highway fencing HS #101 by automobile. Date of loss - 1-30-59.
Claim #CAO-59-89. Amount - $197.50

(3) F. C. Hathaway, Defendant: Timber Trespass, Yeon, Oregon State Park 1954. Multnomah County.
Double Damage - $2,730.00.

(4) James H. Brigham, Defendant: Damage to State vehicle in two-car accident 7-25-58, U.S. 101.
Claim #CAO-58-175. Amount - $130.90.

(5) June Ellen Lawson and James Lawson, Defendants: Vehicle wiped out lighting facilities on highway near Phoenix, Oregon on 12-19-56.
Claim #CAO-57-43. Amount - $343.26.

(6) Frank E. Parke, Defendant: State vehicle in two-car accident 8-2-58, Medford, Oregon.
Claim #CAO-58-170. Damage - $172.55.

(7) Clackamas River Sand & Gravel Co. and E. V. Hastorson, Defendants: Structure damage by automobile to Rock Creek Bridge, Clackamas Secondary #171 - May 5, 1959.
Claim #CAO-59-166. Amount of Damage $462.72.

(8) Joan Elaine Dyson, Defendant: State vehicle damaged in two-car collision on Ross Island Bridge, Portland, 11-14-58.
Claim #CAO-59-35. Amount of Damage - $183.91.

(9) Wayne A. Harris Defendant: State vehicle involved in two-car collision on Linn West County Road near Highway 99E, 9-2-58. Amount of damage - $207.88.

The Commission granted the authority to institute legal action.

The Chief Counsel brought up the matter of a proposed settlement of a condemnation case with Westfair Corporation, its lessee, Eastside Terminal, and 16 sub-lessees, for property on the East Bank Freeway Section of the Pacific Highway in Portland. Four appraisals had been made on this property, ranging from $138,000 to $145,000, and an offer had been made in the amount of $145,000. The Corporation had demanded $166,000 but has now offered to settle for $158,000 or $13,000 more than the State's offer. The property is needed in connection with arrangements being made with the City of Portland for a fireboat station. He pointed out that the Bureau of Public Roads will not cooperate in payment of attorneys' fees if the case is decided in court. It was his opinion that if the case is tried in court, the additional cost to the State would probably be near $20,000 as there are at least seven attorneys representing the corporation. He also pointed out that it will probably be several months before the case can be brought to trial and interest at the rate of 6 percent on the amount awarded by the court would be a considerable item. In response to Chairman McIver's inquiry as to the length of negotiations, the Chief Counsel replied that about one year had been spent in negotiating with the Corporation. Following the Chief Counsel's favorable recommendation, the Commission approved settlement for $158,000.

Temporary construction speed zones were reported by the Highway Engineer at the following locations:

(1) 35 miles per hour on the Davis Slough Bridge Section of the Oregon Coast Highway, south of Coos Bay, between M.P. 241.20 and M.P. 242.32 This speed zone is to be effective at intermittent intervals as construction needs dictate.

(2) 35 miles per hour on the Gardner Mountain Slide Correction Section of the Oregon Coast Highway between M.P. 205.16 and M.P. 208.06, effective 10:00 a.m., October 23, 1959.

The Commission confirmed the speed zones as presented by the Engineer.

A request from Mr. W. T. Triplett, President of Columbia Food Company, concerning additional access facilities at Murray Road on the Sunset Highway was brought up by the Engineer. No action was taken at this time as Mr. Triplett is scheduled to appear before the Commission on the following day regarding this matter.

Consideration was given to a letter from Mr. Ben C. Huntington, Superintendent of the McKenzie River Schools, requesting improvement of the McKenzie Highway in the Finn Rock-McKenzie Bridge area. The Engineer reported that a short section easterly from Finn Rock had been improved in 1957 at a cost of $161,000. Improvement of this section of highway to modern standards will cost, he stated, between $150,000 and $200,000 per mile. He called attention to urgent requests from other areas in Division 3 for improvement on primary highways, mentioning the Oregon Coast Highway, the Redwood Highway and the Coos Bay-Roseburg Highway. Because of a shortage of funds for making improvements to the primary system in Division 3 he recommended that the McKenzie River people be advised that no funds are available at this time and that improvements to the McKenzie Highway will be considered at a future time. The Commission approved the recommendation.

Attention was given to items of unfinished business appearing on the Secretary's Summary, dated September 25, 1959, as follows:

(1) Proposed acquisition of property near Wedderburn from U.S. Plywood Corporation for park purposes: The Parks Superintendent earlier in the day had submitted a report on this item, and the Commission ordered it deleted from the list of unfinished business.

(2) Request of Willamina delegation for removal of a double curve on the old Salmon River Highway between Willamina and Wallace Bridge: The Engineer stated that the requested improvement will cost about $40,000 and that it

is being considered in formulation of the next construction program. The Commission instructed that the Willamina people be so advised and ordered this item deleted from the list of unfinished business.

(3) Request of Astoria delegation that (1) Washington and Oregon legal staffs prepare legislation to submit to the 1961 Legislature for construction of a bridge across the Columbia at Astoria and (2) that a new traffic study be conducted on potential traffic to use the bridge: The Engineer stated that he could see no particular reason for conducting a new traffic study. He suggested that close contact be maintained with Washington Highway officials in their study of traffic conditions in the Astoria vicinity. No action was taken at this time pending the appearance of a delegation on the following day from Astoria concerning the same matter. This item was ordered deleted from the list of unfinished business.

(4) Offer of Walt Foree as presented by Grant, Wheeler and Gilliam Counties delegation to donate additional land for the Thomas Condon-John Day Fossil Beds Park provided that grazing rights may be retained: Earlier in the day a report was presented by the State Parks Superintendent concerning this matter and the Commission ordered the item deleted from the list of unfinished business.

Attention was given to a request from the City of Portland for installation of traffic signals on the one-way couplet at (1) S. W. Second Avenue and S. W. Market Street and (2) S. W. Second Avenue and S. W. Clay Street, both being on the route of the Mt. Hood Highway. The Engineer stated that the requests had been reviewed by the Traffic Engineering Department and the facts determined indicated that signals are warranted. He recommended that the signals be installed at the two intersections at a total estimated cost of $5,000, provided that the City of Portland will assume half the cost of installation and provide all of the cost of maintenance and power to operate the signals. The Commission approved the recommendation.

Authority was requested by the Engineer for increase in project authorizations on the following State Highway Contracts:

(1) $4,721 on Contract No. 5531 for traffic signal installation and signing on the Airport-Alberta Street Section of the Cascade Highway in Multnomah County. The cost of signing, the Engineer explained, was not included in the original authorization.

(2) $16,000 on Contract No. 5052 for structures on 26th Avenue on the new Baldock Freeway in Portland. Extremely wet subgrade, heavy detour maintenance and additional engineering costs composed the major items of the increase, the Engineer reported.

(3) $9,778.80 on Contract No. 5409 on the Meda Section of the Little Nestucca Highway in Tillamook County. The installation of fencing, a change in grade line, additional drainage, and a change in cattle pass design were the principal causes of the overrun, the Engineer stated.

The Commission approved the increased authorizations.

An assessment against the State Highway Department for a proposed street improvement in the City of Newport was presented by the Engineer. He explained that the State Highway Maintenance Headquarters is located along Bradshaw Street which the City intends to improve. The total cost of the assessment is $1,704.00 which he recommended be paid as the proposed improvement will be a definite asset to the Highway property. The Commission approved the payment.

Consideration was also given to an assessment submitted by the City of Chiloquin for construction of a sewer system in the city. The Engineer explained that the Highway Maintenance Headquarters, although it is outside the city limits of Chiloquin, is served by the new sewer system. The assessment in the amount of $840 has been checked and is proper, and he recommended that it be paid. The Commission approved the payment.

The Engineer presented a tabulation and maps showing proposed additions and revisions to the County FAS system in Baker, Lane and Lincoln Counties totalling 49.8 miles. The projects, he stated, are eligible for Federal-aid Secondary money, and he recommended that the Commission approve the following additions and revisions:

Baker County: FAS 498, Haines-Pocahontas County Road, 4.9 miles extending from FAS 507 west of Haines southerly to FAS 506 west of Wingville.

FAS 499, Keating County Road, 5.5 miles.

FAS 510 (extension), New Bridge County Road, 0.4 mile, to extend FAS 510 easterly from New Bridge.

FAS 521, Lone Fir County Road, 3.5 miles, extending from FAS 505 (Halfway-Cornucopia State Highway) approximately 2½ miles northwest of Halfway southeasterly to FAS 505 in Halfway.

FAS 522, Pine Town and Greener Lane County Road, 3½ miles, extending from FAS 505 approximately one mile

southeast of Halfway easterly and northerly to FAS 504 approximately 3 miles east of Halfway.

FAS 523, Crow Lane County Road, 1.3 miles, extending from FAS 504 approximately 2 miles east of Halfway southerly to proposed FAS 522.

FAS 526, Bridgeport County Road, 6.0 miles, extending from FAS 501 (Baker-Unity State Highway) easterly to the community of Bridgeport.

FAS 534, Snake River County Road, 3.5 miles, extending from the Old Oregon Trail Highway at Huntington easterly to the Snake River Reservoir area.

Lane County: FAS 238, Richardson-Eugene State Highway Revision, 0.5 mile. The Commission by resolution adopted August 13, 1959, revised the routing of the Richardson-Eugene Secondary Highway within the City of Eugene. This proposed FAS route revision is in accordance with the revised state highway route so that the two routes will coincide.

Lincoln County: FAS 143, Elk City-Harlan County Road, 21.2 miles, extending from FAS 584 at Elk City easterly to FAS 151 at Harlan.

The Commission approved the additions and revisions as presented.

The Commission also considered a tabulation presented by the Engineer showing requests made by Baker and Clackamas Counties for Federal-aid Secondary projects on county roads. These projects, the Engineer stated, have been approved by the Bureau of Public Roads and as they meet the standards prescribed for such work he recommended that the following projects be approved:

County	FAS Hwy. No.	Section and Description	Programmed Amount	FAS Fund
Baker	506	Pocahontas Section, 1 mile. Leveling course and oil mat.	$ 15,000	1960
	511	Richland-Powder River, 1.7 miles. Leveling course and oil mat.	15,000	1960
		Subtotal, Baker County	$ 30,000	
Clackamas	133	Milwaukie-Cascade Highway, 2 miles. Grade and pave.	$ 260,000	1961
		TOTAL	$ 290,000	

SUMMARY BY FISCAL YEARS:	1960	1961	Total
*Available Funds	$3,760,000	$3,600,000	$7,360,000
Previously Approved	3,603,000	1,506,000	5,109,000
Unprogrammed Balance	$ 157,000	2,094,000	2,251,000
Proposed Projects 10/22/59	30,000	260,000	290,000
Unprogrammed Balance	$ 127,000	$1,834,000	$1,961,000

*Fiscal year 1960 funds ($3,900,000) reduced by $140,000 which Harney County made available for expenditure on Frenchglen State Highway. Fiscal year 1961 funds revised as per actual apportionment.

The Commission approved the projects as presented.

A tabulation showing apportionment of 1961 Federal-aid Secondary funds to the individual counties was presented by the Engineer, who explained that the apportionment in the total amount of $3,600,000 has been made in accordance with procedure approved by the Commission for the County FAS Program. Following his favorable recommendation the Commission approved the following apportionment:

FISCAL YEAR 1961 FAS ALLOCATION TO COUNTIES

County	Gross Federal Funds	Less "L" Funds	Net Federal Funds	TOTAL FUNDS - Including State' & Counties' Match Mone (Rounded to Thousand
Baker	$ 36,893	$ 1,800	$ 35,093	$ 59,000
Benton	45,291	2,200	43,091	72,000
Clackamas	147,320	8,400	138,920	232,000
Clatsop	47,026	2,200	44,826	75,000
Columbia	57,398	2,300	55,098	92,000
Coos	69,553	3,400	66,153	110,000
Crook	37,046	1,700	35,346	59,000
Curry	27,439	1,350	26,089	44,000
Deschutes	48,030	2,300	45,730	76,000
Douglas	99,918	6,900	93,018	155,000
Gilliam	25,859	1,400	24,459	41,000
Grant	34,784	1,500	33,284	56,000
Harney	34,241	--	34,241	57,000
Hood River	37,980	1,550	36,430	61,000
Jackson	78,922	4,100	74,822	125,000
Jefferson	33,645	1,550	32,095	54,000
Josephine	49,033	1,900	47,133	78,000
Klamath	66,068	2,900	63,168	105,000
Lake	44,748	--	44,748	75,000
Lane	154,545	7,500	147,045	245,000
Lincoln	53,402	2,500	50,902	85,000
Linn	88,952	3,850	85,102	142,000
Malheur	77,953	3,650	74,303	124,000

Fiscal Year 1961 FAS Allocation to Counties (Cont.)

County	Gross Federal Funds	Less "L" Funds	Net Federal Funds	TOTAL FUNDS - Including State' & Counties' Match Money (Rounded to Thousands)
Marion	$ 124,996	$ 5,700	$ 119,296	$ 199,000
Morrow	35,431	2,250	33,181	55,000
Multnomah	176,971	9,000	167,971	280,000
Polk	62,991	3,050	59,941	100,000
Sherman	24,940	2,800	22,140	37,000
Tillamook	48,132	2,350	45,782	76,000
Umatilla	80,604	3,950	76,654	128,000
Union	37,335	1,650	35,685	60,000
Wallowa	34,937	2,250	32,687	55,000
Wasco	36,671	2,450	34,221	57,000
Washington	115,764	5,750	110,014	184,000
Wheeler	25,824	1,250	24,574	41,000
Yamhill	66,272	2,750	63,522	106,000
Totals	$ 2,266,914	$ 110,150	$2,156,764	$ 3,600,000

SUMMARY, ENTIRE STATE - Fiscal Year 1961 County FAS Funds:

Federal Funds (50% of Oregon's apportionment of $4,599,727)	$2,299,863
Less Planning Survey Funds	32,949
Gross Total Federal Funds for Construction	$2,266,914
Less 50% of "L" Funds Advanced for County "D" (Crash) Projects	110,150*
Net Total Federal Funds for Construction	$2,156,764
Plus Estimated Required Match Money (State Funds	721,618
(County Funds	721,618
TOTAL COUNTY FAS FUND	$3,600,000

*Includes $6,900 "L" funds for Garden Valley Road Section in Douglas County programmed as an urban (DU) project on the urban extension of county FAS 800.

NOTE: Above funds allocated to individual counties on basis of formula (25% equally, 60% on rural population, and 15% on total county road mileage) proposed by Association of Oregon Counties and approved by Highway Commission. Federal funds are estimated to represent approximately 60% of total county road FAS fund with State and County funds estimated to be approximately 20% each.

Attention was given by the Commission to a request received from the Umatilla County Development Commission for construction of four traffic lanes on the Old Oregon Trail Highway from Stanfield Junction to Pendleton. The Engineer stated that the volume of traffic and the accident rate on this section does not warrant four-lane construction on the interstate system ahead

of more urgently needed sections. It was his recommendation that the persons making the request be advised that construction of this section to a four-lane standard will have to be accomplished later in the interstate program after more pressing sections are taken care of. Action was deferred pending the appearance of a delegation on the following day.

The Commission considered a letter from Deschutes County Judge D. L. Penhollow, that the State contribute 50 percent toward the cost of snow removal on the Century Drive Highway between Bend and the Bachelor Butte Ski area. The Engineer recalled that a one-year agreement expiring June 30, 1959 had been entered into whereby the State reimbursed the County for 25 percent of the cost of snow removal on this section. The Bachelor Butte Ski area, he continued, is rapidly developing into one of major importance and he pointed out that the State does pay all of the costs of snow removal to Timberline Lodge. It was his opinion that while the cost of snow removal is somewhat higher on the County's portion of the road by reason of deeper snowfall, he did not believe that the Commission would be out of line in cooperating with the County on a 50-50 basis. The cost of snow removal during the preceding year, which was very light, was slightly over $5,000, of which the State's share was 25 percent. The Commission approved the County's request.

The Commission also gave attention to a letter from J. R. Castner, City Manager of Milton-Freewater, for construction of a left-turn refuge at the intersection of the Oregon-Washington Highway and Fifth Avenue in Milton-Freewater. The Engineer explained that in 1948 a section of the Oregon-Washington Highway had been constructed, bypassing the business district of Freewater. However, the existing route was retained on the state system as the Freewater Secondary Highway. The City built a connection to the Oregon-Washington Highway using Fifth Avenue which leads into the business district. Approximately 4,000 vehicles use the Oregon-Washington Highway daily, and about 1,570 use Fifth Avenue, with between 400 and 500 left-hand turns off the Oregon-Washington Highway onto Fifth Avenue. In view of the serious traffic condition he recommended the installation of a left-turn refuge at this intersection at an estimated cost of $20,000, provided that federal aid is available. The Commission approved the project.

The meeting was recessed at noon and reconvened at 1:50 p.m. in the same room with the same persons present and participating.

Attention was given to a proposed budget submitted by the Engineer covering highway expenditures for the calendar year 1960. He explained briefly that receipts are now estimated at $122,587,000 for the year 1959 compared with the original estimate of $135,233,000. This reduction was caused by curtailment of Federal funds. Estimated total receipts for the year 1960 he estimated at $109,000,000. He explained briefly other details in the budget and answered questions directed to him by the Commission. After careful consideration, the Commission approved the budget as presented by the Engineer. (For details

see copy of the budget marked "Office Copy" in the Commission's files in Salem.)

The Commission considered the following requests for extensions of time within which to complete state highway contracts:

(1) Parker-Schram Company, Contract No. 5025, for grading and paving on the Highlands Interchange Section of the Sunset Highway in Multnomah County, requested an extension of time from 130 to 166 workdays within which to complete the contract without payment of liquidated damages. The Commission granted the extension of time as requested, provided the Bureau of Public Roads will concur therein.

(2) Warren Northwest, Inc., Contract No. 5240, for grading, paving and three structures on the Airport-Alberta Street Section of 82nd Avenue and Cascade Secondary Highway in Multnomah County, requested an extension of time from 130 to 161 workdays within which to complete the contract without payment of liquidated damages. The Commission approved the extension of time as requested and noted that the Bureau of Public Roads had also concurred.

(3) C. R. O'Neil, Contract No. 5249, for grading on the Lancaster Drive-Sublimity Gun Club Section of the North Santiam Highway in Marion County, requested an extension of time from 80 to 105 workdays within which to complete the contract without payment of liquidated damages. The Commission approved the extension of time as requested.

(4) Earl L. McNutt Company, Contract No. 5393, for grading the Josephine County Line-Evans Creek Section of the Pacific Highway in Jackson County, requested an extension of time from 150 to 215 workdays within which to complete the contract without payment of liquidated damages. The Commission approved an extension of time from 150 to 169 workdays without assessment of liquidated damages. A letter from the Bureau of Public Roads was presented concurring therein.

FOOTNOTE: Action taken by the State Highway Commission upon the extensions of time listed above was based upon the recommendations of the Engineer and his reports which considered, but did not necessarily adopt, any of the reasons given by the contractors in their requests for extensions of time. (For details see the original of the contractors' requests and the Engineer's recommendations filed in the contracts mentioned, in the Secretary's office in Salem.)

The Engineer reported that contract numbers 4828, 4998, 5024, 5112, 5164, 5173, 5207, 5236, 5247, 5280, 5294, 5295, 5317, 5346, 5357, 5367, 5371, 5382, 5390, 5391, 5413, 5420, 5422, 5431, 5434, 5443, 5444, 5466, 5480, 5485, 5487, 5501, 5502, 5506, 5511, 5523,

5524 and 5527 for highway construction have been completed in accordance with the requirements of the contracts or modifications thereof and that said contracts are now ready for acceptance by the Commission. After due consideration the Commission accepted the contracts by adopting the attached resolution relative thereto, marked Exhibit "D", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer requested authority to expend $1,250 to revise Room 24 in the basement of the State Highway building in Salem to provide additional space for the processing of aerial photography and for the contact printing of drawings reproduced by photographic means. The Commission approved the authorization.

The Commission considered and, following the favorable recommendation of the Engineer, approved the payment of 1960 AASHO dues in the amount of $1,519.50 and 1960 WASHO dues in the amount of $50.

Attention was given to a request for construction of an access to the Oregon Coast Highway at Haynes Inlet northerly from North Bend. The Engineer explained that the Menasha Wooden Ware Corporation is constructing a new $6,000,000 plant in this area and they are building a road in cooperation with Coos County to serve the plant, which road will be a public highway under County jurisdiction. In order to provide a suitable connection for this new road to the Oregon Coast Highway, the Engineer recommended that the State cooperate in the amount of $43,750 to be paid when construction on the State Highway right of way is completed, the work to be performed by parties other than the State. The matter is to be covered by an appropriate agreement. The Commission approved the expenditure.

The Commission also considered a request from the City of Portland for widening from 23 to 45 feet, construction of a fence along the river bank, and landscaping of the esplanade on the East Bank Freeway Section of the Pacific Highway. The Engineer displayed a map and pointed out pertinent features of the project. He estimated that the cost of the enlarged project would be $80,000 more than the Bureau of Public Roads would participate in. The City, he stated, has offered to pay 25 percent of this amount, or $20,000. He recommended that the project be approved as outlined and that an agreement be prepared. The Commission approved the project.

An agreement with the U.S. Bureau of Public Roads was considered covering acquisition of rights of way by the State in construction of Forest Highway Project 3-A5 (Neskowin-Otis Section in Lincoln County). The Engineer explained that under the terms of this agreement, the Bureau will reimburse the State for all costs incurred in acquiring rights of way up to, but not exceeding, $60,000. The Commission approved the agreement.

Attention was given to a petition submitted by Canadian Motels and Hotels, Inc., Pendleton, to extend easterly the existing 45 mile-per-hour speed zone on the Columbia River Highway through Rufus. The Engineer stated that an investigation which was conducted indicated that the speed zone established August 6, 1953 should be amended to provide for an extension of the 45 mile-per-hour speed zone from Mile Point 108.37 to a point 0.43 mile east of the road to Wasco, (M.P. 108.62), and he so recommended. The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "H-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer reported that within a short time the section of the Columbia River Highway between the east city limits of Mosier and the west city limits of The Dalles will be completed to freeway standards. When it is completed, he recommended that a 70 mile-per-hour speed zone be established on the completed section between the east city limits of Mosier at M. P. 68.93, and a point 0.27 mile east of Chenoweth Creek at M. P. 80.49. The Commission approved the recommendation by adopting the attached resolution relative thereto, marked Exhibit "H-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Abandonment resolutions were presented by the Engineer covering disposal of old sections of highways which are no longer needed as a part of those highways because of the completion of new sections. He explained that in each case an agreement had been approved at an earlier date with the counties involved which provided for disposal of the old sections when the new highway sections are completed and opened to public travel. These new sections are now completed, and he recommended that the Commission adopt abandonment resolutions on the following sections:

(1) Bear Creek Section of the Siuslaw Highway in Lane County. See Exhibit "E-1".

(2) Newberg-Gerin Corner Section of the Hillsboro-Silverton Highway in Marion and Yamhill Counties. See Exhibit "E-2".

(3) Wauna-Westport Section of the Columbia River Highway in Clatsop County. See Exhibit "E-3".

(4) Richardson-Siuslaw River Section of the Richardson-Eugene Highway in Lane County. See Exhibit "E-4".

The Commission accepted the Engineer's recommendations by adopting the attached resolutions relative thereto, marked Exhibits "E-1" through "E-4", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

Attention was given to an abandonment agreement with Malheur County concerning disposition of the old route of the Namorf-Harper

Section of the Central Oregon Highway when the new route has been completed and opened to public travel. The Engineer stated briefly that the agreement provides that the old section of highway shall revert to Malheur County. The Commission approved the agreement.

The Commission considered a request from Mrs. Verne I. Brader, Chemult, President of The Oregon State Federation of Garden Clubs, Inc., that The Dalles-California Highway, US 97, in Oregon be designated as a Blue Star Memorial Highway. The Engineer introduced Mark Astrup, Landscape Engineer, who explained that the garden clubs are attempting to have US 97 designated through California, Oregon and Washington as a Blue Star Memorial Highway, and that California and Washington have agreed to this movement. He also pointed out that the Blue Star Memorial designations are in honor of the veterans of all wars and that no expense is involved other than the very nominal cost of erecting roadside memorial markers which are furnished by the garden clubs. The Commission approved the designation as requested.

The Commission considered and upon the favorable recommendation of the Engineer approved a Pipe Line Agreement with Union Pacific Railroad Company authorizing the State to lay a one-inch pipe line across railroad right of way on the Wallowa Lake Highway near Minam for the benefit of a state roadside rest area. There is no cost to the State for the agreement.

The Commission also considered a lease agreement with Ortho Investment Group for the lease of 750 square feet of building space at 8665 S. W. Canyon Road, Portland. The Engineer explained that due to lack of space in the Milwaukie Division Office it is necessary to move one of the Resident Engineers. The lease covers a period of one year at $90 per month, with an option to continue for an additional six months on a month-to-month basis. Following the Engineer's favorable recommendation, the Commission approved the lease.

The Engineer stated that on September 21, 1949, a resolution was adopted whereby the Midland Secondary Highway No. 420 was established as a through-stop highway. Traffic conditions at the intersection of LaVerne Street at M. P. 1.30, he stated, have changed so that a revision in the stop signs is in order. He recommended that the resolution of September 21, 1949 as it pertains to Highway 420 be revised to contain the following exception:

> "Except at LaVerne Street (M.P. 1.30) traffic entering the intersection from the Midland Highway from the west shall be required to stop."

The Commission approved the recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "I", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission approved the Secretary's report of papers signed on behalf of the Commission during the period of September 18 through October 30, 1959.

The next regular Highway Commission meeting was set for December 17 and 18, 1959, in the Conference Room of the State Highway Building in Salem. A tentative date of January 28 and 29, 1960, was set for the following meeting.

Out-of-state travel expenses were recommended by the Engineer and approved by the Commission for the following Highway personnel:

(1) W. C. Williams, State Highway Engineer; Forrest Cooper, Deputy State Highway Engineer G. S. Paxson, Assistant State Highway Engineer; L. I. Lindas, Chief Counsel; and Mark H. Astrup, Landscape Engineer; to attend the Highway Research Board meeting in Washington, D. C., January 11-15, 1960, at an estimated cost of $450 each.

(2) J. Al Head, Assistant Traffic Engineer, to attend the Highway Research Board meeting and the meeting of the Institute of Traffic Engineers, Board of Direction, in Washington, D. C., January 8-17, 1960. Expenses are to be paid by the Highway Research Board and the Institute of Traffic Engineers.

(3) R. C. Edgerton, Research Engineer, to attend the meeting of the Highway Research Board in Washington, D. C., January 11-15, 1960, with expenses to be paid by the Highway Research Board.

(4) Carl W. Jordan, Director of Travel Information Division, to attend the American Convention and Travel Institute Convention at Long Beach, California, November 29-December 2, 1959, at an estimated cost of $242.60.

The Commission considered a resolution submitted by the Engineer rescinding a resolution adopted September 23, 1954, so as to remove the four-hour overnight camping restriction in roadside rest areas, which was embodied in the original resolution. The Engineer explained that there has been considerable demand for use of the rest areas for a longer period, and he recommended that motorists be allowed to use the rest areas for a period not to exceed 18 hours. The Commission approved the recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "F", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer recalled that by a previous action, the Commission had abandoned to Lane County a section of the Alsea-Deadwood Secondary Highway between Alpha School and Preacher Creek Road.

Also, the Commission by previous action had prohibited the transportation of logs, poles, or piling on this section of highway under Schedule "B" of log hauling permits. He recommended that the Public Utilities Commissioner be requested to delete this highway from the Schedule "B" as shown on log hauling permits. The Commission approved the recommendation.

The Engineer stated that the AASHO Manual for Signing and Pavement Marking of Interstate Highways requires, among other things, that parking be prohibited on interstate highways except in such instances where parking is of an emergency nature. It was his opinion that it would facilitate signing of interstate sections as they are completed if the Commission would delegate to the Engineer authority to post the sections for "Emergency Parking Only", and he recommended that the Commission adopt a resolution to that effect. Commissioner Fridley called attention to the fact that a great many people fish for sturgeon, salmon, steelhead, and other fish in the Columbia River and that some means should be provided for them to park their cars off the Columbia River Highway. He pointed out that this type of recreation is an important asset to the State. The Engineer stated that under the regulations controlling interstate highways, it is not possible to allow parking on the right of way, but he also pointed out that access points which fishermen can use will be granted to the highway at intervals of approximately 8 or 10 miles, and he mentioned Blalock, Koberg Beach near Hood River, Rowena, Celilo, Rufus and Arlington. The Commission approved the Engineer's recommendation concerning emergency parking on interstate highways by adopting the attached resolution relative thereto, marked Exhibit "J", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

In connection with the construction of a new interchange at Barbur Boulevard (US 99W) and S. W. 26th Avenue as a connection to the Baldock Freeway, the Engineer stated that the City of Portland had requested that illumination be installed. The project has been investigated and it was found that it would cost approximately $1,600. He recommended that the work be performed by the State provided the City will agree to maintain the lights and furnish electrical energy for their operation. The Commission approved the project.

The matter of the sale of approximately 85 acres from the Patterson Bar property near Eugene in Lane County to the State Board of Higher Education, University of Oregon, was brought up by the Engineer. He recalled that purchase of the property had been requested by the University of Oregon as a site for an athletic stadium, and the Commission had agreed to sell it to them at the price the State paid for it, or $1,000 an acre. It appears now that the University officials are not certain whether the area can be used for stadium purposes, and they want to insert an escape clause in the deed allowing them to sell the

property if they cannot use it and to remove the "public purposes only" restriction. In brief, he continued, they have agreed to return to the Commission all money received from the sale of the property above what was paid for it. The Engineer recommended that they be allowed to sell the property if they cannot use it, but that they be required to pay to the Highway Department all money received above that which they originally paid. However, they have now indicated that they would like to have interest on the money they have paid from the time the property was purchased from the Highway Commission until they sell it. He recommended that the answer be no to this suggestion. The Chief Counsel read provisions in the deed and pointed out that these provisions allow the Commission to dictate the terms of the sale if the property is sold by the Board of Higher Education, and gives the Highway Commission good protection. Commissioner Jackson inquired about the feasibility of using a straight reversionary clause in the deed. The Engineer replied if the reversionary clause is used, it would have to cover all of the property to prevent development of the more valuable portions and possible reversion of undesirable or less valuable portions. After some further discussion, the Commission approved the insertion of a reversionary clause in the deed covering all of the property with a 5-year limitation, and with the further stipulation that no interest payment is to be allowed.

A letter from the Governor was read by the Engineer which letter pointed out that the State may use up to 3 percent of monies received from the Federal Government for highway construction for the acquisition of scenic natural areas along such highways without the use of State matching funds. The Engineer explained that there are several types of projects which are financed totally by federal funds, but all such federal funds come out of monies available for highway construction. The use of monies as suggested for scenic areas would simply reduce the amount of federal monies available for highway construction. All federal funds are now used and no additional federal monies are available. The Commission requested the Engineer to draft a letter to be sent to the Governor.

The Commission discussed with the Engineer bids received for highway construction projects on October 13, 1959 and on November 3, 1959. At 3:00 p.m. the Commission announced awards of projects as follows:

BIDS RECEIVED IN SALEM ON OCTOBER 13, 1959

"Structures and grading on Muddy Creek Section of Bellfountain Road, Benton County. The Commission awarded the contract to the low bidder, James F. Turner, Corvallis, at $86,805.40.

"Middle Creek Bridge on Myrtle Point-Fairview Road, Coos County. The Commission awarded the contract to the low bidder, Tom Lillebo Construction Company, Reedsport, at $24,154.

"Grading and stone base on Bear Creek Road-Cascade Lakes Junction Section of North Umpqua Road, Douglas County. The Commission awarded the contract to the low bidder, Access Construction, Oregon Ltd., Roseburg, at $62,796.

"Emigrant Creek Bridge on Dead Indian Road, Jackson County. The Commission awarded the contract to the low bidder, Merlin R. Stam, Eugene, at $23,130.

"Grading on the East Unit, Adel-Blizzard Gap Section of Adel-Nevada State Line Road, Lake County. The Commission awarded the contract to the low bidder, Miller & Hutchins Contractors, Inc., Roseburg, at $296,414.

"Construction of reinforced concrete lining inside existing timber lining in Cape Creek Tunnel on Oregon Coast Highway, Lane County. The Commission awarded the contract to the low bidder, C. H. Strong Engineering and Construction, Eugene, at $111,000.

"Swisshome Bridge over Lake Creek on Richardson-Swisshome Section of County Road No. 517, Lane County. Low bid was submitted by Tom Lillebo Construction Co., Reedsport, in the amount of $79,285. However, as this is a County project, all bids were referred to Lane County for award.

"Grading and paving on Depot Slough Section of the Corvallis-Newport Highway, Lincoln County. The Commission elects to accept the low bid of Tom Lillebo Construction Company, Reedsport, in the sum of $92,484 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Lake Creek Bridge on Orleans-Lebanon Road over Lake Creek, Linn County. The Commission awarded the contract to the low bidder, Tom Lillebo Construction Company, Reedsport, at $29,737.

"Muddy Creek Bridge on Tulsa Road, Linn County. The Commission awarded the contract to the low bidder, Walder & Kenworthy, Portland, at $15,925.

"Structure, grading and paving on the Pudding River Bridge Section of Silverton Road, Marion County. The Commission awarded the contract to the low bidder, Inland Construction Company, Milwaukie, at $95,797.

"Pudding River Bridge on Pratum Road, Marion County. The Commission awarded the contract to the low bidder, Tom Lillebo Construction Company, Reedsport, at $27,001.

"Overcrossing of S. W. Hood Avenue in Portland, Harbor Drive-Washington County Line Section of Pacific Highway, Multnomah County. The Commission awarded the contract to the low bidder, Johnston & Bryant, Newberg, at $169,712.50.

"Roadside improvement on Airport-Alberta Street Section of Cascade Highway, Multnomah County. The Commission awarded the contract to the low bidder, E. P. Baltz & Son, Portland, at $7,995.

"Undercrossing of S. W. Corbett Avenue in Portland, Harbor Drive-Washington County Line Section of Pacific Highway (R.H. Baldock Freeway), Multnomah County. The Commission awarded the contract to the low bidder, Kuckenberg Construction Company, Inc., Portland, at $315,595.50.

"Reconstruction of Union Avenue Bridge over Union Avenue-37th Avenue Section of Columbia River Highway, Multnomah County. The Commission elects to accept the low bid of C. J. Montag and Sons, Portland, in the sum of $386,675.30, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Rooster Rock Park-Multnomah Falls Section of Columbia River Highway Sign Installation, Multnomah County. The Commission awarded the contract to the low bidder, Highway Protection Corporation, Chicago, Illinois, at $16,850.57.

"Rowena-Chenoweth Creek Section of Columbia River Highway Sign Installation, Wasco County. The Commission awarded the contract to the low bidder, Highway Protection Corporation, Chicago, Illinois, at $17,883.61.

BIDS RECEIVED IN SALEM ON NOVEMBER 3, 1959

"Grading and oiling on East Unit, Forest Boundary-Haines Section of the Haines-Anthony Highway, Baker County. The Commission elects to accept the low bid of Clarence Braden Construction Company, Walla Walla, Washington, in the sum of $399,936.90 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Realigned Corvallis-Newport Highway Overcrossings of SPRR & 4th Street at Corvallis, and highway signing, Benton County. The Commission awarded the contract to the low bidder, Lord Brothers Contractors, Portland, at $222,902.

"Birdseye Creek Bridge widening at M.P. 290.65 on old alignment of Pacific Highway, Jackson County. The Commission awarded the contract to the low bidder, R & M Construction Company, Central Point, at $19,903.

"Redwood Junction Section of the Pacific and Redwood Highways signing, illumination, and traffic signal installations, Josephine County. The Commission awarded the contract to the low bidder, Electric Corp., Salem, at $67,630.

"Toilet Building for Beaver Marsh Rest Area on The Dalles-California Highway, Klamath County. The Commission awarded the contract to the low bidder, Raymond B. Ems, at $7,315.

"Structures, grading and paving on Willamette River Bridge and Judkins Point Overcrossing of SPRR on Pacific and McKenzie Highways, respectively, Lane County. The Commission elects to accept the low bid of Peter Kiewit Sons' Company, Omaha, Nebraska, in the sum of $2,138,285.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"McKenzie River-Willamette River Section, Pacific Highway, McKenzie River Overflow Bridges, Lane County. The Commission awarded the contract to the low bidder, Hamilton and Thoms, Inc., Eugene, at $337,092.

"Grading and paving on Burns Junction Section of I.O N. Highway, Malheur County. The Commission awarded the contract to the low bidder, J. C. Compton Company, McMinnville, at $82,042.

"Structure, grading and oiling on the South Unit, Westfall-Harper Section of the Westfall-Harper County Road, Malheur County. The Commission elects to accept the low bid of Durbin Brothers, Eugene, in the sum of $157,870.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as approval of Malheur County is received and the sum of $35,800 is deposited by the County.

"Stores Warehouse at Highway Department Shop Area, Marion County. The Commission awarded the contract to the low bidder, Richard L. Martin Company, Oswego, at $270,250.

"Building demolition project on N. E Glisan Street-S. E. Main Street Unit of the East Bank Freeway of Pacific Highway in Portland, Multnomah County. The Commission awarded the contract to the low bidder, General Construction Company, Seattle, Washington, at $109,745.

"Widening of three bridges on Umatilla-Stanfield Highway, Umatilla County. The Commission awarded the contract to the low bidder, Rogers Construction Company, Portland, at $22,232.

The Chief Counsel presented a supplemental agreement with the City of Portland whereby the State transfers to the City certain land secured from the Westfair Corporation which the City wishes to use to construct a fireboat station. He recalled that a settlement had been approved by the Commission earlier in the day concerning acquisition of the Westfair property, and he recommended that the agree-

ment be approved so that the City may relocate its fireboat station. The Commission approved the agreement.

Two proposed settlements of condemnation cases were presented by the Chief Counsel. In the case of State vs. Isenhart, he stated that Isenhart has agreed to accept the sum of $250 for an easement to the Bennett Butte Radio Station site. He had been offered $100. As the amount of money involved would not warrant a trial, he recommended, and the Commission approved, settlement for $250. In the case of Theresa Odalovich, the owner had been offered the sum of $24,500 for her apartment house on the East Bank Freeway, plus $1,000 for fixtures and $500 interest, or a total of $26,000. The owner has offered to settle for the sum of $28,000, and he recommended that settlement be approved for this amount. He also commented that she owns another apartment building which the State originally planned to acquire. On this assumption the tenants all vacated the building, but the State's plans were changed and the building was not acquired. It was his opinion that the State owed something for this inconvenience and that consideration be given to this point in allowing the amount of settlement. The Commission approved the settlement of $28,000.

The Chief Counsel also brought up the matter of access to a piece of property on the Black Bridge-Richland Section of the Baker-Homestead Highway, Baker County, formerly owned by Oscar Burnside (File No. 26017, L-2784). He explained that the State had paid $114 for access rights to this property which in the meantime had been sold to a Clarence and Mona Urie, who now lack access to the property. The location has been re-examined, and it is feasible to grant access without endangering the traveling public. He recommended that a point of access be granted to the property provided the State is refunded the sum of $114 originally paid for the access rights. The Commission approved the recommendation.

The Engineer brought up the matter of the Highway Commission paying a part of the WASHO expense for the annual meeting which is to be held in June, 1960, in Portland. He explained that the meeting place rotates among the western states and that each state is responsible for financing the meeting when the meeting is held in that state. He suggested that the Highway Commission aid in financing the cost by paying rent for the hotel rooms used for the highway technical sessions. The Chief Counsel stated that such cooperation would be legal. The Commission approved payment of rent for the technical sessions rooms in the amount of $430.

The Commission signed agreements and other papers, and the meeting was declared adjourned at 3:20 p.m. to be reconvened on the following day at 10:00 a.m.

Salem, Oregon
November 6, 1959

The Oregon State Highway Commission reconvened at 10:00 a.m. in Room 418, State Highway Building. The following persons were present:

M. K. McIver, Chairman
K. N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
Geo. E. Rohde, Assistant Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

Mr. G. S. Vergeer, City Manager of Klamath Falls, appeared before the Commission regarding problems resulting from construction of the West Side By-pass Section of US 97. Accompanying Mr. Vergeer were Mr. James M. Barnes and Mr. Ladd M. Hoyt, City Councilmen of Klamath Falls. Mr. Vergeer acted as spokesman and introduced the members of his delegation. He stated that the City of Klamath Falls is very appreciative of the work that has been done by the Highway Commission in the vicinity of Klamath Falls; however, they wish to call to the Commission's attention hazards which they feel will exist upon the opening of the West Side By-pass. Loaded trucks and trailers, he pointed out, will be traveling down a six percent grade upon entering Main Street from the north, and under winter weather conditions such vehicles may be unable to stop before entering Main Street. Likewise, traveling from the south in a northerly direction such vehicles will have a tendency to gain speed to overcome the six percent grade. He presented a tabulation of the vehicular traffic count at this location. Two ninety-degree turns, he added, must be negotiated by vehicles traveling the by-pass that wish to continue on US 97, and if such vehicles go out of control they will either crash through the bridge or head down the steep embankment into the Link River. He told of the number of school children who will be required to cross the intersection twice daily and that no provision has been made for their safety. It was his thought that if traffic could be stopped before it intersects with the West Side By-pass on Main Street, it will be materially controlled until such time as the by-pass is completed across the Link River and a suitable interchange designed and installed at the Main Street intersection. He requested that the completion of the West Side By-pass with a connection to US 97 across the Link River be included in the next budget appropriation. He presented photographs in support of his presentation. Mr. Barnes expressed the belief that if semi-trucks and trailers have skidding

difficulties on these two ninety-degree curves during adverse weather conditions, the by-pass will not be utilized to its fullest extent because the trucks will continue using the city route on Klamath Avenue. Chairman McIver thanked the group for bringing this matter to the Commission's attention.

Judge D. R. Cook, Pendleton, County Judge of Umatilla County, appeared before the Commission requesting information regarding the Commission's plans for four-laning the Pendleton-Stanfield Section of US 30. He called attention to the bad accidents which have occurred on this highway and pointed out that an average of 1,000 vehicles per day use the Umatilla Toll Bridge which has increased travel on US 30 both east and west of Stanfield Junction. He spoke of the few turnouts provided on this highway section and of the hazards created by people who develop automobile trouble and find it necessary to stop along the highway. Chairman McIver advised Judge Cook that the Commission at the present time has no plans for this section of highway. The Commission, he continued, has discussed such improvement and is aware of the accidents; however, there are other sections of highways in that division which have higher priority.

Highway 99W Alternate Road Association appeared before the Commission regarding the routing and improvement of the 99 W Alternate Road from McMinnville through Forest Grove, Vernonia and to Rainier. Clifford Elliott, McMinnville, President of the Association, acted as spokesman. Appearing with Mr. Elliott were the following: Arthur Ireland, State Representative, Homer Waltz, Vice President of the Association, Richard Hendricks, Chamber of Commerce, John St. Amant, Chamber of Commerce, Arnold N. Franks, Manager of the Chamber, C. R. Cummings, President of the Chamber and Everett Haney, Road Association, all from Forest Grove; Mona Gordon, Manager of the Chamber of Commerce and Secretary of the Road Association, Mary Dripps, Chamber of Commerce, and Lewis Towne, West Oregon Cooperative, all from Vernonia; Gale Vinton, Vice President of the McMinnville Industrial Promotions, Norris Johnson, Manager of Chamber of Commerce, Leonard Gillam, photographer, Ron Eborall, President of the Chamber, and N. A. Cramer, realtor, all from McMinnville; Hazel Whitcomb, Chamber of Commerce and Sue Sweere, Chamber of Commerce, both from Banks George Zimmerman, Chamber of Commerce and Road Association, Keith Schrepel, Director of the Road Association, and Paul Armour, Road Association, all from Yamhill. Mr. Elliott advised that the purpose for their appearance and the main aims of their Association are to promote a new alignment for north-south interstate traffic, to open up a new area and to obtain improvement of existing state highways. He introduced the members of his delegation. Mr. Ireland reviewed the history over the past 25 years for a direct north-south route from McMinnville to Rainier and to Longview. The Longview Bridge, he stated, should be toll free in a few years which would be advantageous to this route. The following benefits, he advised, would be derived from this route: (1) it will provide a shorter, easier route to the

area for north-south traffic, (2) it will by-pass the congested Portland area; and (3) it will encourage the development of an area that is not too well developed at the present time. While they realize it will be necessary to develop this road on a long-term program, nevertheless, he added, they would like to see it placed on the program as quickly as possible. He spoke of their desire for the continuation of the improvement program on the Tualatin Valley Highway from Beaverton to Forest Grove and construction of a better two-lane highway between Forest Grove and McMinnville. He concluded his presentation by asking the following questions: (1) What standards must be met before the Apiary Junction-Rainier county road can be added to the State Highway system? (2) If Columbia County brings this road up to the necessary standards, will the State take it over as a State Highway? and (3) What are the Commission's plans and time schedule for completion of the Tualatin Valley Highway? Chairman McIver advised that although this highway starts and ends in Division II, most of it is in Division I which is important from the standpoint of allocation of funds. In response to Chairman McIver's inquiry if their Association has any preference as to priority on this road and whether the courts of the counties through which the route passes have given their concurrence, Mr. Elliott answered that the three counties involved, Washington, Columbia and Yamhill, are in regular attendance at the Association's meetings and he believed that the three county courts are very much interested in this project. One reason for their appearance today, Mr. Elliott reiterated, is to ascertain what standards the Columbia County road must meet before it can be added to the highway system. When the program is made up, Chairman McIver stated, the Commission and the Highway Engineer have quite a problem determining which projects to add. He pointed out that the Commission is trying desperately to complete the southern portion of US 99W and that there is a great need for funds in that particular area. He thanked the delegation for their presentation.

The meeting adjourned at 10:35 a.m. for a ten minute recess.

Mr. W. T. Triplett, President of the Columbia Food Company, and Mr. Norm Wiener, Attorney, both from Portland, appeared before the Commission requesting a deceleration lane, and regarding other matters pertaining to the shopping center at Murray Road on the Sunset Highway. Chairman McIver asked the Engineer to bring the Commission up to date on the Murray Road Interchange, which is directly west of the shopping center. The Engineer advised that the Commission inspected the interchange while enroute to the recent Astoria hearing. He exhibited a map showing the original plan devised in 1957 which consisted of a diamond interchange. He recited the history of the Commission's plans for this interchange, advising that in September, 1957, the original plan was rejected by Mr. Triplett as he felt it would harm the shopping center property. On September 16, 1957, he continued, he forwarded to Mr. Triplett a print of the present design that would miss the shopping center property and which had the tentative approval of the Bureau of Public

Roads. No word, he pointed out, was received from Mr. Triplett until July, 1958 when Mr. Triplett questioned the closing of Murray Road. This year, he added, after meeting with Highway Department personnel at the shopping center site, Mr. Triplett presented a modified plan which proposed to utilize a portion of the existing right of way and make a turn into old Murray Road. He pointed out that by that time the section was practically built. He concluded by stating that Mr. Triplett's plan does not meet highway construction standards, and he could not recommend its adoption. Mr. Triplett displayed a map of the revised preliminary plan furnished him by the Engineer. The shopping center, he continued, was purchased in 1956, at which time an agreement was reached with Columbia Markets that when there was a demand, the shopping center would be developed and Columbia Markets could occupy space. He pointed out that the first highway plan was unsatisfactory because it consisted of an overpass with embankments through the center of the property, and they requested that the overpass be moved over to the vacant area next to the shopping center. In the revised preliminary and final plans, he stated, it appeared to them that old Murray Road would remain open and they did not discover it was to be closed until so advised by the shopping center tenants. They immediately protested this action to the Commission but their objection was denied. They have now been advised by Columbia Markets and the other tenants in the shopping center that the lessees will either abandon or cancel their leases unless there is a better access into the property. He requested that a deceleration lane and access from the west be provided into the shopping center property. He pointed out that their competitor, Cedar Hills Shopping Center, has two entrances similar but probably not as good as the facility he proposed. He also pointed out that the shopping center has been injured and its tax producing ability has been impaired. Mr. Wiener added that their proposal is merely for traffic to come off the Sunset Highway onto Murray Road and not for it to get on the Sunset Highway. Chairman McIver thanked the delegation for their presentation, and told them that the Commission will consider their request and advise them of the decision reached. (Later in the day the Commission denied Mr. Triplett's request.)

The Waldport Junior Chamber of Commerce appeared before the Commission regarding improvements on the Alsea Highway. Mr. C. E. Hall, Waldport, was spokesman and introduced the following members of his group: J. R. Fisher, H. C. Zeek, and Mrs. Zeek, all from Waldport; Wayne Giesy, Corvallis, Benton County Highway Committee; N. E. Barclay, Tidewater Logging, Floyd Malcolm, Treasurer of the Waldport Community Chamber of Commerce, Mrs. N. E. Barclay, and Mrs. Lee Barclay, both from the Junior Chamber of Commerce, and A. V. Haslett, Coquille Valley Lumber Company, all from Alsea. Mr. Fisher stated that they wish to call attention to the need for an improvement program on Highway 34 (Alsea Highway). It is their feeling that development in the community of Waldport is comparatively slow due to the limited means of access or highways. He expressed the belief that most of the Alsea Highway needs to be modernized in order to keep up with the increased travel,

which includes house and boat trailers and lumber trucks. A large amount of lumber products are hauled over the Alsea Highway, he remarked, and there are vast timber reserves in Lincoln County. In answer to Mr. Giesy's inquiry if the final survey has been completed on the Alsea Mountain cut, the Engineer replied that the survey has been started but it will take approximately one year to complete, and it is his understanding that this section has the first priority. Mr. Giesy explained that Benton County Highway Committee, of which he is a member, represents all of the official bodies in the county, including the County Court, Chamber of Commerce, the cities of Corvallis, Monroe and Philomath, as well as other governmental bodies, and although they are mainly interested in the Alsea Mountain cut, they would like to like to give their support to the improvement of the highway westward to the Waldport area. During the past year, he pointed out, more than 200,000,000 feet of logs came over the Alsea Mountain and economically this highway is as important to Benton County as any other highway in the county. The Engineer advised that he had received a telephone call from State Senator Francis W. Ziegler who had planned on attending with the delegation but found it impossible to do so; however, the Senator said he wished to lend his support to the furtner improvement of the Alsea Highway and mentioned that he thought the Alsea Mountain section was very important. The improvement of this highway, the Engineer pointed out, would cost about $6,000,000 -- $3,000,000 for the Alsea Mountain and another $3,000,000 for the section west of the Alsea Mountain. In reply to Mr. Giesy's question if funds will be available in the near future, Chairman McIver answered that the Commission has some funds set up for the Alsea Highway; however, it is a question of where to put this money -- on the Alsea Mountain Section or the section west of the mountain. Mr. Fisher stated that whatever section of the Alsea Highway the money was spent on would be helpful to Waldport. Mr. Giesy asked if there is any possibility of using on the Alsea Highway some other governmental agency funds, such as the Bureau of Land Management, since the highway serves the timber area. The Engineer replied that the Alsea Highway does not qualify for forest highway funds because no part of it is in the national forest, or for Bureau of Land Management funds because such funds cannot be used on any state highway. There are no funds available, he added, other than regular federal-aid funds. Chairman McIver thanked the group for their presentation and advised them that although the Commission realizes they have a worthy project it is simply a matter of money and priority; however, the Commission will give consideration to their request.

Mr. R. J. Bettendorf, Manager of the Port of Astoria, appeared before the Commission regarding plans for the construction of the bridge across the Columbia River at Astoria. He asked what action has been taken on the request he made at the previous meeting for the legal staff of Oregon to meet with Washington's legal staff to prepare appropriate legislation for the construction of the Astoria-Megler Bridge. Chairman McIver answered that the Engineer had been requested to prepare a report on the subject but that there were no new developments. The

Engineer pointed out that it is entirely up to the State of Washington to make the next move since Oregon already is in a position to go ahead with the bridge. A question has been raised, Mr. Bettendorf continued, whether the statute passed by the Oregon Legislature is constitutional. The Engineer replied that in the summation of the report from the bond attorney some doubt was cast as to whether the legislation is constitutional since the money is specifically earmarked for one particular project. Mr. Bettendorf expressed the opinion that it will be necessary to have legislation prepared for both Oregon and Washington, it being his feeling that the legal staffs of both highway departments are the proper agencies to draw up legislation which will be compatible to both states with Oregon taking the initiative. Chairman McIver commented that if the initiative is taken by the State of Oregon it should be by the State Legislature; however, it is a matter of policy for the Commission to determine if it wants to sponsor the bridge. At the last legislative session, he pointed out, the Commission did not sponsor the Astoria Bridge Bill and so advised the Legislature. Mr. Bettendorf expressed concern that there might be insufficient time in which to prepare adequate legislation unless work begins soon. In reply to Mr. Bettendorf's question as to when the Commission could act on this matter, Chairman McIver expressed doubt that the Commission could give Mr. Bettendorf an answer very soon because the Commission in its deliberations might consider (1) whether it should, as a matter of policy, recommend that money be taken from the rest of the districts in order to construct this bridge, and (2) whether the bridge warrants the Commission's support. Mr. Bettendorf concluded his presentation by reiterating that the Commission take immediate steps to prepare legislature for the next legislative session and the the Oregon Highway Department initiate it. Chairman McIver thanked Mr. Bettendorf for presenting this matter.

Members of the Astoria and Warrenton Chambers of Commerce appeared before the Commission regarding commencement of construction on US 101 between Astoria and Gearhart. Present were E. R. Baldwin, City Manager, Warrenton; Chas. DeFoe, Manager of the Chamber of Commerce, Astoria; and Forrest Vaughn, Chairman of the Highway Committee of the Chamber of Commerce, Astoria. Mr. Baldwin acted as spokesman for the group and inquired as to whether the Commission could start purchasing right of way in 1959 and begin construction in 1960 on the Astoria-Gearhart Section of US 101. He pointed out that at the recent public hearing in Astoria almost all the governmental agencies submitted resolutions strongly supporting the Camp Rilea Route. Chairman McIver advised the delegation that the Commission has not acted on the selection of the route and will not make its decision until the next Commission meeting. Mr. Baldwin added that they would like to see the Commission select the route, acquire right of way and start construction to eliminate the dissension among the people in Clatsop County.

Mr. DeFoe pointed out that from all indications the Astoria-Megler Ferry will be operating for at least another five years, so certain improvements may be necessary. The area, he commented, is

not getting the type of ferry service to which it is entitled. There are three state-owned ferries, he added, that operate at certain times during the year; however, the smallest ferry, Tourist No. 2, presently is in service until Tourist No. 3 is completely repaired, and then the No. 3 will be the sole service ferry during the winter months except when there are overloads. Tourist Nos. 2 and 3, he pointed out, are older ferries and do not have the modern technical equipment on them that is on the M. R. Chessman Ferry. The Chessman can carry 44 cars while the Tourist Nos. 2 and 3 carry only 22 and 23 each. He pointed out the difficulties encountered by trucks on the smaller ferries because of the vertical height limitations, and that many of these trucks must be rerouted via the Longview Bridge or reloaded in Astoria onto smaller trucks. He told of the recent overloads on the ferry which resulted in delays to cars and trucks of about one and one-half hours, and it was his opinion that if the Chessman had been in operation such a situation would not have occurred. To provide the best service to the traveling public, it was his opinion that the Commission should give serious consideration to the operation of the Chessman Ferry during the winter months, except, of course, during the Chessman's annual Coast Guard inspection and overhaul period. Chairman McIver thanked the delegation for their presentation.

For the Commission's information the Engineer advised that it is contemplated to hold the annual conference of the American Association of State Highway Officials in Portland, Oregon, in 1963. He pointed out that all costs of the conference will be paid by AASHO. It is planned that the official headquarters for this conference will be in the new Hilton Hotel which will be completed by that time, and if adequate reservations can be secured, he will submit a bid to hold the 1963 conference in Portland. Chairman McIver stated that he will have the Hilton Hotel Convention Manager advise the Engineer whether the hotel can furnish the proper accommodations.

In response to an inquiry from the Commission, the Engineer advised that the Hillsdale-Barbur Boulevard-Hamilton Street structures on the Beaverton-Hillsdale and Pacific West Highways in Multnomah County will be officially opened to traffic on November 13, 1959.

The Assistant Chief Counsel presented for approval a resolution changing the necessity of taking which had been authorized by the Commission in May, 1959 on the Helen R. Miller property (File Nos. R-29425 and R-28866) on the Willamette River-42nd Avenue Section of the T. H. Banfield Expressway, Multnomah County. He explained that this resolution is to amend a previous resolution from a fee taking of 250 square feet to the taking of an easement, and he recommended adoption of the resolution. The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "C-16", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

There being no further business to come before the Commission, the meeting was declared adjourned at 12:00 noon.

Chairman

State Highway Engineer

Commissioner

Secretary

Commissioner

EXHIBITS "A" through "J"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

November 5 and 6, 1959

EXHIBIT "A"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in the right of way resolution, dated November 5, 1959, pages 1 through 46, as presented by the Right of Way Engineer and approved by the Highway Commission on November 5, 1959 and by this reference said right of way resolution of November 5, 1959 is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the Chief Counsel for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

EXHIBIT "B-1"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Rowena-Chenoweth Creek Section of the Columbia River Highway described as follows:

A parcel of land lying in Lot 22, Rowena Tracts, situated in Section 11, Township 2 North, Range 12 East, W. M., Wasco County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 138, Page 374 of Wasco County Records of Deeds; the said parcel being that portion of said property lying Southerly of a line which is parallel to and 150 feet Southerly of the center line of the relocated Columbia River Highway, which center line is described as follows:

Beginning at Engineer's center line Station 1900+23.53, said Station being 1759 feet North and 964 feet West of the East quarter corner of said Section 11; thence South 68° 47' East, 676.47 feet to Station 1907+00.

Bearings used herein are based upon the Oregon Coordinate System, North zone.

The parcel of land to which this description applies contains 0.40 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the relocated Columbia River Highway and shall also provide that said property shall never be used for placing, maintenance or display of any advertising sign within view of the relocated Columbia River Highway, except such use to which the property conveyed is

EXHIBIT "B-1" (Cont)

devoted.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 235 be entered in the minutes and records of the Commission as of the 5th day of November, 1959.

EXHIBIT "B-2"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcels of land in the Goshen-Divide Section of the Pacific Highway described as follows:

PARCEL A. A parcel of land lying in the John Cochran D. L. C. #55, situated in Section 27, Township 20 South, Range 3 West, W. M., Lane County, Oregon, and being a portion of that property conveyed to the State of Oregon by and through its State Highway Commission by that certain deed recorded on Reel 38-54D, Instrument No. 30356 of Lane County Records of Deeds; the said parcel being described as follows:

Beginning on the East line of said Cochran D. L. C. #55 at the Northeast corner of that property described in that deed to George E. and Etta A. Finnerty, recorded in Book 359, Page 29 of Lane County Deed Records, said corner being North 1908.5 feet from the Southeast corner of said Cochran D. L. C.; thence Southerly along the East line of said Cochran D. L. C., 331 feet, more or less, to the Southerly line of said State of Oregon property; thence Westerly along said Southerly line 195 feet, more or less, to a line which is parallel to and 190 feet Easterly of the center line of the relocated Pacific Highway as said center line is described in said State of Oregon deed; thence North 20° 40' East, parallel to said center line 615 feet, more or less, to the East line of said Cochran D. L. C.; thence Southerly along said East line 220 feet, more or less, to the point of beginning.

The center line bearing used above is based on the Oregon Co-ordinate System, South Zone.

The parcel of land to which this description applies contains 1.3 acres outside of existing right of way.

PARCEL B. A parcel of land lying in the John Cochran D. L. C. #55, situated in Section 27, Township 20 South, Range 3 West, W. M., Lane County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon by and through its State Highway Commission, recorded on Reel 39-54D, Instrument No. 31313, Lane County Records of Deeds; the said parcel being described as follows:

Beginning at the intersection of the Northerly line of the right of way of the O. P. & E. Railroad with the East line of said Cochran D. L. C.; thence Northerly along the East line of said Cochran D. L. C., 740 feet, more or less, to the North line of said property; thence Westerly along said North line 200 feet,

EXHIBIT "B-2" (Cont)

more or less, to a line which is parallel to and 200 feet Easterly of the center line of the relocated Pacific Highway as said center line is described in said State of Oregon deed; thence South 20° 40' West, parallel to said center line 630 feet, more or less, to the Northerly right of way line of said railroad; thence Easterly along said railroad right of way line 430 feet, more or less, to the point of beginning.

ALSO beginning at the intersection of the Northerly line of the right of way of the O. P. & E. Railroad with the West line of the John Partin D. L. C. #64, Township 20 South, Range 3 West, W. M. and running thence North along the West line of said claim, 750 feet; thence East 115 feet; thence South 750 feet, more or less, to the Northerly line of the right of way of said railroad; thence Westerly along the Northerly line of said railroad to the place of beginning, in Lane County, Oregon.

The center line bearing used above is based on the Oregon Co-ordinate System, South Zone.

The parcel of land to which this description applies contains 6.75 acres, outside of the existing right of way.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2,500.00 for Parcels A and B, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the relocated Pacific Highway and shall also provide that said property shall never be used for placing, maintenance or display of any advertising sign within view of the relocated Pacific Highway, except such use to which the property conveyed is devoted.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 236 be entered in the minutes and records of the Commission as of the 5th day of November, 1959.

EXHIBIT "B-3"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the S.E. Flavel Street-S.P. Co. Overcrossing Section of the Cascade Highway described as follows:

A parcel of land lying in the SW¼SW¼ of Section 33, Township 1 South, Range 2 East, W.M., Clackamas County, Oregon, and being a portion of that property described in that deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 495, Page 260, of Clackamas County Records of Deeds; the said parcel being that portion of said property lying East of a line which is parallel to and 75' East of the center line of the Cascade Highway as said highway has been relocated, which center line is described as follows:

Beginning at Engineer's center line Station 428+00, said Station being 1704.4 feet South and 58.3 feet West of the W¼ corner of said Section 33; thence South 1° 57' 30" West (deed bearing South 1° 48' W) 300 feet to Station 431+00, the Westerly line of said parcel crossing the North and South lines of said property approximately opposite Stations 429+16 and 430+34, respectively.

The parcel of land to which this description applies contains 0.17 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,200.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the relocated Cascade Highway except there shall be two points of access, each 30 feet in width, from said property to the relocated Cascade Highway at points to be determined prior to the conveyance of the property, said access points to be unrestricted as to use.

EXHIBIT "B-3" (Cont)

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 237 be entered in the minutes and records of the Commission as of the 5th day of November, 1959.

EXHIBIT "B-4"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Rowena-Chenoweth Creek Section of the Columbia River Highway described as follows:

A parcel of land lying in Lots 46, 47 and 50, Rowena Tracts, situated in Section 12, Township 2 North, Range 12 East, W.M., Wasco County, Oregon, and being a portion of that property described in those certain deeds to the State of Oregon, by and through its State Highway Commission, recorded in Book 124, Page 523; Book 123, Page 667; Book 124, Page 428; Book 124, Page 170 and in Book 124, Page 505 of Wasco County Records of Deeds; the said parcel being described as follows:

Beginning at a point opposite and 150 feet Southerly of Station 1960+00 on the center line of the relocated Columbia River Highway; thence North 71° 41' West, parallel to and 150 feet Southerly of said highway center line, a distance of 880 feet, more or less, to the Westerly line of said State of Oregon property, described in Book 124, Page 523; thence Southerly along said Westerly line 95 feet, more or less, to the Northerly right of way line of the old Columbia River Highway; thence Easterly along said Northerly right of way line 860 feet, more or less, to a point opposite Station 1960+00 on the centerline of said relocated highway; thence North 18° 19' East, at right angles to said center line, a distance of 60 feet, more or less, to the point of beginning.

The center line herein referred to is described as follows:

Beginning at Engineer's center line Station 1943+19.34, said Station being 2867.74 feet North and 2216.67 feet West of the Southeast corner of said Section 12; thence South 71° 41' East, 2180.66 feet to Station 1965+00.

Bearings used herein are based upon the Oregon Coordinate System, North Zone.

The parcel of land to which this description applies contains 2.0 acres, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

EXHIBIT "B-4" (Cont)

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the relocated Columbia River Highway and shall also provide that said property shall never be used for placing, maintenance or display of any advertising sign within view of the relocated Columbia River Highway, except such use to which the property conveyed is devoted.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 238 be entered in the minutes and records of the Commission as of the 5th day of November, 1959.

EXHIBIT "B-5"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Salem By-Pass Section of the Pacific Highway described as follows:

A parcel of land lying in Section 25, Township 8 South, Range 3 West, W.M., Marion County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 453, Page 101 of Marion County Records of Deeds; the said parcel being described as follows:

Beginning at the Southeast corner of said property, said corner being on the quarter section line extending North and South through the center of Section 25, Township 8 South, Range 3 West, of the Willamette Meridian in Marion County, Oregon, at a point which is 27 chains North 0° 04' West from the quarter section corner on the South line of the said Section 25; thence North 0° 04' West 6.099chains; thence North 89° 47' West 30.678 chains; thence North 4° 12' West 1.716 chains; thence North 89° 47' West, 130 feet, more or less, to a line which is parallel to and 120 feet Easterly of the center line of the relocated Pacific Highway; thence Southerly parallel to said center line, 515 feet, more or less, to the South line of said property; thence South 89° 47' East, 2124 feet, more or less, to the point of beginning.

The parcel of land to which this description applies contains 19.76 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $3,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amourt.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the relocated Pacific Highway and shall also provide that said property shall never be used for placing, maintenance or display of any

EXHIBIT "B-5" (Cont)

advertising sign within view of the relocated Pacific Highway, except such use to which the property conveyed is devoted.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 239 be entered in the minutes and records of the Commission as of the 5th day of November, 1959.

32198

EXHIBIT "B-6"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Salem-Stout Creek Section of the North Santiam Highway described as follows:

A parcel of land lying in Lots 1, 2, 20 and 21, Maplewood Subdivision, situated in Section 5, Township 8 South, Range 2 West, W.M., Marion County, Oregon, the said parcel being described as follows:

Beginning at a point opposite and 125 feet Northerly of Station 236+40 on the center line of the relocated North Santiam Highway, said point also being 1877.91 feet South and 2173.16 feet East of the Northeast corner of the South half of the Benjamin Munkers DLC, Township 7 and 8 South, Range 2 West, W.M.; thence S 64° 53' E, parallel to and 125 feet Northerly of said center line 1800 feet, more or less, to the Northeasterly line of said Lot 20; thence Northwesterly along the Northeasterly lines of said Lots 20 and 21, a distance of 630 feet, more or less, to the most Northerly corner of said Lot 21; thence Southwesterly along the Northwesterly line of said Lot 21 to the most Easterly corner of said Lot 2; thence Northwesterly along the Northeasterly line of said Lot 2, a distance of 1075 feet, more or less, to a line which is parallel to and 30 feet Southeasterly of the center line of Holland Drive (a County Road); thence S 47° 19' W, parallel to the center line of Holland Drive, 155 feet, more or less, to a point opposite Station 10+00 on said center line of Holland Drive; thence S 39° 10' 36" W, 336.69 feet to the point of beginning.

Bearings used herein are based upon the Oregon Co-ordinate System, North Zone.

The parcel of land to which this description applies contains 8.8 acres.

The property will be sold subject to an easement to be of two years duration for the purpose of a detour road during construction of an overpass at Station 235+05.09.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found

EXHIBIT "B-6" (Cont)

and estimated to be the sum of $3,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the North Santiam Highway.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 240 be entered in the minutes and records of the Commission as of the 5th day of November, 1959.

32200

EXHIBIT "B-7"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Olalla Creek-Toledo Section of the Corvallis-Newport Highway described as follows:

> A parcel of land lying in the SW¼ of Section 8 and the NW¼ of Section 17, Township 11 South, Range 10 West, W. M., Lincoln County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon, by and through its State Highway Commission, Recorded in Book 72, Page 529 of Lincoln County Records of Deeds; the said parcel being that portion of said property lying Westerly of the Westerly line of the old Corvallis-Newport Highway and lying Easterly of a line which is parallel to and 60 feet Easterly of the center line of the present Corvallis-Newport Highway, the said parcel lies between center line stations 2550+50 and 2553+50 respectively and contains 0.14 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the relocated Corvallis-Newport Highway.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 241 be entered in the minutes and records of the Commission as of the 5th day of November, 1959.

EXHIBIT "B-8"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway described as follows:

A parcel of land lying in Lot 8, Block 10, Glenn Cullen, situated in Section 17, Township 1 South, Range 1 East, W. M., Multnomah County, Oregon, the said parcel being that portion of said Lot 8 lying Northerly of a line which is parallel to and 45' Northerly of the center line of the relocated Beaverton-Hillsdale Highway, which center line is described as follows:

Beginning at Engineer's center line station 57+80.85, said station being 421 feet North and 967 feet West of the center of said Section 17; thence on a spiral curve left (the long chord of which bears North 58° 30' 20" West), 150 feet; thence on a 1909.86 foot radius curve left (the long chord of which bears North 64° 21' 40" West, 290.37 feet; thence on a spiral curve left (the long chord of which bears North 70° 13' West), 150 feet to Station 63+71.22.

The parcel of land to which this description applies contains 6,000 square feet, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,200.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchasers, all rights of ingress and egress to, from and between the said real property and the right of way of the relocated Beaverton-Hillsdale Highway, except for one point of access, 25 feet in width, unrestricted as to use for service of the said land.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 242 be entered in the minutes and records of the Commission as of the 5th day of November, 1959.

32202

EXHIBIT "C-1"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

EXHIBIT "C-1" (Cont.)

not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transporation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be required, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title

to said parcels of real property, or interest therein that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959, as Condemnation Resolution No. 1217.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1217, under the heading "Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-2"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Lancaster Drive-Sublimity Gun Club Section of the North Santiam Secondary Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the

owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Lancaster Drive-Sublimity Gun Club Section of the North Santiam Secondary Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated North Santiam Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Lancaster Drive-Sublimity Gun Club Section of the North Santiam Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

EXHIBIT "C-2" (Cont.)

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959, as Condemnation Resolution No. 1218.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1218, under the heading "Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

32208

EXHIBIT "C-3"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light, and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Washington County Line-Highlands Interchange Section of the Sunset Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the

EXHIBIT "C-3" (Cont.)

owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and the maintenance of the said Washington County Line-Highlands Interchange Section of the Sunset Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Sunset Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Washington County Line-Highlands Interchange Section of the Sunset Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

EXHIBIT "C-3" (Cont.)

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959 as Condemnation Resolution No. 1219.

---

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1219, under the heading "Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-4"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Albany-Judkins Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A" no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Albany-Judkins Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

EXHIBIT "C-4" (Cont.)

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

32214

EXHIBIT "C-5"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Forest Boundary-Haines Section of the Haines-Anthony Secondary Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Forest Boundary-Haines Section of the Haines-Anthony Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "C-5" (Cont.)

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Haines-Anthony Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Forest Boundary-Haines Section of the said Haines-Anthony Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959 as Condemnation Resolution No. 1221.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1221, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

32216

EXHIBIT "C-6"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Unit, Lost Creek-Cascade Gorge Section of the Crater Lake Highway; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Unit, Lost Creek-Cascade Gorge Section of the Crater Lake Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

EXHIBIT "C-6" (Cont.)

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Crater Lake Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Unit, Lost Creek-Cascade Gorge Section of the said Crater Lake Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959, as Condemnation Resolution No. 1222.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1222, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

32218

EXHIBIT "C-7"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the S. E. Flavel St.-Lake Road Section of the Cascade State Secondary Highway; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said S. E. Flavel St.-Lake Road Section of the Cascade State Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

EXHIBIT "C-7" (Cont.)

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and improved Cascade State Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said S. E. Flavel St.-Lake Road Section of the said Cascade State Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959, as Condemnation Resolution No. 1223.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1223, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-8"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any exisiting state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

EXHIBIT "C-8" (Cont.)

not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title

EXHIBIT "C-8" (Cont.)

to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November , 1959, as Condemnation Resolution No. 1224 .

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1224, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-9"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture or roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Cedar Creek-Chitwood Creek Section of the Siletz Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Cedar Creek-Chitwood Creek Section of the Siletz Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "C-9" (Cont.)

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and relocated Siletz Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Cedar Creek-Chitwood Creek Section of the said Siletz Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959, as Condemnation Resolution No. 1225.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1225, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-10"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Camp Adair-Lewisburg Section of the Pacific Highway West; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Camp Adair-Lewisburg Section of the Pacific Highway West, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Pacific Highway West and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Camp Adair-Lewisburg Section of the Pacific Highway West and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking,

EXHIBIT "C-10" (Cont.)

and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959, as Condemnation Resolution No. 1226.

EXHIBIT "C-11"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of the hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Depot Slough Section of the Corvallis-Newport Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

EXHIBIT "C-11" (Cont.)

not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Depot Slough Section of the Corvallis-Newport Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Corvallis-Newport Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Depot Slough Section of the Corvallis-Newport Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to

final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959, as Condemnation Resolution No. 1227.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1227, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-12"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Lake Road-Oregon City Section of the Cascade Secondary Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the Cascade Secondary Highway, certain interests in or

fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Cascade Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the relocation, construction, improvement and maintenance of the said Lake Road-Oregon City Section of the said Cascade Secondary Highway and the highway facilities for which each of said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959, as Condemnation Resolution No. 1228.

EXHIBIT "C-13"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Oregon-Washington Highway-Old Oregon Trail Highway Section of the Umatilla Mission Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Oregon-Washington Highway-Old Oregon Trail Highway Section of the Umatilla Mission Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of

EXHIBIT "C-13" (Cont.)

the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Umatilla Mission Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Oregon-Washington Highway-Old Oregon Trail Highway Section of the said Umatilla Mission Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959, as Condemnation Resolution No. 1229.

EXHIBIT "C-14"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Wilderville-Grants Pass Section of the Redwood Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately

needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Redwood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.

3. That the relocation, construction, improvement and maintenance of the said Wilderville-Grants Pass Section of the Redwood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels

EXHIBIT "C-15"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stockpile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Judkins Point-Goshen Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the

EXHIBIT "C-15" (Cont.)

location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the Judkins Point-Goshen Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A" no rights of access of any nature between the right of way of the said widened and relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Judkins Point-Goshen Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and

EXHIBIT "C-16"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or stree ; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways: or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as thr ughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, includi g easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Willamette River-42nd Avenue Section of the T. H. Banfield Expressway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and

EXHIBIT "C-16" (Cont.)

maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Willamette River-42nd Avenue Section of the T. H. Banfield Expressway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated T. H. Banfield Expressway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Willamette River-42nd Avenue Section of the T. H. Banfield Expressway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which

EXHIBIT "C-16" (Cont.)

will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 6th day of November, 1959 as Condemnation Resolution No. 1152-a.

---

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1152-a, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract #4828 with Roy L. Houck & Sons, for grading-paving the Tillahee-North Jefferson Jct. Section of Pacific Highway East in Marion County, completed February 24, 1959.

"Contract #4998 with G. D. Dennis & Sons, for grading the SW 14th Avenue-Washington County Line Unit of Harbor Drive-Washington County Line Section of the Portland-Salem Expressway in Multnomah County, completed July 22, 1959.

"Contract #5024 with Roy L. Houck & Sons, for grading the South Unit of the SPRR Overcrossing-Santiam Jct. Section of Pacific Highway in Linn County, completed May 30, 1959.

"Contract #5112 with Porter W. Yett, for structure-grading-paving the Murray Road Interchange of Sunset Highway in Washington County, completed September 28, 1959.

"Contract #5164 with McNutt & Sons, Inc., for grading-paving the Minam-Rock Creek Section of the Wallowa Lake Highway in Wallowa County, completed April 20, 1959.

"Contract #5173 with C. R. O'Neil, for structure-grading-paving the Shady-Roberts Creek Section of Pacific Highway in Douglas County, completed August 3, 1959.

"Contract #5207 with R. A. Heintz Construction Co., for grading the Saddle Butte-Twin Buttes Section of Pacific Highway in Linn County, completed October 21, 1959.

"Contract #5236 with Sig Andersson, for construction of Cooper Bridge on the North Fork Coquille River Section of Myrtle Point-Fairview County Road in Coos County, completed October 9, 1959.

EXHIBIT "E-1"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

(a) If needed for the service of persons living thereon, or communities served thereby, be maintained by the Commission at the State's expense or by the County, or by the State and County, on such terms and conditions as may be agreed upon;

(b) If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, State has relocated and constructed the Bear Creek Section of the Siuslaw Highway, State Primary Highway No. 34, in Lane County, the northerly terminus of which is at relocated Highway Engineer's Centerline Station 505+00 on the relocated highway and the southerly terminus of which is at relocated Highway Engineer's Centerline Station 563+00 on the relocated highway; and

WHEREAS, due to the relocation of the aforesaid section, portions of the former right of way are no longer needed for right of way purposes and may be eliminated as a section of the original Siuslaw Highway, State Primary Highway No. 34. The said section to be eliminated is hereinafter designated as Units "A" and "B" as shown colored in brown on the map attached hereto, marked Exhibit "A" and by this reference made a part hereof. *

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That, by reason of the relocation of the Siuslaw Highway, State Primary Highway No. 34, in Lane County, a section of the original Siuslaw Highway is no longer needed by the State of Oregon and is not required for part of the said new right of way of the said relocated Siuslaw Highway, nor is it needed for the service of persons living thereon, or communities served thereby, which said section to be eliminated is identified as Units "A" and "B" as shown on the attached Exhibit "A" and described as follows: *

Unit "A": All the land situated within the right of way boundary lines of the Siuslaw Highway as formerly routed,

EXHIBIT "E-1" (Cont.)

beginning at the easterly right of way line opposite relocated Highway Engineer's Centerline Survey Station 545+95 of said highway as relocated in the northeast quarter of the northeast quarter ($NE\frac{1}{4}$-$NE\frac{1}{4}$), Section 25, Township 16 South, Range 6 West, W.M.; thence northerly along said former highway to the easterly right of way line opposite relocated Highway Engineer's Centerline Survey Station 533+35 of said relocated highway in the southeast quarter of the southeast quarter ($SE\frac{1}{4}$-$SE\frac{1}{4}$), Section 24, Township 16 South, Range 6 West, W. M.

Unit "B": All the land situated within the right of way boundary lines of the Siuslaw Highway as formerly routed beginning at the southeasterly right of way line opposite relocated Highway Engineer's Centerline Survey Station 530+40 of said highway as relocated in the southeast quarter of the southeast quarter ($SE\frac{1}{4}$-$SE\frac{1}{4}$), Section 24, Township 16 South, Range 6 West, W.M.; thence northeasterly along said highway as formerly routed to the southeasterly right of way line opposite relocated Highway Engineer's Centerline Survey Station 524+65 of said relocated highway in the southeast quarter of the southeast quarter ($SE\frac{1}{4}$-$SE\frac{1}{4}$), Section 24, Township 16 South, Range 6 West, W. M.

2. That Units "A" and "B" are hereby duly eliminated as a part of the Siuslaw Highway, State Primary Highway No. 34 and the state highway system; and all right, title, and interest which State has in said Units "A" and "B" hereby pass to and vest in the abutting property owners.

3. That this resolution be entered in full in the minutes and records of this Highway Commission as Abandonment and Retention Resolution No. 364 this 5th day of November, 1959, and the Secretary is ordered to mail certified copies hereof to the Lane County Board of Commissioners.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 364, under the heading "Abandonment and Retention" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "E-2"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

(a) If needed for the service of persons living thereon, or communities served thereby, be maintained by the Commission at the State's expense or by the County, or by the State and County, on such terms and conditions as may be agreed upon;

(b) If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, under the provisions of ORS 271.330, State may relinquish title to any of its property not needed for public use to any governmental body or political subdivision within the State, providing such property shall be used and continue to be used for a public purpose by such governmental or political subdivision within the State; and

WHEREAS, under the provisions of ORS 373.010, whenever the route of any state highway passes through the corporate limits of any city the Highway Commission shall select and designate the streets of the city over which the state highway shall be routed and may alter or change such routing when in its opinion the interests of the motoring public will be better served; and

WHEREAS, State has relocated a section of the Hillsboro-Silverton Highway, State Secondary Highway No. 140, in Marion and Yamhill Counties known as the Newberg-Gerin Corner Section, the northerly terminus of which is at relocated Highway Engineer's Centerline Station 0+00 on the relocated highway and the southerly terminus of which is at relocated Highway Engineer's Centerline Station 231+00 on the relocated highway; and

WHEREAS, due to the relocation of the aforesaid section, a portion of the former right of way is no longer needed for right of way purposes and may be eliminated as a section of the original Hillsboro-Silverton Highway, State Secondary Highway No. 140, which section to be eliminated is hereinafter designated as Units "A", as shown colored in

EXHIBIT "E-2" (Cont.)

blue and "B" and "C", as shown colored in red, all on the map attached hereto, marked Exhibit "A" and by this reference made a part hereof; and *

WHEREAS, State, Marion County, Yamhill County, and the City of Newberg entered into an agreement dated February 15, 1957, relating to the elimination and disposition to be made of the said section of the said original Hillsboro-Silverton Highway which is subject to elimination; and

WHEREAS, said agreement provides that State, by resolution, upon the completion of the said relocated section of the said Hillsboro-Silverton Highway, shall:

1. Eliminate Unit "A" as part of the said highway; and all right, title and interest of State in said Unit "A" shall pass to and vest in the City of Newberg.

2. Formally eliminate said Unit "B" as part of the Hillsboro-Silverton Highway, State Secondary Highway No. 140, and the state highway system; and all right, title and interest which State has in said Unit "B" shall pass to and vest in Yamhill County and Yamhill County shall accept all right, title and interest which State has in said Unit "B" and shall maintain said Unit "B" as part of the county road system so long as needed for the service of persons living thereon or communities served thereby.

3. Formally eliminate Unit "C" as part of said Hillsboro-Silverton Highway, State Secondary Highway No. 140, and the state highway system; and all right, title and interest which State has in said Unit "C" shall pass to and vest in Marion County and Marion County shall accept all right, title and interest which State has in said Unit "C" and shall maintain said Unit "C" as part of the county road system so long as needed for the service of persons living thereon or communities served thereby.

4. Eliminate the existing Willamette River Bridge as part of said highway; and all right, title and interest of State in said bridge shall pass to and vest in the City of Newberg so long as said bridge is used for public purposes. Said bridge is located in Section 29, Township 3 South, Range 2 West, W.M. as shown on said Exhibit "A" and is known as State Highway Bridge No. 1326. *

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That, by reason of the relocation of the Hillsboro-Silverton Highway, State Secondary Highway No. 140, a section of the former right of way of the Hillsboro-Silverton Highway is no longer needed by the State of Oregon and is not required for part of the said new right of way

EXHIBIT "E-2" (Cont.)

of the said relocated Hillsboro-Silverton Highway which said section to be eliminated is identified as Units "A", "B" and "C" as shown on the attached Exhibit "A" and described as follows: *

Unit "A"

All the land situated within the right of way boundaries of the Hillsboro-Silverton Secondary Highway as formerly routed, beginning at the intersection of said highway as formerly routed and the Pacific Highway West in the City of Newberg; thence southerly, easterly and southeasterly via said Hillsboro-Silverton Secondary Highway as formerly routed to the southerly city boundary of the City of Newberg.

Unit "B"

All the land situated within the right of way boundaries of the Hillsboro-Silverton Secondary Highway as formerly routed, beginning on said highway as formerly routed at the southerly city boundary of the City of Newberg; thence southerly via said highway as formerly routed to the mean high-water line on the northeasterly bank of the Willamette River in Section 29, Township 3 South, Range 2 West, W. M.

Unit "C"

All the land situated within the right of way boundaries of the Hillsboro-Silverton Secondary Highway as formerly routed, beginning at the mean high-water line on the southwesterly bank of the Willamette River in Section 29, Township 3 South, Range 2 West, W.M.; thence southerly and southeasterly via said highway as formerly routed to the westerly right of way line opposite Highway Engineer's Survey Station 179+18.18 in the northwest quarter ($NW\frac{1}{4}$), Section 4, Township 4 South, Range 2 West, W.M.

2. That pursuant to said agreement entered into with Marion County, Yamhill County and the City of Newberg on February 15, 1957, Units "A", "B" and "C" as heretofore described and as shown on said attached Exhibit "A" are hereby duly eliminated as part of the Hillsboro-Silverton Highway, State Secondary Highway No. 140, and the state highway system; and all jurisdiction which State has in said Unit "A" hereby passes to and vests in the said City of Newberg and all control and maintenance of said Unit "A" shall hereafter be the responsibility of the City of Newberg; all right, title and interest which State has in said Unit "B" hereby passes to and vests in said Yamhill County; and all right, title and interest which State has in said Unit "C" hereby passes to and vests in Marion County. *

3. That pursuant to said agreement, the aforementioned bridge spanning the Willamette River, as shown on the attached Exhibit "A", is hereby duly eliminated as part of the Hillsboro-Silverton Highway and the state highway system and all right, title and interest which State has in

EXHIBIT "E-2" (Cont.)

said bridge hereby passes to and vests in said City of Newberg so long as it is used for public purposes. *

4. That this resolution be entered in full in the minutes and records of this Highway Commission as Abandonment and Retention Resolution No. 325 this 5th day of November, 1959, and the Secretary is hereby ordered to mail a duplicate original hereof to the County Courts of Marion and Yamhill Counties and to the City Recorder of the City of Newberg.

32256

EXHIBIT "E-3"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment there is eliminated from the original highway a section thereof, the eliminated section shall:

A. If needed for the service of persons living thereon or communities served thereby, be maintained by the Commission at the State's expense, or by the County, or by the State and County, on such terms and conditions as may be agreed upon.

B. If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, State has relocated and constructed a section of the Columbia River Highway, State Primary Highway No. 2, known as the Wauna-Westport Section in Clatsop County, the westerly terminus of which is at relocated Highway Engineer's Centerline Survey Station 202+00 and the easterly terminus of which is at relocated Highway Engineer's Centerline Survey Station 337+00 on the relocated highway; and

WHEREAS, due to the relocation of the aforesaid section, portions of the former right of way are no longer needed for right of way purposes and may be eliminated as sections of the original Columbia River Highway, State Primary Highway No. 2, which sections to be eliminated are hereinafter designated as Unit "A" as shown colored in red, and Unit "B" as shown colored in brown on the map attached hereto, marked Exhibit "A" and by this reference made a part hereof; and *

WHEREAS, Clatsop County and the State Highway Commission entered into an agreement on the 20th day of June, 1958, relating to the elimination and disposition to be made of that certain section of the said original Columbia River Highway which is subject to elimination and is hereinafter referred to as Unit "A"; and

WHEREAS, said agreement provides that State, by resolution upon completion of the said section of said Columbia River Highway, shall formally eliminate said Unit "A" as part of the Columbia River Highway, State Primary Highway No. 2, and the state highway system; and that all right, title, and interest which State has in Unit "A"

EXHIBIT "E-3" (Cont.)

shall pass to and vest in the County and County shall accept all right, title, and interest which State has in said Unit "A" and shall maintain said Unit "A" as part of the county road system so long as needed for the service of persons living thereon or communities served thereby;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That, by reason of the relocation of the Columbia River Highway, State Primary Highway No. 2 in Clatsop County, a section of the former right of way of said Columbia River Highway is no longer needed by the State of Oregon and is no longer required for part of the new right of way of said relocated Columbia River Highway, which said section is identified as Unit "A" as shown colored in red on said Exhibit "A" and described as follows: *

Unit "A"
All the land situated within the right of way boundaries of the Columbia River Highway as formerly routed, beginning at the southerly right of way line of said highway as relocated opposite relocated Highway Engineer's Centerline Survey Station 202+40 in the northwest quarter of the northeast quarter ($NW\frac{1}{4}$-$NE\frac{1}{4}$), Section 27, Township 8 North, Range 6 West, W.M.; thence southeasterly and easterly via said highway as formerly routed to the westerly end of a road connection between said relocated highway and said former highway at Highway Engineer's Centerline Survey Station 5+60.2 of said connection in the southeast quarter of the northeast quarter ($SE\frac{1}{4}$-$NE\frac{1}{4}$), Section 35, Township 8 North, Range 6 West, W.M.

2. That pursuant to the said agreement entered into with Clatsop County on the 20th day of June, 1958, Unit "A", as heretofore described and as shown colored in red on Exhibit "A", is hereby duly eliminated as part of the Columbia River Highway, State Primary Highway No. 2, and all right, title, and interest which State has in said Unit "A" hereby passes to and vests in said Clatsop County. *

3. That, by reason of the relocation of the Columbia River Highway, State Primary Highway No. 2, in Clatsop County, the hereinafter described section of the former right of way of the said Columbia River Highway is no longer needed by the State of Oregon for highway or other public use or for the service of persons living thereon or communties served thereby, which said section to be eliminated is identified as Unit "B" as shown colored in brown on said Exhibit "A" and described as follows: *

EXHIBIT "E-3" (Cont.)

Unit "B"

All the land situated within the right of way boundary lines of the Columbia River Highway as formerly routed, beginning at the easterly right of way line of a road connection between said highway as relocated and said highway as formerly routed in the southeast quarter of the northeast quarter ($SE\frac{1}{4}$-$NE\frac{1}{4}$), Section 35, Township 8 North, Range 6 West, W.M.; thence southeasterly along said highway as formerly routed to the easterly right of way line of said highway as relocated opposite relocated Highway Engineer's Centerline Survey Station 321+80 in the northeast quarter of the southwest quarter ($NE\frac{1}{4}$-$SW\frac{1}{4}$), Section 36, Township 8 North, Range 6 West, W.M.

4. That Unit "B", as heretofore described and as shown colored in brown on the attached Exhibit "A", is hereby duly eliminated as a part of the Columbia River Highway, State Primary Highway No. 2, and all right, title, and interest which State has in said Unit "B" hereby passes to and vests in the abutting property owners. *

5. That this resolution be entered in full in the minutes and records of this Highway Commission as Abandonment and Retention Resolution No. 353 this 5th day of November, 1959, and the secretary is ordered to mail a certified copy hereof to the Clatsop County Court.

---

EXHIBIT "E-4"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

a. If needed for the service of persons living thereon or communities served thereby, be maintained by the Commission at the State's expense, or by the County, or by the State and County, on such terms and conditions as may be agreed upon:

b. If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or valuable for any public use; and

WHEREAS, the State has relocated a section of the Richardson-Eugene Highway, State Secondary Highway No. 220, known as Richardson-Siuslaw River Section, in Lane County, the westerly terminus of which is at relocated Highway Engineer's Center Line Survey Station 647+05.33 and the easterly terminus of which is at relocated Highway Engineer's Center Line Survey Station 640+50 on the said relocated highway, and said relocated section of highway has now been completed and is open for public travel; and

WHEREAS, due to the relocation of the aforesaid section, a portion of the former right of way is no longer needed for right of way purposes and may be eliminated as a section of the said original Richardson-Eugene Highway, State Secondary Highway No. 220, which section is hereinafter designated as Unit "A" as shown on Exhibit "A" which is attached hereto and by this reference made a part hereof; and *

WHEREAS, Lane County and the State Highway Commission entered into an agreement on the 11th day of February, 1958, relating to the elimination and disposition to be made of that certain section of the said original Richardson-Eugene Highway, which is subject to elimination, and hereinafter referred to as Unit "A"; and

WHEREAS, said agreement provides the State, by resolution, would formally eliminate the said Unit "A" as part of the Richardson-Eugene Highway, State Secondary Highway No. 220, and the state highway system, and that all right, title and interest which State has in said Unit "A" should pass to and vest in the County and the County should accept all the right, title and interest which State has in said Unit "A"

EXHIBIT "E-4" (Cont.)

and would maintain said Unit "A" as the county road so long as needed for the service of persons living thereupon or communities served thereby; and

WHEREAS, in the judgment of the Commission, certain other portions of the right of way of the former Richardson-Siuslaw River Section of the Richardson-Eugene Highway, State Secondary Highway No. 220, together with the real property acquired by State for highway right of way and other public purposes, are needed and valuable for public use, and that title should remain in the public to the said portion as shown colored in green on the map attached hereto, marked Exhibit "A" and by this reference made a part hereof. *

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That by reason of the relocation of the Richardson-Siuslaw River Section of the Richardson-Eugene Highway, State Secondary Highway No. 220, in Lane County, a section of the former right of way of the Richardson-Siuslaw River Section of the Richardson-Eugene Highway is no longer needed by the State of Oregon, and is no longer required for a part of the said new right of way of said relocated Richardson-Eugene Highway, which said section is identified as Unit "A" on said Exhibit "A" and is described as follows: *

Unit "A":

All the land situated within the right of way boundaries of the Richardson-Eugene Highway as formerly routed beginning at a junction of said highway as formerly routed with Route "F" Road and Stagecoach Road in the southwest quarter of the northeast quarter ($SW\frac{1}{4}$ $NE\frac{1}{4}$), Section 18, Township 18 South, Range 8 West, W.M.; thence easterly via said highway as formerly routed to a junction with the Siuslaw River Road in the northeast quarter of the southeast quarter ($NE\frac{1}{4}$ $SE\frac{1}{4}$), Section 16, Township 18 South, Range 8 West, W. M.

2. That pursuant to an agreement entered into with Lane County on the 11th day of February, 1958, Unit "A" as heretofore described and as shown colored in red on said attached map marked Exhibit "A", is hereby duly eliminated as part of the Richardson-Eugene Highway, State Secondary Highway No. 220 and the state highway system, and all right title and interest which State has in said Unit "A" does hereby pass to and vest in said Lane County. *

3. That title shall remain in State to that portion of the right of way of the former and of the relocated section of the Richardson-Eugene Highway, Oregon Secondary Highway No. 220, known as the said Richardson-Siuslaw River Section, in Lane County, together with any and all real property acquired by State for the highway right of way and other public use, as shown in green on said Exhibit "A" attached hereto. *

EXHIBIT "E-4" (Cont.)

4. That this resolution be entered in full in the minutes and records of this Commission as Resolution No. 348, this 5th days of November, 1959, and the Secretary is ordered to mail a duly certified copy hereof to the Board of County Commissioners of Lane County, Oregon.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 348, under the heading "Abandonment and Retention" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "F"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 366.345, has acquired roadside rest areas adjacent to, along or in close proximity to state highways for the convenience of the public and to contribute to the safety, general welfare and pleasure of the motoring public; and

WHEREAS, pursuant to ORS 366.350, the State Highway Commission is authorized to make regulations and provisions for the use and administration of said areas in a manner that will best afford the motoring public the necessary conveniences and accommodations; and

WHEREAS, such roadside rest areas are planned and operated to promote highway safety and provide convenient off-the-highway parking and accommodations for short intervals only, for rest, relaxation and recuperation, but are not provided with facilities for prolonged stays; and

WHEREAS, on September 23, 1954, the Commission enacted Miscellaneous Resolution No. 117 which provided that neither individuals nor vehicles could use the said roadside rest areas for a period of more than 4 hours in any 24-hour period; however, after due consideration it is now the opinion of the Commission that it would be to the convenience and pleasure of the motoring public to lengthen the time permitted for individuals or vehicles to camp or stay in the said rest areas to 18 hours during any 24-hour period;

NOW, THEREFORE, based upon the power and authority vested in this Commission by the State of Oregon, IT IS HEREBY ORDERED that no person or individual shall occupy, stay or camp in a roadside rest area for more than 18 hours during any 24-hour period.

IT IS FURTHER ORDERED, that no person or individual shall park or allow a motor vehicle to remain in a roadside rest area for more than 18 hours during any 24-hour period.

IT IS FURTHER ORDERED, that appropriate signs informing the public of the above orders be erected immediately at all roadside rest areas and that said orders shall become and remain effective upon the erection of such signs.

IT IS FURTHER ORDERED, that the prohibitions contained in this resolution shall be and are regulations adopted under authority of ORS 366.350 and violations of the same shall be punishable as provided in ORS 366.990.

IT IS FURTHER ORDERED, that this resolution shall fully rescind and cancel State Highway Commission Miscellaneous Resolution No. 117

EXHIBIT "F" (Cont)

dated September 23, 1954. (Now identified as No Parking Resolution No. 120-1)

IT IS FURTHER ORDERED, that a duly certified copy of this resolution be filed with the Secretary of State, and the Superintendent of State Police.

IT IS FURTHER ORDERED, that this resolution be entered as No Parking Resolution No. 120-1-a, in the minutes and records of the Oregon State Highway Commission this 5th day of November, 1959.

32264

EXHIBIT "G"

Minutes of November 5 and 6, 1959

R E S O L U T I O N

WHEREAS, on June 20, 1958, the State Highway Commission, by resolution, declared the necessity of acquiring a parcel of land lying in the South half ($S\frac{1}{2}$) of the Southwest quarter ($SW\frac{1}{4}$) of the Southeast quarter ($SE\frac{1}{4}$) of Section 3, Township 18 South, Range 47 East, Willamette Meridian, Malheur County, Oregon, consisting of 0.01 acre, and in addition a right of entry to go upon the remaining real property owned by Elliott T. Mutch, et al., (File No. R-26721 L-3243), for the relocation, construction, improvement and maintenance of the Ontario-Snake River Section of the Old Oregon Trail Highway; and

WHEREAS, it has now been determined that the Ontario-Snake River Section of the Old Oregon Trail Highway can be completed without the necessity of acquiring the said parcel and right of entry from the said Elliott T. Mutch, et al.; and

WHEREAS, present highway construction plans do not comtemplate using the said parcel or right of entry at this time or in the immediate future; and

WHEREAS, pursuant to the said resolution of June 20, 1958, the Legal Department of the State Highway Commission filed a condemnation proceeding to acquire the said parcel and right of entry on August 25, 1958, which said proceeding was pending in the Circuit Court of Malheur County, Oregon, and being Malheur County Circuit Court Case No. 8265-L, and was dismissed without prejudice on motion of the Chief Counsel for the State Highway Commission; and

WHEREAS, the State Highway Commission had not taken physical possession of the said parcel described in said resolution of June 20, 1958, and which parcel is also described in the said condemnation proceeding.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That that certain resolution adopted by this Commission on June 20, 1958, and identified as Condemnation Resolution No. 1039, declaring the necessity of acquiring the real property described above, is hereby cancelled and revoked.

2. That the action of the Chief Counsel for the State Highway Commission in dismissing, without prejudice, Malheur County Circuit Court Case No. 8265-L, entitled State of Oregon, by and through its State Highway Commission, composed of M. K. McIver, Robert B. Chesaman and Kenneth N. Fridley, vs. Elliot T. Mutch, et al. is hereby affirmed.

3. That this resolution be entered in full in the minutes and records of the Commission this 5th day of November, 1959, as Condemnation Resolution No. 1039-a.

EXHIBIT "H-1"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Columbia River

Highway number 2 Route number US 30

Location of Termini		Established Speed
M.P. 108.37 (0.18 mile east of the road to Wasco)	to M.P. 108.62 (0.43 mile east of the road to Wasco)	45 MPH

This resolution amends Speed Zone Resolution No. 115, adopted August 6, 1953, so as to provide for an extension of the 45 mile-per-hour speed zone.

EXHIBIT "H-1" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 115-a be entered in the minutes and records of the Commission as of the 5th day of November, 19 59, and that certified copies of this resolution be forwarded to the Secretary of State and to the Superintendent of the Department of State Police.

EXHIBIT "H-2"

Minutes of November 5 and 6, 1960

RES OLU TION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Columbia River

Highway number 2 Route number US 30 (I80N)

Location of Termini		Established Speed
M. P. 68.93 (east city limits of Mosier)	to M. P. 80.49 (0.27 mile east of Chenoweth Creek)	70 MPH

Rowena Interchange

Eastbound Off Ramp ---------- 35 MPH
Westbound Off Ramp ---------- 35 MPH

This resolution becomes effective as of MAY 1, 1960, when construction work is completed.

EXHIBIT "H-2" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 322 be entered in the minutes and records of the Commission as of the 5th day of November, 19 59, and that certified copies of this resolution be forwarded to the Secretary of State and to the Superintendent of the Department of State Police.

EXHIBIT "I"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the State Highway Commission is authorized to designate main traveled or "through" highways or sections thereof by placing at the entrances thereto from intersecting highways signs or markers, notifying drivers of vehicles to stop before entering or crossing such designated highway or highways, and the State Highway Commission is further authorized to designate particular intersections and place such stop signs or markers at one or more entrances thereto; and

WHEREAS, the Commission heretofore on the 21st day of September 1949, adopted a resolution by which certain state highways and sections thereof were declared to be and were designated as main or "through" highways, and the State Highway Engineer was instructed to properly mark the same; and

WHEREAS, by said resolution of September 21, 1949, the Highway Commission declared the Midland Highway No. 420 to be a through highway and stipulated that traffic should stop before entering said highway; and

WHEREAS, since adoption of said resolution of September 21, 1949, a traffic engineering investigation has been made which reveals that a revision of "Stop" signs is in order, and, based upon results of said investigation, the State Highway Engineer has recommended a modification of the order contained in the aforementioned resolution of September 21, 1949.

NOW, THEREFORE, based upon the results of said traffic engineering investigation and upon the recommendations of the State Highway Engineer, this Commission does hereby find, declare, resolve and order as follows:

1. That said resolution of September 21, 1949, be amended by adding the following exception pertaining to the Midland Highway:

> "Exception: At LaVerne Street (M.P. 1.30) traffic entering the intersection from the Midland Highway from the west shall be required to stop."

In all other respects the provisions of said resolution of September 21, 1949, shall remain in full force and effect.

2. That the State Highway Engineer be and he hereby is instructed to place or cause to be placed and thereafter maintain the necessary signs and markers to accomplish the traffic control and

EXHIBIT "I" (Cont.)

regulation contemplated by this resolution. Such signs as may be erected at said intersection shall conform to the types and standards heretofore approved by the Commission.

3. That this resolution shall be entered in the minutes and records of the Commission as of the 5th day of November, 1959, as "Through Highways" Resolution No. 13-i, and a duly certified copy thereof delivered to the U. S. Bureau of Public Roads, and a like copy to the County Clerk of Klamath County and to the Superintendent of the Department of State Police for their information.

EXHIBIT "J"

Minutes of November 5 and 6, 1959

RESOLUTION

WHEREAS, the governments of the United States of America and the State of Oregon are presently in the process of constructing, in the State of Oregon, a portion of the National System of Interstate and Defense Highways, hereinafter referred to as the Interstate System, which is designed to accommodate a maximum volume of traffic with a minimum hazard resulting from intersections, cross-movement and friction of traffic; and

WHEREAS, traffic hazards are materially increased by obstructions, friction and cross-movement created by vehicles parking or accelerating or decelerating for the purpose of parking upon the right of way of such highways; and

WHEREAS, the State Highway Commission is authorized by ORS 483.346 to regulate, control or prohibit the parking of motor vehicles upon the right of way of any state highway, outside the corporate limits of incorporated cities and towns; and

WHEREAS, the State Highway Commission is also authorized by ORS 483.346 to regulate, control or prohibit parking upon the right of way of any state highway within the corporate limits of any incorporated city or town, if access to or from said highway and real property abutting thereon was restricted, controlled or prohibited by the Highway Commission before said highway was included within said corporate limits, and if said highway was included within the corporate limits of an incorporated city or town by incorporation, annexation or extension of corporate limits occurring after July 21, 1953.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That, except in the case of emergency, the parking or stopping of vehicles upon the right of way of any highway in the Interstate System, or any highway which may hereafter be added to and designated as a part of said Interstate System, shall be prohibited, once said highways or any section thereof are constructed and opened to the public for travel.

2. That once the aforesaid Interstate System, or any section thereof, is constructed and opened to the public for travel, the State Highway Engineer shall place and maintain appropriate "Emergency Parking Only" signs or markings at such places as he may determine to be necessary to fully inform the motoring public of the regulations, restrictions and prohibitions established by this resolution.

EXHIBIT "J" (Cont.)

3. That this resolution shall amend and supersede all existing resolutions in conflict herewith pertaining to the above-mentioned highways.

4. That this resolution be entered in the minutes and records of the Commission this 5th day of November, 1959, as "No Parking" Resolution No. 203, and that duly certified copies thereof be forwarded to the Secretary of State and the Superintendent of State Police.

Salem, Oregon
December 16, 1959

The Oregon State Highway Commission met in regular session at 9:00 a.m. in the Conference Room of the State Highway Building, Salem. Present were:

M. K. McIver, Chairman
K. N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
G. E. Rohde, Assistant Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Carl W. Jordan, Director of Travel Information
Gene Huntley, Director of Personnel and Public Relations
Floyd Query, Secretary

The Commission approved the minutes of the meeting held on November 5 and 6, 1959.

The State Parks Superintendent reported on the following park matters:

Request of Mr. and Mrs. J. L. Campbell for renewal of their concession lease of the lodge building at Silver Falls State Park: The Parks Superintendent reported that the Campbells have been operating the lodge in a satisfactory manner for several years and the income to the State has been approximately $700 per year. The Commission approved his recommendation that the lease be extended for the year 1960.

The Commission approved out-of-state travel expense for C. H. Armstrong, State Parks Superintendent, to attend the Board of Directors meeting of the National Conference on State Parks, in Washington, D. C., on January 22 and 23, 1960 at an estimated cost of $270.

Request of Charles Hart, South Beach, to purchase part of the Ona Beach State Park in Lincoln County for road purposes: The Parks Superintendent explained that Mr. Hart is planning to subdivide his property into small tracts and is in need of a roadway to the highway, which would involve a 100-foot strip along the north line of the State Park property on the east side of the Oregon Coast Highway. Due to the uncertainty of this plan, the Parks Superintendent recommended that Mr. Hart's request be denied until such time as it appears that some definite progress is made in the development, at which time his

reques: can be reconsidered. The Commission approved his recommendation.

Extension of the power line 3.2 miles into three youth camps at Silver Falls State Park in Marion County: The Parks Superintendent pointed out that the State had provided gas-driven generators for lights in these areas, which have not been entirely satisfactory. This matter has been discussed with the Portland General Electric Company and they have agreed to provide service to the areas providing the State pays for the initial installation, estimated to cost $11,300. The Portland General Electric Company plans to receive bids for the installation, and after construction the power line is to be the property of the Company and is to be maintained by them. Upon his favorable recommendation, the Commission approved the extension of the power line as presented.

Request of the Douglas County Court for a deed to 0.52 acre of State property occupied by a county road which crosses the southeast corner of a small tract at the mouth of the Umpqua River: The Parks Superintendent reported that the road, which has been in place for many years, passes through a corner of the Umpqua Lighthouse State Park. He recommended the deeding of this right of way to Douglas County without charge. The Commission approved the recommendation.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway right of way or for other purposes. After giving careful consideration to the individual options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto, marked Exhibit "A", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

In response to an inquiry from Chairman McIver, the Right of Way Engineer outlined the status of acquisition of rights of way on several state highway sections, including the East Bank Freeway Section and the Minnesota Freeway Section of the Pacific Highway in Portland.

The Property Manager's reports covering miscellaneous sales, property transfers and rental receipts received since the last Commission meeting were presented by the Right of Way Engineer. He mentioned briefly that miscellaneous sales amounted to $20,478.40 and that rental receipts for the period October 21 to December 4, 1959 amounted to $19,561.99. The Commission accepted the reports.

Direct sales of several parcels of state highway property were presented by the Right of Way Engineer. He explained that in each instance the property has been declared as excess by the State Highway Engineer,

the value of the property has been determined by appraisal, and access has been granted or denied in accord with departmental policy prevailing in the area in which the property is located. The Commission approved sale of the following parcels of property:

(a) 1.2 acres of the former Daley, File No. 24113, and Harris, File No. 24457, property on the Valley Junction-Sheridan Section of the Salmon River Highway, Yamhill County, to Yamhill County to be used for a park site and without access to the relocated Salmon River Highway. The consideration was $25.

(b) 1.08 acres of the former Ruedy property, File No. 22651, on the Salem-Stout Creek Section of the North Santiam Highway, Marion County, to Verner E. Ruedy for a consideration of $250 and without access to the relocated North Santiam Highway.

(c) 450 square feet of land from the former Neer property, File No. 24235, on the Corvallis-Philomath Section of the Corvallis-Newport Highway, Benton County, to Ralph L. Benton for the sum of $60 and without access to the relocated Corvallis-Newport Highway.

(d) 0.18 acre of land from the former Horigan property, File No. 26881, on the Willowdale-Madras Section of The Dalles-California Highway, Jefferson County, to D. C. Ferebee for a consideration of $126 and without access to the relocated The Dalles-California Highway.

(e) 1,250 square feet of land from the former Franciscan Fathers property, File No. 25022, on the Harbor Drive-Barbur Boulevard Section of the Pacific Highway, Multnomah County, to the Franciscan Fathers of Oregon for the sum of $450 which is the price that was paid for the tract.

Several "Indentures of Access" were presented by the Right of Way Engineer concerning changes in access locations. He explained that in each instance the change is to be made for the safety of the traveling public and for the benefit of the property owner, and has been approved by the State Highway Engineer. The Commission approved the following "Indentures of Access":

(a) Eldridge property, File No. 24218, on the Pendleton-Pilot Rock Section of the Pendleton-John Day Highway, Umatilla County.

(b) Hawke property, File No. 24223, on the Pendleton-Pilot Rock Section of the Pendleton-John Day Highway, Umatilla County.

(c) Eldridge property, File No. 24219, on the Pendleton-Pilot Rock Section of the Pendleton-John Day Highway, Umatilla County.

(d) Pittenger, Corliss, Fong, Shew, and Hang property, File No. 18426, on the Medford County Farm Section of the Pacific Highway, Jackson County.

Attention was given to an "Access Road License" presented by the Right of Way Engineer granting to Bonneville Power Administration access to their existing Reedsport-Coos Bay transmission line by crossing a State Highway stockpile site on the Catching Slough-Enegren Ferry Section of the Coos River Highway, Coos County. The use of the access road, he explained, will not be detrimental to the State, and upon his favorable recommendation the Commission approved the License.

Public sale of two parcels of state highway property was presented by the Right of Way Engineer who explained that in each instance the parcels have been determined by the State Highway Engineer as not being required for highway purposes. The minimum sale prices, he continued, have been determined by appraisals, and access points have been granted or denied in accord with departmental policy prevailing in the area in which each parcel is located. The Commission authorized public sale of the following properties and thereupon adopted the attached resolution relative thereto, marked Exhibit "B", which resolution by this reference is made a part hereof with like effect as though extended in full herein:

(a) 0.12 acre of property obtained from Clatsop County, File No. 6313, on the Roosevelt Drive Section of the Oregon Coast Highway, Clatsop County, with one point of access unrestricted as to use, for a minimum consideration of $750.

(b) 8,602 square feet of property listed under File No. 8862, on the Eugene Section of the Pacific Highway in Lane County, with one point of access unrestricted as to use, for a minimum consideration of $4,850. See Exhibit "B".

Consideration was given to a request made by Pacific Telephone and Telegraph Company for right to use a point of access at Station 586+00 on the Pendleton-Deadmans Pass Section of the Old Oregon Trail Highway, Umatilla County. The Right of Way Engineer explained that the Company wishes to use the access for construction and maintenance of their relocated telephone line; however, the use of the access must necessarily be contingent on their obtaining permission from the owners of the property, Roy F. and Vera B. Hobby. Following his favorable recommendation, the Commission approved the "Grant of Use of Access".

The Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were also submitted. He requested the Commission to declare by resolution the necessity of said properties for the special uses to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement to proceed to acquire such properties by condemnation. After carefully considering the properties, the Commission granted authority to condemn the properties if negotiations are not successful and thereupon adopted the attached resolutions relative thereto, marked Exhibits "C-1" through "C-20", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's "Recommendations for Condemnation" dated December 16, 1959, in the Secretary's Office under the heading "Right of Way Resolutions, Condemnations, and Report of Offers".)

Status of acquisition of the Lloyd property on the East Bank Freeway Section of the Pacific Highway was also mentioned by the Chief Counsel. He pointed out that even though the State is now in the process of negotiating with the Lloyd Corporation and in all probability a settlement will be reached on the five parcels of land involved, nevertheless it was his opinion that the Commission should declare the necessity of the property and authorize institution of condemnation action in the event the State is unable to agree on a settlement with the Corporation.

He also reported briefly concerning acquisition of the White properties along the Rogue River between Grants Pass and Medford. These properties, he pointed out, are being acquired not only for right of way for the Grants Pass-Rock Point Section of the Pacific Highway, but because of their value as a potential state park site. Settlement without court action at this time does not appear imminent as the owners of the property are asking $152,000 whereas appraisals indicate the property is worth approximately $60,000, and an offer was made in that amount. In the pending condemnation action, he continued, a request has been made to the court for permission to amend the action to allow consolidation of the two cases, one for property to be acquired for right of way purposes and the other for property to be used for park purposes. Commissioner Jackson remarked that he had heard that the principal reason for the Whites' refusal to negotiate is due to the fact that they wish to retain their home for living purposes during the remainder of their lives. It was his feeling that there might be a basis of settlement if they were approached with this idea in mind. Chairman McIver mentioned that this land, consisting of approximately 150 acres, will provide an excellent site for a state park which is badly needed in this area.

A written report supplemented by oral comments was submitted by the Chief Counsel concerning condemnation cases which have been tried in court since the last Commission meeting, summarized as follows:

REPORT OF CONDEMNATION CASES TRIED

November 6, 1959 to December 16, 1959

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-3296 Anhorn, et al.	Jackson	Pacific	Seven Oaks-Neil Creek	$ 17,500	$ 22,500 (Answer)	$ 18,000
L-3357 Matulewski	Benton	Corvallis-Newport	Corvallis City	6,750	9,000	6,500
L-3384 Hawthorne Investment Co., et al.	Multnomah	Pacific	East Bank Freeway	250,000	287,500 (plus atty. fees)	260,000
L-3340 O'Meara	Sherman	Wasco-Heppner	Wasco-Hay Canyon	650	1,000	1,350
L-3376 Robinson	Sherman	Wasco-Heppner	Wasco-Hay Canyon	128	3,000 (at time of trial)	2,428
L-3283 U.S. National Bank of Portland	Sherman	Sherman	Moro-Kent	100	100	100 (Judgment)
L-2920 Haney, et ux.	Washington	Tualatin Valley	Forest Grove-Hillsboro	3,000	6,000	1,300

The Commission accepted the report. (For additional details, see the Chief Counsel's letter of December 9, 1959, entitled "Report of Cases Tried" in the General Files in Salem.)

The Commission also considered and accepted a report submitted by the Chief Counsel concerning condemnation cases which have been settled out of court, summarized as follows:

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-22481 Alspaugh	Douglas	Pacific	Myrtle Creek-Canyonville	$ 924	$ 1,300
R-22482 Amesbury	Douglas	Pacific	Myrtle Creek-Canyonville	1,141	1,450
R-22480 Klose, et al.	Douglas	Pacific	Myrtle Creek-Canyonville	686	1,000
R-25364 McKy, et ux.	Lane	Pacific	Albany-Judkins Point	14,000	14,000
R-17438 Shelley	Lane	Siuslaw	Florence-Mapleton	100 (for land)	100
R-28249 Schoenfeldt, et al.	Multnomah	Pacific	East Bank Freeway	38,000	38,000
R-28746 McChesney	Clackamas	Cascade	Lake Road-Oregon City	6,000	6,300 (+$157 interest)
R-30163 Isenhart, et ux.	Curry	--	Bennett Butte Radio Station	100	250
R-28337 Odalovich	Multnomah	Pacific	East Bank Freeway	24,500 (without fixtures)	28,000 (includes fixtures)
R-28210 Westfair Corp., et al.	Multnomah	Pacific	East Bank Freeway	145,000	158,000
R-28866 R-29425 Miller, et al.	Multnomah	Pacific	East Bank Freeway	1,790 (+$1,260 for sign removal)	4,500 (+1,260 for sign removal)
R-26548 Norris Walker Paint. Co., et al.	Marion	Pacific	Salem By-Pass	159	400

Report of Condemnation Cases Settled (Cont.)

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-28260 Franklin, et al.	Multnomah	Pacific	East Bank Freeway	$28,000	$28,000
R-28506 McAllister, et al.	Douglas	Pacific	Curtain Interchange	3,500	2,500 (+ exchange of land)
R-29686 Smith	Clackamas	Cascade	Hilda Street-Beaver Creek Road	600	850

(For additional details see the Chief Counsel's letter of December 9, 1959 entitled "Report of Cases Settled" and his letter of December 11, 1959 entitled "Supplemental Report of Cases Settled" in the General Files in Salem.)

Employment of Leonard W. Pearlman, attorney, effective November 23, 1959, was reported by the Chief Counsel. He recalled that the Commission had previously granted authority to hire an attorney to replace Mr. William Mansfield who had resigned. Mr. Pearlman's salary has been set at $480 per month, the minimum amount for a beginning attorney.

The Chief Counsel presented a list of offers made to property owners prior to the institution of condemnation proceedings. The Commission confirmed the following offers which were made in compliance with a resolution adopted by the Commission December 20, 1951:

East Bank Freeway Section of the Pacific Highway

R-28212 - Mildred G. Klug, et al. 7,250 square feet for right of way purposes. Offer of $44,200 approved by Mr. McIver November 13, 1959.

R-28255 - Ruth Helliwell, et al. 9,500 square feet for right of way purposes. Offer of $18,000 approved by Mr. McIver November 27, 1959.

R-28275 - Julius O. Selberg, et ux. 6,250 square feet for right of way purposes. Offer of $12,250 approved by Mr. McIver November 6, 1959.

R-28310 - Thomas Johnson, et al. 375 square feet for right of way purposes. Offer of $575 approved by Mr. McIver November 19, 1959.

East Bank Freeway Section of the Pacific Highway (Cont.)

R-28339 - Ernst A. Rosen, et al. 5,000 square feet for right of way purposes. Offer of $12,500 approved by Mr. McIver December 14, 1959.

Cedar Creek-Chitwood Creek Section of the Siletz Highway

R-30128 - Charles W. Parker, et ux. 0.23 acre for right of way purposes. Offer of $180 approved by Mr. McIver November 25, 1959.

R-30130 - James J. Bolliger, et al. 0.62 acre for right of way purposes. Offer of $400 approved by Mr. McIver November 18, 1959.

R-30131 - George Kentta, et ux. 0.61 acre for right of way purposes. Offer of $325 approved by Mr. McIver December 10, 1959.

Albany-Judkins Point Section of the Pacific Highway

R-20116 - Hoffman, Schuchart and Wright, Inc. et al 0.54 acre for right of way purposes. Offer of $4,400 approved by Mr. McIver November 25, 1959.

Judkins Point-Goshen Section of the Pacific Highway

R-20120 - Martin E. Hill, et al. 1,410 square feet for right of way purposes. Offer of $280 approved by Mr. McIver November 25, 1959.

Grants Pass-Rock Point Section of the Pacific Highway

R-28961 - Southern Pacific Company, et al. 5.87 acres for right of way purposes. Offer of $136,300 approved by Mr. McIver October 22, 1959.

Lake Road-Oregon City Section of the Cascade Secondary Highway

R-28732 - Frank H. Busch, et ux. 1.48 acres for right of way purposes. Offer of $10,350 approved by Mr. McIver November 30, 1959.

R-28736 - Dean Sheridan, et al. 0.14 acre for right of way purposes. Offer of $2,250 approved by Mr. McIver October 1, 1959.

R-28749 - Walter C. Burghardt, et ux. 0.47 acre for right of way purposes. Offer of $14,000 approved by Mr. McIver November 19, 1959.

Buxton-Manning Section of the Sunset Highway

R-30217 - Spencer F. Hess, et ux. 3.4 acres for maintenance site. Offer of $680 approved by Mr. McIver December 14, 1959.

Forest Boundary-Haines Section of the Haines - Anthony Highway

R-30288 - The Unknown Heirs at Law and Devisees of Louene C. Geran, Deceased, et al. 1.2 acres for right of way purposes. Offer of $1,088 approved by Mr. McIver November 10, 1959.

Washington County Line-Highlands Interchange Section of the Sunset Highway

R-28358 - Portland General Electric Company, et al. Parcel No. 1: 3,200 square feet for right of way purposes; and Parcel No. 2: 16,100 square feet for right of way purposes. Offer of $10,300 approved by Mr. McIver November 9, 1959.

Sandy-Forest Boundary Section of the Mt. Hood Highway

R-25426 - Maryan B. Kokich, et al. 0.01 acre for right of way purposes. Offer of $252 approved by Mr. McIver November 16, 1959.

A written report was submitted by the Chief Counsel and accepted by the Commission concerning orders issued by the Public Utility Commissioner having to do with matters in which the State Highway Commission has been made a party. The report is summarized as follows:

PUX 333: Grade crossing signals at tracks of Southern Pacific Company on Depot Street in Rogue River, Jackson County. This construction will involve an overcrossing of Depot Street and the overcrossing structure and highway embankment will obstruct the view of the crossing for traffic traveling into Rogue River from the west. The order was issued in accord with the petition.

L-1539: R. A. Briggs and Sons private road crossing of The Dalles-California Highway, north of Diamond Lake Junction, Klamath County. A private road crossing was granted on June 21, 1948. Operations were discontinued by the permittee in 1956, and the present order cancels the order issued in 1948.

The institution of a damage claim by Harold Donald Christy against the State of Oregon and the State Highway Commission was reported by the Chief Counsel. Mr. Christy, he pointed out, claims that he was injured while carrying a plank when he slipped on an oily substance on the floor of the equipment shop building in Klamath Falls. It was the Chief Counsel's opinion that the State's tort immunity is available to the Highway Commissioners and that a demurrer in their behalf is in order. However, they are covered by liability insurance

carried by the State and the insurance company has been notified. Appropriate action will be taken to protect the interests of all concerned. The Commission accepted the report.

The Commission confirmed their prior approval of a "Release of Slope Easement" requested by Warren Baker on property in Lots 3 and 4 of the Oceanside Addition to Depoe Bay in Lincoln County. The Chief Counsel explained that the matter had been investigated by the Division Engineer and there was no objection on his part to release of the easement inasmuch as the property has been brought up to grade with the highway. The matter was to have been presented to the Commission at the November meeting but was not because of unavoidable delays.

The Chief Counsel presented a report on the public sale of the Rosenfeld and Preble properties located at 1931 S. W. Highland Road and 1934 S. W. Highland Road, Portland. These properties, he recalled, had been damaged by earth movement and appraised on such basis. Prior to sale, the Rosenfeld property had been appraised at $17,500 and the Preble property at $10,000. Mr. T. F. Maginnis, Portland, submitted a bid of $27,500 for the Rosenfeld property, and Mr. Harry E. Coleman, also of Portland, submitted a bid of $18,750 for the Preble property. The Chief Counsel pointed out that the conveyances to the purchasers of the properties will include a provision relieving the State and its officers of all responsibility for any future earth slippage or damage caused by it. The Commission approved his recommendation that the bids be accepted.

A report was made by the Chief Counsel concerning a complaint filed against the Highway Commission and Wayne W. Mummey by H. L. Robinson Company. He explained that in December, 1955, the Robinsons entered into a lease agreement with Mr. Mummey involving premises at 8816 S. W. Barbur Boulevard, Portland, and permitting the Robinsons to maintain painted, printed or illuminated advertising signs upon the building. In 1957 the property was purchased from Mr.Mummey by the State Highway Department. The Pacific Title and Trust Company, who furnished the title insurance on this property, overlooked the Robinson lease in their report to the Highway Department. The Title Company, he continued, has been advised that they will be required to defend this action in accordance with the terms of their insurance policy. The Commission accepted the report.

A "Release of Slope Easements"form was presented by the Chief Counsel relinquishing the State's interest in slope easements on the Siletz Bay-Newport Section of the Oregon Coast Highway in Lincoln County. He explained that the release of easements are in favor of Ross J. and Corinne Murry as the easements are no longer required by the NOA

State Highway Department. The Commission approved the release of easements.

Chairman McIver called attention to several buildings located near the edge of cut embankments along the Baldock Freeway in Portland in that it appeared there might be some damage to the buildings if earth movements occurred. The Engineer stated that a careful watch would be maintained to prevent any foreseeable damage.

The Chief Counsel reported that Mr. William Walsh, in behalf of the State Board of Higher Education, had requested removal of the five-year clause included in a form of deed for approximately 88 acres of land from the Patterson Bar property to be acquired by the University of Oregon for an athletic stadium. He recalled that negotiations had been under way for some time and that at the November, 1959 meeting the Commission had approved the 5-year reversionary clause to which Mr. Walsh now refers. In lieu of the objectionable clause he recommended that the following language be included in the deed: "To have and to hold the said premises, with their appurtenances, unto the said Grantee, its successors and assigns, only so long as said property shall be used and continued to be used for public purposes, and in the event said property or any part thereof is used for purposes other than public, all of said property shall revert to the Grantor herein. It is understood that if said property shall remain inactive, such inactivity shall not be construed as a violation of the condition that the property be used for public purposes." Concerning the language pertaining to inactivity of the land, the Chief Counsel pointed out that it may be four or five years before construction can be undertaken and the Board of Higher Education officials had indicated they might wish to use the property for grazing purposes or for the growing of grain or hay crops during that time. He recommended that the property be sold to the University for $85,160, that the revised clause be incorporated in the deed, and that the University be permitted to lease the land for grazing or the growing of certain crops until construction of the stadium. The Commission accepted his recommendation.

Settlement of a condemnation case with Miles E. McKay, (File L-3351) was also presented by the Chief Counsel. This property, he stated, is located on the Coburg Road-Pacific Freeway Junction Section of the Eugene-Springfield Highway. The offer made by the State, based on appraised values, was $60,700. The owner has agreed to accept the sum of $62,700 and the Chief Counsel recommended the settlement be made for that amount as the cost of conducting the trial would probably amount to more than the difference between the two figures. The Commission approved the settlement as presented.

The Chief Counsel also presented a proposed settlement of a condemnation case involving a 57-unit apartment building owned by Richard Henry Feves (File L-3421) on the East Bank Freeway Section of the Pacific Highway in the City of Portland. He explained briefly

that the State had offered $154,500 for the land and buildings, excluding furnishings such as beds, chairs, lamps and similar items. The owner has stated his willingness to accept the sum of $165,000 on the same basis and let the courts decide if the furnishings in the 57-unit apartment building are to be classified as trade fixtures which the State would be required to purchase. It was the Chief Counsel's recommendation that the settlement be approved in the amount of $165,000, and the courts decide the status of the furnishings. The Commission approved the proposed settlement, subject to approval by the Bureau of Public Roads.

A proposed settlement of a condemnation case with Donald F. Nolan, File L-3216, was presented by the Chief Counsel. This property, he stated, is located on the Klamath Falls-West Side By-Pass Section of The Dalles-California Highway. An offer in the amount of $880 was made, based on appraisals of $880 and $1,200, plus interest of approximately $200. The owner has agreed to accept the sum of $1,750, which the Chief Counsel recommended be approved. The Commission approved the settlement.

A settlement with Robert T. Nichols, File L-3153, was also presented by the Chief Counsel for property located on the Klamath Falls-West Side By-Pass Section of The Dalles-California Highway in Klamath County. Based on appraised values, an offer had been made to Mr. Nichols in the amount of $5,750 plus accrued interest in the amount of $300. Mr. Nichols has agreed to accept the sum of $6,500 and the Chief Counsel recommended that the settlement be made for that amount. The Commission approved the settlement.

Concerning the condemnation case of Robert A. Bitar, L-3049, tried in Portland, involving property located on the Alberta Street Section of the Cascade Highway in Multnomah County, the Chief Counsel stated that the Court had awarded a verdict in the amount of $50,000 for the property, the owner asked $90,000 and the State had offered $47,000. The owner filed for a new trial. The presiding Judge telephoned stating that the owner had advised him that he would withdraw the appeal for a new trial provided he was paid $2,500 more than awarded in the judgment. The Judge also indicated that he felt disposed to grant the motion for a new trial. The Chief Counsel pointed out that if the case is retried the judgment would most likely be at least as much as the original amount, and in addition there would be an attorney fee of approximately $2,000. It was his opinion that if the case is to be retried the jury might very well award an amount considerably larger than $50,000, and although he disliked the proposal as made by the owner through the Judge, it was his feeling that this settlement is probably the least expensive for the State and he recommended that it be accepted, provided the Bureau of Public Roads will approve it. The Commission accepted his recommendation.

The Engineer reported that he had made award of contracts referred to him by the Commission to award when certain conditions had been fulfilled as follows:

(1) Grading and paving Depot Slough Section of Corvallis-Newport Highway, Lincoln County. Bids received October 13, 1959. Contract awarded November 10, 1959 to Tom Lillebo Construction Company, Reedsport, low bidder.

(2) Reconstruction of Union Avenue Bridge over Union Avenue-37th Avenue Section of Columbia River Highway, Multnomah County. Bids received October 13, 1959. Contract awarded November 10, 1959, to C. J. Montag and Sons, Portland, low bidder.

(3) Structures, grading and oiling on South Unit, Westfall-Harper Section of Westfall-Harper County Road, Malheur County. Bids received November 3, 1959. Contract awarded November 12, 1959 to Durbin Brothers, Eugene, low bidder.

(4) Grading and oiling East Unit, Forest Boundary-Haines Section of Haines-Anthony Highway, Baker County. Bids received November 3, 1959. Contract awarded November 30, 1959 to Clarence Braden Construction Company, Walla Walla, Washington, low bidder.

(5) Structures, grading and paving on Willamette River Bridge and Judkins Point Overcrossing of SPRR on Pacific and McKenzie Highways in Lane County. Bids received November 3, 1959. Contract awarded December 1, 1959 to Peter Kiewit Sons' Company, Omaha, Nebraska, low bidder.

The Commission confirmed the award of the contracts.

Establishment of temporary construction speed zones was reported by the Engineer, to protect traffic through construction projects when warranted by construction activities, as follows:

(1) On Pacific Highway No. 1 from the junction of Pacific Highway West, at M. P. 126.07, to a point 500 feet south of Laurelhill Drive, at M. P. 126.36, in Lane County.

(2) On Pacific Highway West from a point 400 feet east of Walnut Street, at M. P. 125.49, to the junction of the Pacific Highway at M. P. 126.23 in Lane County.

(3) On McKenzie Highway from a point 250 feet east of the westbound junction of the Pacific Highway West, M. P. 0.05W, to a point 300 feet east of Jenkins Drive at M. P. 0.36, in Lane County.

The Commission confirmed establishment of the construction speed zones.

Authority was requested by the Engineer for an increase in project authorization on State Highway Contract No. 5153 in the amount of $51,000. This contract, he explained, is for construction of a bridge to carry the Pacific Interstate Highway over the McKenzie River in Lane County. Unanticipated foundation conditions were encountered during construction which required the use of steel piling and additional excavation. The Commission approved the increase in authorization.

The Commission gave attention to an agreement with Southern Pacific Company covering installation of a flashing signal at the crossing of the railroad with Monmouth-Independence Highway at Second Street in the City of Independence. The Engineer stated that the Public Utilities Commissioner has issued an order for the signal in which the railroad was assessed 10 percent of the cost. The State's participation will be entirely from Federal funds. Following the Engineer's favorable recommendation the Commission approved the agreement.

Attention was also given to the Engineer's recommendation that a railroad crossing signal be installed on the old route of the North Santiam Highway where it is crossed by the Southern Pacific railroad in the town of Aumsville. The old route, he explained, is to be retained by the State as a secondary highway when the new route is completed. The crossing has had a bad accident record in the last 13 years, involving 23 accidents resulting in nine injuries. Six of the accidents have occurred since May 31, 1958. Southern Pacific Company does not favor the project and he recommended that authority be granted to make application to the Public Utility Commissioner for an order directing the signal installation, estimated to cost $8,000. It was his opinion that this work can be set up as a federal-aid project. The Commission approved his recommendation.

The Engineer presented a letter received from the Highway 42 Improvement Committee requesting that at least $2,000,000 be appropriated for improvement of Highway 42 (Coos Bay-Roseburg Highway) in the year 1960. The letter specifically requested $600,000 bond money, $900,000 federal-aid, and $500,000 state funds. Subsequent to the receipt of the letter, the Engineer stated, a delegation consisting of James W. Harrison, Chairman of the Highway 42 Improvement Committee and also Coos County Judge, and others had appeared in his office and informed him that the letter did not state the true intent and wishes of the Highway 42 Improvement Committee. It was not their intention, he continued, to ask for additional federal-aid or bond money, but if funds are available in Division 3 they would like to have improvements made on Highway 42. They did wish to use $500,000 of state funds. He pointed out that $500,000 has already been allocated in the present construction program and a project of approximately $1,000,000 is being considered in the construction program to be adopted in the near future. In light of the Engineer's explanation of the attitude of the Highway 42 Improvement Committee, the Commission took no action on their letter of October 30 and instructed that the Committee be advised that careful consideration will be given to

the allocation of additional funds when the next highway program is adopted.

The Engineer presented a written report and a recommendation for a program of street work in cities under 5,000 population to be financed with funds under the $250,000 Special Street Fund allocation under ORS 366.805. Applications were received from 79 cities and, out of these, 17 applications were approved. He explained that many of the projects not approved have considerable merit and will most probably be considered in next year's allocations. In response to Commissioner Fridley's inquiry as to the method of allocation, the Engineer replied that the main framework is outlined by law, but in selecting among equally meritorious projects priority is given to those cities which have not recently had a project from this source. Commissioner Jackson inquired if the cities whose applications were denied were advised of the reasons for denial. The Engineer stated that the cities have been advised. Upon his favorable recommendation, the Commission approved the following projects:

SUMMARY: Applications Recommended for Approval 1960 Program

Page No.	City	Division	Estimated Cost State	City	Total
8	Cornelius	I	$ 20,000	$ 4,600	$ 24,600
9	Cove	V	15,200	--	15,200
10	Culver	IV	15,500	--	15,500
11	Eastside	III	18,800	--	18,800
12	Falls City	II	20,000	2,600	22,600
13	Gresham	I	20,000	18,950	38,950
14	Harrisburg	II	17,600	--	17,600
15	Hermiston	V	20,000	7,300	27,300
16	Independence	II	20,000	5,400	25,400
17	Maupin	IV	9,400	--	9,400
18	Metolius	IV	11,000	--	11,000
19	Oceanlake	II	16,200	--	16,200
20	Philomath	II	20,000	1,000	21,000
21	Tillamook	II	8,900	3,000	11,900
22	Warrenton	II	20,000	11,500	31,500
23	Winston	III	20,000	6,300	26,300
24	Woodburn	II	13,700	2,500	16,200
	Recommended for Approval (17 Cities)		$286,300	$ 63,150	$349,450
	Estimated Transfer to 1959 Fund		20,000		
	Estimated Total 1960 Fund .		$266,300		

Consideration was given to a request made by the City of Lebanon for widening the east side of the South Santiam Highway near the north city limits. The Engineer advised that the section is approximately 1,300 feet in length, and because of construction of a hospital there is a large volume of pedestrian traffic. The City has offered to do necessary grading and construct curbs, gutters and sidewalks. He estimated the total cost of the project excluding sidewalks, at $12,400, the City's portion being approximately $3,900 and the State's share approximately $8,500. The project, he continued, has merit, and he recommended that it be approved and that an appropriate agreement be entered into with the City. The Commission approved the project.

The Engineer reported that location surveys previously authorized by the Commission had been completed on three sections of state highways. He exhibited maps of the proposed locations and pointed out that in each case the route being recommended is based on providing the most adequate highway facility commensurate with the cost of construction. Upon his favorable recommendation, the Commission approved the following surveys and thereupon adopted the attached resolutions relative thereto, marked Exhibits "J-1" and "J-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein:

(1) Lost Creek-Camp Creek Unit of Post-Paulina Section of Paulina Highway, Crook County. See Exhibit "J-1".

(2) Smith Point-Camp Rilea Section of Oregon Coast Highway, Clatsop County. See Exhibit "J-2". The Engineer also pointed out that a hearing had been held in Astoria October 29, 1959 concerning this proposed relocation of the Oregon Coast Highway between Astoria and Gearhart.

(NOA) Columbia City Section of the Columbia River Highway, Columbia County. See Exhibit "J-2". The Engineer advised that the Crown Zellerbach Corporation is paying for construction of this highway section including all rights of way and engineering costs, in conjunction with their development project in that area.

A request from the City of Grants Pass for traffic signals was considered. The Engineer reported that the request involved three intersections on the one-way street couplet of the Pacific Highway through Grants Pass, and an investigation disclosed that traffic signals are warranted at the intersection of Sixth Street and "I" Street, and at the intersection of Seventh Street and "H" Street but not at the intersection of Sixth Street and Manzanita Avenue. The City, he continued, has offered to bear one-half of the cost of installation, estimated at $8,500, and to assume all responsibility for maintenance and operation of the signals. He recommended that the project be approved and that an appropriate agreement be entered into with the City. The Commission approved the project.

The Commission considered a tabulation presented by the Engineer showing proposed construction projects on Federal-aid Secondary county roads in Baker, Gilliam, Jackson, Lincoln, Linn and Sherman Counties. These projects totalling $359,000, the Engineer explained have been selected by the various county courts, have been investigated by the State Highway Department and are eligible. Upon his favorable recommendation, the Commission approved the following county Federal-aid Secondary projects:

County	FAS Hwy. No.	Section and Description	Programmed Amount	FAS Fund
Baker	521	Langrell Corners-Halfway, 3.3 miles. Grade & surface.	$ 71,000	'61
Gilliam	446	Rock Creek Bridge, structure only.	$ 25,000	'61
	573	Eight Mile Canyon Bridge, structure only.	10,000	'61
		Subtotal, Gilliam County	$ 35,000	
Jackson	273	Sams Valley Junction-Modoc Road, 4.51 miles. Pave.	$ 125,000	'60
Lincoln	143	Bear, Deer, & Wolf Creek Bridges. Three structures & grade approaches.	$ 94,000	'61
Linn	228	Brush Creek Bridge, structure only.	$ 20,000	'61
Sherman	666	Grass Valley Canyon Bridge, structure only.	$ 14,000	'61
		TOTAL	$ 359,000	

SUMMARY BY FISCAL YEARS:	1960	1961	Total
Available Funds*	$4,009,000	$3,600,000	$7,609,000
Previously Approved*	3,884,000	1,188,000	5,072,000
Unprogrammed Balance*	$ 125,000	$2,412,000	$2,537,000
Proposed Projects 12/4/59	125,000	234,000	359,000
Unprogrammed Balance	$ --	$2,178,000	$2,178,000

*From "Status, 1960 & 1961 County FAS Funds (Includes Carry-over of Fiscal-year 1959 Funds and Exchange of Funds between Counties)" dated 12/2/59.

The Engineer reported that the national test road project being operated in the State of Illinois by the Highway Research Board, the National Academy of Sciences, and the American Association of State Highway Officials is confronted with a major financial deficit. He pointed out that at the AASHO meeting in Boston the matter had been discussed in considerable detail, and as the end results of the test project apparently cannot be obtained if costs are held to the original estimate, it was voted unanimously that the AASHO members would recommend that additional financing be provided. He recommended that the amount of funds to be provided by the State of Oregon from federal highway planning survey funds be increased from $77,073 to $125,871, or an increase of $48,798. The Commission approved the increase and authorized the Engineer to execute the amended agreement with the National Academy of Sciences.

A request was made by the Engineer for authority to secure up-to-date traffic data in the Portland area by conducting a traffic study which would include suburban cities bounded by Gresham on the east, Oregon City on the south, and Beaverton on the west. He pointed out that the rapidly increasing traffic in this area has called attention to the need for revising and bringing up to date the study which was made in 1946. It is proposed to start the survey in 1960, and he estimated that the study would cost about $225,000 during that year. The survey has been approved by the Bureau of Public Roads and is eligible for participation in the Bureau of Public Roads planning survey funds. He recommended that the project be approved. The Commission deferred action pending further study. (Later in the day the survey was again considered. The Engineer explained that the project, to be completed in about a year and one-half, would be financed by approximately 80 percent Federal and 20 percent State funds. Commissioner Fridley inquired as to what agency actually conducts the survey. The Engineer replied that the survey will be made using State Highway Department personnel, assisted and advised by the U.S. Bureau of Public Roads. The Commission approved the project.)

The Commission also gave attention to a request made by authorities of the City of Portland that a nationally recognized firm of engineers be retained to study and evaluate the proposed Clay-Market Street Route and the Foothills Route through the City of Portland. The Engineer commented that results of the survey conducted by the State Highway Department would be available within a month or two. The Commission deferred action on the matter pending completion of the state survey.

The Commission considered the following request for an extension of time within which to complete the contract:

Rex C. Ayers Construction Company, Contract No. 5498 for grading and stone base on the Netarts-Yager Creek Section of the Netarts-Sand Lake County Road in Tillamook County, requested an increase in the number of work days from 70 days to 100 days within

which to complete the contract without payment of liquidated damages. The Commission granted the extension of time as requested, concurrence of the Bureau of Public Roads not being required.

FOOTNOTE: Action taken by the State Highway Commission upon the extension of time listed above was based upon the recommendation of the Engineer and his report which considered, but did not necessarily adopt any of the reasons given by the contractor in his request for extension of time. (For details see the original of the contractor's request and the Engineer's recommendation filed in the contract mentioned, in the Secretary's office in Salem.)

The Engineer reported that contract numbers 5020, 5131, 5137, 5170, 5240, 5305, 5330, 5331, 5338, 5359, 5360, 5365, 5375, 5411, 5418, 5450, 5476, 5490, 5497, 5514, 5519, 5522, 5526, and 5528 for highway construction have been completed in accordance with the requirements of the contracts or modifications thereof and that said contracts are now ready for acceptance by the Commission. After due consideration the Commission accepted the contracts by adopting the attached resolution relative thereto, marked Exhibit "D", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Attention was given to a request made by the City of Bandon for widening of the section of the Oregon Coast Highway from the top of the hill south of the business section to the south city limits. This project, the Engineer remarked, has been investigated and has considerable merit. He exhibited a map showing the section to be reconstructed which he estimated would cost a total of $60,000. The City has agreed to contribute $15,000, leaving the State's share at $45,000. He recommended that the project be approved and that the State's share be undertaken without federal aid. The Commission approved the project.

The Commission considered an offer made by the Northeast Multnomah County Community Association, through Mr. Andrew Sherwood, proprietor of the Sherwood Nursery Company, to supply up to one million plants without cost to the State for landscaping the section of the old Columbia River Highway from a point near Dabney State Park to the intersection of the road to Larch Mountain. The Engineer stated that an investigation had disclosed that the beautification objective may be realized by improving twenty-four selected locations of various lengths and by the acquisition of certain wooded areas primarily at intersections with county roads. The project would cover approximately five miles and could be undertaken over a five-year period at a total estimated cost of $46,300, or $9,260 a year. He recommended that the project be undertaken. Commissioner Fridley endorsed the project and suggested that an appropriate letter be submitted thanking the donor and that appropriate signs be installed at each end of the project. The Commission approved the project, ordered that a letter of thanks be sent to the donor, and that appropriate signs be erected when the project is underway.

Attention was given to a letter from Judge Charles M. Johnson, of the Clatsop County District Court, concerning the speed of vehicles on the Lower Columbia River Highway in the community of Westport. The Engineer stated that the Columbia River Highway in the Westport area has been recently constructed to modern standards and a traffic engineering investigation has been made which revealed that approximately 85 percent of the vehicles traveled at a rate of 36.75 miles per hour. At the present time the indicated speed in this section is 25 miles per hour. He recommended that a speed zone of 35 miles per hour be established between a point 100 feet southeast of West Creek (M. P. 70.76) and a point 0.12 mile northwest of Plympton Creek (M. P. 71.28), except that from a point 400 feet southeast of the road to Toll Ferry (M. P. 71.10) to a point 0.20 mile southeast of the road to Toll Ferry (M. P. 70.98) the indicated speed shall be 20 miles per hour during the hours of school crossings. The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "H-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

A request was considered from Mrs. J. T. Provin, Portland, relative to reduction of speed on the Tualatin Valley Highway between the junction of the Sunset Highway and Beaverton in Washington County. A traffic engineering investigation reveals that the roadside culture in this section is quite heavy, the Engineer stated, and there are a number of intersections where sight distance is restricted. He recommended that the 45 mile-per-hour speed zone, established August 13, 1959, be rescinded and that a 40 mile-per-hour speed zone be established between the junction of the Sunset Highway (M. P. 0.00) and the east limits of West Slope (M. P. 1.25), and 35 miles per hour between the east limits of West Slope (M. P. 1.25) and the east city limits of Beaverton (M. P. 3.18). The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "H-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

A recess was declared from 10:20 to 10:40 a.m.

The Chief Counsel presented an amended form of resolution pertaining to acquisition of surplus equipment from the U.S. Government by the State Highway Department for the counties. The amended resolution, he explained, will simplify the purchasing procedure. The Commission upon his favorable recommendation adopted the attached resolution relative thereto, marked Exhibit "K", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Attention was given to traffic hazards caused by vehicles parked along the westerly shoulder of the Oregon Coast Highway just south of Waldport in Lincoln County. The Engineer stated that this condition had been mentioned by the District Maintenance Superintendent. An engineering investigation disclosed that there is considerable parking of vehicles in this area for the purpose of sightseeing and fishing. For the safety of the traveling public the Engineer recommended that shoulder parking be prohibited along the westerly side of the Oregon Coast Highway between M. P. 156.42 and M. P. 156.58. The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "I", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Consideration was given to an agreement with the U.S. Forest Service granting permission to the Forest Service to install a radio transmission station on state ground on Eagle Peak in the Malheur National Forest in Grant County. The Engineer stated that this agreement has been checked and approved by the Legal Department. Upon his favorable recommendation, the Commission approved the agreement.

The Engineer presented an abandonment agreement with Wasco County concerning the new Columbia River Highway from the east city limits of The Dalles to a point just east of the interchange which gives access to The Dalles Dam. He explained that under this agreement the State will construct and maintain the new highway and the interchanges. Wasco County will take back as a part of its county road system the old Columbia River Highway from the interchange which gives access to The Dalles Columbia River Bridge to a point just east of Fifteenmile Creek where the new and the old highways come together. The Engineer pointed out that this agreement will not go into effect until the proper resolution is adopted. The Commission approved the agreement as recommended by the Engineer.

The Commission considered a request from the Pacific Telephone and Telegraph Company to install a public telephone booth on the Redwood Highway at a state highway scale site near Grants Pass. The Engineer stated that these phone booths have proved to be of material benefit to highway users, and he recommended that a permit be granted to the Telephone Company for the installation. The Commission accepted his recommendation.

The Commission also considered, and upon the favorable recommendation of the Engineer, approved an agreement with the Union Pacific Railroad Company for the establishment of a private haul road across the Union Pacific tracks near Bridal Veil in order to obtain material from the Coopey Quarry. The Engineer explained that it was necessary to establish this road in connection with the construction of the Tunnel Point-Multnomah Falls Section of the

Columbia River Highway in Multnomah County.

Abandonment resolutions were presented by the Engineer covering disposal of old sections of highways which are no longer needed because of the completion of new sections. He explained that an agreement had been approved at an earlier date with each county involved which provided for disposal of the old sections when the new highway sections are completed and opened to public travel. These new sections are now completed, and he recommended that the Commission adopt abandonment resolutions on the following sections:

(1) Valley Junction-Wallace Bridge Section of Salmon River Highway, Polk County. (See Exhibit "E-1")

(2) Emigrant Reservoir Section of Green Springs Primary Highway and Siskiyou Secondary Highway, Jackson County. (See Exhibit "E-2")

The Commission accepted the Engineer's recommendation by adopting the attached resolutions relative thereto, marked Exhibits "E-1" and "E-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

An abandonment agreement with Curry County covering certain portions of the Hunter Creek-Buena Vista Wayside Section of the Oregon Coast Highway, Curry County, was presented by the Engineer. He explained that under the terms of the agreement the County will accept the old section of highway no longer needed as a part of the highway system. The new highway between these points is now completed and opened to traffic, and he recommended approval of the agreement. The Commission accepted his recommendation.

The Commission considered a request from the Mid Willamette Valley Planning Council that the Pacific Highway East in Marion County from the intersection of Commercial Street with Liberty Road southerly to the junction with the Salem Bypass be designated as Commercial Street Southeast. The Engineer explained that the reason for this change is to facilitate the handling of mail, and that it has the approval of the Salem Postal Department. Upon the favorable recommendation of the Engineer, the Commission approved the request and thereupon adopted the attached resolution relative thereto, marked Exhibit "F", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission gave attention to a cooperative construction agreement with Wasco County covering certain work on The Dalles Bridge Highway in connection with the construction of The Dalles-The Dalles Dam Section of the Columbia River Highway. The Engineer explained that in constructing the section of the Columbia Interstate Highway, it is necessary to relocate and construct The Dalles Bridge toll plaza and to relocate and construct a ferry slip and

approach thereto. Upon completion of the project, the State agrees to maintain a portion of The Dalles Bridge Highway as outlined in the agreement. Following the favorable recommendation of the Engineer, the Commission approved the agreement.

In the discussion of this matter, Commissioner Fridley inquired if it would be possible to start construction on the section of the interstate highway immediately east of The Dalles from the bridge to a connection with The Dalles Dam interchange even though an agreement had not been reached with the City of The Dalles as to the location of the highway through the city. The Engineer replied that construction in the near future can be started on the section from a point a short distance easterly from the bridge road to a point east of Fifteenmile Creek.

Attention was also given to a request made by Walter I. and Yvonne W. Marchel for permission to use for a water storage pond a portion of the right of way on The Dalles-California Highway at M.P. 125.35. The Engineer commented that the owners had unintentionally encroached upon highway right of way and had asked for permission to occupy a portion of it. As the water pond does not affect the highway, nor is it dangerous to the traveling public, he recommended that a revocable permit be granted. The Commission approved the recommendation.

An agreement was discussed with the Union Pacific Railroad Company pertaining to a highway sign which encroaches upon Railroad Company property at M.P. 30.44 on the Columbia River Highway near Multnomah Falls. The Engineer explained briefly that although the State has an encroachment agreement for highway purposes, the Company has requested a separate agreement covering the sign which is not specified in the original encroachment. He recommended that the agreement be approved. The Commission approved the agreement.

The Commission approved the Secretary's report of papers signed in behalf of the Commission during the period November 2 through December 10, 1959.

The date for the next Highway Commission meeting was confirmed for January 28 and 29, 1960 and a tentative date of March 10 and 11, 1960 was set for the following meeting.

The Engineer advised that the division engineers together with their assistants will be holding their annual meeting in Salem just prior to the January Commission meeting, and he suggested that they remain and attend the Commission meeting. The Commission gave its approval for such attendance.

Out-of-State travel expense was recommended by the Engineer and approved by the Commission for Mr. Carl Jordan, Director of Travel Information Division, to attend the annual meeting of the Board of Directors of the Pacific Northwest Travel Association in

Livingston, Montana, on January 15 - 18, 1960, at an estimated cost of $120.

A request from the Fish Commission to install a sign on the south side of the Alsea Highway at M. P. 26.71 concerning location of a fish hatchery was considered. The location of the sign, type, and wording have been approved, the Engineer reported, and he recommended that the request be granted. The Commission approved the request.

Consideration was given to a request made by E. V. Jackson to fence 3.22 miles along the southerly right of way boundary of the Central Oregon Highway near Hampton. The Engineer recalled that Mr. Jackson had previously entered into two similar cooperative fencing agreements which have been satisfactorily completed. A similar agreement has been prepared in which the State agrees to furnish the steel fence posts and stake the right of way, Mr. Jackson being required to furnish the other materials and to construct the fence. Following his favorable recommendation, the Commission approved the agreement.

The Engineer presented a form of resolution designating The Dalles-California Highway in Oregon as a Blue Star Memorial Highway. He recalled that at the November meeting a request from the Oregon State Federation of Garden Clubs, Inc. had been presented for such a designation, which had been granted by the Commission. The resolution is to formally complete the matter. The Commission thereupon adopted the attached resolution relative thereto, marked Exhibit "G", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

In connection with the action of the Commission earlier in the day concerning the adopting of location surveys, the Engineer pointed out that by the adoption of the location survey the Commission automatically grants authority to acquire rights of way, and the resolutions pertaining to the location surveys are worded to include such authority.

For the Commission's information the Engineer advised that he had been informed by officials in Olympia, Washington, that bids will be called for construction of the Biggs Rapids Bridge across the Columbia River in order to ascertain if revenue bonds can be sold to finance its construction. Commissioner Fridley, he added, had attended a meeting regarding the bridge construction. Within the next few days, he continued, a representative of the Washington Toll Bridge Authority will be in Salem to inspect the Commission's plans for the construction on the Oregon side of the river.

The Commission discussed with the Engineer and the Right of Way Engineer the status of projects on which bids are to be received on January 21, 1960, and at later dates.

The Commission considered two agreements with Central Lincoln People's Utility District covering two new points of power delivery in the Umpqua Lighthouse State Park overnight camping area. These agreements, it was explained, act as amendments to the original master agreement and entail minimum annual charges of $212 and $142. The installations are required to serve a water pump installation and to provide power for outlets for new trailer stalls. The Commission approved the agreements.

The Commission signed agreements, deeds, contracts, and other papers.

The meeting was recessed at 11:45 a.m.

The meeting was reconvened at 1:30 p.m. in the same room with the same persons present and participating.

Awards of contracts on projects for which bids had been received December 8, 1959 were made by the Commission at 1:30 p.m., as follows:

BIDS RECEIVED IN SALEM ON DECEMBER 8, 1959

"Grading and paving on the Camp Adair-Lewisburg Section of the Pacific Highway West in Benton County. The Commission elects to accept the low bid of Warren Northwest, Inc., Portland, in the sum of $354,305.30, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Install traffic signals on Cascade Highway (82nd Avenue, Portland) at Johnson Creek Boulevard and King Road in Clackamas County. The Commission awarded the contract to the low bidder, Cascade Electric Company, Portland, at $17,544.

"Illumination installation at the Booth Ranch truck scale site on the Pacific Highway in Douglas County. The Commission awarded the contract to the low bidder, Electric Corporation, Salem, at $4,188.

"East Fork Evans Creek Bridge on Antioch Road in Jackson County. Eight bids were received, however, as this is a county project, all bids were referred to Jackson County.

"Rogue River Bridge (at Homestead) in Jackson County. The Commission awarded the contract to the low bidder, Pacific Concrete Co. and Otis P. Jordan, Jr., Portland, at $623,333.33.

"Bitter Lick Creek Bridge on Elk Creek Road in Jackson County. Seven bids were received; however, as this is a county project, all bids were referred to Jackson County.

"Pacific Highway Overcrossing of Beacon Drive near the junction of Beacon Drive and 10th Street in Grants Pass in Josephine County. The Commission awarded the contract to the low bidder, Ausland Construction Co., Grants Pass, at $95,585.

"Traffic signal installation in Klamath Falls (at Main Street) on The Dalles-California Highway in Klamath County. The Commission awarded the contract to the low bidder, Trowbridge & Flynn Electric Co., Medford, at $5,675.

"Eugene Traffic Signals in Lane County. The Commission awarded the contract to the low bidder, L. H. Morris Electric Co., Eugene, at $13,346.

"Game Farm Road and S. P. R. R. Overcrossing on the new Pacific Highway in Lane County. The Commission awarded the contract to the low bidder, Sig Andersson, Coos Bay, at $165,070.

"Linn County Line-McKenzie River Section of the Pacific Highway, stone base, paving and signing, in Lane County. The Commission awarded the contract to the low bidder, Roy L. Houck Sons' Corporation, Salem, at $1,083,448.10.

"Sam's Creek Bridge on Sam's Creek Road in Lincoln County. The Commission elects to accept the low bid of Sig Andersson, Coos Bay, in the sum of $21,379, and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Lincoln County is received and the sum of $4,800 is deposited by the County.

"Grading and Oiling on the Cedar Creek-Chitwood Creek Section of the Siletz Highway in Lincoln County. The Commission elects to accept the low bid of Calkins Crushing Co., Oceanlake, in the sum of $101,851, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Widen Bridge, Grading and Paving on the Main St. (Lebanon-Santiam Canal) Bridge on the Santiam Highway in Linn County. One bid was submitted, which was rejected as being too high.

"Stone base, Paving and Signing on the Multnomah Falls-Dodson Section of the Columbia River Highway in Multnomah County. The Commission awarded the contract to the low bidder, Dorman Construction Company, Vancouver, Washington, at $480,154.64.

"Grading and Paving on the South Unit, Grass Valley-Kent Section of the Sherman Highway in Sherman County. The Commission awarded the contract to the low bidder, C. R. O'Neil, Creswell, at $478,031.50.

"The Dalles-Eightmile Creek Sign Installation on The Dalles-California Highway in Wasco County. The Commission awarded the

contract to the low bidder, Korstad, Inc., Eugene, at $8,950.93.

"Roadside Improvement on Murray Road Interchange on the Sunset Highway in Washington County. The Commission awarded the contract to the low bidder, Salem Construction Co., Salem, at $6,652.35.

The meeting was adjourned at 1:30 p.m. and the Commission and the following members of its staff traveled to Portland for a joint meeting with members of the State Highway Commission, the Travel Advisory Committee and the State Parks Advisory Committee: W. C. Williams, Forrest Cooper, G. S. Paxson, P. M. Stephenson, C. H. Armstrong, M. H. Astrup, L. I. Lindas, C. H. Maison, C. W. Jordan, and Floyd Query. The meeting of these groups was held in Room 36 of the State Office Building in Portland at 4:00 p.m. In addition to the three members of the State Highway Commission, the following members of the Travel Advisory Committee were present: Frank Jenkins, Robert P. Booth, Ralph R. Cronise, George M. Henderson, Frank Loggan, Robert C. Notson, Charles V. Stanton, and William M. Tugman. Also present were the following members of the State Parks Advisory Committee: William M. Tugman, Sidney Bazett, Alfred D. Collier, V. W. McCormack, and George M. Henderson. Commissioner McIver acted as chairman and pointed out the purpose of the meeting as being primarily to secure a first-hand exchange of ideas from members of the two Committees pertaining to the operation of state parks and the advertising of Oregon's scenic attractions. An interesting and informative discussion period followed. The meeting was adjourned at 5:30 p.m. and the members of the Advisory Committees and highway personnel were invited as guests of the Highway Commission to a dinner at the Congress Hotel at 7:00 p.m.

EXHIBITS "A" through "K"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

December 16, 1959

EXHIBIT "A"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, in connection with the future improvement of the highways herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in the right of way resolution, dated December 16, 1959, pages 1 through 44, as presented by the Right of Way Engineer and approved by the Highway Commission on December 16, 1959 and by this reference said right of way resolution of December 16, 1959 is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the Chief Counsel for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

EXHIBIT "B"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Eugene Section of the Pacific Highway West described as follows:

A Parcel of land lying in the Prior F. Blair DLC #39, also lying in Section 36, Township 17 S, Range 4 W, W.M., Lane County, Oregon, and being a portion of that property described in that Final Judgment dated June 18, 1941 and filed in the Circuit Court of the State of Oregon for the County of Lane wherein the State of Oregon by and through its State Highway Commission was Plaintiff and Herbert Cooper Thompson, et al, were the defendants and bearing Case No. 27834, the said parcel being described as follows:

Beginning on the Southerly right of way line of the 7th Avenue Connection to the Pacific Highway, at a point which is opposite and 50 feet Southerly of Station 668+76.71 on the center line of said 7th Avenue Connection, said Station being 160.96 feet North and 1166.88 feet East of the Southwest corner of said Blair DLC #39; thence Westerly parallel to and 50 feet Southerly of the center line of said 7th Avenue Connection, a distance of 300 feet to the true point of beginning, said point being opposite Station 665+96.30 on said 7th Avenue Connection center line; thence continuing Westerly parallel to and 50 feet Southerly of said center line, a distance of 50 feet; thence South parallel to the East line of said State of Oregon property, a distance of 216.85 feet to the North line of that certain 60 foot strip of land described in that certain relinquishment of title from the State of Oregon, by and through its State Highway Commission, dated August 17, 1956; thence East along said North line 42.30 feet to a point South of the true point of beginning; thence North parallel to the East line of said State of Oregon property described in said Final Judgment a distance of 190.52 feet to the true point of beginning.

The parcel of land to which this description applies contains 8,602 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof founc and estimated to be the sum of $4,850.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

EXHIBIT "B" (Cont.)

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchasers, all rights of ingress and egress to, from and between the said real property and the right of way of the Pacific Highway West, except one point of access will be allowed 30 feet in width, unrestricted as to use.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 243 be entered in the minutes and records of the Commission as of the 16th day of December, 1959.

32304

EXHIBIT "C-1"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

EXHIBIT "C-1" (Cont.)

not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transporation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be required, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title

EXHIBIT "C-1" (Cont.)

to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 1232.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1232, under the heading "Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-2"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain The Dalles-Eight Mile Creek Section of The Dalles-California Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-2" (Cont.)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said The Dalles-Eight Mile Creek Section of The Dalles-California Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated The Dalles-California Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said The Dalles-Eight Mile Creek Section of The Dalles-California Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property. or interest therein; that upon the filing of such

EXHIBIT "C-2" (Cont.)

proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the bests interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 1024-a.

FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1024-a, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-3"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road, or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Sandy-Forest Boundary Section of the Mt. Hood Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the

EXHIBIT "C-3" (Cont.)

owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Sandy-Forest Boundary Section of the Mt. Hood Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Mt. Hood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the Sandy-Forest Boundary Section of the Mt. Hood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

EXHIBIT "C-3" (Cont.)

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; and that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 1173-a.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1173-a, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-4"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highays; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Davis Slough-Bandon Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immedi-

ately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Davis Slough-Bandon Section of the Oregon Coast Highway. as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said relocated Oregon Coast Highway and all of the contiguous real property of the owners as specified. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the owners, their heirs and assigns, for service of their remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Davis Slough-Bandon Section of the Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding

EXHIBIT "C-5"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the North Portland Harbor-North Russell Street Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the

EXHIBIT "C-5" (Cont.)

owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said North Portland Harbor-North Russell Street Section of the said Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said North Portland Harbor-North Russell Street Section of the said Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "C-5" (Cont.)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "C-7"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Ferry Street Southbound Off-Ramp Section of the Pacific Highway West; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-7" (Cont.)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Ferry Street Southbound Off-Ramp Section of the said Pacific Highway West, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway West and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the relocation, construction, improvement and maintenance of the said Ferry Street Southbound Off-Ramp Section of the said Pacific Highway West and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached,

EXHIBIT "C-7" (Cont.)

then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 1235.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1235, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-8"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture or roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Cedar Creek-Chitwood Creek Section of the Siletz Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Cedar Creek-Chitwood Creek Section of the Siletz Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

EXHIBIT "C-8" (Cont.)

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and relocated Siletz Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Cedar Creek-Chitwood Creek Section of the said Siletz Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 1236.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1236, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-9"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Hamilton Street-Slavin Road Section of the Pacific Highway West; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

EXHIBIT "C-9" (Cont.)

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Hamilton Street-Slavin Road Section of the Pacific Highway West, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Pacific Highway West and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Hamilton Street-Slavin Road Section of the Pacific Highway West and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

EXHIBIT "C-9" (Cont.)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 991-a.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 991-a, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-10"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials, approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Sunset Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not

EXHIBIT "C-10" (Cont.)

immediately needed for the highway proper; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Sunset Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, and there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and improved Sunset Highway, including the Highlands Traffic Interchange, and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening, improvement and maintenance of the said Sunset Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence

EXHIBIT "C-10" (Cont.)

and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959 as Condemnation Resolution No. 986-a.

---

*FOOTNOTE:

EXHIBIT "C-11"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Roosevelt Drive (Seaside) Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which

is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Roosevelt Drive (Seaside) Section of the Oregon Coast Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951; and

WHEREAS, For the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that the rights of access that may be permitted should be defined;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Roosevelt Drive (Seaside) Section of the Oregon Coast Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be

EXHIBIT "C-11" (Cont.)

permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of said widened and relocated Roosevelt Drive (Seaside) Section of the Oregon Coast Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be defined as to location, width, nature and extent, the rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired for right of way prior to May 12, 1951.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Roosevelt Drive (Seaside) Section of the Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein, that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959 as Condemnation Resolution No. 967-a.

---

*FOOTNOTE

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 967-a, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

32336

EXHIBIT "C-12"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the Highway Commission necessary for highway purposes, including maintenance sites; and

WHEREAS, under the provisions of ORS 366.340 the State Highway Commission is specifically authorized to acquire real property for the purpose of establishing maintenance sites;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required for the expansion and improvement of an existing maintenance site the real property described in Exhibit "A", which Exhibit is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the expansion and improvement of the existing maintenance site for which the said real property is deemed to be necessary is required and is being taken in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

32338

EXHIBIT "C-13"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light, and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Washington County Line-Highlands Interchange Section of the Sunset Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its

EXHIBIT "C-13" (Cont.)

discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and the maintenance of the said Washington County Line-Highlands Interchange Section of the Sunset Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Sunset Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Washington County Line-Highlands Interchange Section of the Sunset Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "C-13" (Cont.)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December , 1959 as Condemnation Resolution No. 1219-a .

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1219-a, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-14"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve, and maintain the the Dodson-Cascade Locks Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the widening, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even

EXHIBIT "C-14" (Cont.)

though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified; and

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the Dodson-Cascade Locks Section of the Columbia River Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full."

2. That it is necessary that there shall be where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and improved Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.

3. That the widening, improvement and maintenance of the said Dodson-Cascade Locks Section of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "C-14" (Cont.)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 1238.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1238, under the heading "Condemnation Resolutions", and said description, map, and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

32344

EXHIBIT "C-15"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Camp Adair-Lewisburg Section of the Pacific Highway West; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

EXHIBIT "C -15" (Cont.)

not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Camp Adair-Lewisburg Section of the Pacific Highway West, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Pacific Highway West and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Camp Adair-Lewisburg Section of the Pacific Highway West and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking,

EXHIBIT "C-15" (Cont.)

and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 1226-a.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1226-a, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-16"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to locate, construct and maintain the Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be located, constructed and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part

of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of locating, constructing and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the location, construction and maintenance of the said Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Eugene-Springfield Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the location, construction and maintenance of the said Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

EXHIBIT "C-16" (Cont.)

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 1239.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1239, under the heading "Condemnation Resolutions", and said description, map, and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-17"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels, or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the

EXHIBIT "C-17" (Cont.)

owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated The Dalles-California Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

EXHIBIT "C-17" (Cont.)

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Lyle Gap-Madras Unit, Willowdale-Madras Section of The Dalles-California Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 1126-a.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1126-a, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein

EXHIBIT "C-18"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, or donation, or by the exercise of the power of eminent domain, real property, or any right of interest therein, deemed by the State Highway Commission necessary for the preservation of scenic places and other objects of attraction or scenic value adjacent to or along, or in close proximity to, state highways, or which may be conveniently reached from or by a public highway; and the Highway Commission is also authorized and empowered to acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds, or resorts, forest or timbered areas, or other places of attraction and scenic value which, in the judgment of the Commission, are necessary for the convenience of the public and which will contribute to the general welfare and pleasure of the motoring public or road users; and

WHEREAS, the Samuel H. Boardman State Park has been established by and under the jurisdiction and control of the State Highway Commission; and

WHEREAS, the State Highway Commission plans and proposes to enlarge, develop, and maintain the Samuel H. Boardman State Park for public park and recreational purposes and for the convenience of the public and general welfare and pleasure of the motoring public using the highways of the State of Oregon, and for such purposes and in connection therewith the interests in real property hereinafter described are necessary; and

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stockpile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out,

EXHIBIT "C-18" (Cont.)

locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Myers Creek-Brookings Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for public park and recreational purposes for use in the enlargment, development and maintenance of the Samuel H. Boardman State Park; and does further find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Myers Creek-Brookings Section of the Oregon Coast Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property.

EXHIBIT "C-18" (Cont.)

The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as as though set forth herein in full.*

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Oregon Coast Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Myers Creek-Brookings Section of the Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; and that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 951-a.

EXHIBIT "C-18" (Cont.)

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 951-a, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-19"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the State Highway Commission necessary for the preservation of scenic places and other objects of attraction or scenic value adjacent to or along, or in close proximity to, state highways, or which may be conveniently reached from or by a public highway; and the Highway Commission is also authorized and empowered to acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds or resorts, forest or timbered areas, or other places of attraction and scenic value which, in the judgment of the Commission, are necessary for the convenience of the public and which will contribute to the general welfare and pleasure of the motoring public or road users; and

WHEREAS, the State Highway Commission plans and proposes to develop and maintain a state park for public park and recreational purposes and for the convenience of the public and general welfare and pleasure of the motoring public using the highways of the State of Oregon, and for such purposes and in connection therewith, the real property hereinafter described is necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for public park and recreational purposes for use in the development and maintenance of a state park, fee simple title to a parcel of real property located in Jackson County and described as follows, to wit:

File No. R-30619
Owner: Harry L. White

A parcel of land lying in Lots 1, 2 and 3 of Section 27 and in Lots 3, 4 and 5 and in the Southwest quarter (SW¼) of the Northwest quarter (NW¼) of Section 26, Township 36 South, Range 4 West, Willamette Meridian, Jackson County, Oregon, and being a portion of that property described in that certain deed to Harry L. White and Elizabeth P. White, recorded in Book 312, Page 160 of Jackson County Records of Deeds; the said parcel being that portion of said property lying Southwesterly of a line which is parallel to and 125 feet Southwesterly of the center line of the relocated Pacific Highway,

which center line is described as follows:

Beginning at Engineer's center line Station 580+00, said Station being 247.25 feet North and 2425.09 feet West of the Northeast corner of said Section 27; thence South 28° 23' East, 1466.84 feet; thence on a spiral curve left (the long chord of which bears South 31° 23' East) 600 feet; thence on a 1909.86 foot radius curve left (the long chord of which bears South 45° 47' East) 560 feet; thence on a spiral curve left (the long chord of which bears South 60° 11' East) 600 feet; thence South 63° 11' East, 3123.91 feet; thence on a spiral curve left (the long chord of which bears South 66° 06' East) 500 feet; thence on a 1637.02 foot radius curve left (the long chord of which bears North 80° 37' East) 1568.57 feet; thence on a spiral curve left (the long chord of which bears North 47° 20' East) 500 feet to Station 669+19.32, said center line crossing the Northerly and Easterly lines of said property approximately at Stations 581+80 and 653+76, respectively.

The bearings used herein are based upon the Oregon Co-ordinate System, South Zone.

The parcel of land to which this description applies contains acres.

2. That the above-described real property and the park and recreational purposes for which it is being acquired is necessary for the convenience of the public and will contribute to the general welfare and pleasure of the motoring public or road user.

3. That the park and recreational facilities for which the aforesaid real property is required and is being taken have been planned, designed, located, and will be constructed, developed and maintained in a manner which, in the opinion of the Commission, will be most compatible with the greatest public good and least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the

EXHIBIT "C-19" (Cont.)

Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 1240.

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the State Highway Commission necessary for the preservation of scenic places and other objects of attraction or scenic value adjacent to or along, or in close proximity to, state highways, or which may be conveniently reached from or by a public highway; and the Highway Commission is also authorized and empowered to acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds or resorts, forest or timbered areas, or other places of attraction and scenic value which, in the judgment of the Commission, are necessary for the convenience of the public and which will contribute to the general welfare and pleasure of the motoring public or road users; and

WHEREAS, the State Highway Commission plans and proposes to develop and maintain a state park for public park and recreational purposes and for the convenience of the public and general welfare and pleasure of the motoring public using the highways of the State of Oregon, and for such purposes and in connection therewith, the real property hereinafter described is necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for public park and recreational purposes for use in the development and maintenance of a state park, fee simple title to a parcel of real property located in Jackson County and described as follows, to wit:

File No. R-30620
Owner: Frances Elizabeth White

A parcel of land lying in Sections 25 and 26, Township 36 South, Range 4 West, Willamette Meridian, Jackson County, Oregon, and being a portion of that property described in that certain deed to Frances Elizabeth White, recorded in Book 287, Page 527 of Jackson County Records of Deeds; the said parcel being that portion of said property lying Southerly of the following described line:

Beginning at a point opposite and 125 feet Southerly of Station 643+50.75 on the center line of

EXHIBIT "C-20" (Cont.)

the relocated Pacific Highway; thence Easterly parallel to and 125 feet Southerly of said center line to a point opposite Station 690+00 on said center line; thence Northeasterly in a straight line to a point opposite and 150 feet Southeasterly of Station 691+00 on said center line; thence Northeasterly parallel to and 150 feet Southeasterly of said center line 900 feet to a point opposite Station 700+00 on said center line, the center line herein referred to is described as follows:

Beginning at Engineer's center line Station 643+50.75, said Station being 817.91 feet South and 2893.45 feet West of the East quarter corner of said Section 26; thence on a spiral curve left (the long chord of which bears South 66° 06' East) 500 feet; thence on a 1637.02 foot radius curve left (the long chord of which bears North 80° 37' East) 1568.57 feet; thence on a spiral curve left (the long chord of which bears North 47° 20' East) 500 feet to Station 669+19.32 Back equals 669+25.47 Ahead; thence North 44° 25' East, 3074.53 feet to Station 700+00, said center line crossing the West and Easterly lines of said property approximately at Stations 653+76 and 694+75, respectively.

The bearings used herein are based upon the Oregon Co-ordinate System, South Zone.

The parcel of land to which this description applies contains acres.

2. That the above-described real property and the park and recreational purposes for which it is being acquired is necessary for the convenience of the public and will contribute to the general welfare and pleasure of the motoring public or road user.

3. That the park and recreational facilities for which the aforesaid real property is required and is being taken have been planned, designed, located, and will be constructed, developed and maintained in a manner which, in the opinion of the Commission, will be most compatible with the greatest public good and least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or

interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 16th day of December, 1959, as Condemnation Resolution No. 1241.

EXHIBIT "D"

Minutes of December 16, 1959

R E S O L U T I O N

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract #5020 with Gibbons & Reed Co., for undercrossing construction on Barbur Blvd., & Capitol Highway on the SW 14th Ave.-Washington County Line Section of Pacific Highway in Multnomah County, completed November 11, 1959.

"Contract #5131 with Roy L. Houck & Sons and Roy L. Houck Sons' Corp., for paving the North Jefferson Jct.-North Albany Jct. Section of Pacific Highway in Marion-Linn Counties, completed September 22, 1959.

"Contract #5137 with Darkenwald-Harms, for grading the Thomas Creek-Cape Ferrelo Section of the Oregon Coast Highway in Curry County, completed October 16, 1959.

"Contract #5170 with J. N. Conley, for grading the Santiam Jct.-Lebanon Road Section of Pacific Highway in Linn County, completed September 5, 1959.

"Contract #5240 with Warren Northwest, Inc., for structures-grading-paving the Airport-Alberta Street Section of 82nd Avenue & Cascade Highway in Multnomah County, completed November 13, 1959.

"Contract #5305 with Tom Lillebo Construction Co., for construction of Hunter Creek Bridge on the Gold Beach-Pistol River Section of Oregon Coast Highway in Curry County, completed December 3, 1959.

"Contract #5330 with Warren Northwest, Inc., for grading-paving the 122nd Ave.-136th Ave. Section of NE Glisan Street in Multnomah County, completed November 4, 1959.

"Contract #5331 with Peter Kiewit Sons' Co., for grading-paving the Hunter Creek-Buena Vista Wayside Section of the Oregon Coast Highway in Curry County, completed December 4, 1959.

"Contract #5338 with Fred H. Slate Co. & E. C. Hall Co., for grading-paving the Middleton-Yamhill County Line Section of Pacific Highway West in Washington-Yamhill Counties, completed November 27, 1959.

"Contract #5359 with Rich & Sons Nursery, for roadside improvement on the Jumpoff Joe Creek-Louse Creek Section of Pacific Highway in Josephine County, completed April 11, 1959.

EXHIBIT "D" (Cont.)

"Contract #5360 with Tom Lillebo Construction Co., for the USBR Canal & Nevada Ave. Structures in Klamath Falls, The Dalles-California Highway, in Klamath County, completed July 17, 1959.

"Contract #5365 with Warren Northwest, Inc., for grading-paving the Fort Hill Truck Scale Site Section of the Salmon River Highway in Polk County, completed October 21, 1959.

"Contract #5375 with Tom Lillebo Construction Co., for construction of the Lost River Bridge on the Langell Valley Road (FAS 430) in Klamath County, completed August 26, 1959.

"Contract #5411 with Pacific Concrete Co., for the Votaw Undercrossing of SPRR on the Middleton-Yamhill County Line Section of Pacific Highway West in Washington County, completed December 7, 1959.

"Contract #5418 with Peter Kiewit Sons' Company, for the Scoville Road and 7th Street Overcrossings on the North Grants Pass Interchange Section of Pacific Highway in Josephine County, completed November 28, 1959.

"Contract #5450 with J. C. Compton Co., for stone base-oiling the East Unit Ukiah-Forest Boundary Section of the Ukiah-Hilgard Secondary Highway in Umatilla County, completed September 14, 1959.

"Contract #5476 with C. C. Meisel, for the Lapine Rock Production Project o The Dalles-California and Fremont Highways in Klamath-Deschutes Counties, completed October 15, 1959.

"Contract #5490 with W. R. Grasle Co., for illumination installation of the Murray Road Interchange on Sunset Highway in Washington County, completed October 2, 1959.

"Contract #5497 with C. J. Montag & Sons, for construction of the North Scappoose Creek Bridges (2) on the Pittsburg-Scappoose County Road (FAS 609) in Columbia County, completed November 24, 1959.

"Contract #5514 with Babler Bros., Inc., for grading-surfacing the Forest Boundary-Lake County Line Section of Sand Creek-Silver Lake Road in Klamath County, completed December 3, 1959.

"Contract #5519 with Electrical Products Corp. of Oregon, for sign installation on the Sundial-Rooster Rock Section of the Columbia River Highway in Multnomah County, completed December 4, 1959.

"Contract #5522 with Stanton W. Payne, for grading-stone base on the Bethel Section of the Byerly Corner-West Salem Road in Polk County, completed November 12, 1959.

EXHIBIT "D" (Cont.)

"Contract #5526 with Central Paving Co., for grading-paving the Academy St.-Coast St. Section (Dallas) on the Dallas-Rickreall Secondary Highway in Polk County, completed November 3, 1959.

"Contract #5528 with Porter W. Yett, for structure-grading-paving the Walker Road-Beaverton Section of Cedar Hills Blvd., in Washington County, completed November 25, 1959.

THEREFORE BE IT RESOLVED that the work covered by the State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 86 shall be entered in the minutes and records of the Commission as of the 16th day of December, 1959.

EXHIBIT "E-1"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section shall:

A. If needed for the service of persons living thereon or communities served thereby, be maintained by the Commission at the State's expense or by the County, or by the State and County on such terms and conditions as may be agreed upon;

B. If the abandoned sections are merely a part of the old right of way which are no longer needed for right of way purposes, then they shall revert to the abutting property owners, unless, in the judgment of the Commission, said sections are needed or are valuable for any public use; and

WHEREAS, State has relocated and constructed the Valley Junction-Wallace Bridge Section of the Salmon River Highway, State Primary Highway No. 39, in Polk County, the westerly terminus of which is at relocated Highway Engineer's Centerline Station 61+01.40 on the said relocated highway, and the easterly terminus of which is at relocated Highway Engineer's Centerline Station 223+00 on the said relocated highway; and

WHEREAS, due to the relocation of the aforesaid section, a portion of the former right of way is no longer needed for right of way purposes and may be eliminated as a section of the original Salmon River Highway, State Primary Highway No. 39, which section to be eliminated is hereinafter designated as Units "A", "B", and "E" as shown colored in red and Unit "D" as shown colored in blue on the map attached hereto marked Exhibit "A" and by this reference made a part hereof; and *

WHEREAS, Polk County and the State Highway Commission entered into an agreement on the 23rd day of July, 1957, and a supplemental agreement on the 23rd day of May, 1959, relating to the elimination and disposition to be made of the said section of the said original Salmon River Highway which is subject to elimination and is hereinafter referred to as Units "A", "B", "D", and "E"; and

WHEREAS, said agreements provide that State, by resolution, upon completion of the said relocated section of the said Salmon River Highway, shall formally eliminate said Units "A", "B", and "E" as part of the Salmon River Highway, State Primary Highway No. 39, and the state highway system and that all right, title and interest which State has in Units "A", "B", and "E" shall pass to and vest in the County and County shall accept all right, title and interest which State has in said Units "A", "B", and "E" and shall

EXHIBIT "E-1" (Cont)

maintain said Units "A", "B", and "E" as part of the county road system so long as needed for the service of persons living thereon or communities served thereby; and that Unit "D" shall pass to County for its jurisdiction, control, and maintenance, provided, however, that said jurisdiction, control, and maintenance shall be confined only to the travelled portion of said Unit "D" and all right, title and interest in the right of way of Unit "D", other than the above-mentioned travelled portion, shall be retained by the State.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That, by reason of the relocation of the Salmon River Highway, State Primary Highway No. 39, in Polk County, a section of the former right of way of the Salmon River Highway is no longer needed by the State of Oregon and is no longer required for part of the said new right of way of the said relocated Salmon River Highway which said section is identified as Units "A", "B", "D", and "E" as shown on said Exhibit "A" and described as follows: *

Unit "A"

All the land situated within the right of way boundaries of the Salmon River Highway as formerly routed, beginning at the southerly right of way line opposite Highway Engineer's Survey Station 71+00 of said highway as relocated in the northwest quarter of the northeast quarter ($NW\frac{1}{4}$-$NE\frac{1}{4}$), Section 16, Township 6 South, Range 7 West, W.M.; thence easterly via said highway as formerly routed to the southerly right of way line opposite Highway Engineer's Survey Station 166+00 of said relocated highway in the northeast quarter of the southwest quarter ($NE\frac{1}{4}$-$SW\frac{1}{4}$), Section 14, Township 6 South, Range 7 West, W.M.

Unit "B"

All the land situated within the right of way boundaries of the Salmon River Highway as formerly routed, beginning at the southerly right of way line opposite Highway Engineer's Survey Station 183+00 of said highway as relocated in the northeast quarter of the southeast quarter ($NE\frac{1}{4}$-$SE\frac{1}{4}$), Section 14, Township 6 South, Range 7 West, W.M.; thence easterly via said highway as formerly routed to the southerly right of way line opposite Highway Engineer's Survey Station 201+50 of said highway as relocated in the southwest quarter of the northwest quarter ($SW\frac{1}{4}$-$NW\frac{1}{4}$), Section 13, Township 6 South, Range 7 West, W.M.

Unit "D"

The travelled portion of the Salmon River Highway as formerly routed, beginning at the southerly right of way line opposite relocated Highway Engineer's Centerline Survey Station 166+00 of said highway as relocated; thence easterly via said former highway to the southerly right of way line opposite relocated Highway Engineer's Centerline Survey Station 173+60 of said relocated highway.

EXHIBIT "E-1" (Cont)

Unit "E"

All the land situated within the right of way boundary lines of the Salmon River Highway as formerly routed, beginning at the southerly right of way line opposite relocated Highway Engineer's Centerline Survey Station 172+45 of said highway as relocated in the northwest quarter of the southeast quarter (NW¼-SE¼), Section 14, Township 6 South, Range 7 West, W.M.; thence easterly via said former highway to the southerly right of way line opposite relocated Highway Engineer's Centerline Survey Station 183+00 of said relocated highway in the northeast quarter of the southeast quarter (NE¼-SE¼), Section 14, Township 6 South, Range 7 West, W.M.

2. That, pursuant to the said agreements entered into with Polk County on the 23rd day of July, 1957, and on the 23rd day of May, 1959, Units "A", "B", and "E" as heretofore described and as shown colored in red on the attached Exhibit "A", are hereby duly eliminated as part of the Salmon River Highway, State Primary Highway No. 39, and all right, title and interest which State has in said Units "A", "B", and "E" hereby passes to and vests in said Polk County. *

3. That, pursuant to said supplemental agreement entered into with Polk County on the 23rd day of May, 1959, Unit "D" as heretofore described and as shown colored in blue on the attached Exhibit "A" is hereby duly eliminated as part of the Salmon River Highway, State Primary Highway No. 39, and the travelled portion of Unit "D" hereby passes to and vests in Polk County for its jurisdiction, control, and maintenance; and all right, title, and interest in Unit "D", other than the above-mentioned travelled portion, is hereby retained by the State. *

4. That this resolution be entered in full in the minutes and records of this Highway Commission as Abandonment and Retention Resolution No. 335 this 16th day of December, 1959, and the Secretary is ordered to mail a duplicate copy hereof to the Polk County Court.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 335 under the heading "Abandonment and Retention" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "E-2"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment, there is eliminated from the original highway a section thereof, the eliminated section, if merely a part of the old right of way which is no longer needed for right of way purposes, shall then revert to the abutting property owners, unless, in the judgment of the Commission, said section is needed or valuable for any public use; and

WHEREAS, State, in cooperation with the Bureau of Reclamation, has relocated and constructed a section of the Green Springs Highway, State Primary Highway No. 21, known as the Emigrant Reservoir Section in Jackson County, the westerly terminus of which is at relocated Highway Engineer's Centerline Survey Station 8+00 and the easterly terminus of which is at relocated Highway Engineer's Centerline Survey Station 255+00 on the relocated highway, which said section of said highway has now been completed and is open for public travel; and

WHEREAS, due to the relocation of the aforesaid section, portions of the former right of way of the Green Springs Highway, State Primary Highway No. 21, and a portion of the Siskiyou Highway, State Secondary Highway No. 273, are no longer needed for state highway right of way purposes and may be eliminated as sections of the aforesaid highways. The sections to be eliminated are hereinafter designated as Units "A", "B", and "C" of the former Green Springs Highway and Unit "D" of the Siskiyou Highway, as shown colored in red on the map attached hereto, marked Exhibit "A" and by this reference made a part hereof; and *

WHEREAS, the United States of America, acting by and through its Bureau of Reclamation, and the State of Oregon, by and through its State Highway Commission, entered into an agreement on the 31st day of July, 1958, relating, among other things, to the elimination and disposition of those certain sections of said original Green Springs Highway and Siskiyou Highway which are subject to elimination and hereinafter referred to as Units "A", "B", "C", and "D"; and

WHEREAS, pursuant to said agreement the State quitclaimed to the United States all of the State's right, title and interest in Units "A", "B", and "C" of said original Green Springs Highway and Unit "D" of said original Siskiyou Highway, effective upon the completion of the Emigrant Reservoir Section of the said Green Springs Highway.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That by reason of the relocation of the Green Springs Highway,

EXHIBIT "E-2" (Cont)

State Primary Highway No. 21 in Jackson County, certain sections of the original Green Springs Highway, State Primary Highway No. 21, and the Siskiyou Highway, State Secondary Highway No. 273, are no longer needed by the State of Oregon and are no longer required for highway right of way purposes. Said sections to be eliminated are herein identified as Units "A", "B", "C", and "D" as shown in red on the attached Exhibit "A" and are described as follows: *

UNIT "A": All the land situated within the right of way boundary lines of the Green Springs Highway as formerly routed, beginning at the easterly right of way line of said highway as relocated opposite relocated Highway Engineer's Centerline Survey Station 20+00 in the northwest quarter of the northeast quarter ($NW\frac{1}{4}$-$NE\frac{1}{4}$), Section 30, Township 39 South, Range 2 East, W.M.; thence southeasterly via said highway as formerly routed to the westerly right of way boundary line of said highway as relocated opposite relocated Highway Engineer's Centerline Survey Station 167+20 in the southeast quarter of the northeast quarter ($SE\frac{1}{4}$-$NE\frac{1}{4}$), Section 32, Township 39 South, Range 2 East, W.M.

UNIT "B": All the land situated within the right of way boundary lines of the Green Springs Highway as formerly routed, beginning at the easterly right of way boundary line of said highway as relocated opposite relocated Highway Engineer's Centerline Survey Station 176+40 in the northwest quarter of the northwest quarter ($NW\frac{1}{4}$-$NW\frac{1}{4}$), Section 33, Township 39 South, Range 2 East, W.M.; thence northeasterly via said highway as formerly routed to the southerly right of way boundary line of said highway as relocated opposite relocated Highway Engineer's Centerline Survey Station 189+70 in the northeast quarter of the northwest quarter ($NE\frac{1}{4}$-$NW\frac{1}{4}$), Section 33, Township 39 South, Range 2 East, W.M.

UNIT "C": All the land situated within the right of way boundary lines of the Green Springs Highway as formerly routed, beginning at the northerly right of way boundary line of said highway as relocated opposite relocated Highway Engineer's Centerline Survey Station 190+55 in the northeast quarter of the northwest quarter ($NE\frac{1}{4}$-$NW\frac{1}{4}$), Section 33, Township 39 South, Range 2 East, W.M.; thence easterly via said highway as formerly routed to the northerly right of way boundary line of said highway as relocated opposite relocated Highway Engineer's Centerline Survey Station 249+40 in the southeast quarter of the northwest quarter ($SE\frac{1}{4}$-$NW\frac{1}{4}$), Section 34, Township 39 South, Range 2 East, W.M.

UNIT "D": All the land situated within the right of way boundary lines of the Siskiyou Highway as presently routed, beginning at its present northerly terminus with the Green Springs Highway as formerly routed in the northwest quarter of the northwest quarter ($NW\frac{1}{4}$-$NW\frac{1}{4}$), Section 32, Township 39 South, Range 2 East, W.M.; thence southerly via said Siskiyou Highway as presently routed, to

EXHIBIT "E-2" (Cont)

the northerly right of way boundary line of said Green Springs Highway as relocated opposite relocated Highway Engineer's Centerline Survey Station 116+10 in the northeast quarter of the southwest quarter (NE$\frac{1}{4}$-SW$\frac{1}{4}$), Section 32, Township 39 South, Range 2 East, W. M.

2. That, pursuant to the said agreement entered into with the United States of America on the 31st day of July, 1958, Units "A", "B", and "C" as heretofore described and as shown colored in red on the attached Exhibit "A" are hereby duly eliminated as part of the Green Springs Highway, State Primary Highway No. 21; and Unit "D" as heretofore described and as shown colored in red on said Exhibit "A" is hereby duly eliminated as part of the Siskiyou Highway, State Secondary Highway No. 273; and all right, title, and interest which State has in said Units "A", "B", "C", and "D" hereby passes to and vests in the abutting property owner, viz., the United States of America, by and through its Bureau of Reclamation. *

3. That this resolution be entered in full in the minutes and records of this Commission as Abandonment and Retention Resolution No. 366 this 16th day of December, 1959, and the Secretary is ordered to mail duplicate originals hereof to the Regional Director, Region 1, Bureau of Reclamation, and the Jackson County Court.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 366 under the heading "Abandonment and Retention" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "F"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, the Mid Willamette Valley Planning Council has urged that a resolution be adopted by the Highway Commission naming and designating that section of the Pacific Highway East, State Primary Highway No. 1E, extending from its intersection with Liberty Road in the City of Salem, southerly to its junction with Pacific Highway, State Primary Highway No. 1, as the Commercial Street S.E. section; and

WHEREAS, it appears that the description of the above mentioned section as Commercial Street S. E. section will facilitate and improve the handling of mail and other deliveries by intergrating this section of the Pacific Highway East, State Primary Highway No. 1E, into the Salem, Oregon, street system.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the section of the Pacific Highway East, State Primary Highway No. 1E, extending from its intersection with Liberty Road within the City of Salem, southerly to its junction with the said Pacific Highway, State Primary Highway No. 1, is hereby designated and hereafter shall be known as the Commercial Street S. E. section of the Pacific Highway East.

2. That this resolution be entered in the minutes and records of the Commission this 16th day of December, 1959, as Primary Highway Designation Resolution No. 29, and a true copy thereof filed with the Secretary of State.

EXHIBIT "G"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, The Dalles-California Highway, State Primary Highway No. 4, U.S. Route 97, is a state highway under the control and jurisdiction of the State Highway Commission, the route of which is described in ORS 366.230; and

WHEREAS, the Oregon State Highway Commission in recognition of the services and sacrifices made by the members of the Nation's Armed Forces, and in response to desire expressed by the Oregon State Federation of Garden Clubs, Inc., is, after full and due consideration, of the opinion that the above-mentioned highway throughout its entire route should be further designated as a Blue Star Memorial Highway.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the Commission as follows:

1. That The Dalles-California Highway, State Primary Highway No. 4, U.S. Route 97, in its entirety from a junction with the Columbia River Highway at or near The Dalles, southerly via Maupin, Madras, Redmond, Bend, Klamath Falls and Midland to the Oregon-California state line be and it hereby is further designated and shall hereafter also be known as a Blue Star Memorial Highway.

2. That this said Blue Star Memorial Highway, which is hereby so designated, is in recognition of the services of the Nation's Armed Forces who did so much for the state, nation and world, shall be appropriately marked with suitable tablets and ornamentation to give life and perpetuity to this resolution and its purpose.

3. That the State Highway Engineer be and he hereby is instructed to prepare and bring, in conjunction with the Oregon State Federation of Garden Clubs, Inc., to this Commission for consideration designs of tablets and ornamentations, and that after their approval by the Commission, said Engineer is instructed to erect and thereafter maintain the same.

4. That this Commemorative Resolution No. 16 is entered in the minutes and records of the Commission this 16th day of December, 1959, and a true copy thereof filed with the Secretary of State.

EXHIBIT "H-1"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Lower Columbia River (Clatsop County)

Highway number 2W Route number US 30

Location of Termini			Established Speed
M.P. 70.76 (100 feet southeast of West Creek)	to	M.P. 71.28 (0.12 mile northwest of Plympton Creek) ------	35 M.P.H. 1/

1/ except that from a point 400 feet southeast of the road to Toll Ferry (M.P. 71.10) to a point 0.20 mile southeast of the road to Toll Ferry (M.P. 70.98) the indicated speed shall be 20 miles per hour during the hours of school crossings.

EXHIBIT "H-1" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 313 be entered in the minutes and records of the Commission as of the 16th day of December, 1959, and that certified copies of this resolution be forwarded to the Secretary of State and to the Superintendent of the Department of State Police.

EXHIBIT "I"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, the Oregon Coast Primary Highway No. 9 in Lincoln County is a State Highway under the control and jurisdiction of the Oregon State Highway Commission; and

WHEREAS, it appears that vehicles are being parked on the westerly shoulder of said highway, immediately south of Waldport; and

WHEREAS, the parking of vehicles on said shoulder at said location creates a hazard to the traveling public by restricting the traveled portion of the highway; and

WHEREAS, in the opinion of the Commission, public travel and public safety require that parking of vehicles be prohibited on said highway at said location;

NOW, THEREFORE BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That the Commission does hereby find and declare, based upon the recommendations by members of its staff, that parking of vehicles on the westerly side of the Oregon Coast Highway between M. P. 156.42 (Highway Engineer's Station 1438+50) and M. P. 156.58 (Highway Engineer's Station 1446+95) creates a hazard to the traveling public.

2. That in the opinion of this Commission the shoulders of said highway are not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on the westerly side of the said Oregon Coast Highway at said location should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points as, in his judgment, are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared.

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police for his information.

6. That this "No Parking" Resolution No. 202 be entered in the minutes and records of the State Highway Commission as of the 16th day of December, 1959.

EXHIBIT "J-1"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the Lost Creek-Camp Creek Unit, Post-Paulina Section of the Paulina Highway in Crook County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the Lost Creek-Camp Creek Unit, Post-Paulina Section of the Paulina Highway, beginning at Highway Engineer's Station 0+00, near Lost Creek, and extending in an easterly direction to Highway Engineer's Station 449+25, near Camp Creek, together with the map, which for identification purposes bears Sketch Map file No. 1R-5-1283 and the date of November, 1959 (Right of Way Map No. 8B-14-3, 4 dated April, 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary right of way pursuant to the normal and approved method for construction of a limited access controlled highway.

EXHIBIT "J-1" (Cont)

4. That this resolution be entered in the minutes and records of the Commission as of the 16th day of December, 1959, as Survey Resolution No. 201.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 201, under the heading "Resolutions Adopting Surveys" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-2"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make complete and final surveys of the routes and locations of:

1. Smith Point-Camp Rilea Section of the Oregon Coast Highway in Clatsop County, and

2. Columbia City Section of the Columbia River Highway in Columbia County

and in connection therewith to prepare maps showing the routes and locations of said sections and to file said maps, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1a. That the survey of the Smith Point-Camp Rilea Section of the Oregon Coast Highway, beginning at Highway Engineer's Station 3+07.3PS = 103+07.3POT, at Smith Point, and extending in a southerly direction to Highway Engineer's Station 396+07.3, near Camp Rilea, together with the map, which for identification purposes bears Sketch Map file No. 1R-5-1336 and the date of November, 1959 (Right of Way Map No. 8B 17-4 dated March, 1960), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

1b. That the survey of the Columbia City Section of the Columbia River Highway, beginning at Highway Engineer's Station 383+23.42, approximately 0.75 mile north of Columbia City, and extending in a southerly direction to Highway Engineer's Station 493+68.09, at the southerly city limits of Columbia City, together with the map, which for identification purposes bears Sketch Map file No. 10C-38-4 and the date of December, 1959 (Right of Way Map No. 8B-16-11, dated December 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the

EXHIBIT "J-2" (Cont)

records and files of the Commission in the State Highway Building in Salem, Oregon. *

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said surveys constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over these surveys. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary rights of way pursuant to the normal and approved method for construction of complete access control on the Smith Point-Camp Rilea Section of the Oregon Coast Highway, and limited access control on the Columbia City Section of the Columbia River Highway.

4. That heretofore by resolution of this Commission dated November 3, 1948, the said Oregon Coast Highway and the Columbia River Highway were designated as "Throughways" within the meaning and purpose of ORS 374.005 through ORS 374.095, commonly known as the "Throughway Law", and, for the reasons stated therein, it is hereby directed that the construction of the above-mentioned state highway sections shall be accomplished pursuant to and within the meaning and scope of said law and said resolution.

5. That this resolution be entered in the minutes and records of the Commission as of the 16th day of December, 1959, as Survey Resolution No. 202.

---

* FOOTNOTE.

The maps mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 202, under the heading "Resolutions Adopting Surveys" and said maps by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "K"

Minutes of December 16, 1959

RESOLUTION

WHEREAS, Administrative Memorandum 2-12, issued by the Bureau of Public Roads, U.S. Department of Commerce on January 24, 1958, has established procedures whereby equipment and materials, declared surplus to the needs of federal agencies, may be transferred to state highway departments for highway purposes; and

WHEREAS, said Administrative Memorandum further provides that any such surplus property so acquired by the state highway departments may be utilized by counties within the state, subject to the following conditions:

(1) The excess property will be used primarily on the federal aid primary or secondary highway systems.

(2) The State Highway Department is satisfied that the county road unit is suitably organized and equipped to perform maintenance on federal aid projects.

(3) Title to any excess property leased by the state highway department to the various counties must remain in the state; and

WHEREAS, ORS 366.395 provides that the State Highway Commission may sell, lease, exchange or otherwise dispose of or permit use of surplus personal property including equipment and materials acquired by the Commission, and it is the opinion of the Commission that any surplus federal equipment which the Commission might acquire under the said Memorandum at the request of the counties would likewise be surplus to the needs of the state, and

WHEREAS, ORS 366.185(3) provides that the Chief Counsel may be authorized by the Commission to exercise the authority granted the Commission by ORS 366.395, and

WHEREAS, the State Highway Commission, in order to expedite the acquisition of surplus federal equipment that can be leased to the various counties of the State of Oregon for the purposes described in said Memorandum 2-12, is desirous of approving a form of agreement whereby the State Highway Commission can, pursuant to ORS 366.185(3) authorize the Chief Counsel to enter into such lease agreements with the various counties.

WHEREAS, on May 28, 1959, by Miscellaneous Resolution No. 230, the State Highway Commission approved general and supplemental forms of agreements for the aforementioned purpose, it is now the opinion of the State Highway Commission that said Resolution No. 230 and the attached forms of agreement thereto should be rescinded in order to conform with the attached hereto form of agreement.

EXHIBIT "K" (Cont)

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That Miscellaneous Resolution No. 230, dated May 28, 1959, and the forms of agreement attached thereto be and is hereby rescinded.

2. That the Chief Counsel of the State Highway Department be and he hereby is authorized on behalf of the Commission in accordance with the terms of ORS 366.185(3) and ORS 366.395 to enter into lease agreements, the form for which is attached hereto marked Exhibit "A" and by this reference made a part hereof, with the various counties of the State of Oregon, for the leasing of such federal surplus personal property as may be acquired by the Commission, at the request of the various counties, pursuant to the said Memorandum 2-12.

3. That this resolution be entered in the minutes and records of the Highway Commission this 16th day of December, 1959, as Miscellaneous Resolution No. 230-a.

LEASE AGREEMENT (EXHIBIT "A")

THIS LEASE, made this ____ day of _____, 19 , between the STATE OF OREGON, by and through its State Highway Commission, hereinafter called "State", and _____ COUNTY, a political subdivision of the State of Oregon, by and through its county officials, hereinafter called "County";

WITNESSETH:

RECITALS:

1. The State Highway Commission is authorized by provisions of ORS 366.395 to sell, lease, exchange or otherwise dispose of or permit the use of surplus personal property, including equipment and materials, acquired by the Commission.

2. Pursuant to the provisions of ORS 366.185(3), the State Highway Commission, by resolution, has authorized its Chief Counsel to exercise certain powers granted the Commission by ORS 366.395 with respect to the leasing of surplus property to counties.

3. In accordance with the procedures established by the Bureau of Public Roads, U.S. Department of Commerce, in Administrative Memorandum 2-12, dated January 24, 1958, state highway departments may acquire equipment and recoverable materials declared to be excess by federal agencies. Said Administrative Memorandum further provides that the said surplus property acquired by state highway departments may be leased to and utilized by counties within the state.

NOW, THEREFORE, the premises being in general as stated in the foregoing RECITALS, it is agreed by and between the State and County as

EXHIBIT "K" (Cont)

follows:

GENERAL PROVISIONS:

1. Upon receipt from County of an expression of interest in any items that have been reported as excess by the federal government, the State Maintenance Engineer will ascertain whether such items are available and submit to the federal government a request that said equipment be temporarily held, pending investigation, for transfer to the State. If, after investigating said items, County desires to lease same, County may request that State obtain said surplus equipment or recoverable materials from the federal government for subsequent lease to County by State.

2. County agrees that whenever it may wish from time to time, to lease equipment or materials as they become available, pursuant to and in accordance with the terms and conditions of this agreement, that a page listing such equipment or materials, may be added and attached hereto, by the State Maintenance Engineer, and, as such, said page shall become a part of this agreement and said equipment or materials listed thereon shall then be subject to all the terms and conditions contained herein.

3. State, in consideration of the payment by County to State of the sums stated for the equipment or materials to be added as aforementioned, agrees to lease to County the items for which payment is made, for the remaining useful life of said equipment or materials, under the terms and conditions as hereinafter provided.

4. Contemporaneous with County's request that State hold surplus property for its use, the County shall deposit with the State Highway Department a check for the total price of the said surplus item together with the anticipated cost of delivery, as estimated by the State Highway Maintenance Engineer. The said deposit shall be refunded by State to County in the event that the property requested is unavailable. In the event that the actual cost of delivery is less than the anticipated cost, the difference shall be refunded to County by State. But, if the actual cost of the delivery is in excess of the anticipated cost, County shall reimburse State for the such additional delivery cost.

5. County agrees that the leased property shall be used primarily on the federal aid primary or secondary highway systems.

6. Title to the said leased property shall remain at all times in the State of Oregon, however, the County shall have the full right to use the same, upon the conditions herein contained. The leased property shall be used only by the employees or agents of the County. Except as hereinafter provided, said leased property shall not be transferred or delivered or sublet by County to any other person or corporation, and this lease agreement shall not be assigned by the County, by its own act or by operation of law.

7. County shall at all times and at its sole expense, carry such

EXHIBIT "K" (Cont)

insurance as it deems necessary to adequately cover said leased property, maintain said property, and at all times hold the same at its sole risk.

8. County agrees to indemnify and hold harmless the State and the State Highway Commission, and members thereof and its officers, employees, and agents, from and against all damages, claims, demands, suits, actions or cause of suit or action resulting from, or because of, any damage to property or injury or death of any person arising out of the occupancy and use of the aforementioned personal property by the County, its employees or agents.

9. After County determines that the useful life of the leased property is at an end, it shall advise the State Highway Maintenance Engineer of such a determination. If the said Maintenance Engineer concurs in the County's determination that said property is no longer useful for highway purposes, he may authorize County to junk any or all of said property. In junking said property, County shall act as the agent of State, and may retain any proceeds which accrue thereby, as its only reimbursement for its expenses incurred in the junking of said property.

10. County agrees to execute this agreement during a duly authorized session of its county court.

IN WITNESS WHEREOF, the parties have subscribed their names and affixed their seals as of the day and year first above written.

EQUIPMENT OR MATERIALS LEASED TO _____ COUNTY

(To be completed by State Highway Maintenance Engineer upon transfer of equipment or materials to the above-named county under the provisions of the State and County lease agreement, dated _____.)

Date	Property Description	Rental

Salem, Oregon
January 28, 1960

The Oregon State Highway Commission met in regular session at 10:00 a.m. in the Conference Room of the State Highway Building in Salem. Present were:

M. K. McIver, Chairman
K. N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
G. E. Rohde, Assistant Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Gene Huntley, Director of Personnel and Public Relations
Carl W. Jordan, Director of Travel Information
Floyd Query, Secretary

Mr. W. C. Williams, State Highway Engineer, introduced the following Division Engineers and Assistant Division Engineers:

A. E. Johnson, Division Engineer, Division No. 1; J. D. Walker, Division Engineer, Division No. 2; Frank D. Morgan, Division Engineer, Division No. 3; Dean Swift, Division Engineer, Division No. 4; A. F. Parson, Division Engineer, Division No. 5; Lloyd P. Shaw, Portland Metropolitan Engineer; Alfred Rear, Assistant Metropolitan Engineer; A. V. Benedict, Assistant Division Engineer, Division No. 1; Raymon Asburry, Assistant Division Engineer, Division No. 2; Gerald Wimer, Assistant Division Engineer, Division No. 2; L. R. Chandler, Assistant Division Engineer, Division No. 3; J. F. Putnam, Assistant Division Engineer, Division No. 3; L. H. Warfield, Assistant Division Engineer, Division No. 4; and C. D. Cannon, Office Engineer, Division No. 5. Chairman McIver welcomed the engineers to the Commission meeting and expressed appreciation for their interest.

The minutes of the meeting held on December 16, 1959, were approved with a correction on Page 19, second paragraph, to indicate that the traffic study in the Portland area is to be financed by approximately 80 percent Federal funds and 20 percent State funds.

The State Parks Superintendent reported on the following park matters:

Option from Lowell E. and Norma C. Dent and W. E. and Jennie F. Dent for 228.4 acres in the Smith Rocks area in Deschutes County,

Sections 11 and 14, Township 14 South, Range 13 East: The Parks Superintendent stated that the amount of the option, $3,971.75, is reasonable. However, the Dents wish to reserve in the option all oil and mineral rights that might develop in the future. It was his opinion that this reservation could result in an undesirable situation and if oil or minerals were found, the Commission and others might be criticized for not obtaining the oil and mineral rights. It was his recommendation that condemnation be authorized if negotiations are not successful in obtaining clear title. The Commission approved the recommendation. (See ahead for entry covering condemnations.)

Charges for use of park facilities during the season of 1960: The Parks Superintendent commented that most of the charges in effect during 1959 have been satisfactory to the public as well as remunerative to the State. The charges for overnight camping facilities, he pointed out, have shown a reasonable surplus over the costs of maintaining them, and he did not recommend any increase in these or in most other charges for use of parks. He presented a form of resolution incorporating the detailed charges for park services during the year 1960, and following his favorable recommendation, the Commission adopted the attached resolution relative thereto, marked Exhibit "C", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Correction and extension agreements with Central Lincoln Peoples' Utility District for furnishing electric power: One of the agreements, the Parks Superintendent stated, is to cover an area in Fogarty Creek Park not previously covered by an agreement. The other agreement revises Supplemental Agreement No. 2, dated April 28, 1958, reducing the total amount for the park by $12. Following his favorable recommendation, the Commission approved the agreements.

Request of Richard Newman Advertising Company to secure names and addresses of patrons using state parks during 1959 camping season: The Advertising Company, the Parks Superintendent stated, manages an advertising organization called the "Family Camping Club of America". To enlarge the membership of the Club, they wish to secure the names of overnight campers in state parks. Inquiry to the Legal Division, he stated, discloses that these names are not a public record. If the list of names is provided it might be used for a number of purposes other than the one outlined by the Advertising Company. Also, campers might resent the fact that their names were made available to other agencies. The Commission accepted his recommendation that the request be denied.

Extension of an agreement with Crown Zellerbach Corporation to allow the Parks Department to secure rock from a quarry owned by Zellerbach near Cape Lookout State Park: Considerable use is made of this rock on roads and trails within the park, the Parks Superintendent explained. The Zellerbach Corporation has no objection to furnishing the material without charge but have requested an agreement to cover this use. He recommended that the existing agreement be extended to December 31, 1960. The Commission approved the extension.

Construction of a telephone line to Silver Falls Youth Camps: In providing electric power for the youth camps at Silver Falls, the Parks Superintendent stated it had been found that the power line would make telephone service impossible on the present single line ground circuit telephone setup. The Valley Telephone Company has agreed to construct a full metallic circuit into the three youth camps, Silver Creek, Smith Creek, and the Ranch area, requiring approximately three miles of line, for an amount not to exceed $2,000. Telephone service for the camps is a necessity, he continued, and the plan of construction offered by the Telephone Company is an economical arrangement. If the project is approved, it is planned to enter into an agreement with the Valley Telephone Company of Silverton to reimburse them for the cost of constructing the telephone line. The Commission approved construction of the telephone line as outlined by the Parks Superintendent.

Request of Three Rivers Girl Scout Council, Lane County, for revision in the original agreement for use of an area at Honeyman State Park to allow them to construct a small building and four wooden tent platforms: The original agreement referred to, the Parks Superintendent stated, was entered into on June 25, 1956, for use of an area in the extreme northwest corner of Honeyman State Park. As the area in which they wish to perform the construction is not needed for other park development, and as the structures they wish to erect are in keeping with the use of the area, he recommended that Paragraph 3 of their original contract be amended to permit the erection of the structures requested. The Commission approved the amendment.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway right of way or for other purposes. After giving careful consideration to the individual options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto, marked Exhibit "A", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Right of Way Engineer also reported that there was little public demand on the Minnesota Freeway field office between the hours of 5:00 p.m. and 7:00 p.m. and on Saturdays. He stated that it is his intent to eliminate the after-hours and Saturday service unless it becomes apparent that a public service is being performed.

A written report was presented by the Right of Way Engineer showing miscellaneous sales made by the Property Manager since the last Commission meeting and a rental report for the period December 4, 1959 to January 15, 1960. Miscellaneous sales for the period amounted to $7,711.50, and total rental receipts for the month of December were $7,970.11. The Commission accepted the report.

Authority to offer at public sale a number of parcels of state property was requested by the Right of Way Engineer. He explained that in each instance the property has been determined as no longer needed for highway purposes, and the minimum values of the properties have been determined by appraisal. Access has been allowed or denied in accordance with departmental policy prevailing in the area in which the property is located. The Commission authorized public sale of the following parcels of property and thereupon adopted the attached resolutions relative thereto, marked Exhibits "B-1" through "B-6", which resolutions by this reference are made a part hereof with like effect as though extended in full herein:

(a) 23,000 square feet of land from the former Kroeter property, File No. 22732, on the Harbor Drive-Barbur Boulevard Section of the Pacific Highway, Multnomah County, for a minimum consideration of $4,500 and without access to the Pacific Highway. See Exhibit "B-1".

(b) 9.96 acres from the former Gardiner property, File No 2239 (Parcel A), on the Junction City-Eugene Section of the Pacific Highway, Lane County, for a minimum consideration of $14,000 and without access to the present Pacific Highway. See Exhibit "B-2".

(c) 6.3 acres from the former Gardiner property, File No. 2239 (Parcel D), on the Junction City-Eugene Section of the Pacific Highway, Lane County, for a minimum consideration of $5,000 and without access to the existing Pacific Highway. See Exhibit "B-3".

(d) 4,800 square feet of land from the former Coos County property, File No. 12627, on the North Bend Section of the Oregon Coast Highway, Coos County, for a minimum consideration of $5,500 and not subject to access control. See Exhibit "B-4".

(e) 3,649 square feet of land from the former Jefferson County property, File No. 6120, on the City of Madras Section of The Dalles-California Highway, Jefferson County, for a minimum consideration of $350 and without access to The Dalles-California Highway.

(f) 14.337 acres from the former Butler property, File No. 19968, on the Barbur Boulevard-Tualatin River Section of the Pacific Highway, Clackamas County, for a minimum consideration of $14,350 and without access to the Pacific Highway and subject to advertising restrictions. See Exhibit "B-5".

(g) 9,116 square feet of land from the former Terrill property, File No. 26527, on the Forest Grove-Hillsboro Section of the Tualatin Valley Highway, Washington County, for a minimum consideration of $6,000 and with two points of access 25 feet in width to the Tualatin Valley Highway and unrestricted as to use. See Exhibit "B-6".

In connection with the sale of the former Butler property, File No. 19968, mentioned above, Chairman McIver indicated that it would be desirable to sell excess properties of substantial value as rapidly as possible in order to return the funds for highway use.

"Indentures of Access" were presented by the Right of Way Engineer, as follows:

(a) Nielsen property, File No. 22832, on the Beaverton-Forest Grove Section of the Tualatin Valley Highway, Washington County. Two points of access 35 feet in width and one point 25 feet in width are to be substituted for three existing points of access 25 feet in width. The access is to be unrestricted as to use and the owner is to pay the sum of $350 for construction of a left-turn refuge.

(b) Riley property, File No. 6579, on the Corvallis-Monroe Section of the Pacific Highway West, Benton County. A routine change of access in location only and restricted to non-commercial use.

(c) Hemphill-Smith property, File No. 24225, on the Pendleton-Pilot Rock Section of the Pendleton-John Day Highway, Umatilla County, for a change of location only on three points of access restricted to ranch and private residential use.

(d) Woodruff property, File No. 12001, on the Pearl-Walnut Street Section of the Pacific Highway West, Lane County, for two points of access 30 feet in width to the relocated Pacific Highway West and unrestricted as to use.

The Commission approved the "Indentures of Access" as presented.

Consideration was given a proposed "Trust Agreement" with Bonneville Power Administration covering certain work on the Reedsport-Coos County Section of the Oregon Coast Highway, Douglas County. The Right of Way Engineer explained that the BPA power line is endangered by a cut slide near the Douglas-Coos County line. To provide for moving of the line, the BPA requires that the estimated cost be deposited in a trust fund, and he recommended that the amount of $5,150 be deposited as provided in the trust agreement. The Commission approved the recommendation.

The Commission also considered an "Indenture of Advertising" which provides to Petroleum Facilities Inc. (Standard Oil Company of

California) a relaxation of advertising restrictions to allow the owner of the property to advertise Company products. The Right of Way Engineer explained that similar treatment has been granted to other oil companies on the North Jefferson Junction-Albany Section of the Pacific Highway East in Linn County, and no established precedent is being violated by this indenture. Upon his favorable recommendation, the Commission approved the "Indenture of Advertising".

The Right of Way Engineer presented a proposed "Grant of Access" to Kaiser Gypsum Company, Inc. on the Gnat Creek-Wauna Junction Section of the Columbia River Highway, Clatsop County, File Nos. 18841 and 20775. He explained that in August 1952, Permit No. 3321 had been granted to the Bonneville Power Administration for a road approach on the southerly side of the highway near Engineer's Station 95+65 to service the permittee's transmission line. The proposed "Grant of Access" would cancel and supersede the existing permit and would move the access to a less hazardous location. The new point of access provides for a 25-foot width at Station 92+30 and is restricted to forest products use and to servicing of an electric transmission line. Following his favorable recbmmendation, the Commission approved the "Grant of Access".

The Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were also submitted. He requested the Commission to declare by resolution the necessity of said properties for the special uses to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement to proceed to acquire such properties by condemnation. After carefully considering the properties, the Commission granted authority to condemn the properties if negotiations are not successful and thereupon adopted the attached resolutions relative thereto, marked Exhibits "K-1" through "K-9", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's "Recommendations for Condemnation" dated January 28, 1960, in the Secretary's Office under the heading "Right of Way Resolutions, Condemnations, and Reports of Offers".)

The acquisition of the Harry L. White property for highway right of way and for park purposes along the Rogue River between Grants Pass and Medford, Jackson County, was discussed. Commissioner Jackson inquired if negotiations are being conducted on the basis of allowing the Whites to use their home for the remainder of their lives. The Chief Counsel replied that negotiations are being conducted on that basis. (See entries ahead.)

A written report supplemented with oral comments was submitted by the Chief Counsel on cases which have been tried in court since the last Commission meeting, summarized as follows:

REPORT OF CONDEMNATION CASES TRIED

December 16, 1959 to January 27, 1960

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-3235 Carroll, et al.	Baker	Old Oregon Trail	Baker-Pleasant Valley	$ 25	(access to highway)	$ 25 (Judgment)
L-2799 Sandy Market, Inc.	Clackamas	Mt. Hood	Sandy-Forest Boundary	255	None	255 (Judgment)
L-3412 Walters, et al.	Clackamas	Cascade Secondary	Lake Road-Oregon City	6,330	$9,000	6,500
L-3126 Like, et al.	Clatsop	Oregon Coast	Roosevelt Dr. (Seaside)	9,200	15,000 (at time of trial)	15,250
L-3282 Jasa, et al.	Jefferson	The Dalles-California	Willowdale-Madras	4,650	8,500 (plus making S.W. access)	10,500
L-3079 Lebold, et al.	Marion	North Santiam	Lancaster Dr.-Sublimity Gun Club	5,355	14,500	8,000
L-3353 Blomgren, et ux.	Umatilla	Weston-Elgin	Weston-Weston Mountain	1,471	None	1,471 (Judgment)
L-3377 Bennett	Union	Old Oregon Trail	Hilgard-La Grande	1,500	4,500	5,000
L-3125 Schindler, et al.	Washington	Sunset	Murray Road Interchange	100	750	100
L-3179 Schneringer, et al.	Washington	Sunset	North Plains Interchange	1,350	2,110	1,600 (Judgment)

Report of Condemnation Cases Tried (Cont.)

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdict
L-3210 Long, et ux.	Jackson	Pacific	Grants Pass-Rock Point	$25,000	$27,609.30	$32,500
L-2339 Byrkit, et al.	Marion	Pacific	Salem By-Pass Jefferson Junction	300 (Amended complaint)	300.00	300 (Judgment)
L-3125 Schindler, et al.	Washington	Sunset	Murray Road Interchange	100	750.00	100

REPORT OF TRIAL OF OTHER CASES

Case: L-3337
Plaintiff: Florence M. Taylor
Defendant: Greyhound Bus Co., a corp., et al.
County: Multnomah
Cause of Action: Tort
Demands of Plaintiff: $15,091
Verdict: Non-Suit

Case: L-2562A
Plaintiff: Elizabeth Strasbaugh - Intervenor: Kiesel Estate
Defendant: Babler Bros. and Rogers Const.
County: Supreme Court of Oregon
Cause of Action: Action started for conversion of gravel against State Highway Commission contractors who removed same pursuant to contract. Due to intervention of State Land Board and Kiesel Estate it wound up in equity as suit to Quiet Title.
Demands of Plaintiff: $34,000 plus interest from 1950 original demand. Subsequently intervenor - Kiesel Estate - sought to Quiet Title to island in Snake River from whence gravel was taken.
Verdict: Malheur Circuit Court (Judge Howell) Affirmed - Case of Strasbaugh vs. Babler Bros. dismissed and land in dispute declared to belong to State.

Report of Trial of Other Cases (Cont.)

Case:	L-2974
Plaintiff:	F. D. Logue and Loren Miller
Defendant:	State Highway Commission
County:	Sherman
Cause of Action:	Suit for Injunction to restrain interference with access to John Day Cafe on Highway 30.
Demands of Plaintiff:	Permanent Injunction.
Verdict:	Case dismissed.

Case:	L-3212
Plaintiff:	William Rodgers
Defendant:	State Highway Commission
County:	Marion
Cause of Action:	Inverse Condemnation Alleged taking of farm land adjacent to Freeway due to drainage disruption by highway.
Demands of Plaintiff:	$13,800
Verdict:	$ 7,000

The Commission accepted the report.

Concerning the Fred Otto Like case, File L-3126, the Chief Counsel requested authority to appeal the case because of a reversible error. The Commission granted the authority.

Concerning the Strasbaugh case, L-2562A, in Malheur County, the Chief Counsel stated that the Supreme Court of Oregon had affirmed the verdict of the Malheur Circuit Court which had dismissed the case of Strasbaugh vs. Babler Bros. and declared the land as being owned by the State.

(For additional details, see the Chief Counsel's letters dated January 21, 1960 and January 27, 1960 entitled "Report of Cases Tried" and "Supplemental Report of Cases Tried" in the General Files in Salem.)

The Commission also considered and accepted a report submitted by the Chief Counsel concerning condemnation cases which have been settled out of court, summarized as follows:

(see next page for summary)

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-29292 Clark, et al.	Hood River	Columbia River	Cascade Locks By-Pass	$ 20	$ 20
R-29108 Jensen, et ux.	Multnomah	Sunset	Highlands Interchange-Washington Co. Line	4,000	6,000
R-29110 Sylvan Brick Co., Inc., et al.	Multnomah	Sunset	Highlands Interchange-Washington Co. Line	18,500	19,500
R-30423 Jensen, et ux.	Multnomah	Sunset	Highlands Interchange-Washington County Line	25	None
R-29109 Johnson, et ux.	Multnomah	Sunset	Highlands Interchange-Washington Co. Line	23,500	26,500
R-29369 U.S.Nat'l. Bank of Portland	Multnomah	Pacific	East Bank Freeway	10,000	10,500 *
R-28343 Horn, et al.	Multnomah	Pacific	East Bank Freeway	48,615	150
R-28925 Redde-kopp, et vir.	Tillamook	Little Nestucca	Meda(Loop)	200	200
R-25850 Joynes, et ux.	Wasco	Columbia	Mosier-The Dalles	818	818
R-28732 Busch, et ux.	Clackamas	Cascade	Lake Road-Oregon City	10,350	10,350
R-30393 Miller and Brady	Lane	Pacific West	Ferry Street Off-Ramp	9,600	9,600

* Amount of $10,500 presented by Chief Counsel on January 29, 1960 and approved by the Commission.

Report of Condemnation Cases Settled (Cont.)

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-27957 Nichols	Klamath	The Dalles-California	Klamath Falls West Side By-Pass	$ 5,750	$ 6,500
R-28940 Nolan, et al.	Klamath	The Dalles-California	Klamath Falls West Side By-Pass	880	1,750
R-23515 McKay, et al.	Lane	Eugene-Springfield	Coburg Rd.-Pacific Freeway Jct.	60,700	62,700
R-28344 Feves, et al.	Multnomah	Pacific	East Bank Freeway	154,500	165,000
R-28961 S.P.Co. owner Bristol, Lessee	Jackson	Pacific	Grants Pass-Rock Point	136,300	150,000

(For additional details, see the Chief Counsel's letter of January 21 entitled "Report of Cases Settled" in the General Files in Salem.)

Regarding report of cases pending, the Chief Counsel advised that he had nothing to bring to the Commission's attention at this time.

The Chief Counsel reported that in the relationship of offers for purchase of real property compared with verdict payments made, Oregon ranked fourth or fifth lowest state in the nation. In 104 cases tried last year, he added, the verdicts ran 15½ percent more than the total offers, which is an excellent record.

Commissioner Jackson inquired of the Chief Counsel if there appears to be any chance of changing the law in Oregon which requires payment of attorneys' fees when the court verdict exceeds the amount of State's offer. The Chief Counsel advised that during last year the attorneys' fees granted for the recovery of the total awards above the State's offers ran about 50 percent of the recovery, which he believes is one reason why the Legislature should be urged to do something about changing the law. In the United States, he continued, there are

only four states that pay attorneys' fees, and indications are that the amount of litigation is considerably higher in those states. Of the four states, he cited the State of Florida whose laws provide that attorneys' fees are granted regardless of the amount of the award. He recalled that a bill to change the Oregon law had been introduced in the 1959 session of the Legislature but had been tabled.

A list of offers made to property owners prior to the institution of condemnation proceedings was presented by the Chief Counsel. The Commission confirmed the following offers which were made in compliance with a resolution adopted by the Commission December 20, 1951:

East Bank Freeway Section of the Pacific Highway

R-29167 - J. N. Barde, et al. 30,289 square feet for right of way purposes. Offer of $32,000 approved by Mr. McIver December 18, 1959.

R-29168 - J. N. Barde, et al. 26,733 square feet for right of way purposes. Offer of $12,000 approved by Mr. McIver December 23, 1959.

R-28364 & R-28372 - Northwestern Ice and Cold Storage Company. Parcel No. 1: 3,150 square feet for right of way purposes; Parcel No. 2: 13,488 square feet for right of way purposes. Offer of $56,500 approved by Mr. McIver January 27, 1960.

North Portland Harbor-North Russell Street Section of the Pacific Highway

R-29927 - Frank Marvin Stump, et al. 5,004 square feet for right of way purposes. Offer of $10,900 approved by Mr. McIver January 20, 1960.

R-30169 - Kernan Livestock Farm, Inc., et al. 2.2 acres for right of way purposes. Offer of $190,000 approved by Mr. McIver December 23, 1959.

Ferry Street Southbound Off-Ramp Section of the Pacific Highway West

R-30393 - Ensel M. Miller, et al. 5,480 square feet for right of way purposes. Offer of $9,600 approved by Mr. McIver January 12, 1960.

R-30394 - Jean A. Flanigan, et ux. 2,640 square feet for right of way purposes. Offer of $4,620 approved by Mr. McIver January 6, 1960.

R-30395 - Erma Jastad, et al. 10,128 square feet for right of way purposes. Offer of $30,900 approved by Mr. McIver December 29, 1959.

R-30397 - Alice S. Getty, et al. 4,720 square feet for right of way purposes. Offer of $12,500 approved by Mr. McIver January 11, 1960.

Dodson-Cascade Locks Section of the Columbia River Highway

R-29464 - Gunnard C. Ellesson, et ux. 0.11 acre for right of way purposes. Offer of $735 approved by Mr. McIver January 27, 1960.

Albany-Judkins Point Section of the Pacific Highway

R-25316 - Charles A. Bonnett, et ux. Parcel No. 1: 11.78 acres for right of way purposes; and Parcel No. 2: 4.2 acres for right of way purposes. Offer of $17,000 approved by Mr. McIver December 28, 1959. An offer of $13,500 was previously approved by Mr. McIver December 30, 1958. This increase is due to revised appraisals.

Camp Adair-Lewisburg Section of the Pacific Highway West

R-30196 - Robert J. Shine, et ux. 1.04 acres for right of way purposes. Offer of $690 approved by Mr. McIver December 29, 1959.

R-30197 - Donald J. Mullett, et ux. 1.65 acres for right of way purposes. Offer of $1,865 approved by Mr. McIver January 12, 1960.

R-30199 - E. R. Morss, et al. 1.5 acres for right of way purposes. Offer of $1,065 approved by Mr. McIver January 15, 1960. An offer of $1,475 was previously approved by Mr. McIver January 12, 1960. This revision is due to the elimination of a fencing allowance.

R-30203 - Samuel D. Morin, et ux. 2.07 acres for right of way purposes. Offer of $2,400 approved by Mr. McIver January 12, 1960.

R-30204 - Charles G. Fox, et al. 5.15 acres for right of way purposes. Offer of $4,850 approved by Mr. McIver January 12, 1960.

R-30205 - Chester H. Burgess, et ux. 11.15 acres for right of way purposes. Offer of $4,525 approved by Mr. McIver January 12, 1960.

A brief written report was presented by the Chief Counsel concerning orders which have been issued by the Public Utility Commissioner regarding crossing matters in which the State Highway Commission has been a party. These orders are summarized as follows:

PUX 331: Corbett Station Overcrossing on the Columbia River Highway in Multnomah County. The purpose of the overcrossing is to afford a connection with the state highway and the county road located on the southerly side of the railroad. The order granted by the Commissioner conforms to the petition and testimony presented at the hearing.

PUX 338: Raymond Truck Road grade crossing of The Dalles-California Highway north of Diamond Lake Junction, Klamath County. The

application was filed by W. M. Raymond and the PUC order conforms to the application and testimony presented at the hearing. No cooperation in costs is required by the Highway Commission.

PUX 339: Signals on Douglas County Winchester Road No. 115 across tracks of the Southern Pacific Company. This road is not under jurisdiction of the Highway Commission and no objection was made to issuance of an order.

PUX 341: Grade crossing of Public School and City Dump Road by tracks of OWR and N Company, Union Pacific Railroad Company, Lessee, in City of Elgin, Union County. This matter does not involve any roadway under jurisdiction of the Highway Commission and no objection was made.

PUX 343: Industrial spur track across N. E. 192nd Avenue and N. E. San Rafael Street in the City of Portland. These streets are not under the jurisdiction of the Highway Commission and no objection was made.

PUX 344: Second McKinley Street grade crossing in Eugene. Crossing is not on any street under jurisdiction of the Highway Commission and no objection was made.

Attention was given to a request made by the City of Independence for the annexation to the City of a portion of the Monmouth-Independence State Highway. The Chief Counsel stated that the matter had been carefully investigated and no objections were found. He recommended that the Commission approve the annexation and sign a form of "Consent to Annexation". His recommendation was accepted.

The Commission considered a written report submitted by the Chief Counsel with oral comments, concerning claims against others which he recommended be abandoned as uncollectible, which cases are summarized as follows:

CAO 59-208 - Bud Waterman: On June 24, 1959 a car driven by Waterman struck a 13-foot trestle span at M. P. 47.36 on the Hillsboro-Silverton Highway causing damage in the amount of $188.01. The whereabouts of Mr. Waterman cannot be determined, and the Chief Counsel recommended that the claim be abandoned.

CAO 59-177 - Willie J. Randall: On May 19, 1959 a car driven by Randall struck and damaged ten 3-inch high privets at M.P. 42 on the Pacific Highway causing damage in the amount of $57.65. Mr. Randall's whereabouts cannot be determined, and the Chief Counsel recommended that the claim be abandoned.

CAO 59-325 - William Updegrave: On November 11, 1959 a car driven by Mr. Updegrave damaged the temporary wooden guard fence at M.P. 79.0 on the Columbia River Highway causing damage in the amount of $40.93. Investigation disclosed that the guard fence was not lighted at the time of the accident and was described as dangerous by the local Maintenance Superintendent. As there appeared to be only a slight chance to collect in court, the Chief Counsel recommended that the claim be abandoned.

CAO 59-292 - William L. Crabtree: On September 18, 1959 a car driven by Mr. Crabtree struck a wire median fence at M.P. 10.85 on the Columbia River Highway causing damage in the amount of $27.23. Subsequent investigation disclosed that Mr. Crabtree's car was shoved into the fence by another vehicle, the identity of which has not been determined. As Mr. Crabtree is not legally liable under these circumstances, the Chief Counsel recommended that the claim be abandoned.

The Commission approved abandonment of the claims as presented by the Chief Counsel.

Consideration was again given to the amount of land required for highway construction purposes and for park purposes from the Harry L. White property along the Rogue River east of Grants Pass. The Commission instructed that negotiations be continued for acquisition of necessary property. Chairman McIver requested that a map be brought to the Commission showing the location and amount of land needed for park use, right of way, and borrow area. Such a map was presented to the Commission later in the day. (See entry ahead.)

Chairman McIver also commented that the Highway Interim Committee had requested that proposed highway legislation be placed before them as soon as possible and the Chief Counsel was so instructed.

The Engineer reported that since the last Commission meeting he had awarded three contracts referred to him by the Commission to award when certain conditions had been fulfilled. These conditions have been fulfilled, he said, and the Commission confirmed award of the following contracts:

(1) Construction of Sam's Creek Bridge on Sam's Creek Road in Lincoln County. Bids received December 8, 1959. Contract awarded December 29, 1959 to Sig Andersson, Coos Bay, low bidder.

(2) Grading and oiling Cedar Creek-Chitwood Creek Section of Siletz Highway, Lincoln County. Bids received December 8, 1959. Contract awarded January 5, 1960 to Calkins Crushing Company, Oceanlake, low bidder.

(3) Grading and paving on Camp Adair-Lewisburg Section of Pacific Highway West in Benton County. Bids received December 8, 1959. Contract awarded January 22, 1960 to Warren Northwest, Inc., Portland, low bidder.

Establishment of three temporary construction speed zones was reported by the Engineer, who explained that these speed zones are placed on construction operations on state highways to protect the traveling public. The Commission confirmed establishment of the following construction speed zones:

(1) 35 MPH on the south unit of the Grass Valley-Kent Section of the Sherman Highway between M. P. 34.00 and M. P. 41.00 in Sherman County, effective 11:00 a.m. December 28, 1959.

(2) 25 MPH on the Birdseye Creek Bridge project on the Pacific Highway between M. P. 290.40 and M. P. 290.90 in Jackson County, effective 10:00 a.m., January 5, 1960.

(3) 35 MPH on the Pacific Highway East between M. P. 6.75 and M. P. 8.83 in Clackamas County, to be effective when necessitated by construction operations.

The placing of reduced load limits on sections of state highways was reported by the Engineer. He explained that under authority granted to him by Miscellaneous Resolutions 94-a and 94-b, reduced load limits allowing 11,000 pounds gross on any single axle and 20,000 pounds gross on any tandem axles had been placed on the following sections of state highways to prevent damage because of the softened condition of the roadbed:

(1) Clear Lake-Belknap Springs Secondary Highway No. 215 from M. P. 12.13 to M. P. 18.78, in Linn and Lane Counties, effective 5:00 p.m., January 15, 1960.

(2) Lower Klamath Secondary Highway No. 423, Klamath County, over the entire highway from its junction with The Dalles-California Highway to its junction with the Klamath Falls-Malin Highway, effective 8 a.m., January 26, 1960.

The Commission confirmed the reduced load limits as reported.

The Commission considered a request from the Ontario Chamber of Commerce for an increase in the maximum weight limits on bulk farm products transported by trucks over the Old Oregon Trail from the Snake River to the Ore-Ida Potato Plant in Ontario, a distance of about one mile. The Engineer explained that a large portion

of the potatoes handled in the Ontario plant are hauled from Idaho across the Snake River. Idaho law for bulk farm products allows tandem-axle weights of 37,800 pounds and a maximum combined gross weight of 79,000 pounds on 43-foot over-all wheel base, whereas in Oregon the permissible tandem-axle weight is 32,000 pounds and the maximum gross weight for a combination having a 43-foot over-all wheel base is 68,000 pounds. Some combinations with an over-all wheel base of 48 feet, under Oregon law, would allow a maximum combined gross weight of 70,400 pounds compared to Idaho's limit of 79,000 pounds. He also pointed out that the maximum weight limits used in Oregon are the same as the nationally recommended standard. It was the Engineer's opinion that there is very serious doubt as to whether the Commission has legal authority to increase the load limits as requested. As a delegation is to appear before the Commission on the following day, no action was taken at this time.

The Commission discussed with the Engineer bids received for highway construction projects on January 21, 1960. The Engineer commented on the projects and made a recommendation as to award of each. Award of the contracts was deferred until 3 p.m.

The Engineer presented to the Commission Technical Report No. 59-3, Stadium Freeway Report, concerning proposed routing of the Pacific Interstate Highway through the westerly part of Portland. He recommended that the Commission approve the report for publishing purposes and for furnishing copies of the report to all interested agencies. It was his thought that about 500 copies would be required. Upon motion of Commissioner Fridley, the Commission approved publication of the report.

Attention was given to a request from the Wallace Road Planning and Zoning Committee of Salem for a permit to place two signs on the westerly side of the Salem-Dayton Highway to indicate that building permits are required in this zoning area. The sign message and the location of the signs, the Engineer stated, have been approved and he recommended that the permit be issued for the installation of the signs. The Commission accepted his recommendation.

Installation of a traffic signal at the intersection of Henderson Avenue and Franklin Boulevard on US 126, between Eugene and Springfield, was discussed. The Engineer explained that Henderson Avenue has developed into an important crossroad connecting US 99 and US 126 and the traffic warrants the installation of the signal. He recommended that the signal be installed at a cost of approximately $2,500, to be borne entirely by the State as the location is in a rural area. The Commission approved the installation.

An increase in the project authorization for painting the Yaquina Bay Bridge, Contract No. 5477, was requested by the Engineer.

He explained that considerable areas of heavy rust were found which required chipping operations not anticipated in the original contract. The Commission approved his request for an increase of $9,000 in the project authorization.

The Engineer stated that three location surveys for realignment and reconstruction of sections of state highways have been completed. He pointed out that these proposed relocations have been given very careful engineering consideration so as to provide the best facility for the traveling public commensurate with the cost. The Commission approved the following surveys and thereupon adopted the attached resolutions relative thereto, marked Exhibits "J-1" through "J-3", which resolutions by this reference are made a part hereof with like effect as though extended in full herein:

(1) Mohawk Road-McKenzie Highway Section of Eugene-Springfield Highway in Lane County. See Exhibit "J-1".

(2) Hillsboro-Reedville Section of the Tualatin Valley Highway in Washington County. See Exhibit "J-2".

(3) The Dalles-Big Eddy Section of the Columbia River Highway in Wasco County. See Exhibit "J-3".

The Commission deferred action on a proposed forest highway program using 1961 funds until representatives of the US Forest Service and the US Bureau of Public Roads are present. (See entry ahead.)

Attention was given to an agreement with the City of Corvallis concerning a modification of a previous agreement executed July 26, 1950 covering traffic signal poles on Third and Fourth Streets in Corvallis used as the route of US 99W. The Engineer explained that the City in widening Third Street must move certain signal poles in which the State is one-half owner. Under the revised agreement the City will provide new poles at its own cost and take full title to the poles replaced. The City also, at its own cost, will lengthen signal poles on Fourth Street so that they may be used for street lighting purposes. No expenditure of state funds is required. The Commission approved the revised agreement.

Attention was given to a resolution submitted by the Albany Chamber of Commerce requesting a survey for the construction of a second bridge over the Willamette River between Albany and North Albany. The Engineer explained that the bridge at Albany is now carrying less than 8,000 vehicles per day. Additional bridges across the Willamette River at Salem and Springfield were built only after traffic had reached a volume in excess of 14,000 vehicles per day. Because of a lack of funds and the relatively low priority of the second Albany bridge, he recommended that the Chamber of Commerce be advised that construction of a new bridge is not feasible or warranted at this time. The Commission accepted his recommendation and instructed that the County and City Relations Engineer contact the Albany

Chamber of Commerce and outline the reasons for the action taken.

The Engineer presented a resolution concerning construction of the Oregon approach to the proposed Biggs Rapids Toll Bridge over the Columbia River. He explained that the Washington Toll Bridge Authority will advertise for bids to construct the Biggs Rapids Bridge sometime in January, and after receiving bids will submit cost estimates to bond authorities for the sale of bonds to finance the project. It is necessary that the bonding companies have official assurance that a connection between the bridge and US 30 will be ready for traffic when the bridge is completed. He estimated the cost of the approach and connection to US 30, including an interchange and an overcrossing of Union Pacific Railroad, at $227,000. Although approval by the Bureau of Public Roads has not yet been obtained, the connection must be made in any event and he recommended that the Commission adopt the resolution. The Commission accepted his recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "H", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer also presented to the Commission a resolution allocating to the cities State Tax Street Funds for the last six months of the year 1959. He explained that the allocations have been determined in accordance with the law. The Commission thereupon adopted the attached resolution relative thereto, marked Exhibit "D", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Requests from Coos, Curry and Wallowa Counties for additions to the County Road FAS System were considered. The Engineer commented briefly that the extensions have been requested by the Counties and have been investigated and approved by the State Highway Department and are eligible for additions to the system. The Commission approved the additions as requested by the Counties, as follows:

COOS COUNTY

FAS 251 (Extension), 0.3 mile: As a result of the relocation of a section of the Coos Bay-Roseburg Highway, FAP Route 14, in Myrtle Point, FAS 251 no longer connects with FAP 14 in Myrtle Point. The proposed extension of FAS 251 is to carry this route to a junction with the revised location of FAP 14. The extension is along Spruce Street which was the former route of the Coos Bay-Roseburg Highway.

FAS 252 (Deletion), 0.1 mile: This deletion is the result of the same relocation described above. The section to be deleted consists of one block of 8th Street which is now a part of the revised route of FAP 14.

FAS 248 (Extension), 0.3 mile: It is proposed to extend existing FAS 248 in a southwesterly direction along the westerly side of Tenmile Lake to serve a rapidly developing residential and recreational area.

FAS 890 6.4 miles: Proposed FAS 890 serves a developing recreational area as well as a dairy farming area located east of North Tenmile Lake. This road also serves as the principal access to the Elliott State Forest and fits into long-range Coos and Douglas County plans for a connecting route between the valley and coastal areas.

CURRY COUNTY

FAS 877(Extension), 1 mile: Upon the recent completion of the section of Oregon Coast Highway in the vicinity of Hunter Creek, Curry County, by agreement, assumed jurisdiction over the old route of the Coast Highway which serves to connect the Hunter Creek County Road, FAS 877, with the new Coast Highway location. This proposed extension of FAS 877 covers this section of road recently transferred to the county and carries FAS 877 to a connection with FAP Route 2 in accordance with B.P.R. regulations which require integration of FAS routes by connecting with other federal-aid routes at at least one end.

WALLOWA COUNTY

FAS 468, 1.9 miles: Proposed FAS 468 serves a suburban residential and irrigated farming area immediately west of Wallowa. It is a mail and school bus route.

FAS 476, 2 miles: Proposed FAS 476 serves an irrigated farming area and is a mail and school bus route. It is also part of an access road leading to a section of the Wallowa-Whitman National Forest which results in its use by recreational and timber products traffic.

Consideration was given to requests from Coos and Linn Counties for additional 1960-61 Federal-aid county road secondary projects totaling $338,000. The Engineer commented that the projects have been investigated and are eligible under the Secondary Road Program on County Roads. Upon his favorable recommendation, the Commission approved the following projects:

County	FAS Hwy. No.	Section and Description	Programmed Amount	FAS Fund
Coos	251	Stringtown Road-Coquille Section, 0.3 mile. G.S.O. & Bridges.	$140,000	'61
	677	Beaver Lookout-Beaver Slough Section, 3 miles. Surface.		

County FAS projects (cont.)

County	FAS Hwy. No.	Section and Description	Programmed Amount	FAS Fund
Linn	212	Brewster-Lebanon Section, 3 miles. Pave.	$ 70,000	'61
	576	Albany-Grand Prairie Junction Section, 1.3 miles. Pave.	30,000	'61
	773	Harrisburg-Alford Junction Section, 1.7 miles. Pave.	35,000	'61
	777	Diamond Hill Junction-Lane County Line Section, 5.7 miles. Pave.	50,000	'61
	214	Hamilton Creek Bridge. Structure only.	13,000	'61
		Subtotal, Linn County . .	$198,000	
		Total	$338,000	

SUMMARY BY FISCAL YEARS:	1960	1961	Total
Available Funds*	$4,009,000	$3,600,000	$7,609,000
Previously Approved	4,009,000	1,422,000	5,431,000
Unprogrammed Balance	$ - -	$2,178,000	$2,178,000
Proposed Projects 1/18/60	- -	338,000	338,000
Unprogrammed Balance	$ - -	$1,840,000	$1,840,000

*From "Status, 1960 & 1961 County FAS Funds (Includes Carry-over of Fiscal-year 1959 Funds and Exchange of Funds between Counties)" dated 12/2/59.

A cooperative project with the City of Portland for construction of a concrete median on North Interstate Avenue (US 99) between North Killingsworth and North Emerson Streets in Portland was considered. The Engineer stated that when Interstate Avenue was reconstructed several years ago a section of the concrete median was left out to accommodate an operating fire department facing Interstate Avenue. The operation of the fire department has been discontinued and the City desires that the median be made continuous. He recommended that the median be installed at an estimated cost of $1,700, with the understanding that the City of Portland is to pay half of the cost. The Commission approved the project.

The Commission considered the following request for an extension of time within which to complete the contract:

Vernie Jarl, Contract No. 5462, for paving on The Dalles-Eightmile Creek Section of The Dalles-California Highway in Wasco County, requested an extension of 12 workdays within which to complete the contract without assessment of liquidated damages. A letter from the Bureau of Public Roads was presented concurring in the extension. The Commission approved the extension of time as requested.

FOOTNOTE: Action taken by the State Highway Commission upon the extension of time listed above was based upon the recommendation of the Engineer and his report which considered but did not necessarily adopt any of the reasons given by the contractor in his recuest for extension of time. (For details, see the original of the contractor's request and the Engineer's recommendation filed in the contract mentioned in the Secretary's office in Salem.)

The Commission deferred action for a short time on the acceptance of completed contracts. (See entry ahead.)

Action was also deferred on a proposed construction program for 1962. (See entry ahead.)

The Engineer requested the transfer of $1,135,000 from Federal-aid reserve funds to the Astoria-Warrenton project on the Oregon Coast Highway to be used for acquiring rights of way and for grading the new Smith Point-Camp Rilea Section. The Commission approved the transfer.

A sewer assessment from the City of Medford in the amount of $1,305.70 was presented by the Engineer. He explained that the City recently constructed a sanitary sewerage system which will serve the area occupied by the Highway Department Maintenance and the State Police buildings. Investigation indicates that the assessment is proper, and he recommended that it be paid. The Commission authorized the payment.

The Engineer reported that on September 8, 1954 the State Speed Control Board adopted a resolution establishing 30-mile-per-hour and 45-mile-per-hour speed zones on the Pacific Highway in the City of Phoenix. A traffic engineering re-investigation reveals that a section of this zoning is outside the south corporate limits of Phoenix and therefore is under the jurisdiction of the State Highway Commission. He recommended that the following speed zones be established:

(see next page)

30 miles per hour on Main Street (one-way southbound) from the south city limits of Phoenix to the southerly end of the one-way couplet.

45 miles per hour on the Pacific Highway (one-way northbound) from the south city limits of Phoenix to the southerly end of the one-way couplet.

45 miles per hour on the Pacific Highway from the southerly end of the one-way couplet to a point 0.21 mile south of the southerly end of the one-way couplet.

The Commission approved his recommendation by adopting the attached resolution relative thereto, marked Exhibit "F-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission gave attention to a letter written by Paul S. Elliott, Superintendent, Oakridge School District No. 76, Oakridge, concerning a hazardous school crossing on the Willamette Highway No. 18 in the community of Willamette City. The Engineer stated that an investigation indicated that Speed Zone Resolution No. 92, established September 22, 1952, should be revised as follows:

35 miles per hour from a point 1.20 miles west of the west city limits of Oakridge to the west city limits of Oakridge, except that between a point 0.63 mile west of the west city limits of Oakridge and a point 0.51 mile west of the west city limits of Oakridge the indicated speed shall be 20 miles per hour during the hours of school crossings.

40 miles per hour from the east city limits of Oakridge to a point 0.19 mile east of the east city limits of Oakridge.

The Commission approved the revision as recommended by the Engineer by adopting the attached resolution relative thereto, marked Exhibit "F-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Consideration was given to a letter written by Charles A. Poitras, Acting Superintendent of the Bureau of Indian Affairs, Warm Springs Agency, Warm Springs, requesting establishment of a speed zone on the Warm Springs Highway in the vicinity of the Warm Springs Agency. The Engineer reported that a traffic engineering investigation indicated that Speed Zone Resolution No. 35-a established March 27, 1958 should be amended to provide:

45-mile-per hour speed zone on the Warm Springs Highway between a point 0.41 mile northwest of the main entrance to the Warm Springs Agency and a point 0.22 mile southeast of the east end of the Deschutes River Bridge, except that between M.P. 103.13 and M.P. 103.35 the indicated speed shall be 20 miles per hour during the hours of school crossings.

The Commission accepted the Engineer's recommendation by adopting the attached resolution relative thereto, marked Exhibit "F-3", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

An abandonment agreement with Umatilla County covering certain portions of the Oregon-Washington-Old Oregon Trail Section of the Umatilla Mission Highway in Umatilla County was presented by the Engineer. He explained that bids will be received in the Spring of 1960 for construction of the new section which generally will follow the route of the old highway. One short section of the old road southerly from the Umatilla River will have to be maintained as a public thoroughfare and the County has agreed to accept it. The Commission accepted the Engineer's recommendation that the agreement be approved.

Consideration was given to a request made by Bar E-W, Inc. that the State enter into a cooperative fencing agreement to construct 6.5 miles of fence along the northerly boundary of the Central Oregon Highway just west of the intersection with the Lakeview-Burns Highway in Harney County. The Engineer stated that this agreement requires the State to furnish the steel posts and to stake the right of way, and Bar E W, Inc. to furnish the wire and fastenings and labor to erect the fence. The estimated cost to the State is $2,000 and he recommended approval of the agreement. The Commission accepted his recommendation.

The Commission also gave consideration to a request from Judge Raymond A. Lathrop of the Josephine County Court that the presently constructed Redwood Highway from Grants Pass westerly to the Applegate River be named "Redwood Avenue" so that a renumbering system may be completed without further revisions. The Engineer pointed out that the proposal has the approval of the Postal Department, and he recommended approval. The Commission accepted his recommendation by adopting the attached resolution relative thereto, marked Exhibit "L", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission confirmed out-of-state travel expense for Tom Edwards, Construction Engineer, to represent W. C. Williams, at the Associated General Contractors of America, Inc., Northwest Branch Meeting in Spokane, Washington, on January 29, 1960, at an estimated cost of $60.

Out-of-state travel expense was approved by the Commission for the following personnel:

W. H. Kosesan, Agronomist in the Landscape Division, to attend the Western Weed Society Conference in Denver, Colorado, February 22 to 25, 1960, at an estimated cost of $176.40.

Carl W. Jordan, Director of Travel Information, to attend the International Sports and Vacation Show in Los Angeles, California, on March 11 to 20, 1960, at an estimated cost of $366.60.

W. C. Williams, State Highway Engineer, to attend meetings of the Highway Transport Committee of AASHO on March 14, 1960, and the AASHO Test Road Committee on March 15 and 16, 1960, in LaSalle, Illinois, at an estimated cost of $350.

The meeting was recessed for lunch at 11:55 a.m. and reconvened at 1:30 p.m. in the same room with the same persons present.

The matter of acquiring the Harry L. White property in Jackson County for right of way and park purposes was again discussed. The Chief Counsel presented before the Commission a map outlining the location of the Harry L. White property and the Frances White property. He stated that 295 acres are involved in the Harry L. White property, and that the Frances White property is under an option to a contractor to be used as a borrow area in construction of the Pacific Highway. He recommended that the Commission declare the necessity for acquiring approximately 41 acres of the Harry L. White property for right of way purposes and approximately 142 acres of the Harry L. White property between the right of way and the river for park purposes, and that authority be granted to negotiate for the balance of his property located north of the railroad for park purposes. Commissioner Fridley remarked that if the contractor uses the Frances White property for borrow purposes it may be rendered unsightly and be a detriment to the adjoining property to be acquired for park purposes. The Commission approved the Chief Counsel's recommendation by adopting the attached resolution relative thereto, marked Exhibit "K-10", which resolution by this reference is made a part hereof with like effect as though extended in full herein. The Commission also instructed him to negotiate for the acquisition of approximately 40 acres of the Frances White property now under option to a contractor for borrow purposes, in the event that the option is not exercised by the contractor.

The Engineer stated that on April 27, 1943, a resolution was adopted whereby the Klamath Falls-Malin Highway No. 50 was established as a through-stop highway with the exception that no stop shall be required for Hatfield Highway traffic at its junction with the Klamath Falls-Malin Highway. An investigation was recently completed of the intersection of the Klamath Falls-Malin and Hatfield Highways, as a result of which certain channelization work is to be performed. Upon completion of this construction a revision of the stop signs is in order. He recommended that the resolution of April 27, 1943, as it pertains to Highway No. 50 be revised to rescind the exception so that northbound traffic on the Hatfield Highway shall be required to stop at its junction with the Klamath Falls-Malin Highway. The Commission approved the

recommendation by adopting the attached resolution relative thereto, marked Exhibit "F", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Consideration was given to a request from the Creswell Rural Fire Protection District for reimbursement in the amount of $25 for the services of two fire trucks to extinguish a fire on the west side of the Pacific Highway just north of the Creswell interchange in Lane County. The Engineer explained that the Eugene maintenance crew was cutting and burning brush in the vicinity of the Creswell interchange on September 21 and 22, 1959. At the end of the day's work on September 22, 1959, the maintenance crew left the area, thinking that they had put out the fires. However, the next day a State Police officer discovered a fire burning in one of the brush piles and called the Creswell Fire Department. It has been determined that this is not a valid claim upon the State's liability insurance carrier. Upon the favorable recommendation of the Engineer, the Commission approved payment of the claim.

The Engineer stated that in 1958 the State purchased a piece of property across the street from the Highway Maintenance shops in Klamath Falls for use as a parking lot. It has now been determined that this property lies within the jurisdiction of the Klamath Irrigation District, and since the date of acquisition the Irrigation District has been making assessments against the property. As the State is obtaining no benefits from the Irrigation District, a petition has been prepared to have the land excluded from the District's jurisdiction. The Engineer recommended approval of the petition. The Commission accepted his recommendation by signing the petition.

An abandonment resolution was presented by the Engineer formally abandoning the North Fork Coquille River-Myrtle Point Section of the Coos Bay-Roseburg Highway which has been replaced by new construction westerly from Myrtle Point. Under the resolution, the old section reverts to Coos County and the City of Myrtle Point. This was previously agreed upon by the County, the City and the State in an agreement dated October 14, 1958. Upon the Engineer's favorable recommendation the Commission adopted the attached resolution relative thereto, marked Exhibit "G", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission approved the Secretary's report of papers signed on behalf of the Commission during the period of December 11, 1959 through January 22, 1960.

The date for the next Highway Commission meeting was confirmed for March 10 and 11, 1960, and a tentative date of April 21 and 22, 1960, was set for the following meeting.

The Engineer reported that contract numbers 5053, 5183, 5200, 5301, 5302, 5320, 5349, 5372, 5384, 5470, 5500, 5512, 5521, and 5547 for highway construction have been completed in accordance with the requirements of the contracts or modifications thereof and that said contracts are now ready for acceptance by the Commission. After due consideration the Commission accepted the contracts by adopting the attached resolution relative thereto, marked Exhibit "E", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer presented for the Commission's consideration a proposed one-year highway construction program using 1962 Federal-aid funds. Actual construction, he commented, is to be undertaken beginning July 1960. Allocations within the five highway divisions have been made in accord with the formula used in past years. Very careful consideration has been given to the program, and he recommended that it be approved.

In connection with the movement of forest products over US 395 near Pilot Rock, Commissioner Fridley inquired if the proposed construction program contained improvements in that area. The Engineer replied that it did not. The Engineer answered other questions concerning projects in the proposed program and after brief discussion, the Commission approved the following program:

(See following pages for program)

PROPOSED [illegible] YEAR PROGRAM

Mr. B. M. French, Regional Engineer, and Mr. Norman Wood, Federal Highway Projects Engineer, from the U. S Bureau of Public Roads, came before the Commission concerning the adoption of a forest highway construction program. Present and interested in this matter were Mr. V. T. Jackson, Douglas County Judge, Mr. Huron W. Clough, Douglas County Commissioner, and Mr. Al H. May, Douglas County Engineer. Judge Jackson stated that Douglas County Court is prepared to match available funds up to $600,000 for construction and improvement of the North Umpqua Highway east of Roseburg. Mr. Roger J. Nelson, Supervisor, Highway Transportation System Development, and Mr. V.V. Church, Highway Engineer, representing the U. S. Forest Service, were also present during the discussion of the Forest Highway Construction Program. The Engineer went over the proposed program and explained details pertaining to each of the projects. He also commented that the program had been discussed at considerable length with officials of the U. S. Bureau of Public Roads and with the U. S. Forest Service, and that agreement had been reached as to the projects to be recommended and the amount of money to be expended on each. Upon his favorable recommendation, the Commission approved the following forest highway program:

Federal Highway Administrator
Chief, Forest Service
Washington 25, D.C.

Dear Sirs:

In accordance with the Rules and Regulations for Administering Forest Highways, the forest highway program outlined herein is recommended by the Regional Forester, Region 6, the Oregon State Highway Commission, and the Regional Engineer of the Bureau of Public Roads.

Unprogramed balance from previous fiscal years	$ 0.00
F.Y. 1961 funds available for programing (lapsing)	4,380,599.00
Less F.Y. 1961 funds previously obligated by administrative action	- 125,342.47
Total funds available for programing	$4,255,256.53

Project and Account No.	Route Name and Type of Work	Length (Miles)	Forest Highway Funds
WITHDRAW THE FOLLOWING PROJECT			
FH 3-A5 (L-3669-00)	Oregon Coast Hwy. Grading, Bridges and Overcrossing	1.0	390,000
Adjusted total funds available			$4,645,256.53

Total program			$500,000	$4,535,000
Unprogramed balance (Lapsing)				110,256.53

Very truly yours,

/s/ B. M. French, Regional Engineer

The Commission discussed with the Engineer matters to be presented by delegations which are to appear on the following day. Action was deferred on these matters pending appearance of the delegations.

Concerning the proposed Donald Road Interchange on the Pacific Highway north of Salem, the Engineer stated that an investigation indicated that the interchange is justified as it lies approximately in the center of a section eleven miles long not served by an interchange. He estimated the cost of construction at $82,000, and also pointed out that there is an overhead structure now in place. He requested, and the Commission granted, authority to negotiate with the U.S. Bureau of Public Roads for construction of the interchange. (See entry on delegation headed by Wm. Graper on January 29, 1960.)

Douglas County Judge V. T. Jackson inquired as to what plans the Commission has for completion of the reconstruction on ORE 225, the Elkton-Sutherlin Secondary Highway. The Engineer replied it is hoped to complete the existing four-mile gap within the next five years.

The Parks Superintendent advised the Commission that he had just received word of the death of Mr. V. W. McCormack, who was a member of the Parks Advisory Committee. Chairman McIver on behalf of the members of the Commission and its staff expressed sympathy to Mrs. McCormack.

Chairman McIver called a fifteen-minute recess at 2:25 p.m., following which the Commission signed a number of contracts, agreements and other papers.

At 3 p.m. the Commission announced award of contracts as follows:

BIDS RECEIVED IN SALEM ON JANUARY 21, 1960

"Construction of Svensen Slough (Ferris Creek) Bridge on Svensen Island Road (FAS 755) in Clatsop County. The Commission awarded the contract to the low bidder, Lockyear & White, Inc., Longview, Washington, at $44,346.

"Necanicum Rock Production Project on Oregon Coast, Sunset and Necanicum Highways, south of Seaside, in Clatsop County. The Commission awarded the contract to the low bidder, C. C. Meisel, McMinnville, at $23,560.

"Mist Rock Production Project on Nehalem and Mist-Clatskanie Highways in Columbia County. The Commission awarded the contract to the low bidder, C. C. Meisel, McMinnville, at $26,460.

"Paving slide correction and signing on the Davis Slough-Bullards Bridge Section of the Oregon Coast Highway in Coos County. The Commission awarded the contract to the low bidder, Central Paving Company, Independence, at $1,092,300.36 on Alternate "A".

"Power Junction-Camas Valley Rock Production Project on Coos Bay-Roseburg Highway in Coos and Douglas Counties. The

Commission awarded the contract to the low bidder, Hughes & Dodd Co. and Tru-Mix Equipment Company, Medford, at $44,520.

"Extension of Umpqua Lighthouse State Park Overnight Camping Area in Douglas County. The Commission awarded the contract to the low bidder, Sig Andersson, Coos Bay, at $48,336.50.

"Arlington-Fossil Rock Production Project on John Day Highway between Arlington and Fossil in Gilliam County. The Commission awarded the contract to the low bidder, J. F. Konen Construction Company, Inc., Lewiston, Idaho, at $53,990.50.

"Grading on the Wickiup Creek-Logdell Section of the Paulina-Logdell Road in Grant County. The Commission awarded the contract to the low bidder, Morgan Brothers, Coquille, at $77,608.11.

"Paving, structures and signing on Hood River-Shogren Section of Columbia River Highway in Hood River and Wasco Counties. The Commission awarded the contract to the low bidder, Rogers Construction Company, Portland, at $896,757.05.

"Structure over SPRR and county road on Josephine County Line-Evans Creek Section of Pacific Highway in Jackson County. The Commission awarded the contract to the low bidder, S & D Construction Company, Portland, at $496,402.40.

"Paisley-Valley Falls Rock Production Project on Fremont Highway in Lake County. The Commission awarded the contract to the low bidder, N. A. Toole Construction, Ontario, at $23,485.

"Paving on the McKenzie River-Willamette River Section of Pacific Highway east of Eugene in Lane County. The Commission awarded the contract to the low bidder, Roy L. Houck Sons' Corporation, Salem, at $1,392,693.50.

"Construction of five structures on McKenzie River-Willamette River Section of the relocated Pacific Highway, northeasterly of Eugene, in Lane County. The Commission awarded the contract to the second low bidder, Hamilton & Thoms, Inc., Eugene, at $359,938, as the low bidder, Sig Andersson, qualified his bid by stating he would not accept projects totaling in excess of $440,000 at this letting.

"Construction of two reinforced concrete deck girder structures and four prestressed concrete beam structures in "Q" Street interchange on the McKenzie River-Willamette River Section of Pacific Highway in Lane County. The Commission awarded the contract to the low bidder, Sig Andersson, Coos Bay, at $389,769.

"Construction of Brush Creek Bridge on Brush Creek Road (FAS 228) in Linn County. The Commission awarded the contract to the low bidder, Merlin R. Stam, Eugene, at $16,400.

"Widen bridge, grading and paving Main Street (Lebanon-Santiam Canal) Bridge on Santiam Highway in Lebanon, Linn County. The Commission awarded the contract to the low bidder, H. G. Carl Construction Co., Salem, at $28,841.30.

"Olds Ferry-Idaho Line Section Signing on Old Oregon Trail Highway in Malheur County. The Commission awarded the contract to the low bidder, Electrical Products Corp. of Oregon, Portland, at $56,699.77.

"Grading and paving the Namorf-Harper Junction Section of Central Oregon Highway in Malheur County. The Commission awarded the contract to the low bidder, Warren Northwest, Inc., Portland, at $463,629.

"Roadside improvement on Salem By-pass Section of Pacific Highway in Marion County. The Commission awarded the contract to the low bidder, Rich & Sons Nursery, Hillsboro, at $23,882.35.

"Construction of grade separation structures on Lancaster Drive-Sublimity Gun Club Section of Santiam Highway in Marion County. The Commission awarded the contract to the low bidder, Birkemeier Construction Co., Milwaukie, at $217,376.84.

"Sale of Interstate Bridge Structural Steel in Multnomah County. The Commission elects to accept the high bid of Kalama Port & Terminal Co., Seattle, Washington, in the sum of $57,220.02, and the State Highway Engineer is directed to award the contract to the said bidder as soon as approval of the Army Engineers is received..

"Wasco-Kent Rock Production Project on the Sherman Highway in Sherman County. The Commission awarded the contract to the low bidder, Frank G. Baulne, Inc., Yardley, Washington, at $27,650.

"Grading, oiling and structure on Oregon-Washington Highway - Old Oregon Trail Highway Section of Umatilla-Mission Highway, Umatilla County. The Commission awarded the contract to the low bidder, Rogers Construction Co., Portland, at $265,064.50.

"Beaverton Traffic Signals in Washington County. The Commission awarded the contract to the low bidder, Electric Corporation, Salem, at $8,493.

The meeting was declared adjourned by Chairman McIver at 3:10 p.m., to be reconvened on the following day at 10 a.m. in the same room.

Salem, Oregon
January 29, 1960

The Oregon State Highway Commission reconvened at 10 a.m. in Room 418, State Highway Building. The following persons were present:

M. K. McIver, Chairman
K. N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
G. E. Rohde, Assistant Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Gene Huntley, Director of Personnel and Public Relations
Carl W. Jordan, Director of Travel Information
Floyd Query, Secretary

Mr. Wm. Graeper, Manager of the Aurora Telephone Company, Aurora, headed a delegation which appeared before the Commission regarding an interchange at the intersection of Donald Road and the R. H. Baldock Freeway (US 99), approximately 20 miles north of Salem. The following persons also appeared: Frank E. Von Groenewald, Donald Recreation Center; C. A. Blake, Mayor; and Mr. and Mrs. Raymond Gilles, farmers, all from Donald. Mr. Graeper introduced the members of the delegation and requested that an interchange similar to the one at Woodburn be constructed where the Aurora-Donald Road passes over the Baldock Freeway near Donald. He mentioned that one reason for their request is the necessity to back track from Woodburn in order to reach the Freeway and service the Telephone Company's pay station located at the Highway Weighing Station on the northbound traffic lane of the Freeway. He presented a petition signed by 215 persons who reside in the area requesting construction of the interchange. He also presented letters from two property owners in the area -- one from Mr. Theo. Zacher, Aurora, who wrote that he will donate one acre of land on the east side of the Freeway for the interchange, and the other from Mr. and Mrs. William Tague, Aurora, who stated that they will negotiate fairly. Statistics were presented concerning cars and trucks from the businesses in the area which use the Freeway, and the large number of farmers and residents who commute daily to work in Portland, pointing out the additional miles they must travel for egress and ingress to the Freeway. Chairman McIver thanked the delegation for their presentation and advised them that the engineers have been studying this interchange for the past three years, recognize its need and may recommend to the Commission that an interchange, consisting of an access to both lanes of the Freeway, be constructed at this location. It

will be necessary, he continued, to work out details with the Bureau of Public Roads and a definite answer on the interchange may not be known until this Fall.

Members of the Cascade Highway Association appeared before the Commission regarding (1) improvement to Highway 213 from Silverton to Butte Creek Bridge; (2) improvements to or a new route for Highway 213 through Silverton; and (3) future plans for Highway 214 following a route generally parallel to the railroad between Silverton and Mt. Angel. The delegation was composed of the following: L. E. Scott and Glenn Huston, Lebanon Chamber of Commerce; Lawrence Spraker, Stayton, newspaper publisher; Quinton B. Estell, Verl E. Cochran, William F. Hanson, Lenard Kephart, and E. L. Henkel, all from Silverton. Mr. Spraker acted as spokesman for the group and introduced the members of his delegation. He pointed out that the present highway is hilly and hazardous in the winter. It was his belief that the highway merits some straightening in the Silverton area and further north, and he expressed appreciation for the widening work which has been done. At the request of Chairman McIver, the Engineer explained that the Cascade Highway south of Silverton is not on the state highway system. The Commission, he continued, recognizes the desirability of improving the route through Silverton and northerly to the vicinity of Butte Creek when funds are available. He estimated the cost of such improvement at $790,000 and stated that a reconnaissance survey has been made on this route. A reconnaissance survey has also been made on the route following the railroad from Silverton to Mt. Angel, he added, which route will cost about $477,000. He pointed out that secondary funds in Division 2 are very limited, a large amount having been expended on construction of the North Santiam Highway, so that no funds are available for material improvements on other secondary highways in Marion County. Mr. Spraker called attention to the rapid growth on the east side of the Willamette Valley from Oregon City south to Lebanon and Cottage Grove. He gave as his opinion that for a cost of approximately $500,000 the Mt. Angel-Silverton route could be constructed so it would tie into the Molalla-Cascade route. He requested that a survey be made with the thought in mind of tying in Lebanon with the Cascade Route as one project. Chairman McIver pointed out that population in Division No. 2 has been growing very rapidly and distribution of the available funds for this Division has been a problem. The Commission recognizes the need for the improvements, he added, but must spend the money in the areas which have the highest priority. Mr. Spraker concluded the presentation by calling attention to the tremendous increase in boat traffic on this route by recreationists going to Detroit Reservoir. Chairman McIver thanked the delegation for their presentation.

Judge O. E. Effenberger, Tillamook County, headed a delegation which appeared before the Commission regarding the improvement of the Garibaldi-Bay City Section of the Oregon Coast Highway. Others in the group were Andrew J. Naterlin, State Senator, and Verne Ayers, Manager of the Oregon Coast Association, both from Newport; T. H. Bailey, Chairman of Highway Committee of Chamber

of Commerce; Burford Wilkerson, Manager of the Chamber of Commerce; Fred Guyton, Chamber of Commerce; Hans Paulsen, City Manager Richard Akers, Secretary of County Coast Association; Stan Livingston, President of the Chamber of Commerce; Earl Sweet, Manager of Auto Trade Association; and Clay Myers and Howard Tilden, County Commissioners, all from Tillamook. Judge Effenberger introduced the members of the delegation and stated that they were appearing today to express their thanks for the allocation approved in the program for the Garibaldi-Bay City Section of the Oregon Coast Highway. Mr. Wilkerson expressed the appreciation of the Tillamook County Chamber of Commerce; likewise, Messrs. Bailey, Ayers and Guyton expressed their gratitude for the project. Senator Naterlin not only thanked the Commission for the scheduled work, but also complimented the Highway Department for the promptness with which they have complied with several small requests he made during the past two years, particularly the installation of a railing on a dangerous curve north of Whale Cove. Chairman McIver thanked the delegation for their comments.

The Douglas County Court and officials of the City of Roseburg appeared before the Highway Commission regarding construction of a new bridge across the Umpqua River at Roseburg and a one-way couplet in Roseburg. Judge V. T. Jackson, Douglas County, acted as spokesman and introduced the following members of his delegation: Huron W. Clough and E. R. Metzger, County Commissioners; L. May, County Engineer; George Costello, newspaper reporter; Arnold Jacklin, Mayor; Pete Seraffin, President of the City Council; Jack Davis, Councilman; John Warburg, City Manager; and Ralph DeMoisy, Chairman of the Urban Renewal Board, all from Roseburg. Mr. DeMoisy spoke on behalf of the City of Roseburg and explained that their purpose is to to seek counsel and advice, and to advise the Commission that the City of Roseburg has arrived at a unanimous opinion that the Umpqua River Bridge should be located on Washington Street. Based on reports from the Planning Commissions and the State Highway Commission, he continued, the City Council has gone on record as favoring a high level bridge; however, there is a little disagreement in Roseburg as to whether this bridge should be a high or low level structure. He requested an answer to the following questions: (1) What is the State Highway Commission prepared to do on the approaches off the freeway to the bridge? (2) Does it make any difference to the Commission whether this bridge is a low or high level structure? (3) Can the City expect to secure any help from the Bureau of Public Roads with respect to east-west travel connecting the freeway with the North Umpqua Highway? (4) Does the Commission have any advice to help the City in arriving at its decisions in the rebuilding of the City? In answer to the questions raised by the delegation, Chairman McIver stated that these are engineering matters which require study by the engineering division, and he suggested that representatives of the City of Roseburg meet with the highway engineers to discuss their problems. The Engineer explained that the connections from the west end of the bridge to the freeway have

not yet been discussed with the Commission but he believed that such construction would be a State obligation and that a satisfactory solution can be worked out; however, the selection of the type of structure must be decided by the City as the bridge is not on the state highway system. It was his opinion that Washington Street is a good selection for the bridge construction since it can be utilized for one-way traffic, with the Oak Street Bridge used to carry traffic in the opposite direction. He pointed out that the low level bridge, which will cost about $600,000, will serve adequately for a good many years but there will be a railroad crossing at grade, and it eventually will have to be rebuilt since it could never be converted into a high level structure. To construct a high level bridge on Washington Street, he continued, will cost about $2,500,000, and such type of bridge will be more beneficial to the City in future years. Regarding the one-way couplet, he advised that the State is in agreement with the selection of the Pine Street Couplet, and the funds held in abeyance for the Stephens-Rose Street Couplet in Roseburg may be diverted to the Stephens-Pine Street Couplet; however, no decision on this matter has been made by the Highway Commission. Chairman McIver indicated that when details have been worked out with the engineers, the Commission can help with the financing of the couplet. He thanked the group for their presentation.

Mr. C. S. Peck, Eddyville, appeared before the Commission to request the hard surfacing of a section of the Eddyville-Blodgett Secondary Highway from Nashville to the intersection near Eddyville. He presented a petition signed by 156 residents of Lincoln County who concurred in his request. He pointed out that the grade and location are good but the people feel they need a paved road. In the vicinity of Nortons, he continued, there are three hazards -- two railroad crossings, and a narrow section of road near the river which floods every year, and during flood time many cars use the railroad to get across. He requested that this section be straightened and raised to eliminate the flood hazard and the railroad crossings. Chairman McIver advised Mr. Peck that some improvement is contemplated this year on that highway section and that the Engineer will contact him regarding the matter.

Senator R. F. Chapman, Coos Bay, headed a delegation which appeared regarding the Gold Beach-Selma Road. The following composed the delegation: Robert R. Van Leer, President of Gold Beach Chamber of Commerce; Fred W. Flynn, Curry County Commissioner, Brookings; Verne Ayers, Manager of Oregon Coast Association, Newport; Larry Cushing and Louis Krause, Illinois Valley Chamber of Commerce, both from Cave Junction; M. A. Sprague, Illinois Valley Farm Bureau, K. M. Smith, Josephine County Pomona and Deer Creek Grange Association, Frank Amer, County Vice-Chairman of Selma-Gold Beach Road Association, Lex Riggen, Jr., Deer Creek Grange, all from Selma; and Robert M. Knox, President of the Port of Gold Beach. Senator Chapman introduced the members of his delegation. Mr. Van Leer, who acted as spokesman for the group, requested that

the Commission recommend the placement of the road from Gold Beach to Selma on the Forest Highway System. The U. S. Forest Service and the Bureau of Public Roads, he added, have so recommended. He pointed out that the southwestern corner of Oregon is developing rapidly and there is no east-west road to serve the 140-mile area between Crescent City, California, and Coquille, Oregon. It was his opinion that the route is feasible and told of the vast resources of untouched timber in the National Forest which could be marketed if such a route were built. Mr. Knox urged the Commission to designate this road so as to justify expenditure of available funds. He spoke in behalf of the fifteen port members of the Federation of Oregon Coastal Ports and stated that the number one objective of this organization is this east-west route. Mr. Smith presented a resolution from the Illinois Valley Chamber of Commerce and several other granges and organizations which have gone on record as urging the Commission and the other agencies involved to take necessary steps for the planning and construction of the Gold Beach-Selma Road. Mr. Flynn, who appeared in behalf of the Curry County Court, also requested the placement of the Gold Beach-Selma Road on the Forest Highway System. He told of the rapid expansion and growth over the past few years of Curry County, particularly the port facilities at Port Orford, Brookings and Gold Beach which are developing into important lumber shipping ports. Chairman McIver explained that $4,500,000 a year is received from Forest Highway funds which funds are distributed on the forest highway roads throughout the state. The Selma-Gold Beach Road is estimated to cost $14,000,000 and it would be necessary to finance this road with either Forest Highway or regular construction funds. Since there are many roads in Division 3 badly in need of improvement, he continued, there is a tremendous demand for construction funds in the area, so if their request were granted, no matter which funds were used, it would take a long time to build the road. The Commission has given the matter consideration and spent considerable time studying the project, he stated, and intends to take another look at it. Mr. Van Leer interposed that only a small portion of the road would be built with Forest Highway funds, the remainder could be constructed with Forest Access Road funds, O & C funds, and Converted Land funds. There is no survey or accurate mileage of most of this route, and it is their thought if it could be placed on the Forest Highway system, a reconnaissance survey could be made. The Engineer pointed out that this road is eligible to receive Forest Access Road funds, but if it were on the Forest Highway or State Highway system such access funds could not be used on the road.

Mr. Martin Gallagher headed a delegation from the Ore-Ida Potato Products Company, Ontario, re modification of weight limitations on vehicles hauling potatoes from Idaho to Ontario, Oregon. Also appearing were Messrs. N. Grigg, Ontario, and John Chisom, Burley, Idaho. Mr. Gallagher introduced the members of his delegation and advised that their presentation pertains to the weight limitations on a one-mile section of the Old Oregon Trail over which potatoes are hauled from Burley, Idaho, to their plant at Ontario, Oregon. Mr. Grigg reviewed the history of the Ore-Ida Potato Plant, pointing out

that the present operation began in 1950 and has since developed into a very important industry in Ontario which employs 1,200 to 1,400 people and processes over a million pounds of potatoes every day. Idaho has a farm bulk law, he continued, which allows higher weight limits than Oregon; consequently, on the last mile to the plant in Oregon each load is about 8,000 pounds overweight. He estimated it will cost them about $150,000 a year if they are denied the right to haul these loads over the mile section in Oregon. He spoke of the disadvantage this limitation imposes upon them from the standpoint of their competitor in Idaho and added that although they have been hauling these heavier loads over this mile section during the past eight years without any detrimental effect on the highway, they have now been informed that the loads are illegal. He told of the difficulty encountered in the gauging of these loads of potatoes down to the exact weight of the Oregon regulation because the weight varies depending upon the amount of dirt on the potatoes. He concluded by stating that they have the backing of the Chamber of Commerce and the City Council and that they are requesting the Commission to grant them permission, either by resolution or special permit, to haul heavier loads over this one-mile section. Chairman McIver thanked the delegation for bringing this matter to the Commission's attention. (Later in the day the Commission instructed that the Chief Counsel make a determination of the legal matters involved.)

The Clackamas County Associated Chambers of Commerce appeared before the Commission regarding the widening of US 99 E between New Era and Salem. Mr. Irwin Adams, President of the Chamber of Commerce, Milwaukie, acted as spokesman and introduced the following members of his group: T. W. Loder, Peter Wiley, F. P. Mills, Peyton Barnett, Donald E. Huffman and Walter Kanne, members of North Clackamas County Chamber of Commerce, and Richard E. Groener, State Senator, all from Milwaukie; H. I. Jackson, Civil Defense Director of Clackamas County, and Warren Adams, Clackamas County Assistant School Superintendent, both from Oregon City; Fred Meek, John Jersey, and Fred Wolfer, members of Eastside Commercial Club, and Harold Rice, Hudson House, all from Portland; Winton J. Hunt and Wallace Bonesteele, Salem Chamber of Commerce; Maylon E. Scott, State Civil Defense, and Arthur Sheets, Director of State Civil Defense, all from Salem. Mr. Hunt, representing the Industrial Committee of the Salem Chamber of Commerce, stated that his organization is whole-heartedly supporting the Clackamas County Chamber of Commerce in their efforts to obtain the widening of US 99 E, and he expressed the opinion that the economy of the Willamette Valley requires that such widening be done. Mr. Bonesteele pointed out that because of the shortage of industrial property, if a good four-lane highway were developed it would open up and encourage industrial development north of Salem. Mr. Meek read a statement from the Eastside Commercial Club endorsing this widening project and pointing out the need for an adequate highway to carry the increased traffic as well as serve the heavily populated areas and new industrial expansion south and east of Portland. Although the Baldock Freeway has

excellent egress to Salem and the communities to the west and south of Portland, he continued, it does not provide an economical route for the areas of Eastern Clackamas and Marion Counties. Mr. Rice explained that although the new Hudson House plant in Milwaukie is only one block from Highway 99 E they route trucks destined for Salem over the Baldock Freeway but would use the more direct US 99 E route if it were widened. Mr. Adams told of the rapid residential growth in Clackamas County which has increased school bus traffic on US 99 E, particularly the bottleneck to other traffic that the school buses create on the two-lane highway section. Mr. Sheets, speaking as Civil Defense Director, endorsed the remarks of the other speakers. He pointed out that because Portland has been designated as a target area by the military planners, in case of attack 70,000 people would be evacuated south on US 99 E. Time being an element in such an evacuation, they are vitally interested in the widening of Highway 99 E. Mr. Adams concluded the presentation by expressing appreciation for the contemplated widening of the 2.4-mile section of this highway; however, he reiterated their desire for the Commission to widen the remainder of US 99 E from New Era to Salem without delay. Chairman McIver thanked the delegation for appearing.

The Parent-Teacher Association and the Parent-Teacher-Student Association of Clatskanie and Westport appeared before the Commission requesting improvement of the Columbia River Highway between Clatskanie and Westport. Mrs. Kent Magruder, PTA of Clatskanie, acted as spokesman and introduced the following members of her delegation: Mrs. Forrest Humphrey, Mrs. Geo. Salmi, and Mrs. Chas. Curtis, Clatskanie PTSA; Virginia Edwards, President of PTA, Mrs. Wm. Armstrong, Miriam Nelson, and Mrs. Bob Ellis, all from Clatskanie PTA; and Mrs. Eric Hofeld, President of Wauna-Westport PTA, Woodson. Mrs. Magruder explained that as mothers of school children they have a vital interest in the improvement of US 30 between Clatskanie and Westport, particularly since 135 children are transported each day over this ten-mile section. The highway is narrow with many curves, and slide areas during the winter months, and she requested information as to the date when this condition will be corrected. Mrs. Armstrong pointed out that the highway is inadequate for the large, modern vehicles using it and creates a grave danger to traffic, particularly after a heavy rain when water covers the highway in many places and slides occur. There are no shoulders along the section between Deadman's Curve and the railroad drawbridge, and she emphasized that when a school bus or a large truck meets another truck on a curve the vehicles almost scrape each other. If a slide occurs in this area there is no way to get to Clatskanie except to travel over 100 miles via Astoria, Jewell and Mist. Chairman McIver advised the delegation that yesterday the Commission approved $905,000 to relocate a portion of the section from Clatskanie westward, but that it will be about three years before the remainder can be improved. The Engineer pointed out that the section in question is presently being surveyed and when completed it will be determined the length of road which can be constructed with the $905,000 allocation. Mrs. Magruder expressed their thanks for the project; however, she stressed the fact

that they also desire completion of the Westport end of the section. Chairman McIver thanked the delegation for bringing the matter to the Commission's attention.

The Klamath County Court appeared before the Commission regarding (1) proposed construction of Washburn Way-Great Northern Overcrossing structure; (2) Chiloquin-Sprague River Highway as a state secondary highway; and (3) proposed Orendale Draw route of Klamath Lake Secondary Highway. The following appeared: Frank Ganong and E. W. Gowen, Klamath County Commissioners, and Francis Landrum, Chairman of Roads and Highway Committee of Klamath County Chamber of Commerce, all from Klamath Falls. Mr. Ganong acted as spokesman and introduced the members of his delegation. He requested designation as a state secondary highway of the 34.3-mile Klamath County Road (FAS 429), known as the Sprague River Road, which extends from the Lakeview-Klamath Falls Highway, ORE 66, to The Dalles-California Highway, US 97. Their reasons for requesting such designation are (1) it is a vital link between two state highways -- US 97 and ORE 66; (2) this highway is used by a large portion of the commercial and private traffic traveling from Lake County to the Willamette Highway; and (3) as a result of the break-up of the Indian Reservation, Klamath County will be taking over many miles of Indian Service roads which will put an increased burden on the County's road funds. He also requested that the State rebuild the fifteen-mile section of ORE 230, East Diamond Lake Secondary Highway, between The Dalles-California Highway and the Crater Lake Junction to standards which would allow the transporting of full legal load limits over this highway. The Umpqua National Forest Supervisors, he explained, have indicated that there will be a cut of about 60 to 70 million feet of lumber a year, and about 60 percent of it will be available to the Klamath Falls area. At the present time, he pointed out, there is a 40,000 pound load limit on the East Diamond Lake Highway, such load limit being necessary because the highway was built for light tourist traffic. To compete with Douglas County and the western valley, he continued, this highway must be reconstructed to standards which will allow it to be used for the removal of timber. Mr Landrum thanked the Commission for the money allocated to their area, particularly to the Lake of the Woods Highway. He requested the Commission to authorize a survey and acquire right of way for the proposed Orendale Draw route of the Klamath Lake Secondary Highway, which is a short section of highway that will connect the junction of US 97 and ORE 66. In his opinion, when the Lake of the Woods Highway is completed, that section will be an integral part of it. Regarding the proposed Washburn Way-Great Northern Overcrossing structure, he advised that the revised estimate for a two-lane structure totals $291,000, excluding $75,000 for right of way. Although Klamath County will furnish the necessary right of way and both the County and the Great Northern Railroad have committed themselves to contribute construction funds for the project, there still remains a deficit of $65,000, which amount, he stated, the County is requesting the State to provide. The County, he continued, is willing

to enter into an agreement with the State covering the transfer of roads affected by the project, and the Great Northern Railroad is anxious for construction of the project so it can secure more yard space. The Engineer pointed out that while there is a bad situation at the crossing of the railroad tracks, nevertheless this road is not on the State Highway System; however, the Commission by agreement with the County could provide these funds from Federal-aid Secondary money, but some other much needed project in Division 4 would be deprived of that amount of money. Commissioner Jackson suggested that the County make contact with the proper Air Force personnel to ascertain whether the Military could provide the needed $65,000 for the project. As to the County's other requests, Chairman McIver advised the delegation that the Commission will consider them; however, the Commission is making no commitments. He expressed thanks to the delegation for their presentation.

The Engineer brought to the Commission's attention the matter of expending $50,000 for the construction of a road from Owyhee Dam southerly into Owyhee Lake Park, Malheur County, for as many miles as the expenditure will permit, such sum to be allocated from unexpended funds. The construction, he added, will be performed as early in 1960 as arrangements can be worked out, and he recommended approval of the project. The Commission approved the expenditure as recommended.

There being no further business to come before the Commission, the meeting was declared adjourned at 12:20 p.m.

EXHIBITS "A" through "L"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

January 28 and 29, 1960

EXHIBIT "A"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, in connection with the future improvement of the highways herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in the right of way resolution, dated January 28, 1960, pages 1 through 44, as presented by the Right of Way Engineer and approved by the Highway Commission on January 28, 1960 and by this reference said right of way resolution of January 28, 1960 is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the Chief Counsel for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

EXHIBIT "B-1"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Harbor Drive-Barbur Boulevard Section of the Pacific Highway described as follows:

A parcel of land lying in Tract 7, Werlock, also lying in the NE¼ of Section 29, Township 1 S, Range 1 E, W.M., Multnomah County, Oregon, the said parcel being described as follows:

Beginning at the Northwest corner of said Tract 7; thence East along the North line of said Tract 7, a distance of 183.70 feet to the Northeast corner of said Tract 7; thence South along the East line of said Tract 7, a distance of 53.37 feet; thence Southwesterly in a straight line 233 feet, more or less, to the West line of said Tract 7, at a point which is 25 feet North of the Southwest corner of said Tract 7; thence North along said West line 197 feet to the point of beginning.

The parcel of land to which this description applies contains 23,000 square feet, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $4,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 244 be entered in the minutes and records of the Commission as of the 28th day of January, 1960.

EXHIBIT "B-2"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Junction City-Eugene Section of the Pacific Highway described as follows:

A parcel of land lying in Section 26, Township 17 S, Range 4 W, W.M., Lane County, Oregon, the said parcel being described as follows:

Beginning at an iron pipe at the Southwest corner of the Plat of Oak Home; thence N. 0° 55' E, along the Westerly line of the Plat of Oak Home, a distance of 553.8 feet to an iron pipe set at the intersection of the Southerly right of way line of the Willamette Pacific Railroad and the Westerly line of the said Plat of Oak Home; thence along said railroad right of way line N 89° 03' W, parallel and 50 feet distant from center line of said railroad, a distance of 487.5 feet; thence S 0° 55' W, a distance of 555.2 feet; thence S 89° 13' E, a distance of 487.5 feet to the point of beginning, containing 6.21 acres.

Also beginning at the Southwest corner of the Plat of Oak Home; thence N 0° 55' E, 553.8 feet to the South line of the Willamette Pacific Railroad Company; thence Easterly along the Southerly right of way line of said railroad, a distance of 105 feet, more or less, to a line which is parallel to and 125 feet Southwesterly of the center line of the Pacific Highway; thence S 33° 58' E, parallel to said center line, 675 feet, more or less, to the South line of said Oak Home; thence Westerly along the South line of said Oak Home, a distance of 490 feet, more or less, to the place of beginning, containing 3.75 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $14,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and

EXHIBIT "B-2" (Cont.)

relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 245 be entered in the minutes and records of the Commission as of the 28th day of January, 1960.

EXHIBIT "B-3"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Junction City-Eugene Section of the Pacific Highway described as follows:

A parcel of land lying in Lot 4, Oak Home, situated in Section 26, Township 17 South, Range 4 West, W.M., Lane County, Oregon, the said parcel being described as follows:

Beginning at the intersection of the Northerly line of the Willamette Pacific Railroad Company with the West line of said Oak Home, said point being 653.8 feet North of the Southwest corner of said Oak Home; thence Easterly along said Northerly line of the Willamette Pacific Railroad Company, 310 feet, more or less, to a point which is 100 feet Northeasterly of (when measured at right angles to) the center line of the Pacific Highway, and the true point of beginning; thence continuing Easterly along said Northerly line of the Willamette Pacific Railroad Company, 185 feet, more or less, to a point which is 799.8 feet West of the East line of said Oak Home; thence North to the Southwesterly line of the Oregon Electric Railway; thence Northwesterly along said Southwesterly line of the Oregon Electric Railway to the West line of said Oak Home; thence South along said West line of Oak Home, 605 feet, more or less, to a line which is parallel to and 100 feet Northeasterly of the center line of the Pacific Highway; thence Southeasterly along said parallel line 540 feet, more or less, to the true point of beginning.

The parcel of land to which this description applies contains 6.3 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $5,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and

EXHIBIT "B-3" (Cont.)

provisions of ORS 273.060 Et Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchasers, all rights of ingress and egress to, from and between the said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 246 be entered in the minutes and records of the Commission as of the 28th day of January, 1960.

EXHIBIT "B-4"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the North Bend Maintenance Site Section of the Oregon Coast Highway described as follows:

The West 40 feet of Lots 23, 24, 25 and 26 of Block 17, Original Plat of North Bend, Coos County, Oregon, containing 4,800 square feet of land.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $5,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 247 be entered in the minutes and records of the Commission as of the 28th day of January, 1960

EXHIBIT "B-5"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Barbur Boulevard-Tualatin River Section of the Pacific Highway described as follows:

> A parcel of land lying in Government Lots 1 and 2 of Section 6, Township 2 South, Range 1 East, W.M., Clackamas County, Oregon, the said parcel being that portion of said Lots 1 and 2 lying Easterly of that property previously conveyed to the State of Oregon, by and through its State Highway Commission, by deeds recorded in Book 239, Page 22; in Book 243, Page 7; and in Book 253, Page 593, of Clackamas County Deed Records.
>
> The parcel of land to which this description applies contains 14.337 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $14,350.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the Pacific Highway and shall also provide that said property shall never be used for placing, maintenance or display of any advertising sign within view of the Pacific Highway, except such use to which the property conveyed is devoted.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 248 be entered in the minutes and records of the Commission as of the 28th day of January, 1960.

EXHIBIT "B-6"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in the Forest Grove-Hillsboro Section of the Tualatin Valley Highway described as follows:

A parcel of land lying in Section 5, Township 1 S, Range 3 W, W.M., Washington County, Oregon, and being a portion of that property described in that certain deed to State of Oregon by and through its State Highway Commission recorded in Book 399, Page 357 of Washington County Records of Deeds; the said parcel being that portion of said property lying Southerly of a line which is parallel to and 60 feet Southerly of the center line of the Tualatin Valley Highway as said highway has been relocated, which center line is described as follows:

Beginning at Engineer's center line Station 235+99.27 Bk. - 235+97.96 Ah., said Station being 28 feet South and 3770 feet West of the Northeast corner of said Section 5; thence S 89° 53' W, 718.5 feet to Station 243+16.46, the Northerly line of said parcel intersects the Easterly and Westerly boundaries of said property approximately opposite center line Stations 237+60 and 238+66 respectively.

The parcel of land to which this description applies contains 9,116 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $6,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchasers, all rights of ingress and egress to, from and between the said real property and the right of way of the Tualatin Valley Highway except two points of access, 25 feet in width, unrestricted as to use.

EXHIBIT "B-6" (Cont.)

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 249 be entered in the minutes and records of the Commission as of the 28th day of January, 1960.

EXHIBIT "C"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, pursuant to ORS 366.205, the State Highway Commission has jurisdiction and control over all state parks; and

WHEREAS, pursuant to ORS 366.345(2), the State Highway Commission may develop, construct, improve, operate, and maintain park facilities in a manner as will best afford the public necessary conveniences and accommodations; and

WHEREAS, pursuant to ORS 366.350, the State Highway Commission may make regulations and provisions for the use and administration of such facilities, including reasonable charges for the use of accommodations provided in such parks and areas; and

WHEREAS, for the purpose of maintaining and operating such accommodations for the benefit of the public, it is the judgment of the Commission that reasonable charges should be made; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the rates and charges so set;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

(1) That the Commission does hereby find and declare that the following charges are reasonable, such charges being necessary to defray the cost of special services and supplies furnished in connection with the use of accommodations in certain park facilities, to wit:

OREGON STATE PARKS AND RECREATION DIVISION
RATES FOR PARK FACILITY USE
1960

I. CAMPING FEES

A. GROUP USE - ORGANIZATIONS

1. Silver Creek Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 100 No charge in accordance with agreement dated July 6, 1956.	No charge
2. Smith Creek Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 50	$350.00

EXHIBIT "C" (Cont)

A. GROUP USE - ORGANIZATIONS - Cont.

3. North Falls Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 150 No charge in accordance with agreement dated September 26, 1955. — No charge

4. Short-term permit: (up to 2 weeks) Silver Creek and Smith Creek Youth Camps, Silver Falls State Park.

   Opening and closing camp when the time required for both opening and closing by the representative of the department at the camp is not in excess of two hours. — $5.00

   Opening and closing camp when the time required for both opening and closing by the representative of the department at the camp is in excess of two hours is Two Dollars per hour for each hour or fraction thereof in excess of the first two hours. — 2.00

   Each person per night. — .25

5. Short-term permit: (up to 2 weeks) North Falls Youth Camp and the Ranch area at Silver Falls State Park, also at Emigrant Springs and Battle Mountain State Parks.

   Opening and closing camp when the time required for both opening and closing by the representative of the department at the camp is not in excess of two hours. — 3.00

   Opening and closing camp when the time required for both opening and closing by the representative of the department at the camp is in excess of two hours is Two Dollars per hour for each hour or fraction thereof in excess of the first two hours. — 2.00

   Each person per night. — .15

Fuel, propane gas, electricity, miscellaneous materials, breakage and losses to be charged at cost.

B. GROUP USE - FAMILIES OR GROUPS

1. Short-term permit, overnight tent camping only, areas where water, fuel, and toilets are provided. Per night per person. — .25

EXHIBIT "C" (Cont)

C. INDIVIDUAL AND FAMILY OVERNIGHT CAMPERS

1. Improved camps where water, fuel, toilet, are provided.

a. Tent camping, per car per night.	$ 1.00
b. Self-propelled vehicle provided with living quarters or car and trailer with living quarters per night. (Note - this charge applies whether or not trailer facilities are available)	1.50

2. Semi-improved camps for tent and trailers with living quarters. Table, stove provided, but water and sanitary facilities some distance away. Car or Car and Trailer, per night. .75

3. Final checking-out time for all overnight camps is 3:30 P.M. after which an additional night's stay will be charged.

II. BATHHOUSE FEES

A. JESSIE M. HONEYMAN STATE PARK

1. Children 14 years of age and under.	.20
2. Over 14 years of age.	.40
3. Season tickets - Children under 14 years of age.	4.00
4. Season tickets - Over 14 years of age.	6.00
5. Red Cross Swimming Classes - Children under 14 years of age, 8:00 - 11:00 A.M. (using their own lifeguard) Free of charge.	

III. LANTERN FEES

A. LAVA RIVER CAVES STATE PARK

1. State-owned lanterns used for visiting the caves.	.10

IV. STOVE METER CHARGES

A. ANY PARK SO FACILITATED

1. Meter-controlled units - approximately 30 minutes of electricity or gas cooking facilities.	.10

EXHIBIT "C" (Cont)

IV. STOVE METER CHARGES - Contd.

2. Approximately 4 minutes of electricity for bath showers. $ .10

(2) That the above charges shall be posted within the main entrance of the above park facilities.

(3) That said charges are to take immediate force and effect for the year 1960.

(4) That this resolution shall rescind and supersede all former resolutions pertaining to rates for park facility use.

(5) That this resolution be duly entered in the minutes and records of the Commission this 28th day of January, 1960, as State Parks Resolution File No. 18.

EXHIBIT "D"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, ORS 366.800 provides that:

"There shall be and hereby are appropriated out of the highway fund annually such sums of money as will equal 10 per cent of all moneys credited to the highway fund by the State Treasurer between January 1 and December 31 of each year and which have accrued from funds transferred to the highway fund by the State Treasurer under ORS 319.410, 481.540, 767.635 and from fines and penalties collected for violations of the motor vehicle and transportation laws. The appropriation shall be distributed among the several cities as provided in ORS 366.785 to 366.820".

AND, WHEREAS, ORS 366.805 provides:

"The appropriation specified in ORS 366.800 shall be allocated to the cities as follows:

(1) The sum of $250,000 shall be withdrawn from the appropriation each year and set up in a separate account to be administered by the commission.

(2) Such account shall be spent each year by the commission upon streets not a part of the state highway system within cities which are receiving excessive wear through sudden increases in population in the area of heavy and unusual industrial traffic.

(3) The commission shall determine the distribution of the expenditures after considering applications made to it therefor from the cities.

(4) The balance remaining in the appropriation after the withdrawal of the $250,000 shall be distributed to all the cities.

(5) Each city shall receive such share of the balance as its population bears to the total population of the cities."

AND, WHEREAS, ORS 366.810 provides that:

"Funds accrued and payable to cities under ORS 366.785 to 366.820 shall be remitted semiannually by the Secretary of State to the financial officer of each city. The funds appropriated shall be apportioned on a semiannual basis immediately following June 30 and December 31 of each year by the commission, which shall certify the apportionment to the Secretary of State. Upon receipt of such certificate the Secretary of State shall issue his warrants therefor payable to the cities in the amounts set out."

EXHIBIT "D" (Cont)

WHEREAS, the funds or moneys which have been by the State Treasurer credited to the state highway fund during the period July 1 to December 31, inclusive, of the year 1959, and which have accrued from the sources named herein, produced the following amounts:

Funds resulting under the provisions of ORS 481.540 (motor vehicle registration and operators' license fees) total	$ 4,377,783.79
Funds resulting under the provisions of ORS 319.410 (gasoline tax) total	20,393,297.47
Funds resulting under the provisions of ORS 767.635 (motor carrier fees) total	7,881,054.79
Funds resulting from fines and penalties collected for violations of the motor vehicle and transportation laws total	263,448.93
	$32,915,584.98

AND WHEREAS, the statutory ten per cent of said total produces for allocation and distribution by the Highway Commission to the benefited cities and towns a total of $3,291,558.50, from which sum there is to be deducted one-half of the sum of $250,000, or $125,000, thus leaving for allocation and distribution for the period July 1 to December 31, 1959, the sum of $3,166,558.50, and

WHEREAS, by applying the factors of allocation or distribution provided for in ORS 366.800 to 366.810, the State Highway Commission has determined upon an apportionment of said balance among the cities of the state as shown in the tabulation given below:

NOW, THEREFORE, be it and it hereby is resolved and ordered by this Commission as follows:

1. The Commission does hereby find, declare and order that the funds made available for allocation and distribution to the several cities of the State of Oregon pursuant to law, are hereby allocated and appropriated to the cities and/or towns named below in the amounts set opposite the names of the respective cities:

R E S O L U T I O N

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract #5053 with Rogers Construction Co., for grading-paving the Goble-Tide Creek Section of the Columbia River Highway in Columbia County, completed November 10, 1959.

"Contract #5183 with Rogers Construction, Inc., for grading the Rooster Rock-Multnomah Falls Section of the Columbia River Highway in Multnomah County, completed December 2, 1959.

"Contract #5200 with Rogers Construction, Inc., for grading-paving-structure on the East Unit of the Shogren-Rowena Section of Columbia River Highway in Wasco County, completed December 2, 1959.

"Contract #5301 with Rogers Construction Co., for grading-paving the Klamath Falls Section of The Dalles-California Highway in Klamath County, completed January 9, 1960.

"Contract #5302 with F. L. Somers for structure-grading-paving the North Fork Coquille River-Myrtle Point Section of the Coos Bay-Roseburg Highway in Coos County, completed December 10, 1959.

"Contract #5320 with Peter Kiewit Sons' Co., for construction of the Tallman Branch and Bond Butte RR Overcrossings on the Santiam Jct.-Lane County Section of Pacific Highway in Linn County, completed December 15, 1959.

"Contract #5349 with Knight Pearcy & Kenneth E. Nielsen for roadside improvement on the Battle Creek Jct.-North Albany Jct. Section of Pacific Highway in Marion-Linn Counties, completed December 16, 1959.

"Contract #5372 with Roy L. Houck & Sons and Roy L. Houck Sons' Corp., for grading The Dalles-Eightmile Creek Section of The Dalles-California Highway in Wasco County, completed May 29, 1959.

"Contract #5384 with Lord Brothers, Contractors, for construction of the Porter Street Undercrossing on Pacific (Baldock Freeway) Highway in Multnomah County, completed December 18, 1959.

"Contract #5470 with Peter Kiewit Sons' Company for grading the Seven Oaks-Table Rock Road Section of Pacific Highway in Jackson County, completed November 16, 1959.

EXHIBIT "E" (Cont)

"Contract #5500 with Charles T. Parker Const. Co., for grading-paving the Hilda St.-Beaver Creek Road Section (Oregon City) of the Cascade Secondary Highway in Clackamas County, completed November 13, 1959.

"Contract #5512 with Marshall Const. Co., for the Taylor Subdivision Grade Separation widening and Chenoweth Creek Bridge widening on the Rowena-Chenoweth Creek Section of the Columbia River Highway in Wasco County, completed December 31, 1959.

"Contract #5521 with D. F. McKenzie, for grading-stone base on the Buena Vista-Luckiamute River Section of the Independence-Albany Road in Polk County, completed October 12, 1959.

"Contract #5547 with E. P. Baltz & Son, for roadside improvement on the Airport-Alberta St. Section of the Cascade Secondary Highway in Multnomah County, completed December 10, 1959.

THEREFORE BE IT RESOLVED that the work covered by the State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 87 shall be entered in the minutes and records of the Commission as of the 28th day of January, 1960.

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Pacific

Highway number 1 Route number US 99

Location of Termini	Established Speed
Main Street (One-way southbound)	
M. P. 315.83 (south city limits of Phoenix) to M. P. 315.89 (southerly end of one-way couplet) ---	30 M. P. H.
Pacific Highway (One-way northbound)	
M. P. 315.80N (south city limits of Phoenix) to M. P. 315.91N (southerly end of one-way couplet) ---	45 M. P. H.
Pacific Highway	
M. P. 315.89 (southerly end of one-way couplet) to M. P. 316.10 (0.21 mile south of southerly end of one-way couplet) ----------	45 M. P. H.

EXHIBIT "F-1" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 314 be entered in the minutes and records of the Commission as of the 28th day of January, 1960, and that certified copies of this resolution be forwarded to the Secretary of State and to the Superintendent of the Department of State Police.

EXHIBIT "F-2"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Willamette

Highway number 18 **Route number** ORE 58

Location of Termini			Established Speed
M.P. 34.11 (1.20 miles west of west city limits of Oakridge)	to	M.P. 35.31 (west city limits of Oakridge) ----	35 M.P.H. 1/
M.P. 35.96 (east city limits of Oakridge)	to	M.P. 36.15 (0.19 mile east of east city limits of Oakridge) ----------	40 M.P.H.

1/ except that between M.P. 34.68 (0.63 mile west of west city limits of Oakridge) and M.P. 34.80 (0.51 mile west of west city limits of Oakridge) the indicated speed shall be 20 M.P.H. during hours of school crossings.

This resolution rescinds Speed Zone Resolution No. 92, adopted on September 22, 1952.

EXHIBIT "F-2" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 92-a be entered in the minutes and records of the Commission as of the 28th day of January, 1960, and that certified copies of this resolution be forwarded to the Secretary of State and to the Superintendent of the Department of State Police.

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: Warm Springs

Highway number 53 Route number US 26

Location of Termini			Established Speed
M.P. 102.84 (0.41 mile northwest of main entrance to Warm Springs Agency)	to	M.P. 105.50 (0.22 mile southeast of east end of Deschutes River Bridge)	45 M.P.H. 1/

1/ except that between M.P. 103.13 and M.P. 103.35 the indicated speed shall be 20 miles per hour during the hours of school crossings.

This resolution amends Speed Zone Resolution No. 35-a, adopted March 27, 1958.

EXHIBIT "F-3" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Zone Resolution No. 35-b be entered in the minutes and records of the Commission as of the 28th day of January, 1960, and that certified copies of this resolution be forwarded to the Secretary of State and to the Superintendent of the Department of State Police.

EXHIBIT "G"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, under the provisions of ORS 366.300, whenever the Highway Commission relocates or realigns a state highway or any section thereof, and by reason of said relocation or realignment there is eliminated from the original highway a section thereof, the eliminated section shall, if needed for the service of persons living thereon or communities served thereby, be maintained by the Commission at the State's expense or by the County or by the State and County, on such terms and conditions as may be agreed upon; and

WHEREAS, under the provisions of ORS 373.270, County is empowered to surrender jurisdiction over any county road or portion thereof within the corporate limits of any city and city may accept same and thereafter maintain said county road or part thereof under the jurisdiction and control of said city as part of the city street system; and

WHEREAS, under the provisions of ORS 373.010, whenever the route of any state highway passes through the corporate limits of any city of this state, the Highway Commission shall select and designate the streets of the city over which the state highway shall be routed and may alter or change such routing when, in its opinion, the interest of the motoring public will be better served; and

WHEREAS, State has relocated and constructed the North Fork Coquille River-Myrtle Point Section of the Coos Bay-Roseburg Highway, State Primary Highway No. 35 in Coos County, the northerly terminus of which is at relocated Highway Engineer's Centerline Station 385+50 and the southerly terminus of which is at relocated Highway Engineer's Centerline Station 460+81.82 on the said relocated highway; and

WHEREAS, due to the relocation of said section, portions of the former right of way are no longer needed for right of way purposes and may be eliminated as sections of the original Coos Bay-Roseburg Highway, State Primary Highway No. 35, which sections to be eliminated are hereinafter designated as Unit "A" as shown colored in red, Unit "B" as shown colored in brown, and Unit "C" as shown colored in purple on the map attached hereto marked Exhibit "A" and by this reference made a part hereof; and *

WHEREAS, the State Highway Commission, Coos County, and the City of Myrtle Point entered into an agreement dated October 14, 1958, relating to the elimination and disposition to be made of the said sections of original Coos Bay-Roseburg Highway which are subject to elimination and are hereinafter referred to as Units "A", "B", and "C"; and

WHEREAS, said agreement provides that State, by resolution, upon completion of the said relocated section of said highway, shall formally

EXHIBIT "G" (Cont)

eliminate said Units "A", "B", and "C" as part of the Coos Bay-Roseburg Highway, State Primary Highway No. 35, and the state highway system; and all right, title, and interest which State has in Units "A" and "B" shall pass to and vest in County; and County shall accept all right, title, and interest which State has in Units "A" and "B" and shall maintain Unit "A" as part of the county road system so long as needed for the service of persons living thereon and communities served thereby, and, after Unit "B" has been lawfully established as a county road, County shall relinquish all jurisdiction and control of said Unit "B" to City pursuant to and in accordance with the provisions of ORS 373.270; and Unit "C", being Spruce Street in the City of Myrtle Point, shall no longer be designated the route of the Coos Bay-Roseburg Highway in said city, and all jurisdiction and control which State has in Unit "C" shall be returned to City, and City shall resume complete maintenance of said Unit "C" as a city street.

NOW, THEREFORE, BE IT AND IT IS HEREBY RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That, by reason of the relocation of the Coos Bay-Roseburg Highway, State Primary Highway No. 35, in Coos County, sections of the former right of way of the Coos Bay-Roseburg Highway are no longer needed by the State of Oregon and are no longer required for part of the said new right of way of the said relocated Coos Bay-Roseburg Highway, which said sections are identified as Units "A", "B", and "C" as shown on the attached Exhibit "A" and described as follows: *

Unit "A"

All the land situated within the right of way boundaries of the Coos Bay-Roseburg Highway as formerly routed, beginning at the westerly right of way boundary line of the said relocated highway at said former Highway Engineer's Centerline Survey Station 87+00 in the southwest quarter of the northwest quarter ($SW\frac{1}{4}$-$NW\frac{1}{4}$), Section 9, Township 29 South, Range 12 West, W.M.; thence southwesterly via said highway as formerly routed to the northerly city limits of the City of Myrtle Point at the east-west centerlines of Sections 8 and 9, Township 29 South, Range 12 West, W.M.

Unit "B"

All the land situated within the right of way boundaries of the Coos Bay-Roseburg Highway as formerly routed, beginning at the northerly city limits of the City of Myrtle Point on the east-west centerlines of Sections 8 and 9, Township 29 South, Range 12 West, W.M.; thence southwesterly and easterly to the intersection of Spruce Street and 1st Street in the City of Myrtle Point.

EXHIBIT "G" (Cont)

Unit "C"

All that portion of Spruce Street which is now utilized by State for highway purposes from First Street to Eighth Street.

2. That, pursuant to said agreement entered into with Coos County and the City of Myrtle Point dated October 14, 1958, Unit "A" as heretofore described and as shown colored in red on the attached Exhibit "A", and Unit "B" as heretofore described and as shown colored in brown on the attached Exhibit "A" are hereby duly eliminated as part of the Coos Bay-Roseburg Highway, State Primary Highway No. 35, and all right, title, and interest which State has in said Units "A" and "B" hereby pass to and vest in said Coos County. *

3. That, pursuant to said agreement, Unit "C" as heretofore described and as colored in purple on the said attached Exhibit "A" is hereby eliminated as the route of the said Coos Bay-Roseburg Highway, State Primary Highway No. 35, in the City of Myrtle Point, and all jurisdiction and control which State has in said Unit "C" hereby passes to and vests in said City of Myrtle Point. *

4. That this resolution be entered in full in the minutes and records of this Highway Commission as Abandonment and Retention Resolution No. 355 this 28th day of January, 1960, and the secretary is ordered to mail duplicate originals hereof to the Coos County Court and to the City Recorder of the City of Myrtle Point.

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 355, under the heading "Abandonment and Retention" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, under the provisions of ORS 366.215, the Oregon State Highway Commission may select, establish, adopt, lay out, locate, alter, relocate, change and realign primary and secondary state highways; and

WHEREAS, the Oregon State Highway Commission has been notified by the Washington State Toll Bridge Authority that it proposes to award a contract for the construction of the proposed Biggs Rapids Toll Bridge, which will connect U.S. Highway No. 97 across the Columbia River near Biggs, Oregon; and

WHEREAS, the Washington State Toll Bridge Authority has requested the Oregon State Highway Commission to agree, contingent upon the said Toll Bridge Authority awarding a contract for the building of the said proposed bridge, to construct and maintain a connection between the Columbia River Highway, State Primary Highway No. 2, (U.S. 30) and the southerly end of said proposed bridge, the construction of said connection to be completed and in operation at or prior to the time the said bridge is completed and opened to traffic.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That contingent upon the Washington Toll Bridge Authority awarding a contract for the construction of the proposed Biggs Rapids Toll Bridge, the Highway Commission agrees to construct and maintain a connection between the Columbia River Highway, State Primary Highway No. 2, (U.S. 30) and the southerly end of the said proposed Biggs Rapids Toll Bridge, approximately as shown on Exhibit "A" which is attached hereto and by this reference made a part hereof.*

2. That said connection will be completed and in operation prior to or at the time the said p posed toll bridge is completed and opened to traffic.

3. That this resolutio w l be of no force or effect in the event the Washington State Toll Bridge Authority does not award a contract for the construction of the said proposed Biggs Rapids Toll Bridge.

4. That this resolution be entered in full in the minutes and records of this Highway Commission as Primary Highway Designation Resolution No. 30 this 28th day of January, 1960.

EXHIBIT "H" (Cont)

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 30, under the heading "Primary Highway Designation" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "I"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the State Highway Commission is authorized to designate main traveled or "through" highways or sections thereof by placing at the entrances thereto from intersecting highways, signs or markers notifying drivers of vehicles to stop before entering or crossing such designated highway or highways, and the State Highway Commission is further authorized to designate particular intersections and place such stop signs or markers at one or more entrances thereto; and

WHEREAS, the Commission heretofore on the 27th day of April, 1943, adopted a resolution by which certain state highways and sections thereof were declared to be and were designated as main or "through" highways, and the State Highway Engineer was instructed to properly mark the same; and

WHEREAS, by said resolution of April 27, 1943, the Commission declared the Klamath Falls-Malin Highway No. 50 to be a "through" highway from its junction with the Klamath Falls-Lakeview Highway to the California State Line and stipulated that traffic entering said highway shall stop before entering, with the following exception:

> No stop shall be required for Hatfield Highway traffic at its junction with the Klamath Falls-Malin Highway.

WHEREAS, a traffic engineering investigation has been conducted, which investigation disclosed that the safety of the traveling public would be best served if traffic northbound on the Hatfield Highway be required to stop at its intersection with the Klamath Falls-Malin Highway.

NOW, THEREFORE, based upon the results of said traffic engineering investigation and upon the recommendation of the State Highway Engineer, the Commission does hereby find, declare, resolve and order as follows:

1. That the exception as contained in said resolution of April 27, 1943, pertaining to the Klamath Falls-Malin Highway No. 50, be rescinded.

2. That in all other respects the provisions of said resolution of April 27, 1943 shall remain in full force and effect.

3. That the State Highway Engineer be and he hereby is instructed to place or cause to be placed and thereafter maintain the necessary signs and markers to accomplish the traffic control and regulation contemplated by this resolution. Such signs as may be erected at said intersection shall conform to the types and standards heretofore approved by the Commission.

EXHIBIT "I" (Cont)

4. That this resolution shall be entered in the minutes and records of the Commission as of the 28th day of January, 1960, as "Through Highways" Resolution No. 4f, and a duly certified copy thereof delivered to the U.S. Bureau of Public Roads and like copies to the Secretary of State, the Superintendent of the Department of State Police, and the County Clerk of Klamath County for their information.

EXHIBIT "J-1"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the Mohawk Road-McKenzie Highway Section of the Eugene-Springfield Highway in Lane County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports, and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the Mohawk Road-McKenzie Highway Section of the Eugene-Springfield Highway, beginning at Highway Engineer's Station 266+00, at Mohawk Road, and extending in an easterly direction to Highway Engineer's Station 470+49.79, at a junction with the McKenzie Highway, approximately three miles east of the east city limits of Springfield, together with the map, which for identification purposes bears Sketch Map file No. 1R-5-1348 and the date of January, 1960 (Right of Way Map No. 8B-8-10, dated February, 1958), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary rights of way pursuant to the normal and approved method for construction of a complete access controlled highway.

EXHIBIT "J-1" (Cont)

4. That this resolution be entered in the minutes and records of the Commission as of the 28th day of January, 1960, as Survey Resolution No. 203.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 203, under the heading "Resolutions Adopting Surveys" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-2"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the Hillsboro-Reedville Section of the Tualatin Valley Highway in Washington County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the Hillsboro-Reedville Section of the Tualatin Valley Highway, beginning at Highway Engineer's Station 234+84.5, near the west limits of Reedville, and extending in a westerly direction to Highway Engineer's Station 405+02.64, at the southeast city limits of Hillsboro, together with the map, which for identification purposes bears Sketch Map File No. 1R-3-1253 and the date of November, 1959 (Right of Way Map No. 8B-15-10 dated August, 1959), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon. *

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary right of way pursuant to the normal and approved method for construction of a limited access controlled highway.

EXHIBIT "J-2" (Cont)

4. That this resolution be entered in the minutes and records of the Commission as of the 28th day of January, 1960, as Survey Resolution No. 204.

---

* FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 204, under the heading "Resolutions Adopting Surveys" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-3"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of The Dalles-Big Eddy Section of the Columbia River Highway in Wasco County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports, and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of The Dalles-Big Eddy Section of the Columbia River Highway, beginning at Highway Engineer's Station 2380+60±, at the east city limits of The Dalles, and extending in an easterly direction to Highway Engineer's Station 2557+00, just east of The Dalles Dam Interchange, together with the map, which for identification purposes bears Sketch Map file No. 10C-33-6 and the date of January, 1960 (Right of Way Map Nos. 8B-10-19 and 8B-11-18, dated October, 1958), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.*

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That this approval and adoption of said survey constitute and are deemed as instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the relocation, construction, reconstruction, or improvement of the highway along and over this survey. This approval and adoption shall also constitute authority for the Legal and Right of Way Department to proceed promptly with acquisition of the necessary rights of way pursuant to the normal and approved method for construction of a complete access controlled highway.

EXHIBIT "J-3" (Cont)

4. That heretofore this Commission by resolution dated November 3, 1948, designated the said Columbia River Highway as a "Throughway" within the meaning and purpose of ORS 374.005 through ORS 374.095, commonly known as the "Throughway Law", and, for the reasons stated therein, it is hereby directed that the construction of the above-mentioned state highway section shall be accomplished pursuant to and within the meaning and scope of said law and said resolution.

5. That this resolution be entered in the minutes and records of the Commission as of the 28th day of January, 1960, as Survey Resolution No. 205.

---

* FOOTNOTE:

EXHIBIT "K-1"

Minutes of January 28 and 29, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Lost Creek-Camp Creek Unit, Post-Paulina Section of the Paulina Highway; and

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Lost Creek-Camp Creek Unit, Post-Paulina Section of the Paulina Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That the above said section of highway is being widened, relocated and improved as a land service road and the Commission will grant accesses at such reasonable and safe locations as may be agreed upon between the owners and the Commission for any portions of said highway which is subject to ORS 374.405.

EXHIBIT "K-1" (Cont.)

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Lost Creek-Camp Creek Unit, Post-Paulina Section of the said Paulina Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of January, 1960, as Condemnation Resolution No. 1242.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1242, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "K-2"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Deep Canyon-Deschutes River Unit, Sisters-Deschutes River Section of the McKenzie Highway; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served; even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property

described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Deep Canyon-Deschutes River Unit, Sisters-Deschutes River Section of the McKenzie Highway will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Deep Canyon-Deschutes River Unit, Sisters-Deschutes River Section of the McKenzie Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said relocated McKenzie Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically stated. The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are noted as to each parcel, or parcels, no part of the width of which was acquired prior to May 12, 1951.

3. That the relocation, construction, improvement and maintenance of the said Deep Canyon-Deschutes River Unit, Sisters- Deschutes River Section of the said McKenzie Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and

EXHIBIT "K-2" (Cont.)

prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; and upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of January, 1960, as Condemnation Resolution No. 1118-a.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1118-a, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "K-3"

Minutes of January 28 and 29, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the North Portland Harbor-North Russell Street Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, relocated in part, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the

EXHIBIT "K-3" (Cont.)

owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said North Portland Harbor-North Russell Street Section of the said Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said widened and relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said North Portland Harbor-North Russell Street Section of the said Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "K-3" (Cont.)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of January, 1960, as Condemnation Resolution No. 1243.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1243, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "K-4"

Minutes of January 28 and 29, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, the said Commission is required to designate, locate, relocate, construct and maintain in the State of Oregon a system of highways, including all necessary bridges and culverts; and,

WHEREAS, for the purpose of constructing and maintaining highways of the state highway system, the Commission plans and proposes to acquire certain real property for the acquisition of roadbuilding materials for use in connection with the construction and maintenance of highways of the state highway system; and,

WHEREAS, said Commission is authorized to take fee simple title to said real property.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement and betterment and maintenance of highways of the state highway system, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interest therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, is more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "K-4" (Cont.)

2. That the highway facilities for which the said parcel of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein; that upon the filing of such proceeding possession of said parcel of real property may be taken immediately.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 28th day of January, 1960, as Condemnation Resolution No. 1244.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1244, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "K-5"

Minutes of January 28 and 29, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be required, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title

EXHIBIT "K-5" (Cont.)

to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of January, 1960, as Condemnation Resolution No. 1232-a.

---

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1232-a, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "K-6"

Minutes of January 28 and 29, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Myers Creek-Brookings Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not needed for the highway proper; and

EXHIBIT "K-6" (Cont.)

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Myers Creek-Brookings Section of the said Oregon Coast Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Oregon Coast Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.

3. That the relocation, construction, improvement and maintenance of the said Myers Creek-Brookings Section of the said Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be

EXHIBIT "K-8"

(Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, or donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the State Highway Commission necessary for the preservation of scenic places and other objects of attraction or scenic value adjacent to or along, or in close proximity to, state highways, or which may be conveniently reached from or by a public highway; and the Highway Commission is also authorized and empowered to acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds, or resorts, forest or timbered areas, or other places of attraction and scenic value which, in the judgment of the Commission, are necessary for the convenience of the public and which will contribute to the general welfare and pleasure of the motoring public or road users; and

WHEREAS, the Cape Sebastian State Park has been established by and is under the jurisdiction and control of the State Highway Commission; and

WHEREAS, the State Highway Commission plans and proposes to enlarge, develop, and maintain the Cape Sebastian State Park for public park and recreational purposes and for the convenience of the public and general welfare and pleasure of the motoring public using the highways of the State of Oregon and for such purposes and in connection therewith the real property hereinafter described is necessary;

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street, quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the

EXHIBIT "K-8" (Cont.)

State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Hunter Creek-Myers Creek Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and the public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for public park and recreational purposes for use in the enlargement, development and maintenance of the Cape Sebastian State Park; and does further find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Hunter Creek-Myers Creek Section of the Oregon Coast Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required,

and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Oregon Coast Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Hunter Creek-Myers Creek Section of the Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; and that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of January, 1960, as Condemnation Resolution No. 1246.

EXHIBIT "K-8" (Cont.)

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1246, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

Minutes of January 28 and 29, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the State Highway Commission necessary for the preservation of scenic places and other objects of attraction or scenic value adjacent to, along, or in close proximity to state highways, or which may be conveniently reached from or by a public highway; and the Highway Commission is also authorized and empowered to acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds, resorts, forest or timbered areas, or other places of attraction and scenic value which, in the judgment of the Commission, are necessary for the convenience of the public and which will contribute to the general welfare and pleasure of the motoring public or road users; and

WHEREAS, the Smith Rock State Park has been established by and is under the jurisdiction and control of the State Highway Commission; and

WHEREAS, the State Highway Commission plans and proposes to enlarge, develop and maintain the Smith Rock State Park for public park and recreational purposes, for the convenience of the public, for the general welfare and pleasure of the motoring public using the highways of the State of Oregon, and for such purposes and in connection therewith the real property hereinafter described is necessary;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for public park and recreational purposes for use in the enlargement, development and maintenance of the Smith Rock State Park fee simple title to certain parcels of real property. The said parcels of real property needed and required, and the specific use to be made thereof are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That the real property hereinafter described, and the park and recreational purposes for which it is being acquired, is necessary for the convenience of the public and will contribute to the general welfare and pleasure of the motoring public or road user.

EXHIBIT "K-9" (Cont.)

3. That the park and recreational facilities for which the real property hereinafter described is required and is being taken have been planned, designed, located, and will be constructed, developed and maintained in a manner which, in the opinion of the Commission, will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein, that upon the filing of such proceeding, possession of said parcel of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 28th day of January, 1960, as Condemnation Resolution No. 1247.

---

* FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1247, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "K-10"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, or donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the State Highway Commission necessary for the preservation of scenic places and other objects of attraction or scenic value adjacent to or along, or in close proximity to, state highways, or which may be conveniently reached from or by a public highway; and the Highway Commission is also authorized and empowered to acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds, or resorts, forest or timbered areas, or other places of attraction and scenic value which, in the judgment of the Commission, are necessary for the convenience of the public and which will contribute to the general welfare and pleasure of the motoring public or road users; and

WHEREAS, the State Highway Commission plans and proposes to develop and maintain a state park for public park and recreational purposes and for the convenience of the public and general welfare and pleasure of the motoring public using the highways of the State of Oregon, and for such purposes and in connection therewith, the real property hereinafter described is necessary.

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power

EXHIBIT "K-10" (Cont.)

of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and the public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for public park and recreational purposes for use in the development and maintenance of a state park; and does further find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the said Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the

attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.*

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the said Pacific Highway and the highway facilities for which each of the said parcels of real property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; and that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 29th day of January, 1960, as Condemnation Resolution No. 1240-a.

EXHIBIT "K-10" (Cont.)

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1240-a, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L"

Minutes of January 28 and 29, 1960

RESOLUTION

WHEREAS, Josephine County has urged that a resolution be adopted by the Highway Commission naming and designating a section of the existing Redwood Highway, State Primary Highway No. 25, as hereinafter described and as shown colored in red on the map attached hereto, marked Exhibit "A", and by this reference made a part hereof, as the Redwood Avenue Section; and *

WHEREAS, it appears that the description of the above-mentioned section as Redwood Avenue will facilitate the completion of a presently active county road renumbering project without the necessity of future revision when said section is bypassed by a relocated section of said highway as shown by a broken line on the attached Exhibit "A". *

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the existing section of the Redwood Highway, State Primary Highway No. 25, described as follows and colored in red on the attached Exhibit "A", is hereby designated and hereafter shall be known as the Redwood Avenue Section of the Redwood Highway: *

> Beginning at the intersection of the existing Redwood Highway with the relocated Redwood Highway, in the vicinity of Fairgrounds Road, approximately 0.75 miles Westerly of the Redwood Highway junction with the existing Rogue River Highway, said beginning point being in the SW$\frac{1}{4}$ of Section 19, T. 36S, R 5W, W.M.; thence Westerly through Section 19. T. 36S, R. 5W, W.M. and Sections 24, 23, 22, 21, 28, 29, 32, and 5., T. 36S, R. 6W, W.M., along the route of the existing Redwood Highway, approximately 5.54 miles to its intersection with Helm Road in the NE$\frac{1}{4}$ of the NE$\frac{1}{4}$ of Section 31, T. 36S, R.6W, W.M., said intersection being adjacent to the Helm Road connection to the existing Redwood Highway approximately 0.69 miles Northeasterly of the Applegate River. All of the above being in Josephine County, Oregon.

2. That this resolution be entered in the minutes and records of the Commission this 28th day of January, 1960, as Primary Highway Designation Resolution No. 31, and a true copy thereof filed with the Secretary of State.

---

* FOOTNOTE

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, said resolution being File No. 31, under the heading "Primary Highway Designation" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

Salem, Oregon
February 25, 1960

The Oregon State Highway Commission met in special session at 12:05 p.m. in the Conference Dining Room in the basement of the State Capitol Building. The following persons were present:

K. N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
L. I. Lindas, Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Floyd Query, Secretary

The Chief Counsel presented a map showing the Harry L. White and Elizabeth P. White property, File No. R-27321, on the Grants Pass-Rock Point Section of the Pacific Highway in Jackson County. He recalled that at the previous Commission meeting authority had been granted to negotiate for acquisition of Parcel 2 and Parcel 3 as shown on the map, but no authority had been granted for condemnation of these parcels which lie to the north of the railroad track. He also recalled that it had been pointed out at the last Commission meeting that if the contractor who holds an option on the Frances White property uses it for a source of road-building material, the property probably would be rendered very unsightly and act as a detriment to adjoining property being acquired for park purposes. He explained that if Parcels 2 and 3 are acquired, they can be used as a source of material, thereby relieving the need for use of material from the Frances White property. He requested the Commission to declare by resolution the necessity of acquiring Parcels 2 and 3 of the Harry L. White property for the special uses to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owner of said properties as to price, and in the event of disagreement, to proceed to acquire such properties by condemnation. After careful consideration the Commission granted authority to condemn the properties if negotiations are not successful, and thereupon adopted the attached resolution relative thereto, marked Exhibit "A", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

In connection with the damage claim of A. M. Cronin and Susan Cronin vs. the State Highway Commission, the Chief Counsel requested that authority be granted for Mr. Frank I. Towle, Engineering Investigator, to travel out of state to Gonzaga University at Spokane and to the University of Washington at Seattle for the purpose of interviewing prospective witnesses for use at time of trial. The Commission approved the out-of-state travel at an estimated cost of $93.15.

Settlement of a condemnation case, File No. R-28212, with Shell Oil Company for property located on the East Bank Freeway Section of the

Pacific Highway in Multnomah County also was presented by the Chief Counsel. He explained that an offer had been made in the amount of $44,200 for the property. The Company has now agreed to settle for the sum of $44,200, with the proviso that they be allowed to retain the structure and certain fixtures. An independent appraisal indicates that the property is worth $45,875 without structure and fixtures. He estimated the remaining salvage value would be approximately $1,100. Upon his favorable recommendation, the Commission approved the settlement.

The Engineer requested authority for Mr. F. B. Crandall, Traffic Engineer, to attend a meeting of the National Joint Committee on Uniform Traffic Control Devices in Chicago, Illinois, March 9 and 10 at an estimated cost of $230. The Commission approved the out-of-state travel.

A "Relinquishment of Title" to B. A. Martin and Nettie Martin, for a parcel of land along the Oregon Coast Highway in Curry County (File No. R-27528), in Section 3, Township 40 South, Range 14 West, W.M., was presented by the Chief Counsel. The conveyance, he explained, is being made because of an erroneous description of the land in a prior conveyance. The Commission approved the "Relinquishment of Title".

The Engineer commented that the City of Portland has appointed a committee to study the Stadium Freeway plan in the western part of Portland and they are to report to the City. A group of downtown businessmen in Portland, he added, have indicated that they wish to appear before the Commission at its April meeting.

The Commission signed papers, and, there being no further business to conduct, the meeting was adjourned at 12:50 p.m.

EXHIBIT "A"

Minutes of the Special Meeting

of the

OREGON STATE HIGHWAY COMMISSION

held on

February 25, 1960

EXHIBIT "A"

Minutes of February 25, 1960

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, or donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the State Highway Commission necessary for the preservation of scenic places and other objects of attraction or scenic value adjacent to or along, or in close proximity to, state highways, or which may be conveniently reached from or by a public highway; and the Highway Commission is also authorized and empowered to acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds, or resorts, forest or timbered areas, or other places of attraction and scenic value which, in the judgment of the Commission, are necessary for the convenience of the public and which will contribute to the general welfare and pleasure of the motoring public or road users; and

WHEREAS, the State Highway Commission plans and proposes to develop and maintain a state park for public park and recreational purposes and for the convenience of the public and general welfare and pleasure of the motoring public using the highways of the State of Oregon, and for such purposes and in connection therewith, the real property hereinafter described is necessary.

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power

EXHIBIT "A" (Cont.)

of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and the public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for public park and recreational purposes for use in the development and maintenance of a state park; and does further find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the said Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the

EXHIBIT "A" (Cont.)

attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the said Pacific Highway and the highway facilities for which each of the said parcels of real property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; and that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 25th day of February, 1960 as Condemnation Resolution No. 1240-b.

EXHIBIT "A" (Cont.)

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1240-b, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

Salem, Oregon
March 10, 1960

The Oregon State Highway Commission met in regular session at 10 a.m. in the Conference Room of the State Highway Building in Salem. Present were:

M. K. McIver, Chairman
K. N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
G. E. Rohde, Assistant Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Gene Huntley, Director of Personnel and Public Relations
Floyd Query, Secretary

The Commission approved the minutes of the meeting held on January 28 and 29, 1960.

The State Parks Superintendent reported on the following park matters:

Supplemental Agreement with the U. S. Army Engineers covering use of two areas of government land on Fern Ridge Lake, eleven miles west of Eugene: The original agreement, the Parks Superintendent explained, was entered into on September 5, 1951. The modifications, he continued, consist principally in the elimination from the original agreement of an area outside of the use area; the elimination of control of the surface of the lake; the addition of a paragraph deleting the fissionable material clause; and the addition of a paragraph prohibiting discrimination against a person because of race, color, religion, or national origin. None of these changes, he stated, are objectionable, and he recommended the approval of the modified agreement. The Commission accepted his recommendation.

Sale of blow-down timber in Cape Lookout State Park: The Parks Superintendent stated that a considerable amount of timber had been blown down on adjoining U. S. Forest property and on about 15 acres of State Park land. To salvage timber on the park property it is necessary to transport it through the National Forest property. The Forest Service has sold its portion of the down timber at a price of $18 MBF for Sitka spruce and $10 MBF for western hemlock and other species. He recommended that the blow-down timber be offered at public sale with the minimum price being the same as that received by the Forest Service for its timber. The Commission authorized the sale.

Additional use area for Cape Meares Lighthouse State Park, Tillamook County: A proposed lease agreement was presented by the Parks Superintendent whereby the State could lease from the U. S. Coast Guard for a period of 20 years an additional area without cost. The proposed area is needed for development of the park, which development he estimated would cost approximately $3,500. He pointed out that although there is a revocable clause in this agreement in favor of the Federal Government, the possibility of the Government exercising this clause is very remote. Upon his favorable recommendation, the Commission approved the lease with the understanding that it contain a provision allowing the State to renew the lease if desired at the end of 20 years.

Amendment No. 9 to Agreement with Central Lincoln Peoples' Utility District of Newport for additional power line construction at Jessie M. Honeyman State Park: The additional construction, the Parks Superintendent stated, is necessary to provide 3-phase power for the larger motors used for sewage disposal. The amendment provides an increase of $150 annually to the minimum bill, making a total minimum of $1,673.80. However, the bill for power used in 1959 was approximately $2,100. Following his favorable recommendation, the Commission approved the amendment.

Progress report on replacement of The Cove Palisades State Park facilities because of construction of Round Butte Dam: The Parks Superintendent stated that the Portland General Electric Company is willing to enter into some kind of agreement for studies of possible park replacement areas. It was his feeling that the studies should be made by the State Parks Department. The Company is willing to pay for the studies and the development of plans, and has indicated that they would provide at least $3,500 for this purpose. It was his recommendation that an agreement be entered into, either a formal type agreement or by an exchange of letters. Commissioner Fridley inquired if arrangements could be made so that plantings necessary for beautification of the park area could be made at an early date. The Parks Superintendent replied that he was relatively sure that such an arrangement could be made. Chairman McIver inquired if the proposed relocated park area would be designed to accommodate more people than the old area, to which the Parks Superintendent replied affirmatively. The Commission accepted his report and recommendation.

Request of the State Parks Advisory Committee to name an area at Owyhee Lake Park in honor of the late V. W. McCormack, former member of the Committee: The Parks Advisory Committee at a meeting on February 5, the Parks Superintendent stated, had recommended that a portion of the park near Cherry Creek be named the "V. W. McCormack Area of the Owyhee Lake Park". It is intended only to name a portion of the park for Mr. McCormack, and he so recommended. He also recommended that formal action be taken to designate the park as "Owyhee Lake State Park". The Commission approved his recommendations and thereupon adopted the attached resolution relative thereto, marked Exhibit "L", which

resolution by this reference is made a part hereof with like effect as though extended in full herein.

Recommendation of State Parks Advisory Committee for a replacement for Mr. V. W. McCormack, deceased: The Parks Superintendent mentioned the names of several prominent persons who live in Eastern Oregon. The Commission deferred action for study. (Later in the day, the Commission announced that from among the names presented, Mr. C. H. Reynolds of La Grande had been contacted and that he had agreed to serve as a member of the Parks Advisory Committee.

The Right of Way Engineer presented for consideration options, Pages 1 through 42, inclusive, secured for acquisition of real property that is needed for state highway right of way or for other purposes. After giving careful consideration to the individual options as presented, the Commission approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto, marked Exhibit "A", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Upon inquiry by Chairman McIver the Right of Way Engineer outlined the status of right of way acquisition on the East Bank Freeway Section and the Minnesota Section of the Pacific Highway in Portland.

The Property Manager's report concerning sales of miscellaneous properties and changes in rental status since the last Commission meeting was presented by the Right of Way Engineer. Miscellaneous sales during that period amounted to $32,029.50 and rental receipts for February, 1960, amounted to $5,573.30. The Commission accepted the report.

Authorization was requested by the Right of Way Engineer to sell several parcels of property which are no longer required for highway purposes. Each parcel of property, he stated, has been carefully appraised to determine its current value, and access has been allowed or denied in accord with departmental policy prevailing in the area in which the property is located. The Commission authorized public sale of the following parcels of property and thereupon adopted the attached resolutions relative thereto, marked Exhibits "B-1" through "B-6", which resolutions by this reference are made a part hereof with like effect as though extended in full herein:

(a) 16,875 square feet of land from the former Larsen property, File No. 8787, on the Eugene Section of the Pacific Highway in Lane County, for a minimum consideration of $10,000, without sign restrictions and without access to the highway. See Exhibit "B-1".

(b) 0.5 acre of land of the former Phelps property, File No. 21110, on the Vale-Cairo Junction Section, Central Oregon Highway in Malheur County, for a minimum consideration of $3,000 and without access to the relocated Central Oregon Highway. See Exhibit "B-2".

(c) 5.05 acres of land from the former Pilot Butte Quarry Site, File No. 30455 (Q-203) on the Pilot Butte Park Section of the Central Oregon Highway in Deschutes County, for a minimum consideration of $1,000, without title insurance and with no assurance of a water right. See Exhibit "B-3".

(d) 0.56 acre of land from the former Brown property, File No. 5882, on the Albany Section of the Albany-Junction City Highway in Linn County, for a minimum consideration of $19,850. The State is to replace a drainage ditch which now crosses the property. Two points of access 30 feet in width and unrestricted as to use are to be allowed. See Exhibit "B-4".

(e) 4.85 acres of the former White City Lumber Company property, File No. 10516, on the Eagle Point-Medford Section of the Crater Lake Highway in Jackson County, for a minimum consideration of $5,000. Four points of access to the Crater Lake Highway are to be allowed, 40 feet in width, and unrestricted as to use. This action is to confirm telephonic approval made by Chairman McIver February 29, 1960. See Exhibit "B-5".

(f) 0.1 acre of land from the former Fransen property, File No. 17452, on the Rowena-The Dalles Section of the Columbia River Highway in Wasco County, for a minimum consideration of $435 with access to the frontage road only. The advertising sign restriction is to be imposed.

(g) 0.45 acre of land from the former Autry property, File No. 23291, on the Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway in Josephine County, for a minimum consideration of $250 and without access to the Pacific Highway. The advertising sign restriction is to be imposed.

(h) 0.25 acre from the former Lynch property, File No. 23848, on the Hillsboro One-way Street Section of the Tualatin Valley Highway in Washington County, for a minimum consideration of $5,000, and without access to the Tualatin Valley Highway. See Exhibit "B-6".

Direct sale to the City of Seaside of several parcels of property were presented by the Right of Way Engineer. These areas, he stated, are located on the Roosevelt Drive Section of the Oregon Coast Highway in Seaside. Some were acquired from the City at no cost, with the understanding that the remnants would be returned to them. The sale price of the other parcels is based upon appraised valuation. Upon his

favorable recommendation, the Commission approved sale to the City of Seaside of properties as follows:

File No.	Area	Proposed Sale Price
6337	38,768 square feet	None
6313	10,750 square feet	None
23372 (L-3110)	1,307 square feet	$ 300.00
27797 (L-3129)	356 square feet	142.40
13389	728 square feet	43.68

He also pointed out that there are to be no access restrictions on the property covered by File No. 23372 and that no access to the highway is to be allowed to the other properties. The sales are not to be subject to a public use clause.

Direct sale of two parcels of property no longer required for highway purposes was recommended by the Right of Way Engineer. Considerations involved, he added, have been determined by appraisal. The properties are as follows:

(1) 4.25 acres of the former Harlow property, File No. 23526, on the Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway, Lane County, to the Eugene Water and Electric Board for a consideration of $6,079.50. No access is to be allowed to the relocated Eugene-Springfield Highway and an advertising sign restriction is to be imposed. (See Exhibit "C-1".)

(2) 5,925 square feet of the former Sundbom property, File No. 10913, on the Interstate Avenue-Steel Bridge Section of the Pacific Highway West in Multnomah County, to the City of Portland for $4,740, which is the State's 40 percent equity of the appraised valuation of $11,850, with no access to the Pacific Highway West. The Right of Way Engineer explained that the property is jointly owned, the State having a 40 percent and the City of Portland a 60 percent interest, and that the property will be sold with the proviso that if the City ultimately sells it for more than $4,740, the State will recover 40 percent of any excess of the appraised value. (See Exhibit "C-2".)

The Commission approved the sales as presented and thereupon adopted the attached resolutions relative thereto, marked Exhibits "C-1" and "C-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

Sale of a 120-foot radio antenna tower at Burns to the State Board of Forestry for a sum of $100 was recommended by the Right of Way Engineer. The tower, he explained, is no longer needed for radio purposes and the Board of Forestry has agreed to dismantle and remove it within 30 days. The Commission approved the sale.

A "Consent to Assignment of Access" form was presented by the Right of Way Engineer covering assignment of a right of access on the Lookout Point Section of the Willamette Highway in Lane County. He explained that the original access right had been granted to the Corps of Engineers, U. S. Army, in 1953, under File No. 20079, and it is now desired to transfer rights in this point of access to the U. S. Forest Service for fire prevention. Upon his favorable recommendation, the Commission approved the assignment of access.

"Indentures of Access" pertaining to two parcels of property were presented by the Right of Way Engineer. These indentures, he pointed out, cover routine changes in location and are being presented for the safety of the traveling public and the convenience of the owners. No additional access is being granted. The Commission approved the following "Indentures of Access":

(a) File No. 17087, Hammel property, on the La Grande-Ladd Canyon Section of the Old Oregon Trail Highway in Union County.

(b) File No. 24230, Etter property, on the Pendleton-Pilot Rock Section of the Pendleton-John Day Highway in Umatilla County.

The Commission considered a Deed and Grant of Access conveying to the State 1.28 acres of land needed on the Depot Slough Connection of the Corvallis-Newport Highway in Lincoln County. The Right of Way Engineer pointed out that this transaction is also to confirm the actual location of the road approaches as constructed under contract in 1952. The approaches were constructed at locations other than those shown in the original transaction. Upon his favorable recommendation, the Commission approved the Deed and the Grant of Access covering the Sarah E. Nilsen property, File Nos. 18549 and 30115.

Consideration was given to a "Grant of Easement" to the Central Oregon Irrigation District for a canal located across state-owned land on the Bend-Redmond Section of The Dalles-California Highway in Deschutes County. The Right of Way Engineer explained that the location of the highway was changed in 1938 and an easement had not been provided at that time. The proposed easement is to make the occupation of right of way a matter of record and to provide legal status for the canal. The Commission approved the "Grant of Easement".

The acceptance of a Deed from the General Services Administration for a ten-foot strip of land needed to widen N. E. 122nd Avenue, east of Portland, was presented by the Right of Way Engineer. He also presented a "Relinquishment of Title" form whereby the State would transfer to Multnomah County the property transferred to the State by the General Services Administration. He explained that the General Services Administration cannot deal directly with the County and by this procedure the property can be secured for County use. Following his favorable recommendation, the Commission

approved the Deed from the General Services Administration and also approved a "Relinquishment of Title" to Multnomah County.

The Right of Way Engineer also presented a Deed from the U. S. Corps of Army Engineers transferring to the State the right of way occupied by the relocated Willamette Highway around the Dexter Re-regulating Dam. He also presented for approval a Deed quitclaiming to the Corps of Army Engineers those portions of the old Willamette Highway right of way located within the flowage easements of the Dexter project. The Commission approved the Deeds.

The Chief Counsel presented to the Commission a list of properties needed for the uses indicated therein. Right of way maps and other data were also submitted. He requested the Commission to declare by resolution the necessity of said properties for the special uses to which they are to be put and to authorize the Legal and Right of Way Division to attempt to agree with the owners of said properties as to price, and in the event of disagreement to proceed to acquire such properties by condemnation. Later in the day, immediately after lunch, the Commission granted authority to condemn the properties if negotiations are not successful and thereupon adopted the attached resolutions relative thereto, marked Exhibits "D-1" through "D-13", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

(For details concerning these properties, see the Chief Counsel's 'Recommendations for Condemnation" dated March 10 and 11, 1960, and "Supplemental Recommendation for Condemnation" dated March 10 and 11, 1960, in the Secretary's Office under the heading "Right of Way Resolutions, Condemnations, and Reports of Offers".)

Commissioner Fridley inquired if the Clackamas County Planning Commission had contacted the Highway Engineer concerning development of an industrial center north of Oregon City. The Engineer replied that representatives of the Planning Commission had discussed the matter with him on several occasions.

A written report was presented by the Chief Counsel concerning condemnation cases which have been tried in court from January 25 to March 9, 1960. He commented briefly on the following cases:

(See next page)

REPORT OF CONDEMNATION CASES TRIED

January 25, 1960 to March 9, 1960

Case	County	Highway	Section	State's Offer	Defendant's Demand	Verdic
L-3316 Vaughan, et al	Hood River	Columbia River	Cascade Locks-Viento	$ 930	$ 3,000	$ 1,10
L-3319 Gilman, et al	Jackson	Pacific	Seven Oaks-Neil Creek	30,000	40,000	36,25
L-3173 Zell, et al	Washington	Pacific West	Middleton-Rex Hill	630	2,500	1,05
L-3407 Turner, et al	Grant	John Day-Burns	Canyon City-Seneca	11,000	35,000	16,5

The Commission accepted the report. (For additional details, see the Chief Counsel's letters dated March 4 and March 9, 1960, entitled "Report of Cases Tried" in the General Files in Salem.)

A written report of cases settled out of court was also presented by the Chief Counsel, who commented briefly on some of the following cases:

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-28053 Butler, et al	Baker	Old Oregon Trail	Baker-Pleasant Valley	$ 175	$ 210 together wit allowance o access point to the existin highway which will remai a service road.
R-30197 Mullett, et ux	Benton	Pacific West	Camp Adair-Lewisburg	1,865	1,865

Report of Condemnation Cases Settled (Cont.)

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-29595 Leppin, et al	Columbia	Columbia	Goble-St. Helens	$ 2,800	$ 3,150 Owner to be allowed to remove timber and to have easement for logging roads.
Telephonic approval from Mr. McIver March 1, 1960.					
R-29467 Kelm, et al	Jackson	Pacific	Grants Pass-Rock Point	2,391	2,391
R-28961 Southern Pacific Co.	Jackson	Pacific	Grants Pass-Rock Point	136,300	150,000
Approved at January 28, 1960 Commission meeting.					
R-26888 Lewis, et ux	Josephine	Pacific	Grants Pass-Rock Point	50	50
R-25357 Elliott, et ux	Lane	Pacific	Albany-Judkins Point	7,000	7,000
R-28339 Rosen, et al	Multnomah	Pacific	East Bank Freeway	12,500	12,500
R-28207 United Grocers Inc., et al	Multnomah	Pacific	East Bank Freeway	36,000	36,000
R-27629 Fields, et al	Washington	Pacific West	Middleton-Rex Hill	350	500
R-28212 Shell Oil Company	Multnomah	Pacific	East Bank Freeway	44,200	44,200 Owner to retain and remove fixtures and equipment.

This is to confirm settlement approved at meeting February 25, 1960. Permit form to be authorized if approved.

Report of Condemnation Cases Settled (Cont.)

Case	County	Highway	Section	State's Offer	Amount of Settlement
R-28048 Rees, et al	Baker	Old Oregon Trail	Baker-Pleasant Valley	$ 2,300	$ 2,300
R-28692 Forman, et ux	Clackamas	Cascade	Lake Road-Oregon City	12,800	13,750
R-29424 Rapheal, et ux	Multnomah	Pacific	East Bank Freeway	1,170	1,170
R-27658 Darr, et al	Washington	Hillsboro-Silverton	Hillsboro-Campbell Bridge	2,200	2,600

The report was accepted by the Commission. (For additional details, see the Chief Counsel's letters dated March 4 and March 9, 1960, entitled "Report of Cases Settled" in the General Files in Salem.)

Receipt of a letter from the City Attorney of Portland dated March 8, 1960, was reported by the Chief Counsel, in which the City of Portland has served notice that it intends to seek payment from the State Highway Department for damages caused by slides occurring at the site of the new Portland Zoo, adjacent to a recently widened section of the Sunset Highway. Attached to the letter was an itemized statement in the amount of $190,205.21, plus an anticipated sum in the amount of $5,500. He reported that the case has been turned over to Mr. Charles Peterson, Chief, Trial Section. It was the feeling of the Chief Counsel that the State is not liable for the damag The Engineer recalled that prior to the construction in the zoo area, city officials had approved the plans and that a considerable amount of the work had been done at their request. The Commission instructed the Chief Counsel to take such steps as are necessary to defend the interests of the State.

Settlement of a condemnation action against Robert A. Bitar, L-3049 R-26384, involving property located on the Alberta Street Section of the Cas cade Highway in Multnomah County, was presented by the Chief Counsel. This case, he recalled, was one in which the Court had felt that an adequate verdict had not been rendered, and that Mr. Bitar should be paid $2,500 more than the verdict or else a new trial would be granted. Mr. Bitar wishes to acquire adjoining State-owned property. The Chief Counsel recommended, and Mr. Bitar agreed, that excess property consisting of 1.22 acres, File L-3051, R-26387, on the Cascade Highway at N. E. Killingsworth Avenue in Multnomah County be sold to Mr. Bitar for the appraised

value of $4,000 with no access to the Cascade Highway and its connecting legs to N. E. Killingsworth Avenue on the condition that Mr. Bitar accept the verdict and drop the motion for a new trial. The Commission approved settlement of the condemnation case and sale of the land as presented by the Chief Counsel.

A list of offers made to property owners prior to the institution of condemnation proceedings was presented by the Chief Counsel. The Commission confirmed the following offers which were made in compliance with a resolution adopted December 20, 1951:

Hoffman Bridge-Whiskey Creek Section of the Powers Highway

R-29546 - Stanley Schrag, et ux. 3.6 acres for material source. Offer of $525 approved by Mr. McIver March 7, 1960.

East Bank Freeway Section of the Pacific Highway

R-28500 - Lloyd Corporation, et al. Parcel No. 1: 38,000 square feet for right of way purposes; Parcel No. 2: 33,333 square feet for right of way purposes; and Parcel No. 3: 38,000 square feet for right of way purposes. Offers of $80,000 for Parcel No. 1, $100,000 for Parcel No. 2, and $98,000 for Parcel No. 3 all approved by Mr. McIver March 1, 1960. An amount of $456,125 was previously authorized by Mr. McIver July 28, 1959. This revision is due to a separation of taking.

R-28229 - John K. Tanaka, et al. 5,588 square feet for right of way purposes. Offer of $66,900 approved by Mr. McIver February 1, 1960.

Ferry Street Southbound Off-ramp Section of the Pacific Highway West

R-30398 - Thomas Winn, et ux. 543 square feet for right of way purposes. Offer of $3,250 approved by Mr. McIver February 15, 1960.

Grants Pass-Rock Point Section of the Pacific Highway

R-30918 - Peter Kiewit Sons' Co. Parcel No. 1: 9.4 acres for material source and Parcel No. 2: 14.3 acres for material source. Offer of $2,655 approved by Mr. Jackson March 3, 1960.

R-27321 and R-30619 - Harry L. White, et ux. Parcel No. 1: 42.1 acres for right of way purposes and Parce No. 2: 140.2 acres for park purposes. Offer of $103,810 approved by Mr. Jackson March 3, 1960. A first offer of $49,115 was previously authorized by Mr. McIver June 23, 1959. Subsequently an offer of $109,870 was approved by Mr. Jackson on February 17, 1960, due to an increase in acreage. The revised amount of $103,810 is due to a decrease in acreage.

A brief resume was presented by the Chief Counsel concerning orders issued by the Public Utility Commissioner in highway crossing matters in which the State Highway Commission has been made a party. His report is summarized as follows:

PUX 335: Signals on Monmouth Street in Independence. Southern Pacific Company is to be reimbursed for 90 percent of the costs of acquisition and installation of the signals and is to maintain them at its own expense.

PUX 345: Black Bridge private truck road crossing on the Sunset Highway in Clatsop County. The Crown Zellerbach Corporation under the order agrees to conform to requirements of the Highway Department relative to sight distance, construction of pavement on the private road on each side of the highway, and also is to bear the full cost of installation and maintenance of the crossing.

The Commission accepted the report.

A Quitclaim Deed to Edward Wasse and Ida Wasse to acquire clear title to the Wasse property on the North Portland Harbor-Russel Street Section of the Pacific Highway in Multnomah County was presented by the Chief Counsel. He explained that the quitclaim deed is to convey this property to the Wasses so an outstanding lien to bankruptcy proceedings can be wiped out. He commented that because of the urgency in executing this deed due to the bankruptcy proceedings, it had been sent to the Commission prior to the meeting and had been signed by them. Presentation at this time is to confirm the previous action. The Commission confirmed the Deed.

A written report on proposed legislation to be submitted to the Highway Interim Committee was presented by the Chief Counsel. One of the three Bills, he stated, relates to the acquiring of additional land for the relocation of utilities. This Bill amends the existing statute to enlarge the authority to acquire property for utilities where it is necessary to condemn their operating property for highway construction. The other two Bills, he continued, relate to payment of attorney fees in condemnation verdicts. One of the Bills provides that attorney fees will be paid if the landowner recovers an amount in excess of a certain percentage of the amount offered. Another Bill pertaining to the same matter provides that an attorney fee shall be paid in every case, but not to exceed the sum of $500, the Judge to have the discretion of making it less than $500. He pointed out that during 1959 the property owners recovered approximately $160,000 more than the State offered and the attorney fees paid during that period amounted to approximately $85,000. In the discussion of this matter, the percentage Bill was favored, and that 10% to 15% would be a reasonable figure. The Chief Counsel also commented that if either Bill is passed by the Legislature, it will operate to reduce the number of cases taken to court, as under

the present law attorney fees are allowed if the award is even one cent over the amount of the State's offer. The Commission instructed the Chief Counsel to submit all three of the Bills and to recommend as first choice the percentage Bill pertaining to attorney fees.

Consideration was given to a request made by the City of Gladstone for annexation into the City of a portion of the Pacific Highway East at the southerly edge of the town. The Chief Counsel reported that the request had been investigated and will do no harm to the State. Upon his favorable recommendation, the Commission approved a "Consent to Annexation" form.

The Commission also considered a request from the City of Hood River for annexation of a portion of US 30, east of Hood River, into the City of Hood River. This request has also been investigated, the Chief Counsel stated, and annexation will not be detrimental to the interests of the State Highway Department. Following his favorable recommendation, the Commission approved the "Consent to Annexation" form.

The Chief Counsel reported briefly on an accident damage case, involving Donald D. Briscoe vs. Denver-Chicago Trucking Company, Inc., and others. The first court action, he stated, was thrown out of court and the judgment given in favor of the defendants, who are employees of the State Highway Department. The case has been refiled, asking the same amount of damages, $175,000 general and $23,015.45 special damages. The matter has again been turned over to the insurance carrier who is defending it.

In the case of Elmer Hyppa vs The Grand Aerie, Fraternal Order of Eagles, and others, including the State Highway Commission and some of its employees, the Chief Counsel stated that this action was also instituted as a result of an automobile accident which occurred on the Salem By-pass Section of the Pacific Highway on February 16, 1958. Defendant Sharp apparently lost control of his vehicle while proceeding in a southerly direction on the By-pass. Defendant Rodewig stopped at the scene of the Sharp accident and when he pulled back onto the highway caused an accident to himself and Defendant Granse. Defendant Maulding, driving in a northerly direction, was also involved because of the wrecks referred to . Allegedly the highway was extremely slick. The complaint, the Chief Counsel continued, has been sent to the insurance company who acts as insurer for the Highway Department, and every effort will be made to protect the State and its representatives.

In the case of State vs. Collins, the Chief Counsel stated that Mr. Collins' surety had agreed to settle for 50 percent of the State's claim, which was made in the amount of $529.90. He explained that on August 24, 1959, a State Highway Department employee was driving a truck pulling a scoopmobile on the Redwood Highway approximately six miles west of Grants Pass. A pick-up truck operated by Mr. Collins pulled into the lane immediately in front of the Highway

employee causing him to apply his brakes suddenly and causing the scoopmobile to jackknife and swing into the opposite lane of traffic where another vehicle ran into it. The insurance company at first denied the claim on the basis of contributory negligence on the part of the Highway employee; however, after further negotiations they agreed to pay half of the claim and the Chief Counsel recommended that their offer be accepted. The Commission accepted his recommendation.

Requests from the City of Portland, the Sisters of Charity of Providence in Oregon, and Parker & Fuhrman for vacation of certain parts of streets or subdivisions was presented by the Chief Counsel. These requests, he stated, have been carefully checked and will do no harm to the interests of the State. Upon his favorable recommendation, the Commission approved the following requests for "Consent to Vacate":

(1) City of Portland for vacation of a portion of S. E. Madison Street between the harbor line and the east bank of the Willamette River and a line which in effect would be the west right of way line of the East Bank Freeway Section of the Pacific Highway.

(2) Sisters of Charity of Providence in Oregon for vacation of a portion of an alley adjacent to the west line of Lot 6, Block 1, Center Addition to Portland, lying between the north line of N. E. Irving Street and the south line of the Columbia River Highway (Banfield Expressway) in the City of Portland.

(3) Parker & Fuhrman for vacation of a part of Shaw's First Addition to Oregon City and a portion of Edison Avenue, Thompson Avenue and Houston Street, in Oregon City, Clackamas County.

Attention was given to a claim for remuneration for stumpage paid by the contractor on the Comstock-Anlauf Section of the Pacific Highway in Douglas County, Contract No. 5332. The Chief Counsel explained that the Rattlesnake Butte Quarry had been offered to the contractor and used as a material source for the project. In order to expedite his operations in use of the quarry, the contractor dealt directly with the Bureau of Land Management through the subcontractor, Roseburg Sand and Gravel Company, and paid $2,165.45 for the timber that had to be removed from the quarry site. Under the standard contract specifications, it is the obligation of the State to furnish free and clear right of way for areas provided the contractor. As this was not done, he recommended that the contractor be paid the sum of $2,165.45. He also commented that the cost to the State would not have been greater if the State had paid the Bureau of Land Management directly. The Commission approved the payment.

A list of claims was presented by the Chief Counsel upon which it has not been possible to make collection because of the responsible parties being unknown, their whereabouts unknown, or the facts in the case not warranting prosecution because of inconclusive evidence. The Commission approved abandonment of the following claims:

Claim No.	Name	Amount
CAO 59-303	Rinehard, dba Condon Motel	$149.30
CAO 58-163	K. O. Buick	74.50
CAO 58-246	Eugene R. Ceal	399.69
CAO 59-329	Albert L. and Ralph A. Seibel	291.52
CAO 57-223	John G. Koerner	51.54
CAO 58-183	Fred S. Hass	110.25
CAO 60-12	Safeway Stores, Inc.	53.70
CAO 58-240	Mr. Damon	50.00
CAO 59-158	Andrew J. Pinkham	33.00
CAO 56-299	Stephen and Gary Wood	10.00
CAO 57-207	Thomas M. Velvin	39.39
CAO 59-284	Charles F. Mumby	22.00
CAO 58-170	Frank E. Parke	172.55
CAO 59-73	R. R. Defoor	292.28
CAO 58-125	Darrell V. Jones	239.94

(For further details concerning these claims, see the Chief Counsel's two letters dated March 8, 1960, in the Highway Department's General Files in Salem.)

The Engineer discussed with the Commission bids received on various projects on March 1 and made recommendations as to award of the contracts. Action was deferred until 2 p.m.

The Engineer reported that under authority previously granted to him by the Commission, temporary construction speed zones had been established on three sections of state highways for the protection of the travelling public while construction is in progress. The Commission confirmed establishment of the following speed zones:

(1) 35 MPH on the North Unit of the Weston-Milton-Freewater Section of the Oregon-Washington Highway, between M.P. 23.38 and M. P. 23.92, and between M. P. 29.62 and M.P. 30.62, effective 4 p.m., February 1, 1960.

(2) 35 MPH on the Hood River-Shogren Section of the Columbia River Highway between M. P. 63.00 and M. P. 69.50, effective 4 p.m., February 4, 1960.

(3) 35 MPH on the Multnomah Falls-Dodson Section of the Columbia River Highway between M. P. 29.5 and M. P. 36.6, effective 9:30 a.m., March 3, 1960.

The placing of a reduced load limit on the Hood River Secondary Highway No. 281, between M. P. 5.09 and M. P. 17.28 was reported by the Engineer. The reduced load limit, allowing 11,000 pounds gross on any single axle and 20,000 pounds gross on any tandem axles, was made necessary because of freezing-thawing cycles, and the load limit was placed in effect at 8 a.m., February 10, 1960. The Commission confirmed the reduced load limit.

Because of improved road conditions the Engineer reported that reduced load limits had been removed from the following sections of state highways:

(1) Hood River Secondary Highway No. 281, from M. P. 16.63 to M. P. 17.28. Removed at 8 a.m., February 13, 1960.

(2) Hood River Secondary Highway No. 281, from M. P. 5.09 to M. P. 16.63, effective 5 p.m., February 16, 1960.

(3) Lower Klamath Highway No. 423, over the entire length of the highway. Removed at 5 p.m., February 16, 1960.

(4) Clear Lake-Belknap Springs Highway No. 215, from M. P. 12.13 to M. P. 18.78, effective 5 p.m., February 3, 1960.

The Commission confirmed removal of the reduced load limits.

The Commission gave attention to a number of letters requesting improvement on the Toledo-Siletz Section of the Siletz Secondary Highway in Lincoln County. The Engineer pointed out that for some time funds have been allocated when available for improvement of this highway to an oil standard. The heaviest traffic, about 1,600 vehicles per day, is carried at the Toledo end. From Siletz northerly the road is unoiled and carries much lighter traffic, approximately 50 vehicles per day. At Kernville the traffic averages about 500 vehicles per day. The improvement requested, he stated, would cost at least $1,000,000. The Commission instructed that the interested persons be advised that no funds are now available but the need for improvement is recognized and consideration will be given when funds are available. Commissioner Jackson inquired if there are particularly dangerous spots which might be taken care of individually. The Engineer replied that the entire section under discussion is crooked and narrow, and it would be difficult to pick out any particularly dangerous location.

Reclassification of a portion of the Sunnyside-Umapine Highway No. 332, from M. P. 5.69 to the junction of the Freewater Highway No. 339, was discussed. The Engineer stated that a test run had been made with a truck-tractor and semi-trailer combination with an overall length of 55 feet, and it was found that the vehicle could travel the highway on its own side of the center line. He recommended that this section of highway be reclassified from the status of Group II to Group I. The Commission approved the reclassification.

Consideration was given to the following items of unfinished business which appeared on the Secretary's Summary dated January 29, 1960:

(1) Request of Ontario Chamber of Commerce for an increase in maximum weight limits on bulk farm products hauled from Idaho over US 30 to the Ore-Ida Potato Plant in Ontario:

The Engineer reported that as a follow-up to a delegation's request made at the last meeting he and the Chief Counsel had gone to Ontario and made a personal inspection. It was determined that the Commission has authority to permit overweight vehicles that are legal in the state from which they have come to enter on Oregon highways for a nominal distance before reducing the loads to meet legal standards in Oregon. He presented a form of resolution allowing overweight loads to travel on Oregon highways for a maximum distance of one and one-half miles from the state line, excluding the National system of interstate and defense highways, and he recommended that the resolution be adopted. The Commission adopted the attached resolution relative thereto, marked Exhibit "E", which resolution by this reference is made a part hereof with like effect as though extended in full herein. The Commission ordered this item removed from the list of unfinished business.

In connection with this matter, Chairman McIver brought up the desirability of initiating a request to the Legislative Highway Interim Committee to procure a bill to correct the situation. The Engineer pointed out that Idaho is the only state bordering Oregon wherein higher axle weights (8,000 pounds over Oregon's legal limits) are allowed on vehicles hauling agricultural products, and a bothersome problem is created by such hauling. The Commission instructed the Engineer and the Chief Counsel to discuss the matter with the Highway Interim Committee to ascertain whether a remedial bill should be initiated by the Commission.

(2) Request of C. S. Peck for hard surfacing the Eddyville-Nashville Section of the Eddyville-Blodgett Secondary Highway:

The Engineer stated that he had nothing further to report at this time. He recalled that Mr. Peck had been informed there was no money available to improve this highway section, but the Engineer would try to work out some method to decrease or eliminate the dust nuisance. The Commission ordered the item removed from the list of unfinished business and instructed that Mr. Peck be contacted when a satisfactory solution is found for the dust nuisance.

The Engineer requested increases in project authorizations for two state highway contracts. On Contract No. 5280 for work on the Hillsboro-Campbell Bridge Section of the Hillsboro-Silverton Highway he requested an increase in the amount of $23,819.29, caused by unforeseen settlement in the grade requiring construction of two large drain ditches, and additional surfacing materials due to the fact that construction work was carried into the rainy season because of delays beyond the control of the Department.

The Engineer also requested an increase of $43,044.65, amounting to 6½ percent of the contract, on Contract No. 5200 on the East Unit, Shogren-Rowena Section of the Columbia River Highway. The overrun was caused principally by the need for additional rock material required because of subsidence in a railroad fill at Rowena Point. The second major item of overrun was the need of additional base material caused by settlement of the roadbed in the pond immediately west of Rowena Point. The Commission approved the increases as presented.

Consideration was given to a cooperative construction agreement with the City of Eugene covering construction of the off-ramp from the Ferry Street Overcrossing to Pacific Highway West in Eugene. The Engineer explained that the project had been approved by the Commission at a meeting December 12, 1958. The Commission approved the agreement.

Also considered was a cooperative agreement with the City of Eugene covering illumination of the Ferry Street Southbound Off-ramp Section of the Pacific Highway West in Eugene. Upon the Engineer's favorable recommendation, the Commission approved the agreement.

The Commission gave attention to a letter from Oscar E. Peterson, County Judge of Morrow County, requesting that work be started on the Heppner Highway from a point near Morgan and thence northwesterly to Arlington. The Engineer explained that this section is not on the state highway system but such placement has long been urged by Morrow and Gilliam Counties. The proposed routing would save considerable distance between Heppner and Arlington; however, the highway would carry probably not to exceed 100 cars per day. Although no survey has been made it was his opinion that it would cost at least $1,000,000 to construct the section. In view of these facts, he recommended that Judge Peterson be advised that there are no plans for this project and that no funds are available. The Commission approved the recommendation.

The Commission also considered a letter from the Board of County Commissioners of Clackamas County requesting improvement of the Clackamas River Road from Estacada to the Warm Springs Highway. The Engineer pointed out the route on the map, and stated that this matter had been investigated about four years ago, at which time it was determined that the project would cost approximately $9,000,000. The investigation also disclosed that the road is not a short cut over the existing Mt. Hood Highway and Warm Springs Highway

but is in fact about seven miles longer. The road is not a state highway and is not on the forest highway system although it was included in the 1959 Forest Highway Study as one that might possibly be placed on the system in the future. He also pointed out that the Commission has concurred in the allocation of substantial forest highway funds for the improvement of the existing Mt. Hood Highway and improvements have been included in the program for construction westerly from Sandy. It was his recommendation that the requested route be not placed on the state highway system but that continued improvements be made on the existing route. The Commission accepted his recommendation.

The meeting was recessed at noon and reconvened at 1:30 p.m. in the same room with the same persons present.

The Parks Superintendent discussed with the Commission the status of negotiations for the acquisition of the Sea Lion Caves on the Oregon Coast Highway in Lane County. The Commission instructed the Parks Superintendent to ask the owners of the Caves how much they want for the property.

Attention was given to an agreement with Columbia County covering construction of a Federal-aid secondary highway project on the Pittsburg-Spitzenberg Section of FAS 609 in Columbia County. The Engineer advised that this is a routine type of agreement executed whenever a construction project is undertaken on a county FAS project, and he recommended that it be approved. The Commission approved the agreement.

The Commission considered a petition signed by 1,135 persons requesting completion of Route "F" (Mapleton-Eugene Highway) in Lane County. The Engineer pointed out that considerable funds have been expended on this route in the last few years and completion is not contemplated in the present program. The Commission indicated that careful consideration would be given to the matter when the new program is formulated.

An easement and construction agreement with Oregon-Washington Railroad & Navigation Company, Malheur County and the State was presented by the Engineer. He explained that the agreement provides an easement from the Railroad Company for a grade crossing on the South Unit of the Westfall-Harper County Road. The project is on a County Federal-aid Secondary road and is being constructed by the State and turned over to the County for maintenance and operation. Following his favorable recommendation, the Commission approved the agreement.

Authority was requested by the Engineer to expend $1,200 to finish a storage room for office quarters in the State Highway Building in Salem so that arrangements can be made for space for the new positions of Administrative Assistant and Publicity Director. The Commission approved the expenditure.

Consideration was given to the construction of a grade-separated off-ramp with a sidewalk ramp to eliminate left-turn traffic movements from S. W. Harbor Drive at S. W. Oak Street in Portland. The Engineer commented that the traffic condition at this location is becoming intolerable because the left turn must be made across heavy traffic at the same level. He pointed out that daily 4,500 northbound vehicles turn left on Harbor Drive at this location across 23,500 southbound vehicles. Construction of a grade separation at this location, he stated, has long been under consideration. In Construction Program No. V, approved by the Highway Commission November 25, 1958, there is an unused reserve fund of $500,000 in urban funds allocated to Division I. He recommended that the reserve item be allocated to the construction of the grade-separated off-ramp at S. W. 1st Avenue and S. W. Ash Street (one-way eastbound), that acquisition of right of way be authorized and that a contract be awarded as soon as plans can be prepared. The Commission approved the recommendations, and thereupon adopted the attached survey resolution relative thereto, marked Exhibit "K-4", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission considered a state program of "extraordinary maintenance" during the 1960 season totalling $2,564,000 for improvements of highways that are deficient in surfacing. The Engineer explained that work is to be performed by contract on sections of highways which are adequate as to grade and alignment but deficient in surfacing. On many of these sections in years past the surface has been kept in repair by hand patching and plant patching, which in some instances has be quite expensive. It is proposed to place on certain sections a half sole o asphaltic concrete or, in some instances, an oil mat. Upon his favorabl recommendation, the Commission approved the following state construction program:

1960 STATE CONSTRUCTION PROGRAM
DIVISION I

Highway	Section	Length	Type of Work	Constructio
		PRIMARY		
Pacific West	Vermont St. - Multnomah Blvd.	1.28	Resurf. 2" AC	$ 45,000
Mt. Hood	26th St. -82nd. Ave.	3.08	Resurf. 2" AC	90,000
Sandy Boulevard	52nd St. -71st St.	1.14	Resurf. 1-1/2" AC 60'	32,000

Burns-Crane	Lawen Crane (Selected Section)	3.6	Resurf. 3" AC 20'	75,000
				$480,000

The Engineer explained further that the maintenance surfacing program has been allocated among the five divisions in the state, using the formula for allocation of regular construction.

Installation of a traffic signal at the intersection of Country Club Way on the Corvallis-Newport Highway near the west city limits of Corvallis was recommended by the Engineer. He explained that a long series of conferences have been held with school and county authorities who are very apprehensive of the danger to children crossing the highway and of the danger to school buses making left-hand turns onto Country Club Way. Investigation indicates that a grade separation is not justified at this time, but it does appear that a traffic light should be installed with provision for operation by a schoolboy patrol. The Commission authorized installation of the signal at an estimated cost of $11,000 as a state project.

Consideration was given to a request from the City Manager of Corvallis for the installation of traffic signals at the intersection of North Second and Van Buren Streets in Corvallis. This intersection, the Engineer stated, is used as the route for the Albany-Corvallis Highway and the Corvallis-Eastside Highway. An investigation disclosed that the installation of traffic signals is warranted and he recommended that fixed-time traffic signals be installed at an estimated cost of $5,000, it being understood that the City of Corvallis is to pay one half the cost of installation and furnish all power for operation and provide all maintenance. The Commission approved the installation.

At 2 p.m. the Commission announced award of contracts. On the Crook and Deschutes Counties, Redmond-Prineville Rock Production Project, the Engineer pointed out that Roy Norquist and Frank G. Baulne, Inc., had submitted identical bids of $24,500. A coin was tossed and Mr. Norquist, who was present, called "heads". The coin turned up "tails" and the contract was awarded to Frank G. Baulne, Inc. The awards are as follows:

BIDS RECEIVED IN SALEM ON MARCH 1, 1960

"Grading on the Baker-Pleasant Valley Section of the Old Oregon Trail Highway in Baker County. The Commission awarded the contract to the low bidder, Keystone Construction Co., Inc., Prineville, at $1,560,015.60.

"Grading and base on the North Unit, Pittsburg-Spitzenberg Section of the Pittsburg-Scappoose Road in Columbia County. The bid of Bostick and James, Eugene, in the amount of $143,433 was not acceptable as it was incomplete. The Commission elected to accept the bid of C. C. Meisel, McMinnville, next low bidder, in the sum of $148,360, and directed the State Highway Engineer to award the contract to said bidder as soon as approval of Columbia County is received and the sum of $29,700 is deposited by the County.

"Myrtle Point-Powers Rock Production Project on the Coos Bay-Roseburg and Powers Highways in Coos County. The Commission elected to accept the low bid of Dolan Construction Co., Portland, in the sum of $32,362 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Grading, oiling, and bridge construction on the West Unit, Camp Creek-Paulina Section of the Paulina Highway in Crook County. The Commission elected to accept the low bid of Stanley Wilt, Corvallis, in the sum of $264,099 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Redmond-Prineville Rock Production Project on the Ochoco Highway in Crook and Deschutes Counties. The Commission awarded the contract to Frank G. Baulne, Inc., Yardley, Washington, at $24,500, on the flip of a coin.

"Harris Beach State Park Overnight Camping Extension in Curry County. The Commission awarded the contract to the low bidder, Fairy Creek Rock, Brookings, at $39,929.50.

"Brothers-Gap Ranch Rock Production Project on Central Oregon Highway in Deschutes, Lake and Harney Counties. Project withdrawn prior to bid opening.

"Burns-Buchanan Rock Production Project on Central Oregon Highway in Harney County. The Commission awarded the contract to the low bidder, Cartwright Construction Co., Durkee, at $33,300.

"Grading and structures on Evans Creek-Homestead Section of the Pacific Highway in Jackson County. The Commission elected to accept the low bid of Roy L. Houck Sons' Corp., Salem, in the sum of $714,392.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Grading and structures on Homestead-Rock Point Section of the Pacific Highway in Jackson County. The Commission awarded the contract to the low bidder, Roy L. Houck Sons' Corp., Salem, at $783,219.63.

"Madras Rock Production Project on four highways near Madras, Jefferson County. The Commission awarded the contract to the low bidder, Frank G. Baulne, Inc., Yardley, Washington, at $25,500.

"Rogue River-Park Street Unit, Redwood Highway Junction Section Roadside Improvement Project, Josephine County. The Commission awarded the contract to the low bidder, J. C. Denton & Sons, Inc., Portland, at $7,853.65.

"Waters Creek-California State Line Rock Production Project on the Redwood and Oregon Caves Highways in Josephine County. The Commission awarded the contract to the low bidder, M. C. Lininger and Sons, Medford, at $27,825.

"Wolf Creek-Grants Pass Rock Production Project on the Pacific Highway in Josephine County. The Commission awarded the contract to the low bidder, M. C. Lininger and Sons, Medford, at $22,800.

"Klamath Falls-Malin Highway Rock Production Project in Klamath County. The Commission awarded the contract to the low bidder, Asphalt Paving Co., Klamath Falls, at $33,500.

"Structure, Grading, Paving, Landscaping, Signs and Illumination on the Ferry Street, Southbound Off-ramp at Eugene, Lane County. The Commission awarded the contract to the low bidder, Hannan Bros. Co., Portland, at $230,091.43.

"Paving on the Pioneer Mountain Section of the Corvallis-Newport Highway in Lincoln County. The Commission awarded the contract to the low bidder, The Umpqua River Navigation Co., Reedsport, at $244,538.10.

"Sweet Home-Toll Creek Rock Production Project on Santiam Highway, Linn County. The Commission awarded the contract to the low bidder, Albany Sand and Gravel Co., Albany, at $27,000.

"Salem By-pass (Hayesville-Battle Creek) Illumination Installation on Pacific Highway in Marion County. The bid of Steeck Electric Company, Medford, in the amount of $13,750 was not acceptable as there was an error in the bid. The Commission awarded the contract to the next low bidder, Electric Corp., Salem, at $31,675.

"Salem By-pass (Hayesville-Battle Creek) Sign Installation on Pacific Highway, Marion County. The Commission awarded the contract to the low bidder, Snook Brothers, Corvallis, at $79,010.

"Paving and signing on Lancaster Drive-Sublimity Gun Club Section of the North Santiam Highway in Marion County. The Commission awarded the contract to the low bidder, Warren Northwest, Inc., Portland, at $786,976.

"Mill City-Linn County Line Rock Production Project on the North Santiam Highway in Marion County. The Commission awarded the contract to the low bidder, Dolan Construction Co., Portland, at $30,145.

"Interstate Bridge-Oregon Slough Roadside Improvement Project, Multnomah County. The Commission awarded the contract to the low bidder, Solomon Aichele, Portland, at $18,377.25.

"Grading and paving connections on the 82nd Ave. and Hassalo St. Connections to Columbia River Highway (Banfield Freeway), Multnomah County. The Commission elected to accept the low bid of Warren Northwest, Inc., Portland, in the amount of $59,403 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Corbett Interchange. Undercrossing structure, grading, paving, and signing on Columbia River Highway in Multnomah County. The Commission awarded the contract to the low bidder, Gibbons & Reed Co., Portland, at $313,815.

"Nye Jct.-Grant County Line Rock Production Project on Pendleton-John Day Highway in Umatilla County. The Commission awarded the contract to the low bidder, Cartwright Construction Co., Durkee, at $45,080.

"Grading, Paving and Illumination on the N. E. 5th Ave. Channelization Project in Milton-Freewater, Umatilla County. The Commission awarded the contract to the low bidder, Russell Olson Construction Co., Inc., Pendleton, at $20,968.

"Wallowa Lake State Park Overnight Camping Extension, Wallowa County. The Commission awarded the contract to the low bidder, Bechtel Bros., La Grande, at $41,772.60.

The Commission considered the following request for an extension of time within which to complete the contract:

> General Construction Company, Contract No. 5518, for construction of toll collection facility on the Interstate Bridge in Portland, requested an extension of 25 days within which to complete the contract without assessment of liquidated damages.

The Commission approved the extension of time as requested. Action taken by the State Highway Commission upon the extension of time listed above was based upon the recommendation of the Engineer and his report, which considered but did not necessarily adopt any of the reasons given by the contractor in his request for extension of time. (For details, see the contractor's request and the Engineer's recommendation filed in the contract mentioned in the Secretary's office in Salem.)

The Engineer reported that contract numbers 5022, 5025, 5077, 5214, 5266, 5318, 5329, 5343, 5369, 5518, 5531, and 5535 for highway construction have been completed in accordance with the requirements of the contracts or modifications thereof and that said contracts are now ready for acceptance by the Commission. After due consideration the Commission accepted the contracts by adopting the attached resolution relative thereto, marked Exhibit "F", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer requested the Commission to approve the survey for the Columbia River Highway through the City of The Dalles and grant authority to acquire right of way after an agreement is signed by the City. He recalled briefly that this project had been the subject of a formal hearing and numerous engineering conferences have been held. The Commission approved the route identified as The Dalles By-pass Section of the Columbia River Highway in Wasco County, and granted authority to acquire right of way by adopting the attached survey resolution relative thereto, marked Exhibit "K-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Attention was given to a request from the City of Milton-Freewater for channelization of the intersection of the Oregon-Washington Highway and Main Street in Milton-Freewater. The Engineer explained that the intersection mentioned forms a wye and is complicated by Third Street entering the highway at the same point. The improvement, he continued, would be principally for the benefit of city traffic and the City was requested to contribute half of the total cost, which is estimated at $1,700. The accident record is not bad and in view of the fact that the City declined to participate in the cost, he recommended that no action be taken. The Commission accepted his recommendation.

The Engineer reported that location surveys have been completed on two sections of state highways for improvement of these sections. Careful engineering consideration, he stated, has been given so that each of the proposed surveys will provide the greatest benefit for the travelling public commensurate with the cost involved. Regarding the Cummings Pass-Fossil Section of the John Day Highway, he pointed out that a public hearing was held in Fossil on March 3, 1960, and there was no opposition to the route from the County or City. Upon his favorable recommendation, the Commission approved the following surveys by adopting the attached resolution relative thereto, marked Exhibit "K-3", which resolution by this reference is made a part hereof with like effect as though extended in full herein:

Cummings Pass-Fossil Section of the John Day Highway in Wheeler County. See Exhibit "K-3".

Rhinehart-Elgin Section of the Wallowa Lake Highway in Union County. See Exhibit "K-3".

The Engineer also presented a survey for the Sumpter-McEwen Section of the Sumpter Valley Highway in Baker County. He stated that in connection with this survey a delegation is scheduled to appear before the Commission on the following day. The Commission deferred action pending appearance of the delegation.

A contract agreement with the Corps of Engineers, U. S. Army Engineer District, Walla Walla, Washington, was presented by the Engineer concerning two temporary detours required by construction of the John Day Lock and Dam on the Columbia River. The agreement has been checked and found satisfactory, and he recommended that it be approved. The Commission approved the agreement.

The Commission also considered a request from the City of Corvallis for State participation in the cost of widening a narrow section of Third Street between the center line of "B" Street and the center line of Tyler Street. This section of highway, the Engineer stated, acts as the northbound couplet of the Pacific Highway West in Corvallis. An estimate made by the City of Corvallis indicates that the work would cost approximately $54,600, which they propose to be paid one third ($18,200) by the State Highway Commission, one third by the City of Corvallis, and one third by abutting property owners. The project has merit, and in view of the contributions offered by the City and the abutting owners he recommended that the State participate as outlined, perform the engineering, and supervise the construction. The Commission approved the proposal as outlined.

The Engineer recommended that the contract provision be waived which provides for withholding 10 percent of all money earned by General Construction Company on State Highway Contract No. 5205, for reconstruction of the Interstate Bridge across the Columbia River between Portland and Vancouver. The Engineer pointed out that the

contractor had been delayed 86 days because of strikes and except for this delay the painting would have been completed in the fall of 1959 and the final payment could have been made in January of this year. As the amount of money withheld is large ($292,702.82) and as the delay in completion of the contract was not the contractor's fault, he recommended that the withholding be paid immediately, providing the contractor executes an additional bond in the amount of the withholding, thereby guaranteeing completion of the work and fulfillment of all the terms of the contract. The Commission accepted his recommendation.

Consideration was given to a proposal submitted by the Engineer for certain revisions in the per diem, transfer, and minimum wage allowances for State maintenance crews. He explained that certain inequities have existed in the past between maintenance employees and other employees and to correct these he recommended that a per diem allowance of $5 per day for each calendar day be allowed maintenance employees assigned to temporary headquarters when the temporary headquarters are more than 100 miles from permanent headquarters, the per diem allowance to remain $5 per workday when the distance is less than 100 miles. He also recommended that a seasonal transfer allowance of 10 days per diem be established for maintenance employees to apply to those cases where a regular employee is transferred at the State's request to a short term or seasonal assignment after which he is expected to transfer back to his regular position. The Engineer also recommended that a minimum wage allowance of $1 per day authorized in 1939 be increased to $2 per day to apply at both permanent and temporary headquarters for maintenance employees who actually report for work and stand by until work is started or they are dismissed because no work can be performed that day on account of rain, breakdown, shortage of material, et cetera. The total cost of the revisions he estimated would not be more than $5,000 per year and their adoption would improve the morale of the maintenance crews and aid in the securing of adequate personnel for temporary assignment. The Commission approved his recommendations. (For additional details see the Engineer's letter dated March 8, 1960, to the State Highway Commission, in the General Files in Salem.)

Proposals for construction of three projects in Linn County and two projects in Wallowa County under the County FAS road program were presented by the Engineer. The estimated cost of these projects, he stated, is $164,000 and Linn County has requested cancellation of one $50,000 project in Linn County previously approved. The County proposes to perform this project with County forces. These projects have been investigated and are eligible for construction under the Secondary Road Program on County Roads. Following his favorable recommendation, the Commission approved the following projects:

(See next page)

County	FAS Hwy. No.	Section and Description	Programed Amount	FAS Fund
Linn	214	Hamilton Creek Bridge (Supplements funds approved 1/28/60.)	$ 17,000	'61
	770	Butte Creek Bridge.	15,000	'61
	771	Calapooya River Bridge.	22,000	'61
		Subtotal, Linn County . . .	$ 54,000

Projects Proposed 3/3/60	- -	114,000	114,00
UNPROGRAMED BALANCE	$ --	$1,726,000	$1,726,00

The Commission considered a petition signed by 26 people requesting that certain traffic control measures be taken on the Corvallis-Eastside Highway in the vicinity of its intersection with Peoria Road east of Corvallis. The Engineer stated that an investigation had been made and the facts which were disclosed indicated that a reduced speed zone should be established. He recommended the establishment of a 25 mile-per-hour speed zone on the Corvallis-Eastside Highway from the ea city limits of Corvallis to a point 0.16 mile east of the east city limits of Corvallis, and establishment of a 50 mile-per-hour speed zone from a point 0.16 mile east of the east city limits of Corvallis to a point 0.19 mile east of the road to Peoria. The Commission accepted his recommendation and thereupon adopted the attached resolution relative thereto

marked Exhibit "G-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer reported that on October 26, 1950 a 40 mile-per-hour speed zone had been established on the Pacific Highway No. 1 between M. P. 254.46 (241.95) and M. P. 255.02 (242.51) in the town of Wolf Creek. This action was taken prior to the establishing of 20 mile-per-hour school crossing exceptions. He recommended that this action of October 26, 1950 be amended to provide for a 20 mile-per-hour speed zone during the hours of school crossings between M. P. 242.03 and M. P. 242.24. The Commission accepted his recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "G-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer also mentioned that on December 30, 1946 and June 28, 1949 action had been taken to establish 35 mile-per-hour speed zones on what was then the Pacific Highway north of Roseburg. Subsequently, the section in question has been renamed the Oakland-Shady Highway. An increase in roadside culture makes it desirable to extend the speed zone and he recommended that the previous speed zones be rescinded and that a 35 mile-per-hour speed zone be established on the Oakland-Shady Highway between a point 0.10 mile north of Housley Street and the north city limits of Roseburg. The Commission approved the recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit "G-3", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

On April 13, 1951, the Engineer reported, action had been taken to establish 25 and 40 mile-per-hour speed zones on the Monmouth - Independence Highway between Monmouth and Independence. Also on May 28, 1959 action was taken to provide a 20 mile-per-hour school zone exception near the Central High School. In view of a recent reinvestigation of this section, he recommended that the actions of April 13, 1951 and May 28, 1959 be amended so as to establish a 40 mile-per-hour speed zone between the east city limits of Monmouth and the west city limits of Independence, except that between a point 150 feet west of Talmadge Road and a point 100 feet west of Gun Club Road the indicated speed shall be 20 miles per hour during the hours of school crossings. His recommendation was approved by the Commission who thereupon adopted the attached resolution relative thereto, marked Exhibit "G-4", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer recalled that at the September, 1959, Commission meeting the Commission had extended the Richardson-Eugene Highway to Mapleton. So that the name of the highway will provide a better description, he recommended that the name be changed from the Richardson-Eugene Secondary Highway to the Mapleton-Eugene Secondary Highway. The Commission approved the change in name by adopting

the attached resolution relative thereto, marked Exhibit "H", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

At the request of Mrs. Edna Plowman, Secretary of the Mapleton Community Guild, the Engineer stated that a traffic engineering investigation had been conducted concerning traffic hazards on the Mapleton-Eugene Highway in the community of Mapleton. The investigation disclosed that shoulder parking along the highway in this section restricts sight distance for drivers who wish to enter the highway from side roads. He recommended that shoulder parking be prohibited on both sides of the highway between M.P. 0.15 and M. P. 0.28, M.P. 0.0 being the junction of the Mapleton-Eugene Highway with the Siuslaw Highway in Mapleton. The Commission approved the recommendation and thereupon adopted the attached resolution relative thereto, marked Exhibit 'I-1', which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission considered a request from the Superintendent of Schools for the prohibition of parking on the Crater Lake Highway in front of the Prospect School. An investigation was conducted, the Engineer stated, which indicated that parking should be prohibited to improve sight distance at the school crosswalk and as an aid to the local fire department in case of fire at the school. The Commission approved his recommendation that parking be prohibited on the westerly side of the Crater Lake Highway between M. P. 44.63 and M. P. 44.66, and thereupon adopted the attached resolution relative thereto, marked Exhibit "I-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Attention was also given to a request made by the State Police for correction of traffic hazards caused by shoulder parking on the Pacific Highway West near the southerly edge of Dundee. This matter was investigated, the Engineer stated, and it was found that a considerable number of vehicles park on the shoulders because of an auction building nearby. Off-highway parking has been provided by the auction people for approximately 75 vehicles. As shoulder parking on the highway restricts maneuver room for vehicles on the highway and generates pedestrian traffic across the highway, he recommended that shoulder parking be prohibited on both sides of the Pacific Highway West between a point 0.18 mile south of Hess Creek (M.P. 26.71) and a point 0.43 mile south of Hess Creek (M.P. 26.96). The Commission accepted the recommendation by adopting the attached resolution relative thereto, marked Exhibit "I-3", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Out-of-state travel authorizations were requested by the Engineer and approved by the Commission for the following personnel:

(see next page)

(1) Gene Huntley, Director of Personnel and Public Relations, to attend session of the Western States Public Works and Highway Personnel Directors Conference at Phoenix, Arizona, April 13 through 15, 1960, at an estimated cost of $220.39.

(2) Clayton Anderson, Recreation Director, to attend Conference of Northwest District of the National Recreation Association at Ketchum, Idaho, April 11 to 14, 1960, at an estimated cost of $133.

(3) W. C. Williams, State Highway Engineer, and Lloyd Shaw, Urban Engineer, to attend Special Urban Planning Seminar sponsored by the American Association of State Highway Officials in Berkeley, California, April 11 through 13, 1960, at an estimated cost of $130 each.

(4) W. F. Lieske, Radio Engineer, to attend Regional Meeting of the WASHO Committee on the Use of Radio in Highway Departments in Sacramento, California, April 19 through 21, 1960, at an estimated cost of $120.

(5) F. B. Crandall, Traffic Engineer, to attend National Joint Committee on Uniform Traffic Control Devices in Chicago, Illinois, March 10 through 12, 1960, at an estimated cost of $230.

The authorization for F. B. Crandall, Traffic Engineer, was a confirmation of prior telephonic approval.

Sale of a 140-foot steel truss span to Umatilla County for the sum of $6,300 was discussed. The Engineer stated that in reconstruction west of La Grande in Union County this span had been removed and retired from service. The bridge was built in 1922 with a roadbed width of 17 feet 2 inches. Umatilla County has offered to purchase it at a price which is approximately five cents per pound for the steel, and he recommended that it be sold to them inasmuch as Union County has indicated that it does not want the span. The Commission approved the sale to Umatilla County.

Consideration was given to a supplemental agreement with the City of Portland concerning a connection to the interchange ramp near 92nd Avenue in Portland on the 42nd Ave.-92nd Ave. Section of the Columbia River Highway (Banfield Expressway). The Engineer stated that the project makes connections to city streets serving the shopping center at N. E. 102nd Avenue and Halsey Street in Portland. Upon his favorable recommendation, the Commission approved the agreement.

The Commission also considered an agreement with the City of Pendleton concerning protection of the City's water line where it will be crossed by the Umatilla-Mission Secondary Highway. The terms of the agreement, the Engineer stated, are in accord with previous

conferences with the City officials, and he recommended that it be approved. The Commission approved the agreement.

Abandonment resolutions covering several old sections of state highways which have been replaced by reconstructed sections were presented by the Engineer. He explained that in each instance the formal abandonment resolution has been preceded by an agreement with the County involved, in which disposal of the old sections had been mutually agreed upon. As the reconstructed sections have been completed and are now open to public travel, he recommended that the following abandonment resolutions be adopted:

(1) Goble-Tide Creek Section of the Columbia River Highway, Columbia County. See Exhibit "J-1".

(2) Hunter Creek-Buena Vista Wayside Section of the Oregon Coast Highway, Curry County. See Exhibit "J-2".

(3) The Dalles-Eightmile Creek Section of The Dalles-California Highway, Wasco County. See Exhibit "J-3".

(4) Deep Canyon-Deschutes River Section of McKenzie Highway, Deschutes County. See Exhibit "J-4".

The Commission approved his recommendation by adopting the attached resolutions relative thereto, marked Exhibits "J-1" through "J-4", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

The Commission considered an agreement with Southern Pacific Company which would allow the State to enter upon property owned jointly by the Union Pacific Railroad Company and the Southern Pacific Company in the East Portland yards for the purpose of test drilling in connection with construction of the East Bank Freeway Section of the Pacific Highway in Portland. Following the Engineer's favorable recommendation, the Commission approved the agreement.

The Commission approved the Secretary's report on papers signed on behalf of the Commission during the period January 25 through March 4, 1960.

The next regular Commission meeting date was confirmed for Thursday and Friday, April 21 and 22, 1960, in the State Highway Building in Salem. A tentative date for the next following meeting was set for Thursday and Friday, June 2 and 3, 1960.

The Commission discussed among themselves the attendance of one or more of the Commissioners at future bid openings. Commissioner Jackson stated that he would attend the bid openings in Salem scheduled for March 29 and May 31, 1960. Commissioner Fridley stated that he would attend the bid opening on April 19, and Chairman McIver stated that he would attend the bid opening on May 10, 1960.

Chairman McIver brought up the matter of a hearing regarding establishment of highway routings in West Portland concerning which the Highway Department had published the Stadium Freeway report. Property owners, he stated, are disturbed, and he instructed that arrangements be made to hold a public hearing as soon as possible.

The Engineer presented for consideration an agreement with the Oregon-Washington Railroad and Navigation Company (Union Pacific Railroad Company, lessee) concerning the Corbett Overcrossing project on the Columbia River Highway in Multnomah County. The Engineer explained briefly that the agreement grants to the State certain easements to encroach upon railroad property. The Commission approved the agreement following favorable recommendation by the Engineer.

Also considered was a letter agreement with the Union Pacific Railroad Company granting to the State the right to enter upon Railroad Company right of way between N. E. Irving and N. E. Davis Streets in Portland. The Engineer explained that the agreement is necessary for the purpose of making churn drill foundation explorations for the East Bank Freeway structures on the Pacific Highway in Portland. The Commission approved the agreement.

Attention was given to an agreement with Menasha Wooden Ware Corporation concerning an access road connection to the Oregon Coast Highway at Haynes Inlet, North Bend. The Engineer recalled that at the Commission meeting in November, 1959, the Commission had agreed to participate in an amount not to exceed $43,750 inchannelization facilities on US 101 in connection with the access. The agreement places in written form the understanding reached at the November meeting, and the Engineer recommended that it be approved. The Commission approved the agreement.

The Commission discussed with the Engineer matters to be presented by delegations on the following day. No action, however, was taken at this time pending appearance of the delegations.

The status of projects for future bid lettings was discussed, and the Engineer and the Right of Way Engineer outlined briefly the status concerning plans and right of way.

The Commission signed a number of agreements and other papers, following which Chairman McIver declared the meeting adjourned at 3:50 p.m., to be reconvened on the following day at 9:45 a.m.

Salem, Oregon
March 11, 1960

The Oregon State Highway Commission reconvened at 9:45 a.m. in Room 418, State Highway Building. The following persons were present:

M. K. McIver, Chairman
K. N. Fridley, Commissioner
Glenn L. Jackson, Commissioner
W. C. Williams, State Highway Engineer
Forrest Cooper, Deputy State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
P. M. Stephenson, Assistant State Highway Engineer
L. I. Lindas, Chief Counsel
G. E. Rohde, Assistant Chief Counsel
Walter T. Wright, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
Gene Huntley, Director of Personnel and Public Relations
Floyd Query, Secretary

The Planning Commission of Philomath appeared before the Commission regarding the route of the Corvallis-Newport Highway in or east of the City of Philomath in connection with subdivision or development of two areas east and south of Philomath. Milo Askay, Chairman of the Philomath Planning Commission, acted as spokesman and introduced the following members: R. A. Morgan and Jack Flegal, both from Philomath. Mr. Askay stated that their appearance today concerns the development of a subdivision at the east city limits of Philomath on the south side of present Highway US 20 which appears to be in the route of plans developed for highway construction. He displayed a map of the area involved and pointed out the location of the proposed 60-lot subdivision and the proposed highway. Before the Planning Commission can give their approval to the subdivision they would like to know, and as soon as possible, where the highway is actually going to be located as they do not wish to approve the subdivision development and thereby create a stumbling block to the highway construction. However, should the proposed highway route not be located in this area, he added, the Planning Commission would then be guilty of an injustice to the property owners if they refused to allow the subdivision to proceed. On a direct line eastward from South Street in Philomath, he advised, a second subdivision is contemplated on the south slope of the hill between Philomath and Corvallis, and the Planning Commission also desires any available information as to plans for a highway in this vicinity. Chairman McIver thanked the delegation for bringing this matter to the Commission's attention. He advised the group that the Commission will consider their request and the Highway Engineer will contact them regarding the Commission's plans for highway construction in their area.

Mr. Bill C. Catlin, Corvallis, Secretary of Benton County Highway Committee and Manager of the Benton County Chamber of Commerce, acted as spokesman for a delegation that appeared before the Commission regarding several matters pertaining to highway construction in Benton County. Appearing with Mr. Catlin were: John Porter, City Manager of Corvallis; Emil Larkin, Benton County Judge; and C. R. Hoyt, State Legislator; all from Corvallis. Mr. Catlin introduced the members of his group and stated that they wished to present the plans they feel are desirable for the development of Benton County in the next five-year construction program. Holding the number one priority on their list, he continued, is (1) the Alsea Mountain Project on ORE 34 which project they would like included in the next five-year construction program. They are also requesting the Commission to consider (2) inclusion of the First Street Project from Mary's River, or "C" Street, to the overpass where 3rd and 4th Streets join north of Corvallis. Another request is (3) that consideration be given to some improvement onthe first ten-mile section of US 99W south of Corvallis. This is a hazardous stretch of highway, he pointed out, particularly during the winter months because it is narrow with dangerous shoulders. The Benton County Highway Committee, he stated, also wishes to go on record as endorsing (4) the request of the Philomath Planning Commission regarding the location of US 20 in or near Philomath. Mr. Porter spoke on behalf of the First Street Project, pointing out that the City of Corvallis has acquired all of the remaining property necessary to build the highway north of Mary's River to connect with the present US 99W immediately north of the city, and emphasized that the City has no intention of requesting in the foreseeable future the extension of this road south of Mary's River. The State and City, he continued, have purchased all of the right of way, an investment of about $300,000, for the extension of the First Street Project, which project when completed will bypass the through traffic on US 99W around the business center and will connect with the project now under construction that will carry traffic on US 20 westward from Corvallis to a point a mile beyond the city limits. They are especially anxious, he added, that the First Street Project be scheduled within the next five-year construction program because certain planning and development in the city are being held up until the exact highway location is known. Chairman McIver thanked the delegation for bringing these matters to the Commission's attention and told them that the Commission has spent considerable time considering their request. The Engineer, he continued, will advise them shortly of the construction program in relation to the projects they requested. The Engineer pointed out that at the previous day's session the Commission approved an allocation for the improvement of about an 8.3-mile section on the Pacific Highway West, south of Corvallis. Mr. Porter expressed their appreciation for this improvement.

Members of the Albany Chamber of Commerce appeared before the Commission regarding improvement of approaches to the present Willamette River Bridge, particularly on the westerly side, to accommodate real property development in that area. Mr. Cliff Knodell, Director of the Chamber of Commerce, introduced the

following members of his group: Hal Byer, Manager of the Chamber of Commerce; Bill Bollman, City Manager; W. L. Fitzpatrick, Mayor; E. B. Bennett, President of the Chamber of Commerce; and Harold Arnett, Director of the Chamber of Commerce, all from Albany. Mr. Knodell told of the many commercial and residential developments now under way and contemplated in the North Albany area and of the bottle-neck at the bridge due to increased traffic, especially at peak periods when traffic is backed up a mile on the north side of the bridge and three blocks in Albany proper. They have exhausted all available means to regulate this traffic, he continued, and have come to the conclusion that the only solution is construction of a new bridge with one-way traffic on each bridge. Mr. Byer quoted figures relating to the military and civilian personnel assigned to the Adair Air Force Base and the additional personnel who will be assigned to the Base by July 1 when Bomarc missiles become operational. Transportation problems, he added, will be created by Base personnel and their families who will be residing in Albany and commuting to the Base. A new golf course, he pointed out, is to be opened in North Albany which will also increase the traffic flow. It is their opinion that a second bridge is necessary for orderly development in that area. Mr. Bollman displayed a map showing the arterial street plan of Albany and explained traffic movements over the Willamette River Bridge from the various streets. He recited the traffic count of automobiles travelling over this bridge, pointing out that about one third of the traffic crosses the bridge during a four-hour period of the day. Highway 20, he added, entering the city from the north is a high-speed road and a problem is created by traffic which must slow down at the bridge. Two fire districts in North Albany, he added, are protecting approximately two and one half million dollars of assessed property valuation and the fire trucks have encountered difficulties while crossing against the heavy highway traffic. Although the Highway Department has suggested a remedial solution for the fire trucks, they feel that this will not solve their problem because the bridge is causing much of the difficulty. Chairman McIver thanked the group for their presentation and advised them that the Commission and the Engineers are studying this problem and will continue to study it.

The Rogue Wonderland Association appeared before the Commission regarding improvement of ORE 62, Crater Lake Highway, particularly in the Cascade Gorge. The following comprised the delegation: Richard G. Eastin, President of the Association, and Leo Hoag, member, both from Prospect; and Paul Doe and Steve Wilson, both from Medford and representing the Southern Oregon Tree Farm Association. Mr. Eastin, who was spokesman for the group, introduced the members of his delegation. Mr. Eastin pointed out that the Crater Lake Highway is one of the major entrances to Crater Lake National Park and a main artery for the Rogue River National Forest which is one of the most important sources of timber for southern Oregon industry. He expressed the opinion that ORE 62 should be better able to accommodate tourist travel from US 99 to Crater Lake Park. During the next season, which covers a period of four months, he estimated that some 23,000 trucks will use Highway 62 to transport

$3,500,000 worth of timber. He pointed out that although it is impractical at the present time to realign the complete highway because of the Water Resources Development Program in the Rogue River Valley involving dams adjacent to the highway, nevertheless there are three points which if corrected would greatly improve travelling over this highway. To illustrate their request, Mr. Hoag showed colored slides, pointing out the three curves in need of improvement between Trail and Cascade Gorge, and the number of accidents that have occurred on this section. He told of the hazards encountered by traffic because of the lack of shoulders, the rocks on the edge of the highway, the narrowness of the highway, the deep ditches, and particularly the difficulties experienced by vehicles when meeting loaded trucks on the curves. At places, he continued, the pavement edge is only 8 feet 8 inches from the yellow line, while the trucks are 8 feet wide. Mr. Eastin stated that repairs made with the hot-patch method appear to be the best for their needs. He mentioned the chuck holes on the curves that are dangerous to both tourist traffic and logging trucks, and asked that the road be widened at the points shown in the slides. He requested that a continuous yearly program be initiated to include cutting back on the corners and the filling in of the shoulders and the outside edges. It was his thought that the cost of such improvement would be amortized before any dam is constructed which would affect the highway. Nearly every organization in the Valley, he added, including civic clubs, school districts, chambers of commerce, the County Court, and the Forest and National Park Superintendents have endorsed this proposal. Comparison of traffic counts on US 97 and ORE 62 at the height of the tourist season, he added, are practically identical. Mr. Wilson, who appeared on behalf of the Southern Oregon Conservation and Tree Farm Association representing 72 milling and logging industries in Jackson and Josephine Counties, stated that the Association is quite concerned because there has been very little improvement on this portion of ORE 62. He also mentioned the large number of automobiles and trucks that use this highway during the tourist season, and he told of the concern voiced by the school districts because school buses must travel over the highway. He concluded by urging that consideration be given to the improvement of the highway as soon as possible. Chairman McIver thanked the group for bringing this matter to the Commission's attention and assured them that the Commission will give consideration to their request.

Mr. Brooks Hawley, Sumpter, appeared before the Commission to urge the advantages of reconstructing the Sumpter Valley Highway in the dredge tailings near Sumpter. Mr. Hawley displayed an aerial photo of the dredge tailings where he would like to have the Sumpter Valley Highway located. It was his thought that it would be cheaper to place the highway in that location rather than rebuilding it along the present route. He pointed out that the old Sumpter Valley Railroad and a crossroad which are located in the tailings have a solid base. There is a movement, he continued, to make a cut-off from Sumpter to Whitney, which is the middle section of the contract that will soon be let by the State. Eventually, he added, a road will be constructed from the Sumpter Valley Highway over Huckleberry Mountain toward

John Day, and he expressed the opinion that if the Sumpter Valley Highway is located in the dredge tailings it will make a better lead-off for the John Day road. Chairman McIver thanked Mr. Hawley for bringing this matter to the Commission's attention.

The Engineer presented to the Commission an agreement with the U. S. Army Engineers covering bank protection work on the Willamette River at Dixon Creek adjoining the Albany-Corvallis Highway (US 20) in Benton County. He explained that on April 16, 1959 the Commission approved entering into an agreement with the Army Engineers covering this bank protection project on the basis that the Army Engineers pay 75 percent of the cost and the State 25 percent, the State's contribution amounting to $22,500. This agreement has now been prepared and is ready for signature. Upon his favorable recommendation, the Commission signed the agreement.

A delegation from Umatilla County appeared before the Commission regarding improvement of Van Sycle Road in Umatilla County. The group was comprised of the following: D. R. Cook, County Judge; Cecil Stanton and Frank Hayes, County Commissioners; and S. E. Brogoitti, farmer, Oregon-Washington Gateway Association, all from Umatilla; Raymond Rees and Conrad Tucker, both from Helix; and James H. Maloney, Adams, all from the Oregon-Washington Gateway Association. Also appearing was Mr. Arthur Lorenzen, Umatilla, President of the Port of Umatilla Commission, regarding improvements to US 395 near Umatilla. Judge Cook acted as spokesman for the delegation and introduced the group. He stated that several questions he had intended to ask the Commission have been satisfactorily answered by the engineering staff; however, he wished to request the Commission to do some widening work on US 395 which will enable trucks to travel over that route. Mr. Lorenzen advised that he was particularly concerned about the section of US 395 between Holdman and the Athena cutoff where at the present time load restrictions prohibit semi-trailers in excess of 50 feet in length from travelling over this highway. The Port of Umatilla, he continued, has recently awarded a contract for construction of a dock, and they feel that there will be an immense potential for industrial development in the area, primarily for the movement of wheat, as well as a vast potential for recreational development. It is their desire, he added, to divert some of the California tourists that travel through the State enroute to Washington and Canada. Mr. Rees, who spoke in behalf of the Oregon-Washington Gateway Association, requested that either Umatilla County or the State Highway Commission get together with Walla Walla County, Washington, or the Washington State Highway Commission on a joint survey of the proposed Van Sycle Road between Helix, Oregon and Wallula, Washington. Walla Walla County, he advised, has informed them that the County is willing to survey this road to the Oregon state line as soon as the survey is started in Oregon. He presented a letter from the County Engineer of Walla Walla County outlining this proposal, together with letters from various organizations and chambers of commerce advising of their endorsement of this project. The construction of the Van Sycle

Road would reduce the shipping cost of products to the central Washington area, including the pulp mill at Wallula, Washington. Athena, Milton-Freewater and Weston, he added, would also benefit by the road since it would be more economical to deliver products to those areas because of the shorter haul. Due to the expanded highway program through the central part of Washington, he commented, the Tollgate recreational area will probably lose much of its patronage from the people of the Tri-cities area--Pasco, Kennewick and Richland, Washington; however, if the Van Sycle Road is constructed the mileage will be reduced 25 to 30 miles which will be an attraction to these people to use Oregon recreational facilities. There would be the added incentive, he pointed out, for people of the surrounding area to use the transcontinental airline from Pendleton. Mr. Maloney endorsed the remarks made by Mr. Rees, pointing out that there would be considerable savings in the transportation of wheat, and the Tollgate recreational facilities would be greatly enhanced as well as the promotion of traffic between the Tri-cities area and the area in and above Weston. He expressed the opinion that it would be very appropriate for the State of Oregon to cooperate with Washington in the survey of the Van Sycle Road. Mr. Brogoitti complimented the Commission upon their selection of Mr. Charles H. Reynolds of La Grande to replace Mr. V. W. McCormack as a member of the State Parks Advisory Committee. Since the traffic in the area at the north end of Umatilla County, he stated, has no direct access roads to the north and must travel west or south to leave the county, it almost doubles the distance between the bend of the Columbia River and Umatilla. It was his thought that if the distance could be shortened, there might be a reduction in freight rates which would greatly benefit the farmers. He requested that an actual cost survey be made in cooperation with the State of Washington so it can be determined the exact amount of money needed to complete the project. Judge Cook stated that the County is not objecting to the road and can cooperate on a survey to determine the cost of the Van Sycle Road. The County, however, does not have sufficient funds to build the type of road that is needed and will have to have help if the road is built. Chairman McIver thanked the delegation for their presentation. He advised them that the Commission is cognizant of their needs and that the Engineers will keep in touch with the County officials on these matters.

The Chief Counsel brought to the Commission's attention a proposed settlement with the City of Cascade Locks, File R-27487, for property for the Cascade Locks By-pass Section of the Columbia River Highway. He explained that the State had negotiated with the City for the purchase of the city dump; however, in the deed sent to the City three parcels of land were included The City objected to this, stating that they were of the opinion that the State was negotiating only for the city dump and requested an additional $125 for the other two parcels of land. The City, he recalled,had originally demanded $15,000 for the property while the State's offer was $3,500. He recommended approval of the additional $125 which would make a total settlement of $3,625 for the three parcels. The Commission approved his recommendation.

In answer to Commissioner Fridley's request for the status of negotiations with the City of Cascade Locks covering the relocation of its power lines, the Chief Counsel advised that it will be necessary for the State to sue the City to recover the cost of moving the poles since the State was forced to move these poles when the City refused to do it.

In the case of the State vs. Duncan, File L-3166, R-28187, for acquisition of property on the Elkton-Kellogg Section of the Elkton-Sutherlin Highway, the Chief Counsel advised the Commission that on November 5, 1959 Mr. Duncan was granted a farm crossing at a given station. An argument arose as to who was to build the approaches to this crossing--Mr. Duncan or the State. Mr. Duncan has now offered to build the approaches if he is granted an access in place of the farm crossing. The Chief Counsel stated that no objections have been made to this access, and he recommended that the Commission accept Mr. Duncan's offer to build the approaches and grant him an access 25 feet in width on the east and west sides of the highway unrestricted as to use at Station 110+00. The Commission accepted his recommendation.

The Chief Counsel brought up the matter of the Southern Pacific Company and one of its subsidiaries, Pacific Motor Trucking Company, qualifying as self insurers. Under the statutes covering excess loads, height, size and weight, he explained, the Commission has adopted a resolution requiring all persons to furnish a bond to indemnify the State and the public when a permit is issued. The Southern Pacific Company and the Pacific Motor Trucking Company have now qualified with the Department of Motor Vehicles as self insurers and have requested that they be relieved from the obligation of furnishing a bond. Upon his favorable recommendation, the Commission approved the request.

An increase in salary for Mr. Richard C. Bemis, attorney in the Legal Divsion, was requested by the Chief Counsel. He advised that Mr. Bemis is now trying cases on his own and is doing a very good job. In order to make his salary commensurate with salaries of the other trial attorneys, he recommended that Mr. Bemis' salary be increased $25 per month, subject to the approval of the Attorney General. The Commission approved his recommendation.

The Commission again discussed with the Engineer the proposed survey of the Sumpter Valley Highway near Sumpter. Consideration was given to the views presented earlier in the day by Mr. Brooks Hawley. The Engineer stated that careful attention had been given to location of the highway in the tailings area, but because of the increased cost and the lack of benefits to the travelling public in that area, he agai recommended that the improvement be made on the existing highway. The Commission accepted his recommendation and thereupon adopted

the attached resolution relative thereto, marked Exhibit "K-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

There being no further business to come before the Commission, Chairman McIver declared the meeting adjourned at 11:30 a.m.

State Highway Engineer

Commissioner

EXHIBITS "A" through "L"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

March 10 and 11, 1960

EXHIBIT "A"

Minutes of March 10 and 11, 1960

RESOLUTION

WHEREAS, in connection with the future improvement of the highways herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the properties which are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, are those properties shown in the right of way resolution, dated March 10, 1960, pages 1 through 42, as presented by the Right of Way Engineer and approved by the Highway Commission on March 10, 1960 and by this reference said right of way resolution of March 10, 1960 is made a part hereof with like effect as though extended in full herein. That the several options or bases of settlement therein enumerated be, and the same hereby are approved and accepted and that the Chief Counsel for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission.

EXHIBIT "B-1"

Minutes of March 10 and 11, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Eugene Section of the Pacific Highway described as follows:

Lots 12 through 17, inclusive, and the West 15 feet of Lot 18, Block 3, West-Moreland Addition to Eugene, Lane County, Oregon, containing 16,875 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $10,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 250 be entered in the minutes and records of the Commission as of the 10th day of March, 1960.

EXHIBIT "B-2"

Minutes of March 10 and 11, 1960

R E S O L U T I O N

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Vale-Cairo Junction Section of the Central Oregon Highway described as follows:

A parcel of land lying in Lots 1, 2, 3, 6 and 7 of Block 16, Northwest Townsite First Addition to the City of Vale situated in Section 19, Township 18 South, Range 45 East, W.M., Malheur County, Oregon, the said parcel being described as follows:

Beginning at the Southwest Corner of said Lot 6; thence North along the West line of said Lots 6 and 7, a distance of 63 feet, more or less, to a line which is parallel to and 40 feet Southerly of the center line of the Central Oregon Highway as said Highway has been relocated; thence Easterly along said parallel line 265 feet, more or less, to the East line of said Lot 1; thence South along the East line of said Lots 1, 2, and 3, a distance of 115 feet, more or less, to the Southeast Corner of said Lot 3; thence West along the South lines of said Lots 3 and 6, a distance of 255 feet to the place of beginning.

Said relocated center line is described as follows: Beginning at Engineer's center line Station 880+65.88, said Station being 284 feet North and 40 feet West of the Southeast Corner of said Section 19; thence on a spiral curve left (the long chord of which bears South 89° 07' 10" West) 400 feet; thence on a 2864.79 foot radius curve left (the long chord of which bears South 73° 50' 10" West) 1261.66 feet to Station 864+04.22.

Except that portion lying within an alley running North and South through said Block 16.

The parcel of land to which this description applies contains 0.5 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $3,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

EXHIBIT "B-2" (Cont.)

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between said real property and the right of way of the relocated Central Oregon Highway.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 251 be entered in the minutes and records of the Commission as of the 10th day of March, 1960.

EXHIBIT "B-3"

Minutes of March 10, and 11, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Pilot Butte Section of the Central Oregon Highway described as follows:

A parcel of land lying in the NW¼NW¼ of Section 34, Township 17 South, Range 12 East, W.M., Deschutes County, Oregon, the said parcel being described as follows:

Beginning at the Northeast corner of said NW¼NW¼; thence West along the North line of said NW¼NW¼, a distance of 330 feet; thence South, parallel to the East line of said NW¼NW¼, a distance of 660 feet; thence Southeasterly in a straight line 465 feet, more or less, to a point on the East line of said NW¼-NW¼, said point being 990 feet South of the place of beginning; thence North along said East line 990 feet to the point of beginning.

Except therefrom a canal known as Lateral A-2 Central Oregon Canal together with a roadway running along the Westerly side of said canal.

Also except that portion lying in Neff Road.

(Note: 5.05 acres lie outside of canal and roadway right of way and 1.2 acre lies within said right of way.)

The parcel of land to which this description applies contains 5.05 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 252 be entered in the minutes and records of the Commission as of the 10th day of March, 1960.

EXHIBIT "B-4"

Minutes of March 10 and 11, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highwa Commission, is the owner of the parcel of land in the Albany Section of the Albany-Junction City Highway described as follows:

A parcel of land lying in the Anderson Cox DLC #49, also lying in Section 5, Township 11 South, Range 3 West, W.M., Linn County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 149, Page 581 of Linn County Records of Deeds; the said parcel being described as follows:

Beginning at the Southwest corner of Lot 10, Waverly Fruit Farm, Township 11 South, Range 3 West, W. M.; thence South 1° 26' 30" East, 193.63 feet to a point opposite and 60 feet Northwesterly of Station 353+97.75 on the center line of the Albany-Junction City Highway; thence Northeasterly parallel to and 60 feet Northwesterly of said center line 245 feet, more or less, to a point opposite Station 351+50 on said center line; thence Northwesterly at right angles to said center line 72 feet, more or less, to the South line of said Lot 10; thence South 88° 28' West, along said South line 160 feet, more or less, to the point of beginning.

The parcel of land to which this description applies contains 0.56 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $19,850.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchasers, all rights of ingress and egress to, from and between the said real property and the right of way of the Albany-Junction City Highway, except two points of access, 30 feet in

EXHIBIT "B-5"

Minutes of March 10 and 11, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Eagle Point-Medford Section of the Crater Lake Highway described as follows:

A parcel of land lying in Section 20, Township 36 South, Range 1 West, W.M., Jackson County, Oregon, and being that property described in that certain deed to State of Oregon by and through its State Highway Commission, recorded in Book 366, Page 143 of Jackson County Records of Deeds; the said parcel being a strip of land 70 feet in width lying Westerly of and adjacent to the Westerly line of that certain 200 foot right of way as described in that Instrument to the State of Oregon recorded in Book 247, Page 272 of Jackson County Deed Records, and extending from the North line of said Section 20 to a line which is parallel to and 30 feet South of the North line of the Southwest quarter ($SW\frac{1}{4}$) of said Section 20.

The parcel of land to which this description applies contains 4,85 acres, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $5,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchasers, all rights of ingress and egress to, from and between the said real property and the right of way of the Crater Lake Highway, except four points of access shall be allowed, 40 feet in width, unrestricted as to use.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 254 be entered in the minutes and records of the Commission as of the 10th day of March, 1960.

EXHIBIT "B-6"

Minutes of March 10 and 11, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Hillsboro One-way Street Section of the Tualatin Valley Highway described as follows:

A parcel of land lying in the N½ of Section 1, Twp. 1S, Range 3W, W.M., Washington County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon by and through its State Highway Commission, recorded in Book 375, Page 85 of Washington County Records of Deeds; the said parcel being described as follows:

Beginning on the South line of the Westbound traffic lane of the Tualatin Valley Highway at a point opposite and 30 feet Southerly of Station 20+10 on the center line of said Westbound traffic lane, said point also being the Northwest corner of that property described in that deed to Byron E. Davis and Irene Davis, recorded in Book 426, Page 263, of Washington County Deed Records; thence S 17° 33' 40" W along the Westerly line of said Davis property 132 feet, more or less, to a point which is opposite and 50 feet Northeasterly of Station 21+00 on the center line of the Eastbound traffic lane of said Tualatin Valley Highway; thence Northwesterly parallel to and 50 feet Northeasterly of the center line of said Eastbound traffic lane 85 feet, more or less, to a point opposite and 50 feet Northeasterly of Station 21+85 on the center line of said Eastbound traffic lane; thence Northeasterly on a straight line 95 feet, more or less, to a point opposite and 30 feet Southerly of Station 21+30 on the center line of said Westbound traffic lane; thence Easterly parallel to and 30 feet Southerly of the center line of said Westbound traffic lane 120 feet to the place of beginning.

The parcel of land to which this description applies contains 0.25 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $5,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

EXHIBIT "B-6" (Cont.)

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et. Seq. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, fro and between said real property and the right of way of the Tualatin Valley Highway.

AND BE IT FURTHER RESOLVED that this Real Property Reso lution No. 255 be entered in the minutes and records of the Commissio as of the 10th day of March, 1960.

EXHIBIT "C-1"

Minutes of March 10 and 11, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcels of land in the Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway described as follows:

A parcel of land lying in the A. McAlexander D.L.C. #77, and the Mahlon H. Harlow D.L.C. #57, Township 17 South, Range 3 West, W.M., Lane County, Oregon, and being a portion of that property described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded on Reel 92-56D Instrument #2394 and on Reel 98-57D Instrument #11480 of Lane County Records of Deeds; the said parcel being that portion of said State of Oregon property lying Easterly of the Westerly line of said McAlexander D.L.C. #77 and Southerly of a strip of land for a diversion floodway, the said strip of land being variable in width lying on each side of the following described line:

Beginning at Engineer's center line Station Channel 63+10, said station being 730.93 feet North and 2301.73 feet East of the Northeast corner of County Survey #171 in said Section 29; thence on a 286.48 foot radius curve right (the long chord of which bears North 70° 24' 40" East) 190 feet; thence North 89° 24' 40" East 1205.39 feet; thence on a 5729.58 foot radius curve right (the long chord of which bears South 89° 39' East) 187.78 feet; thence South 88° 42' 40" East 789.34 feet; thence on a 5729.58 foot radius curve left (the long chord of which bears South 89° 26' 05" East) 144.72 feet; thence North 89° 50' 30" East 885.20 feet; thence on a 286.48 foot radius curve right (the long chord of which bears South 56° 13' 05" East) 339.40 feet; thence South 22° 16' 40" East 148.17 feet to station 102+00.

Bearings used herein are based upon the Oregon Co-ordinate System, South Zone.

The parcel of land to which this description applies contains 0.85 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $6,079.50, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the above described real property be sold to the Eugene Water and Electric Board by a direct sale for the value of $6,079.50.

AND BE IT FURTHER RESOLVED, that this Real Property Resolution No. 256 be entered in the minutes and records of the Commission as of the 10th day of March, 1960.

EXHIBIT "C-2"

Minutes of March 10 and 11, 1960

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcels of land in the Interstate Avenue-Steel Bridge Section of the Pacific Highway described as follow

A parcel of land lying in Lots 1, 2 and 3, Block 1, McMillen's Addition to East Portland, Multnomah County, Oregon, the said parcel being described as follows:

Beginning at the most westerly corner of said Lot 1; thence southeasterly along the southwesterly lines of said Lots 1, 2 and 3 a distance of 125 feet; thence northeasterly parallel with McMillen Street a distance of 30 feet; thence northwesterly parallel with Crosby Street a distance of 125 feet to the northwesterly line of said Lot 1; thence southwesterly along said northwesterly line a distance of 30 feet to the place of beginning, containing 3,750 square feet.

A parcel of land lying in Lots 1 and 2, Block 3, McMillen's Addition to East Portland, Multnomah County, Oregon, and being a portion of that property described in those deeds to State of Oregon, by and through its State Highway Commission, recorded in Book 1214, page 480; Book 1437, page 549; and in Book 1435, page 534 of Multnomah County Records of Deeds; the said parcel being described as follows:

Beginning at the most northerly corner of said Block 3, thence South 51° 31' 15" West along the northwesterly line of said Block 3 a distance of 62 feet to the true point of beginning; thence continuing South 51° 31' 15" West along said northwesterly line a distance of 19 feet to the most westerly corner of said State of Oregon property; thence South 38° 28' 45" East along the most southwesterly line of said property a distance of 75 feet to the most southerly corner of said property; thence North 51° 31' 15" East along the southeasterly line of said property a distance of 39 feet; thence North 53° 24' 45" West 77.62 feet to the true point of beginning, containing 2175 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $11,850.00, and the Commission is desirous of selling and disposing of the State's 40% interest

EXHIBIT "C-2" (Cont)

in said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the above described real property be sold to the City of Portland by a direct sale for the sum of $4,740.00, which is the State's 40% interest in the property. The conveyance of said real property shall provide that there is reserved to the State and waived and relinquished by the purchaser, all rights of ingress and egress to, from and between the said real property and the right of way of the Pacific Highway.

AND BE IT FURTHER RESOLVED that this Real Property Resolution No. 257 be entered in the minutes and records of the Commission as of the 10th day of March, 1960.

EXHIBIT "D-1"

Minutes of March 10 and 11, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to locate, construct and maintain the Harbor Drive-Barbur Boulevard Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be located, constructed and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served,

EXHIBIT "D-1" (Cont.)

even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of locating, constructing and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the location, construction and maintenance of the said Harbor Drive-Barbur Boulevard Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner, or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted. *

3. That the location, construction and maintenance of the said Harbor Drive-Barbur Boulevard Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken, is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of

said parcels of real property as to the compensation to be paid for th taking, and in the event that no satisfactory agreement can be reached then the Chief Counsel is directed and authorized to commence and prose cute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; tha upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the Stat of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 10th day of March, 1960, as Condem nation Resolution No. 1248.

---

*FOOTNOTE:

The names of the property owners and the detailed descrip tion of the parcel of real property mentioned in this resolution, toget with map are attached to the original resolution on file in the office the State Highway Commission, Salem, being Resolution No. 1248, under the heading "Condemnation Resolutions", and said description, map and plan by this reference are made a part of this minute entry t the same extent as if copied in full herein.

EXHIBIT "D-2"

Minutes of March 10 and 11, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Elkton-Kellogg Section of the Elkton-Sutherlin Highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.405, no rights in or to any state highway, including what is known as right of access, shall accrue to any real property abutting upon any portion of any state highway constructed, relocated or reconstructed after May 12, 1951, upon right of way, no part of the width of which was acquired prior to May 12, 1951, for public use as a highway, by reason of the real property abutting upon the state highway; and

WHEREAS, under the provisions of Oregon Revised Statutes 374.410, the State Highway Commission shall, in connection with any acquisition of real property for right of way of any state highway, prescribe and define the location, width, nature and extent of any right of access that may be permitted by the Commission to pertain to real property described in Oregon Revised Statutes 374.405; and

WHEREAS, portions of the Elkton-Kellogg Section of the Elkton-Sutherlin Highway Will be constructed, relocated or reconstructed upon right of way, no part of the width of which was acquired prior to May 12, 1951.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there

EXHIBIT " D-2" (Cont.)

is needed and required, for the construction, improvement, betterment an maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Elkton-Kellogg Section of the Elkton-Sutherlin Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A" under the name of the record owner or reputed owner, and the Commission' respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that the rights of access that may be permitted pursuant to Oregon Revised Statutes 374.410 between the right of way of the said widened and relocated Elkton-Sutherlin Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property be specifically state The rights of access which shall be granted unto the respective owners, their heirs and assigns, for service of the said remaining land are not as to each parcel, or parcels, no part of the width of which was acquir prior to May 12, 1951.

3. That the widening in part, relocation in part, construct improvement and maintenance of the said Elkton-Kellogg Section of the Elkton-Sutherlin Highway and the highway facilities for which each of t said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planne designed, located, and will be constructed in a manner which will be mo compatible with the greatest public good and the least private injury c damage.

4. That the Legal and Right of Way Department is directed t attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taki and in the event that no satisfactory agreement can be reached, then th Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire titl to said parcels of real property, or interest therein; that upon the fi of such proceeding possession of said parcels of real property may be t immediately.

5. That upon the trial of any suit or action instituted to quire the said real property, or any interest therein, the Chief Counse or, in his absence, any Assistant Attorney for the State Highway Commi sion, is authorized to make such stipulation, agreement or admission a in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "D-2" (Cont.)

6. That this resolution be entered in full in the minutes and records of the Commission this 10th day of March, 1960, as Condemnation Resolution No. 987-a.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 987-a, under the heading " Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D-3"

Minutes of March 10 and 11, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property or right or interest therein, including any easement or right of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the East Bank Freeway Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required and the specific use to be made thereof, or which in the best interests of the State and the owners should be required, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full."

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted."

3. That the relocation, construction, improvement and maintenance of the said East Bank Freeway Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title

EXHIBIT "D-3"(Cont.)

to said parcels of real property, or interest therein; that upon the fil ing of such proceeding possession of said parcels of real property may b taken immediately.

5. That upon the trial of any suit or action instituted to ac quire the said real property, or any interest therein, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commis sion, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes an records of the Commission this 10th day of March, 1960, as Conde nation Resolution No. 1203-a.

"FOOTNOTE

The names of the property owners and the detailed descrip- tions of the several parcels of real property mentioned in this reso- lution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Reso lution No. 1203-a, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part o this minute entry to the same extent as if copied in full herein.

EXHIBIT "D-4"

Minutes of March 10 and 11, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of any exisiting state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is

not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improvin and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public we fare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commis sion as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenace of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the Pacific Highway, as a throughway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and r quired, and the specific use to be made thereof, or which in the best i terests of the State and the owners should be acquired, are more partic larly described in the attached list, marked Exhibit "A", under the nam of the record owner or reputed owner, and the Commission's respective f number and said Exhibit "A" is by this reference hereby adopted and mad a part hereof as completely and fully as though set forth herein in ful

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nat between the right of way of the said relocated Pacific Highway and all the contiguous real property of the respective owners remaining after t appropriation of the said real property. Where specified on the attach list marked Exhibit "A" there shall be reserved unto the respective own their heirs and assigns, for service of their respective remaining land such access reservations as are noted. *

3. That the relocation, construction, improvement and mainter ance of the said Grants Pass-Rock Point Section of the Pacific Highway and the highway facilities for which each of the said parcels of proper or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taki and in the event that no satisfactory agreement can be reached, then th Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire titl

EXHIBIT "D-4" (Cont.)

to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 10th day of March, 1960, as Condemnation Resolution No. 1151-a.

32587

EXHIBIT "D-5"

Minutes of March 10 and 11, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, or donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, deemed by the State Highway Commission necessary for the preservation of scenic places and other objects of attraction or scenic value adjacent to or along, or in close proximity to, state highways, or which may be conveniently reached from or by a public highway; and the Highway Commission is also authorized and empowered to acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds, or resorts, forest or timbered areas, or other places of attraction and scenic value which, in the judgment of the Commission, are necessary for the convenience of the public and which will contribute to the general welfare and pleasure of the motoring public or road users; and

WHEREAS, the State Highway Commission plans and proposes to develop and maintain a state park for public park and recreational purposes and for the convenience of the public and general welfare and pleasure of the motoring public using the highways of the State of Oregon, and for such purposes and in connection therewith, the real property hereinafter described is necessary.

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding material, approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the po

EXHIBIT "D-5" (Cont.)

of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Grants Pass-Rock Point Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and the public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for public park and recreational purposes for use in the development and maintenance of a state park; and does further find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the said Pacific Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the

attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A", no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.

3. That the relocation, construction, improvement and maintenance of the said Grants Pass-Rock Point Section of the said Pacific Highway and the highway facilities for which each of the said parcels of real property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; and that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 10th day of March, 1960, as Condemnation Resolution No. 1241-a.

EXHIBIT "D-5" (Cont.)

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1241-a, under the heading "Condemnation Resolutions", and said descriptions, maps and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

32591

EXHIBIT "D-6"

Minutes of March 10 and 11, 1960

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructe view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of emine domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Hig way Commission, is necessary or deemed necessary for the construction of a throughway or the establishment of any section of any existing state road or highway, as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Juntura-Horseshoe Bend Section of the Central Oregon Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened in part, reloc ated in part, constructed, improved and maintained under the provisions an within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly kno as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary t acquire any real property for use in connection with the location, relocat construction, reconstruction, improvement and maintenance of any throughwa or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State a

EXHIBIT "D-6" (Cont.)

best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled as specified.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Juntura-Horseshoe Bend Section of the Central Oregon Highway, as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A," under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That it is necessary that there shall be, where specified in the attached list marked Exhibit "A," no rights of access of any nature between the right of way of the said widened and relocated Central Oregon Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property. Where specified on the attached list marked Exhibit "A" there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted.

3. That the widening in part, relocation in part, construction, improvement and maintenance of the said Juntura-Horseshoe Bend Section of the Central Oregon Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking,

EXHIBIT "D-6" (Cont.)

and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such proceeding as may be necessary to acquire title to said parcels of real property, or interest therein; that upon the filing of such proceeding possession of said parcels of real property may be taken immediately.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in this absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 10th day of March , 1960, as Condemnation Resolution No. 1249 .

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 1249, under the heading 'Condemnation Resolutions', and said description, map and plan by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D-7"

Minutes of March 10 and 11, 1960

R E S O L U T I O N

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part, relocate in part, construct, improve and maintain the Lost Creek-Camp Creek Unit, Post-Paulina Section of the Paulina Highway; and

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening in part, relocation in part, construction, improvement and maintenance of the said Lost Creek-Camp Creek Unit, Post-Paulina Section of the Paulina Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.

2. That the above said section of highway is being widened, relocated and improved as a land service road and the Commission will grant accesses at such reasonable and safe locations as may be agreed upon between the owners and the Commission for any portions of said highway which is subject to ORS 374.405.

EXHIBIT "D-7" (Cont.)
